If you know your freezer is not going to come back on soon, the nearest frozen food plant is your best solution. Call to make sure they have room for your food. Then wrap your food in newspapers or blankets, or put in insulated boxes, and rush it to the locker plant.

If you are going away on vacation, it's a good idea to have someone check your freezer daily to make sure it is still running. If you do return home from vacation and find your freezer off and the food thawed, you may still be able to save it if the freezer has just been off a day or two. You can safely refreeze most food if it is still really cold to the touch. Partial thawing and refreezing does reduce the quality of all foods, particularly fruits, vegetables and cooked foods. If the foods still contain ice crystals or if they are still very cold (refrigerator temperature), go ahead and refreeze them.

Meats and poultry are not save to eat when they start to spoil. Look at each package and if you find an unusual smell or color, discard it. If the package has been opened, rewrap it before freezing it again. Shellfish and cooked food should be thrown away if completely thawed. If not, refreeze them.

You may refreeze fruits if the taste and smell are good. Fruits usually ferment when they start to spoil, so you can easily tell. Vegetables can be refrozen if they still have ice crystals in them. If they have completely thawed and are no

4-H Fair Champions

On August 16th, the last evening of the Kenton County Fair, twenty six overall 4-H project awards were presented. The youth and their awards are from left to right, front row: Jay Hellmann (Electric and Flowers), Shawna Coleman (English Horse), Rhonda Lipscomb (Western Horse), Joyce Waymeyer (Knitting), second row: Julie Heeger (Photography, Health, Forestry and Dairy), Loretta Hummelford (Dog), Lori Simpson (Food Preservation and Secretary Book), Gloria Kunkel (Field Crops), third row: David Loesing (Jr. Tractor and Woodcraft), Clara Usery (Conservation), Regina Hummelford (Beef), Joe Bergman (Sr. Tractor).

Not pictured and receiving awards were Kimberly Maddox (Home Furnishings and Clothing), Linda Riley (Foods), Kathy Wilson (Arts and Crafts), Nancy Sensel (Miscellaneous), Debbie Noem (Vegetables) and Lori Welzel (Rabbits). Four-Hers thank the many donors who made these awards available to them.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, August 28, 1975

The moon in the fixed earth sign, Taurus is the time to start any projects that you want to last such as pouring concrete starting new buildings setting fence posts and painting in general and if you meet any new people be sure you are going to like them before getting too friendly as the friendship will have lasting qualities.

Friday, August 29th

The moon moves into the air sign,

Gemini early this morning so if the weather is dry this would be a good time to cut hay and harvest fruits and root crops if you want good keeping qualities, the fish won't bite until Sunday night so you may as well get your chores caught up.

Saturday, August 30th

If you have your garden taken care of the aspects indicate this to be a good time for visiting and entertaining and if the weather is right a cookout this evening would be a lot of fun, have some friends in

and grill a few hot dogs, and burgers then throw the paper plates in the trash and give your wife a rest, you have until Tuesday morning to get your stomach in shape before going to work.

Sunday, August 31st

This Labor Day weekend might be a good time to look back on our accomplishments of the past year and maybe make a resolution to do a little better in the future. Our 18th President U.S. Grant once said "Whatever there is of greatness in the United States, is due to labor. The laborer is the author of all greatness and wealth. Without labor there would be no government and no leading class and nothing to preserve."

Monday, September 1st

Enjoy your holiday, this is the 93rd time Labor Day has been celebrated in the U.S. The first Labor Day was celebrated in New York on September 5th, 1882 due to the efforts of Peter J. McGuire a leader in the Knights of Labor, Oregon was the first state to pass a law making the first Monday in September a legal holiday in 1887 and if I ever find out when Kentucky made it a legal holiday I will let you know.

Tuesday, September 2nd

The moon went in to the fixed fire sign, Leo last night so this would be a good time to harvest your potatoes and onions and also any other fruits and vegetables that are ready, produce harvested now usually has good lasting and keeping qualities if properly stored. And if you want your haircut to last long time, get it cut today or tomorrow, this is also the right time for setting fence posts but not too good a time for stretching wire.

Wednesday, September 3rd

The moon went in to the fixed fire sign, Leo last night so this would be a good time to harvest your potatoes and onions and also any other fruits and vegetables that are ready, produce harvested now usually has good lasting and keeping qualities if properly stored. And if you want your haircut to last long time, get it cut today or tomorrow, this is also the right time for setting fence posts but not too good a time for stretching wire.

A Few Facts

The Kentucky State Police gave driver's test to 236,616 persons from January through July of 1975. Of the total, 171,060 qualified for licensing. The pass percentage of the first seven months of the year was about 72 per cent.

Kentucky Doesn't

Kentucky is the only state in the nation without an auto title law. An effort to get such a law passed by the 1974 General Assembly failed, but it will be renewed in the 1976 session.

\$4.00 Per Year Subscription!

FOR SALE

17 1/2 Acres, 6 room frame house, big barn, 220 wiring, 941 lb. tobacco base, Asking \$22,000, In Pendleton Co.

6 Room Cabin with .83 of an acre of land bordering Licking River, tool shed, garden, tools, 60 mod. Ford 1/2 ton truck, rototiller, lot of garden tools and other things. Why pay rent when you can buy all this for \$4500. In Pendleton Co. 30 minutes from Covington.

60 Acres, 7 room home with bath, 2 barns, 2 cisterns, milk house, lots of ridge land, with a long road frontage on black top, also fronts on a side road, small tob. base, beautiful place to live. Reduced to \$40,000. Near Gardnersville.

Pickle Making Do's and Don'ts

Pickle making isn't all that hard to do if you just follow an up to date, tried and true recipe and pay special attention to some important do's and don'ts.

A free UK circular on making pickles and relishes is yours for the asking, at the Boone County Extension Office.

From it is the following list of do's and don'ts for successful pickles.

Do use fresh, firm, perfect vegetables. Use slightly underripe fruits. Start pickling them soon after they've been picked the same day, for sure.

Use pure, coarse salt if at all possible. Never use iodized salt, as it can darken the pickles.

Use either cider or white distilled vinegar with a 4 to 6 percent acidity (40 to 60 grain).

Use fresh whole spices for the best flavor and color. Use only soft water for making brine. If your water is full of minerals, boil it for 15 minutes and let it stand for 24 hours. Remove scum from the top, and ladle water from the kettle, leaving sediment in the bottom.

Use unwaxed cucumbers for whole pickles, because brine won't penetrate the wax. (Many commercially marketed cucumbers have been dipped in wax to preserve their fresh look.)

Do process all pickle products in your boiling water bath canner. Even though many old time pickle recipes call for the open kettle method, don't do it. There's too much chance for spoilage organisms to get in when food is transferred from cooking pot to jar.

Do remember that pickling isn't just limited to cucumbers. Some of the other things you can pickle are okra, green beans, beets, green tomatoes, mixed vegetables, pears, peaches, crab apples and watermelon rind.

Hurry on down to the office and pick up your free copy of the pickles circular. It has lots of recipes, including ones for making sauerkraut, catsup, and tomato apple chutney.

Many of the recipes call for ingredients by weight, you'll need to buy household scales or borrow them from a neighbor if you don't already own some. Nancy Norman

LOOKING BACK

20 Years Ago

Thursday, August 25, 1955

Kindergarten registration will be open on September 8th between the hours of 9:00 to 11:30 a.m. for ages four's and five's at Walton Methodist Church.

Rockin' Rudy Hansen will appear at Verona Lake Ranch on Sunday, August 28th at 1:30 p.m.

Mr. and Mrs. Howard Stephenson and son, Joe, and Miss Margie Zapp spent the weekend in Cumberland.

Mrs. Robert Horn gave her daughter, Judy, a birthday party on Friday, those present were: Pam Ryan, Rhonda and Theresa Humphrey, Diane and Patty White, Carole Stevens, Sue Johnson and Mike and Joey Simpson.

Mrs. Richard Ryan spent Thursday in Covington.

Mr. and Mrs. Stanley Allen entertained on Sunday the Boy

Scout Troop 99 at the firehouse in honor of their son, Jimmy on his birthday.

Mr. and Mrs. Leo Flynn have returned home after vacationing in Southern Kentucky and other points of interest.

Little Miss Nancy Jones has returned to her home after an appendectomy, she is doing fine.

Little Rickie Ryan was a Monday guest of Mrs. Ernest Ramey of Covington.

Kathleen Flynn has been home since Saturday after staying with her cousin.

Volume 60- Number 36

The Good Ole Days

Pictured above are the familiar faces of the town's people who joyfully joined in to help make "1974's Old Fashion Day" a great success. It was the excitement of the day that made it a memorable time in the town of Walton.

You can notice the faces of the Walton people as they stand in front of the Methodist Church and you can decide for yourself that this year the event will be even bigger.

This year marks the 3rd year for Walton to hold "Old Fashion Day" and there is always lots of fun and excitement. On Saturday, September 6th, we hope everyone will come out for the parade, live music, and lots of entertainment.

Beginning at 11:00 the parade will proceed through Walton. After the parade, there will be booths, food, and contests for the young and old. Bring your chairs and watch all day.

On Sunday September 7th, an Old Fashion Get-Together sponsored by Walton Ministerial Association, has been planned. Bring your picnic lunch and drinks; also all plates, knives, forks, etc. and join your neighbors from the churches of Walton and Verona for lunch. Tentative time is 12:30 p.m. at the All Saints Church, located on Needmore Street. There will be several gospel groups to entertain. Old fashion dress is invited. Make your plans now to attend.

Come on out and you will have lots of memories of the old days and this year's "Old Fashion Day" will be greater than ever.

Walton-Verona Old Fashion Day Schedule of Events

Parade will form at Edwards Ave (across from Dunn's Gulf Service Station) at 10:30 a.m. on September 6. Parade will start promptly at 11:00 a.m. Parking space for trucks, horse trailers and other parade vehicles will be available at Boone Lake Ball Field and at Dunn's Gulf. The following parade order will apply when forming the parade:

1. Legion color guards.
2. School Band and marchers.
3. Fire Department.
4. Car-late model-degrees to old.
5. Motor floats.
6. Tractor with band.
7. Old fire engines.
8. Misc. entrees.
9. Tractor and steam engines.
10. Horses with riders.
11. Horse drawn vehicles.

For safety purposes individual bicycle riders will not be allowed to participate in the parade this year. Engine cycles will be allowed and placed in parade at designated points. Plaques and ribbons will be awarded to parade entrees as determined by the judges. Anyone desiring to be a part of the parade or having any other questions, please call one of the following parade committee members: Travis Dunn 485-4850; Dennis Glacken 356-7340; Russ Ryan 485-4261; Chick Worthington 485-4559.

Program will start at 1:30 p.m. to 2:30 p.m., Dan Roberts, Chairman.

Childrens Contest—3:00 p.m.—Brenda Poore, Chairman.
Adult Contest—5:00 p.m.—Mr. and Mrs. Eugene Sizemore, Chairmen.

Dancing in the street—3 Bands; Food for All.
Come see windows decorated in days of old. Rain Date September 7. Come everyone, enjoy yourself for a full day of fun and meeting with old friends.

Boone To Provide Home

Boone Countians, who soon will provide a home for Booth Memorial Hospital, will get a chance to aid the situation when it holds the gift shop's summer clearance sale.

Mrs. Paul Chaney, Ft. Mitchell, is a chairman of the project to be held on Friday, September 12th at the hospital.

She is being aided by Mrs. Forrest Bevin, Covington; Mrs. I. R. Hicks and Mrs. Raymond Walker, Park Hills, and Mrs. James Riffe, Ft. Mitchell, all member of the Women's Auxiliary.

The sale follows the tip of the trip of the merchandising committee to Columbus for the annual gift shop exhibit. There they purchased fall and winter stock.

The clearance is to make room for the new merchandise.

First Meeting Of Athletics Boosters

Walton Verona Athletics Boosters will hold their first meeting of the school year on Thursday, September 4th at 7:30 p.m. in the High School Gym.

Town Meeting Held On August 28th

By Luellen Wolsing, Reporter

August 28th was the date of the Independence Town Council meeting. The minutes of the meeting were read and accepted. The council was told that all of the new street signs were up, but that approximately six of the signs were already torn down.

In the Beechgrove area, wooden signs were requested, although it was stated that the state instructs the cities which type of signs must be put up.

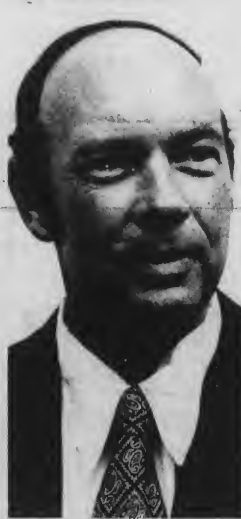

Permission has been obtained to use the land at the intersection of Madison and Sylvan Drive as a ball park. The YMCA has been contacted and interested in helping.

The city attorney asked if he had contacted Judge Dressman concerning the sewer system. Attorney Bridges said that a letter was sent but as yet he had received no reply.

County tax assessment was discussed because when the county raises the tax the city also must raise its tax. Reducing garbage collection fees on the taxes was also discussed. Zoning was also discussed.

Two letters were read. One concerned the possible building of bikeways from OKI. The second was from the National Square Dancing Society asking the council to declare September 15th through the 21st as Square Dancing Week. Several complaints were made about street repair and zoning and after this the meeting was adjourned.

Royse Gets Promotion

Lucien Royse

Lucien Royse has been promoted to plant superintendent for the E. Kahn's Sons Company.

He joined Kahn's 1962. Prior to his promotion, he served as plant manager of sanitation and safety.

He is a graduate of Georgetown College, Georgetown, Kentucky. Mr. Royse resides on Independence Banklick Road, Walton, Kentucky, with his wife, Betty Ann and two children.

Walton Verona Begins School Year

The Walton Verona Schools opened their doors on Wednesday, September 3rd for the 1975 - 76 school year.

A slight increase in attendance was expected for both the high school and the elementary school.

Elementary

Principal Ernest Hahn welcomed six new teachers to his faculty. They are:

Mrs. Terri Capek, a graduate of Cumberland College, who taught last year in the Erlanger system. She previously taught in Walton Verona for three years. This year she will teach 4th grade.

Mrs. Dorothy Durham has been assigned to a 5th grade position. She is a March, 1975 graduate of Transylvania University who taught the last two months of the 1974 - 75 year at the Verona school.

Mr. James Dykes will teach a 6th grade class and coach elementary basketball team. He holds a degree from Eastern Kentucky University.

Mrs. Roberta Jones has been hired as Remedial Reading Teacher for one half day. She is a graduate of University of Kentucky and she has seven years experience in elementary teaching.

Mrs. Barbara Sanders will be a new 3rd grade teacher. She is a 1975 graduate of Northern Kentucky State College.

Miss Debra Lamb graduated from Walton Verona in 1971 and from Thomas More College in 1975. She taught the last three months of 1974 - 75 at Verona. This year she will teach a 2nd grade.

High School

Six new teachers and an Assistant Principal have joined the staff of Principal Gary Munsie at the High School.

Miss Nancy Craft obtained her teaching certificate at Morehead University. She will be Physical Education teacher at both the high school and the elementary school. She will coach the girls athletics.

Mrs. Linda Dykes will teach math and science. She is an honor graduate of Eastern Kentucky University who is also qualified to teach English.

Mr. Larry May comes to Walton Verona Laboratory School of Eastern Kentucky University where he taught last year. His qualifications include the Master's degree and four years experience in teaching art.

Mrs. Lee Mills is the new Guidance Counselor. She has degrees from Eastern and the University of Kentucky and has completed additional work at the University of Louisville. For the past four years she has been counselor at Owen County High School. She has also served as principal and English teacher in the past.

Mr. John Reeves will teach Social Studies and he will be assistant coach in basketball and baseball. He is a graduate of Northern Kentucky State College.

Mrs. Darlene Wymer graduated from Berea College in 1966. She will teach Social Studies and English and Mrs. Wymer has had teaching experience in the Boone County Schools and in Barstow, California.

Mr. Reed Tyler has been appointed assistant principal of the high school. Mr. Tyler has been with the system eight years as teacher and coach.

Superintendent John Grubbs said that because of maturity, retirement, and teachers leaving the area this is a larger turnover than usual. "We feel very fortunate to be able to fill these vacancies with such highly qualified people however."

Quarterly Meeting Boone Health Board

The regular quarterly meeting of the Boone County Board of Health will be held in the auditorium of the Health Department Building, 7325 Woodspoint Drive, Florence, Ky. on September 11th at 8:30 a.m.

Half Million Dollar Display

Boone County affiliates and programs of Comprehensive Care will benefit from the half million dollar display at the Ft. Mitchell Country Club. Sponsored by the Friends of Comprehensive Care, the exhibit featured the famed Hemingray Silver which was left in 1907 at the First National Bank, Covington, by a Covington businessman, Daniel Carroll Hemingray, and never reclaimed. Above registering among the 300 guests was Mrs. Louis Nutini, right, welcomed by Mrs. Frank Donahue, registrar and both of Ft. Mitchell.

New Principal

White's Tower Elementary School is getting a new principal, Larry Compton, Left, DeMossville, former principal of the Bromley Elementary School. In turn, Lonnie Watts, for six years teacher at Taylor Mill, moves to Bromley to take over as head master.

Compton received his degrees from Cumberland College and the University of Cincinnati. Watts, of Ft. Mitchell, graduated from Morehead and Xavier Universities.

Opens Their Doors

Reporter, Luellen Wolsing

Simon Kenton High School opened its doors to students on August 26th. There are 1,176 students on the roster at this time with more expected.

There are 302 in the senior class, 326 in the junior class and 433 in the sophomore class.

Along with 115 new freshman there are also three new teachers this year, Mr. Crow teaching Music Appreciation and Chorus, Mr. Scaringi, a driver's education and Mr. More teaching courses in history.

Walton Life Squad Runs

August 23rd
Jessie Hall, Warsaw to Booth,
Sam Shields, Cynthiana, to Booth.

August 26th
Helen Stephenson, to St.
Elizabet.

August 27th
Helen Stephenson of Verona to St.
Elizabeth.

Veterans Counselor At Burlington

Mr. Billy R. Cox, a Veterans Counselor of the Department of Human Resources, Kentucky Center for Veterans Affairs, will be present on the 17th of September at the Judge's Office in Burlington to assist veterans and their dependents with claims for benefits due them as a result of their military service. He will be present from 9:00 a.m. until 3:30 p.m.

Successful Market Beef Show

The 1975 Boone County Fair introduced another new feature this year, promoted by several local interested cattlemen and sponsored by local businesses. The new youth invitational market beef show was thought to be a complete success. The show had 39 entries from Kentucky, Ohio, and Indiana. Winners of the four classes this year were:

Heifers - 800 lb. or less - Bryon Prim of Alexandria, Ky.
Heifer 801 or more - Jimmy Gasper, Nicholasville, Ky.
Steers - 900 lb. or less - Lynn Gilkison, Versailles, Ky.
Steers - 901 or more - Ross Cutter, Dillboro, Indiana.

The showmanship trophy was presented to Eva Hager of Nicholasville, Ky.

Because of late organizations of the beef show committee, the sponsors were not recognized in this year's fair catalog, we would like to list them here and thank them for their support.

They are as follows: Burlington Peoples Deposit Bank, Florence Deposit Bank, Hebron Deposit Bank, Boone State Bank, Verona Bank, Union Deposit Bank, Dixie State Bank, Bank of Crittenden, Feeders Feed Co., Bi County Farm Bureau, Conner High School FFA, Erlanger Tobacco Warehouse, M&W - JLC Realty Co., US 25 Tobacco Warehouse, Ryan Implement, McClurey Bros, Simmental, Erlanger Tractor, Boone County Farm Supply, First Production Credit Assoc., Calvin Cress & Sons, Woody Butler Farm Supply.

Vows
Exchanged

On Saturday, August 23rd at 8:00 p.m., over one hundred friends and relatives witnessed as Hettie LaVonne Taylor became the bride of Harry Wayne Cheesman. The Candlelight Wedding took place on the lawn of the bride's parents, Mr. and Mrs. John M. Taylor at 22 Catalina Drive, Walton. The yard was beautifully decorated. The bride and her attendants came down an aisle accented by hurricane lamps on white poles decorated with white roses and daisies and blue and white ribbons. They came to an arch covered with white roses and flanked by the same hurricane lamps.

The bride was lovely in white organly over crepe, accented with blue lace and train length veil. Her maid of honor, Miss Marcia Milner, was wearing blue jersey with white lace. The bridesmaids, Misses Karen and Mary Ann McDaniel, nieces of the bride, wore matching old-fashioned dresses of pink and white and yellow and white checked gingham. The bride's bouquet was pink and yellow daisies, blue stephanotis, yellow rosebuds and baby's breath. The attendants' bouquets were colonial bouquets matching their dresses.

Flower girl was little Jennifer Lynn Hale, precious in white jersey with blue lace, carrying a basket of daisies and strewn red rose petals. The ring bearer was Master Brian Art, handsome in his light blue suit and white mesh shirt. The groom and his attendants were handsome in black and white tuxedos with shirts matching the girls' dresses. Best man was Mr. Dennis Sparks and ushers were David and Jim Cheesman, brothers of the groom.

The groom's mother, Mrs. Charles Steers, wore a beautiful floor length dress with black bodice and white pleated skirt. Mrs. Taylor wore a floor length blue and white floral knit.

Music was provided by Mr. and Mrs. Stevie Stephenson and Dennis Smith. Denny played the guitar and sang "Twelfth of Never." Stevie, accompanied by his wife, Arlene, sang the "Lord's Prayer" and also played the wedding march. A reception was held on the front lawn immediately following the ceremony, which was performed by the Rev. Ira Richard Harris. After a short honeymoon in southern Kentucky, the happy couple are at home at 67 High Street, Walton.

Out of town guests were: Mr. and Mrs. G.K. Taylor, grandparents of the bride from Merritt Island, Florida, Mr. and Mrs. Garry Whitaker, Dry Ridge, Miss Kim Sparks, Florence, Mrs. Jo Nell McLeod, Covington, Mr. and Mrs. Dennis Smith and Mark, Covington, Mr. and Mrs. Ed Lindsay and daughters, Tammy and Tonya, Melbourne, Mrs. Lois Lay and son, Bobby, Covington, Mr. and Mrs. Mike Glenn and Michelle, Irvine, Mr. and Mrs. William Lindsay and son, Keith, Alexandria, Mrs. James Conway and son, Jimmy, Covington, Mrs. Ethel Tanner, Florence, Mr. and Mrs. Glenn Blocker and son, Ricky, Ft. Mitchell, Mrs. Margaret Cornelius, Covington, Mrs. Nellie Neier, Nicholson, Jim O'Neil, Highland Heights, Mr. and Mrs. John C. McDaniel, Karen, Mary Ann and Dale and David Husk, all of Lewisport, Ky.

Interesting Season
To Begin With

A new and interesting season begins for the Walton Wa Na Woman's Club this Thursday evening, September the fourth at eight o'clock at the Methodist Church.

The popular program "Hats of History" will be presented in keeping with the Bicentennial Celebrations of the coming year. Mrs. Chester Sturgeon and Ms. Joella Sleet will be hostesses for the evening and extend a cordial welcome to all members and new members hopeful.

Plans for participation in Old Fashioned Day activities will be completed.

Members don't miss this meeting! Bring a guest, Dress "Old Fashioned" and bring your items to stock the country store on old fashioned day.

Thoughts Of Famous Poets,
Philosophers and Writers.**

Mild and gentle as he was brave—
When the sweetest love of his life he gave
To simple things; where the violets grew
Blue as the eyes they were likened to,
The touches of his hands have strayed
as reverently as his lips have prayed;
And he pitied as much as a man in pain
a writhing honey-bee wet with rain.
Think of him still as the same, I say
He is not dead - he is just away.

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Senator Walter Dee Huddleston has predicted that Congress will pass a five year extension of the general revenue sharing program without placing additional restrictions on how the money can be spent. The existing revenue sharing program expires in 1976.

Huddleston, in a speech to the third annual Governor's Conference on Local Government Issues, said the five year extension bill (which he is co sponsoring) "enjoys the most support right now in the Senate Finance Committee."

The Kentucky senator said, however, that criticisms of the program can be expected as well as efforts to change it.

"In the coming months we are liable to hear a few scare stories about how, in isolated cases, local officials misspent revenue sharing

funds," he said. "We will have questions raised about the allocation formula, with some of the large urban centers like New York, Philadelphia, and Los Angeles seeking a greater share of the pie."

"And we will have questions raised about whether the guidelines are too loose or too tight, and whether the money is being spent on the right kinds of programs."

"But in my opinion revenue sharing has been one of the most successful undertakings by the federal government in several decades. And much of that success is directly related to the localizing nature of the undertaking and I think the present formula and existing guidelines have served pretty well and I would oppose any major changes."

UGLYAID

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

The Labor Department's announcement last week that double digit inflation is back 14.4 percent if computed annually makes one think it is hopeless to use common sense to get Congress to stop the deficit spending that continually cheapens our dollars and forces prices up. Perhaps a tongue in cheek letter a fellow Kentuckian sent me a couple of years ago might get through to some of my colleagues in Washington who believe columns of red ink to be pillars of the American economy.

Honorable Gene Snyder
Cannon House Office Building
Washington, D.C.
Dear Sir:
I have just finished paying my taxes

Questions & Answers

Q. My education allowance check for last month has not arrived from the Veterans Administration. What should I do?
A. Check with the "vet rep" if there's one on your college campus. If not, write to the VA regional office which has your file. Be sure to provide your name, claim number and address.

Q. I'm a World War I veteran drawing compensation from the Veterans Administration for a service connected disability. Am I eligible for a \$3,000 automobile allowance?
A. No, sorry. The law restricts this benefit to eligible veterans of World War II, Korean Conflict, Post Korean period, Vietnam Era and military service personnel currently on active duty.

Q. How many spinal cord injury treatment centers and prosthetic treatment centers does the VA have?
A. As of June 1975, VA has 17 spinal cord injury centers and 20 prosthetic treatment centers for amputees, geographically dispersed around the country.

Is Your Subscription Paid?

so I know the Treasury is bursting with money, and judging from the conduct of some of your colleagues, Congress seems to be having trouble spending it fast enough. To alleviate this situation, I would like to propose a new Federal spending program. Among other things, it presents the opportunity to create a new administrative bureaucracy the size of HUD and HEW combined. I call it: Federal Aid For The Ugly.

There are, as you know, million of us Ugly Americans. It is common knowledge that nothing improves the appearance of the human visage so much as a smile, and further, that nothing brings a smile faster than receipt of a check from Uncle Sam.

A comprehensive program of Aid to the Ugly, would have to include programs of Aid to Mothers of Ugly Children, Aid to Children of Ugly Mothers, Aid to the Ugly Rich, the Ugly Poor, the Urban Misshapen and Rural Deformed. To discover what other ugly groups require assistance legislative hearings would be required.

At the hearings, if anyone questions the total appropriation or amount given to each recipient, witnesses can be called to explain or even demonstrate the hideous appearance of the beneficiaries. Any doubts that the programs might not be effective would be countered by expert testimony that many Americans are positively grotesque. If the efficiency of the administration be questioned, the rebuttal is to be found in the pitiable degree of deformity existing in a substantial segment of the people. If it be doubted that this is a proper field for Federal action, the facts that ugliness is nationwide, that no state has undertaken any such programs, and that a check from a state government cannot hope to produce the warmth, the bubbling exuberance in the recipient that a check of equal size from the U.S. Treasury can produce these facts should be disposed of the issue.

Federal Aid for the Ugly is in the finest tradition of American egalitarian paternalism. The taxes required to support the program, reducing the smiles of taxpayers, lovely and ugly alike; the Aid payments, bringing smiles only to the ohmely, would tend to direct our society toward the goal of equality cherished by our forefathers. Ugliness knows no barriers of economic or social class, of region, race, religion, or politics. If it is even possible, though not probable that one or two members of Congress might qualify for assistance. Perhaps you might be able to suggest someone to sponsor an appropriate bill.

Yours Truly
Richard Wilson
Louisville, Kentucky

Here To Meet Your Problems

Congressman Gene Snyder's District Field Representative, Jim Evans, will be in Room 310 of the Federal Building in Covington for most of the day on Wednesday on September 10th to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0406 for an appointment.

Lower Grades

Lower Grades of meat - USDA Good and USDA Standard - are often good buys because they have more lean and less waste fat and sell for less than the Prime and Choice Grades. All lean meat, regardless of grade, has the same amount of protein and if correctly prepared, the lower cuts make tasty main dishes.

PROPOSED HIGHWAY DESIGN

A Highway Design Public Hearing is scheduled on Thursday, September 11, 1975 at 7:30 p.m. prevailing local time in the Walton-Verona High School Auditorium, Walton, Kentucky, to afford all interested persons and those affected by the roadway improvements on KY 14 and 16, SP 8-2050-4L; S749 (1) from U.S. 25 to a point on Stephenson Mill Road approximately 400 feet west of the I-75 Interchange (a distance of 0.8 miles), an opportunity to become fully informed about the proposed project. Said persons are invited, and encouraged, to attend and express their views on the Highway Design features, including social, economic, environmental and other effects of alternate designs.

Detailed plans of the project will be on display for public review in the Bureau of Highways District Office, Buttermill Pike and I-75, Crescent Park, Kentucky, between the hours of 8:00 a.m. to 12:00 Noon AND 1:00 p.m. to 4:30 p.m. from Tuesday, September 2nd thru Monday, September 8th, prior to the public hearing. Maps, drawings and detailed plans of the project will be available. Bureau of Highways personnel will be present to discuss the proposed plans and respond to questions while the plans are on display.

Maps, drawings and other pertinent information developed by the Bureau of Highways, and written views received from local, state and federal agencies and other public officials will be reviewed and discussed by the Bureau representatives at the Public Hearing, and will be available for inspection and copying. The procedure and schedule for acquiring right-of-way and the Relocation Assistance Program also will be discussed during the Public Hearing. A copy of the Environmental Impact Statement will be on display with the plans and also be available at the Public Hearing.

Written statements and other exhibits will be accepted at the Public Hearing and made a part of the hearing record. Additional statements may be submitted to the District Office of the Bureau of Highways, P. O. Box 469, Covington, Kentucky 41012, within ten days after the Public Hearing.

The Public Hearing is being conducted pursuant to Federal-Aid Act 23-U.S.C., its revisions and as required by the U.S. Department of Transportation's Federal Aid Highway Manual, Volume 7, Chapter 7, dated December 30, 1974.

County Agent's

½ Acre by Joe Claxon

A farmer must consider costs when deciding what to produce. Costs that must be met before he receives a return on his investment vary greatly by crops. For example,

• WANTED •
CASH for any Kind of Real Estate, regardless of Price or Condition. Will also buy any kind of land contract.
356-6800
Rel S. (Buck) Wayman

the cost per acre is \$23 for wheat, \$32 for soybeans, \$65 for corn, and up to \$150 for cotton.

His costs will average out to 75 cents out of every dollar of sales. The share varies, ranging from about 60 cents per dollar of sales on small farms to 85 cents on farms with sales of more than \$100,000 a year. As the farm gets bigger, the farmer must purchase more fertilizers, pesticides, gas and oil, and other nonfarm goods. And the larger the farm, the more hired workers he has to pay.

Farmers are large purchasers of tractors, trucks, automobiles, and other equipment. They buy about one of every eight trucks that are sold.

In a recent year they spent over \$1.5 billion for tractors and 1.4 billion for automobiles and \$3.0 billion for machinery like plows, planters, and harvesting machines. And of course, as in other industries, these machines will wear out or become obsolete and have to be replaced.

Most crops have benefited from the increased specialization and the greater spending by farmers for the latest technologies. For example, since 1950 corn yields have more than doubled from 38 to over 90 bushels per acre. Cotton yields also have nearly doubled going from 269 to 520 pounds. Wheat yields have risen from 16.5 to 32 bushels an acre and soybeans from around 22 to 28 bushels.

By Darwin Foley Kenton County Extension Agent

If you want fish to stock a farm pond contact the local Fish and Wildlife Conservation Officer, Paul Oliver on Fox Street in Elamers is Kenton County's Conservation Officer. The conservation officer looks over the pond and assists the owner with applying for pond stocking. The deadline for the 1975-76 stocking program is October 1st.

The department offers free pond stocking of bass, bluegill and catfish. Bluegill and channel catfish will be stocked in October and November, with bass to follow next spring. Most of these fish come from the Federal hatchery north of Frankfort.

Employees of the department's Division of Fisheries travel to the hatchery in tank trucks. They return to their base at the Forks of Elkhorn near Frankfort, with fish for stocking. The young fish fry are divided into plastic bags full of water. A shot of oxygen is added to sustain the fish on their journey. The fish are then boxed and ampked for delivery.

For two weeks each spring and fall fisheries trucks rumble into county seats throughout Kentucky. Last May, almost 222,000 bass were handed over to farm pond owners for stocking into over 1200 ponds. This fall an estimated 1400 ponds will receive new populations of bluegill and channel catfish. Bass will be added next spring.

Based on experience in farm pond stocking dating back to the 1940's the department supplies 400 bluegill, 50 catfish and 120 largemouth bass per surface area.

Pond owners are notified by mail when deliveries will be made and where to meet the truck. The pond owner picks up his fish and stocks them into his pond.

Instructions on how to stock the fish are on the box. Basically, the instructions say to remove the bag of fish from the box and let it lie in the pond for a time. This equalizes the water temperature and reduces chances of fatal fish stock. The fish are then released to grow.

After stocking, the department recommends the pond not be fished for two or three years, allowing time for growth and hopefully one spawn. Some ponds have been known to provide fishing without restocking for over 20 years. Most ponds remain good "fishin'" holes for six to eight years.

Much of the secret of a successful farm pond is the way it is fished. The department recommends eight to ten bluegill be harvested for each bass fished from the pond. The biggest pond management problem is over population of bluegill, which the above harvest ratio can combat. Ponds which are heavily fished for bass can get out of balance and be unsuitable for fishing within two years.

Another pointer is to fence cattle out of the pond. The animals will graze near the pond edge, breaking the bank and causing silt to be introduced in the pond. If necessary, a trough could be built below the pond for livestock water ing.

Another "don't" is the growth near the pond. Trees block sunlight from reaching pond water and can stagnate growth of micro organisms that form the first link of the fish food chain.

If you can envision yourself fishing away a summer's evening a few years from now, it's time to act.

The Extension Service, Soil Conservation Service and the Fish and Wildlife Department are planning a farm pond workshop later this fall. Further details will be upcoming.

Pickle Makin Do's and Don'ts

Anna L. Myers Kenton County Home Economics

Pickle making isn't all that hard if you just follow an up-to-date tried and true recipe and pay special attention to some important do's and don'ts.

A free UK circular on making pickles and relishes is yours for the asking at the Kenton County Extension Office, located in Independence Courthouse. From it home agent Ann Myers has made the following list of do's and don'ts for successful pickles:

Do use only fresh, firm, perfect vegetables, use slightly-underripe fruits. Start pickling them soon after they've been picked the same day, for sure.

Use pure, coarse salt if at all possible. Never use iodized salt, as it can darken the pickles.

Use either cider or white distilled vinegar with a 4 to 6 percent acidity (40 to 60 grains).

Use fresh whole spices for the best flavor and color.

Use only soft water for making brine. If your water is full of minerals, boil it for 15 minutes and let it stand for 24 hours. Remove the scum from top and ladle water from the kettle, leaving sediment in the bottom.

Use white table sugar unless the recipe calls for brown sugar.

Use unwaxed cucumbers for whole pickles, because brine won't penetrate the wax. (Many commercially marketed cucumbers have been dipped in wax to preserve their fresh look.)

Do process all pickle products in your boiling water bath canner. Even though many old time pickle recipes call for the open kettle method, don't do it. There's too much chance for spoilage organisms to get in when food is transferred from cooking pot to jar.

Do remember that pickling isn't just limited to cucumbers. Some of the other things you can pickle are okra, green beans, beets, green tomatoes, mixed vegetables, pears, peaches, crab apples, and watermelon rind.

Gardening Tips from Extension Specialists at the University of Kentucky College of Agriculture

If a host of small metallic green, oval shaped bugs showed up in your orchard and garden this summer and started making lace out of the foliage, the chances are great that you were invaded not as some thought by "Baby June bugs" but by Japanese beetles.

Numerous reports have come in recently of infestations of these insects in areas where they had never been seen before - a fact that leads to the speculation that each year this pest widens its circle and occupies more and more American territory - and the situation probably stands to get worse before it gets better.

Japanese beetles, in the adult stage, feed on about 300 kinds of plants, ranging from weeds to vegetables and from orchard to flowers shade trees to ornamental shrubs. If not controlled they can decimate an orchard, garden, or lawn in a very short time. Since the beetle grubs feed on the roots of grasses, the lawn itself may be destroyed.

Since the insect is showing up in more and more new areas each year, it seems well enough to give something of its history. The beetle is a native of Japan and first showed up in the United States in 1916 at a nursery in Riverton, New Jersey. Apparently it was brought into this country in a batch of Japanese iris plants in which slept a few of the young of this beetle. The iris were planted at Riverton; the grubs developed into beetles and this started the widening circle that has spread out until it includes a territory extending from southern Maine southward into Georgia and westward in the Mississippi River and Iowa.

For control of adult Japanese beetles the application of a dust or a spray containing malathion or Sevin to infested foliage and that this treatment will do the trick was noted recently in Estill county. Underneath the trees in a young orchard, dead Japanese beetles lay in piles and the owner of the orchard said he had destroyed the insects by spraying the trees with a Sevin wettable powder. His roasting ear patch, also attached by the beetles was saved by the same spray.

Old China Pork Burger

Hot muggy September weather may put a damper on both your appetite and your inclination to cook. The solution to the problem - serve sandwiches. One of the best sandwich ideas, is "Old China Town Pork Burger," is the 1975 champion of the National Sandwich Idea Contest.

Its pork sausage patty carries a succulent blend of oriental seasonings and ingredients. Just before serving, add Sweet 'n' Sour Sauce and drained bean sprouts. Put all the fixins' on the table and let everyone make his own "prize winner."

Old China Town Pork Burger
1 pound pork sausage
1 cup enriched soft bread crumbs
1/4 cup finely chopped green onion and green pepper
1 can water chestnuts, drained and chopped
1 egg
2 tablespoons dry sherry
2 tablespoons soy sauce
1 small clove garlic, crushed
1/2 teaspoon ginger
6 large sesame seed hamburger buns
butter, softened
1 cup bean sprouts, rinsed, well drained
Sweet 'n' Sour Sauce

Combine first 10 ingredients; mix well. For ease of handling chill several hours, if desired. Shape into patties and grill until done. Split, toast and butter buns. Divide bean sprouts on bun bottoms and top with meat patty. Spoon equal amounts of Sweet 'n' Sour Sauce over meat.

Sweet 'n' Sour Sauce:
1/2 cup drained crushed pineapple
1/4 cup catsup
2 tablespoons vinegar
2 tablespoons orange marmalade
1 tablespoon prepared mustard

In small saucepan combine ingredients. Heat and stir until marmalade melts.

Proper Storage

Store your home canned foods in a cool, dry place and they'll keep their good eating quality for a year. But if they're left in a warm place or where direct sunlight hits them, they'll start losing some of their flavor and nutrients within a few short weeks or months.

Prolonged exposure to heat and light will destroy certain vitamins and will fade the color of canned food. Dampness can cause metal lids to corrode and then leak so that the food will spoil. You shouldn't store canned foods in too cold a place, either. While freezing doesn't cause food spoilage unless the seal is damaged or the jar cracks, frozen and thawed canned food just won't taste as good.

If canned foods must be stored in an unheated place, protect them by wrapping them in several layers of newspapers or covering them with a blanket.

Before storing, remove screw bands on two piece lids and be sure to label all jars as to contents and date. Wash bands and store in a dry place where they won't rust.

You should really try to use up all canned foods within a year. With a good seal, properly canned, processed and stored foods are safe to eat indefinitely. But eating quality and nutritive value start to slip away after about 12 months.

BARGAIN BUY - 6 1/2 Acres with stocked lake and nice A-Frame! L.R. has beamed ceiling - huge deck overlooking lake - Kitchen-D.R. combination has pegged random hardwood floors - Brand new but not quite finished - quiet seclusion for \$29,500 - Call Ruth Felts @356-6054 or 371-4444.

Sermon

Made In His Image
(Genesis 1:26-27; 2:7; 18-25)

Joseph Wood Krutch said, "The social sciences will never help us solve our problems as long as they continue to go on the assumption that whatever is true of a rat is true of a man. Indeed they will not be able to solve them so long as they assume that even a rat is adequately accounted for on the basis of mechanistic premises."

Much has been spoken and even more written about man and mankind. But every man still wonders, "Who am I? Where did I come from? Where am I going?"

A popular song of recent years began with these words: "Some say a man is made out of mud . . . Well, this is almost what the Bible says about man's origin, but there is far more to the story than this. Man indeed was made from the dust of the earth, but we are not to forget that he also came from the hand of God. Man is made in the image of God. These words form the key to man's identity.

Key
Genesis 1:26-27

It was clearly the decision of God to make man. It was God's design to make man in His own image and after His own likeness. Whatever may be said of man, this must be kept in mind - man is made in the image of God.

This does not mean in the physical image because God is spirit. Man would be God's representative on the earth. He would have dominion over all creation. He would continue what God has begun.

The next passage of Scripture deals with the kind of creation man was to be.

Kind
Genesis 2:7

Verse 27 of Chapter 1 says that God created man in his own image. This verse tells us that the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life and man became a living soul.

Many have interpreted these last words - "and man became a living soul" - to mean that this made man different from the other creatures. This presents a problem. The same word used here for soul is the one used of the fish, birds, and animals

MOUNTAIN

MOMENTS

Happy Birthday
Ma Earls!

A few weeks ago my wife's grandmother, Ma Earls, celebrated a birthday. Which one I can't say because Ma wouldn't tell.

Her family had a cook out on the event - with Ma as the honored guest. We enjoyed the usual cook out delicacies - hot dogs, hamburgers, potato chips, and cokes, topped off with cake and ice cream.

When we finished eating, my son, Mike asked Roy, at whose home we were visiting, to fly his airplane. Roy had made a model airplane that could fly while tethered to along string. But Roy said he had been able to start the plane's engine only once. But with all the help available, surely we could start it.

There was a lot of "help" there - a railroad "engineer", a car salesman, a "supervisor" at a tannery, a Naval "technician" and a former sewing machine salesman and parts department manager, plus 8 women, 2 kids and some additional parts to the airplane.

We all helped - the men cranking the propeller, pouring in fuel, tightening nuts and bolts; and the women poking fun at our efforts!

Actually we were trying to start the plane without reading the instructions because none of us wanted to admit we were stumped by the small engine in the plane. Surely one of us five men could figure that thing out. Besides, Roy didn't know where the instructions were!

After about 30 minutes of pouring in fuel, cranking the propeller, tightening the engine and speculating on the reason why the thing wouldn't start, someone suggested the battery must be dead.

In 1:28, 30, Man is different from the other creatures - not because he has the breath of life in him, but because he alone was made in God's image. It is the spirit in man that makes him the crown of God's creation. He can choose between good and evil and he can rebel against, defy, and desecrate the will of his Creator.

Man is one of a kind and stands alone in this respect. This is not to say that there is no kinship between man and the rest of God's creation.

Kinship
Genesis 2:18-25

The fact that women was taken from man would emphasize the kinship of all mankind. The narrative relates how the Lord God formed "every beast of the field, and every fowl of the air" out of the ground. To say that man has a relationship to the rest of God's creation is not at all to say that man came from them or that they came from man. It is to say that man is a creature of the dust. God made man. God gave man life. God gave man companionship. From this union other human beings would come into existence.

Thus man has a relationship and a responsibility to all other creation and especially to every other person.

Verse 25 says, "They were both naked, and were not ashamed." The sex act was not the sin of Genesis 3. There was and is no shame associated with sex except where and when sin perverts God's plan and purpose.

WOULD YOU
BELIEVE IT..?

CHICK CHAT

(By: Sandy)

For years, women have said they haven't a thing to wear. Well, this year they're wearing it.

Mini skirts are like the cost of living since neither can go much higher.

Tires are like everything else today. They keep going higher and higher except here at G&G Tire Co. where we keep our prices to where you can afford them both on new and used tires.

Wild Blue Yonder

It's just an old toy—yet in his imagination this boy can climb to supersonic heights with it.

In his fancy, he is at the controls, soaring high above the earth. One step more, and he will pilot a rocket to the moon.

It may well be that these dreams, moon and all, will someday become reality for this young man. Meantime, there is countless wonder and joy in his boyish fancies.

There should be countless wonder and joy, too, in his church experience. Non-churchgoers are apt to think that religion is a dull, dull, fearsome matter. Rather, it should be one of the most glorious parts of life.

Look deeply into your own religion. Go to the church of your choice this Sunday.

CRITTER column

"Big Red" - The Mightiest of Them All

by Sue Johnson

The greatest thoroughbred the American turf has ever known is probably the famous Man O'War. His sire was a horse named Fair Play; his dam, Mahubah. Man O'War was foaled in the year 1917, and his life came to a roaring end in 1947. Surprisingly enough, Man O'War won 20 of the 21 races he ran, breaking most of the existing records of his day.

He was a large horse, with a chestnut-colored coat. In fact, he was called "Big Red" by many of his admirers.

Louis Feustel was the trainer of the magnificent Man O'War. The owner of the horse, Samuel Riddle, admitted, "He was a devil to break, a headache to handle, and a catapult to ride." But Man O'War had the most important quality that most thoroughbreds possess, a fierce determination to win.

He had a tremendous stride of 24 feet. He could run on any kind of track, against any horse, and carry more weight than his competitors, yet, he

would still win, leaving the other horses far behind him.

When Man O'War's racing career was over, he sired many more champions. He will always be remembered. Even today Man O'War's name is synonymous with thoroughbred racing.

Green Salad

- 1 pkg. frozen broccoli cuts
- 1 pkg. frozen cut green beans
- 3/4 cup dairy sour cream
- 1/2 cup mayonnaise or salad dressing
- 1 tab. minced onion
- 1 teas. Taco Sauce
- 6 large drak green lettuce leaves

Cook broccoli and beans as packages direct. Combine, cover and chill. Combine sour cream and next 3 ingredients; cover and chill. Toss vegetables with sour cream mixture and serve on lettuce leaves.

Farney's Service

Bob & Mike Farney - Owners

AUTOMATIC TRANSMISSION SPECIALISTS

Here you will find trained mechanics for all automatic transmissions. They know exactly what to do if anything goes wrong, and they have the latest and modern equipment to do the job well.

No matter how skilled the ordinary mechanic may be, he isn't an automatic transmission specialist, and may very well do your car more harm than good when he tinkers with the transmission. Farney's Service knows that your automatic transmission, regardless of make, will give you very little trouble if it is properly cared for.

This means frequent minor examinations by a specialist who can and will check minor faults before they run into heavy repair bills.

If you already have trouble, don't bother with anything less than the best we all know that the best is less expensive in the long run. Stop in at Farney's Service located at 40th & Decoursey Avenue, Covington, Kentucky, Phone 431-8044.

We suggest you visit this firm for expert transmission service at prices that are reasonable.

Track Meet

Below is the schedule of events of track Meets to take place with the Walton Verona Track Team on the next following months.

On September 9th their first meet will be with St. Henry at the Walton Verona Field, followed on the next Friday, September 12th with Dixie Heights and Simon Kenton at 4:15 p.m. at Walton Verona.

Three more meets will appear the next week on the 16th with Covington Latin and Brossart at the Villa Madonna School, on Thursday, the 18th with Simon Kenton at Simon Kenton and on Saturday the 20th with Covington Catholic Invitational at Marydale.

September 23rd with Beechwood, Latin and Lloyd the meet will be held at Lloyd followed the next day on the 24th with Newport Catholic and Holmes at New Catholic School, Saturday the NKIAC Invitational will be at Villa.

These are the events for September and we hope to see you there supporting your team.

Servicemen News

Is Your Subscription Paid?

Calvin Cress & Sons

Herbert Cress - Owner

Calvin Cress & Sons at Hwy. 18 & Limaburg Road in Burlington, Kentucky, Phone 371-4488, does its part to further the agricultural interests of the community by supplying the well known International Harvester line of farm machinery at the lowest prevailing prices. They endeavor to see that you receive satisfactory service from items which you purchase by rendering an exceptional repair service to their patrons.

The great International Harvester

line did a great deal to develop the United States and has always provided the latest improved farm machinery that will do the work in the least time, at the lowest cost.

They have invented more labor saving farm machinery than any other company, and have always been in advance of competition.

This leading manufacturer is well represented by Calvin Cress & Sons who spare no pains to serve you to the best advantage with the latest in dependable farm machinery.

Cyclemania

Ken Bryant - Owner

If you're tired of your motorcycle looking like most of the "other" bikes on the road, bring your bike to Cyclemania located at 510 York in Newport, Kentucky, Phone 491-0882.

Today's world is one of change, and with change comes individualism. If you're an individual, break away from the crowd and call Cyclemania today. They specialize in customizing and chopping motorcycles. They make an ordinary bike look like something out of a customized shop. Not only will your bike look good, but it will

run with the best of them. They have the mechanics available to make your bike "ride like a dream."

If it's just a paint job you need, they will gladly paint your bike to your specifications and satisfaction. They'll have you back on the street in no time and without a huge repair bill. Remember, no job is too large or too small.

They are service & parts specialists on all makes & models and includes tune-ups, overhauls, painting, electrical work, frames & customizing.

We publish our high regard for this outstanding motorcycle shop.

Hamant's Auto Body

Larry Hamant - Owner

OUR POLICY — CUSTOMER SATISFACTION

Not only in Bromley, Kentucky, but in all the surrounding territory, Hamant's Auto Body is well known for the expert work they do.

Although we are trying for more careful driving, the steady and rapid increase in the number of cars on the streets and highways make the total elimination of smash - ups impossible. Motorists in this district

have learned to call upon Hamant's Auto Body at 422 River Road, in Bromley, Kentucky, Phone 291-2124, for any work pertaining to body, fender and paint.

This firm turns out A-1 paint jobs, installs auto gauges and in this department, as in others, they have

only experienced workmen to do the job... to assure your satisfaction with their work.

We are pleased to compliment Hamant's Auto Body on the excellent service rendered, as well as their reasonable prices.

They also offer 24 hour wrecker & towing service. For free estimates call 291-2124.

Marcum Refrigeration

The purpose of a building is to protect us from the weather. Unless it does just that the year round, it is not a modern building. In regards to year around air-conditioning, most of us are living in houses or working in buildings that are not up-to-date.

With a Fedders year round air conditioner, you set the thermostat for either heating or cooling and you

have spring the whole year.

If you have a central furnace, you likely have half an air conditioning system already and do not realize it. Call soon for an estimate of the low cost of enjoying year round air conditioning. Let them furnish you a personal survey with all the facts and figures. See Marcum Refrigeration located at 448

Limaburg Road in Hebron, Kentucky, Phone 566-7247 or 689-4617.

They are your authorized dealer for Fedders, Whirlpool, Gibson, & Norge and they do commercial, & industrial service & installation.

We recommend this fine firm for their expert service and workmanship.

Notice Of Opportunity To Request A Corridor Public Hearing On Proposed Highway Project

This notice provides the public an opportunity to request a corridor hearing on the following project:

Boone County, Kentucky, KY 16 Bridge and Approaches
RS 348 (4) over the Southern Railroad, the Louisville
Nashville Railroad and US 25 North of Walton.

Maps and other information relating to the proposed corridor are available for public inspection at the Bureau of Highways District Office, Buttermilk Pike and I-75 in Crescent Park, Kentucky. Department personnel will be available at the District Office to explain the proposed corridor and provide any information requested to all interested persons.

A corridor public hearing will not be held by the Bureau of Highways, unless a written request for a hearing is received on or before September 25, 1975.

A Little

Known Facts

More than \$16.4 billion will be paid to veterans and dependents during fiscal year 1976 by the Veterans Administration.

Three increase in five years have been made in compensation payments to service disabled veterans, according to the Veterans Administration.

A massive "outreach" program using newspapers, radio TV, direct mail and personal visits to encourage 7.5 million Vietnam era veterans to use their veterans benefits is conducted by the Veterans Administration.

Actual and potential beneficiaries of Veterans Administration benefits include 23.5 million living veterans, their 66 million family members and four million survivors of deceased veterans nearly half the population of the United States.

America's veteran population, according to Veterans Administration statistics, includes 13.6 million veterans of World War II, 7.5 million of the Vietnam era, 5.9 million of the Korean Conflict and 984,000 of World War I and 1,000 of the Spanish American War. There also are three million post Korean veterans with service between January 31st, 1955 and August 4th, 1964.

Protectors

Before leaving for a trip, cover your houseplants with a plastic bag and secure to the pot or box to prevent moisture loss. Or group them together under a securely anchored polyethylene sheet. Place plants where they won't get too much light while you're away. I often leave mine in the bathtub.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, September 4, 1975

The waning moon in the fixed sign, Leo is one of the best times to start a diet or break any other bad habits you may have acquired so make up your mind to start now, and before the first day of fall you will be thinner. And have more money for Christmas Shopping. You still have time to get that long lasting haircut today and these particular aspects won't return until the 24th and you might be pretty shaggy by that time. If you got literature on drying fruits and vegetables this would be a good time to experiment.

Friday, September 5th

The moon moved in to the mutable earth sign, Virgo last night, so if you have any bad teeth, have them extracted today or tomorrow and the gums will heal nicely without too much bleeding. I don't think fluoride has solved all the dental problems as the dentists seem to have a long waiting list of patients needing attention.

Saturday, September 6th

The aspects indicate that today would be a good time for sewing and mending and doing a little house cleaning while you are in the notion, and with the kids back in school there is probably a lot of clothes in need of attention. Save the home baking until Monday and it will turn out nicer, if you have any letter writing you have been putting off take time tonight or tomorrow and you will enjoy the chore.

Sunday, September 7th

The aspects today indicate there will be a lot of visiting and conversation on this nice sabbath so before you talk too much read a few lines from the ancient Plato "Wise men talk because they have something to say; Fools, because they would like to say something. As empty vessels make the loudest sound, so they that have the least wit are the greatest babblers."

Monday, September 8th

The moon increasing in the cardinal sign, Libra is the right time to do home baking as the yeast dough will rise high and bake to perfection, even a beginner can bake a nice bread or cake at this time, still a good time for sewing or mending if you didn't finish those chores Saturday and don't forget to mail those letters you wrote over the weekend.

Tuesday, September 9th

The moon went in to the fixed water sign, Scorpio last night so the fishing will be good through Wednesday night but will be a lot better the weekend of the 19th when we have the full moon. Today and tomorrow will be a good time for any type of painting as the paint will penetrate and have good lasting qualities and look nice all winter.

Wednesday, September 10th

The aspects are right today for taking care of long lasting projects such as getting married, renting for a long stay or buying property you want to keep also a good time to get a haircut if you want to stimulate the growth and cover the thin places on top. If you need a new footwear make the purchase late today and you will select a good fit and the latest style.

LOOKING BACK

20 Years Ago

Thursday, September 1, 1955

Mr. and Mrs. Woodrow Greene, Rheda and Larry sept Friday and Saturday nights with Mrs. Greene's sister.

Mrs. Leo Flynn and Mrs. Levi Pennington spent Monday in Dayton, Ohio.

Mr. and Mrs. Paul Beighle have gone housekeeping on North Main Street, Walton.

Walton Order of the Eastern Star held a special meeting on Friday.

Alpha Sunday School Class will hold a meeting at the home of Mrs. Dwight Maddox of Walton.

Walton Verona School System will open on Tuesday in the new building.

James W. Spencer resigned on August 17th as the treasurer of the Walton Verona School after five years of service.

On September 5th a Roast Beef and Chicken Dinner will be served at the All Saints Church.

To The Editor
Dear Mr. Meadows,
Congratulations on the remarkable growth of your paper in size, quality, material, pictures, news, and just everything.
Andrew and I always considered Ky. our home. He passed away eight years ago but I still have the farm south of Walton - red brick antebellum house next to Neumeisters. He loved that place so much.
The best of everything to you and yours.

Sincerely,
Mary Penn Smith
610 Warwick Road
Birmingham, Alabama

Don't Panic
If your freezer stops running. don't panic. Food will usually stay frozen for two days, even in hot weather, according to extension foods specialists. In a half full freezer, food will stay frozen about a day. If you can't get the freezer repaired right away, 25 pounds of dry ice will keep the temperature of a half full 10 cubic foot freezer below freezing for two or three days. Wearing gloves to protect your hands, put the dry ice on boards or heavy cardboard on top of the food packages in the freezer.

Speeding Up
State Police have issued more than 77,000 speeding tickets during the first seven months of 1975 as compared with 57,805 for the same period a year ago and 61,230 for all of 1973.

Old Fashion Day Huge Success

Reporter: Luellen Wolsing

Mayor Sam Gamble receiving a Honorary Deputy of Kentucky Court of Appeals signed by Mrs. Francis Jones Mills, presented by Stanley Luttrell.

Dolan Coffey and Tony.

Take Over New Posts

Two natives of Northern Kentucky, one from Pendleton County are now assistant superintendents of the Kenton County School system. Charles Miller, a graduate of Butler High School, the University and Xavier, was named to the post.

Walter Bowen Demosville was elected to the other. He is a resident of Demosville, a graduate of Georgetown College and Xavier University and far a long time teacher of chemistry at Simon Kenton High School. Mrs. Bowen is a teacher also at Simon Kenton. Recently Mr. Bowen served as pupil personnel director.

Miller has spent 13 years in the Kenton System, recently as principal of the White's Tower School. Mrs. Miller teaches at Taylor Mill Elementary School.

Pictured above, left to right, Mr. Miller and Mr. Bowen.

Walton's Old Fashion Day was held September 6th. The day started with a parade at eleven o'clock. Some of those participating were the Walton Verona band, an Honor Guard, the fire department, several old cars, floats, horse drawn carriages and individual horse riders. Awards were given in several categories, they were presented by the Hudson Bay Post in Walton.

Mr. Dora Tompson received the award in the horse drawn category. Another was given to Robert Gaukel for the old car category. Groger Truck Line of Walton received an award for their float and also a singing group called "Country Cousins" was given an award.

After the parade there was a presentation given on the history of Walton and also a presentation of several awards.

After this there were games for children which included a watermelon eating contest, a three legged race and a sack race. Later games for the adults were held. One of these was a fiddling contest. Dancing in the streets was later in the night.

Approximately 25 hundred people attended the festivities making Walton's third "Old Fashion Day" a big success.

William Cluster relaxing in the shade.

Kenton County Meal Program

Kenton County school system parents will shortly be receiving notices required by the federal government on eligibility on free or reduce-cost meals.

Mrs. Alberta Lanham, food service director, said that figures run up to \$12,840 annual income for a family of 12 in which children are eligible for free meals.

A family of 12 with incomes up to \$17,940 also is eligible for meals at a reduced price. The chart below shows the range.

Family Size

	Free Meals and Free Milk if income does not exceed	Reduced-Price Meals if income is from
1	\$ 3,230	\$ 3,231
2	4,240	4,241
3	5,250	5,251
4	6,260	6,261
5	7,190	7,191
6	8,110	8,111
7	8,950	8,951
8	9,790	9,791
9	10,550	10,551
10	11,310	11,311
11	12,060	12,061
12	12,810	12,811
each additional family member	\$ 750	\$ 1,050

Kenton Council PTA To Meet

Kenton County Council P.T.A. will meet on Monday, September 15th at 10:00 a.m. at the Willard Wade YMCA, Covington.

All local units are urged to attend.

Walton Life Squad Runs

August 31st
Artie Pitcher, Union.
September 2nd
Victoria Wainscott, to St. Elizabeth.

Walton Homemakers Hold First Meeting

The Walton Homemakers will have their first meeting of the 1975-76 year on Friday, September 12th at 10:30 a.m. at the home of Mrs. Gaines E. Huey.

The lesson will be on "How To Use A Library".

Everyone is welcome to become a member of the group which meets the second Friday of each month September thru May.

Please feel free to join us.

Keen Agers Take Off Again

The Keen Age Group plans to take a trip to Fort Ancient, Ohio, where is near the town of Morrow, Ohio, on Tuesday, September 16th.

The fort is closed on Monday's so the plans are made to leave on Tuesday morning at 9:45 a.m. from the First Baptist Church of Walton.

Plenty of eating places are along the way to the Fort Ancient, where we can buy a good lunch. Everyone had such a good time on the August trip to Boonesborough that I am sure we can expect a crowd for this trip.

If any questions need to be answered please call Gaynelle Flynn at 485-4412 or the Walton Baptist Church at 485-4996.

"White Elephant" Sale

Pictured left to right, Mrs. John Setter and Mrs. Tom Jones. They are busy filling baskets for the "White Elephant" sale that will be part of the Fashion Show and Dessert Card Party.

This gala event will be held Friday, September 19th at 7:30 p.m. at the St. Patrick's Emerald Isle Room.

Reservations may be made by calling 356-9681 or 356-7640. Two dollars per person.

New President

Mrs. Richard Gibeau of Ft. Mitchell accepts the responsibilities of president of Kenton County Homemakers from the retiring president Mrs. David Lancaster of Erlanger. Mrs. Lancaster has completed a 2 year term.

Mrs. Gibeau and other new officers, Vice President - Mrs. Leo Dooley, Lakeside Park; Secretary - Mrs. Albert Dierckes, Erlanger; and Treasurer - Mrs. Wilson Hall, Independence, will lead the 41 club organization for the next 2 years with over 700 members.

Representatives of the clubs met August 21 at YMCA for their Fall Council Meeting to make plans for the up coming year. Emphasis was placed on addition of new members or organizing new clubs.

They welcomed their new County Extension Agent, Ann Myers, whose office is in the Courthouse at Independence.

Anyone interested in club membership should contact Mrs. Myers.

Social Scene

Mrs. Edna Hiles has returned home from the hospital and we wish her a speedy recovery.

Mrs. Russell Turpin of Richmond, Ky. spent the weekend with her brother, Mr. Albert Norris and Mrs. Norris.

Mr. and Mrs. Woodrow Greene enjoyed a birthday dinner with Mr. and Mrs. Ron Harper and family on Sunday for Rita's Birthday. Later in the afternoon Mr. and Mrs. Jim Ellis and family, Mr. and Mrs. Larry Greene and family were there for ice cream and cake.

Mrs. Georgia Greene and Miss Shana Harper spent last Tuesday with Mrs. George Henry of Warsaw.

Mrs. Robert Horn and Mrs. Nancy Lawson are spending several days in Buffalo, New York and sight seeing at Niagara Falls.

Mr. and Mrs. C.F. Rogers returned home after spending a month in Lexington with their grandson, while Debby and Betty toured Europe.

Mr. and Mrs. Bernard Stephenson and Mr. and Mrs. Bill Spencer were Thursday evening dinner guests of Mr. and Mrs. Ernie Keeton and daughters, Bobby Jo and Nickie. Gladys Stephenson was celebrating her birthday with the Keeton family.

Mr. and Mrs. Clyde Chapman, Mr. and Mrs. Randy Gobel and Triggy and Marsha Donovan of Verona took a week's vacation through parts of Tennessee.

Thanks Everyone

The American Legion Auxiliary, Johnson-McElroy Post No. 277 would like to thank everyone that helped make their booth such a success on Old Fashion Day and a special thanks to Bill Maddox, Carl Michaels, Tommy Johnson, and Commander Woody Ross for all their help with our booth.

Road to Recovery
We have everything you need on the way: sickroom equipment... walking aids... lifts... whatever makes it easier.

50th Anniversary

Mr. and Mrs. Roscoe Colston

Mr. and Mrs. Roscoe R. Colston of 1013 State Avenue, Cincinnati, Ohio formerly of Walton, Ky., will celebrate their 50th anniversary on September 16th at the Goshen Christian Church with a reception on Sunday, September 14th.

They have seven living children, Maryland Maxie of Cincinnati, Robert Colston, Austin, Indiana, Katherine Hust, Cincinnati, Charles Colston, Dover, Delaware, James Colston, Brooksville, Ky., Sue Brewer, Cincinnati, Donald Colston, Walton, Ky., and 12 grandchildren, 3 great-grandchildren.

All friends and relatives are invited to attend Open House at the Church from 12 till 3 p.m. in the afternoon.

Wa-Na Club Thanks You

We really appreciate your stopping to shop at our "Country Store" on Old Fashion Day. You made one of our good days better!
Hope you had fun too.

Thank You Again
Walton Wa-Na Club

Wa-Na Club Has Interesting Meet

The September meeting of the Walton Wa-Na Club was held on Thursday, September 4th at the Methodist Church.

The meeting was called to order by the president, Mrs. Gayle McElroy, who also led the members in reciting together, the club collect.

Joella Sleet gave the Spiritual Guidance, followed by the introduction to the speaker of the evening, Martha Brock.

Mrs. Brock with her 'Hats of History' gave a most interesting program. The hats were those worn by American Women of the past who have made a contribution to America's History and heritage. Club members were invited to participate by guessing the hats owner, by the historical clues given by Mrs. Brock and the personality type suggested by the hat style.

After the program Mrs. Gayle McElroy conducted a business session outlining overall plans for the coming year's activities including final plans for the 'Country Store' on Old Fashion Day, September 6th.

Refreshments were served by the hostesses, Mrs. Chester Sturgeon, Mrs. Malcolm Simpson, and Joella Sleet.

Members and guest present were: Mrs. Gayle McElroy, Mrs. George Black, Mrs. Ruth Glenn, Mrs. Robert Slayback, Mrs. Jack Rouse, Mrs. Daniel Hance, Mrs. James Lawrence, Mrs. Jack Norris, Mrs. Asa Rouse, Mrs. David Peebles, Mrs. Wally Wireman, Mrs. William Locke, Mrs. Wendell Rouse, Mrs. Monty Gordon, Mrs. Charles Kosturick, Mrs. Kenneth Johnson, Jr., Mrs. W. R. Belcher, Ms. Christine Collins, and Mrs. Robert Vance.

Thank You

The Walton Verona PTA would like to thank those who worked in our booth at the Old Fashion Day, a very special thank you to Boone Inn for cooking all the beans for us.

This was a very big job and we certainly appreciate a job well done.

When Words Fail Us We Still Have Recourse To The Beautiful Thoughts Of Famous Poets, Philosophers and Writers.

Mild and gentle as he was brave—
When the sweetest love of his life he gave
To simple things; where the violets grew
Blue as the eyes they were likened to,
The touches of his hands have strayed
as reverently as his lips have prayed,
And he pitied as much as a man in pain
a writhing honey-bee wet with rain.
Think of him still as the same, I say
He is not dead - he is just away.

Zucchini - Okra Loaf

Even if your family isn't "Keen on greens" you are sure to score if you offer them slice of this quick bread. The key to the success of Zucchini Okra Loaf is the artful combination of several vegetables

Subtly seasoned and cleverly prepared, squash, okra, and tomato juice make a super loaf of bread. All the ingredients are incorporated by the muffin method and a procedure in which liquid ingredients are added all at once to the dry.

Ease of the preparation adds points to the winning score, too. The enriched self rising flour has the correct amounts of leavening and salt already added. The family also wins nutritionally, because enriched means the b vitamins plus minerals iron and calcium have been added to the flour.

Zucchini Okra Loaf

- 3 cups flour
- 1/4 cup sugar
- 1/2 teas. oregano
- 1/4 teas. pepper
- 3 eggs, beaten
- 3/4 cup tomato juice
- 1/2 cup milk
- 1/4 cup oil
- 1/2 cup peeled zucchini
- 1/2 cup sliced fresh okra

Stir together dry ingredients. Blend eggs, tomato, milk and oil; stir in zucchini and okra. Add liquids all at once to flour mixture, stirring only until flour is moistened. Pour into greased loaf pan. Bake in preheated oven at 375 for 65 to 75 minutes. Cool 15 minutes before removing and before slicing.

SHORT ROWS

By Nevyle Shackelford

Gardening Tips from Extension Specialists at the University of Kentucky College of Agriculture

Hidden away in the nooks and crannies of history are unique ways in which early statesmen, sometimes at the risk of life and limb worked to improve American Agriculture and to secure a new and better crops.

For instance, during his many foreign travels to drum up support for the American cause in the Revolution, Benjamin Franklin started the practice of secretly sending new seeds back home for farmers to try out.

Research also reveals that this practice was taken up and followed by the federal government for many years. Before sending a new ambassador off to a foreign land, President John Adams took him off to one side and reminded him of his duty to smuggle home new seeds and plants.

But as the story continues, Thomas Jefferson was the most dedicated of these seed smuggling statesmen. An aristocrat to the core and one of the fanciest and most impeccable dressers of his time, he'd surreptitiously fill his coat pockets with new seeds that foreign government jealously guarded for their own agricultural interests. Then by hook and crook, he'd send the seeds home.

In Northern Italy, he risked the death penalty to smuggle seeds of

upland rice back to South Carolina.

This action on the part of American statesmen may not have been strictly ethical, but Jefferson justified the seed smuggling by saying that the "greatest service which can be rendered to any country is to add a useful plant to its culture."

In addition to lifting choice foreign seed and smuggling them home, noted statesmen used other means to improve farm practices. Jefferson, using mathematical principles, wrote a treatise on the form of a mold board plow, calculating the exact shape, size and curvature of the mold board to lessen friction in plowing and enable it to work in all soils.

Then there was Daniel Webster who said that cultivation of the earth was the most important labor of man. Webster could probably be called the father of modern agricultural experiment stations. When his efforts failed to get the state of Massachusetts to sponsor a model farm where the latest agricultural practices could be placed on display and experiments carried out, he dipped into his own pocket, created such a farm, and left it to future New England farmers.

Large Containers

Food in large containers usually, but not always, cost less than the same amount bought in small containers. If you can store it and use it, a large quantity purchase may be more convenient, reduce trips to the store, and save money too.

You can check whether the larger size represents a money per ounce or per pound of the food it contains with the per-ounce or per-pound cost of smaller sizes of the same brand.

Rose Show Program

On Sunday, September 14th from 1 to 5 p.m. at Northern Kentucky State College, located in Regents Hall, in Highland Heights, Ky. a Rose Show Program will be presented by the Northern Kentucky Rose Society.

Admission is free with many interesting classes for people to observe. Ribbons, Prizes, and Recognition will be given to all those who enter the classes.

Pictured above are Narue Sweeney, Secretary, Ray Richardson, President, and Helen Miller Zechella, Publicity. They are admiring the old fashioned candle holder arrangement; Colonial Costumes depict the theme of our Artistic Arrangement category, which is "Birth of Freedom".

There She Blows

Was the title of the 4-H Demonstration given by above, Jay Hellmann at the competition held at the Kentucky State Fair in Louisville on August 11th. Jay was named State Junior Electric Demonstration Champion after competition with eleven other juniors from other areas throughout the State.

His demonstration was given on the proper use of fuses and the result if electrical circuits are overloaded. Mr. L. Gilsken, President of the Ky. Youth Advisory Committee, presented Jay with the trophy, ribbons and certificate with which he is shown.

Jay, 11 year old, is the son of Mr. and Mrs. Carl Hellmann of Independence, and a member of the White's Tower 4-H Club of Kenton County.

Staffordsburg Club Holds Regular Meeting

The Staffordsburg Home Makers Club held its first meeting of the year on September 2nd at the RECC Building with 17 members answering the roll call and one visitor from Florida, Margorie Henry, daughter of Cleora Binder.

The following officers officiated having been elected and installed last year, President, Mrs. Chalmer Ballinger, Vice President, Mrs. Harry Reece, Secretary, Mrs. Helen Wayman, treasurer, Mrs. Lizzie Faulker, other officers and chairman also project leader were appointed.

Everything in readiness for the year's work. Under the leadership of our New Home Demonstration Agent, Mrs. Ann Meyers.

All members having birthdays in September were presented with a beautiful African Violet given by Mrs. Reece. We had our usual delightful noon lunch and social hours.

Adjourned to meet the first Tuesday in October.

Fashion Show And Card Party

St. Patrick's Pre School Sunday School Department and the Catholic Christian Doctrine Department are working on "September Blooms"; a Fashion Show and Dessert-Card Party.

This gala event will be held at St. Pat's Emerald Isle Room, Mills Road, Taylor Mill, September, 19th at 7:30 p.m.

The proceeds will be used to buy equipment and materials needed for teaching the children ranging from three years of age through eighteen years of age.

Reservations may be made by calling 356-9681 or 356-7640 with tickets being \$2.00 per person.

Giving Loans And Counseling

The Small Business Administration's business loans and counseling services have helped thousands of small firms originate, expand, and prosper.

Prospective new business owners, as well as persons already in business, will have the opportunity to find out about assistance available from SBA on the Third Tuesday of each month.

An SBA representative will be at this Agency's part time office at the City County Building on 304 Court Street, Room 804 in Covington on Tuesday, September 16th from 9:30 a.m. to 12:30 p.m.

Services provided by SBA in addition to business loans will include counseling and training to upgrade management skills. However, anyone interested in establishing a new business is encouraged to consult with this representative, as well as other businessmen who are in need of financial advice or assistance.

Current financial records, when available will assist the SBA representative in advising you.

Additional information may be obtained by calling 684-1771.

Buying School Clothes

School has begun and all of a sudden you are faced with purchasing clothing for your school age youngsters, and, you're always surprised how much they have grown over the past 3 months. You'll discover that very little of last years clothing still fits.

As you head for the stores with alimited budget and find inflated price tags, how can you get the best investment for your money?

First of all, check each child's wardrobe before you go to the store. Try clothes on them and see if there is an way of lengthening hems or letting seams out so they can use them this year. Attractive material to blend with the garment can be added to extend the length, add a pocket or trim sleeves or collar with same material to tie in with the rest of garment.

After you have eliminated what can't be used, make a list of needed items, listing colors that will blend with the clothes they have and write down each size required. It is best to go armed with each child's measurements, as sizes vary with the manufacturers.

Next, look at the ads in the newspapers, but look beyond the price tag. Often the "bargains" do not hold up with hard use. They might fade, shrink, or fall apart with the first washings.

Turn the garment inside out and look at how well it is put together. Are seams generous enough to allow for growth? Are materials that tend to ravel finished in some way? Is the garment cut on the grain? If not it will not hand properly. Plaids and strips should also match.

There should be a tag attached to the garment listing the fiber contents and how it should be cared for. Blends of cotton or wool with dacron or orlon add strength to the fabric and make it easy for care. Most 100 percent polyester fabrics wash beautifully. Look for reinforced knees in slacks and

trousers. Elastic in the waist makes it expandable for future growth.

Check size - in most cases you can purchase a size larger and hem pants and skirts to let them out later and you can take tucks in the waist seam and sleeve seams to allow for growth. Also knits and demin usually shrink a size with the first washings.

If a garment does not hold up after

One Step Closer

Northern Kentucky is a step closer today to a new mental health hospital following application by Northern Kentucky Comprehensive Care.

• WANTED •
CASH for any Kind of Real Estate, regardless of Price or Condition. Will also buy any kind of land contract.
356-6800
Rel S. (Buck) Wayman

The Northern Kentucky Health and Social Planning Council gave the agency a certificate of need. The next step is to state officials in Frankfort for similar approval.

Comprehensive Care put a price tag of \$3 million on a proposed addition adjacent to the property on which the new Booth Hospital will be located.

Council officials mentioned other possibilities, including use of the Kenton County T.B. Sanatorium.

The hospital, with 130 beds, will permit local treatment of patients. Currently patients must go to Lexington or to Cincinnati under contract arrangements with Comprehensive Care.

Notice Of Opportunity To Request A Corridor Public Hearing On Proposed Highway Project

This notice provides the public an opportunity to request a corridor hearing on the following project:

Boone County, Kentucky, KY 16 Bridge and Approaches
RS 348 (4) over the Southern Railroad, the Louisville
Nashville Railroad and US 25 North of Walton.

Maps and other information relating to the proposed corridor are available for public inspection at the Bureau of Highways District Office, Buttermilk Pike and I-75 in Crescent Park, Kentucky. Department personnel will be available at the District Office to explain the proposed corridor and provide any information requested to all interested persons.

A corridor public hearing will not be held by the Bureau of Highways, unless a written request for a hearing is received on or before September 25, 1975.

PART 2 WALKING TALL
PG

County Agent's 1/2 Acre by Joe Claxon

2. Stay out of the silo for at least one week (preferably two weeks) after it has been filled.
3. Ventilate the silo room for at least two weeks after filling.
4. Keep the doors between the silo room and barn closed to protect livestock.
5. If you experience the slightest throat irritation or coughing, get into fresh air immediately. Immediate treatment by a doctor is an absolute must.

Silo filling can be dangerous and lethal gases may occur at any time during silo filling. The greatest danger is 12 to 72 hours after filling, but gases may be present at anytime after silage is put into the silo. Silo gases may appear in any ensiled material, grown on any type of soil under any level of fertilization.

If the gases are present in high concentrations, two of the gases may be recognized by the irritating odor and color. Nitrogen dioxide is reddish brown and nitrogen tetroxide is yellow. Nitric oxide is a colorless gas that may be present in lethal concentrations without being visibly detected.

A few simple precautions will prevent tragedy or injury from silo gases:

1. Run the blower 15 to 20 minutes before going into a partly filled silo. Keep the blower running as long as anyone is inside.

Plan now for Spring renovation. Late summer-early fall is a good time to locate the grass fields where clover stands are bad and plan to renovate them next spring. This will enable you to get a soil test on these fields and apply the necessary lime and fertilizer this fall.

Graze the grass in these fields close during the fall and winter. After the grass is grazed, fields can be disked anytime during late fall or winter that soil and weather conditions will permit field work. If the tillage is done in fall early winter the field will not be as rough as it usually is when tillage is delayed until spring. If red clover is to be seeded, 40-50 percent of the sod should be disturbed; for alfalfa 80-100 percent. Leave the fields rough over the winter and do a light disking to smooth the surface just prior to seeding in late winter or early spring.

Farm Estate Planning

Recent studies of court records show that three out of four estates lack sufficient cash to pay the estate settlement expenses. This money has to be generated before the estate can be settled and assets distributed to the heirs. In too many instances this means the forced sale of securities, real estate and other business property. This forced sale many times destroys the farm unit for many farm families. This does not have to be the consequence. With some forethought and prior estate planning, this and other undesirable occurrences can be avoided.

Estate planning is a very complex subject and, as a result many people simply avoid the task rather than making an attempt to gain some understanding and then initiating an plan. It has been said that in many situations a farmer would lose three generations of hard work and asset accumulation if he were to die

Canning & Freezing
By: Nancy Norman

Home canning and freezing is a very easy and inexpensive way of having foods for special diets.

For those on a low sodium diet, it is perfectly safe to can vegetables without salt. Salt is necessary in pickling and makingsauerkraut but these foods are restricted ones anyway.

Sugar serves only as a flavoring agent in most canned foods. It is recommended that you can fruits with juice or liquid and sweeten with artificial sweeteners before serving. Bitterness has been noted in fruits canned with a sweetener. Special recipes for pickles and jellies and jams using sweeteners can be obtained from your local Extension Service.

Most fruits can be frozen without sugar successfully. However, peaches or similar fruits need to be covered with water before freezing without sugar.

The freezer is a real time and energy saver when preparing other foods for special diets. For example, large portions of a food can be divided into meal size portions and frozen. You can make your own T.V. Dinners and freeze them in divided trays, too.

DON'T BE SORRY - And you will be if you don't take a look at this lovely 6 room home situated on almost an acre out in Boone Co. for \$29,500! before you buy! Full basement with outside entrance, fruit trees, school bus at the door! Call 371-4444.

Look At Those Hats!

Mrs. Jean Clinkenbeard, left, Walton, captured a prize for one of the most unusual hats, a century old bonnet, when the Women's Auxiliary of Booth Memorial Hospital opened its new year with a "fun" luncheon.

Center is Mrs. Mildred Jordan, Lakeside Park, with the prettiest hat, while Mrs. Kendal Rice, Ft. Thomas, carried away honors for the most "original" hat. Following the fun session the auxiliaries made final plans for the gift shop clearance sale on Friday, September 12th.

South Of The Border

Foods from the New World - corn, potatoes, chili peppers, and avocados - star in the buffet supper created for a Mexican Independence Day celebration. Chili Avocado Soup and Mexican Submarine Sandwich were created by home economists so you can have your own fiesta on September 16th the day Mexico celebrates its independence from Spain. A basket of warm tortilla chips made by cutting corn tortillas into quarters and frying them in hot oil until crisp, rounds out the meal.

Mexican Submarine Sandwich

- 2 medium potatoes, cooked and diced
- 1 large loaf french bread
- 3 tables. cooking oil
- ¾ cup chooped sausage
- 1 medium onion
- 1 egg lightly beaten
- salt
- fresh ground pepper
- 1 cup shredded lettuce
- ¼ cup sour cream
- ½ cup pimiento olives
- 1 can refried beans
- 1 cup shredded cheddar cheese

Cut loaf in half lengthwise and partially hollow halves, reserving crumbs. Score top of loaf at 2 to 3 inch intervals, being careful not to cut all the way through the bread. Wrap halves in foil and warm in low oven for 10 minutes.

Heat oil in large skillet and add potatoes, sausage, crumbs, and onions. Season to taste. Saute mixture until lightly browned. Add egg and cook stirring until set.

Toss lettuce and olives with sour cream. Heat refried beans. Line bottom of loaf with lettuce mixture. Layer beans, sausage mixture and cheese. Secure top with toothpicks and serve slice through at previously scored cuts.

Goshen Christian Ladies Hold Meet

The Goshen Christian Missionary Ladies Group met in the church meeting room for their September 3rd meeting and program.

The meeting was called to order by the president, Mrs. Mary Cook. Roll Call was answered by twelve ladies reading a verse of scripture with the word "grace" in it.

The Sunshine report showed that 64 cards had been sent out and 13 visits made to the sick.

The retiring secretary, Mrs. Lillian Elliott and retiring treasurer, Mrs. Esther Gleen gave their yearly reports which showed that we had had a very successful year. A discussion was held on may be going to visit the Mountain Mission School in Grundy, Virginia sometime in October as a group.

The new officers for the coming year are: President, Mrs. Goldie Gleen; Vice President, Mrs. Darlene Thornsberry; Secretary, Mrs. Ruth Worthington; Treasurer, Mrs. Esther Gleen; Ways and Means Committee, Mrs. Faye Bray; Sunshine Reports, Mrs. Mary Cook and Reporter, Mrs. Eula LaFollette. At the noon hour, a very nice luncheon was served by the hostess, Mrs. Hazel Mullins.

Those present were Mrs. Faye Bray, Mrs. Rachel Daniels, Mrs. Hazel Mullins, Mrs. Goldie Gleen, Mrs. Georgia Cornelius, Mrs. Mary Cook, Mrs. Ruth Worthington, Mrs. Darlene Thornsberry, miss Ruth

Piner, Mrs. Esther Glenn, Mrs. Lillian Elliott, and Mrs. Eula LaFollette.

Our Bible Study was from Romans Chapter 5 with Mrs. Faye Bray as lesson leader.

Hostess for October will be Mrs. Lillian Elliott program leader, Mrs. Esther Gleen, and the word for roll call will be "patience."

Advisory Council Holds Meeting

The Kenton County 4-H Advisory Council held its August 26th meeting in the meeting room of the Extension Office, with the president, Mrs. Carl Hellmann presiding over the meeting.

Miss Diana Schneider, our 4-H Agent gave a report on the County Fair. Many 4-H Projects were entered and displayed and the 4-H King and Queen, Prince and Princess Contest and the 4-H Horse Show was a success.

The 4-H Members and Leaders Recognition Luncheon was discussed. It will be held sometime in October and the council will sponsor again this year five skating parties at Lloyd's Skating Rink in Latonia.

The Community Pride reports should be in the extension office by the last of September.

The Council meets on the fourth Tuesday of each month at 7:30 p.m. and we invite all Kenton County 4-H Leaders and teens to attend.

Makes Night Of Entertaining

The American Legion Auxiliary, Johnson-McElroy Post No. 277 recently spent an evening at the Ft. Thomas Veterans home entertaining with the patients there with a cash bingo and serving homemade cupcakes and coffee.

The members that attended were: Mrs. Jo Chapman, Sarah Poole, Ellie Ross, Flora Ryan, Florence Ryan and Norma Bone.

FFA Travels

The Simon Kenton Future Farmers of America had some of its members go to the Kentucky State Fair, August 18th - 19th.

The Simon Kenton FFA'ers had teams competing in the following areas: Livestock Dairy, and Meat Judging.

The Livestock, Dairy, and Meat Judging teams all received white Awards. The FFA Members and chaperones stayed overnight at the Armory next to the fair grounds.

The members and chaperones who were present were: Mark and Chris Parker, Darryl Epperson, Debbie Epperson, Mitchell, Pam and Cathy Deaton, Mrs. Deaton, Mrs. Alice Cheesman, Tim Smith, Mr. John Gray, John Kidwell, Steve Liggett, Joe Osborne, Steve Knockleman, Tim Overby, Kevin Kelly, David Thormer.

The Campbell County FFA Members who went to the fair rode down on the S. K. bus.

Fall

September, back to school by the 3rd. Try something different in the kid's lunch bag. Chicken spread, peanut butter and apple jelly on white bread.

Golden leaves and frosty nights and pumpkins are a sure thing by the 30th of October.

Warm up a frosty night with a Corned Beef Spread Reuben. Grill Corn Beef Spread, Swiss Cheese and sauerkraut between slice of buttered rye.

Celebrate abundance in November.

Adams Reunion

Mr. and Mrs. Marvin Huffman of Staffordsburg, Ky., was host and hostess for the Adams Family reunion the 31st of August with those attending:

Mr. and Mrs. Leo Showalter, West Covington, Ky.; Mrs. Bessie Stephens, Independence, Ky.; Mary Margaret Stephens, Independence, Ky.; Mr. and Mrs. William Haley, Foster, Ky.; Mr. and Mrs. Frank Haley, Foster, Ky.; Mr. and Mrs. Harold Winston, Centerville, Ohio; Mrs. Homer Huffman, Verona, Ky.; Mary Jo Huffman, Verona, Ky.; Mr. and Mrs. Robert Canaler, Ludlow, Ky.; Mrs. Ruth Simpson, Covington, Ky.; Mrs. Louise Harrison, Staffordsburg, Ky.; Mr. and Mrs. Charles Adams, Walton, Ky.; Marilyn and Danny Adams, Walton, Ky.; Mr. and Mrs. Howard Hicks, Covington, Ky.; Mr. and Mrs. James Wolfe, Petersburg, Ky.; Tammy, Della Faye, and Jeff Wolfe, Petersburg, Ky.; Mr. and Mrs. William Williams, Walton, Ky.; Dee Dee and Lisa Williams, Walton, Ky.; Mrs. Virginia Lynch, Staffordsburg, Ky.; Miss Evelyn Adams, Latonia, Ky.; Sherman Henderson, Cincinnati, Ohio; Alice Lucas, Morningview, Ky.; Mrs. Phyllis Wagner, Erlanger, Ky.; Karen and Jennifer Wagner, Erlanger, Ky.; James Waltermann, Erlanger, Ky.; Mr. and Mrs. Charlie Losey, Staffordsburg, Ky.; J.B. TERMS: Cash or good check for Personal Property Day of Sale.

REAL ESTATE: 10% Down the balance in thirty days or specified time.

Not Responsible For Accidents.

Last year the more than \$100 billion of U.S. agricultural marketings created economic activity many times that amount. For instance, farmers purchased over \$75 billion worth of production inputs, creating jobs throughout every industrial sector, including such areas as transportation, wholesaling, processing and retailing.

Agriculture has long been our best weapon in the effort, maintain the stability of the dollar, and we must continue to export our agricultural products both for that purpose and to achieve a favorable balance of trade.

If it had not been for agricultural trade surpluses our trade deficits for the past five years would have been \$26 billion greater. In 1973, the only year in the past four that we had a positive trade balance, the \$9.3 billion set trade contribution from agriculture offset a nearly \$9 billion non agricultural trade deficit. Without the net trade balance of nearly \$12 billion from agriculture in 1974, our trade deficit last year alone would have plunged to almost \$18 billion.

In Kentucky, the value of farm production is in excess of \$1.6 billion and over half of the population of Kentucky, directly or indirectly earns a living from agriculture.

As can be readily seen, agriculture is vitally important to Ky. and the nation as a whole both as to its role in producing food and in its role as a central sector of the economy.

Meet Your Representative

Congressman Gene Snyder's District Field Representative, Jim Evans, will be in Room 310 of the Federal Building in Covington for most of the day on Wednesday, September 17th to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0105 for an appointment.

Pact Hasn't Halted

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

I have repeatedly warned that we can't trust the Communists to live up to any agreement they sign that when we give them an inch they demand another mile. I've pointed out how the communists utilize one propaganda victory to gain still another one. Never learning, we keep being pushed around by them. Worse yet, the more they push the more we offer or give in to them, vainly hoping to get them to desist in their aggressions.

In the last few days we have seen two new examples of these standard communist tactic that we refuse to learn anything from.

In July our President and Secretary of State journeyed to Finland. At Helsinki, Mr. Ford affixed his signature to an agreement which recognized Soviet conquest of Central and Eastern Europe, in return for a lot of empty words about self determination of peoples, liberty of thought, civil rights, etc.

In my August newsletter to the 4th District, I condemned this move by which the U.S. "legitimizes a new right that of the greatest totalitarian state in human history to quash the liberties of millions of men and women outside its borders as its muscles them under its controls."

Well, think was hardly dry on the Helsinki document, before Moscow was attacking the U.S. for interfering directly in the internal affairs of the Portuguese. The gigantic hypocrisy of the Reds is truly a thing to behold! The whole world knows of the daily pitched battles in Portugal between the

Communists and pro Communists who've seized control of the country, and masses of anticommunist citizens who soundly trounced the Reds in the recent elections. Tens of millions of dollars have flowed in from Moscow to bring the Portuguese communists to power and keep them there. But Moscow takes the propaganda initiative.

Havana's initiative is just another version of the same policy. Having totally crushed the Cuban people, communist Fidel Castro since 1964 has pushed for U.N. action to condemn the U.S. for not liberating Puerto Rico - whose people have repeatedly rejected pro independence parties in elections. This year, Cuba became a member of the U.N.'s Decolonization Committee - which has only six freely elected governments out of 24 members. Cuba introduced a resolution in the committee on August 15th that recognized the inalienable right of the people of Puerto Rico to self determination and independence, and demanded that the U.S. refrain from any act of political persecution against Puerto Ricans active in the liberation of their country.

A resolution postponing consideration of the Cuban move was adopted on August 20th by the committee but we rewarded Castro the following day for kicking us in the teeth, by partially lifting our 14

year old embargo on American trade with Cuba. Will we ever learn that surrenders only increase the appetites of aggressors?

Two New Contracts

Two contracts for road improvements in Boone County were announced here recently.

According to state Transportation Secretary John C. Roberts, the contracts call for:

*Median revision on KY 18 at northwest end of KY 18-I-75 interchange, and widening of northwest ramp of Ky 18 - I-75 interchange involving grading, draining, surfacing and the installation of traffic signals for about .3 miles; also widening of the northwest ramp of the U.S. 42 - I-75 interchange involving grading draining and surfacing for less than .1 mile awarded to R.C. Durr Co., Inc., of Independence in the amount of \$258,086;

*Slide corrections between KY 18 and KY 1017 at Florence on the Lexington Covington Road (I-75) involving grading, draining and should pavings for about .2 miles awarded to the W.L. Harper Construction Co. of Covington in the amount of \$118,289.

All Saints Takes All

Last week in the Women's Area Churches Softball League, All Saints Women's Softball Team won 3 straight games, to give them the 1975 Tournament Championship Trophy. They also received a trophy for the Western Division Champs and the Sue Seng Good Sportsmanship Plaque.

The team has had John E. Ryan as their manager for the past 3 years. Their coaches this season were: Darrell Foley, Tony Berkemeier, and Wayne Hamilton. The team's roster consisted of the following ladies: Darlene Ryan, Patty and Dianne Raybourne, Marcia Berkemeier, Pam Rettig, Mary Jo Rehtin, Mary Ann Kordenbrock, Patty Seng, Kathy, Judy and Peggy Kelly, Kathleen

Robinson, Shauna Luebbe, Rita Ryan, Melinda McElroy, Laura Jones, Laura and Amy Kuchle, Michelle Stephens, and Danette Ryan. Rev. Harry J. Tenhundfeld is the pastor of All Saints Church.

The team expresses their gratitude to Stan Jones of Walton I.G.A. for his financial support and also for furnishing dugout refreshments throughout this season.

Other trophies awarded were: New Bethel Baptist - Tournament Runner-Up and Walton Christian Church - Eastern Divisions Champs.

Our sincere thanks to Rev. Bob Sheffield of the Walton Baptist Church for his opening prayer at the concluding games.

The Women's Church Softball League which is composed of ten area churches expresses their deep appreciation to Earl Abshire who took 5 long evenings of his time to announce all the tournament games and present the trophies.

My personal thanks to the Walton Advertiser for furnishing titles to all 22 items that were published this past season.

Rose Raybourne

Questions & Answers

Q. Is there a limit on the amount of money a veteran can pay for a home purchased with a loan guaranteed by the Veterans Administration?

A. No, but there's a limit on the amount of guaranty VA can provide 60 percent, up to a maximum of \$17,000. Also the loan cannot exceed the agency's appraised value of the property.

Q. As a veteran's widow, I was drawing pension from the Veterans Administration until I remarried. Since my second husband died recently, I wonder if I can get back on the pension roll?

A. Yes, under current law, a formerly eligible widow can regain her pension if the subsequent remarriage ends in death or divorce provided her income and net worth do not exceed income limitations.

Less Sugar

When you bake cakes, pies and other desserts try using less sugar.

You'll find that many recipes can tolerate an adjustment in the amount of sugar and still taste good. According to the foods specialists, sugar is one food you can cut down on and still be very well nourished.

Sunday

Sermon

Free
Yet Accountable
(Genesis 3:1-13)

There is a freedom which leads to the most difficult kind of slavery. Jesus Christ speaks of genuine freedom which comes from knowing and facing the truth. He said, "And ye shall know the truth and the truth shall make you free." (John 8:32) Again He said, "If the

son therefore shall make you free ye shall be free indeed." (John 8:36).

The most glorious freedom comes by recognizing that there are limits and restrictions to our freedom. Dr. T. B. Maston illustrates this truth in his book entitled, "Right or Wrong?" He speaks of the freedom of a train as long as it remains on the tracks. If the train could insist on its freedom to take off in any direction, how far would it get? If it leaves the tracks and the purpose for which it was made, it really loses its freedom. Man is free to "jump the tracks," but he really gives up his freedom when he does. Man's greatest freedom is experienced and enjoyed when he stays with the purpose of which he was created.

The first five verses of our Scripture lesson suggest liberty.

The Liberty
Genesis 3:1-5

In Genesis 2:15-17 we are told of man's being placed in the garden of Eden and told to "dress it and keep it." The word "Eden" means "delight." Man was told by God that he could eat of every tree of the garden except that of the tree of knowledge of good and evil. God further warned Adam, "In the day that thou eatest thereof thou shalt surely die."

When the serpent confronted Eve and planted seeds of doubt concerning God's word, she recounted the freedom God had given them. Eve understood their liberty to eat of every tree of the garden except the one.

There is a tremendous lesson for mankind in this ancient account of man's temptation and fall. Man has been given freedom to act as he chooses in any given situation. But man has restrictions and responsibilities as he makes his choice. God has made adequate provisions for man's needs. God has placed prohibitions upon man's own good. God has set out clearly the penalty for man's disobedience and abuse of his freedom.

MOUNTAIN MOMENTS

The Gourd Dipper

A good friend of mine, Parcel Flannery, of Ashland told me a story years ago that I want to share with you.

"July in the mountains can be the hottest month of the year, and this year was no exception. The temperature had risen steadily since dawn, and the humidity was almost unbearable. I had removed my thin coat early in the day, but I was still uncomfortable as the sun beat down with its unfeeling rays of punishment."

"We were taking a survey of a small community and I was

determined to complete my section today.

"By three o'clock I had visited every one in my section except Maggie, whose parents had died several years before. She had tried several times to marry, but men were not attracted to Maggie."

"She had learned to dip snuff and chew tobacco at an early age, but no one had ever taught her to keep the juice in her mouth! Consequently, tobacco juice continually dripped from her chin when ever she had a chew. Neglect and tobacco juice had resulted in serious decay of her teeth, especially in front."

Card of Thanks

I wish to thank every friend and neighbor for their cards, flowers, prayers and visits while I was in the hospital and since returning home.

Thanks to Rev. Ira Harris for his many visits and a special thank to my doctors, J.M. Huey, Carl Keumpe, to the nursing staff and aides at Booth Hospital.

Your kindness and concern was deeply appreciated.

Robert Horn

Revival

A Revival will be held at the Beaver Lick Baptist Church on September 22nd through September 28th starting at 7:30 each night.

Robert Morris the pastor of Warsaw Baptist Church will be bringing the message in worship each evening with special music every night.

Pastor Walter: "Buck" Shinkle welcomes everyone to come and enjoy the services each evening.

In Memory
Of Loved Ones

In memory of our loved one, Everett Bickers, who passed away on September 10, 1974.

When sorrow comes
as sorrow must
All that can help us
are time and trust

Time - the great healer of grief and sorrow
Trust - in the thought of a brighter tomorrow
Sadly missed by the family

Verses 6 and 7 of Genesis 2 point out the lust that entered the temptation experience.

The Lust
Genesis 2:6-7

Satan can never force a person to disobey God. Satan can only suggest. Man must always make the choice. This is why man is always responsible for his choice. This is why man is always responsible for his choice. It is quite evident that Satan is able to make an effective appeal to man. He plays on man's weakness. He appeals to the physical appetites and desires of man. Man has basic drives, urges, and appetites. There are God given. They are not sinful except when they become the launching pad for evil. Read James 1:14-15.

Our final passage turns our attention to the presence of the Lord.

The Lord
Genesis 3:8-13

This is the common experience of man. Man no sooner yields to temptation than he immediately hears the voice of the Lord. Shame, guilt, and fear follow hard upon man's experience of disobedience.

"The passage reveals God's great concern for man and for what man has done. It also reflects the true nature of man as he refuses to accept the blame for his wrong action. Man is free to act as he wills, but he cannot escape the consequences of his action."

603 Scott, Cov. 281-1226

"By the time I reached Maggie's place, I was ready to drop. I was hot, exhausted, and thirsty. Maggie never changed, and when she came to the door, she looked exactly as she did the first time I saw her."

"I jotted down the survey information, and started back intending to stop by a nearby spring for a much needed drink of water."

"The spring was cut in the side of the mountain and it was impossible for me to lap the water, so I had to use the gourd dipper hanging nearby. I was repulsed at the thought of drinking from Maggie's dipper, but, boy, was I thirsty! 'If I drink from the left side, maybe I'll miss the side Maggie uses. But what if she drinks from the left side? A brilliant idea struck me! I'll drink from the hole in the end of the handle!'"

"I just finished drinking when I noticed Maggie standing behind me. She was all smiles - decayed teeth, tobacco juice and all."

"Well, Mister, she said, 'you is the only person I ever seed who drank out a gourd jess lak I do!'"

FOR SALE

17 1/2 Acres, 6 room frame house, big barn, 220 wiring, 941 lb. tobacco base, Asking \$22,000. In Pendleton Co.

What is home? A blend of memories and mortar... walls and roof and smells of breakfast cooking... a place of rest at the end of the day... a feeling of possession, of belonging... a place of hates, loves, anger... center of things living.

Home may be a mansion on a hill, a cramped apartment, a farmhouse, a hovel, a new suburban split-level, the house Father built... but only to you and your family is it home. No one else may call it that. For home is a part of you!

Centuries ago a shepherd-poet felt this. Lonely seasons on the grazing slopes had taught him to love... to long for... HOME.

But he realized that, through this life and beyond, the nearness of God is part of the sense of home. Goodness and mercy would follow him all the days of his life. And he would dwell in the house of the Lord forever!

If your freezer stops running, don't panic. Food in a fully-loaded freezer will usually stay frozen for two days, even in hot weather, according to UK Extension foods specialists. In a half-full freezer, food will stay frozen about a day. If you can't get the freezer repaired right away, 25 pounds of dry ice will keep the temperature of a half-full 10-cubic foot freezer below freezing for two or three days. Wearing gloves to protect your hands, put the dry ice on boards or heavy cardboard on top of food packages in the freezer.

Lower grades of meat-USA Good and USDA Standard—are often good buys because they have more lean and less waste fat and sell for less than the Prime and Choice grades, UK Extension foods specialists

SERVICE—Get your furnace serviced and checked before winter. Take advantage of this special offer thru Sept. Only \$22.50 (includes regular service, parts and labor.) Call Rogers Refrigeration, Heating & Air Condition, 485-4377. 37-3tc

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, September 11, 1975

— This is a poor day for traveling and the fish won't bite but it would be a good time to clean off any part of your garden that is done for the year and start a compost pile so you will have some organic substance for next years garden if you are not familiar with making compost I am sure the county extension agent can give you some good advice.

Friday, September 12th

The moon moves in to the second quarter early this morning so if you have been advertising any property or merchandise this past week stay close to the phone the next few days and get ready to collect on your investment and if you forgot to advertise this week set down now and write an ad for next weeks paper and make a quick sale before the full moon next Saturday.

Saturday, September 13th

The moon enters the cardinal earth sign, Capricorn early this morning so get ready and do some home baking between now and Monday noon and the yeast dough will rise high brown to perfection, also a good day for sewing and mending and an easy time to write letters and take care of any correspondence you have been putting off or writing that ad for next weeks paper so you can get it in early Monday morning.

Sunday, September 14th

With the trine between the Sun and Moon today a sense of harmony

will prevail and your mind will probably pick up sounds of music from year's ago, as the English novelist Bulwar aptly put it "Music, once admitted to the soul, becomes a sort of spirit and never dies. It wanders perturbedly through the halls and galleries of the memory, and is often heard again, distinct and living, as when it first displaced the waverlets of the air."

Monday, September 15th

If you didn't have time for your home baking over the weekend try to get it completed before noon today and you will still have a delicious treat. This afternoon through Wednesday night would be a good time to pour concrete start new construction or to do some painting also a good time to move in to a new residence if you want to stay a long time but if you don't like the neighborhood you had better put the move off a few days.

Tuesday, September 16th

With the moon in the fixed air sign, Aquarius making all good aspects today this is the time to get out and look for employment if the recession has got the best of your old job, make a shortlist of all your good points and concentrate on them during your interviews, employers are a little selective at this time but a live wire is always in demand, if you are already employed you might see about a promotion or a raise in pay, but first do a little soul searching about your past performance and if you truly believe you deserve more compensation don't be afraid to ask.

Wednesday, September 17th

This is a good time to start any new ventures if you want them to last a long time start a new business or making permanent signs to advertise an old business or best yet write an advertisement to run every week in your local newspaper, after a while everyone in the community will know just where to call when they need your type of service or merchandise. Get your fishing tackle in good order as tomorrow through the weekend is going to be some of the best fishing of the year.

Protectors

Before leaving for a trip, cover your houseplants with a plastic box and secure to the pot or box to prevent moisture loss. Or group them together under a securely anchored polyethylene sheet. Place plants where they won't get too much light while you're away. I often leave mine in the bathtub.

A Little Known Facts

More than \$16.4 billion will be paid to veterans and dependents during fiscal year 1976 by the Veterans Administration.

Three increase in five years have been made in compensation payments to service disabled veterans, according to the Veterans Administration.

A massive "outreach" program using newspapers, radio TV, direct mail and personal visits to encourage 7.5 million Vietnam era veterans to use their veterans benefits is conducted by the Veterans Administration.

Actual and potential beneficiaries of Veterans Administration benefits include 29.5 million living veterans, their 66 million family members and four million survivors of deceased veterans nearly half the population of the United States.

**WOULD YOU
BELIEVE IT..?**

CHICK CHAT

By: Sandy

The latest fashions in bikinis to be introduced this year is said to have the fellows saying they have seen more cotton in the top of an aspirin bottle.

If the average man saves for the next 20 years at the rate he has been saving for the past 6 months, he'll be able to retire at age 60 and owe \$100,000.

The best way to save on tires is to stop in and see us. You won't be able to retire but you will have peace of mind.

Kenton Elementary September 18th

Mrs. Jack Land will preside when the Kenton Elementary PTA meets for the first time this school year on Thursday, September 18th at 7:30 p.m.

Mrs. F.D. Caton will introduce the faculty and staff.

Please plan to attend.

Discontinues Its Service

Goodwill Industries has discontinued its truck pickup service to several communities in Kenton and Boone Counties due to steadily increasing transportation costs. Jim Schworer, director of the Goodwill's Northern Kentucky Center, said pickup service has been suspended in Walton, Union, Helron, Verona, Independence, Nicholson, Ryland Heights, and Sandfortown. He explained that the distance of these communities from Goodwill's base of operations, and the mounting transportation costs involved, necessitated that the service be dropped.

"We regret this step had to be taken," Schworer said, "but we do appreciate very much the support that Goodwill contributors in these communities have given us in the past."

Both the Good will store and the rehabilitation facility in Covington will continue as receiving centers for donated materials.

Search For New Kenton County Site

The time for dickering has come for the Kenton County Board of Education in its search for a site for a new high school.

The Executive Council of the State Department of Education has given approval to four sites located by Board Members. The next step is to bargain on price and then submit the selection to state officials.

None of the tentative sites has been made public in order to prevent possible increase in price.

The new high school, the third one for Kenton County, is to be located in the area of I-275 and Madison Pike. It is estimated to cost approximately \$4 million and will accommodate 1200 students.

In another action the board determined to ask state officials to survey the Beechgrove area to seek solutions to the overcrowding problem.

The September meeting was held at the Twenhofel Junior High School where board members viewed the murals painted by student and parents.

The October meeting will be at the Dixie Heights High School.

Walton Life Squad Runs

September 7th
Delbert Hale, RR Union to St. Elizabeth Hospital.

September 9th
Pam Cundiff, Lorenzo Street, Walton to St. Elizabeth Hospital.

Eye The New Sign

Mrs. Rusty Richardson eyes a sign in front of White's Tower School denoting the forth coming Festival which she is chairing. The Festival will be held on Saturday, September 27th from 4:00 p.m. until 9:00 p.m. at the school.

Dinner will be served from 5:00 to 8:00 p.m., and other attractions will be games, country store, bake table, and auction. The public is invited.

Independence Holds County Seat Day

Reporter: Luellen Wolsing

Independence will hold the Independence County Seat Day on September 20. It will be a Flea Market and Collectibles day from 8 to 5 o'clock. The booths will be set up on the court house grounds and in the Independence Bank parking lot.

There will be food and drinks available on the grounds. If anyone is interested in setting up a booth contact Mrs. Paul Cooper, chairman, at 356-2053. A five dollar fee will be charged for setting up a booth. The money will go toward next year's bicentennial celebration.

Chambers & Grubbs, Inc.

The Incorporation of Boone County's oldest funeral service Chambers & Grubbs, which has establishments at Walton and Independence was completed on September 1st and on the same day Grubbs Funeral Home of Florence became the third funeral home under its direction.

The late C. Scott Chambers began his undertaking business in 1907. His daughter Mary C. Grubbs and son-in-law, Wallace K. Grubbs became owners in the business and in 1936 the first funeral home in Boone County was established at Walton and the name changed to Chambers & Grubbs Funeral Home. Now there are three Chambers & Grubbs funeral homes for the convenience of the people in Northern Kentucky.

Mary C. Grubbs senior member of the business, is proud to announce that Deane Poore who is married to her daughter, Elizabeth, will now be associated with the business. His wife, Elizabeth will become licensed in June of 1976. Deane has been general sales manager of L&N Concrete Company for the past several years. He is known through out the state for his pitching on the fastpitch softball team. L&N Concrete Co. which is presently the 1975 State Champions.

Jim Grubbs will continue to manage the Independence Funeral Home as he has the last eleven years with his wife, Janice assisting. Janice will become licensed in June of 1976.

Buddy Grubbs who is now a member of the Chambers & Grubbs team, along with his wife, Sharon who is also licensed, will continue to be managers at Florence.

Another daughter, Jeanette C. Clore, of Bellevue, is a licensed funeral director also.

By now it should be very clear that Chambers and Grubbs Funeral Homes of Walton, Florence, and Independence are very much a family owned and operated business with very capable and dedicated personnel to serve every family with the kind of service that meets the needs of all.

Fish Or Bar-B-Que?

The Boone County Memorial Veterans of Foreign Wars Post 6099 will hold their annual fish fry and an added preference of Bar-B-Que may be had this year along with french fries, starting at 2:00 p.m. on Oct. 4th at the post on U.S. Highway 42 in Union.

The proceeds will be used for the building fund.

Town Council Meeting Held

By Luellen Wolsing, Reporter

September 8th was the day of the Independence Town Council meeting. The minutes were read and accepted, then Mr. Dunningan and Mr. Doyle presented to the board information concerning Social Security for city employees. The city has to enter into a contract with the state and it would have to pay Social Security on all full time employees and any part time jobs where the person worked over 200 hours a year and whose position reoccurs Mr. Dunningan also said that any money paid in previously could be refunded.

The next item brought up was the rezoning ordinance proposed. A motion was made that the application for rezoning of several areas be with drawn. After discussion about the public meeting, the vote was taken and the motion was approved.

A report was made on the progress of the fire stations. Fire station two is opened and operation and the council advised the fire department to buy the land proposed for station three.

Another sign was requested on the account of small children and more 15 mile per hour signs were also requested. The council was informed that signs must meet Kentucky Statutes. A request was made that Rt. 16 be fixed and a letter received from Judge Dreesman concerning the sewer system.

The city tax was discussed and a motion was made and carried that the garbage collection fee should be cut in half. The bills were accepted and the council voted to have a personnel meeting to discuss filling the seat vacant on council and Social Security.

An air conditioner was discussed and also the news letter was discussed. The possibility of a representative attending a utility meeting was mentioned. Several other items were discussed and the meeting was adjourned.

P.T.A. To Meet

The Walton Verona PTA will hold first meeting at the Walton High School on Monday, Sept. 22nd at 7:30. Mr. Hahn and Mr. Muncie will introduce the new teachers. For the program Mrs. Newcomer will give some information about the Cheerleader Training Program she conducted this summer and Mr. Scheper will tell about the summer recreation program and basketball program he held in the summer. Make plans to attend.

Help Needed!

The Walton Verona Band Boosters has launched its annual fund raising plan - the community birthdate calendar.

All profits will be used for the band of Walton and Verona schools. The money is raised through the date of birthdays, anniversary, in-memoriam, in-service and meeting date listings; sale of the beautiful calendars with a picture of our high school band; and sale of advertising space on the calendar.

We hope that everybody in this area will list their birthdays and anniversaries so that this special occasion can be remembered by friends and relatives.

Our band will be representing our school and community in several different events this year: in Ashland, Richmond, Morehead, Cincinnati, and possibly Frankfort. Of course, performances will be given throughout the year in our school at various programs and at the halldances.

Each listing is only \$.25 and the calendars are \$1.00 the same as for a number of years. So when a representative of the Band Boosters calls on you, please list freely and purchase a calendar for yourself which will help buy necessary items for our band. Also we would urge you to support the business places which advertise on the calendar, their support is greatly appreciated.

If you have not been contracted to give your listing by October 3rd and wish to place your listing and order your calendar, call 485-4653 and your order will be taken. Thank you for your help this year and each year.

There are 18 players on this year's team; Susan Bair, Melinda Burden, Mary Reilly and Diane Cooper are this year's seniors. Juniors are; Wanda Goecke, Gwen Nantz, and Linda Shipman; Sophomores are Ann Culley, Barb Eggleston, Bebbie French, Kelli McMillian, Michelle Meiman, Linda Riley, Jona Rolar and Lynn Tucker; Freshman are Pauline Deters, Mary Kordenbrock and Chris Daley.

Kenton Board Members View Twenhofel Murals

KENTON COUNTY—school board members joined other groups in viewing the murals at the Twenhofel Junior High School. Above, left to right, at the mural in the cafeteria are Robert Scott, Board chairman; Robert Taylor and C. B. Menifee.

Life Saving Cancer Education

Miss Phyllis Smith

A program on symptoms and treatment of cancer, free and open to the public will be held on September 30th at 7:30 p.m. at the Union Light Heat and Power Company on 4th Street in Covington (Across from IRS Building).

The Kenton County Homemakers are sponsoring the seminar and it will be conducted by Miss Phyllis Smith, Educational Chairman of the Northern Kentucky Unit of American Cancer Society. Miss Smith resides in Edgewood and is also president of the De La Dama Toastmistress Club of Northern Kentucky. A volunteer, Miss Smith coordinates similar meetings thought out Northern Kentucky. Other volunteers who will assist Miss Smith in answering questions from the audience are: Mrs. Ralph Donohoo, Erlanger, a retired nurse; Mrs. Beatrice Tully, Latonia, a retired licensed Practical Nurse; Mrs. Robert McManus, Florence, a Registered Nurse; and Mr. Randall Wagner, Independence, immediate past president of the Northern Kentucky Cancer Unit.

Films on the most common types of cancer will be shown with questions about any type of cancer answered by the qualified panel members.

Artist Proves Talent!

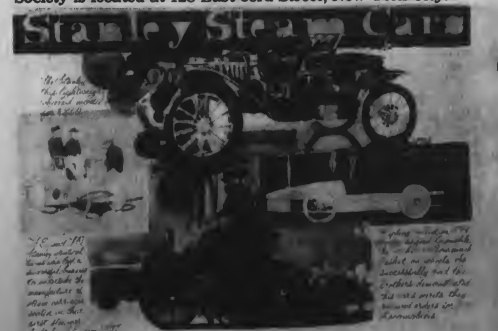

Accepting his award, Tom Fish, Crittenden, Kentucky, is congratulated by Mr. Charles Bassett, Vice President of Product Development and Creative.

Tom Fish, artist for Gibson Greeting Cards, Inc., had his work chosen by the Society of Illustrators for their annual exhibition in New York City, March 20th through April 18th.

Fish has been with Gibson for approximately five years. Prior to joining Gibson, he attended the Art Academy of Cincinnati. Art depicting Stanley Steam Cars, from Fish's 1976 "Wings and Wheels" calendar, was exhibited.

Approximately 500 pieces of art were hung in the exhibition, and were selected by a panel of jurors from over 4000 entries, on criteria such as expertise, color composition and illustration.

The Society of Illustrators was founded in 1901 its ultimate purpose being to celebrate and advance the art of illustration. The Society is located at 128 East 63rd Street, New York City.

Art depicting Stanley Steam Cars, from Fish's 1976 "Wings and Wheels" Calendar.

Flea Market Coming This Way

The Simon Kenton P.T.A. will have a flea market on Friday, September 19th starting at 9:00 a.m. until dark at the corner of Skyway Drive and Taylor Mill Road, one block south of Cherokee Shopping Center.

Toys, good used clothing, antiques, furniture, dishes, books, etc. They will also have a booth on Saturday, September 20th at Independence Court Day.

Proceeds will be presented to Simon Kenton High School. Come support the P.T.A.

Leadership Conference Held At Fairgrounds

Homemakers Leadership Conference, held at Boone County Fairgrounds, September 9th was attended by Mrs. Don McMillian, Mrs. Leo Flynn, Mrs. R.C. Hinesdale, Mrs. Gaines Ed Huey, Mrs. Gayle McElroy, and Mrs. Walt Ryan.

Speaker of the afternoon was Libby C. Walthall, Coordinator of Community Services, Ashland Community College. Mrs. Walthall spoke on "Females That Fashion the Future".

Plays Trumpet For Eastern Kentucky

The 190 member Eastern Kentucky University marching band includes one member from Walton, Ky.

Gregory Allen Coyle, son of Mrs. Betty J. Coyle, who attended Walton Verona High School and a 1973 graduate is now a member of the Eastern Marching Band.

Mr. James Layne, director of the Walton Verona Band is proud to have one of his fellow members included in a band of this size.

For All Women

Mrs. Marian Hinton, a nurse with the Cervical Cancer Detection Program, will be conducting a Pap Test Clinic in conjunction with the Boone County Health Department and the Boone County Unit of the American Cancer Society.

The Cervical Cancer Detection Program is a new effort to reduce uterine cancer as a cause of death in women. It is funded by a federal grant through the Department of Human Resources. It is part of an ever expanding effort of the government and of the private sector to provide the means to every Kentucky woman to receive the benefits of early detection of cancer.

The Pap Test is simple, painless and effective. It can detect not only cancer of the cervix, but precancerous conditions and permits diagnosis before symptoms appear.

Statistics show that there will be 46,000 new cases of uterine cancer in 1975, and 11,000 deaths.

Women of any age are urged to take advantage of this opportunity for a free examination.

Mrs. Hinton will be at the Boone County Health Department on Tuesday, September 30th from 1 to 4 p.m.

Let's Hear From The Senior Citizens

The Taylor Mill Area Senior Citizens meeting was held on September 9th at the Brucewood Presbyterian Church.

Miss E. Taylor welcomed all members and guests and then introduced the speaker, Marylene Peace. She showed a film and told about the R.S.V.P. Program.

Mrs. M. Brock from the Cincinnati Bell told about the "Hats of History", Rev. Paul Fashiro, from the Staffordsburg, Methodist Church gave the devotions, with coffee, pie, and sandwiches being served after the service.

Mrs. Ballinger presented the birthday of the months with the following members present to help congratulate them.

Leontine Stephens, C. Lewis, A.W. Yates, S. Lloyd, O. Dorman, A. Dorman, M. Rector, E. Manter, L. Saunders, Mr. and Mrs. H. May, Ruby Armstrong, W.A. Wolf, Mr. and Mrs. C. Ballinger, Mr. and Mrs. John Bruce, H.R. Hutchins, K.L. Galloway, E. McQueen, L. Fraizer, G. Appel, E. Coppage, E. Mann, M. Rich, Mr. and Mrs. Paul Fashiro, L. Reeves, K. Schwalter, C. Binder, G. Rapp, and M. Peace.

There Still Time

There's still time this year for outdoor cookery and, while most of us think of an outdoor grill as a place to sear hamburgers and scorch an occasional steak, other good things can be cooked on these charcoal fueled devices.

According to food specialists, a charcoal grill is also a good thing upon which to cook vegetables fresh from the garden. You can cook them they say, in aluminum foil, directly on the grill, or in the coals.

Fresh vegetables that can be cooked in foil are beets, corn, potatoes, sweet potatoes, onions, and squashes. The same vegetables mentioned above as well as peppers, carrots, and tomatoes can, of course, be cooked in pots or pans on the grill. Potatoes with the jackets on can be roasted in the coals and talk about something good - yum, yum.

Vegetables shish kabobs composed of onions, carrots, tomatoes, potatoes, sweet potatoes, and peppers, can be roasted over a grill. These fresh vegetables can be marinated or basted with various sauces during roasting.

If you do not have a back yard garden, canned or frozen, vegetables can be cooked on the grill. Open the canned vegetables and place directly on the grill for heating or cooking right in the can. Frozen vegetables can be opened, dotted with butter, wrapped in foil, and cooked to perfection on the grill.

On this subject of vegetable cookery and eating, while most of us are used to cooked vegetables that are served up hot, there is no law against them being eaten raw. Raw vegetables make excellent appetizers and snacks, especially when sprinkled with salt or dipped in low calorie dressings and sauces. Carrots, celery, radishes, cauliflower, cabbage, green peppers, tomatoes, cucumbers, and pickled vegetables are all good as snacks. Only trouble is, instead of appeasing the hunger as snacks are supposed to do, they often stimulate the appetite instead.

And there is no law either that forbids vegetables being used in a variety of other ways. Vegetables can also be stuffed or used in flapjacks, puddings, soups, sauces, cakes, cookies, pies, and breads.

Tomatoes, green and red peppers, cabbage, zucchini, squashes, and celery are especially good when stuffed. The stuffing can be made of mixtures of rice, meat, bread, cheese, and other vegetables. Corn, carrots, asparagus, and mushrooms are good in custards. Chopped spinach, broccoli, onion, and corn are good in souffles.

When it comes to tablefare, vegetables are versatile in both cooking and use.

Litter Attracts

Litter seems to attract litter. Small families litter more often than those with five or more members and local residents litter more often than tourists. Also, according to a study done by Gallup International, Inc., men litter more often than women.

KENTUCKY CRIME CHECK

KENTUCKY CRIME CHECK—The above "logo" was designed by an advertising agency for use as the theme of Gov. Julian Carroll's Statewide Crime Prevention Program. The logo will be used on television spots, brochures, films, billboard and newspaper advertisements as part of a public education effort the governor hopes will reach every citizen and increase awareness of crime.

Simon Kenton Band On Tour

On August 9, 1975, The Scottish-Rite YMCA Youth Symphonic Band departed from Cincinnati for a concert tour to Florida. Ten students from the Simon Kenton High School Band are members of this band. They are Anita Hoffman, Jeff Howard, Anita Morgan, Jeff Wesselman, Pat Nagle, Denise Nagle, Brenda Gibson, Arthur White, Laurie White, and Robbie White.

The band directed by Mr. Herbert Tiemeyer of Cincinnati, played concerts at Williams Park Bandshell, St. Petersburg; First United Methodist Church in Dunedin; Clearwater YMCA, in Clearwater; and Busch Gardens, Tampa.

The group spent the week at the Lagoon Motel on Clearwater Beach, where they enjoyed swimming and the attractions of living next to the Gulf.

A special feature of the tour was a trip to Orlando where the band spent the day enjoying Disney World.

In 1975, the ancient Accepted Scottish Rite assumed cosponsorship of the band, thereby enabling it to enlarge its schedules and services, making its music available to thousands who could not otherwise enjoy it.

Northern Kentucky

Northern Kentuckians generated 300,000 tons of solid waste last year. That averages out to about a ton for each person in Northern Kentucky.

Fishing In Kentucky Waters

With the recent cold snap in Kentucky, water temperatures on the major lakes have dropped as much as 15° into the 70's over the past week. Fishing is generally improved, particularly for black bass. The lake-by-lake rundown, as compiled by the Kentucky Department of Fish and Wildlife:

Nolin: Bluegill good around deep banks on the upper lake; black bass fair to good on artificial nightcrawlers along shallow banks on the lower lake; white bass fair trolling deep runners off deep banks and points on the lower lake; clear to murky, rising, two feet below pool and 77 degrees.

Cumberland: Black bass good fly fishing bass bugs or still fishing small crawfish; crappie good over deep cover; below dam, trout fair to good; clear, stable, 41 feet below timberline and 78 degrees.

Green: Black bass good on spinner baits and medium runners over drop-offs; crappie good in inlets and bays over submerged cover; below dam, trout fair; clear, to murky, falling, one foot below pool and 76 degrees.

Laurel: Black bass good on surface lures in inlets and bays; crappie good in timbered coves; clear, stable and 74 degrees.

Buckhorn: Crappie good around stick up; black bass fair on surface to medium runners over weed beds; clear to murky to muddy, falling, four feet below pool and 72 degrees.

Dewey: Catfish good on cut bait over drop-offs; crappie fair over submerged cover; clear to murky to muddy, stable and 76 degrees.

Grayson: Bluegill fair to good around stick ups in inlets and bays; crappie slow to fair over submerged cover; below dam, trout slow; clear, falling slowly, one half foot below pool and 72 degrees.

Kentucky: Sauger good trolling deep runners and still fishing minnows over channel drop-offs; black bass fair to good casting surface to medium runners over submerged cover; below dam, catfish slow; clear to murky to muddy, falling, 3/4 feet below pool and 76 degrees.

Barkley: Crappie fair in inlets and bays over submerged cover and around stick ups; black bass slow on surface to medium runners in inlets and bays and on artificial nightcrawlers over drop-offs; below dam, catfish fair; clear to murky, stable, 3/4 feet below pool and 74 degrees.

Barren: Black bass fair to good on surface to medium runners along points and sandy banks; crappie fair over submerged cover; clear to murky to muddy, falling slowly, 1 1/2 feet below pool and 73 degrees.

Cave Run: Black bass good on the upper lake casting artificial nightcrawlers and still fishing minnows and fair on the lower lake on surface to medium runners; musky fair casting and trolling deep runners over channel drop-offs; clear to murky, stable, 3/4 feet below pool and 68 degrees.

Dale Hollow: Black bass fair in jumps on surface lures; crappie slow in inlets and bays over submerged cover; clear, falling, 2 1/2 feet below pool and 80 degrees.

Fishtrap: Crappie fair over submerged cover; black bass slow on deep runners around rocky points; below dam, trout slow; clear, stable, two feet below pool and 78 degrees.

Herrington: Black bass fair on surface lures and flyrod poppers in inlets and bays early; bluegill slow along deep banks; clear, falling, seven feet below pool and 77 degrees.

Rough River: Crappie fair over drop-offs; bluegill fair along deep banks; below dam, trout slow; clear, stable and 76 degrees.

Women Veterans

Some of Kentucky's 2,000 women veterans who served in the armed forces and left service since February 1, 1965 may be eligible for a new special payment from the Veterans Administration.

To receive the approximately \$30 per month for each month they were in training on the GI Bill between June 1, 1968 and October 24, 1972 they must have been married at the time.

During that period, the VA

regional office in Louisville explains women veterans who were married did not receive the increased allowance extended to male veterans who were married.

A recent VA ruling made this eligibility retroactive to June 1, 1966. Those who trained after October 24, 1972, have already been paid on the same basis as their male counterparts.

Women veterans can file claims for the money at the VA regional office, but there is a cutoff date of July 1, 1976. Claims cannot be

accepted after that date.

Proof of marriage while in training must be furnished in connection with the claim. The additional amount of husbands cannot be paid to women who trained under the other World War II and Korean Conflict GI Bills.

Women veterans who proved to VA while they were in training that their husbands were permanently disabled and incapable of self support have already been paid the additional amount.

Welcome Wagon Welcomes You!

Mrs. C. Woodrow McKay has completed a course of training in Cincinnati preparing her for the position of Walton Verona's Welcome Wagon Hostess.

Kathryn McKay resides on Rt. 2 in Walton, and is one of 8,000 Welcome Wagon hostesses who make more than a million calls annually on families in more than 4,000 cities throughout the United States, Canada, Puerto Rico, and the United Kingdom.

On behalf of more than 100,000 business sponsors, Welcome Wagon calls on families on such important occasions as when they move into a new home, when there is a new baby, and when an engagement is announced. Welcome Wagon also participates in special events such as golden wedding anniversaries, installation of new civic and governmental officials, visiting dignitaries, and other occasion especially important to the family or the community.

Often referred to as the service "In the business of building friendships," Welcome Wagon's basic policy is service—service to the family and service to the community. A most important part of the Welcome Wagon call deals with civic and religious information especially designed to be of help to the family.

Indicative of Welcome Wagon's volunteer services and civic achievements are citations from organizations such as the American Red Cross, the American Heart Association, the United States Postal Department and the United States Treasury Department.

Welcome Wagon service is one not only of public relations, but more important it meets a present day need in the field of human relations.

With her "Most Famous Basket In The World," Mrs. McKay will warmly extend to the families upon whom she calls the hand of friendship and helpfulness for which Welcome Wagon has been known for more than four decades.

Mrs. McKay knows this community, having lived 20 years in the area. She has been teacher and counselor in the public schools and is presently director of library services at Union Baptist Church, Union. She is interested in promoting the welfare and progress of this community and is looking forward to serving the community in her new position.

Firm Awarded

Government Contract

U.S. Small Business Administration Southeastern Director Region IV, Wiley S. Messick, Atlanta, Georgia, has announced a new government contract for Safeguard Corporation.

Under a federal program which sets aside a portion of government procurement for small businesses Messick said the Defense Construction Supply Center in Columbus awarded a contract in the amount of \$153,315 for Life Preservers to be performed at Covington.

"This set aside program," is part of SBA's continuing effort to assure a fair share of Federal contracts to small businesses to enable these small firms to develop and grow.

SBA seeks only to expand the volume of government prime contracts to small concerns but also to increase subcontract awards to small business from government prime contractors.

During FY 1974, small businesses obtained 33.3 percent of the total federal procurement dollar outlay in terms of dollars, they received \$15.4 billion; \$10.3 billion in prime contracts and \$5.1 billion in subcontracts; of the total \$46.5 billion spent on procurement with US business firms.

For more information concerning government, contact the SBA Office at 1401 Peachtree Street, Atlanta, Georgia.

Think "cheese" when making menu plans, UK Extension diary specialists suggest. Cheese can be used as the main protein source for a meal or as an appetizer or supplement to main courses. And, with today's packaging methods, there's no waste with cheese it's 100 percent edible. It can be stored in the refrigerator several months before the package is opened and will usually keep at least two weeks after opening. And it can be left at room temperatures for several hours without spoiling. "Cheese has many advantages" is the specialists' reminder.

Buying Milk

You'll probably save money by getting fresh fluid milk at supermarket. Home delivered milk usually costs more, and milk at small special service stores may also be more expensive. Compare prices carefully before you decide to buy milk regularly through a home delivery service or at special stores.

Father Tenhundfeld Passes Away

Bishop William T. Mulloy ordained Father Harry J. Tenhundfeld in Cathedral Basilica of the Assumption on June 3, 1960.

For the next 25 years, Father Harry worked tirelessly in a number of jobs including that of business manager at Villa Madonna College now Thomas More, faculty member at Covington Latin School, and administrator of St. Rose of Lima Parish, Mayslick.

On June 3, 1971, he was named pastor of All Saints Catholic Church, Walton. Friday morning as he slept in his quarters at the church, Father Harry died. He was 54.

Father Harry was one of eight children of Harry and Florence Tenhundfeld of Bellevue. He went to school at Sacred Heart Elementary, Covington Latin and St. Gregory Seminary, Cincinnati, before joining the Air Force when World War II started.

He later graduated from St. Paul Seminary, Cincinnati.

He was named associate pastor, Cathedral Parish, Covington in 1950, became business manager of the Messenger, the Covington diocesan weekly newspaper in 1951, and in between work and relaxation he was a bowler. He served on the faculties at Latin School, St. Pius Tenth Seminary and St. Patrick High School, Maysville.

From 1962 to 1965, Father Harry was administrator at St. Rose of Lima. He served as the pastor of St. Francis Xavier Church before coming to Walton's All Saint Church in 1971.

Survivors include his mother of Newport, brothers, Ralph, Metairie, La., Jack, Sharonville, O., and Father Paul Tenhundfeld of Mother of God Parish, Covington; sisters, Mrs. Dorothy Boemker, Covington, Mrs. Rosemary Chalf, and Mrs. Jean Wimberg, both of Newport and Mrs. Joan Milburn of Mississippi.

Father Paul will be principle celebrant at a consecrated mass of Christian Burial that was held on Monday preceded by Office of the Dead at the All Saints.

Transfer of the body and the wake service was held on Sunday in Chambers & Grubbs with burial in Priests Cemetery, St. Pius Tenth Seminary in Erlanger.

Grocery Bills

When you do your food shopping often affects your grocery bill. Best to check prices in nearby stores for several foods you buy regularly; then decide which store offers reasonable prices and other features important to you, such as variety and good quality food. Usually, it's best to pick a convenient store that offers reasonably priced foods and then stay with it. Store hopping for advertised specials can be costly in time and gasoline for bus fare unless the stores are close together.

"Grabbers" are often losers in the shopping game, so don't rush through your grocery shopping. Give yourself time to think over the best buys and find real bargains. Just a little more time spent in the supermarket can help you locate winners in price and quality.

Text and drawing by Kentucky Heritage Artist Robert A. Powell

Joseph Holt House Breckinridge County

This 14-room antebellum mansion, the birthplace of Joseph Holt, stands 15 miles from Hardinsburg near the village of Holt.

The older left side of the house was erected by John W. and Eleanor Stephens Holt around 1800-1805. Their son Joseph was born here January 7, 1807. He spent his early youth in Breckinridge County and attended St. Joseph's College in Bardstown and Centre College at Danville. Joseph Holt read law under Robert Wickliffe in Lexington and was admitted to the Hardin County bar in June 1828. He practiced with Ben Hardin in Elizabethtown for several years.

He was married twice, first to Miss Mary Harrison and then to Miss Margaret Wickliffe, daughter of Governor Charles A. Wickliffe, of Bardstown. The old Holt house was

enlarged about 1848; the right wing was added and the front porch with iron grille put on.

Joseph Holt was appointed commissioner of patents by President Buchanan; he also held the office of postmaster general. In 1860 he served as secretary of war under Buchanan, and continued for a short time in President Lincoln's administration.

In 1863, Holt was appointed judge advocate general with the rank of brigadier general and later presided at the trial of Mrs. Surratt and the other Lincoln conspirators. He retired in 1875, and died in Washington, D.C., on August 1, 1894.

Judge Holt was buried in the family cemetery at his home, where an eight-foot shaft with bronze eagle marks his grave.

Take Along Bars

When the pedaling seems all uphill, stop to snack on Bike Hike Bars. Take time to taste the good ingredients in these nutritious golden treats - quick or old fashioned oats, raisins and wheat germ spiced with cinnamon and cloves. Bike Hike Bars are definitely easy riders for today's easy going cyclists. Do take them along for the ride!

Bike Hike Bars

- ¼ cup shortening, soft
- ½ cup sugar
- 2 eggs
- 1 teaspoon vanilla extract
- ½ cup sifted all purpose flour
- 1 teaspoon cinnamon
- ¼ teaspoon salt
- ¼ teaspoon cloves
- 1 - ½ cups quick or old fashioned oats, uncooked
- 1 cook dark seedless raisins
- ¼ cup wheat germ

Heat oven to moderate 375 degrees. Beat shortening; add sugar, beating until light and fluffy. Blend in eggs and vanilla. Sift together flour, cinnamon, salt, and cloves. Gradually stir into creamed mixture. Add oats, raisins and wheat germ; mix well. Spread to cover bottom of a greased and floured 13x9 inch baking pan. Bake in preheated oven for 35 minutes and cool before cutting. Serve with cream cheese if desired.

Annual Meeting Of Retired Teachers

Retired teachers in the seven counties of the Northern Kentucky District will be interested in hearing a discussion of present challenges and opportunities and future plans that will be given by Dr. John M. Ridgway at 1:30 p.m. on September 24th in the Lance Room of the Drawbridge Rowntown Inn located on 175 and Buttermilk Pike in Ft. Mitchell.

Dr. John Ridgway is a member of the legislative committee of the Kentucky Retired Teachers Association. He was active in the sessions of the Kentucky General Assembly in 1970 and 72 and 74 in bringing added benefits to retired teachers. Before retirement Mr. Ridgway was superintendent of the public schools in Lexington, now he serves as a consultant to a private school, Hazel Green, in Southeastern Kentucky.

Northern Kentucky Retired Teachers is an affiliate of the Northern Kentucky Education Association which will hold its annual session in the Drawbridge Inn at 9 a.m. on the same date. The morning assembly will be spear headed by the well known Kentucky author, Jesse Stuart.

The Northern Kentucky District includes the counties of Boone, Gallatin, Grant, Kenton, Campbell, Bracken, and Pendleton.

Average Household

The average household in the nation produces about seven pounds of solid waste each day.

County Agent's 1/2 Acre by: Joe Claxon

Owning a piece of land is an American tradition. Nearly three fifths of our total land area is privately owned. The biggest part over one billion acres out of a total 2.3 billion is in agricultural use. Practically all of the cropland and most of the grazing land belongs to private owners.

Forests account for about 750 million acres, with well over half in private ownership particularly in the East. Nearly 9 out of every 10 acres of forestland east of the Great Plains are privately owned, with about 4 out of 10 acres held by owners who are not using the land for either farms or commercial forests. In the past 2 decades these owners have increased their holdings by 40 percent, largely at the expense of forest farms, and represent a trend toward ownership of woodlands for recreation or other purposes.

Silage & Forage Testing
By **Darwin Foley**
Kenton County Extension Agent

Under normal moisture conditions corn silage should be harvested when the ear is in the hard dent stage at a dry matter content of 30 to 35 percent. When juice runs from your silo it's not dry enough and cut silage with sharp knives to a length of 3/4 - 1/2 inch for better packing. Fill silo as fast as possible for less spoilage.

Sample silage while filling and place in a plastic bag or jar and place in freezer. I have sample kits available which contain an information sheet, plastic bag and cloth mailing bag. The cost is \$7.50 and up, and the first 250 samples from Kentucky receive a free

White's Tower P.T.A. Meeting

The White's Tower Elementary School P.T.A. will hold their first meeting of the year on Thursday, September 18th at 7:30 p.m. at the school. There will be introduction of new officers and board members for the 1975 and 76 school year.

Mr. Larry Compton, principal will present the teaching staff to which has been added one new teacher, Miss Phyllis Von Strohe who will be teaching the third grade.

Room count will be taken and the three teachers with the highest percentage of parents present will receive a cash prize to be used for the enjoyment of their class.

Babysitting will be available for all preschoolers.

Here Is Your Representative

Congressman Gne Snyder's District Field Representative, Jim Evans, will be in room 310 of the Federal Building in Covington for most of the day on Wednesday of September 24th to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0105 for an appointment.

The remainder of the Nation's land, both privately and publicly held is in cities, mountains, deserts, wildlife preserves, and public facilities.

Although the bulk of U.S. acreage is farmland, there are only about 4 million farmland owners. Of these, about 1.4 million are nonoperator landlords, who own but don't actually farm the land. This type of owner is common in States like Illinois where rentals account for over half the acreage and nearly three fifths the market value of farmland and buildings.

In 1969, the latest year for which there are Census statistics, there were 2.7 million farm operators of whom 2.4 million owned at least some of the land they farmed. 722 million acres in all. Nearly 1 million operators were noncommercial (parttimers, semi retired folks, hobby farmers, etc.) with annual sales of less than \$2,500.

About half the land in farms is operated by part owners, while another third is operated by full owners. Thirteen percent is operated by tenants.

Now is the time to have your soil tested. For information call your Extension Office, located in Burlington or call 586-6101, extension 17th.

mineral analysis. Your hay can also be tested. I have a core sampling tool which can be attached to a drill for sampling from bales.

Our extension dairy specialist will also balance a ration for you. Last year Kentucky dairymen who used the service increased milk production as much as 12 pounds per day, while others lowered feed costs up to \$200 per month and still maintained top production.

Forage tests provide information on protein, fiber, and dry matter.

With this a concentrate feed can be used or formulated to supply all the nutrient needs of producing cows. Protein is the real heart of the forage test. Underfeeding or overfeeding are both costly. Dry matter indicates quality and intake in silage feeding. Extremely wet silage limits dry matter intake. Silage which is too dry may heat in storage and tie up protein which the cow can't digest.

There is apparently a lot of interest in silage additives. Before buying additives it would be wise to ask for a complete description in writing of the benefits of the product, and data to support the claims from an impartial source such as a university experiment station. Weigh the costs and benefits of the product before deciding to use it or not. Don't expect to buy a miracle ingredient to correct mistakes in storage management.

VERONA - Lovely Mediterran style 3 B.R. brick ranch with beamed ceiling family room which features Brazilian Rosewood Panelling, 2-car attached garage - central air - newly landscaped - almost a level acre with large garden space - \$45,000. Call Scarlett Stutler @356-8244 or 371-4444.

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Stating that "we need excellence, not mediocrity," Senator Walter Dee Huddleston announced today that he will oppose the nomination of James F. Hooper of Mississippi to fill the vacancy on the Tennessee Valley Authority Board of Directors. "TVA is at a critical crossroads in its history, and the times demand a person of the highest qualifications and ability and someone who can enjoy the confidence and respect of all concerned," Huddleston said. "Unfortunately, I do not believe Mr.

Hooper measures up to this standard." Huddleston cited the following reasons for his decision:

*Mr. Hooper has little or no background in the fields of energy and conservation "which will be the overriding issues facing TVA in the immediate future."

*Mr. Hooper's close association with at least three businesses that failed, some under controversial

circumstances. "This indicates if nothing else a lack of management skills required to run a multibillion dollar utility," Huddleston said.

*Potentially serious ethical, if not legal, questions have arisen concerning Mr. Hooper's previous business and financial dealings. "Allegations do not constitute proof, but enough questions and charges have been raised to seriously undermine public confidence in Mr. Hooper and that is not what TVA needs," Huddleston said.

*Previous participation in Party politics, rather than qualifications, "appear to have dictated Mr. Hooper's nomination."

"Even giving Mr. Hooper the benefit of all doubt, I do not believe he measures up to the standard of previous outstanding TVA board members like David Lilienthal, Gordon Clapp, Herbert Vogel and Frank Smith," Huddleston added. "That's the kind of person we need today, someone of national stature."

"TVA has a long and outstanding history of contributing to the progress and development of the Tennessee Valley. It has made great contributions to my state of Kentucky, for which we are most grateful and the agency has generally been responsive to public needs."

"It is vitally important at a time when TVA faces more criticism than ever before that we continue and improve this public accountability. More than ever the governing body of TVA must possess the competency and knowledge to deal with a variety of complex and often controversial issues, foremost of which is energy."

"I urge the President to come forward with another nomination, one that will inspire the respect and confidence of all affected groups, and one that will provide leadership and direction to TVA's future. We need excellence, not mediocrity."

Questions & Answers

Q. My GI Bill entitlement has expired. Can I still use tutorial assistance provided by the Veterans Administration?
A. No. Unused tutorial assistance expires with GI Bill entitlement.

Q. Can you tell me whether I have to be a member of a veterans organization to volunteer my services in a Veterans Administration hospital?
A. No. All that's required is a desire to help hospitalized veterans. Suggest you phone the voluntary service office at the nearest VA hospital, if you'd like to help.

Q. How many veterans and military service personnel have received education benefits under the three GI Bills?
A. Nearly 15.1 million have trained, beginning with the enactment of the World War II original GI Bill. The cost of all three GI Bills through June 1974 was \$30.1 billion.

Walton Meeting September 9th

Walton held a town meeting on September 9th in the city building. The minutes were read and approved and several complaints were made to the representative of the construction company about the sewer. John Taylor presented the bills from the water department. There was also some discussion about the water system.

Mr. Arnold Caddell requested that Walton annex an area on US 25 that is to become a subdivision with approximately 208 building sites. KZF and Associates are to prepare a cost recovery and users charge system for the council. Mr. Clark presented the bills for the month and the meeting was then adjourned.

Track Schedule Walton Verona

September
18th Simon Kenton
20th Cov. Cath.
23rd Dayton
24th New Cath.
27th NKIAC

The above games are scheduled away tract meets at the school listed, beginning at 4:15 p.m.

The Covington Catholic Invitational will be held at Mardale, Dayton will be held at Lloyd, and the NKIAC Invitational at Villa.

Come out and support the team as they go into competition.

Congress Directed Teddy

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

Among the errors and outright falsehoods perpetrated by some people who what the U.S. to give up the Panama Canal, is the charge that President Theodore Roosevelt pulled off some dastardly deed in getting it.

The Washington Post in an August 10th editorial entitled "The President's Turn in Panama," intimated it: "American failure to set aside the 'big stick' with which Teddy Roosevelt acquired the Canal Zone, and to move into a new association respecting Panama's sovereignty, would be condemned everywhere." The Louisville Courier Journal on July 11th conjured up fear of another "nightmarish Vietnam involvement" if we don't surrender the Canal Zone to Panama.

Number one, Panama has no sovereignty over the Canal Zone. It is U.S. Territory as much as Washington D.C. or Louisville, Kentucky. The Supreme Court, idolized by the Post and the Courier Journal on other issues, like busing, but not mentioned in connection with our Canal, affirmed U.S. sovereignty over the Canal Zone in 1907 in the case of Wilson V. Shaw.

Number two, Teddy Roosevelt acted, not on his own, but in response to legislation passed by Congress. Effective June 28th, 1902, it was "An act to provide for the construction of a canal connecting the waters of the Atlantic and Pacific Oceans." Called the Spooner Act, it was Public Law 183 of the Fifty-Seventh Congress. It directed the President to acquire "Perpetual control of a strip of land . . . from the Caribbean Sea to the Pacific Ocean, and . . . perpetually maintain, operate, and protect thereon a canal." The land intended was territory of Colombia, but when Panamanian rebels achieved independence from Colombia—admittedly with our help—the new country got paid for the territory the \$10 million appropriated by the Congress in the Spooner Act for Colombia, or if negotiations failed, for Costa Rica and Nicaragua for an alternate canal. The Act said: (The emphasis is mine).

"Sec. 2. The president, is hereby authorized to acquire from the Republic of Colombia for and on behalf of the United States, upon such terms as he may deem reasonable, perpetual control of a strip of land, the territory of the Republic of Colombia, not less than six miles in width, extending from the Caribbean Sea to the Pacific Ocean, and the right to use and dispose of the waters thereon, and to excavate, construct, and to perpetually maintain, operate, and protect thereon a canal."

"Sec. 4. Should the President be unable to obtain . . . control of the

necessary territory of the Republic of Colombia . . . then the President, having first obtained for the United States perpetual control by treaty of the necessary territory from Costa Rica and Nicaragua, upon terms which he may consider reasonable, for the construction, perpetual maintenance, operation, and

protection of a canal . . . shall . . . cause to be excavated and constructed a ship canal . . . by way of Lake Nicaragua."

"Sec. 5. The sum of ten million dollars . . . is hereby appropriated . . . toward the project herein contemplated by either route so selected."

SHORT ROWS

By Nevyle Shackelford

Gardening Tips from Extension Specialists at the University of Kentucky College of Agriculture

Like soldiers maneuvering against an enemy, army worms invade a field and set about devouring the crop with such energy that the leaves sometimes rustle as if by a wind. These native pests of America first did serious damage to corn planted by white settlers in 1632. Many outbreaks have occurred since and UK Extension entomologist Wes Gregory warns that this could happen again. At this time of year, he advises that a close check be kept on soybeans, late planted corn, and other crops.

Army worms, Gregory adds, are widespread east of the Rocky Mountains and sporadically build up damaging populations that feed on grasses, wheat, corn, oats, soybeans, and sometimes on alfalfa. Since 1896 when the first major outbreak was reported, millions of dollars worth of food crops have been eaten by these hungry creatures. No such outbreak is expected this fall but there could be enough of these pests around that if left to their own devices, could do a lot of damage.

Som of other injurious insects to watch out for during the rest of August and September are tobacco hornworms, Japanese beetles, and grasshoppers. Since grasshoppers will eat just about anything green, they are often very damaging to late gardens and when abundant may destroy complete plantings of such crops as collards, beans, and lettuce. To inhibit the depredations of all these insects, Gregory recommends the application of Sevin to the infested vegetables. As another word of warning, before using any insecticide, read and follow directions for use on the label, also if the outbreak of any of these insects is above normal, get help for their control from your county extension office.

From now on until the first killing frost, the pesky house fly is going to become more of a problem, especially around barns, and dairies. With new insecticide

restrictions taking more and more bug killers off the market, houseflies could once again become quite a problem.

According to Gregory, the basis for any good house fly control is good sanitation. House flies breed in all types of filth—manure, decaying vegetables, garbage. Naturally, then, their numbers can be reduced more easily if sanitation is more practiced along with the use of insecticides.

Oak Island Homemakers Meet

The September meeting of the Oak Island Homemakers Club was held at 1 p.m. on September 8th in Fellowship Hall of the Oak Island Baptist Church. Mrs. Glenda Jackson, Vice President, presided during the business session.

Officers for 1975-76 are: President, Mrs. Nancy Peebles; Vice President, Mrs. Glenda Jackson; Secretary and Treasurer, Mrs. Dixie Dressman. Lesson leaders and subject chairman were selected for the ensuing year.

Mrs. Jackson announced that the homemakers annual fall luncheon will be October 22nd at Town and Country Restaurant, Dixie Highway.

A devotional on the topic "Being Good Discerners of Time", was given by Mrs. Leontine Stephens. Her scripture was Ecclesiastes 3:1-8. She said "Every moment is precious and should be used for the glory of God. If you value eternity make good use of time."

Members answering roll call were: Mmes. Elizabeth Barberick, Dixie Dressman, Lydia Huffaker, Glenda Jackson, Mary Jackson, Elinor Mamter, Nancy Peebles, and son, Danny, Margaret Rector, Betty Rucker, Leontine Stephens, Mary Whalen and Miss Elma Taylor.

The topic for the October 6th meeting of the club will be "The Court System".

CRITTER column

The Bunny— A Loveable Pet

by Sue Johnson

The rabbit, which has been a laboratory animal for many years, also makes a wonderful pet. They are clean and easy to take care of.

The rabbit will need a hutch, which can be bought or made. It should be well ventilated, but also provide sufficient shelter. Many rabbit hutches have wire flooring. No matter what kind of flooring is used, it must be cleaned often.

Inside the cage you will need a food

dish, a water dish (or water bottle), and a spool of salt for the rabbit to lick. Their front teeth are ever growing and require hard substances to keep them worn down. It is a good idea to place a piece of wood in your rabbit's cage for this purpose.

As far as feeding your bunny is concerned, most pet shops sell rabbit pellets, which are fine for every day feeding. You can also feed him fresh greens and vegetables. A clean supply of water should always be available.

Training your rabbit is fun.

If you keep your rabbit outside, don't worry about extreme temperatures. Bunnies can stand quite low temperatures if they have generous amounts of hay or straw for floor covering and bedding. They are more likely to suffer from heat.

You can train a rabbit to walk on a leash, or even to use a kitty litter box! The older the rabbit is, the harder it is to train, so, if possible, get a young one.

A few of the more popular breeds of pet rabbits today might include the Dutch rabbit, which is bred for its markings, the Angora, a long haired rabbit, the large checkered giant, the pocket-sized Polish, and probably the most popular, the albino, a large white rabbit.

Bunnies can be very friendly and affectionate when handled correctly. They are timid creatures with a sensitive nature, so always be quiet and calm around them.

Blue Dutch rabbits are bred for their markings.

Cooperative Club Holds Meeting

The Cooperative Club met at the home of Mrs. James Riddell on September 9th with the meeting being called to order by the president.

The meeting was opened by singing "Onward Ever Onward". Mrs. Veronon Porterfield led the devotion and she read three verses of 1st John.

Eleven members were present and one new member added, Mrs. Fraizer and the two visitors were Mrs. Lee Utz and Mrs. Percie Rice. The lesson, "How to use the Library" was enjoyed by all who attended the meeting.

Lunch was served and enjoyed by those eleven members present: Mrs. William Smith, Mrs. Carles Alexander, Mrs. Vernon Porterfield, Mrs. Fred Kirtley, Mrs. Kenneth Kennedy, Mrs. Walter Sleet, Mrs. Anna Fraizer, Mrs. Charles Spriggs, Mrs. Jennifer Vance and the Hostess, Mrs. James Riddell.

Kenton County Garden Club Meets

The Kenton County Garden Club met at 2 p.m. on September 4th in Fellowship Hall of Grace Baptist Church, Independence for a work shop on Arts and Crafts. The items made will be for sale at the Club's Booth on Independence Day, September 20th with a covered dinner dish served at 6 p.m.

After dinner, Mrs. William Straw, president, took charge of the regular business sessions. Plans were completed for the club's booth on Independence Day.

Mrs. Straw announced the Blue Grace District meeting on September 22nd at the Woman's Club of Central Kentucky Building, 214 North Broadway, Lexington, Ky. Mrs. Straw, Mrs. Ralph Gauge, and Miss Elma Taylor plan to attend that meeting.

Members answering roll call were: Mmes. Edwin Damon, Dora Pennington, Forest Papp, Leontine Stephens, William Straw, Terry Polley, Kenneth Webster, James Webster, and Misses Margaret Stephens, Elma Taylor, and Alice Jane Williams. Mrs. Doris Hightower was a welcomed guest.

The September 25th meeting of the club will be at 8 p.m. at the home of Miss Margaret Stephens at 5241 Madison Pike in Independence. The guest speaker will be Mrs. Evelyn Kalb, president of the League of Women Voters.

Homemakers Club Organization

The Kenton County Homemakers are beginning their 46th year of organization this month. There are presently 41 clubs with over 700 members in Kenton County. New clubs and additional members for existing clubs are encouraged to join this educational unit of the

Cooperative Extensive Service, a part of the College of Agriculture, University of Kentucky.

Anna L. Myers
Kenton County
Home Economics

Mrs. Ann Myers, County Extension Agent in Home Economics coordinates activities of the clubs within Kenton County.

The purpose of the homemakers club is to improve themselves, their homes and their families thru up to date information in all areas of Home Economics. This information is channeled from Home Economics Specialists at the University of Kentucky to the local and Area Home Agents where they in turn train leaders from each club. The leaders then take this information back to their local clubs at each monthly meeting.

Funding for this non-profit organization comes for combined Federal, State and County Tax, monies and everyone is welcome, regardless of race or national origin.

Homemakers Clubs are organized in all counties of Kentucky as well as all 50 states. Organizations is on club, county, area, state, and National levels as well as International with the Associated County Women of the World, the largest women's organization in the world.

Lessons for the year are chosen by majority vote of the club members and include information from each area of Home Economics such as Clothing, Foods, Housing, Home Furnishings, Home Management, Consumer Education, Child Development and Family Life. Members stay informed on current events, and the Fine Arts thru Cooperation of other Civic Organizations.

The Extension Office, located on the 2nd floor of the Courthouse in Independence invites you to stop in and pick up any bulletins that have been presented to homemakers in the past years. Also call from 8:00 to 4:30 p.m. Monday to Friday at 356-3155 for further information.

Friends

By: David Lucas

The morning was quite and not a bit like any other morning except for the knowledge that it was Labor Day, on a farm however Labor Day is just that, another day of Labor.

The sun was up and breaking through a slight morning haze, soon it would await the men to field their crops of tobacco. The hired hand unlike the sun was not up, the time had come to find the reason why.

The old shack which the hired hand called home was run down and in bad need of repair and a good coat of paint, the resident however would not sweep the floors or even wash his own dishes and any remodeling would most likely be for not. The setting for the old home was one which should be given to a hundred thousand dollar mansion, a plush green carpet of grass, beautiful hillsides and valleys in all directions, the clear morning sky was blue and high and the cabin itself was bathed in the shade of the old maple trees.

On some mornings the sound of steel on steel would ring out from behind the house as the man would pound out such items as horse shoes, angle irons or when he was shaping knife blades from his raw materials along with many sounds coming from the old blacksmith shop. Other mornings you could hear the sharp crack of a gun as he would down a coon or a groundhog for his two border collie buddies. This morning no sound was heard from inside,

outside or around the cabin, only silence.

Inside the house was found a pathetic sight of a fifty six year old man, naked, lying on a dirt bed, his legs and arms crossed and a thirty eight caliber pistol clutched firmly in his right hand. Just over his right ear is where he placed the gun and fired sometime within the past forty eight hours.

The house inside reeked with the smell of rotten food left lying on the kitchen table, now taken over by maggots, the floor was somewhere under a heavy layer of crusted dirt, the only light was that which the stained windows were reluctantly giving way to, this scene was one which will be etched on my mind until the day I take it to my grave.

The shell that now lay motionless on the bed had just a few hours ago housed a man, a man with feelings and emotions, feelings and emotions that we can now only speculate how harshly they had been abused. A man who had seen his family torn apart early in life, a family which was now only a legal title and not one which was being held together by any ties of love. This lack of love and family must have left a great void in this mans life, in his soul and in his mind. A void which no matter how hard had they try could not be filled by those nearest to him.

This man had at one time turned to God, but as time went by he refused to accept him as his savior, he turned his back on the only hope

and comfort which he could find in this world, the Lord.

Instead of seeking the help of someone who had interest in his life he sought his help in the wrong places, the bars and the contents of the bottle. Inside the cabin on this morning was found not one but six whiskey bottles, empty, one wine bottle, empty and about a dozen empty beer bottles. These were the friends present at the time he decided to end his life, these were the companions who stood at attention and urged him to pull the trigger, these are the ones who creed him on as the bullit tore into his skull and snuffed out a human life.

This is one story that will never take the place of a commercial for any of this mans "friends", a picture of this sort of death will never be placed in front of you on the TV screen while someone in the background teels you to "grab" all the gusto you can grab, instead this story will be forgotten by all, all except those who know and saw what this mans "friends" urged him to do, and unfortunately this story will be recalled by others in the future retold by those who are near someone who will seek and find the same "friends" as this man has, and these "friends" will someone convince another to take a life.

This last farewell party should have never taken place, but it did thanks to all of his "friends!!" whiskey, wine and beer.

PUBLIC
AUCTION
SAT., Sept. 20, 1975
Time 10:00 A.M.

Real Estate will sell at 12 a.m. sharp. Farm Equipment will sell at 10:00 a.m. till 7 Mr. Melvin Wright and Mrs. Diane Wright has authorized us to sell their home at 6191 Martin Road. Just off Moffett Rd.

Guess Who Pays !

If proposed changes in Kentucky's Air Pollution Control Regulations are approved, we will be forced to install sulfur dioxide "scrubbers" at our generating stations. Our wholesale electric energy costs will increase by approximately 63%. And all for a system which is unproved and unnecessary.

Tall smoke stacks cleaned up the air in London, England. The Environmental Protection Agency's own funded studies have found little relationship between sulfur dioxide levels and health. And EPA environmental regulators admit that sulfur dioxide by itself probably doesn't matter much.

We want the best possible life for all Kentuckians, but we can't understand how squandering consumers' money can improve our quality of life.

Owen County Rural Electric Cooperative

Owenton, Kentucky

U. K. Football On The Move

Fran Curi's exciting Kentucky Wildcats have two new school records on the book and possess a tie for another record as they prepare to meet Kansas at 1:30 p.m. in Commonwealth Stadium.

In their opening 27-8 victory over Virginia Tech, the Wildcats ran a total of 91 plays (74 rushing, 17 passing) to beat the old school record of 90 (63 rushing, 27 passing) set in 1951 against Tennessee Tech.

The 74 rushes beat the old record of 70 set against Miami (Fla.) in 1949 and Tennessee in 1953. The Wildcats registered 31 first downs against the Gobblers to tie a record set against Tennessee Tech in 1951.

Sonny Collins, UK's All-Southeastern Conference running back, carried 17 times for 120 yards against VPI, bringing his career total to 546 carries for 2,805 yards. He is only 28 carries shy of the conference record 574 carries set by John Musso of Alabama in 30 games (69-70-71) and 290 yards shy of the conference career rushing record of 3,095 set by Eddie Price of Tulane in 1946-47-48-49.

Collins' average per carry of 5.1 yards is ahead of the record 4.8 set by Musso, however, Musso's 91.4 yards per game average is ahead of the UK star's 90.3 mean.

Curi was pleased with the way his squad "answered" some of the questions posed by the coaching staff prior to the opening game. The Wildcat defense was superb, quarterback Cliff Hite, Derrick Ramsey and Bill Tolson performed well while Collins and Steve Campassi gave the Wildcats a fine one-two backfield punch.

Curi complimented tight end Vin Hoover, a Corbin native who transferred to UK after Tampa dropped football, and centers Greg Nord and Tom Dornbrock. He also said the Freshmen played well and it was good to give them much needed experience.

The most disappointing aspect was the kicking game. John Pierce, who tied a UK record for most field goals (3) in a game and holds the school record for longest field goal (52 yards), both set last year, missed four field goal attempts and one extra point try against the Gobblers.

Pete Gemmill, punting for the first time in a collegiate game, was in the position of having to punt short and never got tested with his back to the wall. Curi said the kicking game needs to improve vastly if the Wildcats are to be a good team.

Kansas brings a 1-0 record to Lexington after losing, 18-14, to Washington State in the opener for both teams. Bud Moore, a former assistant coach at UK, left Alabama to take over the Jayhawk team this year.

Therapy Affection

Therapy—With affection is given by Ms. Juanita Thomas, Physical Therapist at Redwood School and Rehabilitation Center, a United Appeal supported agency.

nearly new clothing and many handmade items for sale. The sales staff are three clients of Redwood School and Rehabilitation Center who are paid for their service. There are individuals who could work for any company, but due to their handicap are limited to certain type jobs.

Debris

Burning debris was the leading cause of forest fires in Kentucky last year. Smoking or matches was the second most common cause of forest fires. Fires that were deliberately set ranked third.

Beginning Of A Dream

United Cerebral Palsy of Northern Kentucky and its facility Redwood School and Rehabilitation Center in Ft. Mitchell is the fulfillment and yet only the beginning of a dream. That dream had its inception in 1950 when a group of parents, led by Mr. and Mrs. Wm. Redar of Cold Springs, parents of a cerebral palsied child, began meeting irregularly and informally to discuss their children future bleak as it seemed then.

At that time, the only facility to diagnose cerebral palsy in children was the clinic sponsored by the Commission for Handicapped Children in Louisville. For many parents in the Northern Kentucky area it was, at best a difficult trip.

The organization of United Cerebral Palsy of Northern Kentucky was formally incorporated in 1953 and as the program grew, classes were shuttled about the area. By 1956, UCP had become a Community Chest agency. The first budget request submitted to the Chest was for \$4,000.

Just as 1971 saw expanding services to pre school children so 1974 was the year when the special needs of the teenagers were examined. Occupational therapists were hired to expand the program of vocational and pre vocational training for this group and to coordinate their efforts with those of the Northern Kentucky Vocational School to prepare the young people to enter the job market. There is also a work activity center for adults.

There is a waiting list of children who want and need the unique combination of education and

therapy offered only at Redwood. The obvious solution expansion again and as many times as necessary until every child with cerebral palsy or a learning disability is able to obtain the help needed to enable him to use his talents to the fullest.

Just recently opened is a Craft Shop located at 2 East Southern Avenue in Latonia. The shop "Redwood crafts and things" has

Sermon

My Brother's Brother
Genesis 4:1-15

Walter Scott noted that "the race of mankind would perish did they cease to aid each other. We cannot exist without mutual help. All therefore that need aid have a right to ask it from their fellow man; and no one who has the power of granting can refuse it without guilt."

The lesson we are considering today is of quiet a contrary spirit from that quotation.

The Malice
Genesis 4:1-7

Verses one and two tell of the births of Cain and Abel as well as the life vacation of each son. Abel was keeper of sheep, but Cain was a tiller of the ground. There are many questions left unanswered in this passage of Scripture. Perhaps it would be well for us to bear in mind that the questions unanswered are ours and not the writer of this account.

Verses three and four present the prospects of a beautiful relationship - the two brothers are standing at the altar of God. But as the story unfolds darkness and gloom settles over the place of worship. Abel's offering and Abel himself are accepted and approved by God. Cain and his offering are rejected. Why? The writer doesn't say. There may be a clue in verse four in the word "Firstlings" pertaining to Abel's offering. This is not said of Cain's offering. Does this mean that Abel out of gratitude and a sense of total commitment, brought the best he had to God? Did Cain simply bring something but not his best, and thus revealed his lack of dependence on God?

Verses five and six expose Cain's reaction to God's rejection of him. Malice arose within him. Watson said, "Malice is the devil's picture. Lust makes men brutish; malice makes them devilish - it is mental murder." And mental murder lead to actual murder.

In verse seven God offers Cain: a solution but Cain's anger and malice has rendered him too deaf to hear it. Sin, like a wild animal, lies crouched at the door ready to devour man, but man would not have to give in to it. Cain went on to murder his brother because he rejected God's recommendation to repent! Cain talked with Abel his brother. What

MOUNTAIN MOMENTS

After I was grown, I used to wonder why my mother washed on Tuesday instead of Monday. But one thing for sure - I always hated to see wash day come, and to this day the smell of chlorine bleach brings back memories of wash days!

I was one of six children - two boys and four girls, and it seemed that we could dirty our clothes faster than anyone else. But suppose since we had done such a good job getting them dirty, Mom thought we should

assume some of the responsibility of getting them clean.

Early each Tuesday morning we were awakened somewhat earlier than usual, and each child had a chore. Actually my brother and I got a start the day before. We had to fill two washtubs from the well the night before. There wasn't "running" water at our home. All our water was secured from a shallow well located about 25 yards from the house.

A housing was built around our well and on the post which held a small roof was attached a rope and a

long bucket. The bucket had a release near the top which, when pulled, would let the cold water gush out.

To the best of my memory it took 15-20 of these buckets to fill a wash tub and, believe me, this was no small chore! Leroy and I carried the filled tub to the back porch where Mom did her washing - during the warm months, that is. When it was cold, she washed in the Kitchen.

Now let's pick up with getting up early on Tuesday morning. Mom had been up since 4:00 a.m. - her usual time for arising for many years - heating buckets of water on her wood- and coal-burning stove. This made a hot job in the summer, but in the winter it wasn't so bad.

Between 6 and 7 a.m. Mom got the kids up. The biscuits were still on the warmer and Mom or one of the girls fried eggs, the gravy was warmed up, and we usually had some kind of jam or jelly.

When the work began! The girls helped wash clothes in the wringer washer - but some of the dirtiest clothes were washed by hand on a

wash board. Mom washed the "whites" first and the "colored" clothes next - in the same water. After wringing them in the roller on the machine - the clothes were rinsed and run back through the wringers. The girls hung the clothes out to dry in the sunshine and Leroy and I carried the wash tubs out to empty them, while Mom cleaned the machine. So now when I wonder why Mom never washed on Mondays - I think maybe she just put off that terrible wash day just one more day!

are our inner attitudes and feelings toward our fellow men when we "talk with them?" Are we merely "putting up" with them or is there genuine love and concern? Do we really care about what happens to people? Even those within the fellowship of our churches?

Cain rose up against Abel his brother, and slew him. Whether or not Cain cared, God did. Whether or not you and I care God does. In Genesis 3:9 God's question to Adam was "where art thou?" God's question to Cain and to us, is "Where is your brother?" Cain's answer was something like this, "I'm not concerned for the whereabouts or the conditions of my brother!" What is our response to this question today?

Mercy
Genesis 4:11-15

Man needs to bear in mind that God does not so easily overlook any man. It was such love and compassion that caused God to give His Son to die for every man.

Cain must bear the awful penalty for his sin. He got out of harmony with the very earth he tilled. He rejected brotherly fellowship with Abel so he would be a wanderer and a vagabond. Cain sensed the terrible consequences of his disobedience and cried out for mercy. That mercy came as God set a mark upon him. That mark was one of mercy and not punishment.

Missionary at Baptist Temple

Missionary Dave Lingo, going to Columbia, South America, will be the special guest speaker in the 7:30 p.m. Services this Sunday at the Florence Baptist Temple. Rev. Lingo was raised as a missionary's son in Chile, South America, from 1955 to 1966. He attended Baptist Bible College and also Evangel College in Springfield, Missouri. Rev. Lingo will be presenting the mission field of Columbia by showing slides of the country and also speaking.

The public is invited and for more information you may call 586-6090. The Florence Baptist Temple is one of Kentucky's fastest growing Independent Baptist Churches. A 600 seat auditorium is being planned due to the growth of the temple.

N.K.P.G.A. Plans

The officers of NKPGA (President-Ivan Bennett, President Elect-Bill Arnold, Secretary-Rita Becker, Treasurer-Sr. Mary Rufine) during their initial meeting is August discussed the annual plan for 1975-76.

The theme will be career development. The program to kick off this year is scheduled for September 23, at the Ramada Inn, Florence. As part of the annual plan, two workshops are scheduled. The first slated for early November will involve school counselors in career guidance. A second workshop is planned for early March, again involving school personnel, this time in the area of career education. The objective in the latter meeting is to assist counselors in providing staff development ideas and techniques to the faculty and administration of their own school district.

To fill out the annual plan, there is anticipated a second luncheon meeting due sometime in January. The program will be announced at a later date. Also a final dinner meeting will complete the year in late April. That program will also be announced later.

Growing up

Look at your lanky, teen-age son! It's hard to believe that he once wore these shoes. It seems only yesterday that he was a baby, yet he himself is the best testimonial that the years have passed. Now he stands almost as tall as you. He is a fascinating motz of contradictions - an eager, lovable youngster one minute, a scowling, angry adolescent the next.

It takes patience to understand a teen-ager - patience, and a lot of love. Though he strives to be adult, he is still a boy. Though he clings to childhood, he is almost "grown-up." You may not always be aware of it, but he still looks to you for many things. And he sees in you an example that he will, almost unconsciously, follow in many ways.

Are you setting a good example? How about church, for instance? If you haven't been going lately, start again next Sunday for your son's sake, as well as your own. And don't forget to take him with you!

Skillet Cake
With Western Flavor

Here's a large baked pancake with flavor reminiscent of tales from the woolly west - hearty and wholesome whole wheat. It's made with a pancake mix that's so easy any cow puncher turned chuck wagon cook could serve it with "come and get it" assurance.

And once they taste Bacon Skillet Pancake, your cowboys and girls won't pass up breakfast and chance missing out on their share. There's just enough bacon to enhance the meal but not so much to break the budget. Served with scrambled eggs and citrus juice, it's breakfast the entire family will enjoy.

Bacon Skillet Pancake

6 slices of bacon, diced
1 cup whole wheat pancake mix
1 cup milk
1 egg

Heat oven to hot 425 degrees and fry bacon pieces until crisp in 10 inch oven proof skillet. Drain off fat until bottom of skillet is just covered.

Place pancake mix, milk and egg in bowl. Stir until fairly smooth. Pour over bacon pieces in skillet and bake in preheated hot oven at 425 for 12 to 14 minutes. Serve warm with maple blended syrup.

Stingers Hockey
On 50-50 Club

On Thursday, October 9, a hockey clinic and a remote telecast of "Bob Braun's 50-50 Club" will take place at Cincinnati's new Riverfront Coliseum. Details of the events were announced today by Bob Braun on his noontime program.

The World Hockey Association Cincinnati Stingers will conduct a hockey clinic from 11:00 a.m. - 11:50 a.m. The players will demonstrate various aspects and techniques of the game during the clinic which is designed for those who would like to understand more about ice hockey. Commentators who will explain the maneuvers being demonstrated will be announced at a later date.

At 12:00 noon, "Bob Braun's 50-50 Club" will originate, live, from Riverfront Coliseum. Following the day's hockey theme, the program will feature a number of Stingers players and coaches as guests.

The combined event (clinic and telecast) will give Bob Braun viewers and area hockey fans a chance to see Major League hockey players in action at close range and also to attend a "50-50 Club" remote telecast.

Complimentary tickets for "Bob Braun - Cincinnati Stingers Hockey Day" may be obtained by writing the number of tickets desired (limit of 6) on the outside of a self-addressed, stamped envelope and sending the envelope to: Bob Braun - Stingers Day Box 50-50 Cincinnati, Ohio 45201

Coliseum gates will open at 10:00 a.m., Thursday, October 9. There will be no reserved seats.

If your freezer stops running, don't panic. Food in a fully-loaded freezer will usually stay frozen for two days, even in hot weather, according to UK Extension foods specialists. In a half-full freezer, food will stay frozen about a day. If you can't get the freezer repaired right away, 25 pounds of dry ice will keep the temperature of a half-full 10-cubic foot freezer below freezing for two or three days. Wearing gloves to protect your hands, put the dry ice on boards or heavy cardboard on top of food packages in the freezer.

Lower grades of meat-USA Good and USDA Standard—are often good buys because they have more lean and less waste fat and sell for less than the Prime and Choice grades, UK Extension foods specialists point out. All lean meat, regardless of grade, has the same amount of protein and, if correctly prepared, the lower grade cuts make tasty main dishes.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, September 18, 1975

If you read last week's forecast you probably remember that today through the weekend is going to be some of the best fishing of the year and talking about memory did you remember to get your fishing license? As small investment where the money is well spent in keeping giving us years of pleasure in the great outdoors. If you don't like to fish this would be a good time to transplant or pot some of the flowers you want for house plants this winter.

Friday, September 19th

We have a full moon in Pisces late tonight so today might be a good time to look over your door and window locks and do any repairs, referring to a study made by the Miami Florida police department they found that violent crime such as murder and rape showed a marked increase during the full moon period, this study was made by checking back over the police records for a number of years so is a good indication of when to be extra alert such as looking behind the front seat of your car before entering especially when parked in a shopping center.

Saturday, September 20th

If you aren't going fishing this would be a good day for planting and transplanting any trees or shrubs or anything else you want to get a good start before winter also a good time to pot any flowers you want for house plants this winter. If you want your hair to grow back

thick and fast get it cut today and give the scalp a good massage.

Sunday, September 21st

Another sabbath when we can sleep a little later, eat leisurely, and prepare to enjoy the fruits of our weeks labor which should be at least one day of happiness and contentment, and with a little practice maybe more days in the future, Sydney Smith a century ago gave a good clue where to find the most happiness; quote: "The haunts of happiness are varied, but I have more often found her among little children, home firesides, and country house than anywhere else."

Monday, September 22nd

The moon in Aries today through tomorrow noon start planning on doing some home baking at this time while the yeast dough will rise high and brown to perfection so what if you are an amateur? Your grandmother wasn't born with the knowledge either. Also a good time for house cleaning and if you planned to dry any fruits or vegetables this would be a good time to experiment but the home canning would do better this weekend.

Tuesday, September 24th

The sun enters the cardinal air sign Libra at mid morning so this is the first day of fall with I hope another month of good weather to get ready for the winter season, today and tomorrow would be a good time to set fence posts, pour concrete or start any new building projects also a good time to complete the painting you have been putting off all summer, with the moon in the fixed sign Taurus the paint will flow easy penetrate the wood and look nice for a long time.

Wednesday, September 24th

If you want your hair to be show growing back get it cut any time today or tomorrow morning, also a good time to visit your dentist if you need fillings or plate impressions and if you need new glasses get your eyes examined today, if your health is good you could do some shopping and probably get some bargains in staple goods and help fill the pantry for the winter we know is coming, if you need new shoes buy them late in the day and you will be inclined to get a good fit and the latest style.

Celebrates
90th Birthday

Mr. and Mrs. Woodrow Greene entertained on Sunday for Mrs. Greene's mothers 90th birthday. It was a great surprise for Mrs. Henry Warsaw, Ky., all five of her children were there, with the grandchildren and great grand children and her many friends.

The table was beautifully decorated with a center piece of white rose buds and daisies plus two other floral pieces and a large birthday cake decorated with a family tree with each of the childrens name on the branches. The table was full of pretty packages of birthday presents.

It was a great day with about 70 people there to enjoy all the food, games, and just a good time for all.

DRIVE CAREFULLY

**WOULD YOU
BELIEVE IT..**

CHICK CHAT

By: Sandy

Everything has it's beauty, but not everyone see's it.

Getting old is merely a matter of feeling your corns more than you do your oats.

SHE: "I consider, Elmer, that sheep are the stupidest creatures living."

HE (absent mindely): "Yes, my lamb."

Most folks consider that if it is tires they want, there is only one G & G TIRE Company. You know where.

G & G TIRE CO., INC.

LOOKING BACK

20 Years Ago

Thursday, September 15, 1955

Mr. and Mrs. Howard Loomis of Latonia will celebrate their 50th Golden Anniversary on September 25th.

Wa-Na Club is sponsoring a bake sale at Ryan's on Saturday at 10:00 a.m.

James L. Alphin the Walton City Clerk and Treasurer, has handed in his resignation of his post since June 1954. It will be in process on November 1st.

Pvt. Snowden Wilson of Verona is now stationed in the island of Hawaii. He is an annuimention bearer. Mr. and Mrs. William Cluster, Walton have opened a new service center and carry-out station one mile south of Walton.

Larry Collins, son of Orville Collins and grandson of Flora Woods has returned to Kentucky after a successful time in Europe with the baseball circles. He was the leading batsman and he was struck out only three times in 144 times at bat with a .410 average.

and Mrs. Wendell Rouse attended the wedding of John Muser of Falmouth, Ky.

Dr. and Mrs. Gaines E. Huey are rejoicing over the arrival of a baby girl.

Mr. and Mrs. Hesse Vest were the guests of his daughter, Mr. and Mrs. Clayton Jones and family for dinner on Sunday.

Miss Carolyn Armstrong is confined to her home with bronchitis.

Mrs. Richard Ryan and family are spending a few days with her family.

Mr. and Mrs. Guy Carlisle and daughter, Christy spent Sunday in Lancaster, Ky.

Mr. and Mrs. Herman Best have a new son, named William Wayne.

Mr. and Mrs. Robert Horn and Judy, spent Sunday with the Meyers family of Ludlow.

Walton Homemakers Club will hold their first meeting on Friday.

Robert Scott, of the U.S. Navy spent a 10 day leave with Mr. and Mrs. John Scott of Verona.

Congratulations to Mr. and Mrs. Russell Littrell on their marriage.

PCA's New Mobile Unit

September 15th commemorates the beginning of a new era for the Walton Field Office of First Kentucky PCA. On September 15, 1975 Office Manager, Steve Fisk rolled into Warsaw at 2:30 p.m. to serve the farmers of Gallatin County. The mobile office, pictured above, is only the third such office in the United States.

The purpose of this mobile unit is to provide farm credit service to farmers within a ten mile radius of their farm. The PCA mobile unit will be radio equipped and will be in Warsaw, Dry Ridge, Falmouth, Alexandria, and Burlington each week.

Stop in and see your PCA representative at your earliest convenience. The schedule is as follows:

Monday	2:30 - 4:00	Warsaw	B&B Dairy Whip
Tuesday	8:30 - 11:00	Dry Ridge	Federal Land Bank BLDG.
Tuesday	1:30 - 4:00	Falmouth	Farm Bureau
Thursday	8:30 - 11:00	Alexandria	Farm Bureau
Thursday	1:30 - 4:00	Burlington	Farm Bureau

Walton Field Office 606-485-4118
Steve Fisk, Manager res. Phone 606-824-5650
Vince Rowe, Jr. Asst. Manager res. Phone 606-635-3387
Darryl Sargent, Field Rep. res. Phone 606-654-8316

Quick Tricks With Knits

Mrs. Evelyn Hance, Home Economics teacher at Walton-Verona High School, has announced that Mrs. Gertrude Papoutsis, recently retired Kenton County Home Demonstration Agent, will begin teaching an adult education course "Quick Tricks With Knits" on September 30, at 7:30 p.m. The course containing seven lessons on sewing with knits will be held in the high school home economics department and each lesson will last two hours.

This course is open to all interested adults in the Walton-Verona area; however the class enrollment will be limited to twenty five members. There is no charge for the lessons. All class members are asked to bring to the first class a notebook, fine point felt marking pen and scissors.

If you are interested in attending please contact Mrs. Hance during school hours at 485-7721 for reservations.

Let's Spread The News In Verona

Linda's Beauty Salon which was established in 1968, by Linda Burgess is now being managed by owner again on Wednesday, Thursday and Fridays.

Vicki Rosenstiel, a very qualified and experienced hairdresser will maintain the salon on Saturday.

Shop as been under different management the past 3 months and we are looking forward to serving you again.

National Beauty Salon Week is October 5th - 11th, and we are taking part by offering a special savings to you.

Look in the Classified Ads Section for the special offered by a salon. To obtain an appointment call 493-5166.

Wa- Na Club Meeting Planned

The regular meeting of the Wa- Na Womens Club of Walton will be Thursday evening October 2, at the Methodist Church.

Mrs. Elmer Groger and Mrs. Jack Norris are hostesses for the evening and extend a welcome to all members and their guests. Miss Joella Sleet has arranged a program on Kentucky's Consumer Protection Laws.

This information session is sponsored by the Kentucky State Dept., and presented by Ms. Susan Stopher.

For your enjoyment there will also be an attractive display of Sarah Coventry jewelry. A representative will be present to help you make your selections and gift selections.

Mrs. Gayle McElroy, club president will conduct the business session which will include plans for a bake sale on Saturday October 4th.

Fall Festival September 27th

Brian and Mrs. William Miller

Hi! Want to catch a fish? says Brian Miller. Brian is the son of Mr. and Mrs. William Miller and mother is in charge of the Fish Toss for the White's Tower P.T.A. Fall Festival. The Festival will be held on Saturday, September 27th from 4 to 9 p.m. at the school.

A roast beef dinner will be served from 5 to 8 p.m. and there will be lots of games, prizes, a Country Store and loads of homemade cakes and candies. Fun for all and the public is invited.

Field Representative In Covington

Congressman Gene Snyder's District Field Representative, Jim Evans, will be in Room 310 of the Federal Building in Covington for most of the day on Wednesday, October 1, 1975, to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District office 606-491-0105 for an appointment.

Walton Life Squad Runs

Bob Gable To Attend

Bob Gable, candidate for Governor will be the special attraction at a Meet Your Candidates Dinner to be held Wednesday, October 1, at 6:30 p.m. at the Ft. Wright Civic Club.

Also on the program will be Northern Kentucky's only statewide candidate, Dick Combs, candidate for State Auditor. Ken Scott, Boone County's candidate for State Representative will be among the candidates present to meet and greet the voters.

Reservations may be made by calling Kenton County Republican Headquarters at 261-2526 or by calling 331-2574 in the evening. The cost will be \$6.00 per person and will include dinner and live music by "The Showboat".

Mrs. James Thomas, Kenton County Republican Chairman has issued a special invitation to all Boone Countians.

United Appeal 1975 Kickoff

Mark your calendars now, to attend the kickoff of the 1975 United Appeal which will take place on Fountain Square, September 23, 1:00 to 2:00 p.m.

It will be an old-fashioned, foot-stomping, cheering, banner-waving rally with bands, clowns, lots of celebrities and many agency displays.

You all come to the square and take part in the launching of UA Campaign 1975 going for a goal of \$12,950,000. The drive will end on October 30.

Enjoys Tour Of Ancient Museum

The Keen Age Group (Retired group of Walton area) enjoyed a tour of Fort Ancient Museum, located above the Little Miami River near Lebanon, Ohio, on route 350 in Warren County, on Tuesday, for their September meeting.

The museum presents modern exhibits, models, and life study groups of two Indian Cultures which inhabited the site 300 B.C. - 600 A.D.

The group enjoyed a delicious lunch at the Golden Lamb Restaurant in Lebanon, Ohio.

It is a real treat to tour the two floors of the Golden Lamb and see all the lovely antiques and items of furniture used by the Shaker's where they lived in and around the Lebanon area.

Plans are being made for the group to attend the Third Monday Court Day, in Mt. Sterling, Ky., for their next meeting in October.

The following members went by bus to Ft. Ancient.

Opal Pfeiffer, Tressa Baker, Mary Coleman, Mabel Johnson, Elizabeth Kemper, Lillian Stephenson, Allie Chandler, Gladys Alford, Alma Hoffman, Francis Code, Lucitta Neumeister, Marie Buns, Blanch Roberts, Bro. Sheffield, Gaynelle Flynn and our bus driver, Woodrow Greene.

Thanks to him for taking the time for us. We are also happy to have some people from Verona to join our retired group.

Star Chapter Meets Thursday

Florence Star Chapter No. 559, O.E.S. will meet Thursday night, September 25th at 8:00 p.m. in Florence Masonic Temple.

New Officers will be elected for the ensuing year. All members are urged to be present.

Betty Fobbe, W.M. and Bob Fobbe, W.P. will preside.

Independence Life Squad Runs

September 20th
Nancy Wade, Willo Drive to St. Elizabeth. Erin Daniels, Madison Pike to St. Elizabeth. Charles Andy Ark, Green Road to St. Elizabeth.

Wa- Na Club Bake Sale

The Wa- Na Club of Walton is planning to hold a Bake Sale on October 4, 1975. The Bake Sale will be held in front of Dixie State Bank, starting at 9 a.m. Homemade Pies and cakes, and cookies will be featured at this sale. If there is any special order or item you want please call 485-7149. We would like to personally invite everyone to help us make this one of the best bake sales we've ever had..

Independence Holds Its County Court Day

By Luellen Wolsing, Reporter

Mrs. George Wolsing

Chana Allen and Gina Leen Carrying home their find

Mrs. Harold Schneider

Independence held its County Court Day on September 20th at the county courthouse and bank grounds. The day started at 8:00 a.m. for the sellers although the day didn't open to buyers until 8:00.

It continued until 5:00 in the evening. There were approximately 56 booths set up with various organizations and individuals represented.

Mrs. Paul Cooper, Chairman, said that more booths were expected but early morning weather conditions probably kept some people away. She stated that it turned out to be a nice day. When asked if any plans were being made for next year's, Mrs. Cooper replied that a big celebration was being planned.

All Saints Turkeyshoot

The All Saints Church is sponsoring a Turkey and Ski Shoot on Sunday September 28th on the church grounds beginning at 12 noon and lasting until dark.

The Altar Society is preparing a fish fry, refreshments and desserts will be in the school hall. During the afternoon, there will be available a social and combination raffle of gifts.

We invite the public to join us in this gala event.

Citizens VS Water Hookup

The Boone County Citizens opposing the Mandatory Water Hookup will hold a meeting September 24th at 7:30 p.m. at the Immaculate Heart of Mary Church on Limaburg Rd. in Hebron, Kentucky, everyone is urged to attend.

New Assistant At Booth

A new Assistant Administrator has been named at Booth Memorial Hospital, Covington.

Capt. James Stolzberger, who comes from a Salvation Army post in Boston. He and Mrs. Capt. Stolzberger have two children and will make their home in Florence, Ky.

Capt. Stolzberger's appointment was announced by Major Glenn Seiler, Booth Hospital Administrator.

Veterans Counselor

Mr. Billy R. Cox, a veterans counselor of the Department for Human Resources, Kentucky Center for Veterans Affairs, will be present on October 8th at the Judge's Office in Burlington to assist veterans and their dependents with claims for benefits due them as result of their military service. He will be present from 9:00 a.m. until 3:30 p.m.

Kenton's Third High School

If no hitches develop, Taylor Mill City will be the home of Kenton County's third high school.

The Board of Education at a special September meeting approved the purchase of a 70-acre tract just off Old Taylor Mill Road and near the new Taylor Mill Pike. The purchase price is \$210,000 and the owner is a contractor. Charles Williams.

According to Kenton County School Supt. Robert Barres, zoning changes may be required and a sewage treatment plan may have to be constructed.

In addition, the State Highway Bureau will be asked to put in an access road. School officials also said that the site may also provide land enough for a middle school.

Robert Ehmet Hayes, architect for the board, an athletic complex may be developed to care for football, track and other sports for both boys and girls.

The new school will care for 1200 students. About 60 per cent will come from north of the school and the remaining 40 from south. No date has been set for completion.

Got Dates? Buy A Calendar!

The Walton Verona Band Boosters has launched its annual fund raising plan the "community birthdate calendar".

All profits will be used for the band of Walton and Verona Schools. The money is raised through the date of birthdays, anniversary, in memoriam, in service and meeting date listings; sale of the beautiful calendars with a picture of our high school band; and sale of advertising space on the calendar.

We hope that everybody in this area will list their birthdays and anniversaries so that this special occasion can be remembered by friends and relatives.

Our band will be representing our school and community in several different events this year: In Ashland, Richmond, Morehead, Cincinnati, and possibly Frankfort.

Of course, performances will be given throughout the year in our school at various programs and at the ballgames.

Each listing is only \$.25 and the calendars are \$1.00 the same as for a number of years. So when a representative of the Band Boosters calls on you, please list freely and purchase a calendar for yourself which will help buy necessary items for our band.

Also we would urge you to support the business places which advertise on the calendar and their support is greatly appreciated.

If you have not been contacted to give your listing by October 3rd and wish to place your listing and order your calendar, call 485-4653 and your order will be taken.

Thank you for your help this year and each year.

Changes Base

Airman Brenda M. Bowers, daughter of Mr. and Mrs. Mason E. Schadler of Walton, Ky., has graduated at Lowry AFB, Colorado, from the U.S. Air Force supply inventory specialist course conducted by the Air Training Command.

The airman, trained to inventory supplies by use of electronic data processing machines, is being assigned to Wurtsmith AFB, Michigan, for duty with a unit of the Strategic Air Command.

Airman Bowers, a 1971 graduate of Simon Kenton High School in Independence, Ky., received her associate degree in 1975 from Midway College.

Her husband, James H. Bowers Jr., is the son of Mr. and Mrs. James H. Bowers Sr., 7033 Albion St., Littleton, Colorado.

Paper Drive

The Junior Class of WVHS will be sponsoring paper drives on the following dates:

Saturday, October 11th, November 1st, December 6th, January 10th, February 7th, March 6th, April 3rd, and May 1st.

The Paper Drive will begin each Saturday at 9:00 a.m. with the support of the Junior Class.

Please bring your papers to the school, or if you can not make that date with your papers, set them outside of your door and a member of the class will pick them up.

Numbers to call for more information are: 485-4062 or 485-4613.

Anyone For Food?

The Boone County Memorial Veterans of Foreign Wars Post 6099 will hold their annual Fish Fry and an added preference of Bar-B-Que this year along with french fries, starting at 2:00 p.m. on October 4th at the post on U.S. Highway 42 in Union.

The proceeds will be used to go for the building fund.

Mr. and Mrs. James Vandy of Georgetown, were Wednesday dinner guests of her parents, Mr. and Mrs. Lawrence Wilson.

Mr. and Mrs. Woodrow Greene's daughter, Kaye Ellis of Erlanger is confined in Booth Hospital for major surgery.

The Sunday School Lunch Night for Northern Kentucky Association was held last Tuesday evening at Latonia Baptist Church with those attending from Walton Baptist Church were Rev. and Mrs. Robert Sheffield, Mr. and Mrs. Stanley Kacaba, Mr. Woodrow Greene, Mr. J.B. McCubbin, Mr. and Mrs. Lawrence Wilson and Mrs. Dora Pennington.

A birthday dinner was given in honor of Franklin Breeden on Saturday, September 20th at his home. Those helping him to celebrate his 50th birthday were Mr. and Mrs. Charles Praither, Carla and David, Mrs. Danny Praither and Lori, Mr. and Mrs. Ronnie Ashcraft, Mr. and Mrs. Allen Iseral, Mrs. Rozella Hughes, Richard Breeden, and Mrs. Franklin Breeden.

Mr. and Mrs. Stanley Brock and son, Roy were visiting with his daughter and family, Mr. and Mrs. Eddie Foley and children, Daken and Kelly over the weekend.

Mr. Hunky Holder and Charlie Mike Holder attended the Bengals-Cleveland Football Game yesterday in Cincinnati.

Surprise, Surprise!

A surprise birthday dinner was given in honor of Mr. Franklin Breeden who was celebrating his 50th birthday.

Those enjoying the occasion were Mr. and Mrs. Herbert Dunn, Dr. and Mrs. John Maddox, John and Leslie, Mr. and Mrs. Allen Iseral, Richard Breeden, Mrs. Rozella Hughes and Mrs. Franklin Breeden.

Announces Wedding Engagement

Glenda Rogers

Mrs. Kathryn Rogers, Fern Creek, Kentucky, announces the engagement of her daughter, Miss Glenda Rogers to Mr. Gary Wagner son of Mr. and Mrs. Randall Wagner of Independence, Ky.

Miss Rogers attended Morehead State University and is a member of Sigma Sigma Sigma. Mr. Wagner is a graduate of Morehead and a member of Tau Kappa Epsilon. The wedding will take place on Saturday, October 4th at 2 p.m. at Beulah Presbyterian Church in Fern Creek, Ky.

Vows To Exchange

Miss Donna Pence

Mr. and Mrs. Cecil F. Pence would like to announce the engagement and approaching marriage of their daughter Donna Sue to Donnie Ray Boyers, son of Mr. and Mrs. Billy Boyers, Jr.

Donna is a 1972 graduate of Walton Verona High School. She attended Northern Kentucky State College and is presently employed at the Boone County Drugs, Walton.

Donnie is a 1972 graduate of Walton Verona High School. He attended North Texas Horsehoeing Institute in Grapevine, Texas and is presently employed by Chem-Lawn Corporation, Florence.

After the wedding the couple will reside at 42 South Main Street, Walton, Ky.

The double ring ceremony will be performed by Bro. Robert Sheffield at the First Baptist Church of Walton on October 3rd at 7:30 p.m. with reception immediately following in the fellowship hall.

All family and friends are invited.

Glad To Be Home

Miss Shauna Luebbe, who has been a patient in St. Elizabeth Hospital with a broken leg, which was a result of a softball incident, is now home and would appreciate her friends coming to see her.

She will be in a cast for four more weeks and she really appreciated it when all her friends came to see her in the hospital.

Hurry and get out soon.

Family Gathers

Mr. and Mrs. Sinner Humphrey and son, Roger of Crittenden held a dinner on Wednesday, September 17th in honor of his sister, Mrs. Martha Thornton of Florida who had arrived to visit with her family. Those who enjoyed the dinner were: Mrs. Erma Carpenter and granddaughter, Barbara, Mr. and Mrs. Harry Kipp and son, Jimmy, Mr. and Mrs. Enoch Humphrey, Mr. and Mrs. Wilbert Humphrey and son, Mike, Mr. and Mrs. Floyd Humphrey, Mr. T.J. Humphrey, Mr. and Mrs. Gary Humphrey and daughter, Stephanie, Mr. and Mrs. Dennis Humphrey and daughter, Shannon, Mrs. Rhonda Stephens and daughters, Rita, Julie, and Sarah, Mr. Jerry Foley and Marita Humphrey.

Cook Out Enjoyed

Mr. and Mrs. Charles Praither gave a cook out on September 8th in honor of Mrs. Rozella Hughes who was celebrating her 77th birthday. Those attending to wish her many more birthdays were: Mr. and Mrs. Ronnie Ashcraft, Mr. and Mrs. Danny Praither and daughter, Lori, Mr. and Mrs. Allen Iseral, Mr. and Mrs. Franklin Breeden and Richard, Carla and David Praither and Mr. and Mrs. Charles Praither.

Cheese Casserole

4 slices of bread
2 slices of cheese
salt and pepper
butter
2 cups of milk
3 well beaten eggs
dash of tabasco

Butter bread and make cheese sandwiches. Butter baking dish and place sandwiches in the bottom, cutting them to fit your casserole.

Mix eggs and milk together, beating well; add seasonings; pour mixture over sandwiches. Let stand at least 3 hours in refrigerator.

Sprinkle a little grated cheese on top and bake for one hour at 325.

This may be made the day before and baked when ready to use. It may be served with strips of crisp bacon on top.

Airport Zoning Commission Meets

The Kentucky Airport Zoning Commission (KAZC), chaired by Transportation Secretary John C. Roberts, has ruled in favor of five proposed construction projects to be located near Kentucky airports.

Applications for the proposed construction of five antenna towers in the vicinity of airports at Beaver Dam, Harlan, London, Owensboro and West Liberty were reviewed by the commission and approved as not constituting a hazard to air navigation.

In other business, the commission also approved on application by Hopkinsville Elevator Co., which will allow them to alter standard marking requirements on a grain storage facility near the Hopkinsville-Christian County Airport.

The ruling allows the company to paint aviation warning markings only on the top portion of the structure instead of the entire building as is normally required where structures in the vicinity of airports exceed the airport elevation by 150 feet. The commission also accepted a company proposal to place additional lighting around the top of the storage facility.

KAZC commissioners Robert Keefe of Fort Mitchell, Foster Jones of Louisville, Don Batten of Pikeville, James Clarke of Mayesville and Robert Beane of Central City, as well as KAZC Administrator Marcel Theberge and KAZC counsel Dan Stockton attended the meeting.

Allergic Salutes And Shiners

The allergic salute and rabbit nose sound a lot alike Alice in Wonderland. But they can be clues to detecting allergies in children.

If a child has a habit of wiping his or her nose with an upward sweep of the finger, it may be a symptom of an allergy, according to Pediatric Allergist Dr. Claude A. Frazier. The "allergic salute" is different from the way most kids wipe their nose with a horizontal motion of the finger or hand. "Rabbit nose," constant wiggling and wrinkling of the nose, is another suspicious sign.

There are other giveaways, says Dr. Frazier. One is excessive sweating in a nursing infant or night sweating in an older child. Paleness and "allergic shiners," dark circles under the eyes, can signal allergic distress, too.

Often a child who has an allergy as an infant will have eczema as a toddler and eventually asthma, an abnormal reaction of the air passage of the lungs to specific substances. This "allergic march" could be stopped if parents recognized the first signs of allergy and sought treatment from the child's physician.

Frequent croup can be another indication of allergy, says Dr. Frazier. The symptoms of croup are a harsh, barking cry which sounds something like a puppy's cry, and a funny, high pitched sound when the baby inhales. More trouble signs in an allergic child are itchy or watery eyes and frequent clearing of the throat because of postnasal drip.

It's important to check out suspicious signs with a physician and begin treatment early in the game. To find out more about breathing problems of all kinds, contact the Kentucky Lung Association, the Christmas Seal people. It's a Matter of Life and Breath.

Joyful Event

Last Sunday, Patty and Dianne Raybourne were hostesses at a baby shower given for Susan Raybourne at her home on Main Street, Walton.

Joining in the joyful celebration were guests from Walton: Franky, Tricia and Jeannette Fornash, Rose Raybourne, Ellie Ross, Debbie Centers, Pat Art, Addie King, Linda Helmer, and Margie Shields.

Guests from out of town were: Magdalena and Gladys Burk, Covington; Emma Wern and Marzella Allgeyer, Ludlow; Pam Blick of Ft. Thomas; Betty, Melissa and Kathy Burk, Ft. Mitchell; Lenora, Karen, Nancy and Julia Korte of Cincinnati.

A good time was had by all.

The blessing event is expected the latter part of October.

New Arrival

Congratulations to Steve and Margie Wagner, of Fowler, Indiana, on the arrival of a baby girl, Amanda Marie, on August 24th.

Steve is a teacher and coach at Benton Central High School, both he and Margie are formerly of Independence.

Sharing in their joy are the proud grandparents, Mr. and Mrs. Edward Moore and Mr. and Mrs. Randall Wagner of Independence.

Democrats Hold Convention

The Boone County Women's Democrat Club will join state and national dignitaries at the Forty-eighth Annual Democratic convention in Louisville, Kentucky on October 3 & 4.

The meeting will be held at the Executive West, The Delegates from the Boone County area will be Mrs. Henrietta Ashbaugh, and Mrs. Irene Patrick. The ladies will be honored with the presence of such state and national dignitaries as Senators Walter "De" Huddleston and Wendell Ford; Governor and Mrs. Julian Carroll, most of the United States Democratic Congressional delegation in Washington and a score of state senators, state representatives and other politically prominent Democratic leaders. The entire slate of Democratic candidates in the November election will also be present.

In addition to the Kentucky dignitaries, invitations have been issued to several of the national presidential hopefuls in the Democratic party.

Highlighting the event is the gala banquet on Friday evening at 7:30 p.m. in the ballroom when Mark Russell, "the fearless political comedian" who appears at the Shoreham American Hotel in Washington, D.C. will entertain the gathering. Mr. Russell has been an attraction of national and international attention since he joined the Shoreham American Hotel in 1967. He has appeared in some of America's most famous entertainment centers on the infrequent occasions when he travels away from Washington.

... about your Social Security

Have you tried to get social security benefits and been told that had not worked enough to receive payments? Or do you receive a small social security check or other pension and you just can't stretch it enough to buy groceries, pay rent, or meet your other needs? If the answer to either of these questions is "yes," the people at the social security office may be able to help you. In addition to social security, they also administer another program. It is called supplemental security income.

Supplemental security income, commonly called SSI, is for people who are age 65 or older, or disabled, or blind. Eligibility for the benefits depends on several things.

If you are single and receive less than \$177.70 a month in social security benefits (or other unearned income), you may be entitled. If you are married and you and your spouse have less than \$256.60 unearned income, you may be entitled to some additional assistance.

You also may be able to work and earn wages and still be entitled to supplemental security income. The first \$65 in earnings in a month won't count against the SSI payment and only 1/2 of any additional earnings.

Supplemental security income is based on financial need. The amount of an SSI payment depends on the amount of your other income.

A single person can have resources worth up to \$1500 and still get payments. The amount for a couple living together is \$2250. You home generally doesn't count as a resource.

If you are not now receiving supplemental security income and believe you may be eligible contact a social security office.

PCA To Hold Stockholders Meet

The Annual Stockholders meeting of First Kentucky Production Credit Association will be held Friday, October 3, 1975 at the Pendleton County Elementary School at Butler, Kentucky and Saturday, October 18, 1975 at the Walton-Verona Elementary School at Verona, Kentucky. Both meetings will begin at 7:30 p.m.

We at PCA would be pleased to have you as our guests at the meeting. Please let us know at least 3 days prior to the meeting if you plan to attend. We need to know how many reservations to make and for which meeting. Everyone is welcome.

Veterans Administration

The Veterans Administration is one of the U.S. Postal Service's best customers, emphasizing the importance for beneficiaries of VA benefits to keep the agency informed of their correct addresses.

Each month the VA mails out 7.3 million checks to veterans and their dependents for compensation, pension and education benefits. Another 4.7 million veterans who hold GI life insurance policies receive 12 million pieces of VA correspondence periodically throughout the year.

For many of the pensioners and GI Bill students, the monthly VA stipend represents a major source of income. While VA records indicate the vast majority of beneficiaries receive checks routinely, this near-perfect record requires the continuing help of the veteran and dependent.

The largest number of nondeliverable checks is among GI Bill students, principally because of their mobility. Weekly changes of residence during periods of a school term are not unusual, a VA spokesman said.

Veterans are urged to contact their nearest VA office promptly with changes of address. VA "vet reps" on campus can assist in expediting address changes for GI Bill students.

\$4.00 Per Year Subscription!

In Memory

August "Mike" Link, 72, was found dead on Wednesday at his home on Ridgewood Road, Walton. Death was caused by a self-inflicted bullet wound in the head, the Boone County coroner ruled.

The body was discovered by a neighbor who looked in from time to time on the bachelor.

Mr. Link leaves a sister, Miss Mary Link, Louisville. Services were held in the Chambers & Grubbs Funeral Home, Walton.

1975 Southern Christmas Show

1975 is going to be a do-it-yourself Christmas. Crafts of all kinds, stitchery, needlepoint, decoupage, macrame, tile painting, refinished furniture, woodworking, metal sculpture-even to the "traditional" crafts of pottery, leather making and candle making-will be the gifts that many people will make themselves this year.

The Southern Christmas Show, which for seven years has ushered in the excitement and anticipation of the approaching holiday season, is gearing up for do-it-yourself craft clinics, and exhibits and demonstrations of art and crafts that reflect the craft explosion.

Running November 11-16 at the Charlotte Merchandise Mart, the Christmas show has had all its exhibit spaces booked since early September, said its producer Robert E. Zimmernan, president of Southeastern Shows, Inc.

"We've expanded the show to six days this year," he pointed out. "Last years attendance exceeded 54,000 and we expect another record for this show."

One of the several new features in the show will be craft clinics sponsored by Belk each day. Experts will show how to make 3-D decoupage, cover ceramic animals and flower pots with fabric, macrame, arrange dried flowers, do stitchery and "decoupage."

Another new feature will be the Southern Kitchens Cooking School. During the first four days of the show, regional food stores will sponsor cooking clinics conducted by well-known home economists and television personalities.

Home economists from Progressive Farmer Magazine will conduct a Holiday Cooking Bonanza on the last two days. Free recipes, prize bags of groceries, and special kitchen-oriented prizes will be given away at the three clinics to be held daily and the one on Sunday.

The shows feature area will include Olde Towne, where small stores call to memory the jollity and intimacy of old-fashioned christmases. "The Night Before Christmas" designed by Pentec, Inc. as an animated, musical panorama of 12 rooms with a family of wide-eyed mice in the starring roles, and of course, Santa Claus, who will make the show the first stop on his holiday itinerary.

Forty school, civic and church groups will sell unusual and quality hand made items, over 100 booths will offer art and craft items and about 30 exhibitors will have holiday foods such as gift boxes of mountain apples, cheeses, plum puddings, pastries, moravian cookies and more.

Special attractions will be the Christmas Flower Show with the theme of "The Night Before Christmas", rooms decorated especially for the holidays, the Christmas tree lane competition and the childrens christmas theatre.

Tickets for adults are \$2.00 in advance and \$2.50 at the gate. Senior adults and students (ages 10-18) are \$1.00 in advance and \$1.50 at the gate. children through age 9 are free with adults.

Show hours are 10 a.m. to 10 p.m. weekdays and saturday, and from noon to 6 p.m. on sunday. For further information please write Southeastern Shows, Inc., Charlotte Merchandise Mart, Charlotte, N.C. 28205.

Card Of Thanks

We, the sisters and brothers of Arthur "Buddy" Washum wish to thank the friends and all the members of the New Bethel Baptist Church for their prayers, food, flowers, and donations during our brother's illness and at the time of our bereavement.

Each of us also wish to express our appreciation to Dr. Waller, the Hamilton Funeral Home, Br. Treas. and Br. Hocker for all their kindness.

May the Lord bless each and everyone.

Blanche Ryan, Becky Baker, Bonnie Renaker, George and Peanut Washum

Simon Kenton P.T.A. Holds Meeting

The Simon Kenton P.T.A. High School P.T.A. will hold their first meeting for this term on October 6th at 7:30 p.m. in the school cafeteria.

Mrs. Joseph, the new president will be presiding along with Mrs. Elmer Price, vice president; Mrs. Robert West, secretary; Mrs. Kay Kelly, treasurer.

Mrs. Gadd will present the chairman of the committees for this term. Mr. Abel, principal will introduce the faculty at this meeting.

All parents of Simon Kenton students are ask to attend this meeting. It is an excellent time to meet Mr. Abel and the faculty.

Walton Homemakers Meet Successful

The Walton Homemakers met September 12th, at the home of Mrs. Gaines E. Huey with Mrs. Harry Henson serving as co-hostess to 17 members and two guests. Mrs. Leo Flynn gave the devotion referring to Luke 13:21-22 and asking the question "Where Are You Going?" She stressed four points. To go somewhere 1) you must have a dream or goal, 2) a voice in your ear, 3) a sword in hand, 4) a song in your heart.

Installation of officers was conducted by Mrs. Flynn. Officers for this year are President, Mrs. Don McMillian; Vice President, Mrs. Paul Beighle; Secretary, Mrs. Walt Ryan; Treasurer, Mrs. Robert Eisenschmidt.

Mrs. McMillian conducted the business session. Mrs. Huey, Health Chairman, encouraged all members to have a pap test and breast examinations and to take a friend with them. Mrs. R.C. Hinsdale, Clothing and Textile Chairman, announced a workshop to be held on "Quick Sewing on Knit" during October and the "Sew-A-Thon" will be at Ockerman Jr. High School on October 18th. Mrs. Flynn, Cultural Arts Chairman, encouraged cultural arts activities such as art, drama, music, heritage, books, and creative crafts.

Several members are planning to attend the "Lazy Eye Syndrome Clinic" to be held at the Covington Art Club, September 17th. There are two groups of members going to Shakertown on September 19th and September 22nd to see the display of the "Whitman Sampler Collection" from the Philadelphia Museum of Art.

Mrs. Beighle and Mrs. Eisenschmidt presented the program "How To Use A Library", giving the history of libraries, the basic tools for using libraries and services that are available.

Lamplighters

The September meeting of the Lamplighters Homemakers Club was held on September 8th at the home of Mrs. Mary Robinson.

The business meeting was held and followed by the lesson, "How To Use A Library." The members discussed a craft for the October meeting and decided upon making a fabric Christmas wreath. The October meeting will be held on October 13th at 7:00 p.m. at the home of Mrs. Carol Philpot. If you would like to attend our meeting as a guest or as a prospective new member please call 356-9988 for details.

Serves In Thailand

Now serving at Korat Royal Thai AFB, Thailand, is Air Force Sergeant David H. Ammer, son of Mr. and Mrs. Charles H. Ammer of 11 Fairview Court, Walton, Ky.

Sergeant Ammer, a weapons mechanic, was previously assigned at Nakhon Phanom Royal Thai AFB, Thailand.

The sergeant is a 1971 graduate of Walton Verona High School.

Mrs. D.L. Maddox and Mrs. Leo Flynn will co-hostess the October meeting. The lesson will be on "Court Systems in Kentucky". Place will be announced at a later date. New members are welcome or if you might be interested in a particular program, feel free to attend. Attending the meeting were

Mrs. D.L. Maddox, Paul Beighle, Jim Burden, Robert Eisenschmidt, Leo Flynn, Roy Eason, Bill Gibson, Gayle McElroy, Don McMillian, Frank Penick, Don Rice, John Wood, R.C. Hinsdale, Tom Hodge, Walt Ryan, Carl Parker, Harry Henson, Gaines Ed Huey, and guest Leta Flenor and Earl Perrin.

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Chances are "better than ever" that Eastern Kentucky will get a new federal district judge to help eliminate the backlog of criminal and civil cases, according to Senator Walter Dee Huddleston.

Huddleston last week engineered a 6-5 vote by the Senate Democratic Policy Committee in favor of reporting out an omnibus judgeship bill which includes one additional judge for the Eastern District of Kentucky.

The bill has been stalled for more two years because of opposition

from the policy committee, which acts as the policy and scheduling arm of the Democratic majority.

"We can never have true justice and meet the Constitutional requirement of a speedy trial unless we eliminate these tremendous backlogs."

He pointed out that at the end of 1974 there were 1,215 cases pending in the Eastern District and that the caseload on civil cases has jumped 108 percent in a year's time.

Huddleston said action by the policy committee should assure

action on the legislation by the Judiciary Committee thus bringing the measure to a vote by the entire Senate.

Federal Grading For U.S. Grain

Senator Walter Dee Huddleston today announced to Legislation to require a Federal grading and inspection system for U.S. grain that is exported. It would replace the present private grading and inspection system.

Huddleston, who is chairman of the Senate Subcommittee on Agricultural Production, Marketing and Stabilization of Prices, said a federal system is needed because "recent corruption in the grain trade with respect to inspection and grading has placed our farmers at a competitive disadvantage in the World Marketplace."

"Under no circumstances can we allow U.S. farm product integrity to be compromised if economic stability and growth are to be sustained," he added.

Huddleston's bill would not affect the present private grading and inspection system for domestic trade.

The legislation would also require the Secretary of Agriculture to report annually to the Senate Committee on Agriculture and Forestry and the House Committee on Agriculture regarding the "viability and effectiveness of the grain inspection program" and to conduct investigations into the suitability of current official grain standards.

The Huddleston's subcommittee and Senate Hubert Humphrey's Subcommittee on Foreign Agricultural Policy.

In Memory

Graveside services for Garrett Carpenter of Ky. 16, 74 years, Verona was held on Sunday at the Coffee Family Cemetery, Morgan County.

A retired employee of Schenley Distillery, Lawrenceburg, Ind., died Friday at his home.

He is survived by his wife, Grace, a son, Victor Carpenter, Verona; a brother, Joe Carpenter, Ezel, Ky.; one grandchild and four great grandchildren.

More Panama Facts

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

In last week's column I showed that in the Spooner Act of 1902, Congress directed Pres. Theodore Roosevelt to obtain U.S. Sovereignty over territory suitable for an interoceanic canal. Some have implied that T.R. managed a Presidential act of imperialism to get the canal zone.

I wish to comment on other charges made by those who favor giving up U.S. control of our canal and the zone.

Panama gained its independence from the Republic of Colombia when Colombians on the Isthmus of Panama revolted. We supported the rebels. One current charge is that the new Republic of Panama which negotiated the 1903 hay-bunavilla treaty with us, was a "puppet government."

John Hay was Teddy Roosevelt's Secretary of State. Hay denied similar charges made at the time. His denial was quoted by the great American naval strategist and historian, Ad. Alfred Mahan, in the October 1912 Northern American Review. Concerned with the controversy Mahan quoted Hay as follows in a articles entitled, "Was Panama 'A Chapter of National Dishonor'?"

"Any charges that this government or any responsible member of it held intercourse whether official or unofficial, with agents of the revolution in Colombia is utterly without justification. Equally so is the insinuation that any action of this government prior to the revolution in Panama was the result of complicity with the plans of the revolutionists. The Department sees fit to make these denials, and it makes them finally."

Another charge is that since the treaty was made way back in 1903, it is now outdated. This omits two vital facts. The 1903 treaty was updated twice since then. The U.S. and Panama ratified the 1936 Hull Alfaro Treaty, which reaffirmed our perpetual Canal Zone sovereignty and the 1955 Eisenhower Remon Treaty, which did not touch upon questions of sovereignty.

There are those who want us to believe that we are a colonial power that the Canal Zone is really Panamanian territory for the use of which we pay an annual fee. On January 7th, 1907 the Supreme Court in the case, Wilson V. Shaw, Secretary of the Treasury, upheld the 1903 treaty and U.S. sovereignty.

Still another charge is that the economic value of the Canal is diminishing. The latest annual report of the Panama Canal Company, charged with canal operations, opens with this sentence: "Fiscal year 1974 was a period of continued growth in all major aspects of Panama Canal traffic." In every major trade route

involving U.S. shipping, 1974 tonnage exceeded 1973. The increases ranged from 7.2 to 73.2 percent.

The reported cites a number of all time highs: Number of oceangoing commercial transits; 14,033; tolls though rates have not increased; \$121,319,791; total long tons of cargo; 149,679,373.

Take First Place

Three Boone County boys won first place Santa Gertrudis Herdsman Ward at Ky. State Fair. Pictured above are John Benton, Jeff Afterkirk, and Mike Benton.

John Benton had Grand Champion Kentucky owned Santa Gertrudis Bull at the Kentucky State Fair in 1975.

Browning Foods

Because of microwave cooked foods are cooked very rapidly, some foods do not brown as they do when cooked conventionally. This lack of browning is not objectionable in many foods, such as cakes. Once a cake is topped with frosting no one can see the unbrowned cake surface. With other foods, such as hamburgers, and chops, browning the surface enhances the food's appearance.

One method of attaining this surface browning is by using a special cooking dish. Admiral, for example offers an optional "Browning Grill" that will brown up to six half pound hamburgers while rapidly cooking them with microwave energy. Other meats can be browned just as easily with the special "Browning Grill."

Stationed In Ft. Bliss, Texas

Garry Williams

E2 Garry L. Williams is the son of Mr. and Mrs. Raleigh Williams of 14 Welsh Avenue in Walton, Ky. He is stationed in Ft. Bliss, Texas and was a graduate of Walton Verona High School in 1974.

Cars Scattered

Let year, about 400,000 junk cars scattered across Kentucky. More than 11,500 have been removed through a clean up program operated by the Kentucky Department for Natural Resources and Environmental Protection.

Pest

More than 4,000 brands of pesticides are registered for sale in the state according to the Kentucky Department for Natural Resources and Environmental Protection.

Kitchen Almanac

More vegetable vitamin information: Both dark green and deep yellow vegetables such as carrots, spinach, sweet potatoes, broccoli and kale are all good and inexpensive sources of vitamin A.

To spruce up an omelet, try a flavorful brown beef sauce. Simply brown 1/4 pound ground beef with 1/4 cup each chopped celery and onion. Pour off drippings and add 1/4 teaspoon salt, 1/4 teaspoon pepper, and one 8 ounce can tomato sauce, and one 10 1/2 ounce can mushroom soup and 1/2 cup water. Simmer 10 minutes and serve over omelet.

Tropical treat: Place a scoop of cottage cheese in a dessert dish. Spoon orange wedges and pineapple cubes generously over the top and then, sprinkle with toasted coconut.

Vacuum bottles are great for keeping hot items "hot" and cold items "cold". However, to ensure their safety, be sure to wash them thoroughly after each use. Have you ever thought of this? Baked, broiled or pan fried fruits make some excellent desserts.

Notes worth noting: Today it's virtually unnecessary to do without an automatic dishwasher. Researchers at KitchenAid appliances, one of the country's leading producers, report there is now a unit for just about every need. And, they say, many units are real energy savers.

Staggering Statistics: The average milk cow gives 350 pounds of milk a week. To do this, she must eat 315 pounds of silage; 105 pounds of hay; 118 pounds of grain; 14 ounce of salt; 14 ounces of food substance labeled "general"; and she must have 175 gallons of water. All this in a week.

Oven temperatures should be checked from time to time. If your oven is not heating properly, you're possibly working more than necessary to be a successful cook.

Selective Service

Yes the law that requires all 18 year old men to register with Selective Service is still in effect.

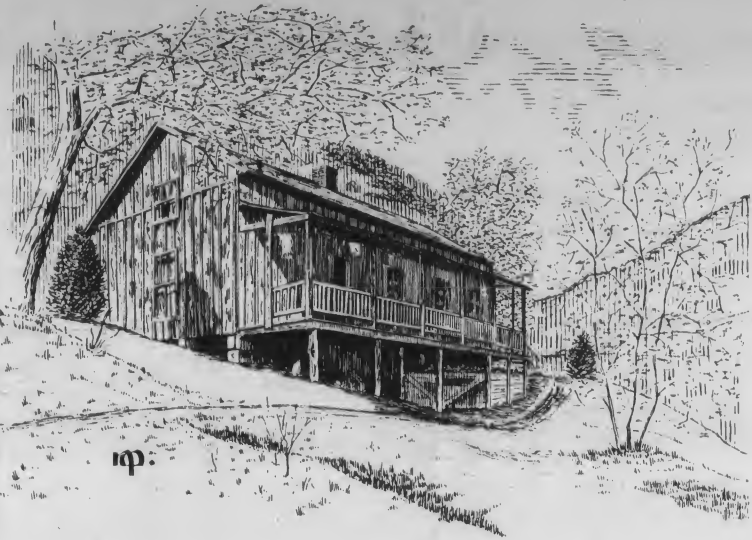

However you can not register at this time. The method of registering within a few days of your 18th birthday was suspended by a Presidential Proclamation on April 1st, 1975. A new procedure for registration will be put into effect early in 1976.

Annual registration will be announced by another Presidential Proclamation. Nationwide publicity will inform you of the date of the first Annual Registration in which men born in 1957, or earlier, and who have not yet registered must register for the draft.

Watch for information in your local newspaper or on your radio and television stations about when and where you can register in your community.

Hosts Beechgrove

The first memeting for the Beechgrove Homemakers Club was hosted by Mrs. John Mutch assisted by Mrs. James McHale. Opening the season of 1975-76 installation of the new officers was the first business of the day. Mrs. Wilson Hall will preside as the new president with Mrs. John Mutch, vice president, Mrs. Tony Sterbling,

Text and drawing by Kentucky Heritage Artist Robert A. Powell

Loretta Lynn's Butcher Hollow Home

Johnson County

Since the close of the Van Lear Mines, more than two decades ago, Butcher Hollow has been nearly deserted. However, the name of this obscure mountain community became the symbol of hope and pride to all the residents and former residents of all Appalachia.

When Loretta Lynn belted, "Well, I was born a coal miner's daughter in a cabin on a hill in Butcher Hollow," it not only skyrocketed "The Queen of Country Music" to additional fame outside the realm of country music fairs, but it merited her the everlasting respect of every person connected directly or indirectly with coal mining or mountain life.

Once the mountainsides around Butcher Hollow were home to scores of men who dug coal by night and scraped crops out of the unyielding land by day. The cabin pictured here was alive with the cries of Ted and Clara Webb's eight children.

Loretta Webb was 13 when Mooney Lynn (22) married her and took her out of Butcher Hollow; they had known each other only a month. She was a mother at 14 and a grandmother at 28. Loretta survived the hard times by washing other peoples' clothes and picking berries with

migrant workers. She and Mooney now own an entire Tennessee village, a Mexican retreat, millions of dollars in escrow and an income virtually guaranteed by her loyal fans.

She is the high priestess of a \$400-million-a-year industry that is currently growing fast enough to pave the mountain roads with gold. Butcher Hollow was so isolated and poverty was so much a way of life that she did not find out she was poor until she no longer was.

At the age of 12 she had never seen an automobile, been to a movie or talked on a telephone. She had never worn a "store bought" dress, or tasted steak or even hamburger.

Loretta Lynn now lives on 3,600 acres of rich farmland in a restored pre-Civil War mansion, authentic antebellum including the slave quarters under the kitchen.

She is truly one of the few overnight successes in show business. A month after Mooney had given her a guitar, she had learned to play by ear, written a song which eventually became number one in the nation and landed a recording contract.

CRITTER column

by Sue Johnson

The card over the cage door said he was a german shepherd, but the creature occupying the small cage was neither proud, majestic, or noble. A more likely description would be a starved, flea bitten stray, too weak to lift his head, or too defeated to try. Why has this dog been doomed such a fate? Was he the result of someone who owned a female and felt she was "entitled" to have at least one litter of pups?

The parents who gave their children the benefit of seeing the miracle of birth didn't complete the lesson. Their

children didn't get to see the "miracle" of death, and it is slowly putting an end to this creature they caused to be brought into the world.

Unless you are a professional breeder, please, have your pet spayed or neutered. Animal overpopulation is becoming an increasing problem. Kittens and puppies are being born at the staggering rate of 10,000 per hour. Because of this, millions of cats and dogs are abandoned along country roads, in garbage dumps, or turned loose in town to fend for themselves.

Thus they spend their lives searching for food. Many of them are hit by cars, others die of disease or starvation. Countless numbers of animals are put to sleep daily in shelters all over the country.

The solution is for most pets to be spayed or neutered. Your animal will be better off in the long run. He will be more of a homebody and a contented housepet, not to mention the other problems that will be solved. The operation is simple and inexpensive. Think of the future lives you'll be saving, isn't it worth it?

County Agent's
1/2 Acre by Joe Claxon

Fall is the time to test your soil. Soil testing is a scientific analysis of the cropping potential of a given soil.

Soil samples are taken from fields and examined chemically to determine the availability of plant nutrients in the soil for growing crops. A soil test will indicate whether or not lime and fertilizer are needed, and, if so, will serve as a basis for recommendations.

Different types of soils, different fields, and frequently, areas within the same field, vary in their availability of plant nutrients to growing crops. These variations are usually due to differences in: (a) nutrient contents of the parent materials from which the various soils were formed; (b) past history of fertilizer and lime applications and the cropping practices used and (c) erosion losses of top soil. Soil testing is the best way to identify the differences among fields and to adjust accordingly the lime and fertilization practices on them for top production.

A farm record should be set up for each production field on a farm. It should include: (a) the results of each soil test, (b) amounts of lime and fertilizer applied each year, (c) crops grown and yields obtained. In an efficient program, each production field should be tested on the average of every fourth year. Annual sampling is preferable for high cash crops and double-crop silage production only by such a record system can changes in the soil test values of a field be monitored over time. Such knowledge is needed when making decisions on fertilizer investments.

The first decision in taking a soil sample is to determine what fields should be sampled. Also, are there any fields having areas within the

fields that might require separate testing? If any area in a field is known to be, or is suspected of being, different from other areas in the field and if it is large enough to be treated differently during fertilizing and liming operations, sample this area.

On the other hand, if such an area is too small to be treated differently, avoid including it as a sub-sampling site when collecting the composite sample.

Take ten to twenty borings in an average field; in a large field maybe twenty or more. Put these together, mix well and air dry. Bring to the Extension Office, one pint of dry soil.

For fields that are going to be cropped for 1976, if limestone is needed, it should be applied in the fall while the ground is dry and trucks can get on it.

Crop & Livestock Reports

By
Darwin Foley
Kenton County
Extension Agent

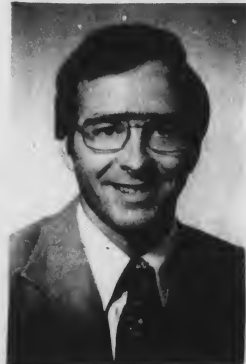

been off only 4-5 percent during the past decade.

The crop estimates are made by approximately one dozen commodity experts from the Crop Reporting board of the USDA in a security controlled room to prevent prior news leaks. The report is then made available to all news media at the same time so no person has an advantage in the market place.

These reports serve a valuable economic function in that they cause markets to adjust orderly over time. The lack of this information could cause all kinds of rumors, commotions and price fluctuations at market time.

Keeping up to date on the market price of crops and livestock is a day to day and week to week task. I find that being on the mailing list of the weekly and livestock news is very convenient. I don't have to worry about missing the market news on the radio. I receive a weekly summary of state and national grain and livestock markets. You can also receive this information free by writing to U.S. Dept. of Agriculture, Agriculture Marketing Service, 206 Livestock Exchange Building, Louisville, Kentucky 40206, you'll receive a one page sheet of market information that you can refer to as markets change.

• WANTED •
CASH for any Kind of Real Estate, regardless of Price or Condition. Will also buy any kind of land contract.
356-6900
Rel S. (Buck) Wayman

For the past few months I've watched the changing prices of corn and soybean meal which followed crop reports and news of grain sales to Russia. It seems that farmers and all good buyers are paying more attention to crop reports than ever before.

U.S. Crop reports influence the rise and fall of current and future market prices. As a farmer they should influence how and when you market your crops. Food processors, grain exporters and foreign countries also pay attention to these reports.

The Agriculture Department's Statistical Reporting Service is required by law to make monthly estimates of crop conditions during the growing and harvest season. These reports are only as accurate as the information received. Seventy eight thousand farmers receive questionnaires. Field inspections and satellite photographs are also used. These monthly estimates have

Waste Disposal Problems

Environmental problems with waste disposal at the Lees Lane Landfill in Jefferson County and the nuclear waste disposal site at Maxey Flats in Fleming County were discussed Wednesday by the Environmental Quality Commission (EQC).

As a member of an advisory group appointed by John S. Hoffman, secretary of the Kentucky Department for Natural Resources and Environmental Protection, commission member E.T. Sauer reported on the progress of measures taken to remedy problems of the Lees Lane Landfill.

"The general public doesn't really look at landfills," said Sauer. "They dump their waste and walk away. But they really can't do that more thought must go into the planning and operating of waste disposal sites."

Sauer said the landfill covers about 100 acres between the Ohio River and the floodwall in Southwestern Jefferson County. Dumping in the landfill has been going on for several years. Last March, when buildup gas ignited, several residents were evacuated. In April, Secretary Hoffman closed the landfill and it cannot be reopened with out affirmation from the environmental protection department.

Sauer said, "As we reported to Secretary Hoffman, we can find no practical way to stop the generation of gases from the materials decomposing in the landfill. It may take years for the generation of gas to cease. Since it's not practical to stop the gas, one thing we've found to do is collect and dispose of it."

"The landfill operator will sink wells filled with crushed stone into areas separating the landfill from the residential areas," continued Sauer. "With a pump, they could draw gases into a collecting system, rather than allowing them to travel on into the residential section."

The water quantity of the Lees Lane Landfill is being tested by sampling ponds on the site. "Ponds on the landfill were sampled and some contamination of Chromium, lead and cadmium were found. However we doubt if there is a significant water pollution problem there at this time."

The commission recommended that additional exploration be carried out on the south side of the floodwall before installation of a gas collection system is completed because it may not be the solution. Sauer added, "Before residents are allowed to return to their homes, samples should be taken from the area to make sure no hazards exist. It's going to be necessary to maintain the operation of a gas collection system for years to come."

Phillip Babbins from the radiation protection division in the Kentucky Department of Human Resources (DHR) reported to the citizens advisory group on the Maxey Flats nuclear waste disposal site. He told the commission that since December, 1974, the radiation control branch has studied the nuclear waste disposal site and has found some radio-activity.

"Actions," he said, "were taken to deal with public health protection." DHR has asked a group of specialists to study and advise them of the long-range effects of the activities. The group includes members of the U.S. Geological Survey, Kentucky Geological Survey, Kentucky Science and Technology Commission, the state environmental protection department and DHR.

Babbins said that in another report the Nuclear Research Commission recommended increased analysis. However, the report indicates that the site does not constitute a public health hazard.

In other action, the EQC approved recommendations from the state Noise Control Advisory Committee. Those recommendations include development of a program for identification of noise problems in Kentucky, development of a training program for local noise enforcement officers, development of a program for solving the state's noise problem and establishment of an organization and budget to carry out the proposed program.

The next meeting of the EQC will be Oct. 15 in Frankfort.

Boone County Unit Cancer Society

The Boone Co. Unit of the American Cancer Society met Sept. 18, 1975 at the Boone Co. Health Building with the following people attending: Mrs. Charles Allphin, Mrs. H. R. Daugherty, Mrs. Frank Trego, Mrs. Carrie Martin, Mrs. C. Vernon Anderson and Mr. Bill Griffith.

The final count of Crusade money received was \$4,160.60. Mrs. Sally Hopke is Chairman of Memorials and memorial cards may be picked up at any funeral home. Your memorial gift may be sent to Mrs. Hopke. For more information call 283-1882.

Dates to remember: Sept. 30 at the Boone Co. Health Building; there will be a Pap Test Clinic. That evening there will be a program on cancer at the Union Light, Heat, and Power Co. in Covington. The public is invited.

The next meeting of the Boone Co. Unit will be Nov. 18, 1975 at 1:15 p.m. at the Health Building.

MOUNTAIN MOMENTS

A Request From Bayou Country

My interest in the Civil War goes back to my grade school days at the Noetown Elementary School when my teacher Mr. Sherman Chasteen, who later became the mayor of Middlesboro, Ky., took several afternoons to tell us about the war. He could describe some of the battles so vividly that I thought for a

long time he was in them! After that I checked out of our local library any book which even looked like it might have a sentence about the War between the States. Historians disagree which side Kentucky took. Depending upon the author, some say Kentucky was pro-northern, others say she took the side of the South, while still others comment that Kentucky remained neutral. Whichever, the stories and accounts of the War was enough to stir the blood of this student.

The interest I have in this part of our nation's birthday is so strong

Every man, every person has a niche to fill. With our modern world surpassing that of Noah's day in wickedness, corruption, and violence, surely God has a place for every one who will walk with Him!

The Nucleus
Genesis 9: 8-13

It was necessary to destroy all of mankind on the earth because of iniquity. One man and his family remained true to God. From this nucleus God began again. He made a covenant with Noah and his sons. He would never again destroy the earth by water.

As a token and constant reminder God set a rainbow in the cloud. Everytime one sees a rainbow he should be reminded of God's perpetual covenant.

God has always been at work in His world. In every age there have been some people who had an ear tuned on God. For everyone of them God had a plan and a place of service.

Nicotine In Nonsmokers

Most urban nonsmokers have nicotine in their body fluids for most of their lives, according to new research. They get it from breathing indoor air polluted by other people's tobacco smoke.

Measurable quantities of nicotine were present in the blood and urine of most nonsmokers tested at two hospitals in London. While the average concentration of nicotine in the urine of nonsmokers was 10 units, it was 1200 units for smokers. However, when nonsmokers were deliberately exposed to high concentrations of tobacco smoke in an unventilated room for a little more than an hour, the average level of nicotine in their urine increased 1000 percent.

One startling result of the study was this: after exposure, several nonsmokers had such enormous increases in their urinary nicotine levels that they were higher than those of smokers.

The researchers at the New Cross and Maudsley Hospitals said, "Passive smoking may be harmful, and infants are most at risk," another London study showed that tobacco smoke generated by parental smoking actually doubles the risk of an infant's attack of Pneumonia or Bronchitis.

"The fact that some nicotine is present in the urine of almost all nonsmokers suggests that episodes of passive smoking are common in urban life," say the researchers. "We conclude that virtually all urban nonsmokers have measurable amounts of nicotine in their body fluids throughout most of their lives. It is derived from the indoor air they breathe and it requires no more than one or two smokers to contaminate a vehicle or building."

Rent a typewriter or electronic calculator for a month and get the second month free! We can't beat that! (Good only at address below. Offer subject to expiration without notice.)

WALTZ BUSINESS EQUIPMENT
803 Scott, Cov. 261-1224

that recently while I was on vacation I visited most of the battlefields in Virginia, and I spent several hours on the grounds of Appomattox Court House, where General Robert E. Lee surrendered to General U.S. Grant. Recent newspaper accounts told about Congress granting citizenship to Gen. Lee, whose request for this action had been lost for all these years.

Mrs. Irene Morris, curator of the Camp Moore Confederate Cemetery and Museum at Tangipahos, Louisiana, recently wrote, "We've been told troops from Kentucky who came here around 1862 - 1863 camped across the railroad track from our museum. Any letters or clues - however meager - in the attics, trunks, or minds of your reader would be of interest."

There you have it folks. Surely you or someone you know has some information about the descendants who might have gone to Louisiana during the Civil War.

Let me hear from you if you have any information about this matter, and I'll be happy to forward it to

Mrs. Morris. Perhaps you have an old book that has a statement about Kentucky troops in Louisiana or maybe you know a teacher or college professor who could shed some light on the subject.

For those of you who regularly read "Mountains Moments" a story about Civil War cannonballs in Cumberland Gap is on the way, and since our country is celebrating her bi centennial, you might share your personal items of local history with me.

THINK SAFETY... ...Think Sunday

We can't miss them — these signs along the intersections of our streets. They protect our school children from physical harm. We see the sign... and slow down.

Most of us are deeply concerned about the safety of our youngsters... and these signs can be a reminder of a further obligation our society has to its youth. There are dangers in life for which only religious training and faith can prepare us.

Boys and girls approaching maturity deserve the spiritual protection which Christian education provides.

Whenever you approach a school crossing, slow down! But, just don't think safety — think SUNDAY!

Forestry Meeting Next Month

A meeting will be held next month in Lexington for ways to improve Kentucky's forests, which comprise more than 45 per cent of the state's land.

Gov. Julian Carroll called the sixth Governor's Conference on Forestry October 23-24 to see about developing Kentucky's timberlands so they will produce more growing stock and hardwood harvests. Gov. Carroll will open the meeting.

Harry Nadler, director of the forestry division in the department for Natural Resources and Environmental Protection, said the conference will feature the forestry incentives program, the tree planting program and assistance the state gives the wood industry to find and develop markets. Several thousand persons make their living directly or indirectly from Kentucky timberlands, Nadler said.

Conference topics include the present state of Kentucky's forests, anticipated needs for forest products, finance and federal cost-sharing programs, tree improvement, urban forestry and forest pest management.

Earlier conferences involved methods to improve the forestland industry. One result was the establishing of new-wood-processing plants and upgrading others.

Advance registration forms can be obtained from the forestry division, Kentucky Department for Natural Resources and Environmental Protection, 207 Holmes Street, Frankfort, Ky. 40601. Registration begins at 8 a.m., Oct. 23, at the Phoenix Hotel, Lexington.

Annual District Meeting Methodist Women

Mrs. Louis C. Johnson, President Covington District, United Methodist Women has completed plans for the District Banquet of the Covington District United Methodist Women to be held at Asbury Methodist Church, Highland Heights, Ky. September 29th, 1975 at 6:15 p.m.

The theme for this year "Do You Care? We care. Who cares. We care. We do care." all of which centers around the HUNGRY of the world.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, September 25th, 1975

The morning hours would be a good time to get a long lasting permanent wave but if you only want a regular hair do and a lot of gossip wait until this evening or tomorrow when the moon moves in to the air sign, Gemini, this is a good time to ask for a political favor but you had better get the promise in writing. Also a good time to take care of your correspondence while you have a lot to say and some interesting gossip to pass on.

Friday, September 26th

Weather permitting this is supposed to be a good time to harvest any fruit or root crops you have left as the moon in the air sign Gemini will help dry to give good keeping qualities, will also help the tobacco farmers cure their tobacco to that light color that brings a good price we hope. Don't try to make any plans tonight as Mercury turning retrograde will leave you a little muddled in your thinking.

Saturday, September 27th

The latest gossip says that since most of the gardens and fruit is gone that canning lids are getting plentiful, so if you have anything left to put in cans this evening through Monday night would be an excellent time, if you want good taste and keeping qualities. Any time today is right for outdoors sports but the fish will bite best this evening through Monday night.

Sunday, September 28th

Another day of leisure providing you took care of the little incidentals during the past six days, quoting Benjamin Franklin, "Employ thy time well if thou meanest to gain leisure; and since thou art not sure of a minute, throw not away an hour. Leisure is time for doing something useful, and this leisure the diligent man will obtain, but the lazy man never, for a life of leisure and a life of laziness are two things."

Monday, September 29th

You can finish your home canning and freezing any time today and there should be plenty of late squash and early pumpkin and both have a good taste when frozen, that was my opinion last Christmas. The fist will be biting until dark today but the real good fishing will start this weekend during the new Moon.

Tuesday, September 30th

The moon entered the fixed fire sign, Leo early this morning so today and tomorrow is the time to take care of long lasting projects starting new construction, painting, setting fence posts or putting a new roof on your home or out buildings and they claim that jams and jellies made at this time turn out exceptionally well.

Wednesday, October 1st

Turn another page on the calendar it is later than you think, finish anything you didn't complete yesterday and don't forget the jams and jellies, another good day to visit the barber and get a long lasting haircut and if you want sturdier furniture make the choices today and you will be inclined to buy for sturdiness rather than beauty and design and the same holds true for home appliances. Get married today and you will be married a long time for better or worse so make sure it is for the better before saying "I Do."

Bargains?

If you need clothes or household items - or if you've recently outfitted the kids - you're probably bemoaning the budget.

Courage. Shopping can be creative and fun, remember and there are still plenty of bargains available for the smart shopper in spite of inflation.

Taking advantage of department store sales is nothing new, but it's the really smart shopper who shops for the future instead of the present - people who buy next year's gifts at after Christmas sales or buy fall clothes at the June clearance.

Thrift shops are a good place to buy - and sell. These shops take clothes in good condition and the donor gets a percentage.

Neighborhood garage sales and house sales are an excellent source for bargains not only in clothes but toys and equipment.

For more everyday values packing lunches should be high on the bargain list.

To keep that food fresh and nutritional, sandwiches have to be wrapped. Use a wax wrap to store food in. Everyone takes their lunches these days. Don't feel guilty about it!

Smart shopping needn't be a chore. It can be fun and creative pastime and a sure method of providing extra dollars to spend where you want to spend them even in hard times.

**WOULD YOU
BELIEVE IT..**

CHICK CHAT

By: Sandy

Tell some people you can't get along without them and before long, you can't get along with them.

This would like to be: Just a bit finer, more of a smiler, and less of a whiner, just a bit quicker to stretch out my hand, helping another who's struggling to stand.

We can't get along without you here at G & G TIRE COMPANY. You mean everything to us so why not stop in and say hello and if you need tires, we'll mean everything to you.

October 6th Set For First Meeting

The Simon Kenton High School PTA will hold their first meeting for the term on October 6th at 7:30 p.m. in the cafeteria. Mrs. Joseph Gadd, new President will introduce the officers and chairman. The officers are as follows.

Mrs. Elmer Price, Vice President; Ways and Means; Mrs. Robert West, Secretary; Mrs. Kay Kelly, Treasurer; Budget and Publicity Book; Mrs. Robert Lancaster, By Laws; Standing Rules; Mrs. Ralph Blanton, Character and Spiritual; Mrs. James Casson, Citizenship; Mrs. Donald Wilson, Cultural Arts; Mrs. Litton Vaughn, Founder's Day; Mrs. Curtis Noen, Health and Safety; Mrs. Wayne Riley, Hospitality; Mrs. Jack Scott, Human Relations; Mrs. John Reams, Juvenile Protection; Mrs. James Avil, Membership; Mrs. Malcolm Florence, Co Chairman Membership; Mrs. Joseph Cheesman, Mental Health; Mrs. Robert White, Parliamentarian; Mrs. Harold Clayton, Program; Mrs. John Mason, Publication; Mrs. Virgil Rust, Scholarship; Mrs. Frank Craven, Co Chr. Ways and Means; Mrs. Clifford Martin, Publicity.

The Department Head of the courses offered at Simon Kenton will tell what they consist of and answer any questions on the subject.

Mr. Sebastian, Principal from the Kenton County Vocational School will be present to explain what the school offers the students.

Fall Dance

All Saints School

A Fall Dance will be held on October 18th from 9:00 p.m. until 2:00 a.m. at the All Saints School which is being sponsored by the Wives of the American Legion Ballroom.

For tickets and more information concerning this event please contact the listed numbers: 485-4597 or 485-7547.

Jaycee Hayride

Where, When and How Much are questions you will want to ask about the Hayride sponsored by the Boone County Jaycees for Saturday, October 4th from 7:30 p.m. till the rooster crows. This happening will take place at 519 Pleasant Valley Road. For easy directions, take I-75 south to U.S. 42 turn right one mile and a half to Pleasant Valley Road, right for one mile and 519 is on the left.

Some of the mouth watering delights are an all you can eat and drink meal which will include a "Burgoo" (Pork, Beef & Fowl) cooked over a slow simmering fire with mixed vegetables of all sorts stirred in a tasty fixin. Also corn on the cob and a tasty tossed salad.

After finishing the best meal you have ever eaten, let your feet do the shuffle with music provided by the "Dynamic Bluegrass".

What does an affair like this, that you will brag about for months cost? Only \$10.00 per couple. Now you've found out all you can and if you have any questions you'd better contact Paul Berning, 371-4825 for reservations or other information. Come and enjoy the meal, dancing and Hayride!

Walton Verona PTA Halloween Festival

The Walton Verona PTA Festival will be October 31st. Doors open at 6:00 p.m. with the Grand March starting at 7:00 p.m.

Colleen Sharp, WLW Television star will serve as Master of Ceremonies. Colleen's husband, Mike Murray, will serve as one of the judges for the costumes.

Make plans now to come out for a night of entertainment and fun for all.

Our Representative

Congressman Gene Snyder's District Field Representative, Jim Evans will be in room 310 of the Federal Building in Covington for most of the day on Wednesday, October 8th to help the residents of the Fourth Congressional District who are having problems with Federal Government.

Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0105 for an appointment.

Walton's Future

Sleepy eyed Walton is no more. The Boone County city of 1800 is showing signs that it's waking up to a new day.

A building moratorium slapped on the city in 1971 was lifted last year as the work began on an ambitious \$2.7 million sewer project.

The sewer lines are nearing completion and homes and businesses can hook up this winter. Now here's what is about to happen to Walton.

1. The city is considering annexing 93 acres of property on US 25 to the north.

2. Builder Arnold Caddell wants to build a 208 house subdivision with fronting businesses on the 93 acres.

3. The state Bureau of Highways has proposed to widen Ky. 16-14 from two to four lanes on the west side of the city. The main artery into town would be a short connector from I-75 and plans are for the project to begin next year.

4. Highwaymen also plan to build a Ky. 16 connector around an old highway bridge and overtop railroad tracks on the north end of town.

5. Plans are continuing for a Walton Industrial Park surrounding the new intersection of I-75 and Ky. 16-14.

6. And businesses have begun to move into town from elsewhere in northern Kentucky.

Caddell appeared before Walton council early in September to request annexation of land he owns north of the city's limit. The property is about 1800 feet from the existing line.

"We have given the city one feasibility study which would account for 208 building lots and approximately six acres of business frontage," added the administrator of the Newport Baptist Convalescent Center.

Council has requested that Kral, Zepf, Kreitag and Assoc., Cincinnati engineers who have worked on the project study the feasibility of extending the sewerlines to include the subdivision.

Continued on P. 4

What A Honey Bear!

That's only a toy honey bear on the lap of Mrs. John Leslie, chairman of the Gift Shop Committee at Booth Memorial Hospital. Mrs. Leslie with other committee members returned recently from a buying trip at the gift shop exhibition in Columbus.

Life like animals, she reports will go big at the holiday sales. The committee also purchased jewelry, candles, holiday ornaments and Christmas cards. The gift show is a project of the Women's Auxiliary.

Queenie Webster, 74 Kindergarten Teacher

Mrs. Queenie Webster, 74, of Dixie Highway in Florence died Sunday at her residence.

She was a kindergarten teacher in Boone, Kenton and Campbell Counties for 49 years and was a member of the Eastern Star, Florence and a member of the First Presbyterian Church of Dayton.

She is survived by her husband, James Smith Webster, a brother, William Harper of Texas and two sister, Mrs. Nellie Bass Kinaley and Mrs. Margaret Liedhegner.

Services were held on Wednesday at the Middendorf Conley Brothers Funeral Home in Erlanger. Burial in Evergreen Cemetery, Southgate.

Meeting To Meet

The regular monthly meeting of the Twenhofel Junior High P.T.A. will meet on October 13th at 7:30 p.m. in the school gym.

Independence Town Board Meet

Reporter: Luellen Wolsing

Independence held a town board meeting on September 24th at the Independence Courthouse. The minutes were read and accepted. The first item talked about was Social Security for city employees. A motion was made to stop taking out the money for Social Security coverage at the present time. This motion was carried.

A report was given on fire house three. The ground will be purchased, it was hoped that the deal would be completed by the week following the meeting. Mr. Kahrs said that station two was working fine. Several additional street signs have been put up. Also some additional street repairs were discussed. The council decided to meet at the street as a group.

The play ground on route 17 has been cleared off but some more work is needed. There was a discussion on setting up a meeting with the O.K.I. to talk about the sewer system. Mrs. Richardson told the council that there was a possibility that the garbage company might increase the rate of garbage collection.

A motion was made to appoint Stan Kahrs to the vacant seat on council for the last four meetings of the term. Mr. Kahrs said he was not running for council this year and he would be glad to help any possible way. There was a discussion and a motion was made to table the motion on the floor. This motion was defeated.

After this vote two members of the council, Mr. Tillet and Mrs. Richardson, got up and walked out of the meeting. Then since there was no longer a quorum the meeting was then adjourned.

Everyone Is Invited

Everyone is invited to the Homecoming of the Goshen Christian Church this Sunday, October 6th.

Sunday School starts at 9:45 and the Worship Hour at 11:00 a.m.

Following the Worship Hour there will be a dinner on the grounds, everyone is invited to come and eat with us. At 2:30 p.m. we will have a program that will consist of testimonies, songs and a lot of blessings from the Lord. Everyone come and help the Goshen Christian Church celebrate their Homecoming.

Sergeant Pope Is Bridge Foreman

Army Sergeant Robert C. Pope, son of Mrs. Christine Ely, of Main Street in Florence, Ky., was assigned as a bridge foreman in the 55th Engineer Company, 34th Engineer Battalion of the 937th Engineer Group here on September 15th.

He entered the army in March 1968 and was last stationed in Korea.

His wife, Vivian, lives in Junction City, Kansas.

A Reminder!!

The Walton Wa Na Club meets tonight, Thursday, October 2nd at 8 o'clock at the Methodist Church.

Candy Strippers Have More Fun

They had fun this summer and did good deeds, some 50 Candy Strippers at Booth Memorial Hospital, Covington.

Above, at summer ending ceremonies several of the coeds received their recognition pins from Capt. Louise Bennett, assistant administrator.

Ann Noll of Holmes Jr. High worked 50 hours while Kellie Porter of Twenhofel Junior High School topped all the people with her 396 hours.

Looking on is Mrs. Kenneth Hornback the director of volunteers.

Social Scene

Mr. and Mrs. John Shoemaker and daughter, Lynn of Frankfort attended the Walton First Baptist Church on Sunday and renewed old friends.

Ms. Karen Chance of Lexington spent the weekend with her mother, Mrs. Helen Chance.

Mrs. Donna Vess and son, Tommie of Louisville were guests on Saturday of her parents, Mr. and Mrs. Marvin Kendall.

Celebrates First Birthday

To celebrate the first birthday of their daughter, Karla Daniela, Mr. and Mrs. Kerry Vest of Crittenden Road, Verona entertained relatives for a birthday party on Sunday afternoon.

Those present were Mr. and Mrs. Clayton Jones, Hilliard, Ohio; Mr. and Mrs. Robert Jones and children, Scott and Rebecca; Mr. and Mrs. Herman Slusher; Mr. and Mrs. Harold Vest; Mrs. Kate Reed; Mr. and Mrs. Tony Robinson and children, Brian and Tonya, and sister, Kimberly Reed Vest, of Verona.

Local Hairdressers Attend Seminar

Mrs. Faye Lamb, of Verona and owner of Fay's Cut N Curl Beauty Salon and Kay Clifton, owner of Artistic Beauty Salon attended a Hairdressing Seminar at Beverly Hills on Sunday, September 28th. A luncheon was held then and one of the most progressive professional's in the midwestern United States, Mrs. Carol Lyden from Omaha, Nebraska, showed her many techniques in hair cutting and blow drying. Also the uni-perm system was featured which will be on special at your local beauty salon during National Beauty Salon Week, October 5th - 11th.

Old-Fashioned Sewing Hints

By: Nancy Norman

Do old fashioned sewing techniques take too much of your precious time? Would you like to learn to sew the new stretchable knits?

Quick Sewing of the New Stretchable Knits is the title of a workshop sponsored by Boone County Extension Service. It will be held on October 7, 14, 21, 28 and November 4, 11, and 18 at 10:00 a.m. at 12:00 noon at the Lents Building, Boone County Fairgrounds.

Mrs. Gertrude Paprotta, retired Kenton County Extension Home Economist will be the instructor. Mrs. Paprotta has wide experience in working with stretchable knits and in teaching these workshops. Her presentations integrate the best of several methods with her sewing experience and give the students several choices rather than one way to accomplish desired results.

The workshop is open to the public. There is a \$10.00 registration fee. Pre registration is required. To do so, call 586-6101, Extension 17.

Needs One Wagon!

On September 25th the Walton Verona Chapter of F.F.A. met in the Agriculture Classroom and discussed the responsibilities and duties of the committee chairman and the members of the committee. Each committee received a copy of its section of the program of activities. We received a report on our hayride and we found that we were short one wagon. If anyone has a wagon with sideboards that we could use on October 3rd please call the F.F.A. at 485-7172.

Holds First Monthly Meeting

The Walton Verona Chapter of F.F.A. held its first monthly meeting of the school year on the 10th of September.

The new officers for the 1975-76 term were presiding. They are President: Kevin Cahill, Vice President: Keith Riley, Secretary: Ken Riley, Treasurer: Eddie Gibson, Reporter: Jeff Connor, Sentinel: Kelly Ryan.

It was decided that Kevin Cahill and Eddie Gibson would represent our chapter at the national convention in Kansas City.

The convention is November 11th - 15th. The members reviewed our new program of activities and we decided to have a hayride on October 3rd and we set a date for a meeting of the executive committee and the committee chairman for October 25th.

The F.F.A. would like to thank all the people who came out and bought plants from us last spring. We hope that they beautified your garden all summer long.

Clever Clovers Meet

The Piner Clever Clovers 4-H Club held their September meeting and weiner roast at the home of Janet Bray. Eight members, two leaders, and two guests enjoyed the weiner roast and picnic lunch. At eight o'clock the meeting was called to order by the president, Mark Parker. Pledges to the flags were led by Tammy Black.

Roll call was answered by projects that you entered at the Kenton County Fair and the ribbons that you received them. Mark Parker, tobacco, red, hay, blue, corn, blue and champion. Open class, green beans, blue, tomatoes, blue and a marigold, white. Doug Smith, electric II blue. Dawn Morehead, Dog Blue, and champion. Scott Parker, Hay, red, corn, red and tobacco, red. Cherie Smith, Cooking IV, red, vegetable arrangement, blue and photography blue. Open class, clothing, marigold and chocolate cake. Chris Parker, open class, potatoes, white and corn red. Dexter LaFollette, yellow corn, blue and champion, hay, 3 blues, 2 champions and 2 reds. FFA tobacco, blue and champion. Open class tobacco, blue and champion. Janet Bray, pre-judging day, electric III, blue and champion, red at state, cooking IV, blue and champion and white at state. 4-H Secretary book, blue and open class, cooking, blue, and 2 flowers, red and blue, tomatoes, blue and apple jelly, red, blackberry jam, strawberries preserves, tomatoes juice, and green beans.

This past year our 4-H Club completed thirteen community pride projects. The county variety show was mentioned and our new club officers for 1975 and 76 are, Tammy Black, V. President; Mark Parker, Secretary; Janet Bray, Reporter; Dawn Morehead, Ways and Means; Chris Parker. Many projects were discussed but were not acted upon at this time.

Members enjoying the weiner roast were Mark and Chris Parker, Dawn Morehead, Dexter LaFollette, Cherie and Doug Smith, Tammy Black, and Janet Bray. Leaders, Mrs. LaFollette and Mrs. Bray and guests were Dale and Judy LaFollette.

The October meeting will be held at the home of Dawn Morehead.

Contest Seeks Ky's Top 4-H Members

Ten Kentucky 4-H members will share \$1,800 in U.S. Savings Bonds in the 1975 4-H Award of Excellence Program sponsored by the Courier-Journal and the Louisville Times.

An annual public service program of the Louisville daily newspapers, the program is presented in cooperation with the University of Kentucky Agricultural Extension Service which assisted in its development and whose extension agents coordinate it.

The participants who are elected the top 4-H boy and girl in the state will receive a \$500 U.S. Savings Bond. Eight runners-up, four boys and four girls, will receive a \$100 savings bond.

All 10 winners, their parents and county 4-H agents will receive all-expense-paid trips to Louisville to be guests of honor at the annual Farm

Awards Luncheon in March, 1976.

In addition to the top 10 awards, plaques will be awarded to the boy and girl selected as the most outstanding 4-Hers in each extension area in Kentucky. Plaques will also be awarded to the top boy and girl in each county.

Certificates of merit will be awarded to the top boy and girl in each of the three competition age groups in each county. The age groups are 9-12, 13-15, and 16-19 for both boys and girls.

Participants in the program will be judged on their individual academic development, moral development, civic and community development, physical development, and 4-H activities. Judging will take place on three levels: County, extension area, and state. Participants are judged only within their own age groups.

Selection of the outstanding 4-H girl and boy in each county must be

completed by November 1. The recommended closing date for county competition is October 15.

Previous state runners-up may participate in the program one more time during their 4-H careers. Previous winners of the top awards are ineligible for further participation.

Entry forms and brochures containing rules for the 4-H Award of Excellence Program are available at extension offices in all Kentucky counties.

The outstanding 4-H boy in the 1974 program was Paul Edward Hall of Foster. The outstanding 4-H girl was Frieda Carol Graham of Harrodsburg. Runners-up were Kaye Younce, Loyal; Nancy Kay Pfeiffer, Alexandria; Vicki Taylor, Paducah; and Carol Lynn Beck, Lexington. Also, Paul Gordon Hurst, Somerset; Ricky Gene Turner, Lacenter; William Carl Miller, Shepherdsville, and Thomas Wilson Cole, Alvaton.

PCA Managers Meet In Louisville

Production Credit Association Field Office Employees from Ohio, Indiana, Kentucky and Tennessee met in Louisville, Kentucky, September 79, at a Fourth District PCA Seminar. All Fieldman and Central office staff members from First Kentucky PCA were in attendance.

According to Steve Fisk, the seminar featured six key note speakers from a variety of agricultural fields. Included among those who spoke to the group was Don Paarlberg, director of agricultural economics for the United States Dept. of Agriculture, Washington, D. C. Paarlberg addressed the group on Tuesday, September 9, directing his comments to the agricultural outlook in the months ahead. Steve Fisk said that Paarlberg also gave the nearly 300 in attendance at the seminar an advance view of the USDA agricultural outlook which was published on September 11.

Other agricultural experts who spoke to the production credit association personnel during the seminar included: Sylvan H. Wittner, internationally acclaimed

horticultural scientist and world authority on greenhouse vegetables. Dr. Wittner is presently director of the agriculture experiment station, assistant dean of agriculture and professor of horticulture at Michigan State University; Tommy Bell, a Lexington, Ky., Attorney and well known speaker and National Football League Official; David H. Boyne chairman of the Dept. of agricultural economics, Ohio State University; Kenneth N. Probasco, chairman of Landmark, Inc., Columbus, Ohio; and Dr. Donald B. Roark, President of the Federal Intermediate Credit Bank of Louisville.

Steve Fisk pointed out that the purpose of the Fourth District Production Credit Association Seminar was to further inform PCA personnel regarding the changes

and challenges which continue to face agriculture throughout Kentucky, Tennessee, Indiana, and Ohio, the area which constitutes the fourth farm credit district. The event was conducted under the sponsorship of the federal intermediate credit bank of Louisville, the farm credit institution which obtains loan funds for, and supervises activity of, production credit associations.

As part of the farm credit system, Steve indicated that the Walton field office of first production credit association currently serves 945 members in Pendleton, Boone, Kenton, Grant, Gallatin and Campbell counties. Current loan volume outstanding to member-borrowers of the first kentucky production credit association is nearly \$35,000,000.00.

Expanded Foods Nutrition Program

Anna L. Myers
Kenton County
Home Economics

One of the most important programs sponsored by the Cooperative Extension Service is the Expanded Foods and Nutrition Program.

The program is carried through the work of the Nutrition workers supervised by the County Home Economics Agent and trained by the area supervisor, Mrs. Henrietta Nye.

The Nutrition workers go into homes of needy families and help them to acquire knowledge and skill as to making wise choices of foods so family meals are nutritious and low cost. They teach the homemaker how to prepare the food to retain its food value and share many different recipes with them. Also they assist them in planning special diets for the elderly, infants and certain health needs such as diabetic and high blood pressure.

The Nutrition Workers in Kenton County are Sallie Davis, Annette Simpson, and Doris Storey of Covington and Mrs. Lydia Huffaker of the county area.

Families desiring help from any of these workers contact Mrs. Ann Myers, County Home Economics Agent at 356-3155 or write a note in care of Courthouse, Independence.

Simon Kenton FFA Obtains Rights

The Simon Kenton Chapter, of the Future Farmers of America has obtained exclusive rights to distribute copies of the book The Growing Of America in the Kenton County area, according to John Ira Gray, Chapter Advisor.

The 144-page, hard bound volume, with over 200 photographs and illustrations, traces this Nation's agricultural growth and development from 1776 to the present. Included are many rare photographs of early farm equipment and farming and ranching practices.

The name of every chapter member appears on the dedication page of this book which commemorates our Nation's Agricultural Bicentennial.

The Growing Of America retails for \$5.95, but you may obtain your copy for just \$4.00 by contacting any FFA member, or by phoning 356-3541. Simon Kenton High School and leaving your name, address and phone number.

CRITTENDEN - 11 room 2 yr. old brick with country kitchen, wood burning fireplace in family room, W/W carpet throughout, city water, oversize septic tank and 2-car garage. Located on 8 acres with a 2 acre stock lake. \$75,000.

CORINTH - 5 room frame located on 107 acres with 2 barns, corn cribs, 2 ponds, running creek, 2,460 lb. tobacco base, can be divided. Will sell on land contract with 1/3 down at 6% interest. \$42,500.

WILLIAMSTOWN - 16 unit motel on 5 acres of land. Includes 6 room house with office space and a large building now being used as a meeting room. Just 10 years old. Located near I-75. \$110,000.

KENTON COUNTY - 41.1 acre farm with a 4 room frame cottage. Land includes 1,102 lb. tobacco base, 2 barns, hay and pasture. Good fence, silo, 1800 ft. road frontage. \$48,500.

GRANT COUNTY - 17 acres with mobile home and small house and barn, 600 lb. tobacco base. \$12,000.

GALLATIN COUNTY - 1 acre of land with four room house. \$12,000.

Walton, Ky.

Walton's Future

Continued From P. 1

Meantime a \$30 million industrial park for outside Walton is still in the planning stage.

Butler announced plans last year to construct the park on a 120 to 200 acre tract at the southeast quadrant of I-75 and Rt. 16.

"One thing that is a hindrance is lack of water supply. But the sewer is the big thing," Butler said.

City officials say the new subdivision would increase the city's income by 50 percent. Taxes at 40 cents per \$100 property evaluation currently gross the city \$39,000 a year.

Boone Judge Ferguson said that when the sewer project is completed, Walton will be the most prominent growth in the county.

The Ky. Bureau of Highways expects to obtain right of way for the relocation of Ky. 16 and 14 in the next six months.

The project, estimated to cost \$3 million, will include widening to four lanes the mile long stretch into Walton. The Walton Verona exit will be the same, but will build another bridge parallel to the existing bridge over I-75 and then bear to the right.

New businesses opened in Walton on Main Street are the Red River Western Supply and the Iron Gate Antiques. The riding equipment store, owned by Bill Brown relocated from Florence and Russell Campbell who closed his Covington shop several years ago, but decided to open a new shop.

According to city officials, Harold Marksberry the former owner of Boone Inn, plans a new restaurant at I-75 and Ky. 16.

Green 4-H Club News

Our 4-H Club participated actively in our county fair in August. Lori Simpson was crowned as 4-H Princess and last year's 4-H Queen, Joyce Waymeyer, participated in the coronation by crowning the new queen.

We had approximately 45 entries in the 4-H and open division of the fair.

Some of our award were: Susan Waymeyer, 2nd place in student art division, a blue ribbon on her terrarium and on her sewing; Joyce Waymeyer, blue on sewing, blue on cooking and the trophy on her knitting project. Lori Simpson received a blue on her canning project, blue on her woodworking project and a variety of blue, red, and white ribbons on her gardening project both in open and 4-H discussion.

She also received the Foods Preservation Trophy and Susan Duncan entered an afghan in the open division.

Our club's secretary book was selected as champion and Lori Simpson, our secretary received a trophy for that.

We were represented at the State Fair by entries from Joyce and Susan Waymeyer. Susan received a blue ribbon on her woodworking project and Joyce received a blue on her recipe box and a red on her knitting. Joyce also modeled at the State Style Review.

We had no meeting in September and our October meeting will be on Monday October 6th at 7:30 p.m.

Residents Requests Stock Purchase

The Kentucky Department of Transportation (KYDOT) has approved a request by two Covington residents to purchase all outstanding stock in Haubner and Story Trucking Co., also of Covington.

The application to purchase the stock was filed earlier by Lawrence and Charlotte Haubner, 5920 Sandman Drive in Covington under KRS 281.630 (6) (7), which requires that any transfer of operating rights or stock in a moving, storage or trucking firm must be approved by the KYDOT Bureau of Vehicles Regulation (BVR).

Sellers of the outstanding stock were listed in the application as Elmer and Vivian Story, 1538 Nancy Street, Covington.

In another similar action, State Secretary John C. Roberts and BVR Commissioner O.B. Arnold also approved an application by Monty's Moving and Storage of Florence seeking authority for transfer of Household Goods Certificate No. 921 and Exempt Commodities Certificate No. 922 to that firm.

Both certificates previously had been issued in the names of Fred Thomas Meadows and Charles Marvin Raiser at the same location.

Consumer Comment

There's a new law to help consumers who feel they have been billed incorrectly. It's called the "Fair Credit Billing Act," and it becomes effective in October of 1975.

Under this new law, if a consumer receives a bill he feels is incorrect and complains within 60 days, the company is required to respond within 30 days and within 90 days either correct the error or explain why the bill was correct.

If a company does not follow this procedure, it loses the right to collect the amount owed up to \$50.

The new law also requires that a company must send out bills at least 14 days before they are due so that consumers have time to pay without a late fee. A company must promptly credit any payments sent on time so that consumers are not charged finance charges if they pay promptly.

In addition, if a consumer makes an overpayment, the company must promptly credit the consumer's account or make a refund, if the consumer requests it.

The Fair Credit Billing Act also provides for those consumers who use credit cards. If a consumer buys an item or a service at a store and charges it on a non store credit card, the consumer can refuse to make payments for the product if he finds it unsatisfactory and if he has tried to get satisfaction from the store; the items or service costs more than \$50; and the store is within 100 miles of the consumer's home or within the same state.

If you have a consumer complaint, first notify the company, manufacturer or retailer. If your complaint is not promptly resolved, contact the Attorney General's Consumer Protection Division by writing Consumer Protection, Room 34, the Capitol, Frankfort, Ky.

Free-Flighting

The Korda Wakefield models held many records: 39:00, 43:15, 54:00. Ken Johnson built this 1939 World Record holder from original Burd plans, and flew it in Wakefield at the 1965 Nationals. The plane has an 18 inch free-wheeling propeller.

Hey-What ever happened to the Kid who Built Model Airplanes?

By Kenneth B. Johnson

One summer day, Chuckie MacDowell and I happened to walk by the big open field by the salt well, when over the treetops appeared a fishlike flying creature. We watched as it climbed in hundred foot circles to about 200 feet in altitude.

There was no sound at all from the strange looking object. We watched transfixed, as it continued to cruise and finally, after what seemed an eternity, began to nose down. Still flying in

silent circles it descended back to the grassy bed of the big field.

We hurried over to where it came down. It was then that we noticed the 5 or 6 guys standing over the machine.

As we came upon the group, we recognized it for what it was. A rubber-band model airplane. About 3 feet in span with long stork legs with wheels at the ends. A large wooden propeller at the front continued to turn with the wind.

Lupe Simon picked up his model to explain to us how it flew so beautifully without even a sound. He pulled out the nose of the plane and out tumbled

a wad of large rubber bands which stretched out to 5 or 6 feet.

He took a hand drill from a box on the ground and inserted a hook at the front of the drill into the propeller and stretched the rubber to full length as a buddy held the rear of the model.

He began to wind the drill. Round and round it turned. More and more knots appeared along the length of the rubber, until it was a mass of huge knots. He eased the long rubber band into the front of the fish-shaped body of the plane.

Then he carefully took the airplane from his pal and pointed it into the wind. Lupe sat the contraption on the grass and stepped back from it. It bounced forward a few feet and lifted off the ground for another soundless flight into the late afternoon sky.

We followed a few steps behind Lupe Simon as he walked home with his priceless possession.

It sure was something!

I later discovered the plane to be the brainchild of Cleveland's Dick Korda. Dick had won the world championship for rubber models with this airplane a year before. His name became a household word with virtually every kid in the country. Every kid who built and continued to build stick and tissue airplane models that flew on their own, powered by, of all things, simple rubber bands.

There was no glue-sniffing then, to give these resourceful kids a bad name. No plastic models you snap together in 5 minutes to set on the shelf and gather dust. No shortcuts to make young modelers lazy.

"Where are these same kids today?" you ask. Some are astronauts. Some are aeronautical engineers and some are presidents and officers of some of the biggest companies in the country.

Dick Korda still lives and builds models in Cleveland.

And Lupe Simon. Oh yes. He was shot down in a helicopter over Guadalcanal in November of 1942. I'll never forget him.

Fishing Report

Surface temperatures at most of Kentucky's larger lakes have dropped to below 70 degrees, and fishing for black bass and crappie is generally good throughout the state. They lake by lake rundown, as compiled by the Department of Fish and Wildlife Resources:

Cave Run Musky fair casting and trolling deep runners off deep banks and over channels; black bass slow casting artificial nightcrawlers and still fishing minnows around rocky points and over submerged cover; clear to murky, falling, one foot below pool and 61 degrees.

Laurel Black bass good on surface lures and minnows in inlets and bays; crappie good over submerged cover; clear, stable and 68 degrees.

Dewey Crappie slow to fair over submerged cover; clear to murky to muddy, stable and 67 degrees.

Rough River Black bass fair to good on medium and deep runners in inlets and bays; crappie good in South Fork over submerged cover and drop offs; clear, stable at one foot below pool and 65 degrees.

Barren Black bass good on medium runners off points and gravel banks; crappie fair over submerged cover; clear, falling slowly, at pool and 69 degrees.

Nolin Black bass fair to good on shallow runners and artificial nightcrawlers around stick ups and shallow points; crappie fair to good in upper lake over submerged cover; clear to murky to muddy, rising slowly at summer pool and 70 degrees.

Kentucky Black bass good on surface and medium runners in inlets and bays; crappie good over submerged cover and round stick ups below dam, catfish slow; clear to murky to muddy, stable at 3 1/2 feet below pool. **Barkley** Crappie good in inlets and bays . and around stickups; black bass slow on surface and medium runners and artificial nightcrawlers in inlets and bays and around stump beds below dam, crappie and catfish slow, clear and stable at four feet below pool and 64 degrees.

Herrington Black bass fair on deep runners and dollies around rocky points and banks; bluegill slow off deep banks; clear to murky and stable.

Cumberland Crappie good over submerged cover; black bass slow on surface and medium runners off rocky points and banks; below dam, trout fair and clear to murky.

Dale Hollow Black bass fair on surface and medium runners around points and over drop off; crappie fair over submerged cover clear to murky and stable at two feet below pool.

Boone County Garden Club

The Boone County Garden Club held their September meeting at the lovely home of Mrs. Larry Burcham, Burlington. Co Hostesses were Mrs. L.R. McNeely, Mrs. Hollis Gritton, Mrs. Charles Kelly and Mrs. Harry Scroggins. The program was presented by Mrs. Hoskie Goldsberry, Lexington. Her topic was "Table Settings". A very delightful and witty program was enjoyed.

The business meeting was called to order by the president, Mrs. Larry Burcham. Mrs. Roy Nestor gave the spiritual devotion and Mrs. Hollis Gritton the Flower Show Chairman thanked all for their help and cooperation in making the Boone County Fair Flower Show a success.

Mrs. Charles Kelly, Ways and Means, reported that final orders for Spring bulbs had been taken. Mrs. William Wesler donated two ferns to be given away as prizes. Mrs. Courtney Kelly and Mrs. Irene Walton were the lucky recipients.

Guests were Mrs. Don Marksberry, Mrs. Nancy Norman, and Mrs. J.C. Allen.

Members present were Mrs. Carmon Barnes, Mrs. J.C. Berkshire, Mrs. Frances Berkshire, Mrs. Larry Burcham, Mrs. Willis Coleman III, Mrs. Kirtley Cropper, Mrs. Rick Douglas, Mrs. L.L. Franks, Miss Lucy Lee Grant, Mrs. Hollis Gritton, Mrs. O.T. Howlett, Mrs. Louis Judy, Mrs. Charles Kelly, Mrs. Courtney Kelly, Mrs. Kay Kelly, Mrs. K.E. Lanier, Mrs. Roy Lockwood, Mrs. Roy Lutes, Mrs. Boyd Mahan, Mrs. L.R. McNeely, Mrs. Roy Nestor, Mrs. John Schzam, rs. Harry Scroggin, Mrs. Edward Smith, Mrs. Luther Smith, Mrs. Ralph Stith, Mrs. John Walton, Mrs. William Wesler, Mrs. Harry Woodsmall and Mrs. M.A. Yelton.

Approaching The Strange Dog

By Sue Johnson

A newspaper boy on his daily route enters a yard, only to be startled by a barking, growling dog. The boy watches, frozen, as the dog approaches him. Instinctively, the boy turns and runs from the yard, followed by the furious dog, who jumps up and bites the child.

This whole scene could have been avoided if the boy had understood the dog.

There are three main reasons why a dog bites strangers. First, there is the dog who will, apparently for no reason, dart out and bite someone walking along the road, minding his own business. This is indiscriminate biting, usually because the dog is spoiled.

Another reason a dog will bite is from fear. This type of dog was probably abused as a puppy. He is afraid, so in order to defend himself, he bites.

Protective biting, the third type, is probably the most common of the three. The dog who bites for this reason, is simply protecting his home and master.

How do you avoid being bitten? Slowly stoop down and hold out your hand to the dog, palm down. Speak softly, but in a friendly, unafraid voice. Always act natural. If you're frightened, try not to show it. By stooping down, you're putting yourself on the same level as the dog and the dog knows you're not in a position to strike or hurt him. Many dogs are slapped. An open hand indicates this, so keep your palm down. If you are holding any objects, place them on the ground beside you. Let the dog sniff you, which is his way of passing a final judgement. Once you have made friends with the dog, you can go about your original business, but don't force your friendship on him. You simply

want him to accept your presence and realize that you aren't going to do any harm.

This method usually works with the protective biter and the fear biter, but it won't work with the indiscriminate biter. When you are confronted with the indiscriminate biter, he simply rushes at you. All you can do is prepare yourself for the attack. Protect your face and head with your arms, and throw him off balance with your knee. Make noise, because it will distract him and also bring help.

If you should get bitten by a dog, check immediately to see if the dog has had a recent rabies vaccination.

Many dog bites would be avoided if people would use a little common sense, and try to understand our best friend.

in Florence, Ky. on Saturdays, Oct. 11 and 25th, from 1 to 2 p.m.

For more information on aluminum recycling contact the Reynolds Recycling Center, 1500 Fern Valley Road, Louisville, Ky. 40219.

Recycling Unit In Florence

The October collection schedule for Reynolds Aluminum's mobile recycling unit includes several stops in Cincinnati.

The recycling unit will buy all aluminum cans and clean household aluminum from the public for 15 cents a pound.

Part of Reynolds national recycling program, the mobile unit will be at Wiedemann Brewery, 4628 Paddock Road, on Wednesdays, Oct. 1, 15 and 29th from 11 a.m. to 1 p.m. Aluminum also can be redeemed at Western Woods S. Saturdays, Oct. 11 and 25 from 10:30 a.m. to noon.

In addition to the Cincinnati stops, the recycling unit will be at Rink's Shopping Center on Turfway Road

Margaret Elliott Has Invention

Margaret G. Elliott of 624 Duncan Drive, Florence, Ky., has developed an invention and applied for a patent. The invention is a child protective device composed of two bracelets and a strap.

One bracelet is worn by the child and the other by the child's parent. Mrs. Elliott wrote to the Walton Advertiser and requested that we share with you the news of this invention she is trying to produce.

She states, "Please understand that I cannot give all the details at this time but, it is ready for the manufacturers and it serves a good purpose. It is to keep a child from getting lost and maybe getting killed because the mother had her hands full. It will allow a parent to shop or carry another child and still have control of the child walking. The parent in any case can have both her hands free."

Mrs. Elliott was formerly from Walton and was a member of the Wa Na Club.

Using As Part Of Mental Hospital

The possibility that the present T.B. Sanatorium in Ft. Wright might be used in part as a mental health hospital has been raised by recent action of state officials.

They refused a certificate of need to convert 32 beds to long term orthopedic care, pointing out that there is no established need for such beds.

The move has lead to renewed

hope that a portion of the facility be used by Northern Kentucky Comprehensive Care for an inpatient facility for mental health treatment. The facility, if approved, would serve all of Region Seven, including Kenton, Campbell, Boone, Pendleton, Grant, Owen,

Gallatin and Carroll Counties.

Dr. J.E. Willett, Comp Care, is also said his organization is still interested in locating a facility near the new Booth Memorial Hospital in Boone County.

Is Forced Busing Another Assertion

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

equal opportunity and busing in the April 1975 issue of the magazine "Phi Delta Kappan." Titled, "A New Educational Decision: Is Detroit The End Of The School Bus Line?" it was written in the aftermath of the Supreme Court decision against cross district busing in Detroit.

Bilaine Whiting Young and Grace Billings Bress, both women of stature in educational circles and authors, write further:

"Once this mythic heritage of white superiority is abandoned, educators can address themselves to an analysis of the strengths, weaknesses, and needs of each school system, school, classroom, and, ultimately, each child no matter his color or that of his seatmates to determine which of the many resources, including integration, are most applicable to his learning needs."

They challenge schools:

"to find genuine solutions rather than inadequate and largely symbolic remedies which distract attention from learning problems that need real not symbolic solutions." They add a "plea for educators and judges to think about each child in a desegregation

program as an individual rather than as a token to be deposited here or there for political purposes...cippering them by numbers and skin color alone into that inhuman abstraction, 'the racial and socioeconomic mix.'"

The writers demonstrate that theories of sociologists on whom the Supreme Court depended for its opinions that led to forced busing as a desegregation tool, had not even been proven by their research. They quote a number of those "experts" as now finding busing actually may hurt black children.

One sociologist who has changed his views is James S. Coleman. His famous report was authorized by the Civil Rights Act of 1964 to survey "lack of equal educational opportunities for individuals by reason of race, color, religion, or national origin in public educational institutions." Young and Bress analyze its basic falsity:

"The Coleman Report deliberately shifted the meaning of the phrase 'equality of educational opportunity' from school inputs to focus on school outputs or student achievement. Thus equal educational opportunity was reinterpreted to mean equal educational results in terms of group averages of achievement for all races, ethnic groups, and classes."

Having censured white liberals for racism, Young and Bress have a word of encouragement for blacks:

"At bottom, learning and achievement are individual matters... opportunity does not mean results. The responsibility rests on the black community to lead its young away from the suicidal belief that excellence and achievement somehow involve a disloyal collaboration with a white enemy."

Staggered Schedules

Complete balanced meals can be prepared and portioned for those family members who come home after the normal dinner time. As these stragglers arrive, their individually portioned dinners of minutes in the microwave oven. This method of heating assures fresh, justcooked flavor, which is not possible with conventional methods of reheating.

Committee Approves Pre-Filed Bills

The interim legislative committee on the Judiciary, in its last meeting before the 1976 General Assembly session, last week approved bills for pre-filing which would reduce state control over liquor and milk prices and one which would grant compensation to crime victims.

Before a quorum of the 20-member committee at last Thursday's all-day session, the bill eliminating price controls on milk met with some opposition from two Kentucky dairymen. They contended the bill would allow big chains to sell milk cheaper than small dairymen.

The bill, however, was approved by the interim committee despite the opposition. It calls for the abolition of the statute on selling milk, cottage cheese and frozen dairy products at prices below cost. The bill is designed to make Kentucky milk prices competitive with those of neighboring states.

The interim committee also called for increasing the membership of the milk marketing and anti-monopoly commission to seven. The commission, which has mainly been converted with enforcing price levels, now has six members. The legislation also proposes including two consumer members on the commission.

The liquor bill which was approved for pre-filing would abolish mandatory mark-ups on all alcoholic beverages other than beer at both the wholesale and retail levels. The bill is designed to combat inflationary price mark-ups but has been criticized for creating conditions susceptible to cut-throat competition among small operators. A provision in the bill, however, states that no one person will be allowed more than two liquor licenses in a county.

The committee approved the bill on a split vote. Democrat Sen. Mike Maloney of Lexington explained that he opposed the bill because he heard no consumer advocacy for it in the interim committee's public hearings.

The bill allowing compensation for crime victims would allow payment of up to \$15,000 in lost wages and medical expenses. The claims would allow to be presented to the state Board of claims for investigation.

Two Republican members of the committee opposed the bill. Rep. Ray Overstreet of Liberty objected to a phrase in the bill prohibiting persons "maintaining a sexual relationship" from filing claims against each other. His questions of whether that phrase would keep rape victims from collecting compensation was answered by an opinion that rape would be considered "Maintaining a sexual relationship." But his query about whether the phrase could possibly set precedent for common law marriage in Kentucky was not answered conclusively by committee members.

Willing Workers Meet

Thursday, September 25th the Willing Workers Group met at the home of Mrs. Walter Whitson, of Nicholson Road in Walton. A delicious and bountiful pot luck dinner was served by the hostess and was assisted by her daughter, Mrs. Jack Rosenfelt.

Following the dinner the regular business meeting was held at which time reports were given by Mrs. W.W. Rouse, secretary and for nature report by Miss Rachel Acree.

The devotional was given by Mrs. Walton Whitson, who read parts of Luke chapter 12.

The meeting was closed by the Lord's Prayer in unison. Those present were: Mrs. Lillian Acree, Mr and Mrs. Hugh Fulton, Mrs. John Gault, Mrs. Wallace Grubbs, Mrs. Lulu Huey, Mrs. W.W. Rouse, Mrs. Jack Rosenfelt, Mrs. Walter Whitson, Miss Rachel Acree, and Miss Mary West.

Burlington To Get National Guard Armory

Burlington has been selected as the site for an \$850,000 armory and the first Kentucky National Guard unit located in Northern Kentucky since the Fort Thomas unit was disbanded in 1959.

Adjutant General Richard Frymire announced that the 118th Light Equipment Maintenance Company, a unique unit in Kentucky, is scheduled to be officially named November 1st. The unit will be authorized five officers, five warrant officers and 131 enlisted members.

The Guard will also employ two full time federal technicians to carry out the daily business of the unit.

Col. Billy Wellman, executive officer for the Kentucky Army Guard said that he anticipates good support from the people of Northern Kentucky. He noted that he

northernmost units had been located in Cynthiana and Carrollton.

Temporary rental space is now being sought, according to Marshall White, director of the facilities division of the state Department of Military Affairs.

"If everything goes smoothly we'll be in a new armory by July 1, 1977," he said. "But we'll need suitable space to work in until then."

White explained that a couple of sites near Burlington are still under consideration for the 16,000 square foot armory.

The National Guard will actually begin activity on October 15th when a recruiting team will be explaining the Guard and its programs in northern Kentucky.

Gov. Julian Carroll recently made available \$40,000 from the Capital construction contingency fund to pay for the planning and design of the National Guard Facility.

drive up I - 75!

Guess Who Pays!

If proposed changes in Kentucky's Air Pollution Control Regulations are approved, we will be forced to install sulfur dioxide "scrubbers" at our generating stations. Our wholesale electric energy costs will increase by approximately 63%. And all for a system which is unproved and unnecessary.

Tall smoke stacks cleaned up the air in London, England. The Environmental Protection Agency's own funded studies have found little relationship between sulfur dioxide levels and health. And EPA environmental regulators admit that sulfur dioxide by itself probably doesn't matter much.

We want the best possible life for all Kentuckians, but we can't understand how squandering consumers' money can improve our quality of life.

Fire Hazards

Are there any fire hazards in your home? Fires kill an estimated 12,525 persons per year in the United States and Canada.

People in one and two family dwellings are responsible for about one third of all fire deaths. These fatal fires most often take place between midnight and 6:00 a.m. while residents are asleep. This is why a nighttime fire escape plan is a must for every household.

Fire Prevention Week is October 5-11th. The Great Chicago Fire in 1871 started on October 9th. Fire Prevention Week is always the Sunday through Saturday period

which includes the Chicago fire which killed 250 people.

Fire prevention week is an ideal time to check your home and get rid of fire hazards.

Topping the list of major causes of home fires, according to studies made by NFPA, is carelessness in the use and disposal of smoking materials. Adults are the major offenders - including those who persist in smoking in bed - but children, too, are responsible for starting tens of thousands of dwelling fires each year by playing with cigarettes, matches and lighters.

Other major home fire hazards include those involving electricity - defective wiring, wrong size fuses, worn appliance, and extension cords, and electric cords running under rugs.

Rubbish that piles up in the attic, basement, closets, garage and yard can be treacherous. So can paint and flammable liquids, used and stored improperly; chimneys and flues that are dirty and defective; heating and cooking equipment which needs cleaning and repair, and open flames and sparks.

Now is also a good time to check your barns for fire hazards. The tobacco stripping room is the real danger area. Farmers have often walked out of the stripping room to find it and their barn on fire. It's a shame to see a tobacco crop and an expensive barn go up in smoke due to carelessness.

Check stoves and stove pipes for soundness. Hay stored where sparks can reach it is another major cause of barn fires. Finally make sure all fires and coals in a stove are smothered before leaving a fire overnight.

County Agent's

1/2 Acre by: Joe Claxon

First and foremost is food prices. From the end of the Korean War until 1972, substantial supplies kept farm prices at a fairly low level. Retail food prices increased a bit more slowly than prices of other goods and services and much more slowly than income. This permitted many Americans to increase spending for automobiles, television sets, recreation, and education. So it is small wonder that the sharp food price rises of 1973 and 1974 sent shock waves throughout the country.

Though the food price increase has slowed, it is clear that the price levels of the 1950's and 1960's are not going to come back. Agriculture uses substantial amounts of energy, both directly to run farm equipment and indirectly in the manufacture of such inputs as fertilizer which have helped raise the productivity of American farming to such impressive levels. Energy prices will continue to increase and with them the costs of farming. This will have to be reflected in farm product price if the output we need to feed an increasing population is to be forthcoming.

Because of the recession, income is rising more slowly and consumers are spending a slightly higher proportion for food than in the last

Did You Know

Did you know that a forestry incentive program allows landowners who follow specified procedures to be reimbursed for 50 to 75 per cent of the cost of planting trees or of the cost of timber stand improvement. Reimbursement will not exceed approximately \$50 an acre for tree planting or about \$30 an acre for timber stand improvement.

few years. When the economy picks up, income is again likely to rise faster than food prices and expenditures. Many on low, fixed incomes will continue to be pinched by food costs, although food stamps will help.

Another concern sometimes expressed by consumers but one for which there is little basis is worry over the supply of food. American farms have the potential capacity to vastly increase output of major agricultural products. Given favorable product prices, no restrictions on land use, more general use of technology, and adequate supplies of inputs, farmers by 1985 could produce 50 per cent

more feed grain than in 1972, 44 percent more cotton, 4 times as many peanuts, and twice as much rice. The increases actually achieved will depend on the incentives farmers have.

But in any case, the US in the foreseeable future will remain as it has been for 200 years a land of plentiful food.

What To Do In October

In the latitude that takes in the United States and with respect to meteorology, October is nearly always a delightful month. Certainly it is one of the most beautiful and interesting months of the year. "At every turn," as the poet Edmund Clarence Stedman once wrote, "The maples burn," and the air has a mellow tang peculiar to the month alone. Happy is the person privileged to spend a lot of time outdoors in October.

In the northern parts of the nation, the first hard frost of the

aging year usually comes in October. The accompanying cold spell, or spells, however, that follows do not often last for very long. Periods of warm lazy, hazy days followed crisp, bracing nights ideal for sleeping are usually the rule.

The chief beauty of October is in its changing foliage. The woods are a gorgeous kaleidoscope of an endless pattern of crimson and crimson and gold, yellow and burnt amber, and about all the shades and hues common to the color spectrum. Even the somber pine forests are lighted here and there by the scarlet tapers of the staghorn sumac and the red

Bake A Morning Cake

Vary family breakfast meal patterns with a home baked CoConut Chocolate Coffee Cake middle of the week. No need to wait for company or weekends. Serve a warm, fragrant-from-the-oven treat made with Baker's Angel Flake coconut, Baker's semi sweet chocolate, and biscuit mix. There's a luscious topping of flaked coconut with cinnamon, sugar, and butter, on this moist, marbled "special".

CoConut-Chocolate Swirl Coffee Cake

1/4 cup flaked coconut
1 tablespoon butter or margarine, melted
1/2 cup milk
1/2 cup sugar
2 square semi sweet chocolate
2 cups biscuit mix
1 egg
2 tablespoons salad oil

Combine coconut, butter, one tablespoon sugar, and the cinnamon; set aside. Melt chocolate with 2 tablespoons milk in saucepan over low heat, stirring constantly; cool. Meanwhile, combine biscuit mix, 1/4 cup of milk, sugar, egg, and salad oil; beat vigorously about 30 seconds. Add half the dough to the melted chocolate; blend well. Alternately spoon chocolate mixture and remaining dough into greased 8-inch square pan. Cut through reserved coconut mixture over batter. Bake at 400 for about 30 minutes or until lightly browned. Cool; cut into squares. Makes about 9 servings.

Butter Baked Washington Russets

Here's a glamorized version of the roast potatoes, featuring Washington State Russets. The "Golden Baked Russet Potatoes" are baked with butter as they bake, then coated with bread crumbs and Parmesan cheese when almost done. The result is a tasty potato that is tender and moist on the inside and crisp and savory on the outside.

Washington State Russets are the favored old purposed potato. When baked, they become fluffy and moist. When fried, they are crisp and tender, and when boiled, they retain their flavor and shape.

Golden Baked Russet Potatoes

4 medium Washington Russet Potatoes
1/4 cup melted butter
1/4 teaspoon onion salt
1/4 teaspoon salt
1 tablespoon packaged bread crumbs
1 tablespoon grated Parmesan cheese

Peel potatoes. Slice each crosswise every 1/4 inch, cutting to within 1/2 inch of the bottom. Place in buttered baking dish. Drizzle with half of butter; sprinkle with salt. Bake at 425 for 30 minutes. Sprinkle with crumbs and remaining butter. Bake 20 minutes longer. Sprinkle with cheese and bake 10 minutes or until tender, basting with butter in dish. Makes four servings.

leaves of the trailing sawbrier. In unassuming beauty, goldenrod, farewell summer, cardinal flower, and the misty blue bloom of hardy ageratum make the lowlands and roadsides gay as in the days of spring.

October is a busy time for resident birds, most of which are seed eaters. Ripening weeds of the dry fields, meadows, and river bottoms furnish them with feasts and they take advantage of the abundance. Woodpeckers, jays, and endless forms of other wildlife scurry about storing up beechnuts, acorns, and other provender for the austere times to come. Then there are other things that can be done to help make the old homestead more beautiful next spring.

Horticultural and garden specialist of the UK College of Agricultural recommend the completion of such tasks in October as these: Mow the lawn weekly and keep it leaf free to encourage bluegrass to fill empty spots. Plant broadleaf and needle evergreens during the month, as well as tulips and other spring flowering bulbs.

These experts also recommend planting deciduous plants when they start losing their leaves; cutting roses back to about 30 inches and tying the tops to prevent wind damage; digging summer bulbs before the ground begins to freeze; watering deeply and mulching any plants likely to suffer from winds and drought; and wrapping tree trunks to prevent sun scald.

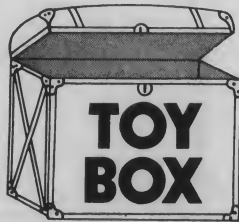

Other tasks that may pay off in October is to check Irish potatoes dug earlier in the summer and discard any showing rotsigns. After harvest, plow under or otherwise work the garden to help reduce weeds next season. Gather pumpkins and squash with a piece of stem attached and store in a shady, dry frost free place.

Sermon

Going Where God Leads
Genesis 12:1-9

George Eliot once said, "It is vain thought to flee from the work that God appoints us, for the sake of finding a greater blessing instead of seeking it where alone it is to be found - in loving obedience."

Abraham was so busy doing God's will that he had no time left to dispute with God about His plans. Abraham's example teaches us the

lesson well - that man can afford to go where God leads. When God called Abraham, he knew he must make the right decision.

We do not know how God made him personally that one can never know how God calls another person. God has His own ways and we can rest assured that His call is real.

Abraham must have been very sensitive to his obligation for the price was great. He must leave his country, his kindred, and his father's house. It is never easy to abandon the safety and security of the familiar. To add to the difficulty of leaving familiar surroundings, God did not tell him where he was going. God merely told him, "I have a piece of land I want to show you!"

God promised Abraham to make of him a great nation. He promised him his blessings. Abraham's name would become great. He would be a blessing to others. God would bless those who blessed him and curse those who cursed him. What did this mean? Those who failed to see God at work in the life of Abraham would suffer the consequences. Those who opened themselves to God would bless themselves through the examples set by Abraham. Man is under obligation to be listening to God's will for him and thus act in accord to God's plan.

A Sincere Obedience
Genesis 12:4-6

"So Abram went, as the Lord had told him..." It is never enough simply to feel one's obligation. God's call is the call to active and sincere obedience. One writer has said that "Obedience to truth known, is the king's highway to that which is still beyond us."

Abraham might have used his age, his family responsibilities, or a dozen other legitimate excuses for not acting in obedience to God's call. But Abraham had come to know that God was greater than all circumstances.

MOUNTAIN MOMENTS

A Double Anniversary

Two events which happened within a week back in 1960 changed my life forever! This year marks the 15th anniversary of my marriage to Mrs. H. and it was 15 years ago that I enrolled as a student at the Clear Creek Baptist School in Pineville, Kentucky.

Rather than risk becoming "mushy" and tell you about 15 years

of married life, let me tell you about the Clear Creek Baptist School. One reason I mention the two in the same story is that they are closely related.

Mrs. H. and I were married in August of 1960 on a Saturday afternoon. The following Thursday we left home to move in to the campus of Clear Creek about 15 miles away. Clear Creek is located at the forks of two creeks in the foothills of the beautiful Cumberland Mountains near the famous Cumberland Gap in Boone County.

I had responded to God's call to the ministry and with the encouragement of John Isaacs, a Clear Creek professor, I decided that the school in Pineville was the best place for me. I have never regretted the decision.

The Clear Creek Baptist School is a theological school for adults; and students must be at least 21 years old in order to enroll, although the age limit is not the only qualification.

The curriculum is centered around the study of the English Bible, and students take such courses as Old and New Testament, missions,

evangelism, English, doctrines, religious education, and music. Clear Creek is experiencing growing pains with a 42 percent increase in enrollment over the past two and one half years. In fact, the school is growing so fast that a critical shortage of student family housing is developing. This means that God called men are now turned away because there is no room for them and their families on the campus. Dr. D.M. Aldridge, Clear Creek president, recently appealed to area residents to help locate off campus housing available to the students.

On our campus three radio programs are produced and distributed to over 100 radio stations: Clear Creek Chimes is a 15 minute devotional program; Clear Creek Country features country gospel music, poems, and recitations; and the Sunday School Lesson is a commentary taught by Clear Creek Professor Earl Clark.

In addition to the radio outreach, the school provides to over 100 newspapers a written Sunday

School Lesson commentary, and Mountains Moments, which is published in over 100 newspapers. Many of you have written to me to request a complimentary subscription of the Mountain Voice, our school newspaper, and I hope you are enjoying it. Some subscribers may not have received a copy yet, but it's on the way. In closing I'll say to you what my grandmother would say to her friends, "Come up and see me sometime!"

THINK
ABOUT US FOR
HOME
INSURANCE

Sure, you've heard of the Homeowners Policy. It's been around for years.

What you probably aren't aware of is that our agency can now offer you a Homeowners Policy that's broader and better than ever. For instance, important extra features are now provided without added charge... including free \$1,000 of Credit Card and Depositors Forgery coverage.

We have available four different package policies for homeowners, and one of them is right for you and your particular protection needs.

When it comes to Homeowners Insurance, think about us. We'll be pleased to talk things over, so just give us a call or mail the handy coupon.

Card Of Thanks

I would like to thank everyone for their prayers, visits, flowers, gifts and cards while in the hospital and since returning home.

God Bless You All
W. E. "Bill" Schukler

In
Memory

Mrs. Sallie Vest of 24 Alta Vista in Walton, died at the age of 98. The widow of John L. Vest, appointed special judge in a 1940's Newport gambling inquiry, died Saturday at her home.

Her husband, a Walton lawyer, died in November of 1960.

There are no immediate survivors. Services were held at the convenience of the family.

Autumn
Revival

D.C. Watkins

Florence Baptist Temple will conduct Revival Services nightly at 7:30 p.m. from October 6-12th.

Evangelist D.C. Watkins from Laurinburg, North Carolina will be the guest speaker and Rev. and Mrs. Ray Jackson from Cincinnati will be the guest musicians for the week.

A Nursery will be provided each night and for more information you may call 586-6090. Florence Baptist Temple is located just 3 miles west from I-75 on (old) Ky. 18. A 600 seat auditorium is being planned.

So Abram came to the land of Canaan and the world was destined never to be the same.

A Singular Opportunity
Genesis 12:7-9

Verse 6 ended with the words, "And the Canaanite was then in the land." Was Abram tempted to question his call at this time? Many Sunday School Teachers and even some pastors turn and run when they find that the Canaanites are in their territory.

It was to be a long and bloody struggle for the seed to Abraham before the land was really their own. So it is with the Christian life. God has promised no bed of roses. Christ came not to give peace but a sword. He came to kindle a fire and that he did. This old world is on fire and the victory that overcomes the world is, as with Abraham, our faith in God!

803 Scott, Cov. 281-1226

Our town philosopher calls our church "God's branch office." He means no sacrilege because he is a very religious man.

He puts into words the feelings that unite all Christians. Rituals may differ... doctrines may not always agree... denominational labels may seem to keep us apart. Still we share the wondrous knowledge that One Lord is the Savior of us all.

There is no time when this bond of faith is expressed more vividly than on Worldwide Communion Sunday. In our little church about sixty of us will gather. Around the world there will be millions. Together we'll join in an experience that began on the eve of Christ's crucifixion.

Be with us. BE WITH HIM.

Farmer's Calendar

In 1774 Boston was besieged by the British Navy, its port closed, its streets occupied by British soldiery, its industries halted, the normal rights of its citizens infringed. Gifts of food and one were received from all the colonies. But it was the Suffolk Resolves that really mattered. These were prepared by the delegates of the Massachusetts County Convention and are, perhaps, the first voice of freedom in a beleaguered land.

The Resolves were addressed to "His Majesty George the Third" justly entitled to the allegiance of the British Realm." But the complaints voiced in the Resolves were that the British Parliament had blacked the harbor of Boston and altered the established form of government in the Colony. The Resolves noted the establishing of a Provincial Congress in Concord and its intention to present resolves to the Continental Congress in Philadelphia.

And this was done, the Resolves being completed on September 4, 1774 and carried post haste by Paul Revere to the Continental Congress where they were immediately approved.

No less important than Lexington and Bunker Hill, and a true preface to the Declaration of Independence, it is extraordinary these Resolves are so little remembered.

ACREAGE NEEDED

If you have any property for sale on a public water system in Boone County, I have a client that may be interested in it. I also need property of any kind to sell.

Free Press Is Your Guarantee

National Newspaper Week, October 5 - 11th, commemorates freedom of the nation's press. In newspaper, radio and television, the free press is the catalyst which guarantees the continuation and survival of human liberty.

Without a free press no government could remain for long a government "of the people, by the people, for the people."

The free press not only guarantees our Constitutional liberties, but also defends our rights to read about the government, the "people" and ourselves.

Bicentennial Minutes

After a meeting of Congress at Philadelphia, the Provincial Congress of Massachusetts voted to enlist 12,000 of her patriots, under the name of "Minute Men" who were volunteers that would be ready to take up arms when needed. Connecticut and Rhode Island did the same. Then the other colonies became riled with patriotism, and in Virginia the minute men became an important part of her military force.

Classified ads should be in the Walton Advertiser's Office no later than 12:00 noon on Monday.

Ideas For

This is the time of year many families make plans to fix up various parts of the house. Because of the amount of time many homemakers spend in the kitchen it often tops the list of fix up projects.

Whether you hire a professional or do it yourself, there are some basic approaches to kitchen remodeling that you should consider before you start.

First, make a list of things you don't like about your present kitchen, such as cabinets, colors, traffic patterns, counter placement, etc. Then decide what you would like to change and how you would like to do it. You may want to consider such custom features as a counter bar, a completely lifted ceiling, coordinated cabinet doors and wallcoverings or additional storage space.

If you seek outside help, be sure to check out the remodeling firm

carefully before it starts any work. A call to your local better business bureau should be a must. You also should talk with several of the firm's recent customers.

Once you've satisfied yourself as to the firm's integrity, then plan everything that is to be done before the job starts. Prompts added after

the start of a job generally cost more than if they were included at the beginning.

Accept the remodelers suggestions for what they are suggestions. You probably are the best judge of your needs. You, not he, will be one who has to live and work in your kitchen for years to come.

By: R. W. Lancaster

October 2, 1975

Today and tomorrow would be a good time to finish all the projects you started since the full moon a couple weeks ago, finish up your sewing and mending also get your house cleaning caught up before the weekend and have more spare time to enjoy the family, save the home baking for Monday and you will have better luck.

Friday, October 3rd

If the weather permits this would be a wonderful time to get outside and clean off the garden and start some compost heaps for next year, mix some dirt with the vines stalks and leaves and you will have a good organic mixture to start next years flowers and vegetables, see your county agent if you have never made compost and he will explain or give you literature on the best and easiest methods.

Saturday, October 4th

With the new moon late tonight the fishing should be exceptionally good over the weekend for the true sportsman and be even better next Monday and Tuesday. For those who have put their fishing gear in mothballs for the winter the aspects indicate that visiting some older friends would be very enjoyable, or maybe a dance or movie if the TV fare doesn't improve.

Sunday, October 5th

With the new moon we may be inclined to do what we think is some original thinking but Voltaire had a different idea. Quote "Originality is nothing but judicious imitation. The most original writers borrowed one from another. The instruction we find in books is like fire, we fetch it from our neighbors, kindle it at home, communicate it to others, and it becomes the property of all."

Monday, October 6th

Today and tomorrow is the right time for planting or transplanting trees and shrubs for a quick growth before winter also a good time to repot some flowers or any other plants you want to keep in the house over the winter months, the aloe plant is very decorative and the crushed leaves is said to be very soothing on burns.

Tuesday, October 7th

If you want your hair to grow back thick and fast get it cut any time

today but if you want to slow the growth wait two weeks for a haircut but don't tell the barber where you got your information. The aspects indicate there will be a lot of bargains in staple foods this Friday and Saturday so start making your shopping list and watch the paper to see what the local merchants have to offer, with the price of gasoline you won't save too much traveling 20 miles for a bargain.

Wednesday, October 8th

If you have any teeth that have to be extracted see your dentist today or tomorrow and the gums will heal nicely without too much bleeding. Also a good time for an eye examination if you need new glasses and if you need new shoes buy them after you do all your other shopping as anything that feels good on tired feet should be comfortable for months to come. Save the home baking for Friday afternoon or Saturday and the yeast dough will rise high and bake to perfection.

LOOKING BACK

20 Years Ago

Thursday, Sept. 29, 1955

Altar Society of All Saints Church of Walton, will hold a bake sale on Saturday, October 1st.

The Friendship Club of Walton Nicholson Road had tis first meeting.

Volume 60 Number 41

Gobble Gobble Gobble

That's right! A Turkey Supper on Sunday, October 19th at the St. Cecilia School Basement, 5309 Madison Pike, Independence, Ky. Fresh dressed Twes Turkeys, with all the trimmings, and homemade pie will be served. There will be a combination table with many fine gifts, a wishing tree, popcorn balls, and for the very brave a "Spook House."

Everyone is invited to attend. This event is sponsored by the St. Cecilia Altar Society.

Remember the date, October 19th from 3 p.m. to 7 p.m. with adults dinners for \$2.50 and children for \$1.00.

Future Site

Future site improvements for Boone County's New Haven Elementary School were recently approved by the state Department of Education.

T.O. Thompson, director of the department's building and grounds division, said an estimated cost of \$12,664.88 had been projected for the improvements.

Florence Baptist Sets Record Offering

27 month old Florence Baptist Temple set a record offering on Sunday, September 28th with total offerings of \$4,784.56 for the day with 296 in attendance.

The record attendance is 381 set on the churches' second anniversary on June 22, 1975.

An Autumn Revival is to be held on October 6-12th nightly at 7:30 p.m. A new 600 seat auditorium is being planned.

For more information on the church, you may call 586-6090. Florence Baptist Temple, is an Independent, Fundamental Baptist Church.

ASCS Office Closed

On Monday, October 13th the Kenton County ASCS Office will be closed due to the fact that it falls on Columbus Day, a national holiday.

The office will reopen the following day at the correct time.

Lodge To Meet

Walton Lodge to meet on Thursday, October 16th at 7:30 p.m. All visitors and members are urged to attend.

"Circus On Parade"

First graders Christy Adams and Mark Rogers holding posters for White's Tower Elementary School PTA Membership Drive.

The first graders Christy and Mark cordially invite you to join the White's Tower PTA "Circus on Parade." They display some room posters for the PTA's annual membership drive to be held during the month of October. All parents and others interested in supporting their children and their school are urged to join in the PTA Membership dues are 75 cents per person. Mrs. Ronald Schneider is the Membership Chairman and Mrs. William Schunder is Co-Chairman.

Hoe-Down October 11

Maplewood Guild is sponsoring an Autumn Hoe-Down on October 11th at the Boone County Community Center on East Bend Road in Burlington, Kentucky.

In addition to square dancing, called by Herb Borgerding, Cincinnati, refreshments will be available and a dessert auction will be held.

Tickets for the event are \$3.00 and reservations can be made by calling 371-4420. Chairman for the Hoe-Down is Mrs. Vivian Turton. All proceeds will go to Maplewood Home.

Representative To Meet Your Problems

Congressman Gene Snyder's District Field Representative, Jim Evans, will be in Room 310 of the Federal Building in Covington for most of the day on Wednesday, October 15th to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0105 for an appointment.

Accepting Applications

Northern Kentucky State College is now accepting applications for admission to the Nursing, Human Services, and Radiologic Technology programs. Admission to these programs is limited and selective due to the technical nature of the studies.

If you are interested in one of these programs, please submit the following documents to the Admissions Office at NKSC before December 1st:

1. Application for Admission.
2. American College Test (ACT) scores.
3. Partial High School Transcript.

For those of you who have not taken the ACT, a Residual ACT is planned for November 15 at 9:00 a.m. at NKSC. The fee is \$8.00. Call the NKSC office of Admissions at 781-2600 to register for this Residual ACT. This test is only for students who did not apply for the October 18 National Testing date and are planning to enter into one of the selective admissions programs at Northern.

Fiddle Away!!

Richter and Phillips Showroom in Florence, Ky., off of Tanners Lane will have a Fiddle and Banjo Contest for entertainment on Saturday, October 18th.

Prizes of \$50 in merchandise and trophy will be awarded to the first prize winner with \$25 in merchandise to second place winner and \$10 in merchandise to the third place winner.

No entrance fee is needed to enter this contest just a fiddle and a banjo. WUBE Radio will be the Master of Ceremonies with door prizes and refreshments served during the activities of the day.

Call 283-2711 for more information and to get in the Fiddle and Banjo Contest.

Halloween Festival

THE WALTON-VERONA PTA—Is happy to announce that Coleen Sharp, popular WLW television and radio personality will host the annual Halloween Festival Friday evening, October 31. Doors open at 6:00, Grand March at 7:00. Coleen's husband, Mike Murray, will be in charge of judging costumes. Plan now to come dressed in your favorite costume and meet this charming couple.

Kentucky Ranks Third In Nation

Kentucky ranks third in the nation in obligating its share of the 1976 federal apportionment funds for highway construction, according to a Federal Highway Administration Progress report. The federal figures were completed through July 31, 1975.

In announcing the state's standing, Secretary John C. Roberts of the Kentucky Department of Transportation said that this means that Kentucky is utilizing its federal highway construction money as rapidly as it becomes available.

In reporting progress on the state's portion of the interstate system, Roberts said that of the total 737.3 miles planned for Kentucky now, 647.4 miles are still under construction and the necessary rights-of-way for another 36.5 miles of interstate have been acquired. Those remaining sections will go to construction as soon as federal funds become available.

Fall Dance

A Fall Dance will be held on Saturday, October 18, 1975 at the All Saints School.

From 9:00 p.m. until 2:00 a.m. more fun will be enjoyed by more people if you come or out to this fall dance sponsored by the Wives of the American Legion Ballteam.

For tickets and more information concerning this dance please contact the following listed numbers: 485-4597 or 485-7547.

Your evening will be filled with fun and you will meet new and old friends.

So come on out and have fun.

Mrs. Flynn Hosts Walton Homemakers

The October meeting of the Walton Homemakers will be held at the home of Mrs. Leo Flynn on Stephenson Mill Road, Walton on Friday, October 10th at 10:30 a.m.

Mr. Bill Mathias will present the program, "Court Systems in Kentucky".

Visitors are welcome to attend.

Revival Walton Baptist

The First Baptist Church of Walton will hold their revival on October 12th through the 19th each night beginning of Sunday night at 7:30 p.m.

Each service will begin promptly at 7:30 p.m. on the following nights with Rev. Bob Brown, pastor of the Trinity Baptist Church of Lexington, Ky. as the evangelist and the First Baptist Church of Walton's Minister of Music and Education, Bro. Lynn Dixon as the song leader.

Inspirational solos will be heard from Lynn Dixon, Becky King, One Way Singers and four different groups from Trinity Baptist led by Enrique Romero.

The public is cordially invited to attend each service for a fulfillment and a nursery will be provided for the younger children.

Holds Meeting

The regular monthly meeting of the Twenhofel Junior High School P.T.A. will meet on October 13, 1975 in the school gym beginning at 7:30 p.m.

Everyone is invited to attend this worthwhile meeting to meet the teachers and learn about your child's school habits.

A new experience will be held there for you.

Closing Flor Regional Meeting

Offices of the Health Department of 7325 Woodpoint Drive in Florence, Kentucky will be closed on Thursday, October 16, 1975 and on Friday, October 17, 1975.

The reason for the closing of the Health Department is that their personnel may attend a regional meeting in Lexington on these two days.

Farewell

We are sorry to hear the losing of Rev. Jerel Treas, pastor of New Bethel Baptist Church of Verona, Ky.

We wish him the best of luck.

Independence Life Squad

September 29th
Ruth Reusch, Edgewood to St. Elizabeth, George Reusch, Edgewood to St. Elizabeth.

September 30th
Stodivan, Webster Road to St. Elizabeth.

October 1st
Clarence Mohler, Riggs Road to Booth.

October 4th
Mable Taylor, Madison.

October 5th
Nancy Wade, Willow Drive to St. Elizabeth.

Get In On The Basement Sale

On Friday and Saturday, October 10th and 11th the Independence Christian Church will hold a basement sale from 9:00 a.m. until 4:00 p.m.

This event will be held in the basement of the Christian Church.

See you in the basement for bargains galore!

Boone County Musters Bicentennial Forces

The Boone County Memorial Veterans of Foreign Wars Post 6099 and Ladies Auxiliary is set to embark upon a massive effort of observance of the American Revolution Bicentennial.

The 200th Anniversary of the founding of our Country is truly a grass roots celebration. Every true American is urged to join in and take part in the observance of the Nation's Bicentennial at the post home on US Highway 42 in Union, on October 18th.

A dinner (Turkey with all the trimmings) will be served at 7 p.m. and Dance at 8 p.m. with the "Country R" band. Both events for \$6.00 a couple or \$3.00 a person or Dance only \$1.00 per person, the beer and set ups not included.

Prizes will be given for the best costume dress depicting the era of our Country. Tickets may be purchased at the post or from the chairman, Jewel at 371-4255.

Principal At Piner Accepts Bigger Post

Phil Webb, Principal at Piner Elementary School, has accepted an advisory committee position to the Education Department at Thomas More College. Webb will be working with Dr. Tibbetts and other members of the Department to determine the effect of current issues in education on the objectives of the Education Department program at Thomas More.

Phil was the Kenton County Jaycee's Outstanding Young Educator of the Year in 1974. Webb lives with his wife, Sharon and son, John in southern Kenton County.

Get Your Free Cheeseburgers

Some 10,000 cheeseburgers will be distributed free along with other food when as many Kenton County school children get the first of perhaps three free meals.

Mrs. Albert Lanahn, a director of food services for the Kenton County Board of Education, will supply the free meal on Wednesday, October 15th.

White professing not to be excited by the menu, she adds that "that's what the students seem to like."

No date has been set for the other free meal days. The project is designed at the beginning of the school year to keep down the overall costs paid by parents of the students.

Former Walton Local To Hold Service

E.M. "Gene" Penn of Maysville, Ky. will be the Laity Speaker on Sunday Morning, October 12th at the Walton Methodist Church.

Mr. Penn is the son of Mrs. Andrew Penn and the late Mr. Penn of Needmore Street, Walton. He is a graduate of Walton Verona High School.

Pastor Welby Patton invites you to attend this special worship service at 11:00 a.m. on Sunday.

National 4-H Week

"4-H - 76 . . Spirit of Tomorrow" is the theme of this year's National 4-H Week, October 5 - 11th.

More than 7 million 4H'ers, their leaders and parents will take part in the annual salute to the Head, Heart, Hands, and Health program.

National 4-H Week is proclaimed annually by the Cooperative Extension Service, which conducts the 4-H Program in all 50 states, the District of Columbia, Puerto Rico, Guam and the Virgin Islands.

Extension professionals recruit, train and assist the nearly 500,000 volunteers who provide local leadership in 4-H activities. In recognition of 4-H Week local 4-H'ers in Kenton County will be participating in a 4-H poster contest to proclaim the week.

The Kenton County 4-H Advisory Council will be awarding a prize to the best poster on display.

Social Scene

Mr. and Mrs. J.B. McCubbin spent the weekend at Eastern Kentucky University with their son, Tim in honor of Parent's Day.

Mrs. Roy Brown, Miss Janice Brown, Mr. and Mrs. Ron Brown, Julie and Rita Lynn Brown, Mr. and Mrs. Robert Hunter and son, Robbie, and Mr. and Mrs. Jeff Duncan enjoyed a Sunday afternoon cookout at the home of Mr. and Mrs. Clarence Duncan and children, Judy and John.

John Bonar, a freshman at Georgetown College, was home over the weekend visiting his parents, Mr. and Mrs. Jimmy Bonar.

Corp. Jeff Acree is home on leave visiting his family, Mr. and Mrs. Bob Acree of Verona. He will return to Hawaii.

Congratulations to Mr. and Mrs. Eddie Luebke who were united in marriage on Saturday, October 4th in Cincinnati. The couple will reside in Florence, Ky.

Mr. and Mrs. Butch Kent are receiving congratulations on the arrival of a baby girl, Kristen Dawn who was born on September 30th. She is also welcomed by a big brother, David.

Congratulations to Mr. and Mrs. Donnie Boyers, nee Donna Pence, who were united in marriage on Friday, October 3rd at the First Baptist Church in Walton. They will reside at 43 South Main Street.

"Belle Of Louisville"

Mr. and Mrs. Arthur Doggett were guest aboard the "Belle of Louisville" for dinner and festivities on September 21st. The Belle was the winner over the "Delta Queen".

On September 28th Mr. and Mrs. Arthur Doggett then attended the "Old Reliable Beauty Show" and dinner at the Beverly Hills Country Club.

September Meeting Kenton Garden Club

Miss Margaret Stephens entertained the Kenton County Garden Club at 8 p.m. on September 25th at her beautiful home in Independence, Ky.

Mrs. William Straw, President, presided and she called the meeting to order with a short devotional. She used her selections from Psalms 91 and Philippians 4. "Thick are these things, the pure, the good, the lovely and the true."

Mrs. Ralph Guage reported on the club's booth at Independence Day. It was a financial success. The club wishes to express its appreciation to all members and friends who helped with the booth.

Miss Elma Taylor reported on the September 22nd meeting of the Bluegrass District of Kentucky Garden Clubs. It was hosted by the Jessamine County Homemakers Garden Club at the Woman's Club of Central Kentucky Building. The Program highlight was slides with comments on "Wild Flowers in Central Kentucky" by Mr. Bruce Poundstone, Lexington. Mrs. Straw, Mrs. Guage and Miss Taylor attend the meeting. Our K.C. Club will host the 1976 District Meeting.

Each member answered roll call with "Club plan to plant this fall." Flower arrangements were exhibited - one of roses from her garden by Miss Stephens and one of dried flowers in a large bottle by Mrs. Straw.

The program topic was "The Judicial Article" which will amend our Kentucky Constitution by replacing our present court system. The guest speaker was Mr. Bernie Beck, President Student Bar Ass'n., Chase Law School. He gave a timely and most in formative talk on the topic.

Members and guests present were: Mmes., Chalmer Ballinger, L.A. Cole, Margaret Dickson, Ralph Guage, Wesley Hall, Dora Pennington, Forest Papp, Leontine Stephens, Bessie Stephens, William Straw, Kenneth Webster, James Webster and Misses Margaret Stephens, Elma Taylor and Alice Jane Williams.

The hostess and the mother served delicious refreshments, during the social hour that followed the meeting.

The October 23rd meeting of the club will be at 7:45 p.m. at the RECC Building in Nicholson. Guest speaker will be Mr. Eugene Keith, Simon Kenton High School Faculty. Mrs. William Guttridge and Miss Alice Jane Williams will host the meeting.

Friends are invited to attend.

Gives Bridal Shower

Mrs. J.B. McCubbin and Mrs. Rick Stephens entertained on Tuesday, September 30th with a bridal shower for Miss Marita Humphrey at the home of her aunt, Mrs. J.B. McCubbin.

Those attending were: Mrs. Dorothy Gibson, Miss Rene DeMoisey, Miss Marilyn Frederick, Mrs. Rosetta Snow, Mrs. Barbara Foley, Mrs. Mae Foley, Mrs. Debbie McIntosh, Mrs. Rhoda Humphrey, Miss Gisele Stephens, and the hostesses, Mrs. Rick Stephens and Mrs. J.B. McCubbin.

Guest of Honor

Mrs. Burdette Powers was the honor guest of the 140th anniversary celebration, September 7th at Gauley Baptist Church, Gauley Bridge West Virginia.

She made a brief talk at the morning worship service, and was presented with a lovely corsage.

Four hundred and fifty people attended and after a six o'clock buffet dinner in Fellowship Hall, which proceeded the evening service, Burdette was asked to tell of humorous experiences during the time she was pianist and organist there for many years.

During this service she gave a brief musical concert of request numbers.

Burdette is a local musician and teaches piano and organ and has her studies in her apartment at 18 South Main Street.

Card of Thanks

We wish to thank everyone for food, cards and visits during the illness and death of our loved one.

A special thanks to Dr. Waller, Rev. C.W. Closs Jr., and John Eckler Funeral Home. Your kindness will never be forgotten.

The Family of
Edna Flynn

Out of Step

John and Jean have a foot race, starting with their right foot at the starting line, stepping forward to the left. If John takes 2 steps to every 3 Jean takes, when will their right feet hit the ground together?

On John's fourth step and Jean's sixth.

Heavy Drinkers Beware!

Heavy drinkers should be aware that even good diet is no answer to alcoholism, according to a Veterans Administration report appearing in a recent September 8th issue of the Journal of the American Medical Association.

Good nutrition will not prevent alcoholics from developing liver damage unless they cut down their alcohol consumption, said Dr.

Charles Lieber, Chief of the Section of Liver Disease and Nutrition at the Bronx, N.Y. VA Hospital and Professor of Medicine at Mt. Sinai School of Medicine.

"Traditionally the disorders affecting the liver in alcoholics have been attributed exclusively to nutritional deficiencies accompanying alcoholism, but recent studies indicate that in addition to dietary deficiencies alcohol itself is a factor in producing alcoholic liver disease."

George William "Ab" and Betty Ryan of Old Beaver Road in Walton were celebrating their 25th Wedding Anniversary on October 7th on Tuesday.

They were married at St. Benedicts Church in Covington 25 years ago

The operators of Ryan Hardware and Implement Company in Walton for the past 23 years have two children, Gary Russell and Debbie Jane.

Betty and Ab started the business in 1952 as a Dry Goods and Hardware Store and today have grown into a business that people from all around depend on and respect for their fine quality.

Ab and Betty would also like to say "Happy Birthday" to Russ on his birthday which fell on the same day.

Congratulations on your 25th Wedding Anniversary and may you have 25 more years of happiness and success.

Wa Na Club Holds October Meet

The Wa Na Woman's Club of Walton met at the Methodist Church last Thursday, October 2nd with Mrs. Willie Mathis leading the members in reciting the Club Collect and Mrs. William Locke giving the Spiritual Guidance.

Kentucky Consumer Protection Laws, was the program topic and was ably presented by Susan Stophor and Phillis Hobbs. Helpful information included discussion of the most frequent consumer complaints, how to deal with any suspected fraud, by calling a "Hot Line" number to the office of the Attorney General in Frankfort.

Mrs. Gayle McElroy led the business session and announced plans for a vision screening test for Kindergarten pupils, designed to detect lazy eye syndrome.

Mrs. McElroy representing Wa Na Club, Mrs. Leo Flynn from Walton Woman's Club, Mrs. Donald McMillian from Homemakers groups, recently attended a training class in Covington, preparing them to help in this project. Ms. Louise Conrad will take part also. Mrs. David Peebles and Mrs. Gayle McElroy will be delegates to the District Meeting of Federation of Women's Clubs held in Carrollton, Kentucky, Saturday, October 11th.

A lovely display of Sarah Coventry Jewelry was arranged by Ms. Pat Parsons. Gift selections of Sarah Coventry will be available from any member until November 6th.

Mrs. Jack Norris and Mrs. Elmer Groger served refreshments to members and guests; Mrs. Asa Rouse, Mrs. Wendell Rouse, Mrs. Robert Slayback, Mrs. George Black, Ms. Joella Sleet, Mrs. Malcolm Simpson, Mrs. Willie Mathis, Mrs. Jack Rouse, Mrs. Ernie Lauterwasser, Mrs. William Locke, Mrs. Gayle McElroy, Mrs. Daniel Hance, Mrs. Irene Peebles, Mrs. Chester Sturgeon, Mrs. Wally Wireman, Ms. Mildred Younger and Ms. Pat Parsons.

Gives Surprise "Open House"

The employees of Ryan Hardware and Implement Company of Walton had a surprise housewarming for John and Jo Ann Romes on Saturday evening.

Those present were Mr. and Mrs. Clifford Ryan, Mr. and Mrs. Joe Feldman, Mr. and Mrs. Ray Losey, Mr. and Mrs. Elmo Howell, Mr. and Mrs. George "Ab" Ryan and also the host and hostess, John and Jo Ann, their two children, Stan and Connie and also Uncle Munk

Leader

The Veterans Administration is a leader among federal agencies in the employment of the handicapped.

The Slipping Squirrel

A squirrel fell into a well with smooth sides 30 feet deep. He could jump up 3 feet each time, but his claws could not get a good grip, and

he would slide back 2 feet. How many jumps did he make until he reached the top?

He would have to jump 28 times to make it out.

Turkey Talk

What's the best way to thaw a turkey?

In the original wrapper in the refrigerator. A 14 pound bird will take about 2 to 3 days and for faster thawing place the wrapped turkey in cold water. Change the water frequently and do not thaw at room temperature.

Is there an easy way to transfer a hot, cooked turkey from pan to platter?

Yes. A cord lifter comes with all Butterball Turkeys. The lifter is placed lengthwise under the prepared turkey.

How can you tell when a turkey is done?

There are 3 tests for doneness. A meat thermometer inserted in the thigh next to the body should read 180 to 185 degrees or probe finers with paper and press thigh and drumstick. Meat should feel soft. The last test is to prick skin of thigh. The juices should no longer be pink.

United Appeal Ways to Give

The current United Appeal campaign is raising money for five more agencies than it did last year. According to Campaign Chairman, William Portman, "that makes reaching a campaign goal of \$12,950,00 absolutely essential."

Included for the first time in the United Appeal campaign package is Short Long Term Residential Care at Covington.

This agency offers a somewhat unique program for the physically handicapped. Conducting three separate programs of weekend camp retreats, a group home for

developmentally disabled adult males and recreational services for the handicapped, the agency was first organized by volunteers and professionals of other health and rehabilitation agencies in Northern Kentucky who saw a lack of service in the area.

Portman says he feels good about the addition of the new agency indicating he saw a tremendous need for the service they are providing.

Other agency services included are Association for Home Care Agencies; New Life for Girls and Sycamore Senior Adult Multi Service Center.

Bake Squares For Dessert Tonight

Home baked desserts have a special appeal that delights us. Fill your kitchen with the fragrant aroma of Apple Walnut Squares the next time you make something from scratch.

Apple Walnut Squares taste like distant cousins of old fashioned gingerbread gussied up with apples and walnuts. The rich batter stays moist right through baking because you make it with velvety evaporated milk. Serve the Squares warm, topped with your favorite ice cream or whipped topping. They make a great family dessert and are good to serve the friends who drop by.

Apple Walnut Squares

1/2 cup butter, 1 cup sugar, 2 eggs, 1 teaspoon vanilla, 2 tablespoons instant coffee, 2 cups sifted flour, 2 teaspoon baking powder, 1 teaspoon baking soda, 1/2 teaspoon salt, 1 teaspoon ground cinnamon, 1/2 teaspoon ground nutmeg, 1/2 teaspoon ground cloves, 1/2 cup undiluted Carnation Evaporated Milk, 3 cups finely diced peeled green apples, 1 cup chopped walnuts

Cream butter and sugar in large mixing bowl. Beat in eggs, vanilla and coffee. Sift flour, baking powder, baking soda, salt, cinnamon, nutmeg, and cloves together. Stir flour mixture and evaporated milk into egg mixture alternately, beginning and ending with dry ingredients. Stir in apples and walnuts and pour into buttered 13 x 9 x 2 inch baking pan. Bake in moderate oven at 350 for 50 to 60 minutes. Cool slightly and cut into squares. Serve warm with your favorite ice cream and whipping topping.

It's Close To Halloween

Outlandish costumes, goblins and goodies, "trick or treat" that's Halloween. But have you ever wondered about the origin of this tradition?

The earliest observance is unknown, but began with ancient beliefs. Way back in time, the first of May was celebrated as the first day of summer. That's when the cattle were sent out to pasture. November 1st was celebrated as New Year's Day because that's when the cattle were returned to the barns.

In those days it was believed that the night before the New Year, ghosts flocked around to mingle with the living. People prepared banquet laden tables to greet the ghosts who were thought to throng around houses. From the pagan feast grew our current Halloween stories of ghosts and goblins.

The word "Halloween" came into existence with the advent of Christianity, signifying the evening before All Hallows or All Saints Day. Early Christians fasted for departed souls, and many people dressed in costumes representing their favorite patron saints.

Actually, it Halloween as we celebrate it today is no longer related to All Saints Day. Children of America have taken over the holiday.

To keep Halloween fun filled and not trouble filled, here are a few tips.

It's wise for parents to allow small children to go trick or treating only in the immediate neighborhood where they know their neighbors. Wearing costumes that can be detected in the dark is a good idea. Costumes shouldn't be bulky or too long.

Have a party at home to keep kids from running the streets at night. Planning for those inevitable treats is an important consideration too. Since fruits are often used as treats, always wash good then wrap in wax paper to get their protection from germs. Did you know that apples is a special Halloween fruit, goes back to an old tradition also. Young girls used to pare apples and let the peelings fall over their shoulders whatever initials took shape signified the initials of their sweethearts.

Still Living

America's veterans include 294 living recipients of the Medal of Honor, the nation's highest award for military valor.

Open House

Grace Christian Church will hold an open house on Sunday, October 12th from 2 to 4 p.m. to welcome their new minister, Pastor Dave Ahrman, his wife, Nancy, and their two children, Chauna and Chad.

Pastor Ahrman has been associate pastor in Astabula, Ohio. He comes to Kentucky to fill the vacancy left by Charles Davis, founder, builder and pastor for the past nine years.

All churches in the area are invited to come and fellowship with us and then meet the pastor and his family. He is young man devoted to God's call in his life and has ambitions for furthering the Lord's work in this area. He and his family will reside on Blue Brass Court, Independence, Ky. The church is located at 466 Independence Station Road.

The Green Family Singers will be featured at the 7:30 p.m. evening service.

The church wishes to thank the visiting pastors and speakers that served so graciously during the interim of pastorates, namely: Pastor Arthur Tipton, Maurice Johnson, Nick Gearhardt, Randall Faulkner, Frank Lipscomb, Frank Boone, Coach Jim Taylor. Also the young men of our church which served and any one that helped in securing these speakers.

Fancy Fish Fillets

For a low calorie fish fillet really can have a good tasting toasty coating. Mix instant mashed potato flakes with onion salt, to sauce and buttery flavor oil; prepare fillets for baking and sprinkle on the topping.

Diet Fried Fish

Two thirds cup of instant mashed potato flakes to two tablespoons buttery flavor oil or regular vegetable oil, one teaspoon onion salt, five or six droplets of red pepper sauce to one to one and one half pounds fish fillets, thawed if frozen.

Use ungreased nonstick baking sheet or shallow pan in oven that is heated 450 degrees to yield at least four servings.

Stir together the potato flakes, oil, onion salt, and red pepper sauce while the oven is preheating.

Dip the fish fillets in potato flake mixture, coating both sides, or simply arrange them in a single layer on the baking sheet and sprinkle on potato flake mixture.

Bake for 10 to 15 minutes or until coating is golden brown and fish fillets tender when tested with fork.

Bake Bread At Home

All over America, women and men, too have been searching for ways to cut their food bills. The money crunch has hit everyone.

Families have initiated the custom of growing their own vegetables. Women have learned to prepare foods they used to buy already packaged. Interestingly enough, in this day of saving money on food, we've never eaten better.

One of the delicious results: the difficult economy is home baked bread, a treat that everyone enjoys. When it's Oatmeal Sesame Bread, it's even better. The 3-minute brand oats, acts as an extender and a delectable flavor ingredient. From one easy recipe three loaves are shaped, brushed with beaten egg white and water and sprinkled with sesame seeds. This is a bread that can easily become a family tradition, no matter what the state of the economy.

Oatmeal Sesame Bread

1 package active dry yeast
1 1/2 cups warm water
2 tablespoons sugar
2 1/2 teaspoons salt
2 tablespoons butter
1 1/2 cups 3-minute brand oats
2 1/2 to 3 cups flour
1 egg white
2 teaspoons water
Sesame seeds

Dissolve yeast in 1/2 cup water. Combine remaining water with sugar, salt and butter. Stir in yeast, oats and one cup flour. Add enough of remaining flour to form a soft dough. Knead until smooth and satiny - 7 minutes. Cover and let rise until double in bulk. Punch down, divide into three equal parts and let rest for 10 minutes. Meanwhile, beat egg white and water. Shape each portion of dough into flat, round loaf. Brush with egg mixture and sprinkle with sesame seeds. With back of knife, make three deep grooves across each loaf without cutting all the way through. Let rise until double and bake at 400 degrees for 20 to 25 minutes or until browned. Break into wedges to serve.

Spice of Life

The tale of herbs and spices is thousands of years old, but their use in modern kitchens offers a never ending variety of flavorful foods. They can make a simple meal special without a lot of expense or time.

Even though the terms herb and spice are used almost interchangeably, they are different. Spices are natural, aromatic products made from the dried seeds, buds, fruit, or flower, or root or bark of plants. These are usually grown in tropical climates. Some of the most common spices include pepper, cinnamon, nutmeg and cloves.

Herbs are aromatic leaves and sometimes flowers of plants. These usually grow in temperate climates. Basil, bay leaves, chervil and oregano are a few of the common ones.

Learning to use spices isn't difficult, it just takes practice. The most important thing to remember is to use only small amounts at least until you become familiar with the flavor. Evactly how much to use is mostly a matter of taste. But as a general rule, in recipes serving six, start out with one fourth to one half, then adjust as your palate dictates.

To get the most flavor from your spices proper storage is a must. The worst place to keep them is in the warm humid cupboard over your range. They'll retain their strength much longer on a cool dry shelf.

CRITTER COLUMN

Anyone 18 years or under who would like to submit an interesting story about their pet for the CRITTER COLUMN please mail or deliver to "The Citizen" at 6th and York St., Newport Ky. 41071. If you wish a picture to be published with the story, it must be a clear, black and white photo.

This horse was bred in Lexington, Ky. The tail is 19 ft. long, mane 12 ft. and forelocks 8 ft. long. He is chestnut and stands 15 1/2 hands.

The Short and Long of It
by Sue Johnson

Throughout history the horses mane and tail, and the way they are worn, mean much more than most people realize. To some extent, the mane and tail of a horse can give an indication of his breeding. Generally, cold blooded horses, such as draft horses, have a thicker, fuller mane and tail. Hot blooded horses usually have thinner manes and tails.

The early Romans, Greeks, and Egyptians decorated their horses for battle with laurel braids and flowers. The American Indians also adorned their horses with feathers, animal skins, streamers and trinkets.

A good buggy horse was a necessity to any man, before the turn of the century. These horses were decorated with "plumes" from cattle switches. Often these switches were dyed red or yellow, and woven into the horse's mane.

In the 1950's when the crewcut was in style, horses also sported this new look. The horse's mane was roached (clipped close to the roots) and the tail was also trimmed close to the dock. In fact, all western-type horses were to be clipped in this manner. The palomino was an exception, for he wore a full mane and tail.

Because they had to travel on muddy roads, the draft horses of France had docked tails, or closely clipped tails. When these horses were imported into America, groomers started to dock

the American horses as well. In later years the tails went from docking to braiding. Early braiding was very difficult and time consuming. Today the scotch knot is used most often.

Hunter's manes are braided with thread and the braid is then turned under. The gelding and stallion wear an even number of braids, and the mare wears an odd number. Polo ponies also wear braided manes and tails.

The three gaited saddle horse has a roached mane and a clipped tail, but the five gaited keeps a long flowing mane and tail. Sometimes they even wear tail wigs!

Certain breeds of horses, including the American saddle horse, the Tennessee walking horse, and the Hackney, wear "set" tails. Tailsetting has been banned in some states, for some people consider it abusive and inhumane. To "set" a tail, an operation is performed. Later the tail is carried in an upright position.

Other breeds, such as the quarter horse and the thoroughbred, wear their manes and tails naturally. Their man or tail may be thinned out, though. The quarter horses' tail is cut even with his hocks, to show off his powerful hind quarters.

A red ribbon is braided into the tail of a horse who kicks to warn others. But the tail ribbon is usually mysteriously absent at a horse auction.

Don't Be Fuelish

Are you doing your part to conserve our natural resources and working to combat inflation? One of the best ways to do both is to not waste our precious fuel in heating our homes this winter. 16 percent of our energy sources are used to heat our homes and businesses, so quite a bit of fuel can be saved by following these recommendations:

Have your heating system checked annually to be sure it is safe, clean and efficient.

Replace furnace filters at least once a month during cold months.

If you do not have storm windows, install temporary storm windows by taping heavy, clear plastic over the inside of your windows. Sealing screened or jalousie porches in this way helps also.

Close the fire place vent when not in use to prevent air flow.

If you have a source of wood, enjoy your fireplace and turn down thermostat.

Be sure nothing is in front of or on top of the heat registers.

Pull your draperies at night to keep heat in; open them in day to get warmth of the sun.

Remind all of the family to tightly close doors and to close them quickly coming and going.

Use "warm" colors, such as yellows, and reds to increase feeling of warmth.

Keep records of your fuel bills and consumption of KWH or BTU's. I think you'll be pleasantly surprised at the savings as compared to another year.

Panama Canal Sell Out Halted

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

This is handled by members appointed by each house, called conferees. When they agree on a compromise, it is reported back to each house to be approved or disapproved.

The conference came up with a very weak, meaningless amendment to substitute for mine. It read:

"It is the sense of the Congress that any new Panama Canal treaty or agreement must protect the vital interests of the United States in the operation, maintenance, property, and defense of the Panama Canal."

Last Wednesday I was very pleased by the action of the House of Representatives in reaffirming what has come to be well known as the Snyder Amendment even beyond our country's borders.

You will remember that on June 26th the House approved by amendment to next year's State Department appropriations bill, prohibiting it from using those funds "for the purposes of negotiating the surrender or relinquishment of any US rights in the Panama Canal Zone." Left wingers in Panama and throughout Latin America have attacked the amendment, as have "liveralls" in the US.

My amendment was dropped in the Senate. When the two house of Congress pass different versions of a bill, there has to be a conference between them to resolve differences.

First, this language made no reference to the Canal Zone. Second, the State Department has already declared our vital interests were best served by turning the Zone and Canal over to Panama. In other words, "the only way we can keep the canal is to give it away! It has been saying the guerrilla attacks or outright war would break out and we couldn't operate the Canal. So we have to give it to Panama to operate and defend, so we can use it!

Fortunately for our national interest, the House of Rep. did not buy this phony argument or the substitute for the Snyder amendment. It was defeated by a vote of 203 to 197.

We Need Tobacco

The last few weeks have been among the busiest since I came to the Senate in January, 1973. I though I might give you a rundown on some of those activities.

The most important activity as far as Kentucky is concerned is the tobacco price support legislation which has passed both the House and Senate. We were able to pass the bill by unanimous consent in the Senate after securing the approval of several senators who previously had objected.

We have since had a meeting of President Ford, urging that he disregard the advice of Agriculture Secretary, Earl Butz, who has urged a presidential veto. It could be that the President will have made a decision by the time this column appears. Hopefully, he will act in the best interest. The thing that

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

particularly perturbed me was the statement by Mr. Butz that raising the price of support would cost the federal government million of dollars. He was talking about federal outlays for non subsidized government loans to tobacco farmers, and these do not constitute costs at all. This is money that will be repaid to the government.

In still another area of agriculture, my subcommittee has been holding joint hearings on the illegal practices which led to the indictment of 48 individuals and four grain companies in New Orleans for alleged bribery of grain inspection officials at the New Orleans port.

Because of these illegal activities, I have introduced legislation to federalize the inspection system as far as grain exports are concerned. Since there have been few, if any,

Dr. Hess Chairs Gable Campaign

Robert Gable, Republican candidate for governor, announced his appointment of Dr. Lee Hess of Florence, as his Boone County Campaign Chairman.

In announcing the selection Gable said, "Lee Hess represents what I want to bring to Kentucky government. He is a leader in his profession, community and state. Kentucky government needs management by leaders, not just more of the same old politics. I am, therefore, especially pleased that Lee has agreed to work with me as my Boone County Chairman."

Dr. Hess received his B.S. Degree from Xavier University, and his M.S. from University of Louisville. He has served as Chief of Staff, St. Elizabeth's Hospital, Covington, and in the House of Delegates; Chairman of the Board of Trustees; and as President of KMA, and is presently a member of the Board of Trustees, KPRO. Dr. Hess has served his local community in civil defense, Airport Disaster Committee, and drug education. He is a member of St. Paul Parish and has served as a member of and chairman at St. Paul's School Board. Dr. Hess and his wife, Wallie and four children live in Florence.

Dr. Hess in accepting appointment as Gable's campaign chairman, said, "I am concerned about a great many things and I am concerned about the cost of and inefficiency in state government. Bob Gable has good programs for Kentucky; he is opposed to construction of the Red River Dam; he is for a meaningful energy program for Kentucky; he favors a reordering of priorities in government. I am proud to be part of a team that believes state government ought to be managed,

rather than manipulated for political purposes. I ask everyone to get to know Bob Gable. Watch the Gable Telecast on Friday, October 17th on Channel 9 at 8:00 to 8:30 p.m.

Questions & Answers

Q. My husband is a totally and permanently service disabled veteran. We have four children who during thenext five years will attend college. Will each of them be eligible for VA's Dependents' Educational Assistance or is there a limit on the number who can receive such benefits?

A. The Dependent's Education Assistance program provides financial aid for the education of all children, wives and widows of veterans who die or are permanently and totally disabled as the result of a service connected disability. This assistance is also available for the education of children and wives of servicemen missing in action, captured or forcibly detained or interned in line of duty of a foreign power.

Q. May I receive VA guaranteed farm or business loan?

A. No. The Veterans Housing Act of 1974, effective on December 31, 1974 ended VA authority to guarantee such loans.

Q. If a veteran dies after receiving an education loan, must the loan be repaid?

A. The Veteran's liability ceases upon his death.

complaints about the domestic system, and because it is much more complicated, my bill would not change that system. It would merely bring the export inspection system under federal jurisdiction.

Finally, I have spent a good bit of time working as a member of the Senate Select Committee on Intelligence Activities. We have held hearings in recent weeks on the development of poisons by the Central Intelligence Agency and possible illegal activities by both the CIA and FBI with regard to the opening of mail of US citizens.

HALLOWEEN IDEA'S

Trick or treating all around the town used to be the way to spend All Hallows Eve. This year's better idea is to plan home entertainment for Halloween that skips the trickery and concentrates on the treats.

Invite a group of small children to come in costume to a Halloween toy-making party at your house on the afternoon of October 31st. They'll enjoy creating toy pumpkins and witches and hobgoblins, but that's just the beginning of the adventure. In the early evening they will deliver these finished toys to a nearby hospital to spread the holiday cheer!

Arrangements should be made ahead of time with the head nurse of the children's floor of the hospital. Ask how many toys will be needed to decorate each room and the reception area. Also ask what time will be most convenient for them, so that you don't conflict with dinner or doctors rounds. Probably the nurse would prefer that you don't bring candy, but a little corn candy may be all right in some cases. Check to make sure.

To get ready for your party cover the toy-making table with oil-cloth or newspapers. Then pile on the goodies: colored construction paper, scissors, paste, crayons, yarn, calico scraps for cloths and pipe cleaners and yarn for hair.

Paper clasps are very useful. These clasps are the kind that punch through several layers of paper and bend at the ends in opposite directions to hold fast. They make great bend-able arms and legs for fat pumpkins bodies and skinny skeletons.

Attach a yarn or string handle to each toy when it's finished, so that it can be tied easily to a doorknob or bedrail. Toys should not have sharp edges. Bend the paper to make round corners or cover the edges with scraps of cloth.

Making toys gives little spooks big appetites. At the end of the afternoon serve food that's simple and sure-fire, such as potato salad, boiled hot dogs, chocolate chip cookies and mugs of hot cocoa made with carnation instant hot cocoa mix. The milk is already in this delicious drink.

All you have to do is empty a packet into each mug, add hot water and stir to a fudgy tasting froth.

When supper is over and the toys are ready for delivery, drive everyone to the hospital. Find the nurse in charge with whom you have made the arrangements. If small children are not permitted in the patients' rooms, toys can be delivered to the head nurse for distribution. When each patient has been given a toy, hang the remaining decorations in the waiting room.

Now take your witches and goblins home again for a final treat. Serve each child a last mug of hot cocoa and present them with small sacks of candies, a reward for sharing their own holiday with children less fortunate.

Classified Ads should be in no later than 12:00 noon on Monday.

Sermon

Struggling With Doubt

Genesis 17:1-8, 15-19

Someone has said that "if there should arise one utterly believing man, the history of the world would be changed!"

Abraham must have come very close to being that man for he was certainly an instrument of God in changing his world. He is held out as an example of one who had faith in

both the Old and New Testaments. He demonstrated his faith by deliberate and daring obedience to the will of God.

But even Abraham was not perfect in his faith. Nobody ever is. Every man must struggle with his doubts. Every one willing to see the struggle through will win the victory.

God's call to Abraham was the call to be perfect.

Perfection Genesis 17:1

Abraham was ninety nine years old when this call from God came to him. The caller is identified as "The Almighty God". Faith and obedience is always easier when there is abiding assurance that it is God who is speaking.

Abraham is told to walk before God. You will notice that the command is to walk before God, not with God. God would not command fellowship with Himself. That must come as man's faith grows.

Abraham is told to "be thou perfect". The word "perfect" means blameless, mature, whole, complete. Abraham must not be satisfied with less than he was capable of being. "Perfection" must always be the goal. Some people make the mistake of assuming always be the goal. Some people make the mistake of assuming this is a possibility here in this life. Others make the mistake of ignoring the passage altogether! Even the apostle Paul could say he never attained perfection (Philippians 3:12) but he makes it clear the Perfection is his goal. He would be satisfied with nothing less, so he continued to "Follow after."

God strengthens Abraham by giving him the Promise of an everlasting covenant.

Promise Genesis 17:2-8

The fact is that many things are involved in the promised of God to Abraham.

God changes his name from Abram to Abraham. "Abram" means "The father is exalted." "Abraham" means "father of multitude."

God promises him that He will be his God and make an everlasting covenant with him. There is no word for "everlasting" in the Bible, either in Hebrew or Greek. The Hebrew had no concept of everlasting. In the Hebrew language the word occurs in something hidden. "As far as you can see" or "in the dim unknown."

MOUNTAIN MOMENTS

Dinner On The Ground

When was the last time you went to meeting with "dinner on the ground?" Or have you ever been to such an event? Usually associated with religious gatherings or political events and I don't really know if there is a connection between the two "dinner on the ground" is an occasion worth keeping as part of our heritage to pass on to the younger generation.

The last dinner on the ground I enjoyed was at the annual meeting of the Cumberland Gap Baptist Association held with the Shawnee Baptist Church.

The meeting convened at 10:00 a.m. with the rowing old hymn led by one of the local pastors. The members of the church and the members of the churches were seated, and the annual sermon was delivered to the congregation by a long time pastor of the area. And then it was time to eat.

We were given instructions to form a line at a rear entrance to the church, and to make our way through the building securing as much food as we wanted. And when that much food is before me, to use a phrase I've heard my mother use repeatedly, "my eyes are bigger than my belly!"

Before I had moved more than 7 or 8 steps alongside the tables loaded with food, some wag yelled "Hey, Maynard, you need sideboards on your plate!"

Someone else said, "You don't have to get it all the first time through; you can come back again!"

The truth was I did need sideboards, so I looked forward to returning to the table for dessert.

A quick stop by a beverage table for a hot cup of coffee and off to find a place to eat!

The usual places, the backs of pick up trucks, hoods of cars, window ledges, and an occasional tree stump, were all taken so I found a shady spot under a tree, made myself comfortable and proceeded to enjoy the delicacies provided by the good cooks of the Shawnee community.

It's such a shame, though, to have access to so much food and not be able to sample some of it all. Potato salad, baked beans, green beans, "Shuck" beans, roastin ears, boiled eggs, deviled eggs, cooked cabbage, corn bread, yeast rolls, biscuits, chicken and dumplings, ham, fried chicken, cakes, pies, coffee and tea. Kool aid and some things I forgot could only grace the table of a rich man. But when it comes time to attend a meeting with dinner on the ground each person there can be a king at mealtime!

In the Greek it is expressed as "ages upon ages." The idea was that was to be a perpetual covenant.

Abraham was to be the father of the multitudes of nations. There is no limit to what God can do regardless of the circumstances. What is Abraham's reaction to all of this? Our next passage pictures a patriarch perplexed.

Perplexity Genesis 17:15-19

In verse 3 of this chapter "Abram fell on his face". That was silent submission to the will of God. In this passage "Abraham fell upon his face and laughed". He questioned the possibility of God's promise being fulfilled.

It may be that Abraham just didn't want to get involved in this faith at his age. "God why not just work through Ishmael?" "Leave well enough alone!" No wonder God opened His conversation with Abram as He did "Walk before me and be perfect." Abraham was willing to settle with second best, but God will not let a person rest like that. God has definite plans for you life and mine let's not set our hopes on anything less!

Goshen Ladies Meet Mrs. Glenn Hosts

The October 1st meeting of the Goshen Christian Missionary Ladies Group was held in the church luncheon room with Mrs. Goldie Glenn as Hostess.

The meeting was called to order by our new president, Mrs. Goldie Glenn. Roll Call and minutes of the last month were read and by our new secretary, Mrs. Ruth Worthington.

The new treasurer, Mrs. Esther Glenn gave her report, followed by the Sunshine Report, given by our new sunshine reporter, Mrs. Mary Cook. It showed that 36 cards and 14 visits had been made and sent out.

The Ways and Means Chairman, Mrs. Faye Bray reported that the new cards and napkins had been received.

The plans were completed for Homecoming, which will be October 5th and a letter was read from Grundy Mission School. The visit to the school is pending yet.

At the noon hour, a very nice luncheon was served by the hostess, Mrs. Goldie Glenn.

The ladies welcomed a new member, Mrs. Mary Colston, and daughter, Angie. Others present were, Mrs. Faye Bray, Miss Ruth Piner, Mrs. Nannie Cliff Fisk, Mrs. Rachel Daniels, Mrs. Esther Glenn, Mrs. Darlene Thornberry, Mrs. Ruth Worthington, Mrs. Mary Cook, Mrs. Goldie Glenn, and Mrs. Eula LaFollette.

Our Bible Study was from Romans 6 with Mrs. Esther Glenn and lesson leader.

Hostess for November will be Mrs.

Bray and program leader, Mrs. LaFollette and word for roll call will be "Thanksgiving".

To The Editor:

Dear Sir:
St. Patrick's ladies would like to thank you for the wonderful help in promoting our Style Show.
Our event was a tremendous success!

Mrs. John Behler
Publicity Chairman

Revival

At Kenton Baptist Church on October 12th to the 19th. Service will be each evening at 7:30 and Evangelist will be Dr. George Jones.

With Homecoming the 19th a dinner will be served at church at 12:30 and special music at 1:45 on Sunday evening.

Pastor J.B. Spiegel invites the public.

THINK ABOUT US FOR HOME INSURANCE

Sure, you've heard of the Homeowners Policy. It's been around for years.

What you probably aren't aware of is that our agency can now offer you a Homeowners Policy that's broader and better than ever. For instance, important extra features are now provided without added charge including free \$1,000 of Credit Card and Depositors Forgery coverage.

We have available four different package policies for homeowners, and one of them is right for you and your particular protection needs.

When it comes to Homeowners Insurance, think about us. We'll be pleased to talk things over, so just give us a call or mail the handy coupon.

Christopher Columbus had trouble recruiting sailors for his early voyages. Men were afraid, but the bravest enlisted and sailed off to the wonders of a new world.

Most of us are afraid of the unknown. We have our qualms and doubts about a new job, moving to a strange city, beginning a marriage, or simply facing the uncertainties of tomorrow. We do not know what lies ahead, and we worry about being able to cope with it. In this ever-changing world, we instinctively yearn for that which does not change.

Whatever tomorrow brings, we can have the peaceful conviction that the love of God for His children is trustworthy and everlasting.

Discover an abiding security. Worship this Sunday.

White's Tower 4-H Club

The first meeting of the year for the White's Tower 4-H Club was Thursday, October 2nd, in the school's gymnasium.

Selected as officers for this year are: President, Charles Chaney; Reporter, Barbara Allphin; Secretary, Sherry Malleoli; and Vice President, Kim Chaney. Mrs. Elaine Barhorst is this year's 4-H chairman.

Pinning of new officers was made by Pat Stanton the Assistant County Extension Agent for 4-H and announcement were made by Diana Schneider, County Extension Agent for 4-H.

Mrs. Barhorst has organized other leaders in the county to work with the over seventy youth who joined 4-H at White's Tower. The youth will be taking the 4-H projects of electric, sewing, cooking, terrariums and gardening and Arts & Crafts.

Meeting Held Of Advisory Council

The Kenton County 4-H Advisory Council held its September 23rd meeting in the meeting room of the Extension Office, with the president, Mrs. Carl Hellman presiding over the meeting.

Mr. Pat Staton, our assistant 4-H Agent gave the council reports on County and Area Events. The are community pride banquet will be held on October 17th at the First Presbyterian Church, 429 Oak Street, Ludlow, Ky. at 7:00 p.m. The Briarcrest Brilliards 4-H Club won the Community Pride Plaque for our county. Eight members from their club will be invited to the area banquet.

Mrs. Robert Bergman attended the State Community Pride Event and was really impressed by it. The Leaders and members of the 4-H Recognition Banquet will be held on October 25th at the White's Tower School at 6:30 p.m. The will be an Area Clothing Demonstration on October 1st at Boone Co. Fair Grounds at 9:30 a.m.

To promote National 4-H Week, October 5th - 11th, the 4-H leaders will be asking the 4-H Members to make posters and etc.

The CCounty Talent Show will be held November 15th at Twenhofel School at 7:30 p.m. and the Area Talent Show will be November 22nd.

The Award of Excellence Program was discussed and forms were given to leaders to encourage their members to fill them out.

After the meeting adjourned slides of the Kenton County Fair were enjoyed by all present.

The Council would like to have in attendance at least one leader from each 4-H Club in Kenton County at the Council meeting each month.

Renovator & Renovation

Marketing of a machine that will renovate pastures in a one step operation is finally a reality. The prototype was used experimentally on two farms in Kenton County in 1974. The Agriculture Engineering Department of the University of Kentucky College of Agriculture was primarily responsible for the machine.

It has been called the "first practical tool for grassland management." It eliminates many problems associated with conventional grassland renovation techniques.

The seeder can interseed grasses or grain into existing sods but its real advantage is adding legumes such as clover and alfalfa to sod fields.

It does the whole job in one trip, substantially reducing the time, equipment and fuel required for seeding by other methods.

It produces narrow edbeds eight inches apart, exposing a minimum of soil. This permits its use on hillsides without having serious erosion problems.

It can be used to be on rocky or shallow soils that would be hard to plow or disk if you had to prepare your seedbed the way you usually do.

When seeding clover, alfalfa or other legumes in sod, competition from the grasses must be reduced. This is done by grazing or clipping pastures closely and using a spray attachment with the machine to spray bands of contact herbicide on the grass.

The introduction of this machine shouldn't stop you from renovating the way it has been done in the past. If you plan to sow clovers or alfalfa in the spring to renovate your grass pastures now is the time to get ready the usual way.

Get a soil test and apply the necessary lime, phosphorus and potash this fall. Don't put nitrogen on because it will help the grasses choke out the legumes. Between Thanksgiving and February tear up 50 to 60 percent of the grass sod if you're going to sow clovers and tear up 80 percent of the grass sod if you're going to sow alfalfa.

County Agent's 1/2 Acre by: Joe Claxon

Every day is feast day for American food shoppers. They can find 5,000 different products on display in the average supermarket. And much of the work of preparing this food, including the cooking, is often done before it reaches the checkout counter.

This is quite a contrast to the scene of two centuries ago when typical American families ate out of stewpots by their own efforts by farming, fishing and hunting and foraging in the wild.

The hard fact that our ancestral diet was usually drab and sometimes skimpy runs counter to cherished romantic notions about the bounty of our past. When we think of early American meals, visions of the sumptuous, beautifully appointed tables of Williamsburg or Mount Vernon often come to mind.

But the southern planters and the urban middle class made up only a small fraction of the population. Even in cities, those in the lower economic classes provided most of their foods from gardens and their own domestic animals. What food they purchased came from peddlers or from farm markets. Food stores were unknown. In rural areas, where nine tenths of the population lived, people depended on their own resources for their food. Their diet varied with the seasons, with their success in raising crops and livestock, and with the availability of food in the wild. At best, the quantity was abundant, but at any given meal or season, variety was almost totally lacking.

Cooking was done entirely at an open hearth. The first American cookstove was cast in 1765, but only the very rich could buy one. Most families could afford only one large iron cooking pot.

Most housewives had many chores besides cooking: The fire had to be built and tended, bread baked, cows milked, butter churned, vegetables picked and cleaned, animals dressed and cut up, and so on. There was no time for preparing fancy or complicated dishes. Nearly

everything for a meal went into the one large kettle and was cooked together.

Much of the equipment that we are accustomed to was lacking. In many homes there were few chairs; children stood at meals. There were usually just enough wooden bowls and spoons for the family, and guests were expected to bring their own. A fairly prosperous family might have a few pieces of pewter ware.

Breakfast was commonly the bowl of porridge or cornmeal much with cider or beer. Only the more well to do could afford tea or coffee. The midday dinner was a stew that started cooking at dawn. People helped themselves from the stewpot. Supper was generally the remainder of the stew, or a gruel made from the leftovers. Some families ate only two meals, breakfast and midafternoon dinner.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, October 9, 1975

A good day to catch up on your sewing and mending and also a good time to shop for new house furnishings or fabrics and usually this time of year you can get some good buys in appliances as the new models come on the market and usually the later models aren't worth the extra money they cost so shop around and save.

We Need Listings

We have found ourselves in need of listings due to many recent sales. If you wish to sell your Home or Farm Call: **Lucas Realty 371-6878** Ask For Dave Lucas

Friday, October 10th

The moon enters the cardinal earth sign, Capricorn this morning so do your home baking while the yeast dough will rise high and brown to perfection and the apple pie crust will be flaky, even an amateur can bake like a pro today, while the apples are plentiful and the oven hot why not bake a few extras pies and put them in the freezer, come Thanksgiving you can give thanks for your foresight.

Saturday, October 11th

Shop around today and you will be able to make some good buys in staple food items and late garden produce such as squash, pumpkin and turnips, and I suspect potatoes are cheaper now than they will be later this year so if you have a cool dry basement for storage you can probably save some money, don't forget to buy some popcorn today as

this is going to be the kind of night to set in by the fire pop popcorn and watch TV.

Sunday, October 12th

I read in a magazine the other day that most people are so busy making a living that they don't have time to make any money, then this Sunday I read a little booklet by Herbert W. Armstrong, The Seven Laws of Success and would like to pass it on. The 1st law "Fix the right goal, 2nd law is "Education" or preparation, 3rd law "Good Health" quit eating junk foods and do get proper rest, 4th law "Drive", 5th law "Resourcefulness", 6th law "Perseverance" stick to it evenness, and the most important 7th law is which must be considered before any of the others if you truly want to be a success is "A Faith In God".

Monday, October 13th

According to history Christopher Columbus landed on San Salvador island 483 years ago yesterday so this is Columbus Day. Spain didn't have too much luck holding on to this bit of real estate thankfully but if you have been wanting a piece of land make the deal today or tomorrow while the moon is in the fixed air sign, Aquarius and you will not have any trouble holding on to your purchase probably leave it for your heirs to fight over.

Tuesday, October 14th

Weather permitting this would be a good day to start any construction pour concrete or paint inside or out as the paint will flow easy and penetrate for a long lasting finish also a good day for moving if you want to stay a long time in your new residence also a good day to start a new venture such as opening a new business or starting a new service, and don't forget to advertise.

Wednesday, October 15th

The moon enters the water sign, Pisces early this morning so the fish will be biting until late riday for the true fisherman who doesn't let the weather interfere with his sport. If you want your hair to grow back thick and fast visit your barber between now and Friday night and get a haircut and massage. These three days would be a good time to take care of your house plants transplanting or repotting and don't forget the watering.

In Memory

Charlie Brewer 80, of 30 High Street, Walton, died 9:20 p.m. Friday, Oct. 3rd at St. E.

He was a retired farmer and blacksmith formerly of Grant and Pendleton Counties.

Survivors: sons Kenneth Brewer, Walton, Harold C. Brewer, Crescent Springs, daughters Mrs. Onaida Dumford, Amelia, O., Mrs. Leetta Coffman, Mrs. Adeline McClanahan, and Mrs. Anna Re Wainscott, all of Williamstown, Mrs. Mae Farris, with whom he resided; 35 grandchildren; 40 great-grandchildren; one great-great-grandchild.

Burial Holbrook Cemetery, Grant County.

R.V. Lents Has Distinguished Guests

Mrs. Imogene West, Nee Bennett of Hopkinsville and Mrs. Geneva Dycus, Nee Cooksey of Dycusberg were the guests of Mr. and Mrs. R.V. Lents of Florence a few days last week.

Mrs. Dycus is a retired school teacher, having taught in the public schools of Kentucky and Indiana nearly forty years. She is a native of Dycusberg, a small old town on the east bank of the Cumberland River near Smithland where the Cumberland runs into the Ohio River.

Imogene has been a nurse in the Kentucky State Hospital at Hopkinsville, and hospitals in Michigan, Wisconsin, and Ohio for nearly a half century. She is a cousin of Mrs. Dycus, and she too is a native of Dycusberg.

Mrs. Lents had never seen either Mrs. West or Mrs. Dycus, but Mr. Lents had Mrs. West as a sweetheart in 1914-1915 for seventy two eeks, but had not seen her for nearly sixty one years. He had never seen Mrs. Dycus until her visit last week. They are cousins.

Mr. Lents tells about his courtship with Imogene in his autobiography on page 28 and the story is full of thrills and spills.

Mr. and Mrs. Lents took their guests over Boone County for a full day's sight seeing. They were thrilled to see Big Bone State Park, and took many pictures and purchased many souvenirs while there. They also visited Mr. and Mrs. James Franklin Brown, of Near Petersburg, a town much like Dycusberg, and a history almost synonymous. They surely like the Brown family, and spoke highly of their three sons. Mrs. Dycus said, "Most boys their ages would be in town doing nothing or using drugs, but they were at home with their parents and working on the farm."

Mrs. West and Mrs. Dycus liked Boone County and promised to return to visit their friends, the Lentses and others when they get the opportunity.

Farmer's Calendar

The old farmer was weatherwise for weather was what he lived by, and the tilt and pattern of his lands and how he might best use them.

His pasturings mattered less than his plantings. The draw of the air in his crop lands and orchards was most important. So, as an orchardist, I have set out my trees on the hilltops and their long slopes, not in the "frost bottom". For orchards, like field crops must breathe and take the sun.

The old farmer built his house and barns from his own trees and the rocks of his pastures, and he would have known such wisdom as this from Eric Sloane's Weather book.

"For dry barns 'til always best to clear the trees that face the West."

Then "If stagnant air, don't build there."

And "Slope your roof to the winter." Which meant, of course, that the long roof would slope to the north, and the short roof to the south to the sun. Of course, many farm houses just grew a little at a time, long and lean dingles and breezeways and carriage shed. But most all farm houses had a planting of maples in front. For shade, for in maples trees, as in popples, there seems always a flow of air. Then, as the old farmer knew, "leaves breathe".

LOOKING BACK

20 Years Ago

Thursday, Oct. 6, 1955

Rev. Joseph Tackett will start revival on Sunday at the Walton Baptist Church and will continue to October 16th.

Mr. and Mrs. "Shorty" Coyle are rejoicing over the arrival of a son, Gregory Allen, born on October 2nd, weighing 8 pounds and 3 ounces.

Rev. and Mrs. Joe Tackett and family will hold "Open Houses" at the parsonage at 141 N. Main Street, on Sunday.

Miss Marilyn Hoffman and Mr. Robert Lancaster were united in marriage on Saturday afternoon on October 1st at 2:30 p.m. in the Walton Methodist Church.

Seniors of Walton Verona High School are sponsoring a bake sale on October 8th beginning at 10 a.m. in front of Brakefield Drug Store.

Crusaders of Walton Christian Church will have an oyster supper on Friday night.

Mr. and Mrs. Sam Hudson and son were visiting in Stanford, Ky.

Mrs. Herman Vest and little daughter are flying out on Thursday to join her husband in the navy.

Mr. and Mrs. Roy Wilson have moved to the Jesse Thornton residence on High Street.

Mr. and Mrs. Hess Vest visited Sunday with their daughter, Mr. and Mrs. Clayton Jones and family for dinner.

Mr. and Mrs. Joe Perkins are the proud parents of a baby daughter born Thursday night, weighing 7 pounds and 12 ounces. She has been named Terri Lynn.

CHICK CHAT

By: Sandy

You think you've got problems! I've got so many worries that if something happened today, I wouldn't have time to worry about it for 4 weeks.

I'm not lazing. I work so fast . . . I'm always finished.

Maybe hard work never killed a person, but . . . why take chances.

We never have the opportunity to loaf here at G & G TIRE COMPANY. My wife won't let me.

Sewing Techniques With Knits

OVER 70 WOMEN—In Kenton County are presently enrolled in the all new "Quick Sewing on Knits" class, a special interest program sponsored by the Cooperative Extension Service of Kenton County.

Under the guidance and expertise of Mrs. Gertrude Paprotta, retired Home Economics Extension Agent, local women are learning the latest pattern concepts, tracing, cutting, and construction of knit garments.

"Show and Tell" precedes each sewing lesson as the seamstresses proudly display and model their weekly creations. T-shirts, turtle-necks, slacks, sweaters, and gored skirts have been fashioned by the three classes at a fraction of the cost of ready-made wear. Future seminars include the development of cardigans and various styles of necklines. With the rising cost of inflation, sewing is indeed a way to keep down the family budget with great savings and much personal satisfaction.

Proclamation

Whereas, it has come to my attention that each year at Halloween time the begging by children, young people and, in some cases, adults, is on the increase. Many homes have been visited a week in advance of Halloween. We do not object to children enjoying this season of the year, but feel that it is being overdone.

Therefore, I do proclaim Thursday, October 30, 1975, 6:00 p.m. to 8:00 p.m. as Begging Night in Walton, Kentucky.

I ask all home owners or residents of our town not to issue treats of any kind until the above date.

Sam Gamble, Mayor
City of Walton, Ky.

Republican Clubs Will Host Dinner

The Republican Clubs of Boone County will host a Basket Dinner, Saturday, October 18th at the Kentucky Federal Savings and Loan Building, Florence, Ky., starting at 6:30 p.m.

Dick Combs, candidate for State Auditor will be guest of honor.

Pack a supper basket and enjoy the evening and meet your state and local candidates.

The Gospels Singing At Hebron Church of Christ

THE GOSPEL SINGERS—a singing group from Versailles, Indiana, will be at the Hebron Church of Christ on Sunday, October 19, for both the morning and evening services. Members of the group are (left to right) Mary Koons, Peggy Walston, and Carolyn Cole. Marcy Allen (not pictured) is pianist. The Gospelsingers have sung in many churches throughout the Kentuckiana area. Following the morning service, a basket dinner and time of fellowship will be held. At the evening service, beginning at 7:00, a special half-hour concert of gospel music will be presented. The Hebron Church of Christ is meeting in the Masonic Lodge building. Joe McKay, minister of this new congregation, joins the congregation in extending a cordial invitation to all area residents to attend this special service.

White's Tower P.T.A. Scheduled To Meet

The White's Tower P.T.A. will meet Thursday, October 16 at 7:30 p.m. at the school. Mrs. Donald Trenkamp, Health and Mental Health Chairman for White's Tower will introduce as special guest speaker for the evening Mr. Michael Forcade, Psychologist for the Northern Kentucky Comprehensive Care Center. His topic will be "Learning Disabilities". Babysitting will be available for all pre-schoolers.

Boone County VFW Joins Celebration

The Boone County Memorial Veterans of Foreign Wars Post 6099 and Ladies Auxiliary is becoming truly excited about the Bicentennial—about celebrating their Country's 200th birthday.

Goal of this massive effort is to involve every American in our Bicentennial community program which is a gigantic renewal and reeducation of the American Spirit.

Every American is invited to participate in a special double birthday party as we proudly celebrate our Country's Bicentennial year at the post home on U.S. Hwy 42 in Union on October 18 at a Turkey Dinner with all the trimmings and a Dance, starting at 7 p.m. \$6.00 a couple. Dance only is \$1.00 per person. Drinks and set-ups not included. Prizes will be given for the best costume dress of the era. Reservations made by calling 384-9313 or 371-4255.

4-H Prize Winners

THE 4-H PROGRAM—of Kenton County sponsored its first roller skating party of the new school year at Lloyd's Skating Rink on October 7. Winners in the drawing for prizes and their respective 4-H Clubs are, kneeling left to right: Connie Botton, White's Tower, Kris Connett, St. Anthony, Sherry Matteoli, White's Tower, back row; Michelle Wolfenbarger, Briarcrest Bridliders, Traci Ishmael, Visalia, Shawn Bode, St. Cecilia Pledgers, Jimmy Rennekamp, Taylor Mill. There were 264 skaters present and the money made from the skating party is used by the 4-H Advisory Council to promote 4-H Programs throughout the county. Future 4-H Skating Party dates at Lloyd's to be held on Tuesdays are: Nov. 4, Feb. 3, March 2 and April 6.

New 4-H Club Started

A NEW—Afternoon 4-H Club has been started this year at Arnett Elementary School in Erlanger. Selected as officers at the first Arnett Elementary School in Erlanger. Selected as officers at the first meeting on October 7 were left to right, seated Gilly Fleek-president, Scott Teany-reporter. Announcements were made by Diana Schneider, County Extension Agent for 4-H and Pat Stanton, 4-H Program Assistant. Mrs. Patricia Fleek is this year's 4-H chairman and along with the support of Mr. Oliver Bryant, principal at Arnett, many leaders have been recruited to work with the over seventy youth participating. The youth will be taking the 4-H projects of clothing, woodworking, arts & crafts and cooking. They are looking forward to their first 4-H experiences.

Walton Keen-Agers Plans Trip

There are some compensations to being a Sr. Citizen, the Keenagers of Walton believe, as they are off again on a big trip.

On Monday, October 20, they are going to Mt. Sterling, Ky. to see the sights and maybe pick up some bargains. It is Court Day and many people come for miles around to do just that.

We plan to leave the Walton Baptist Church at 6:30 a.m. Bring your thermos of coffee. We will have doughnuts and coffee when we arrive at the camp area at Mt. Sterling. See you Monday.

Driver Education Course Offered

Beginning Monday, October 27th, an Adult Driver Education Course will be offered at the Walton-Verona High School. The driver education teacher Wendell Tillery will conduct a fifty hour classroom and on-the-road program. This class is offered to those over the age of eighteen, who are interested in learning to drive or who wish to improve driving skills.

Persons interested should call 485-7672 or 485-4181. The only cost to the participants will be a fee of \$20.00 which will cover all materials, gasoline, and insurance.

Boone Farm Bureau Annual Meeting

Bob Wade, President of the Kentucky Farm Bureau Federation, will be the principal speaker at the annual meeting of the Boone County Farm Bureau scheduled for 7 p.m., Thursday, October 23 at Heritage Steak House, 7809 U.S. 42, Florence.

Mr. Wade is a cattle and grain farmer. He has been outspoken in promoting the economic interests of Kentucky farmers and rural residents in legislative circles, both state and national. He comes to Boone County with an informational and inspiring message that Boone County residents will want to hear.

The Boone County Farm Bureau has a membership of 1576, according to Bill Maddox, Secretary of the local Farm Bureau.

Mr. Maddox said one of the principal items of business will be the election of 10 directors to serve 5 two-year terms. Proposed legislation to come before the Kentucky General Assembly also will be discussed.

Members are urged to make reservations with the Boone County Farm Bureau Office, Burlington, telephone 586-6142, by October 15 if at all possible. The menu will consist of either chicken or steak.

Beckham Shields, president of the Boone County Farm Bureau, will preside. This promises to be a most interesting and informative meeting, Mr. Shields said.

Joins Association of Elementary Schools

Kenton County elementary schools are going to join the Southern Association of Elementary Schools and endeavor to measure up to the criteria set forth by that agency.

The Kenton County Board of Education approved such membership following an appeal by three elementary school principals, Mrs. Mildred Tupman of the Hinsdale School, John Mann of the Caywood School and Harold Williams of the Beechgrove School.

Those schools already hold Southern Association membership and the committee informed the board the agency provides standards on library size, student-pupil ratio and other measurements. The association, they said, helps local schools evaluate themselves against other schools of similar size and in comparable areas.

Kenton County's two high schools, Dixie Heights and Simon Kenton, already are members of the association.

Fiddle and Banjo Contest

RICHTER & PHILLIPS CATALOG SHOWROOM—will present their second annual Fiddle and Banjo Contest on Saturday, October 18, 1975. Above is a scene from last year's Contest, which proved to be quite successful. A large crowd turned out to hear local artists play good old traditional foot stomping music. This year's Contest will again be held at the Richter & Phillips Store on Tanners Lane in Florence. Activities will start at noon and continue until the judging and awards are completed. First Prize is \$50 in merchandise plus trophy. Second and third prizes are \$25 and \$10 in merchandise respectively. Anyone wishing to enter the Contest should do so by calling Richter & Phillips at 283-2711. There is no entrance fee.

WUBE Radio will provide the Master of Ceremonies for this year's Contest. Door prizes will be given away and refreshments will be available. There is no admission charge. So take the whole family along for an afternoon full of good fun and good music.

Halloween Dance Is Brewing

Ghosts, Goblins and Witches too Will be on hand to welcome you! November 1st, is the date—At St. Pat's Emerald Isle Room (so don't you be late!)

And as they work so hard on a "Special Brew"

Make your reservations now so you'll be there too!

And from our Friendly Goblins—as they go lurking all about

"The Goblins Will Get You—If You Don't Watch Out!"

Reservations call: Mr. Frank Gough 356-6416; Mrs. John Setter 356-5273 or Mr. John Behler 356-5975.

To Show Cattle In Livestock Exposition

Jeff Afterkirk or Walton, will be exhibiting one head of Special Breeds beef cattle at the North American Livestock Exposition in Louisville, November 15-21. Also from Walton, J. C. Benton, Jr. will be exhibiting 2 head of Steers beef cattle.

John and Jeff will be competing against other breeders from all over the United States and Canada for premiums and awards which total some \$125,000. The Exposition, which is one of the largest such livestock shows in the nation, is expected to feature more than 3500 head of top-quality cattle and sheep.

The event boasts a total of five beef breeding shows, a junior heifer show, an open steer show, 12 sheep breeding shows, a market lamb contest, plus youth and ladies lead division. Additionally, seven beef cattle breed sales are scheduled. Many of these sales will feature the so called "exotic" breeds which have gained popularity with many cattlemen.

Special events include the National Shorthorn Show and Annual Meeting, the Angus Annual Meeting, the Suffolk National Show and Meeting, and the Southdown Annual Meeting. Also, the National 4-H Livestock Judging Contest will be held in conjunction with the North American, as well as a Collegiate Judging Contest and the National 4-H Poultry Judging Contest.

In the way of entertainment, show officials have scheduled six performances of World Championship Rodeo during the first five days of the Exposition.

Men In Service

U. S. Air Force Sergeant Richard R. Hyden, son of Mr. and Mrs. Walter H. Hyden of 6474 Sugar Tree Drive, Independence, Ky., has arrived for duty at Travis AFB, California.

Sergeant Hyden, a command and control specialist, is assigned to a unit of the Strategic Air Command.

The sergeant attended Campbell County High School, Alexandria, Ky.

Social Scene

Mrs. Theresa Simpson and daughters, Lisa & Tracy and Mrs. Anita Portwood and son, Justin are home from Colorado visiting with their families, Mr. and Mrs. Floyd Humphrey and Mr. and Mrs. Bob Eisenschmidt.

Sympathy is extended to Mrs. May Farris and family in the loss of her father, Mr. Charlie Brewer.

Mrs. Lou Perkins is confined in Booth Hospital.

Mr. Wilford Rice remains ill in Booth Hospital.

Mr. and Mrs. Stanley Allen and granddaughter Kim Stone and Mr. and Mrs. Lawrence Wilson spent Sunday afternoon with Mrs. Dora Fields at the Masonic Home, in Louisville. It was "Granny Fields" birthday and she received many cards and gifts from friends from Walton, she was 87 years old, she had a beautifully decorated cake which was served to all the members at the masonic home.

Mr. and Mrs. Russell Turpin of Richmond, Ky. were Thursday visitors of Mr. and Mrs. Albert Norris.

Mr. and Mrs. Bruce Cox Sr. had as Sunday guests Mr. and Mrs. I. N. Dougals, Mrs. Wayne Smith, Rusty Smith and Jennifer Tussey, all of Richmond, Ky.

Mrs. James Tipton, Lexington visited her parents Mr. and Mrs. Albert Norris, over the weekend.

Mr. and Mrs. Leo Flynn were happy to have Mrs. Zlynnia Cousins, as a guest this week, also Mr. and Mrs. R. C. Summey of Phoenix, Arizona, and Miss Barbara Summey of Las Vegas, Nevada.

On Monday Mr. and Mrs. Leo Flynn visited to Maysville, Ky. to take Mr. and Mrs. R. C. Summey and Barbara Summey to visit friends and relatives in Maysville, this was an excuse to see all the Flea Market booths, for it was Court Day in Maysville that day.

Mr. and Mrs. J. C. Benton Sr. have returned home after spending some time in Hot Springs, Arkansas.

John Bonar of Georgetown College was home on the weekend visiting with his parents Mr. and Mrs. Jim Bonar.

Mrs. Lillie Young who was 85 years young Oct 10th celebrated her birthday with friends at the Senior Citizens Dinner at the Christian Church, all her friends were there to remember her with gifts, all enjoyed the special ice cream and cake.

Little Rebecca Jones was the weekend guest of Kimberly Vest of Verona.

Congratulations to Mr. and Mrs. Jerry Foley nee Marita Humphrey, who were united in marriage on Saturday October 11th at the First Baptist Church in Walton. They will reside in Verona.

Mr. and Mrs. Jim Lawrence and son have moved to their new home on Alta Vista.

Staffordsburg Homemakers Club

The Staffordsburg Homemakers Club held its monthly meeting Tuesday, October 17th at the R.E.C.C. Building. Our president, Mrs. Chalmers Ballinger, presided. Eighteen members answered roll call. We were delighted to have four new members; Mrs. Coppage, Mrs. Azella Perry, Mrs. Schualler and Mrs. Eiko Tashiro.

The chairmen on Cultural Arts and Issues and Concerns reported progress as did other committee chairmen. Mrs. Tashiro gave a flower arrangement, Japanese Style. Mrs. Tashiro is the wife of our minister at the Staffordsburg Methodist Church. Our lesson for the day was on Local Government and Court System. Mrs. Rapp and Marie Rich were the leaders.

After our usual delightful lunch and social hour plans were made for the next meeting to be held November 5th, since election falls on the first Tuesday, our regular meeting day. This day we will celebrate our 45th Anniversary of extension work in Kenton County. Our club was the first club organized in the county. We have four charter members, one of which is Mrs. Rapp, who is ninety years young, still active and working in the club extension work in Kenton County; has grown from six clubs to forty and from forty members to 700. May the extension service continue to grow and grow.

Homemakers Hold Fall Luncheon

Mrs. Leo Pat Dooley, Vice President of the Kenton County Homemakers Association, announces that they will have their Fall Luncheon at 11:30 a.m. Wednesday, October 22, at the Town and Country Restaurant. The guest speaker will be Mr. Arthur Baute of the Cincinnati Bell Speakers Bureau. His subject will be "The Chrima of the River" dealing with the importance of the Ohio River to the history of this area.

Mr. Baute spent 6 years in the armed services and is a graduate of Thomas More College, he is a member of the Covington-Kenton County Jaycees and resides with his wife and 2 children in Fort Mitchell.

Mr. Bruce Brownfield of the Paul Dixon Show fame and a well known orchestra leader in this area, will play a medley of "River Songs" as special entertainment.

Tickets are \$3.35 and may be obtained from County Treasurer Mrs. Wilson Hall, 920 Mt. Zion Rd. Independence.

Kahn's Holds Recipe Contest

The E. Kahn's Sons Company, Cincinnati producer of Kahn's fine meat and distributor of Hillshire Farm and Rudy Farm sausages is sponsoring a budget meal recipe contest.

The contest, which runs through October, is for main meal entrees serving Kahn's, Hillshire Farm, and Rudy Farm sausage products. Cash prizes for the best recipes for breakfast, lunch, or dinner dishes will be awarded. A grand prize of \$300 and a second prize of \$100 will also be awarded.

To enter print or type your Recipe on a postcard or a 3" by 5" file card. All entries should be mailed to: Kahn's Budget Meal Recipe Contest, P. O. Box 25037, Cincinnati, Ohio 45225.

Contestants may enter recipes for breakfast, lunch, or dinner and will be eligible to win only one prize in the contest.

Each entry should include: name, complete address, and telephone number. Indicate the category being entered, and name items, ingredients, and preparation instructions using standard measurements, laying utensil sizes, cooking time, and number of servings.

Final judging will be held on Wednesday, November 19 by a panel of independent judges. Judges decisions will be based on originality and value cost. All judges decisions will be final. All recipes become the property of the E. Kahn's Sons Company and they reserve the right to use the recipes in their future promotions.

In Memory

Fred Hopperton, 79, Violet Road, Crittenden, died Friday October 10, at home. He was a retired farmer and an employee of the Carrolton and Richmond tobacco markets. A member of the Veterans of World War One Club, he is survived by his

daughter, Mrs. Betty Thornton, with whom he lived; a sister, Mrs. Callie Beach, Mt. Zion; five brothers, Harvey and Ed Hopperton, Dry Ridge; Lonnie and Hynz Hopperton, Walton; and Andrew Hopperton, Florida, and two grandchildren. Burial at Crittenden Cemetery.

Deer Hunting Dates Change

All hunters, and deer hunters in particular, need to be aware of certain changes in hunting season dates and procedures at Ft. Campbell, changes which the Department of Fish and Wildlife Resources has just learned about.

Ft. Campbell authorities have decided not to permit hunting on Tuesdays and Wednesdays at this popular military reservation and have initiated a drawing to select deer hunters for the opening two days of the deer season and for weekend deer hunts.

The ban on Tuesday and Wednesday hunting, which has been in effect in past years, normally would not be a problem. But this year, Ft. Campbell apparently decided last spring to allow hunting seven days a week and set the seasons accordingly, with many of the opening and closing dates falling on either a Tuesday or Wednesday.

With this recently announced change, however, these season dates no longer reflect the actual situation at Ft. Campbell. Seasons which were previously scheduled to open on a Tuesday or Wednesday will actually open the following Thursday, and season closings scheduled for Tuesday or Wednesday will end on the Monday preceding the announced closing date.

Season for deer, squirrel, quail, rabbit, raccoon, opossum and gray fox are affected by this change. Since Ft. Campbell is a popular deer hunting area, let's run down the changes in the deer hunting dates.

The Oct. 16 through Oct. 20 bow hunt will not be affected, but the gun and bow hunts scheduled for Oct. 21 (Tuesday) through Nov. 26 (Wednesday) will now begin Oct. 23 and run through Nov. 24. Another bow and gun hunt, scheduled for Dec. 3 through Dec. 16, will now be Dec. 4 through Dec. 15. All in all, Kentucky deer hunters will have 16 fewer days of hunting on Ft. Campbell than was previously announced.

The second change affecting deer hunters at Ft. Campbell is that both gun and bow hunters must take part in a drawing to determine both eligibility to hunt and area assignments for Oct. 23-24 and on all week-end hunts. Applications can be submitted only on the Monday or Wednesday before the weekend, and hunters must call Ft. Campbell between noon Thursday and 6 p.m. Friday to see if they have been successful in the drawing. If a hunter does not call, his application is voided and given to someone else.

Much the same procedure applies on Oct. 23-24. Applications must be in before Oct. 20, and hunters must call to confirm their selection between 1 p.m. Oct. 20 and 6 p.m. Oct. 22.

For additional information or to enter the drawings, hunters must get in touch with the hunting and fishing unit, Outdoor recreation branch, Ft. Campbell, Ky. 42223. The phone number is (502) 798-3509 or 798-3293. Weekday deer hunts and small game hunts will be on a first come, first served basis as in the past.

According to Col. Dale K. Randels,

director of facilities engineering at Ft. Campbell, it was necessary to close Tuesday and Wednesday . . . to hunting because of manpower shortages on the post, and the drawings were initiated to avoid long lines of hunters on peak hunting days.

In setting seasons for hunts on military reservations such as Ft. Campbell, the department of fish and wildlife resources acts on recommendations issued by each installation. Since the deer and small game seasons are set in the spring and early summer, the department's regulations or hunting guides do not reflect these recent changes. All hunters should therefore check a calendar carefully and make sure that they do not plan a trip to Ft. Campbell on any Tuesday or Wednesday, even if that day is listed as the opening date of a season.

Did You Know

Did you know that the division of air pollution in the Kentucky department for natural resources and environmental protection uses a portable smoke stack to train its inspectors to evaluate the density of smoke and spot polluters.

Tom Sawyer State Park

After completing its first season of operation, Kentucky's E. P. "Tom" Sawyer State Park near Louisville is offering a full schedule of fall and winter activities for every age group and for a variety of interests.

Lessons in arts and crafts, judo and karate, gymnastics, volleyball and yoga are only a few of the year-round events. Also, special programs and competitive sports are part of the list of activities planned at the park.

E. P. "Tom" Sawyer is Kentucky's newest state park. Located off Hounz Lane in northeastern Jefferson County, the facility

opened to the public in June.

Park Supt. Lewis Owens reported that this summer attendance was good for a park's opening season. "We averaged 500-600 swimmers per day," he said, "and through our aquatic programs, we taught more than 1,300 people how to swim."

However, he added that many residents of nearby areas were unaware of the park's many other facilities geared to all types of indoor recreation.

Fees charged for individual or team participation are free to reasonable, Owens said. Anyone interested can either pre-register for classes by calling the park (426-8950) or by signing up at the park when class is held.

Gov. Carroll Abolishes Forms

Governor Julian Carroll recently abolished all forms currently in use by State Government.

Any form which new form review committees find necessary will be recreated as of July 1, 1976. Any form not then approved will be abolished. Existing forms will continue to be used until then.

Gov. Carroll said discussions during recent "Governor to Government" days around Kentucky revealed that many state workers spend one-third to one-half of their time filling out forms or reporting information.

It is estimated that more than 20,000 forms are being used by state agencies, although no one is sure of the number, he said.

"That fact alone shows how much a critical evaluation of forms is needed," Gov. Carroll said. "I hope this action will signal a black day for red tape."

He acknowledged many forms are needed to comply with federal and state laws and regulations and to guarantee the uniform operation of government.

"Still, efficiency, economy and the principles of good government dictate that forms should accomplish their intended purpose and be written in plain English," he said. "No form should be used unless it is proven necessary and non-duplicative."

The secretary of each cabinet department is to create a "Form Review Committee" representing each administrative body within the department and including state legislators and members of the public affected.

Each departmental committee is to make periodic reports to the secretary of the cabinet and submit all recommendations for new forms to it by April 30, 1976. The commission will submit its final report to the governor by May 31.

Governor Awards \$6.4 Million

Gov. Julian Carroll awarded a new package of criminal justice grants totaling \$6.4 million in federal, state and local funds.

Of the total amount awarded, \$2.5 million comes from federal law enforcement assistance administration funds with \$3.7 million being supplied by the state and \$200,000 by local units of government.

In announcing the grants, Carroll said they had been approved earlier and sent to him for final consideration by the Kentucky Crime Commission at its Sept. 11-12 meeting held at Lake Cumberland State Resort Park near Jamestown.

More than \$5.2 million will go for two major local police training programs. One of the grants, totaling \$4.8 million, continues the salary incentive program for local police officers who pass certified training and education courses.

A second grant, for \$460,000, continues the local police training division of the state justice departments bureau of training. Another grant for that bureau provides \$99,000 to continue the Kentucky legal information service, which provides advice and information on a 24-hour-a-day basis to lawyers, police, corrections personnel and citizens.

Two local crime prevention units will be continued and a third established under separate grants totaling about \$170,000. The ongoing units are at Covington and Paducah.

Other new programs approved for federal funding include: \$20,000 to establish a court referral program for misdemeanants at Owensboro; \$20,000 to provide at Lexington a new program of services for ex-offenders; \$6,900 for continuing education programs for judicial personnel in Campbell, Harrison, Adair, and Jefferson counties and the state attorney's general office.

Additional on-going programs approved for continuation money were: \$137,000 to fund the Louisville and Jefferson County Criminal Justice Coordinating Councils; \$25,800 to continue the associate degree in corrections program at the Jefferson Community College of the

University of Kentucky; \$44,900 for the state justice department minority recruitment program; \$34,900 to the Kentucky Judicial Conference and Council; \$121,500 for trained investigators for the office of the public defender.

Other continuation projects include: \$61,000 for community based rehabilitation programs at the Jefferson County jail; \$84,300 to

fund school-based juvenile delinquency prevention programs conducted by the State Dept. of Education; and \$26,000 to Newport, \$58,800 to Franklin County and \$53,800 to McCreary County for local school based delinquency-prevention programs.

Attorneys To Speak At NAACP Conference

Attorneys William Kunster and Margaret Bush Wilson will speak at the Annual Kentucky Conference of NAACP branches, to be held in Bowling Green on Oct. 24-26.

Kunster is a nationally prominent civil rights attorney based in New York. He has participated in most important civil rights cases in recent years. Mrs. Wilson, a young St. Louis Attorney, is chairman of the board of the national NAACP. Kunster will speak at the Saturday luncheon of the conference, and Mrs. Wilson at the evening Freedom Fund Banquet. Attorney Clarence Mitchell of Baltimore, director of the Washington, D. C. NAACP bureau, will speak at a meeting Sunday morning at Mt. Zion Baptist Church in Bowling Green.

Mathis Appointed Boone Co. Chairman

Bill Mathis Boone County Commonwealth Attorney has been appointed as the Boone County Chairman for the Crime Prevention Commission.

The crime prevention commission is an off shoot of the Kentucky Crime Commission. Its function is to work closely with law enforcement officers, civic leaders, businessmen and citizens in an effort to prevent and curtail crime.

At a meeting in Lexington, Ky. of the commission on October 6th and 7th, Mr. Mathis participated in a residential protection sub-committee. This committee is designed to formulate policies and methods of informing the public in the area of residential crime prevention.

Mr. Mathis will be available to any civic groups and organizations throughout an eight county Northern Kentucky area, to speak at programs involving crime prevention.

Governor Helm Place
Hardin County

This historic mansion, which stands about a mile north of Elizabethtown on U.S. 31-E, was the home of John LaRue Helm, who was twice Governor of Kentucky (1850-51, re-elected in 1867).

Land was granted to Thomas Helm, grandfather of John LaRue Helm, by the state of Virginia in 1780. Governor Helm was born July 4, 1802, in the old homestead of his grandfather, which occupied a site close to the present residence. He erected Helm Place around 1835 and resided here with his family. The old house has 16 large rooms and originally contained two small "saddle rooms" on the front.

John L. Helm served in the Kentucky Legislature for 11 years, six as presiding officer. He was president of the L & N Railroad and one of its organizers.

Helm served as Lieutenant Governor of Kentucky, as Governor, 1850-51, and at 65 was elected Governor for a second time. Due to illness, he was inaugurated in the parlors at Helm Place, September 3, 1867. He died there

five days later.

He is buried in the family burial ground on the place, as is his son, General Ben Hardin Helm of the Confederate Army. He was killed at Chickamauga, September 20, 1863, while leading an infantry brigade in Gen. John C. Breckinridge's division.

General Helm became Abraham Lincoln's brother-in-law by marrying Mary Todd's sister, Emily. At the outbreak of the Civil War, President Lincoln had offered to appoint General Helm paymaster of the U.S. Army, but Helm declined, and became, instead, a brigadier general in the Confederate Army.

Helm Place was sold out of the family about 1912, and remained unoccupied for the next 15 years. It passed through several hands and subsequently became the property of Judge J. R. Layman, who remodeled the historic house, removed the two small rooms in front and added the porch and columns.

Ruth. "If you wanted to play ball, you couldn't keep up with Babe," Combs remembered.

Hughes also said that Combs was a big player for those times, standing 6-2. "With those long strides of his, he didn't look like he moved real fast. But he was smooth and very fast," said Hughes. "Earle never really got credit for his speed."

Combs remembered that he stole 49 bases for Louisville the year before he joined the Yankees, but he was under strict instructions not to steal bases for the Yankees.

Combs was lead-off hitter for the club. He said that he really did not have to steal any bases and was instructed not to get picked off base, because he was followed in the batting order by the legendary Yankee Murderer's Row Tony Lazzeri, Lou Gehrig and Babe Ruth.

His career with the Bronx Bombers lasted 12 years, from 1924 through 1935. A member of the famous Yankee outfield of Bob Muesel in left field, Combs in center and Ruth in right, Combs explained that his career was cut short by an unexpectedly colliding with the centerfield wall in St. Louis Sportsman's Park while chasing a fly ball.

Although he only played 12 years, Combs was named to the all-time great New York Yankee outfield, consisting of himself, Babe Ruth and Joe Dimaggio by his manager Joe McCarthy. McCarthy also managed Combs in the minor leagues at Louisville.

After retiring to his Paint Lick farm, Combs suffered a stroke a few years ago. He is not nearly as active now as he once was. But his face brightens up, he grins broadly, giggles like an excited child and shows perfect recall when he talks about his baseball playing days.

He said that his teammate Babe Ruth set so many records in his career that his mark of hitting 60 home runs in one season "was just another record he set."

Remembering that Ruth's "average speed" in the outfield slowed down during his later years with the Yankees, Combs said he had to cover "pretty much" of Ruth's territory in right field. Combs son, Donald, who is the athletic director at Eastern Kentucky University, said that his father played a prank, on Ruth one game, when Ruth was expecting Combs to help him cover right field.

"It was late in the season, the pennant had already been decided and in a rare situation the Yankees were getting beaten badly," Donald Combs prefaces his story. "A line drive was hit between center and right field. Ordinarily daddy would have run the ball down. But this one time, he took off running as hard as he could in the opposite direction of the ball. Ruth looked over and saw dad running away from the ball and

German Cakes Simple And Delicious

Here are two classic, rich and moist German cakes which look far more complicated to prepare than they really are. Apple Raisin Cake and Lemon Kuchen can be served together at a buffet luncheon, Club get-together, or pot luck dinner or prepare one for a grand finale to any meal.

A booklet including these delicious cakes and other favorites from around the world is available by sending 25¢ to "Recipes with International Flavor," P.O. Box 1791, Dept. FP, Chicago, Ill. 60611.

APPLE RAISIN CAKE

1/4 cup margarine
1-1/3 cups packed brown sugar
2 eggs
1 teaspoon vanilla
2 cups flour
1 teaspoon cinnamon
1/4 teaspoon soda
1/4 teaspoon baking powder
1/4 cup milk
2 cups finely chopped peeled apples
1 cup raisins
1/4 cup chopped walnuts
Brown Sugar Frosting

Combine margarine and sugar; blend in eggs and vanilla. Add combined dry ingredients alternately with milk, mixing well after each addition. Stir in apples, raisins and nuts. Pour into greased and floured 13 x 9-inch baking pan. Bake at 350°, 40 to 45 minutes or until wooden pick inserted in center comes out clean. Cool; frost with:

Brown Sugar Frosting

1/4 cup margarine
1 cup packed brown sugar
1/4 cup milk
3 cups sifted confectioners' sugar

Combine margarine and brown sugar in saucepan; bring to boil. Cook 1 minute; remove from heat. Cook slightly; stir in milk. Add confectioners' sugar; beat until smooth.

Fancy That!

Elias Howe was so poor that when he was 12 his parents hired him out to a farmer in exchange for his board and clothing. Later, as an apprentice in a shop that manufactured looms, he got the idea for an invention which made him famous—the sewing machine!

4-H Dress Revuers Adopt Coordinated Look

CHICAGO — This season's popular mix-and-match look lends itself nicely to tight budgets. A new shirt or vest, especially if it's made at home, can go with last year's skirt or pants for a 1975 look that doesn't cost a fortune.

Separates provide variety in the wardrobe for less cost. But coordinating them is both a challenge and an art. Selecting just the right separates to achieve a fashionable, unified outfit is especially important to young people in the national 4-H dress revue program sponsored by Simplicity Pattern Co. Inc.

"Total" look stressed 4-H dress revues are a learn-by-doing feature of the overall 4-H clothing program conducted by the Cooperative Extension Service. The program, with 347,211 participating boys and girls 9-19, emphasizes selecting, constructing, accessorizing and modeling garments that complement the 4-H member's wardrobe.

Garments modeled in a 4-H dress revue are evaluated on fit, style, suitability of fabric to pattern, and accessories. Just as important as the outfit are the model's grooming, posture and poise.

In 1975, that model is almost as likely to be male as female. Increasingly fashion conscious, boys care about how they look, how their clothes fit, and whether colors and patterns "mix" together.

All-occasion wardrobes While 4-H'ers select, construct and model clothes for occasions that range from school to active sports to proms, they can work for awards donated by Simplicity and arranged by the National 4-H Service Committee.

This year, one 4-H'er from the 50 states, the District of Columbia and

Coordinating the season's popular mix-and-match look calls for real fashion flair on the part of 347,211 young people in the national 4-H dress revue program. Sponsored by Simplicity Pattern Co. Inc. and conducted by the Cooperative Extension Service, the program encourages 4-H'ers 9-19 to select, construct and model garments that complement their wardrobes.

Puerto Rico will receive an expense-paid trip to Chicago to participate in the national 4-H dress revue. The revue is a highlight of the 54th National 4-H Congress, to be held Nov. 30 - Dec. 4 at the Conrad Hilton Hotel.

During the Congress six national winners will be honored with college scholarships of \$800.

Simplicity also presents medals of honor to 4-H'ers

attorneys than ever before to participate in the three-year-old statewide program

The Country Gentleman Of Baseball

As baseball stories go, perhaps the most famous is the one of Babe Ruth, who with two strikes on him stepped out of the batter's box pointed to the center field wall and proceeded to hit the next pitch over it. But one of Ruth's teammates did virtually the same thing, without the theatrics.

In a game against Boston, Earle B. Combs had badly missed two Danny McFadden slow curves. He stepped out of the batters box and told the Boston catcher, "One more of those and I'll hit out of here." The catcher told him to get ready because another one was coming. When McFadden delivered the next slow curve Combs hit it out of the park.

Combs said that he remembers that occasion graphically because "I hit so few homers, I was watching a ballgame the other night on television, and a boy hit a home run in Boston in the exact same place I hit it once."

Now 76 years old, the hall of fame centerfielder from the New York Yankee dynasty lives on a farm at Paint Lick, just outside of Richmond. The classic white brick mansion in which Combs and his wife live sits on their 400 acre farm with a tree-lined driveway and a small lake near the front yard.

Born near Richmond, Earle B. Combs attended Eastern Kentucky University where there is now a dormitory bearing his name. He played minor league baseball briefly in Louisville and semi-pro ball in Lexington before being called up to the major leagues by the Yankees.

Compiling a .325 lifetime batting average with the Yankees, Combs was inducted into baseball's hall of fame in 1970.

Astory some of Combs' friends tell about him is that when he was offered a professional baseball contract, he had to debate between teaching school for \$40.00 a week and signing the professional baseball contract. Combs laughed when asked about the debate and said that it was not a tough decision. "I always wanted to play baseball," he added.

A long-time friend of Combs, former Eastern Kentucky University baseball coach Charles "Turkey" Hughes, said that Combs Yankee teammates called him "The Country Gentleman." He said that Combs never drank, smoked or chewed tobacco.

He added that Combs did not carouse around with the most famous member of his team. Babe

Reserve Champion

THIS 1090 POUNDS—Santa Gertrudis Crossbred Steer exhibited by 16 year old Jeff Afterkirk, Boone County 4-H, Walton, Ky. was reserve champion at Carcass Bluegrass District Beef Show. Parkview Market of Carrollton, Ky. purchased Jeff's steer. There were 48 steers in the show. Jeff's steer came off of the farm of J. C. Benton Jr., Walton, Ky., a Santa Gertrudis Breeder. Jeff attributed his winning to hard work and the help of Mr. Pete Goetz of Fedders Feed Company, Covington., who said "The feeding helps bring out the genetics in the breed".

County Pupils

By some standards Kentucky reportedly may rank 49th in education based on per pupil expenditures. However, the states management of available revenue has attracted national attention, according to Dr. Lyman V. Ginger, state superintendent of public instruction.

Ginger explained that in 1972 the formation of the Kentucky education development regions divided the state into 17 geographic locations. Through this systematic delivery of state services to the local level, tax dollars were stretched further and Kentucky's students were provided with better school programs.

By making use of regionalization, a small school that otherwise could not afford a drivers education class can share costs of the course with neighboring schools in a similar financial situation. Kentucky's school systems have continued to develop this idea in such areas as special education and the purchasing of supplies.

Although two regions (Jefferson and Fayette County) remain

inoperative, Ginger noted that the program is two years ahead of schedule. "I think the achievement in those regions is nothing short of phenomenal," he said.

Ginger's enthusiasm for the regions is also voiced by William Birdwell, state director of the progra. He explained that one answer for relization success lies in the fact that whereas public education previously relied on about 10 different geographic locations for handling state programs, now there is only one. and, more importantly, independent districts with a common interest, are working cooperatively instead of at odds to better educate children in the communities.

Birdwell said that while the regions primarily were set up to improve state services to the local districts, school superintendents whose districts whose districts participate in regionalization serve on a board along with local collegiate, vocational education and manpower personell and someone

from the state department of education.

While these professionals meet as a group every month, the dat to day activities of regionalization are coordinated by a small staff. For instance, George Houston directs region seven, an area composed of Carroll, Owen, Grant, Pendleton, Gallatin, Boone, Kenton, and Cambell counties. The region is composed of 17 school districts made up of some 75,000 pupils.

Houston said that although the region was only put into operation during September, 1974, he can already detect a cooperative spirit among the districts. He said that a committee of superintendents is presently looking into the feasibility of joint purchasing for the region. The districts have not yet pooled bids for such necessary supplies as paper products, food and bus tires.

The director said special education was established as the regions top priority and that a consultant with several years experience was hired to coordinate the programs.

Houston said that region seven usually sponsored several area workshops instead of one overall conference since such a large number of educators were involved.

Several educators aid Houston in continuing to improve school programs. Among those serving on region sevens board of directors are the area's superintendent, Rector Jones, Boone County; Charles McCormick, Cambell County; Roland Huan, Carroll County; Gary Blade, Covington Independent; and John Miles, Erlanger Independent.

Other superintendents serving on the board are Fred Williams, Ft. Thomas Independent; William Mills, Grant County; James Wallace, Gallatin County; Robert Barnes, Kenton County; Tebay Rose, Ludlow Independent; Gayle Ecton, Ower County; Richard Gulick, Pendleton County; John Capelle, Southgate Independent; John Grubbs, Walton-Verona Independent; and Wandell Strange, Williamstown Independent.

The board membership is completed by Edgar McNabb, Northern Ky. State College; Huey Parker, Regional Vocational Advisory Council and Gale Bowen, state dept. of education.

Tickets Now On Sale

Tickets for all Cincinnati Singers home games went on sale at the Coliseum box office, located on the plaza level facing the stadium, as well as at ticketroom outlets in Cincinnati, Middletown, Hamilton, Dayton, Columbus, Lexington, Louisville, and Covington.

Although the stinger ticket office has been accepting orders since January of this year, the actual tickets just arrived from the printer within the last week.

Henry Royer, director of ticket operations said, "even though we have not publicly announced that we now have hhe actual tickets for all games, the sales today have been brisk. I do know that tickeron agents have been informing everyone that the tickets would be available today, but even so the response has been very favorable.

Boone County 4-Her's At Bluegrass Show

Susan Hetterman, Michael Benton, and Jeff Afterkirk showed their steers at 4-H District Beef Show in Lexington, Ky. at Clays Wacha stockyard, September 22, 1975. There were 48 steers shown at Bluegrass Show. These steers were shown live on Monday by weight and Tuesday were killed for Carcass Show. The Carcass Banquet was held September 27, 1975 at the University of Ky. E. S. Barn. Jeff Afterkirk showed Santa Gertrudis crossbred steer weighing 1090 pounds with carcass weight of 640 pounds and Reserve Champion. Jeff won senior showmanship, receiving a beautiful wooden plaque and also won Grand Champion showmanship receiving a trophy of a steer. Jeff is the son of Mrs. Frances Afterkirk and he a junior at Walton Verona High School.

Parkview Market of Carrollton, Ky. purchased Jeff's steer.

Susan Hetterman showed a hereford steer weighing 1015 pounds with a carcass weight of 602 pounds placing 7th. Susan is the daughter of Mr. and Mrs. John Hetterman and is a freshman at University of Ky. Kroger Company of Louisville purchased Susan's steer.

Michael Benton showed a Santa Gertrudis Crossbred Steer weighing 1145 pounds with a carcass weight of 656 pounds and placing 34th. Mike is the son of Mr. and Mrs. J. C. Benton Jr. and in the sixth grade at Ockerman Elementary School. Parkview Market of Carrollton purchased Mike's steer.

These 4-Her's and their families enjoyed a delicious roast beef dinner at the Banquet in Lexington, Ky. They worked very hard with their beef animals, along with several other 4-Hers and wished to thank those who supported them.

ABSOLUTE AUCTION

**Sat., Nov. 1st
Time - 10:30 a.m.**

**on Bagby Road, Kenton County Ky., 1 mile
off Dixie Hwy., 3 1/2 miles S. Walton, Ky.**

National Coal Policy Act

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

resources in easing both of those problems.

The bill calls for incentives to double our current annual production and use of coal by 1985— from 600 million tons to over one billion tons. It aims at substituting coal for other fuels in our major industrial plants, while seeking harmony with environmental goals. It also seeks to insure adequate coal transportation systems and the availability of skilled manpower.

We do not yet have a national energy policy. We do not now have a national coal policy. We are short on domestic oil and gas, yet long on coal. It makes sense to center our long-range solution to our energy problems on our strong suit—coal— while expanding production of power from other domestic energy sources.

The bill—which Congressmen from eight other coal states besides Kentucky also cosponsored—would at last set national coal policy. To put it into effect, the bill directs the President to send to the Congress

within 90 days, detailed legislative proposals that would amend existing laws as needed to conform with the new policy.

For many years, cheap foreign oil and domestic gas prices held low by federal controls, caused a great swing from coal to oil or gas in new power plants. Between 1960 and 1973, utilities converted some 400 existing boilers, designed to burn coal, to oil or natural gas. Now it's more expensive to get power from oil than coal, and interstate natural gas supply has been shrinking.

The National Coal Policy Act would overcome a number of current obstacles to greater use of coal. Clean air laws require compliance by coal users. The bill would reduce excessive regulations, grant variances from some regulations,

extend dates for compliance, etc. It would require that in establishing air quality standards, economic and technical factors would be considered jointly and fully with environmental concerns.

The deplorable railroad situation is a prime target of the Act. The bulk of our coal is hauled by rail. Low cost federal loans, tax credits, and other aids would provide incentives for new construction and improvements of facilities for handling coal. The bill would speed coal pipeline development. It authorizes federal grants to educational institutions for coal and mining research, and for scientific, engineering and vocational training of personnel. It would accelerate development of synthetic gas and oil from coal.

Businessmen inquiring about an SBA loan are asked to bring with them current profit and loss statements and a balance sheet for the last complete business year. Persons not presently in business, but seeking financial help to start, should bring a current personal financial statement.

Additional information may be obtained by calling (513) 684-1771.

Last week I joined in sponsoring legislation that would establish a National Coal Policy and enable us to cut costly oil imports by 6.5 million barrels a day by 1985. It should bring many jobs to Kentucky.

That policy would serve as a basis for moving the Nation to self-sufficiency in energy. It would help restore stability to our economy, now severely affected both by energy shortages at home, and price hikes by our suppliers of oil and gas abroad. The policy aims to take advantage of our great coal

Senator
Dee Huddleston
REPORTS TO THE PEOPLE OF KENTUCKY

Veto Is A
Serious Mistake

President Ford's veto of the tobacco price support legislation is a very serious mistake. He was wrong on the merits, wrong on the facts, and wrong in terms of the overall health and prosperity of the farm economy in this country.

This bill, which I helped get through the Senate, would have raised the price support for all types of tobacco approximately 10 percent—to \$1.06 for burley and 99.9 cents for flue-cured. These increases were quite modest and would have kept the support price below the market price, thus insuring that whatever outlays the government made would be returned.

In his veto message, the President relied on the fallacious and patently erroneous arguments made by Agriculture Secretary Earl Butz. These arguments were amply refuted in a congressional meeting with the President, and in a host of letters and communications from members of Congress to the President and his top aides.

That he would veto this bill in spite of the facts demonstrates a total lack of concern for the little people, especially farmers, in this country. What especially galls me is that his rejection of a small price support increase for 600,000 tobacco farmers—the vast majority of which are small farmers—comes at the same time the President is asking Congress to allow the big oil companies to make additional millions by removing price controls.

The tobacco price support program has been an integral part of this nation's agricultural policy for more than 25 years. In return for the maintenance of a floor under tobacco prices, tobacco farmers have voluntarily agreed to control the production of their crop to avoid costly government subsidies.

The track record for the tobacco program since its inception is unmatched by any other major agricultural commodity, with the realized cost of tobacco price supports accounting for only 0.13 percent of the cost of all commodity price support programs.

With such an outstanding past record, and with the need for a modest increase in support prices so apparent, it is extremely disappointing that the President chose to veto this legislation.

Representative To
Meet Your Problems

A Small Business Administration Representative will be available in Covington, Kentucky, at the city-county building, room 804, 301 Court Street, Tuesday, October 21, 1975, from 9:30 a.m. to 12:30 p.m., to discuss financial and management assistance available to small businessmen.

Visits by SBA staff are made to Covington to reduce or eliminate the need for area businessmen to travel to Louisville for the agency's services.

Walton Homemakers Holds Meeting

The Walton Homemakers met October 10th, at the home of Mrs. Leo Flynn, with Mrs. Dwight Maddox serving as co-hostess to 13 members and four guests. Mrs. Flynn opened the meeting with the devotional and special prayer, followed by a short game.

Mrs. Flynn conducted the business session in the absence of Mrs. Don McMillian, due to illness in the family.

Mrs. Gayle McElroy, Mrs. Flynn, Mrs. McMillian, and Miss Louise Conrad attended the "Lazy Eye Syndrome Clinic" and will be working with Mrs. J.D. Risner and her kindergarten class trying to detect any child that might have this problem.

Mrs. McElroy reported that the group that went to Shakertown to see the "Whitman Sampler Collection" had a very enjoyable trip.

The club bought four books to be donated to the Boone Co. Library. It was announced that 4-H workers were needed. Anyone interested should call Steve Willis in Burlington. Mrs. Don Rice was appointed treasurer to replace Mrs. Bob Eisenschmidt who is working full time now. We are sorry to lose her and wish her the best.

It was reported that the "Stretch and Sew Class" held at Walton-Verona School is well attended and very informative.

Following the lunch the club was honored to have Mr. Bill Mathis speak to us on "Court Systems in Kentucky". A question and answer session was followed.

The November Meeting will be at the Methodist Church on the 14th at 10:30 a.m., with Mrs. Paul Beighle and Mrs. Don Rice as hostesses. Mrs. Gaines E. Huey and Mrs. Gayle McElroy will present the program "Interior Landscaping". There will also be a plant exchange.

Answering roll call with something they were thankful for were: Mesdames James Burden, Leo Flynn, Bill Gibson, Harry Henson, Tom Hodge, Gaines E. Huey, Dwight Maddox, Gayle McElroy, Frank Penick, Nelson Popham, Donald Rice, Walt Ryan, John Wood and guest Raymond Stephenson, Alfred Kemper, Charles Fennell and Emma Johnson.

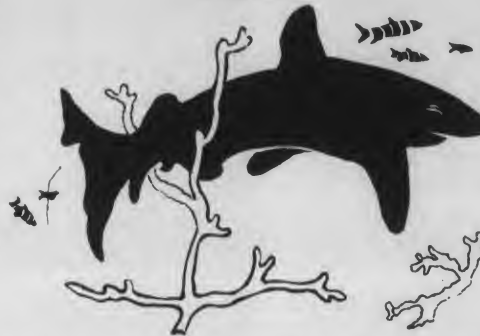

Field Representative In Covington

Congressman Gene Snyder's District Field Representative, Jim Evans, will be in room 310 of the Federal Building in Covington for most of the day on Wednesday, October 22, 1975, to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at (606-491-0105) for an appointment.

CRITTER column

The Shark

by Sue Johnson

The shark, in general, because of ancient legends, reported shark attacks, and the recent publicity boom, has been labeled with a bad reputation. Actually, of the more than 200 species of sharks, relatively few will attempt to attack a human, unless provoked. The main reason for this is the fact that they usually do not come directly inland, toward beaches. However, it is true that some kinds of hungry sharks will eat anything they happen to come across. Sunrise and sunset are the sharks normal feeding hours.

One of the most dangerous species is the great white shark, also being one of the largest.

The usual length is 10 feet, but they have been found to reach a length of 30 feet and a weight of 2 tons. Because the white shark has very powerful jaws, and a huge mouth with sawlike teeth, they are armed to attack all kinds of animals, from seals to man.

Another dangerous species is the tiger shark. Although they are smaller in size than the great white, they are just as fierce and aggressive. He is usually found swimming near the surface of warm waters.

The thresher shark is an interesting species. Having a very

long tail fin, he waves it back and forth in the water and stuns small fish, which he then eats.

The hammerhead shark has a flat hammer shaped head which extends out beyond each side of his body.

Even though sharks are looked upon as deadly predators, they are also being recognized as fascinating creatures, and the subject of much study.

Floating Museum At Warsaw

Plans have been finalized for a community-wide celebration in connection with the appearance of the MV Sergeant Floyd at Warsaw, Ky. on the 22nd and 23rd of October. The Sergeant Floyd, a floating museum of river history and the story of the Corps of Engineers and its part in the nations growth, will dock just downstream of the ferry landing at Warsaw. The city of Warsaw, sponsors for the vessels appearance, have planned many exhibits of local and regional interest. During the morning hours on the 22nd of October, school tours will be conducted. (Although the general public may come during the morning hours of 22 October, it is suggested that the afternoon and early evening hours or the daytime hours of 23 October may be better for the public since the school tours might result in long lines if the general public is visiting at the same time.)

Throughout the stay of the Sergeant Floyd, local entertainers and musical groups will be performing for the crowds. Scheduled to appear are: The Gallatin County High School Band, The Tri-County Choir of the Second Baptist Church, The Little Disciples Choir of the Warsaw Christian Church, and local entertainer Randy Wallace.

A ribbon cutting ceremony and a V.I.P. tour will be conducted at 9:00

a.m. on Oct. 22 with participation by Mayors and County Judges and their families from a seven county area.

The complete tour of the museum area, the slide show and visiting the various displays from the local participants should take about 30 minutes. There is no charge to visit the Sergeant Floyd and everyone in the area is invited to come and see the boat.

The museum aboard the Sergeant

Floyd will be open on the following schedule while at Warsaw, Kentucky:

School tours will be from 10:00 a.m. to 2:00 p.m. and will be open to the public from 2:00 p.m. to 6:00 p.m. on October 22nd.

On October 23rd the museum will be open to the public from 8:00 a.m. to 4:00 p.m., from Warsaw the boat will move downstream to Madison, Indiana, for viewing on the 24th of October.

Gobble Gobble Gobble

That's right! A Turkey Supper on Sunday, October 19th at the St. Cecilia School Basement, 5309 Madison Pike, Independence, Ky.

Fresh dressed Twes Turkeys, with all the trimmings, and homemade pie will be served. There will be a combination table with many fine gifts, a wishing tree, popcorn balls, and for the very brave a "Spook House."

Everyone is invited to attend. This event is sponsored by the St. Cecilia Altar Society.

Remember the date, October 19th from 3 p.m. to 7 p.m. with adults dinners for \$2.50 and children for \$1.00.

Did You Know

Did you know that there currently are more than 1,700 inmates at the state reformatory at Langrange, which has an official rated capacity of only 1,200. The reformatory is Kentucky's largest prison.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, October 16, 1975

Well I imagine the true fisherman are having fried fish for dinner today and it isn't too late to catch a nice mess, anytime between now and late tomorrow evening. If you didn't get your house plants taken

care of yesterday, you still have plenty of time today or tomorrow and it won't interfere with your home baking Saturday. If you are in the market for any new appliances, today or tomorrow would be a good time to shop and you might get a bargain.

Friday, October 17th

This would be a good day to visit your doctor and get your physical checkup and flu shots before the bad weather sets in; also the right time for an eye exam if you need new glasses. Wait until about the 20th before visiting your dentist for fillings or plate impressions and you will be better satisfied with the results. If you are a little short on cash, apply for a loan anytime today and it won't be too hard to repay.

Saturday, October 18th

All good aspects today with the moon in the cardinal fire sign Aries. Get your home baking done early and you will have plenty of energy left for your house cleaning and

other chores. Everything is going right today so you will have energy left over for a night out, possibly a dance, but if you prefer to stay home plan on writing some letters as Mercury in direct motion today will clear away the cobwebs from your past thinking and you will enjoy passing on some choice gossip.

Sunday, October 19th

Nice vibrations this Sunday morning and nice ideas will run through your mind. Quoting Henry Ward Beecher the nineteenth century clergyman may aid your thoughts. "Ideas are cosmopolitan. They have the liberty of the world. You have no right to take the sword and cross the bounds of other nations and enforce on them laws or institutions they are unwilling to receive. But there is no limit to the sphere of ideas. Your thoughts and feelings, the whole world lies open to them and you have the right to send them into any latitude, and to give them sweep around the earth, to the mind of every human being."

Monday, October 20th

We had a full moon early this morning so the next couple of days will probably be reading about the lunar happenings over the weekend. I suppose as usual, we will read about the rights of the lunar being infringed upon and very little about the poor victims and the

hardships imposed upon their families. This is a sad state of affairs and won't be corrected until the good people in this country come out of their shells and speak up for what is right. Lets out shout and out talk and out vote the radicals and make this a God fearing country out forefathers meant it to be.

Tuesday, October 21st.

Today and tomorrow is the time to visit your barber and get that long looking haircut. You may think I am kidding but taking my own advice I find my haircuts look nice about two weeks longer. Getting a haircut when the moon is waning in a fixed sign, it is also getting thinner on top so I think the next haircut and massage will be during the increase of the moon in the sign Scorpio. Incidentally this is the best time this month for a permanent wave, the curl will stay in and look nice for a long time.

Wednesday, October 22nd

The signs are right for visiting your dentist if you need fillings or plate impressions; also the right day to get an eye examination if you need new glasses. If you shop for a new or used car the next couple of days you will be inclined to buy for durability and economy rather than style and if you need financing wait until Friday and you may get a better deal.

Protection, The Capitol, Room 34, Frankfort, Ky. 40601, or call toll-free on the consumer hotline: 1-800-372-2960.

Consumer Now Has Hotline

More than 1,800 calls concerning such items as no-fault auto insurance, compensation and utility rate increases, have been handled by a "hotline" for Kentucky's Public Protection and Regulation Cabinet since its inception last April.

Simply by calling a toll-free number, 1-800-372-2967, Kentuckians may receive information pertaining to the 11-agency cabinet headed by Elijah M. Hogue.

Hogue said the organizations diverse activities might confuse some people as to just what matters are supervised by the cabinet. He added, however, that a caller would be directed to the proper agency if it fell outside public protection's jurisdiction.

"Basically, we're providing the public with an ombudsman to help solve problems and answer questions related to business of the cabinet," Hogue said. "We have not called him an ombudsman, however to avoid confusion with a similar service in the department for human resources."

Bol Arnold, Hogue's administrative assistant, has the principal responsibility for handling the calls. Arnold said most calls occurred in June when 600 queries were received. He explained that as no-fault auto insurance went into effect July 1, Kentuckians then had many questions about the new law's effect.

The telephone continues to ring as callers are kept informed on all 11 agencies within the cabinet. Those agencies are: Alcoholic Beverage Control, Department of Banking and Securities, Kentucky Registry of Election and Finance, Kentucky Harness Racing Commission, Department of Insurance, Department of Labor, Department of Mines and Minerals, Public Service Commission, Kentucky Quarter Horse and Appaloosa Commission, Kentucky State Racing Commission and the Kentucky Board of Tax Appeals.

LOOKING BACK

20 Years Ago

Mr. and Mrs. Andy Penn and family entertained Sunday for Mr. and Mrs. C. T. Hall, Mr. and Mrs. Gene Roberts and daughter, Mr. and Mrs. William Roberts and family, Mr. and Mrs. William Denaler and family, Mr. and Mrs. Wilford Siekman and family, Mr. and Mrs. Dan Roberts and family, Mr. and Mrs. Charles Roberts and son and Mrs. Viola Roberts.

Mrs. Wendell Rouse entertained the following guests for dinner last Wednesday: Mrs. Wadsworth Latimer of Williamstown, Mrs. Dan Bedinger, Mrs. A. H. Gaines and Mrs. Ralph Carpenter.

Sunday

Sermon

Giving What
God Asks
Genesis 22: 1-13

Quarles spoke wisely when he said, "Let the ground of all religious actions be obedience; examine not why it is commanded, but observe it because it is commanded. True obedience neither procrastinates nor questions."
The Bible lesson before us demonstrates the unquestioned

obedience of one man who came to be known as "a friend of God." Although Abraham did not question God's command, many others have.

QUESTIONS
Genesis 22: 1-2

Many people have missed the whole point of this passage in their wrangling about whether or not this really took place. Could God have commanded Abraham to murder his son? Did Abraham just imagine God was commanding him to offer Isaac as a human sacrifice? On go the questions. What is this passage about?

Though there are some questions we cannot answer, the teaching of the passage is clear. The passage says that God was testing Abraham. Human sacrifices were being offered by those who lived around Abraham. There must have been times when Abraham wondered if he loved his God that much. So God spoke to Abraham in the context of his own time.

Each term here at our school we witness many men and their wives whom God has asked to give up all and follow Him. They literally give up all of their security, their dreams, and everything that seems important in the present and to trust God for the future.

All of Abraham's previous life had been coming up to that moment. God had tested him before this was to be the ultimate test. The test came suddenly and unexpectedly. Abraham seems to have settled down to a quiet old age. God's people should never relax in their faith and service to Him. Verses 3 through 6 tell of Abraham's obedience demonstrated by his quickness and quietness in carrying out God's orders.

QUIETNESS
Genesis 22: 3-6

This passage is filled with verbs of action. Not much is said. Abraham acted quickly. This saved the situation. To have delayed would have meant failure. Decision delayed is so often not made at all. Someone has suggested that "today is often crucified between two thieves—yesterday and tomorrow."

For three days they were in "the shadow of the cross." Three days they were in "the valley of the shadow of death." No words are recorded except those of Abraham to the young men, "Abide ye here with the ass; and I and the lad will go yonder and worship, and come again to you." Notice the subject of the verb: "We will come again to you."

MOUNTAIN MOMENTS

Old Fashioned Stir-Off

Recently when the night began to get cool, my good friend, Jay Walker, called me and said, "Let's go to Bacchus for a stir-off tomorrow night!"

Jay's brother, Bill, had a crop of sugar cane that he was making into sorghum molasses, and Jay and I

took our families to the event.

About 6 o'clock we arrived at the farm of Worley Ellison who had the necessary equipment for a good old-fashioned stir-off.

Mr. Ellison had been hard at work much of the day already. Bill and his sons had cut the cane, stripped it, and carried it on a wagon to the Ellison farm.

A tractor was attached to a sugar cane feeding mill and the cane stalks were fed into it, squeezing out the sticky juice. In earlier day a horse or mule turned the mill. The "squeezeins" were then put into a vat over a fire. Mr. Ellison had good, hot fire going by about 2 o'clock P.M. and he fed stalks into it until the sugar was boiling.

Mr. Ellison and Bill, for a couple of hours or more, skimmed the liquid. The skimmers were pie-pans attached to long handles. The pans had several holes punched in them to allow the sugar to flow through. Occasionally, the foam was skimmed off and cast aside.

Before I knew it, a crowd of people had gathered at the stir-off. My boys had never seen one and neither had Jay's wife, Gigi, whom he met and married while he was in the Air Force in Colorado.

Amity Baptist Revival
And Homecoming

The Amity Baptist Church in Independence, is having a Homecoming and Revival. Homecoming Sunday is Oct. 26. Lunch is at 1:00; also special singing and the afternoon message by Rev. Sam Branham.

Revival begins Monday Oct. 27 thru Sunday Nov. 2. Evening services at 7:30 p.m. with Rev. Dick Moeller as the evangelist.

Oak Island Will
Feature Quartet

The Oak Island Baptist Church on Moffett Rd. will feature the Ball Family Quartet, thus coming Sunday evening at 7:30 p.m.

Everyone is invited to come out and enjoy this evening of gospel singing.

Day Baptist
To Meet

The Day Baptist Women of The Walton First Baptist Church will hold their regular meeting at the church on Thursday. The Hostesses are, Mrs. Gwen Soden and Mrs. Joyce King, an interesting program will be presented on Japan.

Card of Thanks

The family of Charlie Brewer would like to thank our friends and neighbors for the prayers, flowers, food, visits, phone calls and cards. To Brother Sheffield for his consoling words; also the Walton Life Squad for their services. Thanks to each and everyone.

The Children of
Charlie Brewer

Issac was probably at least nine years old at this time. Verses 7 through 13 reveal the quality of the man Abraham.

QUALITY
Genesis 22: 7-13

The reader is impressed with the submission of young Isaac in all of this. Could it be that the calmness and assurance of Abraham contributed to this?

Following Isaac's question and his father's answer in verse 8 the words of verse 6 are repeated, "they went both of them together."

Of course Abraham was not allowed to carry through with the slaying of his son. In verse 12 God says, "...for now I know that thou fearest God..." Did God not already know this? The verb 'know' here means to know by experience. Yes, God knew it before but now Abraham has been allowed to demonstrate his love for God.

What are some lessons taught by this passage? First, that human sacrifice is forever rejected in Israel. Second, God had surely found His man! Third, a clear example of substitute for sacrifice. Fourth, Abraham learned anew that a man can always trust God for whatever God asks.

BIBLE QUESTION OF THE
WEEK

Q. "Who was the first Christian to die for his faith?"

A. Stephen, as recorded in Acts 7.

WALTZ BUSINESS
EQUIPMENT

808 Scott, Cov. 281-1228

Mrs. Ellison sat near the vat and occasionally her husband let a few drops fall into the saucer she held to test the consistency of the sugar.

About 8 o'clock the mixture was ready! Four strong men lifted the vat off the fire and carried it a few steps away.

The molasses were then dipped out and strained through cheese-cloth. This "run" was a little thick and the straining was a slow process.

And here's where the fun began. Jay cut some cane stalks into small pieces and gave each of us one. "Soppin" time had come!

We scraped the sorghum off the back part of the vat and enjoyed one of the sweetest treats I have ever had, but I think I enjoyed the fellowship with the people as much as the molasses.

Some were telling a story about Jay's brother George being tricked into eating two year old molasses he thought was fresh; while others told about stir-off's of long ago.

For a moment I stood and watched

the crowd. Young and old alike seemed to have something in common—and everyone enjoyed each other's company. The fellowship was unbelievable, and for a moment I could imagine that time was standing still. Most interesting of all, though, was that no one seemed to mind.

Mr. Head would like to hear from you. Readers are asked to write him at the Clear Creek Baptist School, Pineville, Ky. 40977.

The
Face of
Faith

Sometimes a face is striking. It isn't the sort of face you're accustomed to. It's a face you wouldn't have expected to see. But you have seen it! That's why you call it striking.

The Face of Faith is like that . . .

The eyes seem lifted toward the hills, to a source of strength. The lips are firm

with a courage that rests neither on prowess nor weapon. The countenance shines with a joyous light . . . a light that seems to reflect some mystic Sun though the world around is cast in shadow and gloom.

I see the Face of Faith each Sunday . . . the face of a child . . . perhaps your child!

I am her Sunday School teacher — and the joyous light of that striking face inspires me to seek more faithfully in the worship and work of my Church, the help of God.

You are her parents. How that confidence, expectant radiance must inspire you!

County Agent's ½ Acre by: Joe Claxon

The corn that ripples across our land these summery days is an enduring gift from the Indian. Over the centuries, the first American took a wild grass and brought it to aristocratic rank among cultivated crops. The Indian lacked the white man's science, but patiently and with no known tools save the unaided eye, bare hands, imagination, and dedication he selected ever more desirable mutations and thereby domesticated a crop of value to the world. Paradoxically, this giant grass among the cereal bearers, if

left alone in nature, becomes biologically helpless. Corn requires the nurture and protection of man to survive.

It was corn that sustained the Pilgrims at Plymouth when their wheat crops failed. Then friendly Indians taught the settlers how to plant, cultivate, and harvest this New World grain. So important a staple was corn in Colonial days that a law required dogs to be tied by a leg to prevent them from digging up the fish often planted for fertilizer in each corn hill. As the settlers pressed westward, they planted and improved the Indian's corn, and before long it became a basic feedstuff for a vast livestock industry.

But corn is much more than food for people or feed for livestock. Its versatile kernel touches our daily lives. We encounter corn products, often unknowingly, in the shoes and clothing we wear, the paper we write on, the rug on our floor, in our medicine chest, the car we drive, indeed in a multitude of ways.

What of the future? Perhaps the most ambitious work underway centers on varieties containing the mutant gene opaque-2. Problems remain to be solved involving yield, disease, and milling quality.

DHR Reports Encephalitis

Kentucky now has a total of 66 cases of Viral Encephalitis, or "sleeping sickness," under observation by the Department for Human Resources (DHR).

DHR's Bureau for health services has confirmed 26 of these cases: 15 in Jefferson County, two in Fayette and Union and one each in Boyle, Bullitt, Clark, Davies, Kenton, Muhlenberg and Oldham counties.

The following counties have reported 14 probable cases: Jefferson, four; Union, three; and one each in Galloway, Fayette, Graves, Henderson, Hopkins, Kenton and McLean.

DHR also has received reports of 26 suspected cases in the following counties: Jefferson, five; Henderson, four; three in Fayette and Union; and one each in Anderson, Boyle, Bullitt, Davies, Franklin, Fulton, Hardin, Hopkins, Kenton, Muhlenberg and Powell.

"The latest confirmed case of encephalitis was a Jefferson county resident who became ill on Sept. 12," according to Dr. C. Hernandez, director of DHR's division of preventive services.

percent of its weight in stalks, leaves, shucks, and cobs. Considerable grain may also remain in the field after harvest. A crop with a 100 bushel grain yield will normally yield from 2-3 tons of residue. With this large amount of dry matter potentially available, careful considerations should be given to methods of feeding.

Permitting animals to graze stalk fields is the most common way of harvesting since it is usually the cheapest and requires less labor and equipment inputs. Whole field grazing limits the degree of utilization, as animals waste a large amount of the residues available through selective grazing, trampling, and over-consumption. Restricted grazing through the use of a temporary electric fence will result in more complete utilization. Allowing animals access to only a two to three week feed supply through the use of an electric fence will force animals to utilize a larger amount of the dry matter thus wasting less.

Another grazing technique which can be used effectively is allow those animals with the higher nutrient

demands (such as young growing animals) to have first access to a stalk field. Follow them with dry cows. This system allows the better quality material to be selected by the first grazers and forces the lower nutrient requiring dry cows to clean up the remains. Caution: There have been cases where too much grain left in the field resulted in animals overeating and foundering.

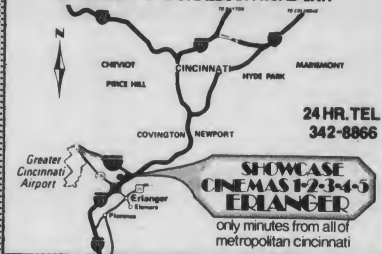

Big package balers can also be used for harvesting crop residue. This increases the cost of the feed but may result in less waste than whole field grazing. This method requires labor at both harvesting and feeding time.

Residues stored in big packages should be fed such that losses are minimized. Feeding on a well-drained site with some type of rack, will keep losses small. You probably should feed residue bales or stacks before you begin feeding hay since they may absorb more water and lose quality faster than hay.

With the price of beef cattle being what it is today we should make near total use of our home grown feed crops if we want to reduce feed costs.

Simon Kenton Boosters Meet

The first meeting of the newly organized Simon Kenton Band Boosters was held Sept. 26th, 1975, at the Simon Kenton high school.

Mr. Dan Daniels, director of the Simon Kentonband, talked about the trip to Paintsville for the Apple Festival, and the trip to Morehead on Oct. 18th for competition, and about the country music show which will be Nov. 20th 1975.

Officers elected for the year were: President, Mrs. Edna White; Vice President, Don Cooper; Secretary, Mrs. Marjorie Morgan, Treasurer, Ken Childers.

It was decided that by-laws concerning the organization would be written, being approved by Mr. Daniels, Mr. Abel and the board of education.

A motion was made that the by-laws be written by the four elected officers and Mr. Daniels. These by-laws will be presented to the group at the next meeting on Oct. 23rd, 1975.

Money making projects, having cards printed for membership and appointment of committee chairman were discussed.

Piner-Fiskburg Fish Fry

The Piner-Fiskburg Fire Dept. and Ladies Auxiliary will hold a fish fry at the firehouse Friday Oct. 17th starting at 5:00 p.m. Everyone is welcome to come and visit with us to have a good supper.

Home Economics

Stretching Family Income

Budgets, Savings, Credit, Repairs, Debts, Education and Health seem to be timely topics as the American family tries to stretch the family income to cover all these facets and bring satisfaction to all family members.

The Kentucky Home Economics Association will be sponsoring a Mini-Seminar designed to help families cope with economic uncertainty, inflation and unemployment.

Open to the public the seminar will be held at Skyway Restaurant, Williamsstown, Kentucky on October 16 at 4:00 p.m.

Coordinators for the seminar will be Fran Maierhauser, Home Economist for Kentucky's Association of Electric Cooperatives, and Mary Lawson, Itinerant Teacher Trainer for Murray State University Home Economics Department.

Dr. Rose Davis, Teacher-Educator for Kentucky State University will be directing the seminar. Mrs. Ruth Ackman and Mrs. Bessie Hawkins will be handling local arrangements. For more information call 606-824-3346.

Crop Residues For Beef Cattle

Many farmers can take advantage of various crop residues which are left in the field following grain crop harvest. These residues provide a low cost source of winter feed for beef cattle. Ruminants have the unique ability to utilize residue materials such as grain, leaves, stalks, shucks and cobs remaining after grain harvest. These residues should be considered primarily for their energy value since most are low in protein, vitamins and some essential minerals. Dry, mature, pregnant beef cows can usually make best use of crop residues since their nutrient requirements are considerably lower than the requirements for other classes of beef cattle.

Crop residues vary considerably in both quality and quantity which would be available for cattle. Although residues from either corn, soybeans and sorghum may be used, our major source of crop residue is from the corn crop following grain harvest. The corn plant has over 50

Menu consists of Roast Beef, Green Beans, Potatoes, Rolls, Salad, Dessert, and Coffee or Tea.

The dinner will be held at the high school cafeteria beginning at 11:30 until 7:00. The prices are at the door, Children under 12, \$1.75 and adults \$2.25.

Presale for children \$1.50 and adults \$2.00.

Come and help support the Seniors and the activities.

Walton Verona PTA Holds Meet

The Walton Verona PTA will meet on Monday, October 27th at 7:30 p.m. at the Verona Elementary School. Poster contest exhibits will be displayed and prizes for the winning posters will be awarded at the November meeting. All workers for the Halloween Festival please plan to be present as final plans will be discussed and if you have not volunteered to work and can be present at this meeting.

Simon Kenton Band Wins

DANIEL DANIELS—director of the 138 members of Simon Kenton High School's big marching band, had a happy homecoming when he took his Pioneer musicians back to his native Johnson County to participate in the Apple Day Festival at Paintsville. The Kenton Countians won the "large division" trophy competing against bands from Kentucky and West Virginia. Above, left to right, admiring the trophy are Cherry Haggard, Field commander; Director Daniels, Susan Campbell, field director and Tom Richardson, president of the band.

Taylor Mill 4-H Club

THE FIRST MEETING—of the year for the Taylor Mill 4-H Club was held Thursday October 9, in the school cafeteria. Selected as officers for the year were left to right, Susan Hill, reporter; Jimmy Webb, secretary; Tabatha Isaacs, vice president; Karen Spinlaur, president. Announcements were made by Diana Schneider, County Extension Agent for 4-H, and Pat Stanton Program Assistant for 4-H. Mrs. Betty Meyers is this year's 4-H chairman and along with the other volunteer leaders will be instructing the youth on 4-H projects. Several new projects are being offered at Taylor Mill this year including photography and dog obedience. Other projects which have been offered in the past include electricity, arts and crafts, clothing, cooking and gardening.

Greg Ryan Active At EKU

Greg Ryan, a 1975 graduate of Walton-Verona High School, and President of the Senior class that year is currently attending Eastern Kentucky University in Richmond, majoring in Accounting.

Greg, son of Mr. and Mrs. Walt Ryan, Verona, is engaged in a number of activities at the university. He is a member of the Commonwealth Hall Council, works as a volunteer Resident Assistant, and is 14th Floor Representative. Greg is also House Council Treasurer, a member of the dormitory Programs Committee, and is Interdorm Representative from Commonwealth Hall.

Greg has also been appointed to the EKU Student Senate, and is a Representative from the College of Business on the Finance Committee.

Error Found In Walton Newsletter

The Walton Verona Newsletter had an error in the date of the meeting of the Athletic Boosters.

The Boosters will meet on the first Thursday in November at 7:00 p.m. at the Walton Verona High School.

Haunted House At St. Henry High School

The Student Council of St. Henry High School, located at 3813 Dixie Hwy., is sponsoring a "Haunted House" on October 24 and 25. The house will be open 7:30 p.m. to 10:30 p.m. and everyone is invited.

Driver Education Course Offered

Beginning Monday, October 27th, an Adult Driver Education Course will be offered at the Walton-Verona High School. The driver education teacher Wendell Tilley will conduct a fifty hour classroom and on-the-road program. This class is offered to those over the age of eighteen who are interested in learning to drive or who wish to improve driving skills.

Persons interested should call 485-7672 or 485-4181. The only cost to the participants will be a fee of \$20.00 which will cover all materials, gasoline, and insurance.

Estate Planning Seminar

Estate Planning is a necessary part of life often neglected by our society. An Estate Planning Seminar sponsored by the Boone County Extension Service, is planned for Thursday, November 6, 13, and 20, 7:30 p.m. at Florence Municipal Building. The public is invited to attend and pre-registration is required because of the limited space. To pre-register call 586-6101, ext. 17.

The program participants will be local attorneys and University of Kentucky Farm Management Specialists. Programs that list topics to be covered each evening are available at local banks or the Boone County Extension Service.

Walton Verona FFA Wins Award

The Walton Verona Chapter of the Future Farmers of America has been awarded by the state a Superior Rating. Only half of the chapters in this state have received this rating. To receive this award the chapter must meet all requirements set by the state.

Youth Volunteer Receives Award

BARBARA HATTON—daughter of Mr. and Mrs. Raymond Hatton, of Augusta, Ga., recently received an award for 500 hours of volunteer work at Doctors Hospital in Augusta, Ga. The youth volunteer program is designed to provide non-medical assistants to the various departments throughout the hospital, with some 50 youth volunteers registered in the program. Every hour given by a volunteer, was appreciated by all employees, medical staff and Administrator of DHA.

Barbara is the grand-daughter of Mr. and Mrs. Preston Hedges of Walton.

The Singing Servants

THE SINGING SERVANTS—Coming to Church of Christ, Nicholson. On Sunday night, October 26th at 7 o'clock the Singing Servants Quartet will be presenting a Gospel singing concert, at the Church of Christ, Nicholson on Walton-Nicholson Road near Independence, Kentucky. The public is invited. Charles Carter and Mark Blackmore are ministers.

Simon Kenton PTA Meeting

The October meeting of the Simon Kenton High School PTA was opened with the devotional by Mrs. Ralph Blanton and children, reading scripture and singing spiritual songs.

Mr. Abel, principal, introduced the Department Heads of the Courses that were present and gave a talk on the subject:

Mr. John Gray, Agriculture; Mr. J.B. Losey, Commerce; Miss Sulkus, Art; Mrs. Carter, Advanced Art; Mrs. Abel, Home Economics; Mrs. Taylor, Guidance; Mr. Fultz, English; Mr. Keith, Industrial Arts; Mr. Tolliver, Math; Mr. Crowe, Music; Mrs. Hayes, Science; Mr. Mullins, Social Studies; Mr. Jerry Sebastian, Vocational Schools; Mr. Abel, Driver Ed., Health and Physical Ed., and Languages.

The Simon Kenton Marching Band under the direction of Mr. Dan Daniels, won first place trophy and

fifty dollars in class a competition at Paintsville, Kentucky on Saturday, October 4th.

Mrs. Joseph Gadd, president of the PTA announced there will be a Spaghetti Supper on Friday, October 31st the menu consisting of Chili-Spaghetti-Fish-Slaw-Soft Drinks- Coffee-Home Made Desserts.

Serving from 4 to 8 p.m. and this is Homecoming night for the football team also the parade from Independence Court House to the school. The proceeds to be used for more lighting around the school and so come out and help make this project a success.

Don't Forget

On Tuesday, October 28th the Walton Baptist Church will hold their annual skating party for the members of the church and on the following night a Chili Spaghetti Supper will be held in the Halloween Tradition.

Social Scene

Mr. and Mrs. Preston Hedges attended the Eastern Star Convention in Louisville last week. Mrs. Evelyn Hatton returned home to Augusta, Georgia after spending a week with her parents, Mr. and Mrs. Preston Hedges.

Claude Thompson is a patient at Booth Hospital. He is in traction. Mr. and Mrs. Jerry Foley had as guest on Thursday for dinner, Mrs. Theresa Simpson and Mr. Danny Berkshire.

Mrs. Evelyn Sparks and Mrs. Ruth Worthington were visiting their aunt in Louisville this past week. Also visiting there was their uncle, Dick Clemons from Tampa, Florida.

Mr. and Mrs. Chuck Smith and daughters of Michigan were weekend guests of her family, Mr. and Mrs. Ray Brewster.

Mr. and Mrs. Lawrence Wilson had as weekend guests, their great grandchildren, Todd and Charity Lee King of Cynthiana.

Mr. and Mrs. Stanley Kacaba spent the weekend with their son, Mr. and Mrs. Mike Kacaba Jr., and their family of Michigan.

Mrs. Viola Goldberry of High Street is a patient in Booth Hospital.

Mrs. Christine Eason who has been in the hospital is able to be home.

The Women's Day Society of the Walton First Baptist Church met on Thursday, at the church. Those present were the president, Mrs. Mary Rector, Mrs. Joyce King, Mrs. Margaret Wilson, Mrs. Leona Jump, Mrs. Lucietta Neumeister, Mrs. Priscilla Losey, Mrs. Betty Roland and son, Mrs. Effie Chandler, Mrs. Judy Arlinghaus and son, Mrs. Kathleen Courtney, and Mrs. Mary Coleman. An interesting program was enjoyed on Tokyo, Japan.

The Keen Age Group of Walton enjoyed a trip to Mt. Sterling on Monday. All enjoyed their trip greatly.

Oak Island Baptist Hold Church Revival

Oak Island Baptist will begin evangelist services the week of November 2nd-9th with Bro. Walter "Buck" Shinkle bringing the messages. Bro William Garrison is the pastor and he invites everyone to attend these services beginning each night at 7:30 p.m.

Card of Thanks

Hazel Mullins thanks each and everyone.

I would like to thank everyone for cards, flowers, presents and prayers while I was in the hospital.

A special thanks to Bro. Childers and Bro. Winters for their visits and prayers and for all visits and prayers in the hospital and since I came home.

All these kindnesses will always be remembered.

Hazel Mullins

Mrs. Buch Hosts Crafts Auction

Mrs. Ray Buch of Percival Road, Walton, Ky., is chairman of the Covington-Kenton Jaycee Wives' Christmas Crafts Auction "Kris Kringle's Creations". The auction will be held on November 6th at 7:30 p.m. at Summit Hills Country Club in Edgewood. The event is open to the public and tickets can be purchased from Mrs. Ray Buch or Mrs. Milton Mains of Park Hills.

Mr. Milton Mains will be the auctioneer for the evening. Items to be auctioned include handmade work in decoupage, needlepoint, patchwork, flower arrangement and other mediums. Christmas decorations will be featured. At a separate table "stocking stuffers" and Christmas ornaments made by the Jaycee Wives will be sold for fifty cents to two dollars.

Drawing for prizes in the Christmas Crafts Raffle will highlight the evening. The grand prize is a house full of Christmas Crafts, that is, a craft item or Christmas decoration for every room in the house valued at \$75. Second prize is a Mexican Christmas Party for eight complete with food, wine, punch, games and decorations. Other prizes include a complete Barbie Doll wardrobe, a calico wreath and a handmade 19th century doll. Raffle tickets can be obtained from Mrs. Ray Buch for fifty cents each. Winners do not have to be present.

Mrs. Ray Buch is a third grade teacher at Taylor Mill Elementary School where she has taught for five years. She and her husband have recently built a new home in Walton on Percival Road overlooking the Walton Reservoir. They are busy planning landscaping and decorating the interior. Jane is very active in the Jaycee Wives and other community activities.

Oak Island Homemakers

The Oak Island Homemakers Club met October 6, at 1:00 p.m. in The Fellowship Hall of the Baptist Church.

Mrs. Glenda Jackson and Mrs. Nancy Peebles were the co-hostess for the coffee hour, which proceeded the meeting.

Mrs. Peebles, President, took charge of the usual business session, she gave a short devotional on Psalm 118:24, she said: one has a red letter day when one rejoices in the day which the lord has made.

The issues and concerns chairman commented on the importance of voting in November and having knowledge of the background of each candidate.

Mrs. Peebles announced the Annual Luncheon of The Kenton County Homemakers for October 22, at The Town and Country Restaurant, on Dixie Highway. Several members plan to attend.

Plans were made for the clubs exhibit at The Annual Kenton County Homemakers Christmas Exhibit at Immanuel Methodist Church, Ft. Mitchell, on November 8

Miss Elma Taylor, was leader for the October Project: The Kentucky Court System, along with charts, she gave a review of the present court system and the Four Tiered Court of Justice Systems which will be made possible by the proposed amendment to the State Constitution. She said: The present Court of Appeals in 1973 had a backlog of more than 1000 cases, meaning at least a three year wait for final decision. "Justice delayed is Justice Denied" She urged all members and their families to become informed before November 4, on the provisions of the proposed amendment to the constitution.

Members and guests answering roll call were Mmes. Elizabeth Barberick, Dixie Dressman, Lydia Huffaker, Glenda HJackson, Mary Jackson, Elmer Manter, Nancy Peebles, and young son Danny. Margaret Rector, Leontine Stephens, Mary Whalen, Elmand Misses Mary Stephens and Elma Taylor.

The topic for the November 3, meeting will be Indoor Landscaping.

In Memory

Services for Edward Crawford, 60 of Sidney Drive, Independence was held on Friday at 2 p.m. at the Allison Rose Funeral Home in Covington.

A retired molder for Michaels Art

Bronze Company, Erlanger, Mr. Crawford died Tuesday at Booth. Survivors include his wife, Marie; a son, Marine Sgt. Jimmy Crawford, Richmond, Va.; a brother, Oscar Crawford, Mont.; two sisters, Miss Virginia Crawford, Covington and Mrs. Margie Grippshover, Erlanger and two grandchildren.

Keep Your Summer Shape

Now that the bikinis have been packed away and the "layered look" and "big dress" have come into their own, you may think there's less reason to watch your weight. After all, you may reason, the bulges won't show.

Successful dieters know otherwise: It's easier to keep the pounds off, once and for all, than it is to regain weight and then try to lose it again.

Maintaining your weight doesn't mean trying every new diet that comes along, according to Pauline Pearson, nutritionist and home economist for Meadow Gold Dairies. "Nutritionally, it's best to continue eating a wide variety of foods," explains Miss Pearson.

You can stick to your diet and still enjoy dessert — the trick is to be selective. Fresh fruit is fine, or savor low-calorie Meadow Gold's Viva ice milk — skip the toppings. A half cup is only 100 calories. It's available in vanilla, chocolate, chocolate revel, strawberry, and Neapolitan flavors.

"If you gain weight easily, eat smaller servings," she suggests. "You can enjoy between-meal snacks if you nibble at low calorie foods such as carrot sticks, celery, or raw cauliflowererets. Go ahead and have dessert — such as a dish of fresh fruit."

There are low calorie desserts to assist the calorie-conscious. For instance, Meadow Gold's Viva Ice Milk contains 100 calories per half cup serving, while the same amount of ice cream contains 30 per cent more — 130 calories. Ice milk is available in flavors to please everyone — vanilla, chocolate, chocolate revel, strawberry, and Neapolitan. And they are delicious and refreshing without rich, sweet, high calorie toppings.

Exercise also is a key to maintaining your summer figure. Exercise keeps muscles firm, and that gives you a better figure. Swimming, tennis and jogging are sports you can continue indoors after cold weather sets in. Or, you might join an exercise class at the Y.

If you follow these dieting tips, you'll look great when you try on this year's bikini next year.

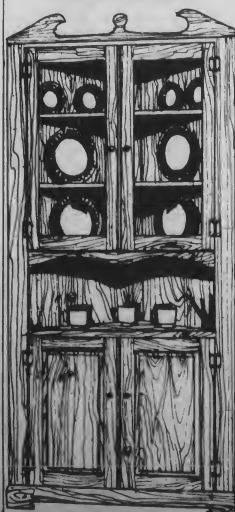

Taylor Mill Senior Citizens

The Taylor Mill Area Senior Citizens met at the Brucewood Presbyterian Church on Tuesday, October 14. Mrs. Harry May introduced the speaker, Mrs. Mary Rawlings from the Senior Center in Covington. Mr. Ballinger recognized the birthdays for the month. Mrs. Paul Tashiro gave a demonstration on arranging cut flowers in containers. Coffee and rolls were served.

Those present were Clara Lewis,

E. Lenton, Mr. and Mrs. John Bruce, Mrs. Robert Porter, Lyda Rus, Marvin Hacker, Ruby Armstrong, Margaret King, Alma Yates, Mr. and Mrs. Herb Foster, H. R. Hutchins, Walter Wolf, Mr. and Mrs. Chalmers Ballinger, A. Douglas, Mr. and Mrs. Harry May, Paul Tashiro, Ozella Perry, May Collins, Elizabeth Faulkner, Leontine Stephens, Kathryn Schualler, Edna Coppage, Elizabeth Barbrick, Elma Taylor, Lena Saunders, Margaret Stephenson, Ethel Mann, Georgia Rapp, Sylvia Greenwall, Lena Funnell, C. ... about your Social Security

Unless your business is urgent, the best times to call or visit the Covington Social Security Office are the first of the week and the end of the month, according to John Walter, social security district manager.

"We're generally busiest on Mondays and Tuesday and during the first 2 weeks of the month," he said. "For prompter service, call or visit us on Wednesday, Thursday or Friday during the second half of the month."

And it's a good idea to call the social security office ahead of time, according to Walter. "A lot of social security business can be handled by phone, and a call may save you a trip," he said.

Social security administrators retirement, disability, and survivors

benefits, Medicare, and the supplemental security income program.

The Social Security Administration is an agency of the US Department of Health, Welfare and Education.

Representative Here

Congressman Gene Snyder's District Field Representative, Jim Evans, will be in Room 310 of the Federal Building in Covington for most of the day on Wednesday, October 29th to help residents of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0105 for an appointment.

CRITTER column

The Mythological Horse

By Sue Johnson

Throughout history, the horse has represented freedom, beauty and power. In mythology, many ancient tales and legends tell of the great deeds magical horses had performed.

The early Greeks and Romans believed in the unicorn, who was said to have lived in India. This animal was about the size of a horse, with a white body, red head, blue eyes and a large horn extending from the center of his forehead. They thought that drinking from his horn would prevent poisoning. The unicorn, a symbol of purity, strength and ferocity, is pictured on the British Coat of Arms.

Pegasus, the unique white-winged horse, is probably the most famous mythological horse. The warrior Bellerophon caught Pegasus at the Fountain of Pirene near Corinth with the help of a jeweled, golden bridle. He rode Pegasus to conquer the fire breathing Chimera, a horrible, three headed monster.

Later, after their victory, Bellerophon body tried to soar to heaven upon the winged horse. But, it is said, Pegasus flung him into the sea. By carrying lightning and thunder, Pegasus then served Zeus, the king of gods. The magical winged horse is the symbol of poetry.

Another strange creature, called a centaur, had a man's head and body attached to the horses hind quarters. The Centaurs were claimed to be lawless barbarians.

Thousands of years ago in Scandinavia and Germany, children were told how the world began. Odin, the Norse story says, made the earth, sea and sky. Then, to make the sun and moon, he put fire in chariots pulled by magnificent gold and silver horses.

There are many other references to horses throughout mythology. These legends reveal the ancient peoples adoration for the horse.

ASCS News

As the 1975 Burley Tobacco Markets will soon be opening it is a good time to review some of the necessary information that tobacco producers will need to know.

First: Price Support:
A schedule of grade loan rates for 1975 burley tobacco has been proposed. The rates range from \$.71 to \$1.03 per pound and reflect an average support of 96.1 cent per pound. . . 10.3 cents per pound above the 1974 level, or an increase of 12 percent.

As in the past no loans will be available on any tobacco graded NO—G (no grade), U (unsound), W (doubtful keeping order), or scrap. Marketing of these grades, however, will be charged against the quotas for the farms upon which they were produced.

Second: Penalty rates for excess marketings of quota tobacco:

Penalty rates on Burley tobacco is \$.85 per pound. The Agricultural Act of 1938 as amended, provides that marketing of Burley in excess of 110 percent of a farm's poundage quota are subject to penalty. However there is a need for anyone to sell excess tobacco as you may now lease in extra quota to cover your overpopulation. Contact your ASCS office for details.

Issuance of marketing cards:
Marketing cards will be issued around November 1st to those who have certified and returned their MQ

38 Post Card certifying that they do have a crop of burley on their farm and have not used DDT, TDE, ENDRI, or TOXAPHENE.

If you did not raise burley on your farm or have leased your quota away you will not receive a marketing card.

No tobacco is to be taken to the warehouse without a marketing card. Do not accept hear say information regarding the marketing of your crop. All regulations are available at your ASCS Office. It only takes 5 minutes to answer your questions. Save time, save arguments, save penalties, and call us first Kenton County ASCS 356-5025.

FIRE PREVENTION
Early

Better Eating . . . Start to Finish

If you have teenagers at your house, here's a nifty food idea that's sure to grab their attention. (And, it's both tasty and nutritional!) The recipe "Pizza Sandwich Loaf" comes from the Wheat Flour Institute.

Pizza Sandwich Loaf

1 loaf Italian bread, butter, two thirds cup canned spaghetti sauce, one fourth teaspoon crushed oregano, Mozzarella cheese slices, cooked Italian sausage, optional, pepperoni slices, optional and mushroom slices, optional.

Preheat oven to 375 and make slits in bread about 1/4 inch apart slicing to but not through the bottom crust. Next, butter both sides of the bread slices. Combine spaghetti sauce and oregano.

In every two slices of bread, spread with spaghetti sauce mixture and fill with a cheese slice plus sausage, pepperoni or mushrooms, as desired. Wrap loaf in aluminum foil and bake in preheated oven for 15 to 20 minutes or until cheese softens. Slice through loaf between filled slits to form individual sandwiches. Serve hot.

What is "calves meat?" Calves meat is from young cattle, too old to be classified as veal but younger than the widely available mature beef. It is most commonly sold under the name "Baby Beef," but it also has a variety of other names.

Staggering Statistics: The average person discards more than five pounds of refuse each or 20 pounds for a family of four.

Prepare pancake batter in a wide

mouthed pitcher. The batter will be ready to pour on the griddle, and leftover batter can be covered and stored in the refrigerator. Just thin the batter with milk then used again.

ABSOLUTE AUCTION

Sat., Nov. 1st
Eliza Vallandigham Estate

TO SETTLE THE ESTATE OF ELIZA VALLANDIGHAM—the executrix, Mrs. Frances Sowder has contracted with us to sell the following Real Estate and Personal Property at Absolute Auction:

HOUSE AND LOT—108 Falmouth St., Williamstown. 4 room frame, bath, part basement, almost new coal furnace, city water & sewers, storm windows & doors.

PERSONAL PROPERTY—1973 TV with stand, oil heater, leather couch & chairs, 5 drawer chest, couch, Singer sewing machine, antique marble top dresser, 3 white metal cabinets, kitchen cabinet, Roper gas range, Philco refrigerator, 3-shelf room divider, breakfast set, table & 4 chairs, cedar wardrobe, antique washstand with mirror, clothes box, coffee table, end table, odd tables, dishes, pots & pans, scatter rugs, fruit jars, stone jars, wool rug, step stool and many other miscellaneous items.

FARM

TRACT NO. 1—Consisting of 41 acres, 1 large tobacco barn, 4 room frame house, has 62 ft. of road frontage on Humes Ridge Rd., 1475 ft. frontage on Williamstown Lake, has large ridge that runs from the front of property to lake. Ideal for future development. Has tobacco base that can be housed in the large barn. Has enough ridge land to raise several acres of tobacco in addition to its base. This tract is mostly all clean.

TRACT NO. 2—Consisting of 34.64 acres, 100 ft. road frontage on Humes Ridge Rd., 930 ft. on Williamstown Lake. This tract also has a real nice large ridge that tapers off to lake and can be developed from Humes Ridge Rd. to Williamstown Lake, or can be used to raise several acres of tobacco in addition to its base.

4 NICE BUILDING LOTS—On Humes Ridge Road. These lots have road frontage of 100 ft. to 167 ft. Nice trees on rear of lots. (If you are looking for a nice lot to build a new home, stop and see these lots.)

After real estate is sold, some horse drawn equipment will be sold.
AUCTIONEER'S NOTE: A new survey has been made on this land. This property is as well located as we have ever sold. Remember This Is An Absolute Auction!

Different? . . Girls!!

There will be something different this season when the White's Tower Elementary School basketball team takes the floor this year. Coach Ivan Cooper will have two girls on his team . . . two girls on the boys team.

Above, in the scrimmage, the two young ladies go for the ball. From left to right are Jimmy Moore, Ricky Grimes and then Wanda Saylor and Vickie Schunder. Wanda is the daughter of Mr. and Mrs. William Saylor of Independence and is a sixth grader. Her classmate, Vickie, is the daughter of Mr. and Mrs. William D. Schunder, also of Independence.

HALLOWEEN

EVERY HORSE NEEDS LOVE & CO-OP HORSE FEED

Give your horse an occasional apple or sugar cube, and a regular ration of balanced nutrition. These are the simple things that your horse understands. He'll love you the more for showing that you care.

Co-op Horse Feed is good nutrition. It'll keep you're horse at his peak. . . a healthier animal is more energetic.

Unemployment Falls

Unemployment in Kentucky fell three tenths of one per cent in September to 7.5 percent the lowest rate since February.

Robert MacDonald, labor market analyst for the Department for Human Resources, which released the figures, attributed the decrease "primarily to laid off workers returning to their jobs, and there also was increased employment in the mining, construction and trade industries."

The current state jobless rate is six tenths of one per cent lower than the national unadjusted rate of 8.1 per cent.

MacDonald reported an increase of 18,900 jobs in the state during September, raising the overall job total to 1,133,000 the highest number of jobs since October 1974, constituting another record.

New Dictionary

Ancient mariners and modern astronauts had one thing in common; their need for accurate maps and charts. From simple hand drawn sketches to computer designed moon terrain models, maps have been one of man's important working tools.

A Dictionary of Mapping and Charting Terms is now available. Thousands of terms with in depth meanings appear in this soft covered 5" x 8" reference book, such

as rhumb line or USPLS (United States Public Land Survey). This 276 page dictionary has been reproduced and again made available for public use, and may be obtained for \$2.90 per copy by requesting Stock No. 631 from Map Division IV, Mail Stop 5096 Madison, Wisconsin 53705.

Commonwealth Attorney

BILL MATHIS

Is Seeking Stronger

LEGISLATIVE RESTRICTIONS

Against Law Breakers

• PAROLE REFORM

Under present Kentucky Law, the maximum sentence given for murder or multiple murders is life with parole in 6 years—THIS NEEDS TO BE CHANGED!

• RAPE STATUTE CHANGES

A new proposal before the legislature would eliminate the disclosure of a woman's prior sexual conduct being brought into evidence before the open court. This information would be given in an out of court hearing before the judge to determine if it is relevant.

• CONTINUOUS GRAND JURY SESSIONS

This would shorten the period of time between arrest and trial, allowing for speedier and more efficient justice.

• NO SHOCK PROBATION

Presently, a man sentenced to the penitentiary can claim, after serving 45 days, that the shock of being imprisoned was so great that he has reformed. Under the system this man can then be released at the discretion of the court. THIS NEEDS TO BE CHANGED.

If You Are In Favor Of Stricter Legislative Restrictions

Green Road 4-H Club News

Green Road 4-H Club met on October 6th at the home of Miss Lori Simpson.

Connie Waymeyer presided at the meeting and projects that had gone to the state fair or had won trophies at the county fair were displayed as follows.

Joyce Waymeyer displayed the knitted sweater with button holes that won the Knitting Trophy and had gone to state. Susan Waymeyer told how she had made her terrarium under the Arts and Crafts Projects and displayed it. Our club's Secretary Book that won a trophy at the county fair was also displayed.

October 5th thru the 11th was National 4-H Week and members were urged to make posters about 4-H and put them on display during the week. The club made plans for members to fill out Award of Excellence Forms by October 24th and to attend the Recognition Banquet October 23rd. The next meeting will be on November 3rd and we will select projects for the year and elect officers.

A Vote For America

**Anna L. Myers
Kenton County
Home Economics**

On Tuesday, November 4th registered voters across the country will determine, by their vote, who will fill the many seats of government, from community to County, State and National levels.

Our constitution has provided for every qualified citizen, 18 years and over, the right to vote, regardless of sex or race. Unfortunately a vast number of American citizens do not practice this right given to them, and are eating away the foundation of our 200 year old democratic form of government, formed of the people, by the people and for the people.

Which kind of citizen are you?

Are you registered? If not it is too late for this election but make a date to do so soon after the election.

Do you know what candidates are running and for which office? Do you know the issues and the stand of

each candidate on them? If not, find out now through your political party, News Media, or League of Women Voters.

Do you know where you are to vote in your precinct? If not, call your county's clerk's office and find out.

Other ways to Keep America Healthy is to talk over the current issues with the entire family, help your children learn about their government how it functions and its history.

Your vote does count, and it is the only way you can let your choice be known. Unless you vote, you have no right to complain about any form of government.

Also, actively support the political party of your choice. A healthy 2 party system helps bring both sides of issues out in the open.

Encourage all eligible voters in your family to vote and take neighbors to the poll who has no transportation.

I can think of no better way to say "Happy Birthday, America".

Thirty Life Members Are Special Guests

Thirty life members of the Booth Memorial Hospital's Women's Auxiliary will be special guests when the organization holds its November 5th meeting.

Mrs. H. Charles Jones, Vice President for programs, has invited the "lifers" to attend and hear a special program on Covington part in the nation's bicentennial celebration.

The speaker will be Ralph Osterberg who is directing the year long celebration of the nation's 200th birthday.

Among the life members who are being invited are the five original ones, including Mrs. Thomas Hanauer who now resides in Montgomery, Ala.

The other four are Mrs. Forrest Bevis, Mrs. Robert Kroger, Mrs. Alvin Sieve, and Mrs. Sawyer Smith.

Plans for the annual holiday sale will be reported at the meeting and the fair is set for November 18th and 19th.

Cincinnati Bell's New Bill Format

Cincinnati Bell has announced that beginning in early October telephone bills of all customers will be more informative, more readable, and tailored to each individual account.

Albert T. Bonnick, Vice President and Comptroller, said one of the major changes in the new billing statements will be the addition of details about long distance service.

"Our computers will now print the time each long distance call was placed and the number of minutes talked," Bonnick said. He also said that Federal taxes for all customers as well as applicable state taxes will be identified as individual items on the bill.

He added that the new bills will continue to show discontinue customers have enjoyed by dialing their calls in the evening, night, or weekend periods as well as the other details that have been shown in the past.

He pointed out that the new billing system is designed so that additional information can be added as needed in the future at minimal cost to the Company.

Bonnick indicated that the format of the new monthly telephone statements will be simpler and more useful and informative for our customers.

"We believe the new bill format will help our customers keep a sharper eye on their budgets, at least the portion that goes for telephone service," he said.

Consumer Comment

A car that looks good doesn't always run "good". When buying a used car, there are two laws you should be familiar with in order to help you make the best deal.

One of these laws is part of the Motor Vehicle Information and Cost Savings Act. This law requires that the buyer of a used car be provided with a written statement of the registered mileage on any car under 25 years of age. This statement must include the odometer reading at the time of transfer, the date of transfer, the seller's name, address and signature. Also, the make, body type, year, model, vehicle identification number and the last plate number of the vehicle must be

included. If the seller believes that the information available is not accurate, the disclosure statement must state that the actual mileage is unknown. . . so ask him if he believes the information is correct. Remember he must provide a statement certifying that he is complying with this law and is aware of his liability under it.

Repairing, servicing or replacing an odometer is not prohibited as long as the mileage shown on it afterward is the same as before. If this is not possible, a notice must be placed on the left door frame showing the mileage prior to the repair or replacement.

The law prohibits disconnecting or resetting an odometer for the

purpose of altering the mileage reading. Operating a vehicle with a non functioning odometer is prohibited if there is intent to defraud.

A Kentucky law also aids the consumer buying a used car. This law requires motor vehicle dealers to provide you with the name of the previous owner of a used car upon request. . . Be a wise purchaser . . . always contact the previous owner prior to buying a used car in order to obtain the information about the car's condition.

ABSOLUTE AUCTION

**Sat., Nov. 1st
Time - 10:30 a.m.**

**on Bagby Road, Kenton County Ky., 1 mile

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Rural Developments

I have introduced legislation cosponsored by eight other members of the Senate Agriculture Committee, to extend Title V of the Rural Development Act of 1972. Unfortunately, the Rural Development Act has never been fully implemented, and this is especially true with regard to Title V, which provides for small farm research and development programs. The result of this action has been to seriously undercut efforts to upgrade the life and prosperity of rural America. Congress intended that Title V (Due to expire on June 30, 1976) would provide for programs dealing with management and production

techniques for small farms, research on farm machinery, cooperative agricultural marketing and distribution systems suitable for the family farm operations.

In passing this revision Congress recognized that many farms are too small to be economically viable in and of themselves. It was recognized that many of these farmers or their wives have to seek supplemental non farm income. But even in that situation many of these farm families are living at or near the poverty level.

If research and extension programs can be utilized to maximize their farm incomes, we will not only be able to maximize their farm incomes, but we will be able to accomplish much toward

improving their standard of living, putting more dollars into local rural economies, and thereby making life better in rural areas.

Nearly two thirds, of the American farm families come from the category of small farmer

unless some action is taken to provide these people with equity within the farm sector, we will speed up the process in which the "super" farm is beginning to control American agriculture.

The number of farms with sales of \$100,000 or over per year increased from 23,000 in 1960 to 115,000 in 1974. There is nothing wrong with this permit, but we should not permit this development to drive out of business the small farmer, who traditionally has been the backbone of this country.

That's what Title V is all about. It is designed to help the small farmer increase his earning power by increasing his productivity. This would be good for the farmer, the consumer and the entire nation.

Crime Prevention Day At NKSC

October 29 is crime prevention day at Northern Kentucky State College. The NKSC Department of Public Safety, with the aid of local law enforcement agencies, hopes to educate the public in ways of stopping crime before it happens.

A crime prevention mobile unit will be stationed in front of Nunn Hall between 9:00 a.m. and 4:00 p.m. with demonstration models of security hardware, locks, intrusion detection systems and glazing.

The afternoon features a crime prevention program in Nunn Auditorium at 1:00 p.m. Lt. Paul Eifert, Director of crime prevention at the Covington Police Department and Director of the Northern Kentucky Crime Prevention Bureau, will give an introduction to crime prevention. Lt. Milton Walz of the Ft. Thomas Police Department and Crime Prevention Sector Leader of the eight-county Northern Kentucky area, will speak on "Citizens' Concern to Help Crime Prevention Work." Dr. Robert Lilly, Assistant Professor of sociology at NKSC, will give an overview of "The Ways Society Deals With Rape." At 2:30 p.m. a program on preventing rape will be presented by the Northern Kentucky Rape Crisis Center.

Local Law enforcement agencies participating in the crime prevention day include the police departments of Campbell County, Ft. Thomas, Newport, Covington, Kenton County, Erlanger, and Boone County.

The program is open to the public. There is no admission charge.

Defeat Of Snyder Amendment No Victory

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

The Snyder Amendment on U.S. Panama negotiations over our Canal, previously discussed in this column, was dropped October 7 for new compromise language written by House-Senate conferees. Certain press and other circles interpreted this as a victory for the State Department, which was reported to be "elated." The facts, however, totally destroy this false claim.

The legislative history which I helped to establish in debate over the substitute language—which won by only 11 votes, 212-201—can never be cited as supporting the proposed State Department giveaway of the Canal Zone and our waterway. The liberal media is not likely to detail these facts, so I shall set them forth here for you to have them.

The words adopted by the House of Representatives October 7 to amend the 1976 State Department appropriations bill read: "It is the sense of the Congress that any new Panama Canal Treaty or agreement must protect the vital interests of the United States in the Canal Zone and in the operation, maintenance, property, and defense of the Panama Canal." Because this does not bind the State Department as my amendment would have, I voted against it. Before the vote, however, I bluntly questioned the chief House conferees as to their understanding of the words, "vital interests," saying:

"I have been concerned... that the boys at the State Department may say that it is in our vital interest to give away the Canal Zone in three years and the canal in 25 years." I want the record to be clear that that is not what the conferees intended and by no stretch of the imagination can the negotiators or the State Department people ever interpret that this conference committee meant that they are protecting the vital interests of the United States if the fact they agree to the relinquishment of our rights in and to the zone and in and to the canal." Mr. Mahon of Texas replied (and when I question him, the conference chairman, Mr. Slack of West Virginia, concurred): "I would like to say as one of the conferees and as chairman of the Committee on Appropriations that I am unalterably opposed to giving away the vital interests of the United States in the Panama Canal. When I say, 'the vital interests,' I mean the possession and the present privileges and the property and the ownership which we enjoy there."

"I cannot help it if the Department has a contorted meaning of the term, 'vital interests.' I repudiate such an interpretation."

"Vital interests," insofar as this conference report is concerned, means to me the property, the title, the possession, and the rights of the United States in the Panama Canal Zone. We cannot be responsible for

WHKK To Cover Elections

For the fifth consecutive year WHKK will cover Northern Kentucky Elections beginning at 6:00 p.m. until 2. They will have live reports from the Boone, Campbell, and Kenton County Court Houses.

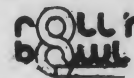

Covering Campbell County will be Dr. Linda Dolive of NKSC, Covering Boone County will be Larry McMillen and covering Boone County will be Dan Hubbard, and Anchorman at WHKK studios reporting results will be Dale McMillian.

In addition to the voting reports, WHKK will open their phone lines to callers who are seeking information concerning a certain race or issue, they'll be "On The Air." They'll also provide an off the air service, and interviews with as many people as possible, such as political leaders, civic leaders and voters. During the course of the election they'll attempt to provide voting behavioral patterns. As soon as all voting results are reported they'll conduct a round table discussion as to Why, How, Who, Etc. They will also report major breaks in Kentucky DState elections.

the kind of treaty that State Department employees or others may propose. That is the constitutional prerogative of the Executive, and it is up to the Congress to approve or disapprove. But I think it ought to be clear to the whole wide world that the overwhelming majority of the Members of this House are against giving up the Panama Canal Zone. I appreciate the statement of my friend from Kentucky and his desire to make plain to all the attitude of the House on this important matter."

CALL of Kentucky for fall

Warm, sunny days...the crackling of a twig under foot...the sheer magic aroma of fall in the air! In Kentucky you'll find abundant campsites and accommodations in mountains, cave areas, bluegrass land and vast lake regions.

The call for fall
is Kentucky!

Skilcraft Sheet Metal Inc.

The products manufactured by this company are recognized by the trade as made of the best materials and the very best workmanship. They are sold all over the area and the users have always been well satisfied and demand them when buying again.

This is a local business under

competent direction of men interested in local development. Their well-merited progress is a matter of actual fact well known to the public. This firm is located off Hwy. 18 at 1039 Limaburg Road, phone 371-0799. They are well known for all types of sheet metal work.

In making this Review of the

business in this area, the editors of this 1975 Review are glad to call to the attention of the people the advantages occurring to the public by the location of this industry here. There is no concern more worthy of extended mention than this one. What we particularly call to our readers attention is the fact that this is a local manufacturing company.

Lucas Sanitation Company

"Jeff Cox and George Davis"

The Lucas Sanitation Company, located at 6459 Old DeCoursey Road in Covington, phone 356-2315, specializes in expert cleaning, and repairing of septic tanks and cisterns. Don't take chances by having someone work on your septic tank who doesn't have this experience. So many times that type of work must be dug up and done all

over, all because of lack of knowledge and experience. You can have it done properly the first time by calling Lucas Sanitation Company. They are also equipped for all types of backhoe work, trenching, ditching, hauling, etc.

Don't wait until bad weather has set in before you have that septic tank cleaned or repaired. Give them

a call and have this reliable firm do it for you now. They can be depended upon to satisfy you and they fully guarantee their work.

In this 1975 Review we, the authors, recommend the Lucas Sanitation Company to all our readers and suggest that you call them for all your septic tank, cistern and backhoe work.

Don Albers Plumbing

"Ky. Master Plumber Cert. No. 1948"

Don Albers Plumbing, in the Walton Area, phone 485-4567, knows the plumbing and heating business thoroughly. They don't "guess" at your problems - they "know" the answers. They are men who understand all phases of this work and they keep up with the latest equipment and maintenance problems. They stand behind their

work and will do a job in the shortest time possible. They understand that when you have a plumbing problem, you need someone immediately and cannot wait to have it taken care of. They also feature backhoe work, sewer work, plus septic tank installation.

They offer you the best in plumbing fixtures and installation,

both commercial and residential. Repair jobs are given prompt attention at a fair price.

If you want to do business with someone you can trust, be sure to call them first.

The researchers of this 1975 Review find it doubtful that you could find a more competent contractor.

Tri-County Market

The Tri-County Market is your modern friendly store located at Shelby & Main in Florence, phone 371-4747.

Make your grocery shopping a pleasure by buying all your groceries and household items at one place. There is no need to shop over town for bargains when you

trade here. They carry a complete stock of every type of goods, and you will find their prices surprisingly low.

They carry fresh vegetables and fruits the year around.

Meats which are appetizing and delicious are always on display in their meat case. Their butchers

know how to cut meats and will gladly give you just the kind of steak or roast you want.

Give the Tri-County Market a try today.

In making this 1975 Review, we, the editors, are pleased to recommend this well managed, friendly store to all of our readers.

BAWAC INC.

Ken Schmidt - Director

Prepare for a better job, bigger pay, and a brighter future by contacting BAWAC (Boone Adult Work Activity Center) at 7970 Kentucky Drive in Florence Industrial Park, phone 371-4410.

They do sub-contracting work for some of the largest industry in our section of the country and will be having their open house on November 14th.

The training for men and women for success in the field of business has been the privilege and pride at this fine concern. Age, sex, or physical conditions are no barrier to a successful, dignified career in the business world. Important positions, increasing opportunities, await trained men and women.

Contact them and get the details regarding the type of work available

here. This organization was founded for the purpose of preparing people for an efficient business life and the fact that it has met with unusual success is seen in the large number of their people who are filling important business positions.

We, the drafters of this 1975 Review, highly recommend BAWAC Inc. as being an asset to the community.

Barth Motors

"Complete Auto Repair"

Many people have looked far and wide for someone who does good body work. The automobiles of today require a specialist to repair or replace body panels and to refinish them to their original beauty by matching the new paint perfectly with the original paint.

The professional body men in this area to see are Barth Motors, located at 134 N. Main, phone 485-4898.

The personnel at this firm fully understand body and fender work as well as auto painting. These men work the metal so as to require the least amount of lead or plastic and wet sand the surface until it's as smooth as glass before laying on the paint. They have gained a reputation second to none throughout this entire area. So whether your job is a small crease or a

roll-over, we know you will be entirely satisfied with their work.

And, please remember that most insurance companies now permit you to choose the body shop you like best to repair your car, so choose them to do all your insurance work.

We, the editors of this 1975 Review advise you to see Barth Motors for all your bent fenders or repaint work.

President Motor Inn

Robert Ross - Gen. Mgr.

Motels have become a favorite type of accommodation of travelers. They are your modern drive-in hotel. The President Motor Inn is located at 1939 Dixie Highway in Ft. Mitchell, phone 331-1400. Here you will find clean, comfortable rooms. Every effort is made to make your visit pleasant. When you find a place that is comfortable and you have enjoyed your stay, you will want to return to the motel where you were a guest.

The management here realizes this basic principle of good business and spares no effort in making available to you a high class motel where you will want to return. This motel is modern throughout and can accommodate one person or a group. You will be surprised at the reasonable rates offered by them.

They feature The Hofbrau Haus and President's Lounge for dining, cocktails, and entertainment. Banquet facilities to handle

approximately 550 people to a "Sit Down Dinner" are also available. Their Restaurant and Coffee Shop are open 24 hours. The Barber Shop and Beauty Salon are there for your convenience.

In this 1975 Review, we the composers, highly recommend to all our readers the President Motor Inn as your home away from home in this area. Also, your out-of-town guests will appreciate reservations made for them here.

Anderson Auto Body

Many people have looked far and wide for someone who does good body work. The automobiles of today require a specialist to repair or replace body panels and to refinish them to their original beauty by matching the new paint perfectly with the original paint.

The professional body men in this area to see are at the Anderson Auto Body, located at 1035 Limaburg Rd., phone 371-7242.

The personnel at this firm fully understand body and fender work as well as auto painting. These men work the metal so as to require the least amount of lead or plastic and wet sand the surface until it's as smooth as glass before laying on the paint. They have gained a reputation second to none throughout this entire area. So whether your job is a small crease or

a roll-over, we know you will be entirely satisfied with their work.

And, please remember that most insurance companies now permit you to choose the body shop you like best to repair your car, so choose them to do all your insurance work.

We, the editors of this 1975 Review advise you to see the Anderson Auto Body for all your bent fenders or repaint work.

Carlisle Oil Company, Inc.

Over the years many people have come to realize that Sunoco heating oil is the best you can buy. They are well represented in this area by the Carlisle Oil Company, Inc. located at Nicholson Road in Walton. Phone 485-4391 anytime of the year and let them explain their low cost complete service ranging from oil burner and furnace service, the best in heating oils, fast dependable deliveries,

automatic fill service, meter printed invoices to their easy budget terms. It is easy to understand with their complete services why so many people have made the change and become loyal patrons.

The management has wisely hired only competent men who courteously and with a friendly smile handle their accounts. They

are careful not to spill on their deliveries and never walk over flowers or delicate landscaping.

The compilers of this 1975 Review take pride in complimenting the management of the Carlisle Oil Company, Inc. for the fine service to the people of this area and suggest to all to enjoy the change to the friendly service of this distributor.

Johnny's Automatic Car Wash

Johnny Simpson - Owner

Take the work out of washing your car by having it done with modern equipment at Johnny's Automatic Car Wash at 3152 Dixie Highway in Erlanger, phone 341-6800.

Save time and money on car washing by visiting this fine firm the next time you are in town.

You'll enjoy the ease of having the

work done by fully-automated, modern car washing equipment. Road tar and other harmful grime are removed from your car's finish in about five minutes. Ask about their special care car services.

Attendants here are courteous and see that your car is handled as carefully as if it were their own. Your

car's cleanliness is the business of this establishment. The management has built a fine reputation by serving the public honestly and providing a fine service.

The writers of this 1975 Review recommend Johnny's Automatic Car Wash.

Smitty's Meat Market

"James Noe - Owner"

People of this area recognize the name Smitty's Meat Market located at Hwy. 42 & Mt. Zion Rd. in Union phone 384-3118 for their fine tasting, tender, reasonably priced meats.

They have the finest in delicious country Hams and Sausages.

Regardless of whether you need a quarter or half of beef, or just need

some for dinner that night, you can be assured that the meat you get will be cut properly, justly weighed and some of the most delicious you have ever tasted.

The management here has made it a point to serve the people of this area to the best of his ability. This is evidenced by the fact that they have

a large patronage of regular customers.

In making this 1975 Review, we, the authors, take this opportunity to make public our salute to this fine establishment and recommend Smitty's Meat Market to our readers as the best place in town to get your meat's.

Sylvia's Day Nursery

"Sylvia Davis - Owner"

If you have been wanting to take a job, but the problem of finding a reputable nursery for your children has held you back, contact Sylvia's Day Nursery located at 7034 Donaldson Highway, in Erlanger phone 371-4652 for information on your child's care.

This nursery teacher has gained the respect of the working mothers in this area for her abilities in

handling children.

She is not a baby sitter, but a nursery teacher where your child will learn how to play with others. She teaches her children respect for others as well as many fun games and things they will need to know in school such as their A B C's, counting, colors, and much more. You will find the rates to be very reasonable.

Your child will be carefully watched over the full day, and she sees to it that each child naps and eats a hearty lunch.

The writers of this 1975 Review commend this fine nursery teacher for her interest in children and suggest to the working mother, that she contact Sylvia's Day Nursery for child care and instruction she can rely on to be the best.

Roberts & Hudson Tire Co. Inc.

When you are in need of automobile tires, we suggest you visit Roberts & Hudson Tire Co. Inc. located at 6808 Dixie Hwy. in Florence, phone 371-4200. They feature a complete line of tires, belted tires or 40,000 mile guaranteed radial tires.

Remember, worn tires can be dangerous or even illegal to the operation of your car. Industry statistics show that 90% of all tire failures occur in the last 10% of tread

wear. And in most states, worn tires are illegal if the tread wear indicator is showing, and less than 2/32 inches remain on the tread.

At Roberts & Hudson Tire Co. they've established a reputation for complete one stop tire serving headquarters. They feature, precision mounting and professional shock absorbers and professional front end alignments to protect your tire dollar investment, and get you maximum mileage from your new

tires. They also offer you expert purchase assistance to help you select the tires to fit your driving habits and needs.

In this 1975 Review Issue, we are pleased to extend to Roberts & Hudson Tire Co. a special recommendation. Remember, brakes stop the wheels but tires stop your car. For safety, dependability, and a wide selection of reasonably priced tires call them at 371-4200. We know you'll be glad you did!

Northern Kentucky Communications

Northern Kentucky Communications in Hebron, Phone 689-7451 is your authorized sales, installation and service representative for Color TV and Stereo systems, MatV and CatV antenna systems and to contract work for schools and industry. Their technicians are fully trained

and schooled in their work and, to assist you in service. You may call at any time.

This is a service that requires an expert with much training.

The people of this concern are experts, which is the reason for their continued success. They do only quality work at reasonable prices.

Remember that this is not a job for the amateur, see these professionals first. The price is right, and the service is the best.

The writers of this 1975 Review are proud to present the Northern Kentucky Communications to our readers. We endorse their fair and ethical business policies.

This firm is located at 1564 Water Street in Covington, Phone 431-7740.

They have all the latest equipment to butcher your meat so that you can get the most out of your beef. They work on the principle that every customer must have the best and most expert service they can give

them. They also have a custom cutting and wrapping service for your convenience.

Sanitary conditions are maintained at all times, and they are inspected and approved by the proper authorities.

Bring them your beef, and they

will butcher it exactly the way you prefer it to be done.

The organizers of this 1975 Review point out to the people of this area that we are fortunate to have such a trustworthy custom slaughtering and cutting service and suggest that you remember to call Brooks Meats first.

Brooks Meats

Unemployment Falls

Unemployment in Kentucky fell three-tenths of one per cent in September to 7.5 per cent, the lowest

rate since February. Robert MacDonald, labor market analyst for the Department for Human Resources, which released

Cline Imported Motors,

The Cline Imported Ltd., is located at 207 E. 4th in Newport, phone 291-9950. They are the dealers for the popular Fiat automobiles.

The motor car buyer of today is a more critical purchaser than the one of years past. The remarkable progress in engineering and construction year after year in this industry has created an enormous market for the best in transportation and comfort at the lowest price. When you think economy, ease of

driving, comfort, and practicality, to save your hard earned dollars, think Fiat first.

People of this vicinity will find it to their best interest to visit them and see their new line of 1975 automobiles.

The service department of this dealer can handle anything from the smallest repair to completely rebuilding or overhauling your car. As writers of this 1975 Review, we completely endorse the honest policies of this fine dealership.

Fedders Custom Built Homes

"Henry Fedders - Owners"

A house becomes a home when it provides comfort, utility and personal satisfaction to its owners. Planning a home is more than putting vague ideas on paper. It involves knowledge of zoning laws, financing, building materials best suited to the needs of the owners, as well as the experience to make the house a truly personal building, reflecting your needs as well as your personal desires.

For the best in custom home building, see Fedders Custom Built Homes located at 10 Bustert Dr. in Florence, phone 371-1603. They

know the materials necessary for construction and best suited to the individual's needs in the different parts on the home, and they have a thorough knowledge in such matters as availability of utilities, landscaping and home beautification. Bring your plans to Fedders Custom Built Homes or let their complete planning service design just the home you want in your choice of locations.

The editors of this 1975 Review recommend Fedders Custom Built Homes for a complete home building service.

Ace Auto Care Center

The Ace Auto Care Center is located at 1922 Monmouth in Newport, phone 261-2340. They feature complete auto and truck upholstery, custom made seat covers, door panels, arm rests and convertible tops. This firm is equipped with the materials and with 23 years experience to make your car completely new on the inside. Drive in for an estimate on your upholstery job.

Should your vehicle need re-upholstering for any reason, see them to make the interior of your car new again.

They feature custom in-dash auto stereo systems for all types of foreign and domestic autos. In addition, they sell and service Citizens Band (CB) radios and antennas with free installation.

What is the secret of the success of this firm? They explain it in a few words - doing only the finest work at a fair price to all, and a guarantee on every job that leaves the shop. They stand on the principle of always doing their best.

It's with pleasure that we, the editors, recommend them to all our folks of this section in our 1975 Review.

Campbell Insurance Agency, Inc.

"Gene Smith - President"

In every community, dedicated insurance counselors are among the most important of all businesses. You see, they don't sell insurance policies, they design insurance programs, tailor made for you and your individual and family needs.

Just such dedicated insurance counselors can be found at Campbell Insurance Agency, Inc. located at 251 Main in Florence, phone 371-5821. When in need of insurance, be sure

to consult them. Go over the ground with them as you do your lawyer and they will be able to assist you in selecting the kind of insurance suited to your needs.

They have made a study of insurance problems and you will help you determine what you need, and how best you can meet that need at a minimum cost.

The compilers of this 1975 Review feel a sense of satisfaction in recommending this firm in Florence for insurance of all kinds.

Nelson Marksbury Moving & Storage Co.

"Larry Warner - Owner"

For local and long distance moving, be sure to call Nelson Marksbury Moving & Storage Co. located in Florence at 2 Girard, phone 371-8111 for information and estimates on your next moving job.

They employ only courteous, careful workmen and you can be assured they will handle your household furnishings in a most careful manner. You need never be afraid to allow this reliable transfer company to handle your most valuable articles. Don't take chances and try to do your own

moving, but let these experienced men do it for you.

Their equipment is modern and up to date and they can assure you of careful service in all kinds of weather. Their vans are padded and enclosed, giving you added protection of your furniture.

We, the planners of this 1975 Review wish to compliment this firm upon their fair dealings and efficient business methods rendered to the people of this section. Phone 371-8111 for information or price estimates.

Ramada Inn South

If you're in the mood for a vacation and find you don't have quite enough cash for an extended trip, then take a "Weekend Holiday" instead at the Ramada Inn in Florence.

The Ramada Inn offers you all the ingredients of a real holiday vacation. They have luxurious accommodations to please even the most discriminating, including: Boone's Frontier Restaurant, Boone's Tavern, a 24-hour coffee

shop, swimming pool and color TV. You'll be sure to enjoy yourself here.

Regardless of the length of your stay, even if it's just for dinner or cocktails, you will always be welcome at the Ramada Inn South.

In compiling this 1975 Review of this area, we, the editors, feel it is indeed a pleasure to recommend this motor hotel to our readers. They are located at I-75 South at Exit 180. Phone 371-4700 for reservations or additional information.

the figures, attributed the decrease "primarily to laid-off workers returning to their jobs. There also was increased employment in the mining, construction and trade industries."

The current state jobless rate is six-tenths of one per cent lower than the national unadjusted rate of 8.1 per cent.

Kentucky Team Takes Honors

A team of Kentucky 4-H'ers made history in Columbus, Ohio this week at the National 4-H Dairy Judging Contest. Never before in the 55-year history of this event had an all-girl team won the contest and never before had a Kentucky team taken the honors.

The 1975 national champions in 4-H dairy cattle judging are Sharon Hahn, Bondville; Alta Mae Keightley, Harrodsburg; and Jan Sanford, Bondville (all from Mercer County) with Susan Snider, Franklin (Simpson County), as team alternate. Team coach was John Nicolai, Extension dairy specialist at the University of Kentucky College of Agriculture, who accompanied the team to the

Midwest Bottled Gas Distributors, Inc.

The Midwest Bottled Gas Distributors, Inc., located at 2557 Alexandria Pike, Highland Heights, phone 441-8112, and at Monument and Robbins in Falmouth, phone 654-3393, is your headquarters for all L.P. Gas fixtures and appliances. They carry a largest stock of parts and accessories for all these units.

L.P. Gas has been a life-saver for folks in the rural community. Many prefer to use it even when other types are available. For L.P. Gas to really be satisfactory and desirable you must have appliances and fixtures of a good quality. This well known firm makes it a special point to handle only the best quality fixtures and appliances in order to better satisfy their customers. It is to your advantage to buy appliances of the better quality because in the long run they are really cheaper. This firm has a large stock of these units which they will be happy to show you. Stop in the next time you are in the area.

The Midwest Bottled Gas Distributors, Inc. has the equipment and experience to properly service all your L.P. gas burning equipment.

The editors of this 1975 Review suggest you call them for all your needs of this type.

Green Derby Restaurant

Located at 846 York St. in Newport this restaurant is recognized as headquarters for "good food". Come and bring your friends, you are always welcome.

Here, people can be seen, from every walk of life, who make this popular restaurant their regular eating place.

In this entire section there is not another establishment that surpasses this well known restaurant in service and satisfaction. They are particularly well equipped for proper handling of food.

And last, but not least, the attention and courtesy of the attendants is a feature that receives more than passing notice from the customers.

In making this 1975 Review of the area we, the writers, are pleased to give the Green Derby Restaurant commendation for the excellent service they give and for the leading position they hold here. It is now back under the ownership of Helen Cummins.

Covington Auto Body, Inc.

When service is needed for which you cannot go window shopping such as automobile remodeling or painting, it then becomes more important to know the reputation of the firm with which you do business.

Covington Auto Body, Inc. located at 4310 Boron Drive in Latonia, phone 581-5114, is a firm with which one can do business with confidence and assurance of receiving satisfaction. They are auto reconditioning experts. They specialize in complete frame straightening, front wheel alignment and rebuilding, body and fender work and fine quality auto painting.

They know the business perfectly and insist that each job be perfect. They employ only competent, well trained men who have the desire to please every customer.

This firm is favorably known for prompt service and fair prices. Much of their popularity is due to the fact that they stand behind every job.

The compilers of this 1975 Review suggest that you consider this reliable firm. We're sure you will be pleased with any work they do for you.

October 6, contest, held during the North American Dairy Show in Columbus.

Alta Mae Keightley also placed first in overall individual scoring in the contest, thereby winning a \$500 scholarship. Sharon Hahn and Jan Sanford tied for eleventh place in individual scoring.

As a team, the girls placed second in judging Holsteins, Jerseys and Brown Swisses; eighth in judging Guernseys, and fourteenth in Ayrshire judging. Taking part in the contest were 35 state champion 4-H teams.

According to Nicolai, for the past four years, the team winning the national 4-H dairy judging contest has gone to England to compete in dairy judging at the International Royal Show of Great Britain. He added that the Kentucky team could be invited to take part in this event, sponsored by the Young Farmers Clubs there, next July. Last year's national champion 4-H dairy judging team, from Maryland, placed first in the English contest.

The Columbus win marked the second time in as many weeks that all-girl Kentucky teams had taken top honors in out-of-state dairy judging contests. A team made up of Dianne Bussell, Mayslick (Mason County); Jan Sanford, Bondville (Mercer County); Dana Shipley, Murray; and Debra Tucker, Kirksey (both of Calloway County) won the Mid-South 4-H National Dairy

Webster's Radio & TV Service

The radio and television have become such an important industry that a reliable service company is an essential factor to every community. In this community, we are fortunate in having a firm very proficient in every phase of the work.

If you should require radio or television service, Clarence Webster's Business located at 3906 Winston Avenue in Latonia, phone 261-2247 is equipped to handle all your needs. You may have full assurance that the job to be done will be right when returned. They also would like to have your carry in business.

It is very discouraging to have a set giving trouble or out of adjustment, as many interesting programs are missed. At such times, the writers of this 1975 Review endorse the Webster's Radio & TV Service as fully competent for testing, installation and repairs. Today's color sets require the service of qualified television experts.

Devon Lumber Co.

Conveniently located at 8335 Dixie Hwy. in Florence, phone 371-4051, this popular lumber yard carries a complete line of grade A building materials, supplies, and tools, and through their fair methods of doing business and the high quality and fair prices constantly offered, they have won an enviable reputation throughout this section.

The people of this territory, including contractors, builders, and do-it-yourself homeowners, have come to know that they can depend on this lumber yard for everything in building materials. It may truly be said that this firm is a valued asset to the community.

One of the essential features of any house, store or other structure is that it will stand the wear of the years. The same is true of the reputation of any business firm and that is why the Devon Lumber Co. enjoys an ever increasing column of business and popularity.

The writers of this 1975 Review are happy to suggest that our readers make this their lumber headquarters.

Judging Contest in Memphis, TN, Sept. 22, Jan Sanford, who also judged in Columbus, was high individual in this contest.

These teams were chosen to represent Kentucky at the two events during the Kentucky 4-H Dairy Judging Finals, held at the Kentucky State Fair. Those scoring highest represented Kentucky in

Barker Vacuum Sales & Service

The Barker Vacuum Sales & Service, located at 2001 Greenup St. in Covington, phone 261-2968, is your local authorized EUREKA and FILTER QUEEN vacuum cleaner sales and service representative. This firm stocks a complete line of genuine factory parts and is equipped to repair practically all models of vacuum cleaners.

They have had years of experience in vacuum cleaner sales and service. They will take your old machine and give it a thorough overhaul, replace broken or worn-out parts, and return your machine as good as new, at the least possible cost to you.

If you are in the market for another machine, we suggest you see their selection of vacuum cleaners. Or if you do not own one, you will do well to see the bargains he has in new and used machines available on easy terms. They will really get dirt out of carpets, rugs, furniture, etc.

In this 1975 Review, we the compilers highly recommend Barker Vacuum Sales And Service.

Abernathy Realty Co.

"A. B. Abernathy - Owner"

This prominent firm is located at 3215 Dixie Highway in Erlanger, phone 341-6510.

This is one of the most dependable real estate firms in this section of the state offering all kinds of city and rural properties. Your best investment today is real estate, regardless if you invest in a homesite, farm or business location. They also have many income listings for a really worthwhile investment.

Columbus, with those ranking next highest in the contest going to Memphis. Competing in the State Finals were those 4-H'ers who had won top honors in judging dairy cattle during the state wide contest, held at the University of Kentucky earlier in the summer.

World Of Golf

"Let's Play Miniature Golf." Here is a phrase that is becoming increasingly popular today.

The World of Golf Miniature Golf course and driving range is located at I-75 and Burlington Pike in Florence, phone 371-8255. This full "18 Hole" miniature golf course is one of this area's best planned courses with beautifully landscaped greens and obstacles. Both amateurs and experienced duffers find this miniature course a real challenge. The obstacles were planned to provide real fun and relaxation. In addition, there is the Victorian Billiard Hall and the St. Andrew Pub Tap Room for your favorite beverage.

We, the writers, of this 1975 Review, take this opportunity to invite the families of this area to go to the World of Golf in Florence for a time of togetherness and fun for everyone. We thank the management for their community-minded efforts in bringing to this area a center of fun and relaxation. Get your golf swing in groove and sharpen your iron shots. Don Lauterwasser is the Manager.

Coppage Construction Co. Inc.

W. R. (Russ) Coppage - President

If you are planning on having any excavating work done, call on this reliable firm located at 7131 Taylor Mill in Independence, phone 256-9221. The Coppage Construction Co. Inc. has the latest modern equipment to turn out an excellent job, and no job is too large or too small.

This capable concern is noted for giving a "Square Deal" to all. Their prices are right and their fast efficient service is guaranteed to please. Phone for estimates on your

excavating problems. This service is important to the city as well as the farmers in the rural areas. They have had years of experience in this line. Call them today for service.

We, the editors of this 1975 Review, wish to take this opportunity to compliment the services of the Coppage Construction Co. Inc. and recommend them to all our readers who are contemplating having any excavating work done.

Austin Mann Realty Co.

Austin Mann - Realtor Dennis Mann - Office Manager

Whether you are interested in real estate for an investment, business or a home, every transaction should be fully investigated by someone with experience extensive enough to insure you that both parties receive dollar for dollar value.

For the best interest of any readers contemplating selling or buying, we honestly believe that the wisest preliminary step would be to consult with the Austin Mann Realty Co., located at 709 Burlington Pike in

Florence, phone 371-2422. This firm can be relied upon for astute judgment as to values of all types of property for miles around. At the same time they have established a reputation for fast action on buying or selling and completing transactions.

It's with pleasure that the staff of this Review are able to unhesitatingly bring them to the attention of our friends in this 1975 Review.

Buck Lucas Sanitation & Fuel Oil

For quick efficient low cost septic tank pumping, call Buck Lucas Sanitation & Fuel Oil in Elsmere at 520 Ash, phone 342-6884.

Serving this area with a much needed service, this reliable firm is fully equipped to do most jobs in one trip, thus eliminating the high cost of return trips.

This firm will be able to get the job done quickly with the least damage possible to the landscaping. Also call Buck Lucas for fast, efficient fuel oil delivery.

Home owners in this area have found they can save money by having their septic tanks pumped by

this reputable company, or the best service in fuel oil delivery.

The authors of this 1975 Review commend this fine firm for their efforts to provide this section with the best sanitary service and fuel oil service obtainable and recommend our readers call Buck Lucas.

L. N. Concrete Materials Corporation

"Aiding In Northern Kentucky's Progress"

The L.N. Concrete Materials Corp., may be reached by phoning the order department - Devon Plant, phone 342-8342 or office, 342-8276. By ordering here you can be assured that the proper mix has been used in order to make the concrete strong and durable.

They scientifically mix all their

concrete in order that you may build strong, lasting construction and give you rapid delivery service.

This rapid ready-mixed concrete delivery service has been a great help to the heavy building schedules all contractors have been undertaking.

This company has been very prominent in the growth and

expansion of this area and all the surrounding areas.

The L.N. Concrete Materials Corp., has the equipment to make concrete available at an advantage. This is the very best service available. The editors of this Review recommend that you

Sunday

Sermon

The Folly of Self-sufficiency (Genesis 25 & 29)

Esau's Recklessness (Genesis 25:29-34)

One writer has said, "It has been my experience that when you really come to the Lord, He never sends you away empty unless you come to Him stuffed full of yourself."

Our lesson for this week is about two brothers, Esau and Jacob, the sons of Isaac and Rebecca. It is really the account of how each one of them, in his own way, took matters into his own hands.

Esau was a man characterized by childishness, immaturity, shortsightedness, and recklessness. He was a hunter of wild game. One day he came home empty-handed and famished. What an opportune time for Jacob to be boiling pottage! Esau requested that he be allowed to "gulp down some of that red stuff." That is the literal meaning of Esau's request.

Jacob was by nature a more mature man than his brother. Esau behaved like a spoiled child but Jacob was more grown up. Jacob was a shrewd business man, to say the least. Esau panicked in the moment of "emergency" but Jacob kept his cool. Jacob saw his opportunity to turn the circumstances around in his own favor. Esau was the oldest of the two and was "in line" for the birthright. The birthright involved both material possessions and their father's blessings.

Jacob called for an on-the-spot bargain whereby the birthright would become his. Thus Jacob maneuvers the situation to his own personal advantage.

Esau, having no sense of value for the birthright, sells it to Jacob. Because of this he is called by the writer of the book of Hebrews "profane" or "irreligious" (Hebrews 12:16).

Jacob's Recompense (Genesis 29: 21-25)

Jacob is now away from home because of Esau's threat to kill him. He has journeyed to "the land of the east" (29:1). He has come to the home of Laban of Haran. He has met Rachel and has fallen deeply in love with her. He suggested to Laban that he be allowed to work seven years for Rachel who would then become his wife. The seven years were completed and Jacob who has kept an accurate record requests of Laban his fulfillment of the bargain.

The day of the wedding had arrived. The festivities were held as usual. Night came on and Laban brought his daughter to Jacob. But the daughter he brought was not Rachel but Leah. Jacob had finally met his match. He was to feel the sharp pain of deception. "Why have you deceived me?" must have brought home to Jacob's heart the words of his brother, "... for he hath supplanted me these two times" (Genesis 27:36).

MOUNTAIN MOMENTS

Reflections

Mrs. Mary Gregory of Hendersonville, N. C. writes, "I read your column in the Greer (S.C.) Citizen. I certainly enjoy them very much as they take me back many years in my memories."

Thank you, Mrs. Gregory for those kind words about Mountain Moments, which is now published in

125 newspapers in 15 states, from Pennsylvania to Louisiana.

I was asked by a reader, who has known me for years, and who is acquainted with my work schedule, when I wrote most of my columns. To answer him and to share with you on a rather personal level today, I thought you might be interested to hear my reply.

Much of my writing takes place at night when my wife, Joyce, and my children, David and Michael are in bed. My sons, who are 13 and 10 years old, are very active and it takes some doing to get them in bed. David has orthodontic braces and we must constantly remind him to brush his teeth and prepare for bed. Usually Mike teases him and it ends up with neither of them getting anything done. Sometimes Daddy pops his belt as encouragement which usually gets results. By this time, their mother has collapsed, leaving me up.

When everything gets quiet, I can collect my thoughts and decide what to write. My decision more often than not involves which of many subjects to write about.

And Mrs. Gregory, my thoughts take me back - not as far as your 81

Three Kentuckians Honored At Meeting

Three Kentucky Extension workers will receive special national recognition for their accomplishments in extension education during the annual conference of the national association of extension home economists, to be held in Knoxville, Tenn. October 27-31.

Receiving NAEHE Distinguished Service Awards will be Jo Nelda Cole, Madison County Extension agent for 4-H; Jo Ann Pierce, Hopkins County extension agent for home economics; and V. Nell Veale, Jessamine County extension agent for home economics.

Some 100 members of the Kentucky Association of Extension Home Economists are expected to attend the Knoxville Conference, which has as its theme "Spirit of '76" Spotlight on Professionalism. Association members are, primarily, Cooperative Extension Service Professionals who work with home economics education programs.

Other Kentucky Extension Agents for home economics who will have active roles at the conference include Geraldine Bentley, Jefferson County, who is now serving as alternate director for NAEHE Southern Region and is a nominee for the directors position; and Lillian Rice, Mason County, and Rowena Sullivan, Simpson County, both of whom are serving on NAEHE national committees for 1975.

In addition, the following officers of the Kentucky Association are attending the Knoxville event: President-Maxine Griffin, Hickman County; President-elect-Jerry Cockrel, Henry County; First Vice President-Frances Pitts, Floyd County; and Treasurer- Martha Stamper, Owen County.

Major speakers at the conference include: Virginia Trotter, assistant secretary for education, U.S. Department of Health, Education and Welfare; Opal Mann, deputy assistant administrator of home economics programs, Federal Extension Service; and Andy Holt, President emeritus, University of Tennessee.

The extension home economists also will attend workshop sessions on such topics as home economists and public decision-making community resource development, 4-H programming, and telecommunications.

Jacob's Romance (Genesis 29: 26-30)

The account of Jacob's for Rachel is indeed to be numbered among the greatest 'true romances.' It must have been 'love at first sight' for Jacob. Rachel was an attractive and lovely girl. Her eyes 'sparkled' but the eyes of Leah her sister were 'dull'.

Jacob did not have to wait until the second seven years had expired before he took Rachel to be his wife. Only one week was required to be fulfilled and then he took Rachel. Jacob did serve Laban another seven years for Rachel. This account demonstrates the power of love. When genuine love is the motive behind our service we will never grow weary in well doing.

We need a deep and abiding love of Christ which grows out of an appreciation for what He has done for us and for what He means to us.

We need faith in the goodness of God. It is not necessary to take matters into our own hands. We are sufficient within ourselves, but "our sufficiency is of God" (II Corinthians 3:5).

WALTZ BUSINESS EQUIPMENT 803 Senti, Cov. 261-1226

years, but back as far as the early 1940's when I was a child growing up in Kentucky.

My inspiration comes from memories of the dogs I had as a child, of helping my grandmother churn butter in an old churn which she later gave me, and of watching my mother work from daybreak to dark caring for her six children.

I am also inspired by people I have known - aunts, uncles, cousins, and friends who have influenced my life through the years.

Inspiration comes by way of things and events, like sitting on an old porch swing after dark listening to my father tell stories, the hayrides our church sponsored for its young people, and see my own children growing each day.

The hard times I experienced trying to get through school, the good times with my brother and sisters, and the difficulty of struggling through the teen-age years stand as a constant reminder that though times are sometimes

hard, there seems to be a purpose to life and we must somehow discover what it is.

Thank you, again, Mrs. Mary Gregory, of Hendersonville, N. C. and may God bless you with life and good health for many years to come.

Mr. Head would like to hear from you if you read his column. Write Mountain Moments, Clear Creek Baptist School, Pineville, Ky. 40977.

SEEING BEYOND

This is Basil. Much of the time he can't see beyond his nose.

But with a nose like Basil's who needs to see!

Many folks have temporarily-impaired spiritual vision. But sometimes they can compensate in other ways...

... like the man who brought his youngsters to church recently: "Myself, I'm not religious," he said, "but I sense their need for character development."

Surprisingly, that father has returned to church. Now he is just as faithful as his children.

We used to say of Basil, the moment he shakes himself he's got "twenty-twenty" vision. The same is true of many people once they sense their God-given responsibilities.

Lemon Kuchen

- 1 cup margarine
- 2 cups sugar
- 2 tablespoons grated lemon rind
- 1 1/2 teaspoons vanilla
- 4 eggs, separated
- 3 cups flour
- 2 1/2 teaspoons baking powder
- 3/4 teaspoon salt
- 1 cup milk
- Lemon Glaze

Combine margarine and sugar; blend in rind and vanilla. Add egg yolks one at a time, mixing well after each addition. Add combined dry ingredients alternately with milk, mixing well after each addition. Fold in stiffly beaten egg whites. Pour into greased and floured 10-inch tube pan or Bundt pan. Bake at 350°, 1 hour and 10 minutes. Cool 10 minutes; remove from pan. Glaze with:

- Lemon Glaze
- 1-1/3 cups sifted confectioners' sugar
- 2 tablespoons lemon juice
- 1/4 teaspoon vanilla
- Dash of salt

Combine ingredients; mix until well blended.

Baptist Women Meet

The Baptist Women of Wilmington Church met at the home of Mrs. Lyle Spillman on October 2nd at 7:45 p.m.

The meeting was called to order by the President, Mrs. Lyle Spillman. Mrs. Nathalie Bailey had the devotional reading from Acts 8:26-31 and prayers for all the missionaries who had birthdays that day.

Mrs. Naomi Spegal led the prayer for the sick and shut ins. Minutes of the previous meeting were read and approved.

Roll Call with each one answering with something interesting that had happened to them. Mrs. Bailey reported on the sick and shut ins and ten cheer cards and one sympathy card was sent.

After the business meeting Mrs. Naomi Spegal had charge of the program on Japan all taking part which was very interesting.

Refreshments were served by the hostess to the following: Mrs. B.N. Spegal, Mrs. Nathalie Bailey, Mrs. Wendal Bridges, Mrs. Sherry Burkhardt, Mrs. Dave Wolfe, Mrs. Minnie Mae Mann and the hostess, Mrs. Lyle Spillman.

We meet with Mrs. Isadore Chidlers on November 6th and we miss all our members who have not been coming we will be looking for you on November 6th.

All ladies of the church are invited.

Mini Banks Are Great Help

Covington Trust announces the establishment of a nationwide first by opening mini banks joining Central Trust in a network to allow its customers to make cash withdrawals in 19 locations in the metropolitan area.

Twenty four hour banking 365 days a year is to be offered at Covington Trust's Edgewood office and two mini banks in Krogers Ft. Mitchell and Latonia stores provide banking convenience 7 days a week during Kroger's extended hours.

The formation of a regional network of banks which will utilize automated teller facilities for the convenience of customers in their common trade area was announced today by David Herrimna, president of the Covington Trust and Banking Company, Covington, Kentucky, and Oliver Birkhead, President and Chief Executive Officer of the Central Trust Company, Cincinnati. The bank network, first of its kind in the country, will allow customers of participating banks to withdraw funds from their checking accounts or secure cash advances against their MasterCard Charge accounts electronically through the automated tellers. While these functions are now possible through traditional banking procedures, the electronic transfer allows customers access 24 hours a day, 7 days a week versus traditional banking hours. Covington Trust and Central Trust will initiate the interchange in mid October, when Covington Trust's first three automated tellers become operative. Other banks in the regional trade area will announce participation in the network in the near future, furthering the development of a regional electronics funds transfer system.

With the inception of the network, Central Trust's 12 automated tellers, each offering a complete range of banking services to Central Trust customers will also be available to customers of Covington Trust through their soon to be issued Bank Key and their personal identification numbers. Likewise, Covington Trust three automatic teller terminals, providing their own customers with full teller service, will also allow customers of other networks banks to withdraw cash from their own accounts.

To facilitate recognition of available terminals by customers of the various banks, all automatic tellers in the network will be called Day and Night Banks, as Central Trust automated facilities have been known since their introduction in February, 1973. The stylized owl which heretofore symbolized Day and Night Banks will become the symbol of the interchange and will be prominently displayed on the automatic teller. All debit or

combination debit credit cards issued by participating banks to operate the machines, will also display the Day and Night Bank owl.

Mr. Herriman notes that northern Kentucky bank customers work, shop, dine and are entertained in Cincinnati. "Lifestyles have changed, and financial services must keep pace with today's increasingly mobile society. We want to allow our customers access to their money where and when it is convenient to them, rather than to the bank. This was our purpose in providing three full service automated tellers, and the network enables us to immediately extend cash withdrawal service to 12 additional locations in Hamilton County."

Covington Trust's automated tellers will be located at the bank's Edgewood Office and inside Kroger Stores in Expressway Plaza, Ft. Mitchell, and the Latonia Shopping Center. Central Trust's automated facilities are located in Central Trust banking centers.

... about your Social Security

A new booklet, "A woman's guide to social security," is available free at the Covington social security office.

The 16-page booklet contains social security information "of particular interest to women," according to John Walter, social security district manager.

Included are explanations of how working women build social security protection for themselves and their families; how wives, widows, and divorcees can get monthly

payments on their husband's social security records; and what women should do if they fire household workers.

Single copies of "A Woman's Guide To Social Security" are free on request at any social security office, Walther said.

environment. Energy is saved, pollution lessened, jobs are created, urban problems relating to unemployment may thus be reduced.

It has been projected that to breed 61 million animals from the 3 million on hand would require 18 years. One hundred and eighty million acres of cropland would be required to feed these horses. This compares to 60 million retired acres during the peak of our land retirement programs.

While 31 million farm workers would be required, only 4 million now work on farms. The additional 27 million would have to come from the industrial labor force. This past June, 8 1/2 million people were unemployed. But that means finding an additional 18 million workers. Putting this number of people "back on the farm" would (a) create labor shortages in industry, (b) have to lure people from cities to farms. If these new farm workers

It is time for plowing, and 61 million horse and mules are hitched to break the earth. Fuel-guzzling tractors are idle because of their polluting exhausts. Thirty-one million farm workers busily march to the field.

Some critics of agriculture feel that this whimsical scene is the solution to many farming practices which have detracted from the

Oasis added to recommended variety list. If you haven't found the variety of wheat you have been using, you may want to try Oasis or another recommended variety. The seeds committee is the Department of Agronomy recently approved the addition of Oasis soft red winter wheat to the recommended crop variety list. This variety was released in 1973 by Purdue University. Oasis has had maturity, straw strength, test weight and yielding capacity similar to Abe and Arthur 71 in performance tests. The primary reason for recommending the variety is that it has shown more tolerance to the Septoria diseases and better performance at the Murray test location than other varieties for four years. It is a protected variety which can be sold by variety name only as a class of certified seed.

Protected Wheat Varieties— The following wheat varieties are protected and can be sold by variety name only as a class of certified seed: Abe, Arthur 71, Oasis, McNair

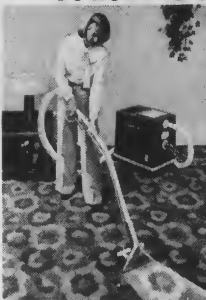

4823 wheat. Plant Variety Protection provides additional assurance of genetic purity to the farmer who buys seed, since he can be assured that the seed is "true-to-variety." However, farmers who sell seed to neighbors, should be advised that they are in violation of the Plant Variety Protection Act, if the above varieties are sold as uncertified seed by variety name.

Farmers Selling Their Own Seed— The Kentucky Seed Law provides an exemption from the labeling requirements for seed that is produced and sold by farmers on their own premises (KRS 250.030 sec d). If however, the seed is advertised for sale by the public press, circular or catalogue or if the seed is delivered by a common carrier, the seed and the seller are in violation of the Kentucky Seed Law. This exemption clause is often times misinterpreted by farmers. It means the seed can legally be sold without labeling from the farm, but cannot be advertised in any way or transported by the farmer at the time of sale. Advertisement in local

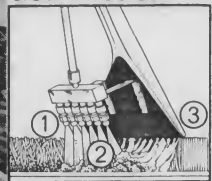

papers, on bulletin boards or chalk boards or on the radio without labeling the seed is in violation of the Kentucky Seed Law. We have additional information about seed certification at our office in Independence.

continued to receive, their same wages, food prices would skyrocket.

Yet, a careful examination of the food system shows that farmers have little to do with the greatest energy consumer of the food industry—packaging and transportation. Many of our conveniences are highly energy intensive. Frozen and freeze-dried food require much more energy than canned or fresh food. Legislation banning energy intensive throwaway bottles invariably dies from lack of public support.

The effects of such energy uses are often blamed on the farmer, who is largely innocent. Critics charge that it takes 5 calories of energy to produce 1 calorie of food value. In reality, the U.S. farmer produces 3 calories of food for each 1 calorie invested. Yet by the time food is packed and transported 5 calories are invested for each 1 calorie of food value.

Perhaps even more pointedly, the search for energy-guzzling villains may be misdirected at the food and fiber industry, which uses only 10 percent of the American energy consumption. Most of that 10 percent is consumed at the packaging and handling stage, not the production stage.

In summary, theoretical panaceas such as demechanized farming and a return to nonchemical techniques appear economically impractical, unless major obstacles are overcome—not the least of which is that American consumers would have to pay a great deal more for food than they are currently. It appears unlikely that the quiet, uncluttered lifestyle of 1918 agriculture can be resurrected in the hungry world today.

V A News Release

More than 400 widows of servicemen who died of service connected causes and wives of men listed as missing in action purchased homes with loans guaranteed by the Veterans Administration during Fiscal year 1975, the agency reported.

The GI home loans were among 292,856 guaranteed by the VA during FY 1975. Included were 21 loans to wives of men listed by the Department of Defense as missing in Southeast Asia.

More than 8.8 million veterans and eligible dependents have borrowed \$113.5 billion under the VA loan guaranty program since 1944. It was noted that entitlement was extended in 1950 to include unremarried spouses of veterans whose deaths resulted from military service during or after World War II.

The maximum GI loan is \$17,500. This is the amount the VA will guarantee private lenders making loans to veterans for buying, building or improving homes. The VA guarantees permits loans without large down payments, required for conventional loans, to purchase homes with capital attracted by the guarantee.

There is no requirement by the VA for a down payment by a veteran purchasing a home. Nor is there a guaranty fee or charge by the VA for home loans. There is no expiration date on loan entitlement to eligible veterans and dependents.

The Veterans Housing Act of 1974 made it possible for a veteran to obtain a second loan, provided his original loan is paid in full or another veteran uses his eligibility to assume the outstanding balance on the loan.

Complete loan information may be obtained at any VA office or from representatives of local veterans organizations.

Forthcoming Holiday Fair

The forthcoming Holiday Fair at Booth Memorial Hospital will bring a share of new equipment and facilities to the new hospital when it moves to Boone County. The project is scheduled for Tuesday and Wednesday, November 18th and 19th.

Above, Mrs. Kendal Reese, Ft. Thomas, member of the Booth Women's Auxiliary, makes decorative vigil lights for sale at the fair.

Chipped colored glass is placed in a large container and the candle set inside in a smaller container. The item is always a popular one at the fair. During the past ten years the auxiliary has collected and spent more than a quarter of a million dollars on hospital needs, including a coronary care unit and a device to detect breast cancer.

Coleen Sharp Hosts Halloween Festival

Coleen Sharp

Coleen Sharp, popular WLW Radio and TV personality will host the annual Walton Verona Halloween Festival this Friday evening, October 31. Doors open at 6:00 p.m. The following food will be available at this time: Chili-50¢; Ham, Pimiento Cheese, Hot Dogs, Chili Dogs, Sloppy Joe Sandwiches-25¢-50¢; also pies, cakes, coffee, and soft drinks.

The Grand March will begin at 7:00 p.m. Mr. Mike Murray, Coleen's husband, will be in charge of judging costumes. Three divisions for costumes: Adults (13 and over, First prize-\$25.00, Ages 7-12, First prize-\$10.00, Second prize-\$5.00, Third prize-\$3.00; Ages 6 and under, First prize-\$5.00, Second prize-\$3.00, Third prize-\$3.00. It will be well worth your trouble to come in costume.

After judging of costumes booth and games will be open: Nickel Pitch, Christmas Booth, Homemade Candies, Country Store, Haunted House and numerous other games. Everyone come and enjoy this super fun-filled evening.

St. Patrick Halloween Dance

"St. Patrick Church, Mills Road, Taylor Mill are planning a Halloween Dance, November 1st.

The dance will begin at nine o'clock and will last until one. George Kasper's Band will be on hand to entertain the guests.

Door prizes and costumes prizes will be yours if you win! Costumes are optional and tickets are ten dollars per couple.

For reservation call, Mr. Frank Gough 356-6416 Mr. John Setter or Mr. John Behler 356-5975.

For a special Halloween treat be sure to come to St. Pat's Dance!"

Roast Beef Dinner

The Fellow Craft Club of the Wilmington Lodge No. 362 of Fiskburg, Kentucky are sponsoring a Roast Beef Dinner at the Lodge Hall on Saturday, November 1st.

The time is from 5 to 8 p.m. which will then be followed by a Gospel Sing.

Adults are \$2.50 and children under 12 for \$1.50. All proceeds will go to the building fund.

Big Clash

On November 4, 1975, one of the greatest sports events of our time will take place. Two teams undefeated and untied on this season will battle on the hardwood of Walton Verona High.

It will be the Athletic Boosters O-O vs. the Faculty O-O-O.

Admission is \$1.00 and there will be a Varsity - Junior Varsity scrimmage game preceding at 7:00 p.m.

The main event is at 8:30 p.m.

Former Waltonion's

Former Waltonion's are now the proprietors of the "Dixie Sash and Door Company", 8333 Dixie Highway in Florence, Kentucky.

They are Joyce and Bill Burden of 3222 Riggs Avenue, Erlanger, Ky. Joyce is the daughter of Mr. and Mrs. Homer Winburn, Jones Road in Walton and Bill is the son of Mrs. Anna Burden of 21 Alta Vista Drive, Walton.

Congratulations and Good Luck, Joyce and Bill.

Sponsoring Seminar

The Northern Kentucky Interfaith Commission is sponsoring a Seminar dealing with the current world food shortage, Sunday, November 22nd, from 2:30 to 5:30 p.m. at LaSalette Academy, 700 Greenup Street, Cointington and on Monday, November 3rd from 7:00 to 10:00 p.m. at St. Paul Church, 7301 Dixie Highway, Florence.

The Seminar which will have the format of a main address and a series of workshops will feature as its main speakers, Ms. Margaret Brugler, the Ohio Director of CROP, the Community Hunger Appeal of Church World Services. The workshops will be conducted in the areas of domestic hunger, Lifestyles, Legislation, Hunger Hikes and the International scene.

Child care will be provided.

Modern IGA Opens

ON NOVEMBER THIRD—there will be a grand opening of a new IGA store in Walton in what was formerly the James Theatre. The building was built in 1930 by George Nicholson for use as a garage and Ford dealership. The garage was operated by Raymond Nicholson, Kyle Nicholson and Bob Brugh. In 1938, the building was sold to Jason Falls, who changed it into a theatre and snack shop. He managed it until his death in 1961, it was then managed by his wife, Alva. The theatre remained open until 1972.

Now the building has been changed into a IGA store by Stan Jones. The store was originally started by the Beighle Brothers 20 years ago. The present owner has been in the business for the last 12 years.

Mr. Jones says the main reason for the move was limited space at the old store. The new building has about twice as much space. The parking lot now has room for 50 cars. Mr. Jones says the store offers a more complete line in meats, frozen food, dairy products and in other departments. There will be more check out lanes and there will also be additional help. The store will also have new hours on weekdays and Saturdays, it will be open from nine to nine. On Sundays the store will be open from nine to eight.

The new IGA Foodliner opened for business on Tuesday, October 28th.

Stan Jones shows his brother Bill around the new store.

Tracy Jones, Dale and Scott Dowrey help stock the shelves.

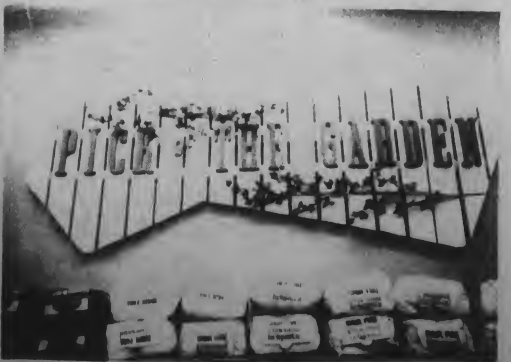

John Nordstrom and Dale Dowrey

The James Theatre when opened in 1938.

Alva Falls, former owner.

Large signs on display make items easy to find.

Social Scene

Mr. and Mrs. Robert Luetz of Cincinnati were Sunday afternoon guests of Mr. and Mrs. Albert Norris.
Mr. and Mrs. Kay Kelly and Kevin attended Court Day at Mt. Sterling on Monday.
Mrs. Theresa Simpson and daughters, Lisa and Tracy and Mrs. Anita Portwood and son, Justin, left on Sunday to return to their homes in Colorado after spending two weeks with their families, Mr. and Mrs. Floyd Humphrey and Mr. and Mrs. Bob Eisenmidth.

Mr. and Mrs. Jim Lawrence were surprised on Saturday evening with a house warming party.

We extend sympathy to the family of Mrs. Helen Stephenson who passed away on Saturday.

Mr. and Mrs. Butch Kent have returned home from Florida after spending a vacation there.

The Baptist Church in Walton enjoyed a skating party on Tuesday.

Forthcoming Marriage

Mr. and Mrs. George J. Raybourne are pleased to announce the engagement and forthcoming marriage of their daughter, Patricia Ann to Mr. Darrell Lee Foley, son of Mr. and Mrs. Edward Foley of Walton, Ky.

The marriage of their children will take place on the Twentyscond day of November, Nineteen hundred seventy five at the All Saints Church.

Thank You

We would like to say thank you to our wonderful family and friends for your concern and helpfulness during Claude's stay in the hospital and convalescence at home.

Thank you for caring, for being there when we needed you and for your appreciation.

Sincerity & Appreciation
Christine & Claude Thompson

Attends Homemakers Club Meeting

Mrs. Leo Flynn, Mrs. Gayle McElroy, Mrs. Don McMillian, Mrs. Mabel Maddox, Mrs. Frank Penick, Mrs. G. E. Huey, Mrs. R. Hinsdale, Mrs. John Woods, Mrs. J. Burden of the Walton Homemakers Club, attended the Boone County Homemakers Annual meeting at the Draw Bridge Restaurant on Thursday. The theme was Communications. Mrs. Huey, the retiring County Health Chairman gave an excellent report of the past years work stressing the importance of women having yearly medical check ups. Next year the Health program will be concerned with mental health. Mrs. Flynn the retiring county cultural arts and crafts chairman reported that there 475 books read and 696 pieces of craft finished by homemakers in the county this past year.

Dinner Guests

Mr. and Mrs. Leo Flynn had the following for Tuesday evening dinner, Hazel Pickett, Marie Armstrong of Covington, Ky. Mrs. Eldon Pickett, Jeffery and Rodney Pickett, of Florence, Ky. Mr. and Mrs. David Pickett and daughters of Florence, Ky. Mrs. Charles Losey, J. B. Losey of Staffordsburg, Ky., Marie Sexton of Erlanger, Mr. and Mrs. Dennis Flynn and sons, Kevin and Timothy, and Mrs. Robert Barnett and son, Kyle Flynn Barnett of Basking Ridge, New Jersey.

Spend All Day At Mt. Sterling

Twenty energetic members of the retired group of this area left Walton on Monday, October 20th at 6:30 a.m. to see the Court Day sights at Mt. Sterling.

Many were happily rewarded, as cups and saucers, hand painted candy dishes, old hat pieces, pocket knives, a gun and a handsome hat, were purchased by the bargain hunters.

After much fun, much eating and plans for the November meeting we arrived safely back in Walton about six o'clock somewhat tired But happy for having made the trip.

For the November meeting, on November 17th we plan to have a Thanksgiving lunch at the Skyliner Restaurant in Williamstown, Kentucky.

It will be necessary to have reservations and please make them no later than Thursday, November 13th, by calling Gaynelle Flynn 485-4412 or the office of Walton Baptist Church at 485-4996.

The following were on the Mt. Sterling trip - Mr. and Mrs. Jo Neumeister, Marie Buns, Allemae Williams, Clarence Baucraft, Mrs. Fairchild, Allie Chandler, Teresa Baker, Lillie Cook, Effie Beach, Mr. and Mrs. Lewis Pelfrey, Mabel Maddox, Cleo Vallandingham Margaret Finnell, Mabel Johnson, Gaynelle Flynn, Bro Robert Sheffield and Mr. and Mrs. Woodrow Greene.

Engagement Announced

Debbie Jean Tackett

Mr. and Mrs. Robert Tackett of Walton proudly announce the engagement of their daughter, Debbie Jean Tackett to Mr. Michael Wayne Smith, son of Mr. and Mrs. Leonard Smith of Morning View, Ky.

The wedding will be December 1st and the couple will reside at Walton.

Walton Wa-Na Club Will Meet

The Walton Wa-Na Womens Club will hold their regular monthly meeting, Thursday November 6 at 8 p.m. Mrs. Asa Rouse will entertain the group in her home with Mrs. W. W. Rouse and Mrs. Willie Mathis sharing hostess duties.

Mrs. Jack Norris will offer spiritual guidance. Looking forward to holiday gifting, Ms. Joella Sleet has arranged a program on "Gift Wrapping-Bow Making". The program is presented by selected members of the Walton Homemakers Club.

Mrs. Gayle McElroy will conduct the business session and members are reminded to bring their orders for Sarah Coventry jewelry to this meeting.

Plans for the Christmas meeting will be completed and announced at this meeting.

Piner Clever Clovers Holds Meeting

The October meeting of the Piner Clever Clovers was called to order by the President Tammy Black, the pledges were led by Mark Parker, the roll call was called and answered by

something for Halloween.

The following members present were Tammy Black, Mark Parker, Dawn Morehead, Janet Bray and the two leaders, Mrs. Bray and Mrs. Lafollette.

The next meeting will be held at the home of Mrs. Lafollette.

SALESMEN - CLYDE SYDNOR - TILL & WAYNE ARNOLD

Attention! All Webster's

Dear Sir,
I am currently compiling a history of the Webster families of Grant, Boone, Owen, and Kenton Counties, to be published next year and I wonder if you could print the following request or a similar item?

Do you have a Webster ancestor? If your name is Webster or your grandparents or anyone in your family, no matter how long ago, had the Webster name please contact Mrs. James Wolcott, 3114 Elmwood Dr., Ft. Mitchell, Ky. 41017. A book is now being compiled for publication next year and need to bring as many lines up to date as possible.

This is a non profit venture by me and two friends and is being done because we feel the Websters made a valuable contribution to the early history of Kentucky and the Grant County area.

Briefly, John Webster, born about 1720, raised his large family in Caroline County, Virginia and came to Fayette County, Kentucky in 1799. Many years later his children and grandchildren settled in the Grant County area. It is the descendants of this man that we seek.

Any small note or news item would prompt the Webster descendants to contact us would be greatly appreciated. They need not know a great deal of the family - only the name of their grandfather or great grandfather. We have accumulated many interesting records and have a knowledge of all the Websters from 1800 to 1880, now we need to connect the living with the dead.

If you have any questions please do not hesitate to phone me.

Thank you,
Mrs. James Wolcott
3114 Elmwood Dr.
Ft. Mitchell, Ky. 41017/341-457

Completes Advanced Training

John Bradley Berkshire

Pvt. John Bradley Berkshire of the U.S. Army has completed his Advanced Individual Training at Ft. Huachuca, Arizona.

He has arrived in Goggingsen, Germany to begin serving his tour of duty there for two and half years. Brad is a 1974 graduate of Walton Verona High School and is the son of Mr. and Mrs. Galen Berkshire of Verona.

Willing Workers Meet

On Wednesday, October 22nd, held the 50th Anniversary year for the Willing Workers who met at the home of Mrs. Dan Bedinger.

Delicious and beautiful buffet pot luck dinner was served at noon time by the hostess, assisted by her sister and brother in law, Mr. and Mrs. W. W. Latimer of Williamstown.

After the dinner, the business meeting began with prayer by Mrs. Hugh Fulton, vice president, who was in charge in the absence of Mrs. Walter Whitson, President. Reports were given by Mrs. W. W. Rouse, Secretary and Miss Rachel Acree, Treasurer.

Devotional by Mrs. Lillian Acree, who read Psalm 101, which centers around David's vow from wickedness to Godliness.

Since this is the Bicentennial Celebration of the U.S., Mrs. Acree pointed out some efforts that have been made to make this a better America. She mentioned the old copy books used in school with their 32 rules of conduct. A copy of a painting by Millie Meadows was shown which illustrates the greatness of America.

Mrs. Lula Huey read the America Creed, which stresses freedom, justice, and love.

A prayer offered by Thomas Jefferson was read by our minister, Rev. Randolph White. The meeting was closed by the Lord's Prayer repeated in unison.

Those present at the meeting were: Mr. and Mrs. Randolph White, Mr. and Mrs. W. W. Latimer, and Mr. and Mrs. James Lawrence as their guests. Others attending were: Mrs. Lillian Acree, Miss Rachel Acree, Mr. and Mrs. Hugh Fulton, Mrs. Lula Huey, Mrs. Wallace Grubbs, Mrs. Sam Sleet, Mr. and Mrs. W. W. Rouse, Miss Mary West and Mrs. Dan Bedinger, hostess.

Annual Meet

Pictured above is Osborne Stivers, Vice President of 1st Ky. P.C.A.

First Kentucky PCA held one of its two annual meetings, Friday October 3rd at Northern Elementary School. The meeting started with an excellent meal of turkey and dressing served by Mrs. Marie Harrison and her staff. Immediately after the meal and before the business meeting, Mr. Steve Fisk, Walton Office Manager, gave a report on the accomplishments of the Walton Office in the past year. Guests were introduced and the election of a chairman conducted. Mr. Charles Tackett was elected chairman.

The chairman then officially opened the business meeting and appointed Miss Rita Ryan official secretary. Mr. Leslie Herbst then presented the report of the Board of Directors of First Ky. P.C.A. Mr. Herbst is chairman of that Board. His report was followed by a report from Mr. Edwin Orem, President of the First Kentucky P.C.A. Mr. Orem discussed the purchase of the Mobile Office to better serve the members of Pendleton and Campbell Counties.

Mr. Osborne Stivers then gave a report of the nominating committee. Since this was the first annual meeting there was no results from the election.

The program was provided by Kenton County farmer, Frank Jackson who is a member of the America Council on Agriculture. The program was a set of slides pertaining to the current agriculture situation.

The final item of business was door prizes. The following were the winners: Mrs. Tom Coleman, Crook Pot; Billy Johnston, Clock; William Funke, Calculator; Mrs. Alvin Reis, Water Jug; Eldon Collier, Cups; Amy Conrad, Salt and Pepper Shakers; Mrs. Charles Tackett, Trouble Light; Charles Peoples, Flash Light.

There were 110 people present at this meeting. A similar meeting will be held on October 18th at Verona for any PCA members unable to attend the meeting at Butler.

In Memory

Services for Mrs. Helen Mae Stephenson, 50, of Verona, Ky., will be 11 a.m. on Tuesday at Hamilton Funeral Home in Verona. She was dead on arrival at St. Elizabeth Hospital on Saturday.

She was a retired employee of Latonia Race Track and member of the First Baptist Church of Walton. She is survived by her husband, Owen; two daughters, Miss Pammy Lynn Stephenson at home and Mrs. Marilyn Smith, Florence; her mother, Mrs. Etta Mae Neumeister, Verona, Ky.; two sisters, Mrs. Evelyn Ross, Sparta, and Mrs. Ruth House, Crittenden; one brother, Charles Mann, Crittenden; and two grandchildren.

Out Of Basic

Jeffrey Watts

Private Jeffrey Watts has completed his basic training at Ft. Leonard Wood, Missouri, he is now attending school.

Specifying in heavy equipment and after school, Jeff will be stationed at Ft. Knox, Ky.

Jeff is the son of Mr. and Mrs. Frank Watts of Walton.

ABSOLUTE AUCTION

Sat., Nov. 1st
Eliza Vallandigham Estate

TO SETTLE THE ESTATE OF ELIZA VALLANDIGHAM—the executrix, Mrs. Frances Sowder has contracted with us to sell the following Real Estate and Personal Property at Absolute Auction:

HOUSE AND LOT—108 Falmouth St., Williamstown. 4 room frame, bath, part basement, almost new coal furnace, city water & sewers, storm windows & doors.

PERSONAL PROPERTY—1973 TV with stand, oil heater, leather couch & chairs, 5 drawer chest, couch, Singer sewing machine, antique marble top dresser, 3 white metal cabinets, kitchen cabinet, Roper gas range, Philco refrigerator, 3-shelf room divider, breakfast set, table & 4 chairs, cedar wardrobe, antique washstand with mirror, clothes box, coffee table, end table, odd tables, dishes, pots & pans, scatter rugs, fruit jars, stone jars, wool rug, step stool and many other miscellaneous items.

FARM

TRACT NO. 1—Consisting of 41 acres, 1 large tobacco barn, 4 room frame house, has 62 ft. of road frontage on Humes Ridge Rd., 1475 ft. frontage on Williamstown Lake, has large ridge that runs from the front of property to lake. Ideal for future development. Has tobacco base that can be housed in the large barn. Has enough ridge land to raise several acres of tobacco in addition to its base. This tract is mostly all clean.

TRACT NO. 2—Consisting of 34.64 acres, 100 ft. road frontage on Humes Ridge Rd., 930 ft. on Williamstown Lake. This tract also has a real nice large ridge that tapers off to lake and can be developed from Humes Ridge Rd. to Williamstown Lake, or can be used to raise several acres of tobacco in addition to its base.

4 NICE BUILDING LOTS—On Humes Ridge Road. These lots have road frontage of 100 ft. to 167 ft. Nice trees on rear of lots. (If you are looking for a nice lot to build a new home, stop and see these lots.)

After real estate is sold, some horse drawn equipment will be sold.

AUCTIONEER'S NOTE: A new survey has been made on this land. This property is as well located as we have ever sold. Remember This Is An Absolute Auction!

TERMS: Real Estate, 20% down day of sale. Balance with deed on or before 30 days. Personal property, Cash day of sale.

Personal Property 10:00 A.M.; House & Lot (108 Falmouth St. Williamstown, Ky.) 11:00 A.M.; Farm 12:30 P.M. (consisting of 2 tracts & 4 building lots, Humes Ridge Road)

White Tower Homemakers

The White's Tower Homemaker's held their monthly meeting on Monday, October 27th with Mary Ann Durden and Nancy Chadwick serving as hostesses. The lesson on the Kentucky Court System was presented by Roberta Brinkley.

Special guest of the evening was Mr. Richard Hughes, President of

his Senior Class at Chase College Law School.

Mr. Hughes discussed the proposed judicial reform amendment to the Constitution which the voters of Kentucky will decide at the November election. Mr. Hughes presently is employed by the State of Kentucky as a Quality Analyst.

Flag Flies Over W.V.H.S.

THE WALTON-VERONA CHAPTER F.F.A.—is proud to announce that the United States flag will be flying over the high school once again. One of the F.F.A. members noticed that the flag had not flown over the school for three years, brought it up at a meeting, and the chapter decided to investigate the idea. The organization approached the school principal, and together we decided that the school would supply the new rope and a flag. The F.F.A. will take care of raising and lowering the flag each school day. The F.F.A. would like to thank the Walton Volunteer Fire Department for replacing the old cord with the new one that the school purchased. We hope that you will look for the flag the next day you drive past our school.

Walton Lions Club

The Walton Lions Club installed four new members at their October 21st meeting.

Lion past district governor, Carl Parker installed new members, Calvin Baughn, Roscoe J. Denney, Bazel Osborne, and Lawson Taylor, in to the Walton Lions Club.

Our membership now totals 29 members and there were 33 lions and lionesses and guests present.

Lady guests were: Peggy Welte, president, Walton Lions Ladies Auxiliary: Gloria Parker, Evelyn Sizemore, Evelyn Klotz, Shirley Dawalth, Ruth Masters, Alice Davis and Gail Fossett. All Auxiliary Members: Dorothy Denney, Laura Nazzack, Jeannie Souder, Evelyn Baughn, Debra Taylor and Phillis Taylor.

A delicious ham dinner was served to all by Janodo Restaurant's Dorothy Denney.

Active Lions

Members of the Walton Lions Club traveled to Georgetown, Ky., early Sunday morning on October 26th for a District Cabinet Meeting.

President, Lion Eugene Sizemore and wife, Evelyn were accompanied by past district governor, Carl Parker and wife, Gloria, Gil and Evelyn Klotz, Lonnie and Ruth Masters, Kenney and Shirley Dawalth and Harry Davis.

They met with many lions from District 43-T. The meeting closed with a noon meal and a most enjoyable time was held by all.

Card of Thanks

Thank you Christian friends who surprised us with a "House Warming" on Saturday evening. Your well kept secret has blessed our lives with an immeasurable depth of joy and appreciation. Your kindness and love has made us more aware of what friends are for. May God richly bless all of you.

Jim and Betty Lawrence

Independence Canidates

If I could say but one thing to the Citizens of Independence, I would like to stress to the people, the importance of this election. I believe that due to our past growth and the geographic location of our city within the metropolitan area, assuring us of valuable opportunity for the future. We need to elect people to council who can work together along with our fine Mayor to materialize the many programs much needed by our people. I ask your support on Tuesday, November 4th. A vote for me is a vote for harmony on city council.

Wm. Ralph Dean
22 Cherry Drive
Independence, Ky.

Some important changes will take place in Independence in the next two years. I'd like to be part of them. The next six members of council and the mayor must work together. There is a need for some councilmen to put personal prejudices aside and get on with city business.

We all want reasonable taxes, better streets, more lights and good fire and police protection. Anyone running for council can offer that pledge. I also pledge to make

operational our recreation program effectively work on a sewer plan and stay in touch with the citizens so I can work for you.

Mrs. Dyan Vaughn
4214 Arbor Ct. Beechgrove
Independence, Ky. 41051

Above all, Independence must have a council with members that can communicate with each other as well as the citizens. To me, being a member of Town Council, means doing what is in the best interest of the majority of the residents. Council should be fully aware of the consequences, good and bad, of decisions in such matters as commercial zoning and annexation. Snap decisions should never be made in cases where the peoples way of life could be drastically affected. The towns people should also be actively informed about town matters in advance. This is America, where the majority rules. Let's keep it that way.

Theresa Wishman
5027 Madison Pike
Independence, Ky. 41051

In land area, Independence is the largest city in Kenton County. We have a population approaching 8,000. If our city is to grow in a sensible, orderly manner, there are

many major decisions our council must face. Decisions made by council should be based on fact and voted on by the merit and legality of the proposal, not on personalities or emotions. Our laws and ordinances should be obeyed by all with no special favors given because of social or political status.

We need a council that can work together in harmony to give the city the kind of "common sense" leadership necessary to go forward. As a candidate I am making no promises except to study each issue coming before council and voting only for what I think would be in the best interest of those who elect me.

Robert Hale
6443 Adahi Drive
Independence, Ky.

I would like to see the City of Independence go Forward Not Backward, with a Council that will work together for progress and advancement of the City; not for their own personal individual interests.

The City Police Department, I feel, can be upgraded by adding one or two more patrolmen, rather than hiring a full time chief.

I am in favor of continued support for the Fire Department to get a lower insurance rate for all city residences.

Future plans should be considered for city sewers, recreation, park and administrative facilities. And last

but not least, city business should be conducted by full council at council meetings, rather than private discussions by part of council.

Dolores Klein Richardson
93 Roselawn Drive
Independence, Kentucky

Independence is emerging as Northern Kentucky's newest city and the decisions facing Council in the near future will effect all of our lives for many years to come.

Issues in the areas of zoning, recreation, police and fire protection, street construction and maintenance and the responsibility of an expending city budget demands the city be operated along sound business principles and personal bias must not be injected into council decisions.

I strongly support and commend Police Chief Foster, his officers and men for the out-standing service they provide the city and the future growth of this department should be built on the firm foundation that has been established.

I am convinced that progress zoning regulations must be one of councils most important concerns and all proposals concerning zoning regulations must be carefully studied for short and long range effectiveness before any decisions are made.

Harold Preston Willett
6558 Taylor Mill Road
Independence, Kentucky

Citizens of Independence

Charles King

The City of Independence has grown into a large city we now need a council that will work together for all the citizens and help our police department.

At present we have the finest police chief that can be found anywhere. And all of his policemen are of excellent qualities.

If you decide to vote for me on November 4th, I pledge to fight to hold the tax rate at present, to seek ways to give more services for your tax dollar and to help our present police chief in every way possible to protect our citizens of Independence.

My affiliations are Wilmington Lodge No. 362, Scottish Rite, Covington, Ky., Past Patron Bradford Star No. 493, member of the Goshen Christian Church and a Kentucky Colonel.

I have also served three terms on council for Latonia Lakes, Ky., two terms as deputy marshall, one term as marshall and served six months as police judge for this city.

I feel that with God's help and if you elect me to council that we can do the job that needs to be done in our fine city of Independence, Ky.

Attends Seminar

Mrs. Ruth Brannum of Crittenden, owner and operator of Brannum's Hairstyling in Elsmere, Ky. attended the S&S Laboratories Hairstyling Seminar at the Carrousel Inn on Reading Road in Cincinnati, Ohio, on Sunday, October 26th.

Many artists showed their talents in the field of hairstyling including Eric of Norway who produced many of his styles for the upcoming year.

Twenhofel Chapter FHA Knit-a-thon

The Twenhofel Chapter of F.H.A. had a knit-a-thon at the Riverfront Coiseum on Monday, September 1st, Labor Day. The girls alone raised \$105.00. The whole Telethon raised over \$137,000. The Telethon was for Muscular Dystrophy.

The Twenhofel Chapter of F.H.A. had a Tea Party to try and get new members. We had a total of 18 people at the party and we had Tea and Cookies after the meeting.

We now have a total of 35 members including 12 officers.

On September 30th, the Twenhofel Chapter of F.H.A. held it's annual Initiation Day Party. The girls had to dress up, the ones who didn't dress up or the ones who talked to the boys, had to push potatoes down the school hall with their noses.

We also attended the F.H.A. Fall Regional Meeting at Conner Jr. High School and seven of our officers attended the meeting. The officers learned their duties as an officer. The regional F.H.A. had a bakesale at the meeting.

Western's Enrollment

The enrollment for the fall semester 1975 at Western Kentucky is 13,314 according to Dr. Stephen House, University registrar. This figure does not include students enrolled in programs and courses offered by Western through the Eagle University Consortium at Ft. Campbell, Ky., or students enrolled at the Jones Jaggars Laboratory School.

Western's enrollment represents a significant increase over the 12,315 students enrolled during the fall, 1974 semester.

Those enrolled from the Boone County area are: Martha Ferguson, Miriam Ferguson, Diana Gordon, Michael Gray, Susan Gray, Kirtley Grubbs, Carol Meeker, Paul Ravenscraft and Frank Jones.

Help With Your Loans & Counseling

The Small Business Administration's business loans and counseling services have helped thousands of small firms originate, expand, and prosper. Prospective new business owners, as well as persons already business, will have the opportunity to find out about assistance available from SBA on the third Tuesday of each month.

An SBA representative will be at this Agency's part time office at the City County Building, Room 804 on 301 Court Streets, Covington, Kentucky, Tuesday, November 4th at 9:30 a.m. to 12:30 p.m.

Services provided by SBA in addition to business loans will include counseling and training to upgrade management skills. However, anyone interested in establishing a new business is encouraged to consult with this representative, as well as other businessmen who are in need of financial advice or assistance.

Current financial records, when available will assist the SBA representative in advising you.

Additional information may be obtained by calling 684-1771.

Chairman Elect

The chairman of Northern Kentucky Comprehensive care has been named chairman elect of the state wide Kentucky Association of Regional Programs (KARP).

Charles Barker, Ft. Mitchell, was named to the post at the October meeting of the organization which includes 15 Kentucky districts.

Barker will take over the top spot in 1976. Serving until that time as chairman will be William Summers, Lexington, of the Blue Grass Comprehensive Care.

The group heard Governor Julian Carroll pledge, "top priority" to the mental health mental retardation programs in its long range planning. He also pledged funds to support the projects.

Barker head the Region Seven district covering eight Northern Kentucky counties, Carroll, Gallatin, Owen, Grant, Pendleton, Boone, Campbell, and Kenton.

Texas Cattle To Be Issued Permit

The Kentucky Department of Agriculture announced that cattle being shipped into Kentucky from Texas must enter the state under a permit issued by the State Veterinarian's Office in Frankfort.

Dr. Tom Maddox, state veterinarian and director of the division of livestock sanitation, said the action was being taken because of the large number of brucellosis-infected herds in Texas. According to U.S. Department of Agriculture figures, Texas had 3,083 cattle herds under quarantine as of August 31. This is about one-third of 9,452 infected herds nationally.

Persons moving Texas cattle into Kentucky must contact the state veterinarian's office and obtain an official permit. Once the permit has been obtained and the shipment brought in, the cattle must be quarantined on the farm for 30 days. At the end of 30 days, the animals must be retested.

Under normal conditions, cattle can be brought into Kentucky under an approved health certificate. The certificate shows health officials that the animals have been tested and are from a brucellosis-free herd.

In instances where there is a large number of infected herds, such as is the case with Texas, health officials are concerned that negative animals may have been exposed to diseased

animals. By requiring a permit for entry into Kentucky, officials can keep track of animals that, although negative at the time of entry, might become reactors within 30 days.

"If You Have Anything To Sell—Call Us"

You can take the law into your own hands

on November 4th by voting "YES" on Amendment 1 for better courts.

What will the Judicial Amendment do?

- It will provide for non-partisan election of all judges by the people.
- It will provide full-time, qualified judges.
- It will provide a uniform system of justice throughout Kentucky.
- It will provide courts that are prompt, efficient and responsive to the people.

Who is in favor of the Judicial Amendment?

"We urge all Kentuckians to vote "YES" on November 4th for swift, efficient and economical administration of justice from the highest to the lowest courts."

Julian M. Carroll
Governor of Kentucky

Robert E. Gable
Republican candidate for Governor of Kentucky

These organizations support Amendment Number 1.

Kentucky Citizens Conference for Judicial Improvement
Crusade vs. Crime
Kentucky Council on Crime and Delinquency
Kentucky Federation of Women's Clubs
Kentucky Government Council
Kentucky Jaycees
Kentucky Judicial Conference
Citizens Court Committee
Junior League of Louisville
Kentucky Council of Churches
Kentucky Bar Association
Kentucky Chamber of Commerce

Kentucky Chiefs of Police
Kentucky Law Enforcement Council
Kentucky Peace Officers Association
Kentucky Shortland Reporters Association
League of Women Voters of Kentucky
Louisville Section, National Council of Jewish Women
Americans for Effective Law Enforcement - Kentucky Chapter

Your vote is vital.

By adopting this amendment we will make our courts and judges more responsive. It's urgent you vote "YES," November 4th on Amendment 1.

KENTUCKIANS FOR MODERN COURTS

Robert Bagley, Treasurer

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Mine Training Center For Kentucky

A very serious problem in Kentucky today is the increased number of mine deaths, with a total of 40 already recorded this year. That compares with just 24 for all of 1974.

Safety in the mines for Kentucky's 23,700 miners has to be achieved in two ways—through enforcement of safety standards and through safety training and education for miners.

Last April, I started working with the Department of the Interior to secure a mine safety and health

training center for Kentucky, which although is the nation's largest coal-producing state is the only major coal state without such a center.

The Department of the Interior has now agreed to establish in Lexington such a center, which will serve both the Eastern and Western Coalfields of the Commonwealth. The addition of this facility will include approximately 12 new personnel, most of them highly qualified mine safety instructors.

The Department also has taken steps to increase the frequency of mine inspection by assigning additional federal inspectors at the Mine Enforcement Safety Administration (MESA) offices at Madisonville, Barbourville, and Pikeville. Also, MESA will schedule additional seminars for mine safety committeemen and assign more inspection and technical personnel to MESA offices in Kentucky.

These represent significant steps toward attacking the problem of mine safety in Kentucky, and hopefully it will bring about a reduction in the number of deaths we are experiencing. Certainly we can anticipate continued growth of the coal mine industry in Kentucky, which required that we do everything possible to protect the miners' health and safety.

In addition, efforts are underway in the House of Representatives, led by Representative Carl D. Perkins, to improve the black lung program that is so vital both to the miners and those who have retired from the mines.

All of these developments represent improvements or the beginning of improvements in mine safety and health.

30 Years Have Not United The Nations

BY

M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

Last Friday marked the thirtieth birthday of the United Nations.

The American people had little to cheer about, however, since nothing has been accomplished by that organization worth the more than \$4.7 billion we've pumped into it. Certainly neither the U.S.S.R.'s Khrushchev pounding his shoe nor the pistol packin' appearance of Palestinian Arafat, was worth that much in entertainment value.

Many questionable undertakings of the UN have not advanced American interests or world peace. One of these was the recent interference of the UN Security Council in our internal affairs. Meeting in Panama in March 1975, the member states voted that we should give up our sovereign Canal Zone and the canal. Only our veto nullified that move.

The Soviet Union and its satellites owe the UN over \$110 million in back payments. That is more than half the total that all nations in arrears still owe. Yet we, as chief financier, have even paid in advance to bail out the UN.

The UN has managed to avoid doing anything about the Berlin Wall, Soviet slave labor and genocide, and the many other USSR violations of the peace. Soviet tank invasions of Hungary by Khrushchev and of Czechoslovakia by Brezhnev drew no UN sanctions. Only anti-Communist nations do. Rhodesia has felt a UN economic boycott, and South Africa has been expelled. Our ally, Free China on Taiwan, was dropped to make room for the Red tyranny imposed on the Chinese mainland by Communist Mao Tse-Tung. Trick or treat money collected by the United Nations International Children's Emergency Fund from American children and their parents on Halloween, paid for heavy equipment and medicines sent by the UN to the Communist North Vietnamese and Viet Cong.

Thirty years of the UN have not united the nations or made that organization an effective force for peace. How could it be? From the beginning it has included countries like the Soviet Union, which are dedicated to the abolition of our free way of life and its replacement with a centralized, bureaucratic directed, socialist society. They see us as the chief, if not the only, obstacle to establishing a socialist world as a

prelude to world communism. The UN has not aided peace loving peoples, but rather, totalitarian regimes which mask their aggressions under hypocritical words of peace. Our UN Ambassador, Daniel Moynihan, anything but a rock-ribbed conservative, has said things in the UN that needed saying. Perhaps he made his best remark on the UN before accepting the post he had twice refused: "That corpse has already begun to decompose. The spirit of liberty has seeped out of that institution."

County Agent's 1/2 Acre by Joe Claxon

Many stresses work to overcome men. Yet, the nearly 4 billion people on earth today have about 20

percent more food per person than the 2.7 billion people 20 years ago. Agronomy, the science of survival, helped farmers build this record. But stress will not let us rest on that record.

Crops also suffer stress from high yield goals their growers set or from the environment they must confront. A single factor or combination of factors can prevent a crop from reaching its full genetic yield potential.

In a high yield environment, the same soybean variety receiving good practices may vary greatly in yield 90, 70, and 40 bushels per acre at different locations in the same year. Or it may vary at the same location from year to year. The same can be said for corn and other crops. Why? We must find the reason.

In a low yield environment, stress is more easily pinpointed such as, inadequate inputs, weak economy little incentive, bad weather and poor technology.

Yet, in both high yield and low yield environments, the goal is always the same to reach the next rung on the yield ladder as conditions permit.

What are best conditions for crop growth? We often talk about optimum conditions for crop developments. Those conditions are always based on what we know at that time 1960, 1965, and 1975. What are 1985? Optimum today may look primitive by then.

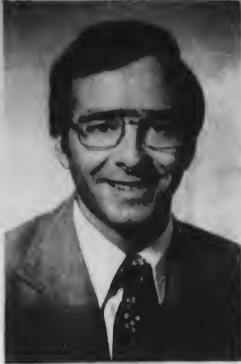

New research on varieties and management techniques can change our idea of "optimum conditions." The additive effects of improved practices can set our eyes on even higher yields. So far, these extra yields have always come thickly.

In the meantime, we must study why crops yields vary so much from one location to another in the same year at the same locations in different years. Three growth factors can cause stress: (1) physical, such as drought. (2) chemical, such as nutrient deficiency. (3) biological such as insects.

The impact of certain stresses seems to depend on the stage of plant development. For example, plants can endure water stress at a given stage of development and seemingly recover completely. But when the same degree of water stress strikes at a more critical growth stage, yields decline drastically.

Stress fighting is an endless battle. Remove one or several stresses to increase yields and other factors come along to put new stresses on the crop. In short season areas, plants have to make every growth day count. What a challenge to be at work uncovering and controlling the secrets that limit plant growth.

America is a land of beauty—especially where men grow her food. Beauty with problems. Every field has problems, often hidden, stress farmers must overcome. All stress (agronomic, economic, political) begins with soil and moisture, because all life depends on them first. God has slowly surely allowed us to create tools to cope with stress.

Sample Now & Save

By
Darwin Foley
Kenton County
Extension Agent

Many people have been bringing soil samples into our office the past week. These people know it's easier to get a sample in the fall and that it's time to line up fertilizer for next year. I hear that fertilizer prices are a little more bearable right now than they were earlier this year. Still I don't think we can ever hope for cheap nitrogen sources again because nitrogen is made with natural gas and fuel products. That's reason enough for soil testing and lining up your fertilizer for next year right now.

Next week I'm going to cover some tips on buying fertilizer to save money and possibly labor but before that let me review the importance of taking a good soil sample.

The recommendation I make is no better than the way you take the soil sample. Don't just scoop up some dirt and expect it to be just like the rest of the field it came from. That scoop of dirt might be just where

extra manure, lime, or fertilizer was dumped.

Get a good average sample from a number of spots. The more spots you take the sample from the more accurate it should be. Take a core sample to plow layer depth in each spot. This is the root zone where plants have to get their food.

Now mix the soil from all those spots in the field in one container and bring us a pint of the soil mixture. The soil should be dried at room temperature so it will go through the lab's crusher.

It's really amazing to look at soil test results and see the difference in soil acidity and nutrient level on different farms and fields. Many

times the soil is so acid that four or five tons of lime are needed. Other times lime might do more harm than good. Lime, where needed, makes fertilizer do its job easier and better. Call our office in Independence for a publication on soil testing. The number is 356-3155.

Next week I'll discuss "What's In The Bag?"

CALL of Kentucky for fall

Warm, sunny days...the crackling of a twig under foot...the sheer magic aroma of fall in the air! In Kentucky you'll find abundant campsites and accommodations in mountains, cave areas, bluegrass land and vast lake regions.

The call for fall is Kentucky!

Kenton County Homemakers Association

Mr. L. P. Dooley, Vice President, Mrs. E. P. Matchell, Area Vice President of ACWW, Mrs. Richard Gibeau, President and Mrs. Albert Dierckes, Secretary pictured, were joined by 237 Extension Homemakers and special guests at their Forty Third Annual Meeting of the Kenton County Homemakers Association at Town and County Restaurant on October 22nd. Mr. Bruce Brownfield provided great music and Mr. Earl Osterlag of the Cincinnati Bell Speakers Bureau

showed historical slides on the Ohio River and the origin of the Wueen City of the Program.

County Chairman gave their yearly progress reports and Mrs. James Rich, newly elected National Subscription Chairman received a standing ovation for her appointment to this post.

Another pride of the Kenton County Homemakers Association, Mrs. E. P. Matchell, Area Vice President of Associated Country Women of the World, an international organization, expressed her thanks and appreciation for the scholarship fund being named in her honor. She stated that she felt the Extension Homemakers was the great women's organization in the world and that she gained much more from it than she had ever given. Each vote cast for your favorite exhibit at the Christmas Display on November 8th will aid the Elsie Matchett Scholarship Fund.

Selecting Food Anna L. Myers Kenton County Home Economics

Going to the grocery store for purchasing the family's weekly food supply has gotten to be a chore instead of an enjoyable trip as it could be. The reason for this, of course, is the ever increasing cost of each item needed. Because of the high cost, we need to be sure that we make wise choices so that our family is fed a nutritious diet as well as satisfying their enormous appetite.

Plan menus each week based on advertised specials and buy groceries with your menu as a guide. Be sure to have each day at least 2 servings of meat or other protein dish, 4 servings of fruits or vegetables, including at least 1 dark green or yellow vegetable and a fruit or vegetable rich in Vitamin C, 2 servings of milk or cheese, and 4 servings of bread, cereals or macaroni products. Budget your food money around these foods and then add extra desserts and snacks.

In planning your meat or protein foods, be sure you are selecting foods that have a high amount of protein and are the least cost per servings. Cheese, eggs, peanut butter and dried beans can be used in place of meat, fish, and poultry as protein source, usually at a lower cost. Lunch meats are a poor source of protein and most expensive. As a guideline, you can usually get 4 serving-pound from boneless meat; 2-3 servings-pound with small amount of bone and 1 serving-pound with a large amount of bone. As an example short ribs at \$1.19 is not as good a buy as a boneless pot roast is \$1.79 lb. Consider also the amount of fat that will be wasted. So, do some quick division at the meat counter.

For your fruits and vegetables select either fruits, canned or fresh, depending on your family likes and what is in season, and what is least cost per serving. For example, tomatoes are much high and not as good, as they are in the summer months. Good sources of Vitamin C are tomatoes and tomato juice, forms of oranges, and grapefruit and cabbage. Excellent sources of Vitamin A are sweet potatoes, squash, carrots, pumpkin, broccoli, spinach and other greens.

In choosing foods in breads and cereal groups, the whole grain products are richer in Vitamins, such as yellow cornmeal, whole wheat bread, and money can be saved by buying in quantity when on sale and freeze. Money is saved by making your own bread, either quick breads or yeast bread.

Milk and milk products are one of the most important additions to your family's daily menu. Adults are needing these as much as growing children. If your family does not like fluid milk, use milk in cooking and serve lots of different kinds of cheeses and ice cream. Cut your milk cost in half by using dry milk exclusively in cooking and mixing it with fresh milk for drinking. For each gallon mix 3 parts of fresh liquid to 1 quart of dry liquid. And Chill, you'll find it is delicious. In cooking, dry milk can be blended with other dry ingredients and then add water as the liquid. Use 1 1/4 cup dry to each 4 cups of water.

Due to the popularity of the "Stretch and Sew" classes it was voted to create an advance class and to repeat the beginner classes. Those interested were urged to call the Extension Office at 356-3155 to register.

Staffordburg Homemakers Club, the first club ever formed in the county, had 25 members present at the luncheon and our charter members, Mrs. L.A. Rapp, Mrs. Bluch Rich, Mrs. Ethel Mann and Mrs. Denver Binder.

The meeting was closed with the Homemakers Creed.

Book Sales

Boone County book lovers will get a chance of book bargains when the Friends of the Boone County Library have their sale of used books to benefit the library. Books will be offered for sale on Sunday afternoon, November 2nd from 1:30 to 6:00 p.m. in the enclosed front porch at the residence of Mrs. Roy Nestor, 259 Main Street, Florence, just across the street from Lucas Hardware store.

Bargains abound. Dictionaries, art books, business, sports, recreation, fiction and non fiction, will be offered at a fraction of their original cost.

All proceeds will be used by the Friends of the Boone County Library to benefit the Boone County

Sermon

From Dream To Fulfillment

(Genesis 28:10-17; 32:24-29)

Dorothy Snowden wrote: "So I have nothing? Ah, you're wrong. Why, I have my dreams - priceless as my riches when my brain with fancy terms."

Hedge wrote: "Dreaming is an act of pure imagination, attesting in all men a creative power, which, if it were available in waking, would

make every man a Dante or a Shakespeare."

The Bible says that "Joseph dreamed a dream" (Genesis 37:5). The butler and the baker of the king of Egypt both "dreamed". Many others including Daniel had dreams (Daniel 7:1). Men, women, and youth dream today. What is to be said of our dreams? Is there possibility of fulfillment? Our lesson for today will be limited to those dreams such as that of Jacob - dreams of dedication and total commitment to God; dreams that allow us to encounter the Almighty God; dreams that transform our lives as was true in the experience of Jacob. Jacob needed and received support.

Support

Genesis 28:10 - 15

Many miles away from home, family, and friends, a lonely man, with a stone for a pillow, lay down to sleep. "And he dreamed." God has always, and still does, encounter men on their own level of experience and maturity. Jacob had an encounter with his Creator. He dreamed of a ladder or stairway reaching from earth to heaven. The angels of God were ascending and descending the ladder. Jacob hlearned that there was an approach to God.

The Lord was at the top of the ladder in Jacob's dream. He spoke to Jacob and promised him the land on which he lay. The Lord also promised Jacob many children and that through his seed all families of the earth would be blessed. The Lord promised Jacob His own protection and presence. What greater support could have come to one who so sorely needed it? Jacob's response was that of suspense.

Suspense

Genesis 28:16-17

Jacob was awakened, startled, and filled with wonder. He knew that God was there as he though through his dream. He was afraid and filled with suspense. The place was awesome beyond measure! Jacob had found himself in the presence of God and at the entrance to heaven. Jacob's recent experiences had been preparing him for this encounter with God. He must have been somewhat troubled about his deceit which took Esau's birthright and tricked his own father. Sometimes God must remove all that is near and dear to us before we will recognize Him.

What was Jacob's response to all of this? We may put it in one word - surrender.

MOUNTAIN MOMENTS

The Reverend Mr. Rhea

Occasionally, I like to write about interesting people I know or have met. Some of you remember the story about Ray and the Hale brothers, Simeon and George.

The Hale's minister, Rev. Clyde Rhea, in whose home I was a guest for several days recently, is an interesting person. A native of Pennington Gap, Va., he graduated

from Clear Creek Baptist School, Pineville, Ky. Clear Creek's sole purpose is training ministers of the gospel. And believe me, that is no small chore.

Rev. Rhea held pastorates in Kentucky, Tennessee and Virginia, and is presently pastor of the Double Springs Baptist Church, Waynesburg, Ky. The church got its name because of its location near two springs!

The father of three girls and a boy, Rev. Rhea has three hobbies: Gardening, Raising rabbits, and Carpentry.

He tackles his hobbies with the same dedication with which he approaches his ministry of preaching, teaching, and visiting.

He grew so many potatoes one year he had to give some of them away. But potatoes are not the only things he grows. Onions, beets, lettuce, corn, tomatoes, and a full assortment of vegetables abound in one or more gardens in Waynesburg due to his green thumb. However, before I get myself in trouble with the rest of the family, Mrs. Rhea and any children who happen to be home at the time gave him a hand.

Behind the garage, Rev. Rhea has several hutches containing rabbits-

bucks, does, and all the "younguns." When the young rabbits reach a certain age, they are processed for the freezer where they provide food, which tastes a lot like chicken, for the Rheas and family and friends.

In the garage Rev. Rhea has a workshop which turns out beautiful wood products. He made a gun cabinet out of chestnut, and recently built a Cherry four poster bed for one of his deacons.

With the smaller pieces of wood, the minister carpenter turns out candleholders of various sizes and toothpick holders.

But the crowning achievement at least to me is the 6 foot grandfather clock he recently built. Rev. Rhea's friends at the church bought the works for him and he made a beautiful Walnut cabinet to hold them!

It seems that talent has not been monopolized by Rev. Rhea, because Mrs. Rhea has abilities also. She is an accomplished seamstress,

fashioning dresses for her daughters and granddaughters and in her "spare" time she makes dolls, complete with dress and bonnets. To keep them company a grandfather and chickens stand alongside.

Whew! It takes my breath just thinking about the activities of the Clyde Rhea's. As we approach our nation's bicentennial, I am thinking that resourceful men and women just like the Rhea's built our great country.

PUPPET SHOW

Someone else is pulling the strings. Someone else is speaking behind the scenes. Someone else is making the audience laugh, or even cry a little.

By any chance, does that remind you of yourself? Do you sometimes feel that you are a puppet, not a person? That someone else is putting words in your mouth, calling you plays?

Well, the Church won't stand you on your own two feet and cut the strings. But it will help you find the right kind of scissors . . . to get a new perspective, to reassess life, and yourself . . . to be your own person.

Who, after all, wants to be the star of a Punch and Judy show?

Surrender

Genesis 32:24-29

The scene switches to some twenty years later when Jacob is on his way back to his homeland. Many things have transpired in Jacob's life since his dream at Bethel. Under orders from God he is making his way back to meet his brother Esau and face the consequences of his past wrong doing.

Jacob was afraid. He has sent his family across the Jabbok and he remains alone. It is generally interpreted that this was an experience in prayer for Jacob and whatever happened that night it brought Jacob low. The old trickster and deceiver and supplanter is no more. God has finally got the best of him. That experience with God twenty years prior to this did not seem to change Jacob's nature. He continued to outwit his father in law, but Jacob learned that night at the Jabbok that man could not prevail over God. So Jacob did the only sensible thing left he surrendered.

Jacob's personal experience with God was disturbing and left him limping and humble. But it also brought him to the land and life where his dream found fulfillment.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, October 30, 1975

If you pick any apples or pears left on your trees today they will have good keeping qualities and if you don't have any fruit trees yourself this would be a good time to buy a bushel while the price is right and pass out some healthy fruit to the

beggers tonight instead of so much candy, and bubble gum, the dentists all claim to be overworked and place the blame on white sugar and other sweets and I am inclined to believe they are right. Don't forget to get some fresh film and flash cubes today and you may get some for out pictures tonight.

Friday, October 31st

The aspects indicate this to be a good day for sewing, mending, and house cleaning in general, and after the crowd last night it will probably

PAY AT LOT
Your Note Carried Here!
NO CREDIT CHECK
Small down and low weekly payments.
GENE WAGNER
KAR-KARS
3914 Dixie Hwy. Erlanger
342-7810

take a little extra elbow grease on the house cleaning, drop your film off on the way to the grocery today and you should get your pictures back next week, if you had any apples left over the afternoon would be a good time for home baking when the moon goes in to the cardinal air sign, Libra, bake a couple extra pies and save them for the weekend.

Saturday, November 1st

The planetary aspects indicate this to be a peaceful weekend providing you are not in politics, most of us have already decided who to vote for so won't have to waste the weekend studying the candidates, there should be a few good apples left in the political barrel as it seems like the last few years we have been putting the rotten ones in office. If you like the clothes with the latest style and beauty shop any time today but buy shoes last and you will get a more comfortable fit.

Sunday, November 2nd

Read a few lines by Bishop Phillips Brooks this morning and maybe you will understand when the children fret during the church service. "While men believe in the possibilities of children being religious, they are largely failing to make them so, because they are offering them not a child but a mans religion, mens form of truth and mens form of experience."

Monday, November 3rd

The moon in the water sign, Scorpio is the proper time to take care of the house plants you want to keep inside over the winter to give your home that cheerful homey atmosphere do all your transplanting repotting and watering any time today or tomorrow and your plants will have

a good start for the gloomy days ahead, use your own judgment on plant food but my wife mixes hers in the water when needed.

Tuesday, November 4th

Before you go to the polls today take a few minutes to read some political thoughts from two of our greatest presidents. "There is among you the man who is not bound by party lines. You vote according to your common sense and your calm judgment after hearing each party set forth its program. To you I say that the strength of this independent though is the great contribution of the American political system. Franklin D. Roosevelt, democrat."

"If ever this free people if ever this government, itself is ever utterly demoralized, it will come from the incessant human wriggle and struggle for office, which is but a way to live without work. Abraham Lincoln, Republican."

Wednesday, November 5th

If you are satisfied with yesterday's results this would be a good evening for dining out or going to a good show or dance or possibly just visiting some good friends for a sociable evening, even if you weren't satisfied with the results go out and enjoy the evening anyway and be thankful we still have the right to vote and the majority still rules.

Antiques Hold Value

Antiques continue to hold their own as an investment, instead of getting older they get better with sales now being reported in the Wall Street Journal. Items which were once stored away, may now prove to be an unexpected source of income. Antiques have become 'giltedge securities' and may be used and enjoyed even while prices continue to climb.

Thousands of people have gained a better understanding of their own furnishings by attending antique shows which showcase current trends. Not only is it possible to find out what an object is worth, but why it commands such a fancy price.

Kentucky's best known antique show and sale is the upcoming 7th Semi Annual Central Kentucky Antique Show and Sale, November 8-9th, held at the Sports Convention Center in Frankfort. This two day event has attracted antique dealers from ten states who will exhibit wares never before shown in this area. There will be exhibited all periods of furniture, carpets, silver, bronzes, jewelry, lighting devices, clocks, glass, china, painting, and hundreds of other items which may be found in any home.

The Mayor Frankfort has issued a Proclamation declaring November 8-9th as Antique Appreciation Days, citing the preservation of antiques and memorabilia of the past, as being in deeping with the goals of the U.S. Bicentennial. A ribbon cutting ceremony is scheduled with the Mayor of Frankfort, Robert Bennett, and Barry Mayfield, of the Kentucky Historical Events Celebration Commission jointly opening the show it the public.

Hours of the show are Saturday, 11 a.m. to 9 p.m. and on Sunday, 12 noon to 6 p.m. Parking is free and there will be regular drawings for door prizes during the two day show.

Card of Thanks

I would like to thank everyone for their prayers, visits, flowers, gifts, and cards while in the hospital and since returning home.

God Bless You
Mrs. John Mullins

Kenton County Has New Agent

Mrs. Debbie DeLacey

The Kenton County Extension Service welcomes Deborah H. DeLacey as its new Assistant Home Economics Extension Agent. Provided through a grant from Manpower Services, Mrs. DeLacey will be assisting Agent Anna L. Myers in developing new Homemaker programs, coordinating services in the county, and providing information to the public of Kenton County.

A graduate of Auburn University with a B.S. Degree in Home Economics, and a new bride, Mrs. DeLacey has just recently made her home here for the State of Alabama with her husband, Robert F. DeLacey.

We welcome her enthusiastically and look forward to expanding our County's Home Economics Program!

We're Here To Serve You!

Betty Daugherty, broker of A & D Realty is happy to announce the new location of the Boone County Office at 7915 U.S. 42 Florence, Ky. Ramada Inn South, room 314.

A & D feels that this is a central location and can better serve the public here.

If you are interested in buying or selling or have any questions on real estate, stop in or call at our new location in Ramada Inn South, room 314, or phone 371-4800.

Our main office is in Peoples Liberty Bank in Independence, Ky., 356-2185.

Time For A Turkey Dinner

The Walton Verona Band Boosters will hold a turkey dinner on November 9th at the Walton Verona Elementary School.

They will start serving at 11:30 till 2:00 p.m.

Tickets will cost the adults \$1.75 in advance and \$2.00 at the door. Children \$.85 in advance at \$1.00 at the door.

All band members will have tickets on sale if you are interested just contact any band member or call 485-4954.

Carry out will be provided only if you bring your own container.

Special For Counties Boone, Kenton

Huey Parker of Florence has been appointed by C. Leslie Dawson, secretary of the Department of Human Resources to serve on the state Manpower Planning Council.

Parker, personnel director of Swedlow Corp., represents industry and business on the council. He and 14 other Kentuckians from industry, business, labor, city government and the general public will serve as an advisory subcommittee to the Council for Manpower Services.

The planning group will concern itself with manpower programs in 89 Kentucky counties over which the governor has control for all federal manpower programs (prime sponsorship).

Kentucky's four other prime sponsors for manpower programs are the Eastern Kentucky Concentrated Employment Program, which includes 22 counties; Louisville and Jefferson County; the Bluegrass Employment and Training Program, seven counties; and Kenton County.

Parker is a member of the Northern Kentucky Chamber of Commerce Board of Directors, the greater Cincinnati Junior Achievement Board of Directors, and regional chairman of the Vocational Education Advisory Council.

In addition, Parker is a member of the Cincinnati Personnel Association and the Northern Kentucky Industrial Park Personnel.

Proclaims Only National Guard Day

Saturday has been proclaimed "National Guard Day" in Boone County by County Judge Bruce Ferguson. The proclamation was made to recognize a new National Guard unit as the first northern Kentucky operation since 1959.

The 118th Light Equipment Maintenance Company, which will be authorized 141 members, will hold its first drill at the Old Hebron Elementary School on November 1st. That will serve as an armory until a new armory, set for completion in July of 1977 can be occupied.

In his proclamation, Judge Ferguson noted that the Guard is "essential to the strength of our nation and the maintenance of world peace."

He further stated that the Guard requires and deserves "the interest and support of the American citizenry, in every segment of our society."

The unit, which will be commanded by 1st Lt. Mott V. Plummer, a Newport attorney, still has openings for members with or without military experience. Anyone interested in the National Guard can contact him at the temporary armory during the first drill weekend.

Newest Addition Kenton County School

The newest addition to the Kenton County school system, the Vocational Education Building, Turkey Foot Road, will be host to the local citizens on Saturday and Sunday, November 15th and 16th.

Supt. Robert Barnes and Voc. Ed. Principal Jerry Sebastian are planning an open house from one to four on the two days and guides will take visitors through the classrooms and shops.

Sebastian reports 405 students from nine Kenton County high schools enrolled in one or more of the nine programs.

Included are Simon Kenton and Dixie Heights, Holmes, Erlanger, Lloyd, Beechwood, Covington Catholic, Notre Dame Academy, Holy Cross and LaSalette.

Courses offered include auto mechanics, auto body, welding, sheet metal, carpentry, commercial art, heating and air conditioning, industrial electricity and health careers.

Sebastian plans adult education classes in spring, 1976, provided state funds are allocated.

The new school opened on August 28th and day students spend a half day in voc-ed classes and a half day at their regular school.

The facility cost \$1.2 million.

Club Date

The Walton Wa Na Woman's Club meets on this Thursday, November 6th at 8 p.m. at the home of Mrs. Asa Rouse.

Make plans to attend this meeting. All visitors and members are welcome.

Walton Life Squad Runs

Interfaith Choir Festival

The Northern Kentucky Interfaith Commission is sponsoring a Festival of Christian Music, November 9th at 4:00 p.m. at Notre Dame Academy, Hilton Drive, Park Hills, Kentucky.

A combined chorus of 110 voices will sing four compositions, and each of the three choirs will sing separately.

The three participating choirs are: Mother of God Church, Lakeside Presbyterian Church and Florence Christian Church.

It is an hour program. The general public is invited.

Leader's & Members Banquet

Judge James Dressman and Mrs. Mary Hellmann

Steve Fisk, Joyce Waymeyer, and Vince Rowe

The 1975 4-H Leader's and member's Recognition Banquet was held on October 25th at White's Tower Elementary with 137 persons in attendance. Special guests included Judge and Mrs. James Dressman and other fiscal court members and their wives. Also the First Kentucky Production Credit Association's Manager, Steve Fisk and Assistant Manager, Vince Rowe, who this year sponsored the meals of the 49 leaders, present.

The evening was enjoyed by all with outstanding 4-H members giving several talks and a 4-H specialty act was performed. Mrs. Carl Hellmann presided as President of the 4-H Advisory Council. A review was also given by Mrs. Doris Ballard about her recent 4-H Leadership conference to Rock Eagle, Ga. Miss Diana Schneider, 4-H Agent, also showed a slide presentation called "4-H Highlights of 1974 - 75".

IGA Ribbon Cutting Ceremony

Reporter: Luellen Wolsing

State Representative Bill McBee

Walton Mayor Sam Gamble

Walton's new I.G.A. Store was dedicated on November third. Reverend Welby Patton gave the invocation. The manager, Stan Jones, introduced some of the special guests.

Among these were his associates Dale Dowrey and Ralph Love. Others were Welby Patton, Mayor Sam Gamble, State Representative William McBee, Mr. and Mrs. Ab Ryan, Mr. Berton, D.L. Lusby, Alva Falls, Peggy Carrier, Mrs. A. Caine, Betty Noel, Faye Norris, Betty Augstien, Jim Floyd, Ralph Meenach and Dick Sears.

Then Mr. Jones reviewed the events that led up to the dedication of the new store. Other speakers were Mayor Gamble, Representative McBee and Dale Dowrey. Following this dedication the cutting of the ribbons were held by Mayor Gamble and Representative McBee.

Needed: More Land

The state still needs three more parcels of land before construction of the new bridge over the Licking River at Visalia in Kenton County can begin.

According to state Transportation Secretary John Roberts, the state's Bureau of Highways already has spent \$63,550 for 12 of the 15 land parcels needed to build the new bridge which will connect Ky 177 in Kenton County with Pond Creek in Campbell County.

"We are in the process of acquiring the last remaining parcels of land now and expect to start construction of the bridge late in the spring of next year," Roberts said.

Although actual construction of the bridge is still several months away, Roberts said that some preliminary work already has been completed. Under a contract last August, the fill approach on the east side was finished early in order to allow for it to settle properly.

Currently, there is no bridge in Visalia and local residents must drive north to Newport or south to Pendleton County to cross the river.

Budgeted Funds For Increased Salaries

The Kenton County Board of Education has budgeted funds for increased teachers' salaries, a hike in utility costs and more funds for transportation insurance.

The total budget for the current year was set at \$9.185 million up last year's \$8.944 million.

Largest item was the cost of instruction, \$5.462 million which included salaries and supplies.

The board, meeting in special session reported plans to collect 92.5% of the estimated taxes. Delinquencies, discounts and costs of collections were estimated in the figures.

The state, through its minimum foundation programs, will provide \$3.879 million while the local effort from the general property tax will total \$2.390 million.

Hold Annual Christmas Exhibit

Members of 42 Kenton County Homemakers Clubs will hold their Annual Christmas Exhibit on Saturday, November 8th in Fellowship Hall of Immanuel Methodist Church, Dixie Highway and Arcadia, Ft. Mitchell, Kentucky.

The public is invited to view "Christmas As You Like It" from 11:00 a.m. to 6:00 p.m. There is no admission charge. The Forest Hills Club with Mrs. Howard Stafford, President, is in charge of arrangements.

Each Club will decorate a fruit jar to collect penny votes for the best booth. The money will be used to start the International Scholarship Fund in honor of Mrs. R.P. Mactchett.

Mrs. Anna L. Myers, the new Extension Agent for Home Economics in Kenton County, has come just in time to assist with preparations for this annual event.

Trick Or Treat?

On Monday, October 27th the Advertiser was visited by a few little trick or treaters after closing time.

The usual knocking on the door or ringing of the door bell is no longer the method of trick or treating, because our little trickers let themselves in through the back window.

They receive the treats but boy did we get the trick.

Just wait till next time, and we'll see who gets the treat or should I say trick.

Pick Up Your Feet And Dance

A Square Dance and Hayride will be sponsored by the Walton Verona Sophomore Class at the Walton Safari Campgrounds, just south of Walton on Highway 16.

This event will take place on Saturday, November 8th with music by Harold Zimmerman and the band.

Starting at 8:00 p.m. the square dance will be a blast and the donation is only \$1.00 for all this fun.

The hayrides will be a quarter and all proceeds will go to the Sophomore class.

Help support these young people for their year's ahead in high school. This event is sponsored by the parents of the Sophomores.

See you there!

Outstanding

Julie Heeger

David Carter

Julie Heeger, daughter of Mr. and Mrs. Ben Heeger of Independence, a member of the Trailblazers 4-H Club and David Carter the son of Mr. and Mrs. Carroll Carter of Independence, a member of the Briarcrest Bridleleis 4-H Club, were awarded the Kenton County 4-H Club 1974-75 Outstanding Senior Girl and Boy Award. They were awarded this honor at the October 25th 4-H Leader's and Member's Recognition Banquet at White's Tower School.

Julie, 15 and a sophomore at Simon Kenton, has been an active 4-H'er for seven years with many outstanding achievements. David, 18, and in his Freshmen year a University of Kentucky, has also been recognized for his many 4-H accomplishments during his active four years as a 4-H member. Both youth were awarded \$25.00 Saving Bonds with best wishes for future aspirations.

Mini Mall Has Talent

Pete Hankey

By: Pat Johnson

If you enjoy good music, do yourself a favor and stop in at the Allen Ross Piano and Organ Company in the Florence Mini Mall. Mr. Pete Costa Hankey is there daily playing the piano and organ.

Pete, born in Ford City, Pa. and raised on a farm began his musical career in the 6th grade playing clarinet in the school band.

Mr. Hankey, while in the air force, played for four years in the Wright Patterson Air Force band, Dayton, Ohio.

After leaving the air force in 1964, he toured with several bands.

He taught himself to play the piano and organ. In 1970, Pete was hired by the Holiday Inn and home office in the Memphis, Tennessee.

Employed as a single act featuring piano and organ vocals, he played Holiday Inns in eighteen states as a lounge entertainer.

Since 1973, he has been booked by professional agents as a performer in various hotels and motels.

In between jobs he has worked with Ernest Tubb as a side man.

This past September, after playing a job in Denver, he was hired by Allen Ross Piano and Organ as a demonstrator and salesman.

Being a country boy, Pete feels right at home in the city of Florence, Ky.

His wife, Shari, who is a school teacher, also plays the piano.

So, while you're out shopping, why not indulge in a few moments of relaxing entertainment.

Stop by the Mini Mall, say hello to Mr. Hankey and treat yourself to some good listening.

In Memory

Sympathy is extended to Robert Horn and family in the recent death of his mother, Mrs. Lillie Horn of Lexington, Ky.

Entertains Guests

Mr. and Mrs. Leo Flynn had the following guests for dinner on Friday evening. Mr. and Mrs. Lawrence Farrell, Mr. and Mrs. Robert Ryan, Janelle and Keith Ryan, of Peoria, Ill., Mr. and Mrs. Robert Barnett and son, Kyle Flynn of Basking Ridge, New Jersey, Dennis, Kevin, and Timothy Flynn of Walton, Ky.

Boone County Homemakers

Left to Right, Mrs. Preston Art, Treasurer; Mrs. L. Thomas King,

President; Mrs. Bobby Holloway Retiring President.

"Modern Woman and Communications" was the theme for the Boone County Homemakers 40th Annual meeting held on October 18th at the Drawbridge Motor Inn. The day began with a devotional by Mrs. Gaynelle Flynn on "Continue Learning". Each one present became aware of the many

people who, by continuing in their learning process, made great contributions to our society in their later years. The devotional included a poem "Just Homemaking" by Mrs. McQuire of the Mt. Zion Club.

Presiding over the morning and afternoon sessions was Mrs. Bobby Holloway, retiring president. Mrs. Kenneth Baldwin, past president of the Boone County Homemakers, installed two new officers for the 1975-77 term. The new officers are: Mrs. L. Thomas King, President; and Mrs. Preston Art, Treasurer; Other officers now serving are Mrs. Charlotte Taylor, Vice President; and Mrs. Ruth Huey, Secretary.

During the morning session a report was given by Mrs. Nancy Norman, Extension Agent. She referred to the State theme "Grow and Share" and challenged each club to reach out to other groups, such as 4-H, youth, young adults, senior citizens, and the disadvantaged, with the information they received through the extension program. Mrs. Norman announced the County Christmas Display to be held on November 22nd at Ockerman Jr. Committee reports were made by the outgoing chairman. Our county "thanks and appreciation" is extended to the following chairman; Mrs. Gaynelle Flynn, Cultural Arts; Marcie Schwartz, Clothing and Textiles; Katie Presnell, Home Furnishings; Faralee Baldwin, Food and Nutrition; Carole Krietemeyer, Management; Betty Hallman, Issues and Concerns; Lucille Major, Family Life; Selena Spriggs, Services; Dola Mae Domaschko, Horticulture; Beverly King, Public Information; and Pauline Huey, Health.

Each year the Homemakers present the Membership Award to the club who has increased their attendance or promoted the program to others in the community by establishing new clubs. This year's award was received by the Young Homemakers Club who sponsored two new clubs, the "3 C's" and the "Sunshine Club". The club worked hard and our congratulations goes to them.

Mr. Steve Wills spoke about the 4-H program and gave suggestions on how clubs could assist local 4-H ers. Mr. J.B. Chase, Sales Manager, WCPO TV, was the afternoon speaker. His talk on Communication gave the homemakers an insight on what the station would like to convey to the public and what the viewers could do in order to suggest changes they felt necessary.

The meeting ended with each Homemaker repeating together the Kentucky Homemakers Creed.

Card of Thanks

Words cannot express the appreciation I feel for all the nice things done for me since I've been sick.

Thanks for all the prayers, cards, food, flowers, blood, visits, money, and gifts.

God Bless You All,
Christine Eason

Enjoys Birthday

Mr. and Mrs. J.R. Flynn of Walton, held a birthday dinner for their daughter, Mrs. Frances Wireman on Monday, October 27th in honor of her birthday.

Mr. and Mrs. Jack Rouse and daughter, Mr. and Mrs. Rick Perkins, Mr. and Mrs. Rick Stephens and daughters, Miss Gisele Stephens, and the hosts, Mr. and Mrs. J.R. Flynn wished her many more birthdays while they all enjoyed themselves in helping her celebrate her birthday.

Halloween Scares!

Coleen Sharp poses with Walton Attorney, Asa Rouse

The Halloween Festival that was held in the Walton Verona's new gym was a huge success on Friday, October 31st. Children and adults enjoyed themselves greatly by dressing up to fool their neighbors and friends. As you can tell in the above picture

that Asa Rouse, Walton Lawyer has absolutely gone "ape" over Coleen Sharp, TV Personality from WLW TV.

Asa won in the adult division for first place while Marc Lauterwasser, Jerry Sargent, and Jeff Berkemeier were the top three in the six and under group.

Craig Augenstein, Eddie Martin and Thomas Campbell took the prizes in the seven to thirteen group.

and Mr. Bobby Lamb took second place in the adult category along with Asa Rouse.

Cake walks, prizes and booths entertained both young and old at the festival.

The trick or treaters were pulling some good tricks on some people, but then on others they seemed to receive the trick.

Now everyone can remove their false faces, or are they removed?

Stop, Shop, & Save

Tracy Jones cashing a check for Margaret Finnell.

Manager Stan Jones planning next weeks' sales.

Laura Jones, checking out customer, Mabel Maddox.

On Sunday, November 2nd, the Modern IGA Store was packed with people doing their shopping for the week ahead, but on Monday, November 3rd the official Grand Opening Ceremonies took place outside of the IGA Store.

It's easy to stop, shop, and save the convenient way.

Stan Jones makes his plans ahead of time for next week's bargains, while Tracy and Laura take care of the customers that are happy to see the modern store open for better and bigger business.

Sermon

**Struggling With
Pride & Jealousy**
(Genesis 37:5-11; 17-24)

Colton said, "Of all the passions, jealousy is that which exacts the hardest services, and pays the bitterest wages. Its service is, to watch the success of our enemy; its wages, to be sure of it."

Osborn said, "Pride broke the angels in heaven, and spoils all the heads we find creacked here."

As we begin our study of the experiences of Joseph we first encounter tension.

Tension
Genesis 37:5-11

The story of Jacob's two wives and his two concubines is familiar to all of us. His twelve sons and at least one daughter by these wives and their handmaids were for Jacob the source of much heartache.

At the outset of this week's lesson, Joseph is a young man, seventeen years of age. He is the favorite of his father Jacob. One wonders why Jacob never learned from the bitter experiences of his father and mother playing favorites between their sons. Genesis 37:3 tells us that Jacob loved Joseph more than all his children. This was the source of severe tension among the brothers.

To add to this, Joseph dreamed a dream and told it to his brothers. His dream revealed to him that his brothers would some day bow down to him. This increased their animosity and hatred toward him. Even though dreams were a means of God's revelation to the people of that day, it was too much to expect the brothers to take his dream seriously.

His second dream was understood by his father Jacob to include the whole family bowing down to Joseph. Jacob rebuked Joseph; his brothers envied him; but his father could not lightly dismiss his son's dream.

It is implied that pride moved Joseph to tell his dream to his family. It is a constant struggle in life with jealousy over the success of others or pride over our own success! Perhaps it would help us to bear in mind that this story does not reveal the success of Joseph so much as it reveals the success of God!

Jealousy often leads to treachery.

Treachery

MOUNTAIN MOMENTS

London

I am sure you thought of a town when you saw the title of my column today. Perhaps you thought I was going to write about London, England, or Lond, Kentucky, or London, Ohio, or some other London in another place.

**Rev. Jo Tackett
At New Bethel**

Revival services for the New Bethel Baptist Church in Verona will start on Friday, November 15 and continue to November 21st.

The services will begin each night at 7:30 p.m.

The public is invited to come and see Rev. Joseph Tackett, former pastor of First Baptist Church in Walton.

**Baptist Home
Changes Hands**

We are pleased to notify you of the change of ownership of the Baptist Senior Citizens Home of Independence, Inc.

The new owners of the home are Dr. Charles D. Bennett, Jr., and Gary L. Weatherman, both of Cynthiana, Kentucky and they will receive possession on December 1st, 1975. The home's name will then be changed to Regency Manor.

The new owners will assume no responsibility for money owed before the possession date of December 1, 1975.

Revival

The Banklick Christian Church, located on Madison at Hands Pike, Ft. Mitchell, Ky., will be holding a revival November 2nd to the 5th at 7:30 nightly.

Charles Carter, from the Church of Christ in Nicholas, will be the evangelist. Wednesday night will be "Old Fashion Night". Louis Murphy is the minister of the church.

The public is invited to all services.

Joseph's brothers are in the field tending the sheep. He is sent by his father, probably to spy on them. They see him coming and their ill nature toward him goes to work. They conspire to slay the dreamer, cast him into some pit, and report that some evil beast had devoured him. Thus they would put an end to his dreams. Their planned report would not be to far from the truth as it seems at first. How like the evil beast man is when jealousy and hatred begin to control his mind and actions.

Will man ever learn that you don't stop sin by killing the sinners? Neither do you abolish dreams by putting to death the dreamers. The most effective way to get rid of our enemies is to make friends out of them. The most effective way to deal with jealousy and pride is to let love reign in our hearts. Love suffers long, and is kind; it neither envies nor puffs up; it does not behave itself unseemingly (I Corinthians 13:4-5). Jealousy often leads to treachery and from treachery to tragedy.

Tragedy
Genesis 37:21-24

Reuben was the eldest brother and would therefore be held responsible for whatever happened to Joseph and he was for letting Joseph live. He hoped later to deliver him from the others.

The decision was reached to take away Joseph's coat. The coat stood as a symbol of Jacob's favoritism. We learn later that they dipped this coat in the blood of a goat and sent it to their father assuming that he would conclude that Joseph was killed by a beast.

Though they did not shed Joseph's blood, they cast him into a pit and intended this to be the end of him. Could it be that many of us who abhor murder are allowing thousands and even millions to die in the pit of starvation and neglect? Think about it!

But the London I write about today is a dog - of the German Shepherd variety. I never knew him very well even though he belongs to Bill Buckner, a good friend and close neighbor of ours, but I had heard him bark alot.

Occasionally, my son, David, would make some reference to London and call him England! I always told him he had the right country at least. And Mike told me London would sit and shake hands with his master.

Recently, Bill and Judy went on vacation and asked Mike to feed London during their absence. Mike was happy to do so, especially since Judy promised to pay him.

The first day Mike was to feed the dog, Joyce went with him followed by Mike's friend Jack, whom he calls "The Mississippi Kid" and our Dachshund, Suzie. Mike fed London and proceeded to fill his water bucket. When he did, something happened and London growled and lunged at Mike, tearing his pants.

I think the "Mississippi Kid" scared the dog - or maybe Suzie made a face at him. Nonetheless London took his spite out on Michael.

The next day I went with Mike and spoke to London. He wagged his tail and acted as if he was glad to see me, but I cannot remember seeing the dog but a time or two.

That night when I came home from a meeting, Joyce met me at the car.

"London is loose! He's dragging his chain around!"

Well, I got a flashlight, Joyce got a broom, David picked up a stick and we went dog hunting. On the way, my brother in law, Lynn, joined us. London was on the carport and while I fed him and coaxed him to me, Lynn got the chain. I momentarily stepped around the house when I heard Lynn yell and come running! London had lunged at Lynn and another pair of pats fell victim to the dog.

Since it was dark, I chained London to a post on the carport, fed and watered him well and left. The next day I took him back to his house without incident.

Joyce and I tried to determine what it was that made him bite Mike

and Lynn but never offer to harm me. The only thing I can say is that maybe he thought I was Bill. You see, Bill and I both have a full mustache, and if for no other reason, my mustache came in handy when I had to deal with London!

**BOOKS ARE
NOBLE**

The library is a marvelous and unique place. It can dispel your loneliness, lift your spirits, banish your worries, and transport you into another time and place.

And books literally have the power to change your life. They can stimulate your intellect, arouse your curiosity. They can lead you into more profitable and exciting work.

Without the immortal power of books, we would not know of past man and past civilizations. We would not know the creations of mankind throughout his long history of inspiration and strength.

One immortal Book offers you beauty, hope and inspiration — more than any other.

Go and find this Book. Find the strength in it, when you enter into the House of the Lord.

Oak Ridge Homemakers

The Oak Ridge Homemakers met at the home of Sharon Kemper on October 21st. The lesson was given by Rose Thompson on local government.

We feel this is timely because of the upcoming election. Mrs. Thompson informed the members of those officials already in office, and of their duties. There was discussion on the amendment proposed to the State Constitution that will be on the ballot on November 4th. The amendment is to create a unified court system that will speed up court actions throughout the state.

Members in attendance were Theresa Willenborg, Lulu Slaughter, Sina Kennedy, Frances Gauck, Janet Bilz, Dorothea Cummins, Tonya Jones, Rosie Thompson, Charlene Harney, Bernice Fennell, Alma Yates, Shirley Stephenson, Sharon Kemper, and Lorraine Setter.

Eye Testing

This past week, October 28th - 29th, the Women of the Walton Lions Club tested 219 students at Verona and Walton Schools.

This was successful as we found most of the children's eyesight was good we found only 13 failures.

Any of the children who didn't pass the test, and need assistance please get in touch with the eye sight chairman, Stan Jones, or any member of the Lions Club.

A helping hand is also extended to any in our community in need of assistance with eye problems.

Those doing the testing were Evelyn Sizemore, Janet Harden, Peggy Welte, Gail Fossett, and Gloria Parker.

Lamplighters Club Meeting

The Lamplighter Homemaker's Club held its monthly meeting on Monday, October 13th, at the home of Mrs. Carol Philpot.

Co-hostess was Mrs. Mary Robinson and answering roll call were members: Judy Arlinghaus, Ann Wethington, Mary Robinson, Carol Philpot, Vickie Rosensteel, and Glenda Cady.

We were glad to have two guests, Pat Wethington and Barbara Hopperton.

During the business session we elected officers for the new year: President, Ann Wethington; Vice President, Glenda Cady; Secretary-Treasurer, Mary Robinson; and also new committee chairmen were named.

Other new business discussed were plans to attend the Christmas Crafts Day at Boone County Fairgrounds, November 6th.

Plans are also being made for some of our members to assist as helpers in the 4-H Work Program being sponsored by Boone County 4-H Club.

Our next meeting will take place at the home of Glenda Cady, with Ann Wethington acting as co-hostess. The lesson "Interior Landscaping" will be taught by Judy Arlinghaus.

The craft for this month will be a straw Christmas wreath, which we will work on after the business session and lesson.

The meeting will take place on November 10th, seven o'clock in the evening. Prospective members please contact one of our members for more information on directions and we would be glad for you to come and meet with us.

Announcement

James Sheldon, County Executive Director of the Kenton County ASCS Office, is one of eleven county ASCS employees in the state of Kentucky to recently receive a special achievement award.

The award for Mr. Sheldon was approved by the State ASC Committee after recommendation by the Kenton County ASC Committee and the District Director.

The employees receiving these awards were recognized for their services to ASCS and the farmers of their respective counties, and for exceeding normal job requirements in their positions with ASCS.

Ass't. Economics Agent

purchases will soon be made, particularly with the small child in mind. Toy manufacturers are already displaying and advertising, as this is their prime time in selling merchandise on the market.

Under the Federal Hazardous Substances Act, the U.S. Consumer Product Safety Commission has the authority to ban from sale of toys and other articles intended for use by children that present electrical, mechanical, or thermal hazards. However, although some 1800 toys have been banned, much care should be taken when choosing toys. Think "Toy

Safety" by knowing the seven toy dangers!

Sharp Edges - Toys of brittle plastic or glass can easily be broken, exposing dangerous sharp cutting edges. Wooden, metal, and plastic toys sometimes have sharp edges.

Small Parts - Tiny toys and toys with small parts that are removable can be swallowed or become lodged in a child's windpipe, ears, or nose. The squeakers in some squeeze toys can be removed and possibly swallowed. The seams of poorly constructed stuffed dolls or animals can break open and release pellets that also can be swallowed or inhaled.

Loud Noises - Toy caps and some noise making guns and other toys can produce sounds at noise levels that can damage hearing. The law requires the following label on boxes of caps producing noise above a certain level: "Warning - Do not fire closer than one foot to the ear."

Sharp Points - Broken toys can expose dangerous prongs and knife sharp points. Pins and staples in dolls' clothes, hair, and accessories can easily puncture an unsuspecting child. Even a teddy bear or stuffed toy can have barbed eyes or wired limbs which can cut or stab.

Propelled Objects - Projectile-guided missiles and similar flying toys - can be turned into weapons and can injure the eyes in particular. Children should never be permitted to play with adult lawn darts or other equipment that have sharp points. Arrows or darts used by children should have soft cork tips, rubber suction cups, or other protective tips intended to prevent injury.

Wrong Toy For The Wrong Age - Toys that may be safe for older children can be extremely dangerous in the hands of little ones.

Electric Toys - Electric toys that are improperly constructed, wired, or misused can shock or burn. Electric toys must meet mandatory requirements for maximum surface temperature, electrical construction, and prominent warning labels. Electric toys with heating elements are recommended only for children over 8 years old. Children should be taught to use electric toys cautiously and under adult supervision.

In carefully choosing toys, keep in mind the child's age, interests, and skill level. Look for quality design and construction. Make sure that all instruction are clear and be a label reader.

When maintaining toys, check them periodically for breakage and potential hazards. A dangerous toy should be thrown away or repaired immediately.

Edges on wooden toys that have become sharp or splintered should be sanded smooth. Use only paint labeled non toxic to repaint toys and toy boxes. Examine all outdoor toys regularly for rust or weak parts that could become hazardous.

When storing toys, teach children to put their toys safely away or in a toy chest after playing to prevent falls or other injuries.

Toy boxes, too, should be checked for safety. Use a toy chest that has a light weight lid that can be opened easily from within. For extra safety, be sure there are ventilation holes for fresh air. Watch for sharp edges that could cut and hinges that could pinch or squeeze. See that toys used outdoors are stored after play - rain or dew can rust a variety of toys and toy parts creating hazards.

Protecting children from unsafe toys is the responsibility of everyone. Careful toy selection and proper supervision of children at play is still - and always will be - the best way to protect children from toy related mishaps.

To The Editor:

Dear Mr. Meadows:
Unless I am badly mistaken, my current subscription to the Walton Advertiser will expire some time in November. In order to keep in touch with events up there, I am enclosing a check for \$4.00 for another year.

In a recent issue I read that Walton is about ready to start booming. Will it become another Florence? The little town that I've always known will probably become a thing of the past. Well, don't let it grow too much too fast, and try to keep the boom within a reasonable bounds.

Although I have never met you, I remember your father quite well when he was editor publisher of the Advertiser. The paper seems to be prospering under your leadership and I wish you continued success. Hoping all is well in the old home town, I remain—

Sincerely,
George G. Bedinger

County Agent's

1/2 Acre by: Joe Claxon

Man has always known the pig. For millennia early men knew him as a formidable foe to be spear hunted for meat or to prevent the rooting up of his little patches of crops. Then somewhere along mankind's evolutionary road, probably in Mesopotamia and Egypt, Neolithic man tamed the wild tusker and became a breeder of swine. Ever since the pig's ready adaptability to diverse lands, climates, and feeds has earned him recognition as an esteemed and versatile source of toothsome meat. As swine husbandry spread throughout the Old World, pork gained an eminent place in commerce.

Brought to the mainland by Spanish explorers, the pig soon loomed large in colonial agriculture. At first, settlers of the Atlantic Coast allowed their swine to forage the woods for mast and roots, with a few confined in pens to omnivorously convert farm and home wastes. In time, swine husbandry reached the Midwest and on these fertile lands corn and hogs became permanent inseparables. Indeed, the humble pig's ability to quickly and efficiently convert corn and other feedstuffs to marketable meat soon won him the well known title of "mortgage lifter."

Pork has always been a staple of the American diet. Today it accounts for about 30 percent of the meat we eat, and is our third largest source of animal protein. Past progress in swine production has been good, but to pause in a fast changing world is to invite retrogression. Accordingly,

agricultural scientist are engaged in a broad research effort to continually improve the production, marketing, and quality of pork.

Real progress has been made, for example, in swine breeding and genetics. Through years of selective breeding, scientists have developed swine that produce less lard and more meat. A long term experiment at Beltsville confirm that leanness and body length can be rapidly altered by selection based solely on backfat thickness. Related studies show that low fat type hogs are more

efficient than fat type hogs in converting high protein rations into lean meat.

Over the years, animal scientists have also registered significant research advances in such varied fields as estrus control, artificial insemination, identification of nonconceiving sows, swine nutrition, efficiency of feed utilization and swine health. Success in these and other areas of research reduces swine production costs, which ultimately benefited consumers.

EVER THINK ABOUT ELECTRICITY ?

You probably never give much thought to electricity, and that's the way it ought to be. When you flip the switch, you expect the lights to go on. That's simple enough.

We want you to take your electricity for granted. That's the American way. We know how much everyone depends on a constant flow of power, and we figure it's our job to make sure you're getting what you pay for.

Everyone knows that electric bills have been higher the past several months, and not only because of the rising coal prices. We're paying more for everything we use in the power business, just as you're paying more for everything you use at home. You can't do much about your high grocery prices, and we can't do much about our high pole prices. You have to eat, and we have to build lines.

We're constantly searching for ways to

save money and hold your bills as low as possible. But it's not easy. To keep your fuel clause from making another sudden jump like it did earlier this year, we're seeking better long-term coal contracts. We're also trying to keep from spending many millions of dollars unnecessarily on environmental equipment that has never been proven reliable.

We're doing all we can to help you, and we hope you're helping yourself by not wasting energy. You can't sit around thinking about electricity, but you can think about saving it.

Owen County Rural Electric Cooperative
 Owenton, Ky.

Walton Verona High Has Driving Course
 On the new \$10,000 driving range behind Walton Verona High School, students are learning to handle a car before they go on the road and into traffic.

John Grubbs, superintendent of Walton Verona feels that the range gives the students behind the wheel instruction before entering onto a road.

The 400 foot long piece of asphalt is where students from Walton Verona are learning to drive a car, that is. The facility is a first in Northern Kentucky and one of only a few in the state.

Each of the 21 students enrolled this semester takes 30 hours of classroom work in addition to six hours of actual driving and three on the driving range and another three on the road.

So successful is the program that the school district is now expanding it to include adults.

The cars used for the course are furnished by General Motors through Robke Chevrolet, Covington. The school pays only the auto insurance.

The range itself is a modified figure 8. Cost was met with federal local matching funds.

"We're very proud to be selected for this grant," reiterated Grubbs, "and very proud of our program."

Good driving at least in Walton Verona, has apparently not taken a back seat lesson.

Mr. Wendell Tillery is the teacher and instruction for the Drivers Education Class.

Big Success

Col. Cecil Wayman and associates, realtors, and auctioneers reports the auction sale, which was held last Saturday on Bagby Road in Kenton County for Mr. and Mrs. Freeman Bryant was a huge success.

There was a very large spirited fitting crowd from several counties also some people from Ohio in attendance.

The personal property totaled \$16,367 and the real estate totaled \$139,900. The house and eleven acres plus three five acre tracts sold to Mr. and Mrs. John Fey of Edgewood, Ky.

The barns and 64 acres sold to the McClary Bros. and two tracts sold to Tom Hodge of Verona and Mr. and Mrs. Leo Berry.

Teach FIRE PREVENTION Early!

Children To Adults
 Ms. Genevieve Gabel, Family Life Specialist, Cooperative Extension Service, Kentucky State University will present the first of three sessions on parenting children from infancy to young adulthood at 7:30 p.m. on Tuesday, November 11th at U.L.H.&P Office on Brent Spence Square, Fourth Street, Covington and the public is invited.

Ms. Gabel titles her talk "The Games Children Play" and will show slides of how a mother can stimulate her infant or toddler's learning and character development by utilizing play and family activities. She will also demonstrate homemade toys, their use and pass out literature showing their construction and use in the learning process. She will show the importance of good parenting to develop a happy, well trained child.

This Parent Seminar is sponsored by Kenton County Homemakers Association and Mrs. Delores Fink is Family Life Chairman.

Card of Thanks
 We wish to express our sincere thanks to every one who assisted us in any way during the long illness and death of our loved one.

A special thanks to Bro. Randolph White for his consoling message and Mrs. Eleua Hamilton and Mrs. Charlotte Kemper for sons and music. The neighbors and friends for food and flowers.

Also Hamilton's for their kind efficient service.

May God Bless all is our prayer.

The Family Of
 James L. Messmer

Soviet Agents On U.S. Senate Staffs
 BY
 M. GENE SNYDER
 U.S. CONGRESSMAN
 4th District, Kentucky

One of the most amazing news stories of 1975 is the shocking silence of the news media about the still more shocking infiltration of Congress by Communists.

On October 7, I was one of fifty Representatives who added their signatures to a letter Congressman Larry McDonald of Georgia wrote to Senator Frank Church of Idaho, asking him to undertake a "public investigation of the extent of foreign infiltration on Senate staffs and with a view to recommending whatever remedial action the committee considers to be necessary. This should be done in order to allay any doubts the American people may have on this matter."

Senator Church is Chairman of The Select Committee To Study Government Operations With Respect To Intelligence Activities. That's the Senate committee that is putting the CIA's and FBI's feet to the fire—but not the Soviet secret agency, the KGB. To date Senator Church has not responded to our request.

Senator Barry Goldwater revealed on the September 30th Public Television show, Evening Edition, that the Vice President told him the Rockefeller Commission that investigated CIA had turned up evidence that some seven to nine Senators' staffs had been infiltrated by Soviet agents. The conservative Washington weekly, Human Events wrote it up in its October 11th issue, but the national news media has outdone itself in giving absolutely no coverage to this startling story.

Last week I asked the Library of Congress for all the clippings or articles that had been written about the Goldwater revelation. After a thorough check, the Library turned up a complete zero! It had checked the N.Y. Times Computer Bank, the Washington Post, Washington Star, the Christian Science Monitor and other major newspapers and magazines. None had the story.

Vice President Rockefeller had told the Arizona Senator that the facts would be published in the Commission's report on CIA, but when it did come out there was no reference to infiltration of the Senate. Goldwater said Rockefeller had been asked to leave it out of the report, but didn't know by whom.

Not only has there been no outcry, there hasn't even been a peep from the Nation's press, demanding that this ugly business be thoroughly aired. We can imagine the outraged editorial screams that would have erupted in mounting crescendoes had the infiltrators been Nazis, Fascists, or Franco Falangists!

Kenton County Council P.T.A.

Kenton County Council PTA will meet on Monday, November 17th at 10:00 a.m. at the Willard Wade YMCA, Covington, with guests speaker Mrs. Don Rodger, 1st Vice President 6th District Kentucky Congress PTA.

Her topic will be "Reports - Reports".

There will be a display of local units programs books.

WOULD YOU BELIEVE IT..

CHICK CHAT

By: Sandy

Office worker to his boss: My wife said I should ask you for a raise.

Boss: Good. I'll ask my wife if I can give you one.

The female mind Darling, will you lend me twenty dollars, and only give me ten of them? Then you'll owe me ten, and I'll owe you two, and then we will be even.

Have you bouth snow tires yet? If not, save yourself a lot of money and see us.

Simon Kenton FFA

The Simon Kenton Future Farmers of America held their regular meeting, Wednesday on October 8th at the Agr. Shop behind Simon Kenton High School. There was a record of 49 out of 54 members present.

The special features of this meeting was the formal initiation of the Green Hands of this year. This year we have the largest enrollment of Green Hands in several years. The following member have memorized the FFA Creed and Motto, studied the FFA Constitution and participated in dress up day at Simon Kenton, Richard Abell, Duane Clayton, Billy Cook, Willie Crouch, Dave Damon, Donna Deaton, Steve Franman, John Gleason, Paul Jackson, Mark Jarman, Mike King, Jim Loman, Harold Mann, Jim Mardis, Brad Mills, Cindy Parker, Dave Roland, Mike Roland, Don Rose, Doug Soden, Frank Scott, Al Simmons, Mike Sipple, and John Wolfenbarger.

Donna Deaton was the outstanding student Green Hand in leadership for saying the FFA Creed the best.

Other highlights of the meeting were a report on the district FFA Meeting at Lexington. Representing Simon Kenton were Peggy Collins, Tim Smith, Wayne Cooper and advisor, Mr. Gray.

On October 24th the Simon Kenton FFA Chapter toured the Eden Shale University of Kentucky Experimental Farm at Owenton.

Garden Club To Hold Meet

The Boone County Garden Club will meet on Tuesday, November 11th at 12:30 p.m. at Mid Valley Pipelines, Limaburg Road.

The program will be a Thanksgiving Table Setting Placement Show with prizes to be given.

October Meeting Boone Garden Club

The Boone County Garden Club held their October meeting at the Boone County Health Department with Mrs. K.E. Lanter, Mrs. Edward Smith, Mrs. Harry Woodsmall and Mrs. Robert Bias as hostesses.

Mrs. J.C. Berkshire presented the program "Hydroponics". Each member was encourage to grow bulb or flowers in water. Members received plants and bulbs to take home and return to view when bulbs bloomed and plants survived.

Members present were Mrs. J.C. Berkshire, Mrs. Robert Bias, Mrs. Larry Burcham, Mrs. Hillard Collins, Mrs. Kirtley Copper, Mrs. L.L. Franks, Mrs. A.W. Fullerton, Jr., Miss Lucy Lee Grant, Mrs. O.P. Hewlett, Mrs. Louis Judy, Mrs. Charles Kelly, Mrs. Courtney Kelly, Mrs. Kay Kelly, Mrs. K.E. Lanter, Mrs. Roy Lockwood, Mrs. Roy Lutes, Mrs. Grant Maddox, Mrs. L.R. McNeely, Mrs. John Schram, Mrs. Harry Scroggin, Mrs. Edward Smith, Mrs. Luther Smith, Mrs. Ralph Vonderschmitt, Mrs. John E. Walton and Mrs. Harry Woodsmall. Guests was Mrs. Susan Shaw.

Seven members of the Boone County Garden Club attended the District Bluegrass Garden Club meeting in Lexington.

Those attending were Mrs. L.T. Lutes, Mrs. Bevelly Burcham, Mrs. Hollis Gritton, Mrs. Edward Smith, Mrs. Louis Judy, Mrs. Boyd Mahan and Miss Lucy Lee Grant.

Happy Hour Homemakers

A devotional by Wilma Jackson set an inspiring mood for member of the Happy Hour Homemakers' meeting on October. Topics discussed during the business meeting were the County Christmas Display to be November 22nd, Yeast Breads lesson on November 18th and the County Annual Meeting.

The club expressed their appreciation to member, Lori Holloway, retiring County President, for her service during the past two years. Other club members who are to attend the county meeting are Maxine Hicks, Rhoda Williams, Evelyn Roadcup, Wilma Jackson, Etta Wilson, Janet Stewart, Sharon and Beverly King.

Did you know there will be a judicial amendment on the November 4th ballot? This was an important issue covered during a very timely lesson on "Court Systems in Kentucky", presented by Phyllis Adams and Sharon Smith. After the club reviewed a list of state and local officials, the various types of courts and their jurisdictions and authority were discussed. For example, Fiscal Court is the administrative and legislative body of the county. Fiscal Courts have wide control over the county financial matters. This court sets the county tax levy, approves all bills against the county, is responsible for the road program, etc. Each member was urged to study the referendum on the proposed Amendment so a well informed vote could be casted.

House plants will be the topic covered at the November 13th meeting. Each member will bring a plant to exchange. If interested in attending, please call 371-8869. We are happy to have Barbara Loftin visiting with us and Evelyn Tow as our hostess.

What's In The Bag?

Usually the fertilizer that costs the least per bag or ton is the most expensive when calculated on the

basis of the plant nutrients that are not in the soil, you should buy fertilizers on the basis of cost per pound of plant food.

The amount of nitrogen, phosphorus and potash contained in a fertilizer is printed on the bag in numbers. These numbers simply refer to the pounds of a particular plant food in each 100 pounds of fertilizer material.

The first figure indicates the pounds of nitrogen (N) contained in each 100 pounds of fertilizer material. The middle figure refers to the amount of phosphate (P2O5) and the last figure shows the pounds of potash (K2O) in each 200 pounds of a particular fertilizer.

The point is that if I recommend 100 pounds of nitrogen, phosphorus and potash per acre you have several choices of fertilizer that will do the same work for you. You could put on 1,000 pounds of 10-10-10 per acre or you could put on 500 pounds of 20-20-20 and it would supply the same plant nutrients. You could also get the same nutrients per acre by putting on 300 pounds of ammonium nitrate (33-0-0) 500 pounds of superphosphate (0-20-

0) and 200 pounds of sulfate of potash (0-0-50) per acre.

Fertilizers that contain two or more elements are called mixed fertilizers while fertilizers that contain only one element are called straight fertilizers. Straight fertilizers can be used to supply the same amounts of plant food as are applied in mixed fertilizers and will give just as good a crop response. The straight fertilizers, however must be properly mixed or applied by going over the land several times. Therefore all costs including time and labor should be considered in deciding whether to purchase a mixed or straight fertilizer.

The Gerbil - A Fun Pet

By Sue Johnson

In recent years, the gerbil has become an increasingly popular pet. In his native state, he lives on the sandy deserts of Manchuria. Because of this, he requires very little water, getting most of it from the food. The fawn colored coat of the gerbil blends in well with the desert scenery.

Because of his high degree of tolerance for extreme heat and cold, he is relatively disease free, both in his natural and domestic environment.

The gerbil is an easy pet to care for, and is usually clean in his living habits. A glass aquarium or cage will provide sufficient housing. He should always have a clean fresh supply of water and litter. His cage and litter should be dry at all times.

Seeds, roots, grasses, corn and green vegetables are some of the gerbil's favorite foods.

Another curious fact about gerbils, unlike the rate and mice, they are monogamous: they keep the same mate throughout life. If a mate dies, it is extremely hard to replace.

The gerbil, being a friendly little creature and easy to care for, makes an excellent pet, especially for children. Raising them is fun, an inexpensive and interesting hobby.

for babies but you had better check with your doctor first.

Sunday, November 9th

With winter coming on this would be a good time to consider our health so I will pass on the opinion of John Abernathy an English Surgeon "Wet feet are some of the most effective agents death has in its fields. I t has peopled more graves than all the gory engines of war. Those who neglect to keep their feet dry are suicides." And a few words from Longfellow "Joy, temperance, and repose, slam the door on the doctors nose."

November 10th

With the moon in the fixed air sign, Aquarius you will start the week out full of vim and vigor, if you are in sales work smile this is going to be a busy and profitable week and if you plan a sale this weekend get your ad in the advertiser before noon today and get the merchandise ready. Also a safe day for traveling and a good time to take care of legal matters, spend the evening catching up on your correspondence and you will sleep good tonight.

Tuesday, November 11th

In 1919 President Woodrow Wilson Proclaimed November 11th as Armistice day to remind Americans of the tragedies of war, then in 1954 Congress changed the name of Veterans day to include the rest of us poor blokes who were forced to stick our noses in other Nations quarrels and then pay taxes to help fatten them up so they would

be able to start another fight. Incidentally since 1971 Veteran Days falls on the ourth Monday of October to give us another long weekend. Remmber to go to the barber tomorrow or Friday if you want your hair to grow back fast and thick.

Wednesday, November 12th

The moon in the water sign, Pisces would be a good time today or tomorrow to take care of your house plants and give them a good watering. Cleaning and do any transplanting or repotting necessary and maybe a little plant food and they will surprise you with some quick growth. If you need new glasses try to get an eye examination this Saturday.

In Memory

Connley Lee (Nub) Leek, 72 of Highway 14, Verona, died on Friday in S T. Elizabeth Hospital.

A retired bridge foreman for a highway contractor, he had moved to the Verona area in 1932 from his native Graves County to work on construction of the Cincinnati Louisville highway.

Survivors include his wife, Mary Blanche Johnson Leek; two daughters, Mrs. Shirley Soeder and Mrs. Alice Fret, three sons, Walter, Tommy and Carl of Verona; a half brother, I.C. Leek, Melbourne, 16 grandchildren and one great grandchildren.

Services were held on Monday at the Hamilton Funderal Home in Verona.

Time Change

There will be a time change in the Walton Homemakers meeting that will be held on Friday at the Methodist Church, November 14th. Meeting time will be 10:00 a.m. Glenda Rice and Dorothy Beighle hosting. Presenting the lesson of the day will be Pauline Huey and Helen Ruth McElroy. "Interior Landscaping" will be the theme. Members will have a plant exchange and plans will be made for the Christmas Party.

Before the meeting gets underway, Cindy McMillian will give a short demonstration on scarf tying. Everyone welcome to attend.

On Tuesday, November 18th, at 10:00 a.m. at the Boone County Health Department, a demonstration on the art of making yeast breads will be given. There will be a small charge to cover the cost of supplies. The public is invited to attend.

Turkey Shoot Noon to Dark

The Ryland Heights and Community Fire Department is holding their annual Turkey Shoot on November 16th from noon till dark at the Fire House, Ryland.

Refreshments will be available and the price will be \$1.25 with the proceeds to be used to pay for the new life squad.

FHA Starts Brand New Year

The Simon Kenton Chapter of the Future Homemakers of America has started out this school year being very active.

In September they attended the Regional Meeting at Conner Senior High School. They also entered a homecoming float for S.K.'s October 31st homecoming. The float won 2nd place.

The girls riding the float were: Margie Elliott, Jody Elbert, Kelli Porter, Lisa Alexander, Robin Cooke, Kim Painter and Gail Ehman.

Shelly Meiman was also chosen as F.H.A. Homecoming Candidate. The driver of the float was Charlotte Deters, former F.H.A. President for Simon Kenton's 1974-75 year. Their next meeting is November 19th at 4:00 p.m.

Plans for a future field trip will be discussed.

Walton Life Squad Runs

November 1st
Dan Gibb, Cincinnati to Cincinnati General. Tom Struckley, Mt. Adams to Cincinnati General.
November 4th
Erstall Williams, Crittenden, to Booth. Shauna Laebbe, Walton to St. Elizabeth.

Poetry Contest Offers \$1500

A \$1500 grand prize will be awarded in the current Poetry Contest sponsored by the World of Poetry, a monthly newsletter for poets.

Poems of all styles and on any subject are eligible to compete for the grand prize or for 49 other cash or merchandise awards. Second place is \$500.

According to contest director, Joseph Mellon, "We are encouraging poetic talent of every kind, and expect our contest to produce exciting discoveries."

Rules and official entry forms are available by writing to: World of Poetry, 801 Portola Drive, Dept. 211, San Francisco

Office Closed

The Kenton County ASCS Office will be closed on Friday, November 14th in order to attend a CED Meeting in Owenton, Kentucky.

They will reopen on the regular day at the same time.

Walton Lodge Holds Meeting

Walton Lodge No. 719 F&AM will have a special called meeting for the purpose of conferring the Master's Mason Degree on Monday, November 17th at 7:00 p.m.

Also the regular business meeting will be held on November 20th at 7:30 p.m. where a guest speaker will speak to the lodge.

All members are urged to attend and visitors are welcome.

Boosters To Faculty

The Boosters did it! For the first time since the boosters and the faculty have matched basketball playing wits, the boosters overpowered the faculty in a recent game played in the Walton Verona High School game.

Congratulations, boosters.

Wanted By The FBI

The Federal Bureau of Investigation has immediate openings of High School graduates, or persons with the equivalent thereof, both male and female, for office positions at its Washington, D.C. Headquarters.

Applicants must be United States citizens, at least 16 years of age, able to pass a required physical examination and a rigid investigation of loyalty, reputation and character.

Interested applicants are requested to write to the FBI, PO Box 1467, Louisville, y. 40201, call Louisville area code 502-583-3941 or the nearest Resident Agency Office of the FBI which can be found in your local telephone book.

Going To Kansas City

Kevin Cahill, Instructor, Mr. Davis, and Eddie Gibson.

Kevin Cahill and Eddie Gibson members of the Walton Verona High School FFA Chapter will be participating in the National FFA Convention which will be held on November 11th to November 14th.

Two members can attend the convention in Kansas City, Missouri from every chapter. Kevin Cahill, president of the chapter and Eddie Gibson, treasurer were selected by the members of the chapter. The convention will include the National Contests, elections of the new officers, and other business. Two of the guests speakers at the convention will be Johnny Bench and Vice President, Nelson Rockefeller.

Christian Fellowship

Lucian Royse, Chairman, distributes tickets for the Ham Dinner to be served at the Walton United Methodist Church on Friday the twenty first of November, from 4 to 8 p.m.

Receiving tickets are John Gray, Faye Norris, Carol Roland, Elizabeth Patten and Rev. Welby Patten.

A menu of baked Kahn's ham, parsley potatoes, green beans, homemade yeast bread, iced tea or coffee, and pumpkin pie. There will also be crafts and handmade gifts items for sale. Give the entire family an evening of Christian fellowship buy your tickets now.

Graduates

George Bedell

Technical sergeant George T. Bedell the son of Mr. and Mrs. William E. Saxton of R.R. 1 Morning view, Ky., has graduated from the Air Force Communications Service Noncommissioned Officer Academy at Richards-Gebaur AFB, Mo.

Sergeant Bedell, who received advanced military leadership and management training, is an administrative technician at Lajes Field, Azores.

The sergeant attended Simon Kenton High School in Independence, Ky., and Big Bend Community College, Lajes Field.

His wife, Joyce is the daughter of Mr. and Mrs. Carl Fisk. Morningview, Ky.

Country Music

On Thursday evening, November 20th at 7:30 p.m. the Simon Kenton High School gym will take on a Hee Haw atmosphere as the Simon Kenton Music Department sponsors their first "All Country Music Show."

The evening's entertainment is being provided by the year's most talented students, parents and faculty members.

Tickets may be purchased in advance for \$2.00 from any of the band members and will be available at the door the night of the show for \$3.00.

All proceeds will go to help support the Simon Kenton Band. So Y'All Come!!

Susan Baker, Wilson Road to St. Elizabeth. Mary Watson, Oliver to Stith's Funeral Home.

Courthouse Is Meeting Place

Congressman John B. Breckinridge or members of his staff will be in the Kenton County Courthouse on Friday, November 21st from 10:00 to 12:00 for consultation on matters having to do with the Federal Government and its agencies.

Mulligan Stew

Pictured above are students of Mr. Jerome Cox fifth grade class, at White's Tower Elementary School. They are participating in the 4-H Mulligan Stew TV nutrition program and this is an educational nutrition program which is presented in six half hour color TV programs on Kentucky Educational Television.

The nutritional information is presented in a modern format, with use of "today's music", cartoons, and puppets. This program is being given to 1651 fifth grade students in 26 schools in the county. Schools included in this total are from the Kenton County School District, Parochial Schools in this district, and the Erlanger Elsmere School System.

Contest Winner

Pictured above is Jay Hellmann winner of the poster contest, sponsored by the 4-H Advisory Council of Kenton County, to promote national 4-H Week. Jay's red, white, and blue poster of the Spirit of America and 4-H was on display in the window of the Independence Hardware Store during National 4-H Week.

Jay was awarded a Wire Craft Art Set for his winning poster, at the monthly 4-H Council meeting which met on the 28th of October. Jay is the son of Carl and Mary Hellmann of Independence.

Mathis & McBee Sweep Boone

Bill Mathis Jr., of Walton, was a sure winner after the polls closed last Tuesday, November 4th when he carried Boone County, 4, 109 to Republican Candidate Don Knapmyer's 1,846 votes in the Commonwealth Attorney's Race in Gallatin County. Bill Mathis carried the votes by a large margin of 873 to Don Knapmyer's 156 votes.

In other races Bill McBee carried the polls for State Representative with a total of 4,136 votes to Republican Ken Scott's 2,016 votes.

In the City Council race of Walton the new council members are Charles "Chick" Worthington and William Locke.

Former council members who will take over once again are D.H. Vest, Jack Norris, Bryon Kent and Roscoe Denney.

Vows Exchanged

Mr. and Mrs. Jerry Lynn Foley

On the eleventh of October, Nineteen hundred seventy five, Miss Marita Jo Humphrey and Mr. Jerry Lynn Foley were united in marriage by Rev. Robert Sheffield at the First Baptist Church, Walton.
 Marita was given away by her father in a double ring ceremony that was performed with Mrs. Rick Stephens as Matron of Honor and Mr. Larry Tugate as Best Man. Other attendants were Miss Rita Brown, Miss Julie Brown, Miss Karen Slayback, Miss Rene DeMoisy, Mr. Greg Mayeux, Mr. Jim Bush, and Mr. Mark Adams.
 The couple are now residing in Verona, Ky.

Social Scene

Mr. and Mrs. Richard Howard entertained recently in honor of their son, M.R. Howard of San Francisco, California. Those present were Mrs. Naamon Cook and family of Mt. Zion, Mr. and Mrs. William Ryan and family, Mr. and Mrs. John Ryan, Mr. and Mrs. John Ryan, Jr., Mr. and Mrs. Stanley Kacaba and Mr. and Mrs. Henry Deatherage of Covington, Ky.

The Brownie Troop of Walton Verona Area enjoyed a swimming party on Saturday night.

Mr. and Mrs. Jerry Galtrice, formerly Renee Gault left for their home in North Miami Beach, Florida on Sunday morning after spending some time with her grandparents, Mr. and Mrs. John Gault and Mrs. Glenn Gault of Lexington, Ky.

Malcolm Howard of San Francisco, has returned home after

Wa Na Club Entertains

Mrs. Asa Rouse welcomed twenty three members and guests of the Walton Wa Na Club at her home, last Thursday evening on November 6th.

Mrs. Willie Mathis led the group in the pledge of allegiance to the flag also the club collect. Spiritual guidance was offered by Mrs. Asa Rouse.

The program, "Gift Wrapping" and "Bow Making" was cleverly demonstrated by a panel of teachers from the Walton Homemakers Club. Mrs. Paul Beighle, Mrs. Don McMillian and Mrs. Nelson Popham sparked a holiday spirit with their beautifully different gift wrapping ideas. Ribbon bows, bells and even roses appeared like magic from folded ribbon and "know how".

During the business session, President, Helen McElroy and Mrs. McMillian shared in a report in the recent eye screening tests given the Kindergarten pupils. Mrs. McElroy remarked about the splendid cooperation of the children and their teacher, Mrs. Carol Risner.

The Sarah Coventry Jewelry promotion was reported as very successful. Mrs. Pat Parsons presented lovely Sarah Coventry gifts to Libby Rouse, Joella Sleet, Ann Simpson, and Helen McElroy for highest sales achievement.

Club members were reminded that the Christmas Party will be December 6th at Beef & Boards dinner theatre in Cincinnati. Please get your reservations in to Joella Sleet no later than November 22nd. At the close of the business session a lovely dessert course was served by Mrs. Asa Rouse, assisted by Mrs. Willie Mathis and Mrs. W.W. Rouse to the following members and guests.

Mrs. George Black, Mrs. Gayle McElroy, Mrs. Ruth Glenn, Mrs. Ernie Lauterwasser, Mrs. William Locke, Mrs. Jack Rouse, Ms. Joella Sleet, Mrs. Robert Slayback, Mrs. Malcolm Simpson, Mrs. Chester Sturgeon, Mrs. Robert Vance, Mrs. Wally Wireman, Mrs. Andre Busald, Mrs. Martha Carpenter, Ms. Sandy Humphert, Mrs. Kenneth Johnson, Jr., Mrs. Wilbur Zevely, Mrs. Paul Beighle, Mrs. Donald McMillian, Mrs. Nelson Popham, and Mrs. Pat Parson.

spending several days with his parents, Mr. and Mrs. Richard Howard of Church Street.

Mr. and Mrs. Raymond Ball Sr., of New Liberty, Ky. were Sunday dinner guests of Mr. and Mrs. C.O. Carlisle of Walton.

Miss Christy Lynn Carlisle of Georgetown College, was home over the weekend visiting with her parents, Mr. and Mrs. Guy Carlisle and Mrs. Mrs. C.O. Carlisle.

Mr. and Mrs. Eugene Hiles were in North Carolina over the weekend, visiting their son, Larry who had been injured in an accident last week.

Layna Cheesman of Berea College was home over the weekend visiting her parents, Mr. and Mrs. Layne

Cheesman and family. Miss Sallie Vest was Sunday lunch guests of Mr. and Mrs. Hess Vest.

Miss Sallie Vest and Mrs. Hess Vest visited with Mrs. Rose Hamilton on Sunday.

Kimberly Vest, daughter of Mr. and Mrs. Kerry Vest of Verona, celebrated her sixth birthday on November 10th and had Jeane Vest as an overnight guest.

David Peebles, 1975 graduate of Walton Verona left for the United States Army. He is the son of Mr. and Mrs. Dave Peebles of High School Court.

Search Continues!

The Hemingray family, prominent in Northern Kentucky at the turn of the century is back in the news in connection with the Holiday Fair, November 18th and 19th, sponsored by the Booth Memorial Hospital Women's Auxiliary.

Auxiliaries have obtained a supply of Hemingray electric light pole insulators and have fashioned them into macrone hanging baskets. The insulators, no longer made, are collectors items.

Above, the wife of the assistant administrator at Booth, Mrs. Capt. James Shatzberger, Florence, shows how the "bare" insulator looks before the handcraft workers do their stuff.

The Hemingray family, it may be recalled, left their family silver at the First National Bank, Covington, in 1907 and never reclaimed it. Search continues for the heirs.

Sermon

Power To Stand

Genesis 39:6-12; 16-21

The Joseph stories in Genesis 37-50 form the story of God's success. God has promised success to His people and He promised success to the Israelites under Moses and later under Joshua. God assured them of victory in advance. The one condition was that of obedience. They must to what God told them to do.

Wellington said that the battle of Waterloo was won on the playing fields of Eton, and Marshall Foch once said: "Battles are won the day before." This was surely true with Joseph.

A Man Of Vigilance

Genesis 39:6-10

Joseph was handsome and good looking. These very words are used to describe his mother Rachel, in Genesis 29:17. It seems proper to assume that Joseph was a normal young man with the passions and desires of other young men. Being a slave, he would have no right to marry. Being far away from home could well add to the temptation to relax his moral standards. He had been cast off by his own brothers and now found himself among a pleasure loving people. To add to all of these things Joseph was thrust into a very high position even here in Potiphar's house. Joseph soon found himself the victim of the dirty pursals of Potiphar's wife. His refusal and rejection have stood through the centuries as a badge of honor, courage, trust, and purity for every person young and old.

Joseph was a man of vigilance. He would not betray his master's trust. Neither would he be sin against God. Our world today needs to know this as Joseph knew it - that to sin against another fellow human being is to sin against God.

Joseph had a rigid moral code which stood him in good stead in a time of crisis. Would someone who contends for situation ethics like to stand up right here and debate with Joseph's decision?

Joseph had not arrived at this kind of caution and watchfulness over night. One must decide early in life that he or she will keep the body, mind, and soul pure and faithful to God.

You will notice in verse 10 that Joseph not only refused to submit to her advances but he refused even to associate with her. "Lead us not into

One Night In The Cemetery

Several years ago I lived in London, Kentucky, a small town located at the crossroads of Interstate 75 and Kentucky Highway 80. I have many friends in this town which is rich in local color. Near London is a place called Bernstadt, which laterally means "a settlement of Berne." The residents

prefer to call the area "Swiss Colony" which better describes the settlement. I lived in Swiss Colony for over five years and will later tell you some stories about my experiences there.

Not far away from London in the opposite direction from Swiss Colony is a little town of East Bernstadt which was settled by some of the same people who founded Swiss Colony.

The area around Swiss Colony and East Bernstadt is receptive to revival meetings and many of them are conducted at different churches and locations each year.

Two ministers, whom I called Joe and James, spent one summer recently conducting the revival meetings in Laurel County, where the two places I mention are located.

The services met with reasonable success for several weeks, but during a crusade near Bond, Kentucky, the "bottom dropped out". Neither of the ministers could put his finger on the reason for the drop, but they agreed that something had to be done.

At the conclusion of one of the services James suggested that he and Joe find a secluded place and pray. They finally decided to go to a

nearby cemetery where they were sure no one would interrupt the prayer meeting.

After a lengthy session of prayer, James' knees grew tired. He shifted his position and quietly leaned upon a tombstone. Joe still in prayer and James didn't disturb him.

Joe's prayers have a distinctive quality which is certain to arouse the heart of almost anyone who hears them. Periodically, he cries, "Oh-h-h Lord . . ." in a kind of unearthly moan.

While Joe continued his prayerful meditation, punctuated occasionally with a moaning wail, a car drove into the cemetery and stopped near the minister. A young couple had unknowingly joined a prayer meeting!

The summer light was warm and muggy and windows of the couple's automobile were rolled down.

Suddenly, Joe's quiet prayer came to a rousing conclusion and he wailed, "Oh-h-h Lord . . ."

With one sweeping motion the young man started his car, put it in

gear, and "Floorboarded" the automobile. He take time to see what made the sound or where it came from, but the screening of tires rounding the two curves in the cemetery ended Joe's prayer ahead of schedule!

Rev. Joseph Tackett

"A Church in the Heat of Town", New Bethel Baptist will hold revival services with Rev. Joseph Tackett as the evangelist, the former pastor of the First Baptist Church, Walton.

Shirley Cummins, Music Director and Bro. Ralph Curry, Interim Pastor invited everyone to come to the services each and every night to get a fulfillment of the Lord.

Services will begin promptly each night at 7:30 p.m. beginning on Sunday, November 16 and following through until Friday, November 21st. Come expecting the Lord's Will.

The church is located in Verona, Ky.

temptation" often means "leads us not into the situation of temptations."

A Woman of Vice

Genesis 39:11-12, 16-18

Satan has his instruments of destruction. These take many forms and characters, but it is sad indeed when one human being becomes Satan's tool to destroy another human being. Someone has said that "next to God we are indebted to women, first for life itself, and then for making it worth living."

Hermes said: "A beautiful and hasty woman is the perfect workmanship of God, the true glory of angels, the rare miracle of earth, and the sole wonder of the world."

Tennyson once said: "Men at most differ as heaven and earth; but women, worst and best, as heaven and hell." Potiphar's wife was of the last of these symbols. She was a weapon of hell.

A God of Victory

Genesis 38: 19-21

Joseph's most severe trial was probably that of disappointment. He made his stand for the right and he did what he knew was God's way but he ended up in jail. Had God forgotten? No, God never forgets. God is the God of victory. He will use that prison experience of Joseph's as a means to the office of Egypt's prime minister.

Verse 21 says, "But the Lord was with Joseph . . ." What circumstances can defeat one with whom God lives? What ruler or government can put an end to the man who makes God his Lord? God will surely make us able to bear any and all temptations.

MAKING PLANS

Do you like to build things . . . a bird house or a skyscraper? If you are such a person, you know that plans are involved; often difficult ones. Usually we use the drawing board before we start building.

Making plans may be called foresight or looking ahead — and we all know that this is necessary whether building an object or building your life.

As you make plans for the future, don't overlook one of the most effective and time-honored aids in building a strong character — your church! Like millions before you, you may find just what you need to make your plans succeed.

Achieve success? This is what we all want and what we plan for. Start your planning now by going to church next Sunday.

Simon Kenton FHA Alumnae

The Simon Kenton Future Homemakers of America Alumnae held its monthly meeting on Thursday, October 9th, at the RECC Building at Nicholson.

Our program for October was a speaker from the Covington Comprehensive Center: Sister Mary Benitia has been with the center now for nine years, and she gave us a very informative talk on, "How to keep mentally healthy."

I'm sure each member enjoyed the talk and learned many things.

Our program for November is election of officers. Come on, all past Simon Kenton FHA Members and join the Alumnae. Our door are always open for new members. Delicious refreshments were served by Judy Schadler.

Children Toys & Christmas

Deborah H. Delacey
Kenton County
Ass't. Economics Agent

When a child receives a gift, he feels that it is his. So when parents put too many restrictions on holiday presents, the child may feel they think more of the gifts than of him. Setting a lot of limits on the use of toys and other gifts can take much of the joy out of a child's Christmas. He may fight back by abusing the gift or by "getting even" in some other way for what he feels is unfair control over things that belong to him.

Sometimes parents buy a present for their child that strains the family budget and then worry so much about damage to the expensive gift that the child is not allowed to enjoy it. An example might be an elaborate doll that cannot be cuddled and loved by the little girl it was bought for. Or parents often choose toys before the child is ready for them: an electric train that father plays with or a doll house like mother always wanted. It is easy to see why a child would resent receiving such a gift and then being forbidden to play with it.

However, many children receive so many toys at Christmas time that they cannot possibly play with all of them at once. Of course, choosing only a few toys that the children really wanted and would enjoy using would have been better but, when toys do pile up, you may want to put some of them away until later. In such cases, children should know why these toys are being saved. It is wise to explain plans for reserving toys at a time when you are not angry and when the children are not disturbed, so they will not consider this a punishment.

Caring for toys can be another sore point after Christmas. Encourage your children to care for, handle and store playthings so they will not be destroyed or left in the way of others without putting unrealistic limits on the use of the toys.

In a family of several children, each youngster should clearly understand which gifts are his own property and which belong to someone else or are group owned. Each child needs to understand and respect the rights of ownership. Once they do this, they can enjoy playing with their toys without fighting over them.

Another after holiday problem is the let down feeling that often settles over a family especially the children after the bustle of Christmas Preparation and the excitement of the holiday. Children may feel at loss for some activity before school reopens.

The need for sharing love is just as great after as during the holiday season, for gifts received at Christmas can never satisfy the child's need for warmth and love so much as some moments shared with you when they feel they have all your love and attention.

This is a good time for children to be with you and feel grown up by helping with routine jobs. You may want to let them help clear away

decorations that need to be boxed and stored for another year. This can save you from all the hard work and at the same time, help the children feel they are vital parts of the activities.

Helping with housework or running errands is another possibility. If praised and encouraged, the children will enjoy helping make beds or dry dishes, and these will take up some of their time as well as being good experience for them. Small children, especially, like to feel they are being helpful.

Finally, find some activities for the children that are new and creative. These will keep them from being bored and irritable. This also is a good time for quiet activities after the holiday excitement, and for the rest periods.

Bread Making

Baking Homemade bread is an ancient homemaker skill that is capturing the attention of many people today. The Boone County Extension Service is sponsoring a program on Yeast Breads on Tuesday, November 18th from 10:00 a.m. at the Boone County Health Department.

The public is invited to attend. A demonstration on the art of breadmaking will be featured. Ideas using variety flours, special holiday

breads, and a tasting party will be part of the agenda. Several pamphlets will be available to those in attendance.

First In Name - First In Service

Text and drawing by Kentucky Heritage Artist Robert A. Powell

Marshall Key Home Mason County

This stately, two-story brick house was erected in the early 1800's on a lot which Joseph Brown purchased from the Washington town trustees.

Col. Marshall Key became owner of the property in 1807. He was an outstanding citizen in the town and, on April 18, 1816, he married Harriet Sellman. She was the daughter of Dr. John Sellman, a pioneer physician and the first president of the Cincinnati Medical Association.

In the summer of 1833, Mary Dutton and Harriet Beecher (later Stowe), of the faculty of Western Female Institute in Cincinnati, visited Colonel Key's daughter, Elizabeth. During their visit to the Key home, Miss Beecher witnessed a slave auction on the lawn in front of the old stone courthouse. At that time Washington was the county seat of Mason County.

Later, in 1851, after her marriage to Prof. Calvin E. Stowe, the family moved to Brunswick, Maine, where Mrs. Stowe drew upon her experiences and observations in Kentucky to write the famous anti-slavery novel *Uncle Tom's Cabin*, which won great sentiment in the North and outrage in the South.

The Key house passed out of the family in 1866, and, from that time to 1879, it belonged to John and Charles Forman. The entrance from the sidewalk led through a beautiful Georgian doorway into a wide hall with winding stairway. To the left was a large room, 20 by 24 feet, with a fine, hand-carved mantel, and closets that reached from floor to ceiling.

The one-story frame portion on the right, containing three rooms, was added to the old structure about 80 years ago.

Not far from the Key house, standing among tall cedars on a hill overlooking Washington, a two-story house with wide veranda across the front was built in 1807 (the same year Marshall Key purchased his home) by John Chambers, who was later appointed Territorial Governor of Iowa (1841-45) by President William Henry Harrison. Chambers was brought to Washington from Lexington by his family when he was 14 years old. He served in Congress as a Whig (1828-29 and 1835-39) and is buried in the family burial ground near the home he built.

Kenton County Garden Club Meets

The club's October 23rd meeting convened at 8 p.m. at the R.E.C.C. Building, Nicholson with Mrs. William Straw, president presiding during the usual business session.

Members answered roll call by exhibiting sprays of autumn leaves, namely, chestnut, ginkgo, pear, pin oak, red oak, sugar maple, water maple, and sweet gum.

Mrs. Dora Pennington brought an appropriate devotional on trees. Her scripture selections were Psalms 19:1 and Psalms 23:1-5 and she read "Trees" by Joyce Kilmer and closed her devotional with prayers.

The guest speaker Mrs. Eugene Keith, head of the Industrial Arts Department, Simon Kenton High School was introduced. His topic was the "Identification of Woods and Finishes". He illustrated his interesting and information talk with specimens of wood, with types of finishes and explained the materials needed and methods of using them. Mr. Keith is a gifted and dedicated teacher. His pupils do out standing work at Simon Kenton.

Mr. Keith will conduct a workshop on woodcraft in his shop at Simon Kenton the evenings of November 10th, 13th, and 14th for the Garden Club members.

Members present were Mmes: Edwin Damon, Ralph Gauge,

William Guttridge, Dora Pennington, Terry Polly, Leontine Stephens, William Straw, Kenneth Webster and Misses Margaret Stephens, Elma Taylor, and Alice Jane Williams.

Co hostess for the meeting were Miss Alice Williams and Mrs. William Guttridge and they served a delicious pie and coffee during the fellowship hour which was following the meeting.

Their hospitality table was attractive with an unusual autumn floral arrangement, the courtesy of Hubbards Golden Keys Florists.

Meeting for November of the Club will be the 20th at 7:45 p.m. at the home of Mrs. Leontine Stephens and the program will be "Christmas Arrangements" by Miss Doris Wickland.

Card of Thanks

I wish to say thanks to all my dear friends and relatives for the nice cards, notes, and gifts of fruit and flowers that I received while in the hospital and the nursing home. Thanks to the kind nurses at both places.

Also to Rev. Harris and Rev. White for their visits, prayers, and words of consolation. All the folks that sent up prayers for my recovery, and to Dr. Waller for his visits and care.

May God Bless everyone of you.

Marian Marsh

Snyder's Comments
On Busing

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

Kentucky's Fourth District Congressman Gene Snyder announced today he had submitted a proposal for a Presidential Program to end busing within six months to the President's Domestic Council and to the Public Forums on Domestic Policy.

He said six regional forums have been scheduled in response to a Presidential directive to the Council to review Federal domestic policy. He had been invited to participate in a forum in Tampa on October 29th concerning the problems of eight states, including Kentucky.

Mr. Snyder said, "Though I couldn't attend because of my testifying that day before the Senate Judiciary Committee in favor of a constitutional amendment to bar busing, I could not let the opportunity pass to seek the support of the President's advisors and other states in backing a White House program to end busing everywhere as soon as possible. I urged the Domestic Council and the Public Forums to consider busing 'a front burner item' for discussion and to give my suggestions their immediate attention since the issue of court ordered busing is one of extreme intensity."

Snyder said the program he submitted essentially was an enlargement upon the suggestions he had presented to the Presidents in a letter September 11th. Key steps in the proposal Snyder hopes the Council and the Forums will urge the President to adopt include the following:

A call on national TV for an end to violence, and for prayers for a final Congressional solution to the busing crisis within six months, based on both the failures of busing and on the people's overwhelming opposition to it whether black or white.

An appeal to Congress with follow up action (1) to completely restrict for 18 months under Article II of the Constitution the appellate jurisdiction of the Federal Courts the whole area involving race in the schools and (2) to move legislation

Bit and Spur 4-H Club

The Bit and Spur 4-H Club recently attended a Community Pride Banquet, where they were given a Plaque sponsored by the Standard Oil Company. This is the second year this club has won this award. The Bit and Spur are active in collecting for various charities, bake sales, crafts, paper drives and donating some of their money and crafts.

In the pictures are John Benton receiving the Community Pride Award from Standard Oil Representative.

Bit and Spur members shown in picture are Mary Beth and Jeanne Baker, John and Mike Benton, Michelle Tager, Thomas Campbell and Miss Debbie Lamb and Mrs. Harold Campbell, leaders. Other members of the club that are not shown are Elaine Campbell, Debbie Ryan, Jeff Afterkirk, Sandy and Kathy Lanter, Mimi and Paul Tagher, Ernie McLoney, Jeanne and Roger Neumeister and Cindy, Angie and Lisa Parker.

on busing after adequate hearings out of the House and Senate Judiciary Committees so both Houses of Congress may thoroughly debate and vote upon the proposals. Announcement of action within the Executive Branch requiring Justice Department interventions in desegregation cases on appeal as originally suggested to the President September 11, 1975; restraining HEW from issuing any new orders or information and staying current orders in such cases; and impounding any funds that may be set aside for overseeing, observing, or collecting data on such cases.

**County Agent's
1/2 Acre** by: Joe Claxon

Treat lawns now for broadleaf weed control. Fall is one of the best times to take action against the broadleaf weeds in your lawn.

Treating the lawn now with herbicides to get rid of such weeds as henbit, chickweed, broadleaf and buckhorn plantain, dandelions, ground ivy, and wild onions. Lawns should be treated when temperatures are expected to be above 50 degrees F. but not higher than 80 degrees for three or four days.

One warning: Don't apply herbicides on newly seeded lawns. And, if you have spot seeded thin areas in an established lawn this fall, avoid those areas if you treat the rest of the lawn. Lawns seeded this fall, however, can be treated in early spring, since spring application of herbicides also gives effective control of broadleaf weeds.

First, find out what weeds you have in your lawn. Publications

identifying and controlling common lawn weeds are available at no charge from the Boone County Extension Office, Burlington, Ky. Phone 586-6101 Ext. 17. Or if you need help in identifying a particular weed, bring or send the plant to the Extension Office include foliage, as much of the roots as possible, and fruit or flowers, if available.

When you're sure what weeds you need to control, select the herbicide which will do the best job against them. Silvex or 2, 4-D or a combination of these two chemicals will control most broadleaf weeds commonly found in lawns.

To control certain weeds such as sheep sorrel and wood sorrel, however, decamba (banvel) must be used. This chemical is often available in combination with 2, 4-D.

Special care is necessary when applying any herbicide that contains decamba, since it can damage tree roots if used to near a tree.

There are many methods of applying herbicides, depending on whether they are available as granules, wettable powders, liquids, or wax bars. Liquids and wettable powders are used in a sprayer, diluted with water. Granulated material can be applied with a hand operated spreader or scattered by hand (using, of course, rubber gloves.) Wax bars containing herbicide are dragged over the lawn.

When choosing a herbicide remember that the kind of chemical it contains is more important than the way it is packaged. Keep in mind, too, that applying the herbicide evenly over the lawn is more important than the method you use to apply it.

Label directions on the herbicide package will tell you how much chemical to use per square foot of lawn and how to dilute the herbicide with water if you are using a liquid or wettable powder. Be sure to read and follow these directions carefully.

Also note any warnings on the label and take all safety precautions recommended. Like many other chemicals, herbicides can be harmful if swallowed and always should be kept away from food and out of the reach of children. Herbicides also should be stored away from fertilizers, seeds, and other pesticides.

What's In The Bag?

By
**Darwin Foley
Kenton County
Extension Agent**

Usually the fertilizer that costs the least per bag or ton is the most expensive when calculated on the basis of the plant food it contains. Since fertilizers are applied to supply plant nutrients that are not in the soil, you should buy fertilizers on the basis of cost per pound of plant food.

The amount of nitrogen, phosphorus and potash contained in a fertilizer is printed on the bag in numbers. These numbers simply refer to the pounds of a particular plant food in each 100 pounds of fertilizer material.

The first figure indicates the pounds of nitrogen (N) contained in each 100 pounds of fertilizer material. The middle figure refers to the amount of phosphate P2O5 and the last figure shows the pounds of potash (K2O) in each 100 pounds of a particular fertilizer.

The point is that if I recommend 100 pounds of nitrogen, phosphorus

and potash per acre you have several choices of fertilizer that will do the same work for you. You could put on 1,000 pounds of 10-10-10 per acre or you could put on 500 pounds of 20-20-20 and it would supply the same plant nutrients. You could also get the same nutrients per acre by putting on 300 pounds of ammonium nitrate (33-0-0) 500 pounds of superphosphate (0-20-0) and 200 pounds of sulfate of potash (0-50-0) per acre.

Fertilizers that contain two or more elements are called mixed fertilizers while fertilizers that contain only one element are called straight fertilizers. Straight fertilizers can be used to supply the same amounts of plant food as are applied in mixed fertilizers and will give just as good a crop response. The straight fertilizers, however must be properly mixed or applied by going over the land several times. Therefore all costs including time and labor should be considered in deciding whether to purchase a mixed or straight fertilizer.

Start your fertilizer program by bringing a soil sample to your Extension Office in Independence. Based on the crop I'll recommend how much plant food is needed. I'll also suggest a fertilizer. You can buy this fertilizer or substitute another for it. To substitute another one you should know what's in the bag.

Walton Woman's Club

Mrs. James Lee Cobb, President Walton Womens Club invited members and guests to meet in her beautiful home for the Club's November Membership Tea. Mrs. Cobb with co hostesses, Mrs. Dan Bedinger, Mrs. Bruce Wallace, and Mrs. Charles Allphin served frozen fruit salad, mint bread and mints and homemade candies. The table decorated in fall colors, flowers, fruits, etc. was exquisite.

After a gracious opening welcome from the President, Mrs. Leroy Ernst, Governor of the Fifth District Kentucky Federation of Womens Clubs was asked to read the Club Collect. It was an honor to have Mrs. Ernst visit our club. Later in program she gave an interesting short talk.

Mrs. William Brown, Spiritual Guidance leader for November read Psalms of Praise and Thanksgiving the 96th and portions of the 104th with inspiring comments. The Walton Womens Club and the Wa Na Club are cooperating locally in the pre school vision testing project. The committee is composed of Miss Louise Conrad, Mrs. Gayle McElroy, and Mrs. Leo Flynn. Miss Conrad gave an up to date and very interesting report on their testing report on their testing a few days ago of children in Walton Kindergarten.

Miss Rachel Acree, chairman of Civic Improvement has been busy recovering and photographing before and after pictures of Town Businesses, Homes, Lots, etc., that have been improved and those that may be.

Those who attended were: Guests, Misses Lita Fleener, Evan Hance, Claude Adams, Nell Egan, Ashland Logan, and Mrs. Leroy Ernst.

Members are Messrs. Thomas Neal, Carl Conner, Bruce Wallace, Charles Allphin, Alan Gaines, W.A. Belcher, Claude Thompson, and Stanley Vallandingham. Misses, Elma Taylor, Rachel Acree, and Louise Conrad. Messrs. Emma Johnson, Zayda Clore, Clifton Maybough, Sam Sleet, W.H. Presser, L.J. Cobb, Dan Bedinger, William Brown, John Hetteman, Wallace Grubbs, and W.W. Rouse.

... about your Social Security

Students, housewives, and other people planning to get holiday jobs should apply soon for a social security number if they don't have one, according to John Walter, social security district manager in Covington.

"Applications from people who don't recall having had a social security number before generally are screened against central files in Baltimore to make sure a second number isn't issued to the same person," Walter said. "Screening takes time," he said, "so you should apply for your number at least several weeks before you need it for a job covered by social security."

People can get information about applying for a number by calling or writing any social security office. More than nine out of ten jobs are covered by social security.

A worker builds retirement, disability, survivors, and Medicare protection by work and earnings credited to his social security number. "Your social security number is yours alone and remains the same for life," Walter said.

"When you get a job covered by social security, be sure your employer copies your name and number correctly from your social security card to his records."

People applying for a social security number for the first time may be asked to prove their age, identity, and citizenship, according to Walter.

"If you've lost your social security card," you get get a duplicate by contacting any social security office. You can get a duplicate faster if you can show the people there the stub that came with your original social security cards."

Angelic Twinkies

A project to keep little devils out of mischief during the holiday season let them join in the finger licking fun of making this "Littlest Angel." It's easy to assemble and will leave very little mess for mom to clean up afterwards. The body is made from Hostess Twinkies, always a favorite with the kids. Just add frosting and candy decorations and they'll have the ingredients for a whole afternoon of creativity. Here's all you need for this mini angel.

- 7 Hostess Twinkies toothpicks
- 1 6-inch styrofoam cone
- 1/4 cup ready to spread white frosting
- silver cake decoration
- 2 cloves
- 1 Hostess doughnut

Cut Hostess Twinkies in half length wise, separating flat bottoms from curved tops. Leave over night to stale slightly. Fasten halves with toothpicks vertically in two tiers around the cone. Toothpick two halves together for each wing and skewer to the top tier. Frost the cakes and sprinkle with silver cake decorations. Use cloves to make eyes in the styrofoam ball. Toothpicks doughnut to ball and ball to cone.

Apple Butter Bread

Tender moist Apple Butter Bread laced with chopped nuts and golden raisins, makes a savory addition to any fall menu. This quick bread can be mixed in seconds - whenever you have a few.

Apple Butter Bread is even better the second day. But you may have to make to loaves to enjoy the more developed flavor. The cinnamon apple smell wafting through the house is an invitation to slice and taste it.

If you haven't discovered the convenience of enriched self rising flour, now is the time. The salt and leavening are blended into the flour at the mill, saving you mixing and measuring steps, and possible mistakes.

More important, the nutritional contribution gives you three essential B vitamins - niacin, thiamine and riboflavin and the minerals, iron and calcium. They are added in the enrichment of self rising flour.

- Apple Butter Bread
- 2 cups enriched self rising flour
- 1/4 cup sugar
- 1 1/2 teaspoons ground cinnamon
- 2 eggs
- 1/4 cup apple butter
- 1/4 cup butter, melted
- 2 tablespoons apple juice or milk
- 1/2 cup chopped nuts
- 1/2 cup golden seedless raisins.

Stir together flour, sugar, and cinnamon. Beat together eggs, apple butter, butter and apple juice. Stir in nuts and raisins. Add liquid all at once to flour mixture. Stirring only until flour is moistened. Pour batter into greased 8" x 4 1/2 inch pan. Bake in preheated 350 degree oven for 55 minutes. Coll 10 minutes before removing from pan. Coll completely before slicing.

Huddleston Supports

Senator Walter Dee Huddleston voted for and supported legislation adopted by the Senate which provides that Senate committee meetings and hearings be conducted in open session unless the committee specifically votes to close them.

Huddleston described the legislation, popularly described as the Government in Sunshine Act, as "an attempt to open up the decision making process to the public so that everyone can know how and why decisions are made."

Huddleston said he believes, earlier years of open committee and mark up sessions, in which the legislation is actually drafted, have proved to be unfounded.

"I do not believe open sessions has hampered the drafting and passage of legislation," he said. "Rather, it has removed some suspicions and outright misinformation about the way Congress conducts its business."

Huddleston pointed out that this legislation leaves room for closed session when personalities or national defense is discussed, but only after a specific vote to do so. "Confidence in government is at an all time low," he added. "And opening up our meetings is one way to improve the public's confidence in its political and governmental institutions."

Card of Thanks

The family of Mr. Joe Wilson of Flakburg, Ky. wishes to thank friends and neighbors for their prayers, food and visits during the illness and death of our loved one.

Also a great thanks to Bro. Childers for their consoling words and help.

Marietta Wilson

Card of Thanks

Thanks to all who were so kind and helpful at the time of my accident.

C. Marvin Waller

The Store That Has You In Mind.

Celebrates 45th Anniversary

Mrs. Denver Binder, Mrs. L.J. Rapp, and Mrs. Ethel Mann.

The Staffordburg Homemakers celebrated its 45th Anniversary of extension work in Kenton County on Wednesday, November 6th at the RECC Building, Nicholson with 25 members, special guests, a pot luck luncheon, complete with anniversary cake and ice cream, and a poetical tribute written by Mrs. Bluch Rich.

Staffordburg was the first club organized in the county and the first meeting was held in the home of Mrs. L.J. Rapp, a charter member. It began as a Home Demonstration Club under the direction of Miss Zelma Byerly, County Home Economics Agent on November 4, 1930. Mrs. Rapp served as the first president and recalls that Miss Byerly did not drive and that she went to Independence to get her for this first meeting. There were 8 original members, Mrs. Rapp, Mrs. Ida Stephens, Mrs. Ethel Mann, Mrs. Stell Richardson, Mrs. Florence Stein, Mrs. Denver Binder, Mrs. May Binder and Mrs. J.A. Keeney. They have worked on some very practical projects over the years, canning, reupholstering furniture, basket weaving, refinishing furniture, slip covering, draperies, making hats and several of the ladies went to General Electric and made their own lamps. Mrs. Rich recalled one occasion where the club took up her living room rug and refinished the wood in a walnut stain. When they had a lesson on foods they would bring food to the meeting and cook it, thus having their lesson. The homemakers were in turn to teach the lessons to other women in their community. At this time specialists came from U.S. to give each lesson to the project leaders.

In 1931 there were 3 clubs, Staffordburg, Piner and Oak Island and on September 8th, 1931 an annual meeting was held on the Independence Court House Lawn complete with basket lunch and the Piner Club sang and Miss Myrtle Weldon, State Leader gave a talk for the program.

Beechgrove Homemakers

On November 4th, there will be on the ballot, "The Proposed Amendment to the Constitution". Leaflets explaining this amendment were given to the Beechgrove Homemakers at their October meeting by Lesson Leaders Mrs. Edward Andress, chairman of Issues and Concern and Mrs. Tony Sterbling. Booklets on "Our American Government" courtesy of Rep. Gene Snyder were also distributed. Mrs. William Wolsing and Mrs. Erwin Dewald were hostesses for the day. Mrs. Wilson Hall presided. "I have a Friend" by Joyce Kilmer was the thought for the day given by Mrs. William Letcher.

Mrs. Raymond McHale, Cultural Arts Chairman encouraged the members to attend the Performing Arts of which there are many outstanding programs in this area. A "White Elephant" auction was held to restore our very sick treasury. A huge success. The November meeting will be held at the home of Mrs. Edward Andress. There will be a Weiner Roast at the home of Mrs. Leroy Kumler on October 26th for the members and their families.

Other members attending were Mesdames Raymond Dickson, Thomas Ellis, Virgil Kelly, Gary Kelly, Leroy Kumler, William Skelton, Lloyd Spegal, and Faye Powers.

Programs On Landscaping

Green thumbs and homeowners who have been flustered by insects and diseases which attacked their lawn or other parts of their landscape can have these problems answered November 17th and 20th by specialists from the U.S. College of Agriculture Cooperative Extension Service.

A program on Home Landscape Insect Control will be presented on Monday, November 17th from 7:30 p.m. at the Union, Light, Heat and Power Building, across from IRS in Covington. Dr. Rudy Scheibner, Extension Entomologist will explain how to control insect pests such as sod webworm, white grub, bagworms, borers and may others. Dr. Scheibner is the author of numerous articles on insect control.

A program on Home Landscape Disease Control will be presented Thursday, November 20th at 7:30 p.m. at the Union Light, Heat and Power Building in Covington. Dr. John Hartman, Extension Plant Pathologist, will explain controlling diseases that attack your trees, lawns, and shrubs and will answer specific questions you may have. Dr. Hartman maintains the Disease Diagnostic Laboratory at the U.S. College of Agriculture.

The Kenton County Cooperative Extension Service is an Equal Opportunity Organization. Authorized to provide research, educational information and other services without regard to race, color, sex, or national origin.

There is no charge for either session and plenty of parking is available. Call the Kenton County Extension Service at 356-3155 so adequate materials will be available for all in attendance.

Evenings Of Entertainment

La Salette Academy presents an evening of entertainment and surprises on Friday, November 14th and Sunday, November 16th from 8 to 10:00 p.m.

The new and exciting Buster "L.S.A." Browne Dessert Theatre is located at La Salette Academy, 700 Greenup Street, Covington.

Pre-sale tickets are \$2.00 for adults and \$1.25 for children under twelve. Call 291-5355 noon to 3:00 any school day. Tickets may be purchased at the door, \$2.50 for adults, \$1.75 for under twelve. But the theatre may be occupied. For this price you will receive one double dip cone or one single dip sundae. Other desserts may be purchased at an extra charge.

Proceeds will help to pay the way for the Thespian Troupe 1993, which was chosen to represent Kentucky at the 4th International Thespian Conference which will be held in Muncie, Indiana in June, 1976.

FFA Will Travel

Approximately 450 members of the Kentucky Association of Future Farmers of America will travel to Kansas City, Missouri, the week of November 10th for the 48th National FFA Convention.

The Convention, which opens Tuesday, November 11th and ends on Friday is one of the largest annual youth events in the nation. More than 16,000 FFA members and guests from 50 states and Puerto Rico are expected to attend this year's convention. The purpose of the convention is to conduct national business of the FFA Organization and to recognize the accomplishments of FFA members. The Simon Kenton members attending Tim Smith, Wayne Cooper, Peggy Collins and Mrs. Alice Cheesman, Chaparone.

The Kentucky delegation will be led by Steve McCuiston, Calloway County State FFA President, Thomas Stratton, Anderson County State FFA Vice President and Eddie Leach, Ohio County State FFA Secretary, who will serve as the state's official delegates. Danny Gentry State FFA reporter from Bullitt Central is listed as an alternate delegate.

Seventeen Kentucky FFA members expect to receive the American Farmer Degree, the highest degree of achievement given by the FFA. These 17 candidates were selected from the 15,520 members for outstanding achievement and leadership in farming or agribusiness. Each Kentucky American Farmer receives a gold key, a certificate and a \$70 check from the National FFA Foundation.

The Ky. candidate already have been approved by the National FFA Board by the National FFA Board of Directors and National Officers. While they must be approved by the delegate body, recommendation by the governing boards usually is accepted.

The band members will go to Kansas City early to start practice sessions on November 9th. They will remain until the 15th to participate in the opening parade of the 1975 American Royal Livestock and Horse Show.

In addition to the members who have official parts in the convention program, may Kentucky vocational agriculture students just to view the proceedings. Robert Kelley, State Director of Agribusiness Education, Frankfort, reports vocational agriculture instructors over the state indicate that Kentucky's attendance at the Convention will total over 450 with over 100 local chapters being represented.

Your Representative Is Here

Congressman Gene Snyder's District Field Representative Jim Evans, will be in Room 310 of the Federal Building in Covington for most of the day on Wednesday, November 12th to help resident of the Fourth Congressional District who are having problems with the Federal Government. Those who wish to see Jim should call Congressman Snyder's Covington District Office at 491-0105 for an appointment.

Quick Step Refinishing

Jerry Bruce

Want to refinish without sanding, stripping, staining, or sealing? A free clinic will be held November 18th, at 10:00 a.m. at Wade YMCA in Covington, where you can learn how to easily refinish and repair furniture with Formby's new one step method of furniture refinishing.

Mr. Jerry Bruce will demonstrate the easy to use Formby methods to remove water rings, yellowed layers of wax and cigarette burns. Discussions will be held on furniture refinishing and repairing, proper finishing for wood, dent and scratch filling, and answer related questions concerning the care and repair of your furniture.

All Kenton County residents are invited to attend this course and demonstration, and may bring a drawer to easy to carry piece of furniture for expert on the spot directions on how to beautifully restore it.

SBA Representative

A Small Business Administration representative will be available in Covington, Kentucky, at the City County Building, Room 804, 301 Court Street, Tuesday, November 18th to discuss financial and management assistance available to small businessmen from 9:30 to 12:30 p.m.

Visits by SBA staff are made to Covington to reduce or eliminate the need for area businessmen to travel to Louisville for the agency's services.

Businessmen inquiring about an SBA loan are asked to bring with them current profit and loss statements and a balance sheet for the last complete business year. Persons not presently in business, but seeking financial help to start, should bring a current personal financial statement.

Additional information may be obtained by calling 684-1771.

BAWAC To Hold Open House

BAWAC, Inc. (Boone Adult Workshop Activity Center) will hold an Open House and annual Christmas Sale on Friday, November 14 from 2:30 to 8:00 p.m. and Saturday, November 15 from 12:30 to 4:00 p.m. BAWAC is now located at 7970 Kentucky Drive, Florence, Kentucky in the Northern Kentucky Industrial Park. Items available at the Christmas Sale were produced by the Earthstructures Department of BAWAC, and include organic wreaths and centerpieces, bakers art ornaments, pinatas, flowerpots, macrame hangers, house plants, and various other gift items.

BAWAC is a non-profit corporation dedicated to the training, rehabilitation, and employment of adults who are mentally retarded, physically handicapped, or otherwise developmentally disabled. The main emphases for training is through work generated by industrial subcontracting and various services to businesses. Contracts from companies provide a real work situation in which client-employees learn proper work habits, increase work skills, and earn wages.

Q. I have been in school since the beginning of the enrollment period and have yet to receive an educational assistance check. Can you help me?

A. You helped yourself with the inquiry. It was VA's first knowledge of your new address. Your checks were returned for lack of a forwarding address.

Health Care Village Proceeds

Work is under way on the first phase of St. Elizabeth Hospital South. Administrator Paul C. Bellendorf expects the first patient to be admitted to the 175-bed medical-surgical facility in approximately two years. The two-story health care institution is being constructed as a cost of approximately \$13 million on a 260 acre site bounded by Dudley Pike and Turkeyfoot Road. The wooded, rolling hill property is located near the Turkeyfoot exit of I-275.

"In addition to grading in preparation for the actual construction," explains Henry M. Mann, president of St. Elizabeth Hospital board of trustees, "we are now laying water lines and building a hospital service road. The road entrance is from Dudley Pike and is near the present St. Elizabeth Family Medicine Unit. The Hler Construction Company of Covington is contracted to do the site and road work at a cost of \$420,000." Future plans call for the main access road to be constructed from Turkeyfoot Road to the hospital.

Projecting, the St. Elizabeth board president adds, "Ultimately, we may see a 500 bed hospital as the center of a health care village. Preliminary plans already are underway for a residential care complex for the multiple handicapped and consideration is being given for a future day-care center."

Folling the grading and site development, there is the placement of caissons and then the actual construction of the hospital. The design concept is for all private rooms—each room having its own bathroom and shower. Two separate nursing wings will be located on the first and second floors. Support departments will be located in a separate three-story building which is adjacent and attached to the nursing wings.

The new hospital will have a fully staffed and equipped emergency department on the ground level and a four-room surgery suite located near a 10-bed intensive coronary care unit on the second level. Full diagnostic and therapeutic services will be provided by the departments of radiology, nuclear medicine, physical therapy, respiratory therapy, speech and audiology, clinical laboratory and blood bank, pharmacy, electroencephalography, and electrocardiology.

In Memory

Mrs. Eunice M. Alexander, 43, Highway 42, Walton, died Thursday, Nov. 6, at her home after a long illness. She was a member of the Beaver Lick Baptist Church, and a member of the Union Star Chapter of the Order of Eastern Star. Mrs. Alexander leaves her husband, Jack; two sons, Jackie and Mike; a daughter, Susan, all at home; her parents, Mr. and Mrs. Albert Rhodes, and a brother, Randall, all of Walton. Burial at Beaver Lick Christian Cemetery.

Advertise

"Everybody knows I'm in business because I've been here so long," a merchant told us the other day.

He had assumed that because he had opened his doors for business for many years, all customers knew he was there and what he had to sell. His remark might have been true at one time. But no more.

To prove this point very emphatically, the merchant needs only to take the time to check with utility companies to find what percentage of the population moves from place to place during just one year.

Nationally, the average is 30 percent and it would probably be about that around here. This means, if you don't advertise in your newspaper regularly, almost one-third of the population of your community may be a long time hearing about the benefits of buying from your store, and an appreciable number of these will probably never set foot in your establishment.

Newspaper advertising is good but word of mouth advertising is the best kind, right? Right. If you could only buy a word of mouth advertising, you'd have it made businesswise. But human nature enters into it, and say that for every 100 happy, satisfied customers you have, only one will ever open his mouth to tell another person about you. You could starve to death waiting for this type of advertising to pay off.

You're doing all right with the business you have. If you have been in business a long time or bought out a going business, chances are, you are making a living, and however, do you want to stay at your present volume level from now on? If a third of the population is moving each year, don't you stand a chance to lose some of your old customers?

It would appear wise that a merchant would want to replace those lost with new customers. And the only way you are going to do it is through consistent advertising in your newspaper. A progressive merchant wants to increase business every year, if at all possible or at least avoid sliding backward. Some day you might want to sell your business. Only a going business with increasing volume is going to bring the high dollar.

There are some businessmen who actually think that spending money for advertising is like gambling; you place your bet, throw the dice and hope you'll win. Certainly, there is an element of chance involved, but successful business people give a lot of thought to advertising and offer customers real buys in order to increase their chances of making advertising work for them.

With spiraling inflation, unemployment growth and the increased reluctance on the part of the customer to buy at any price,

now is an excellent time to reach customers. Today people actually sit down and go through their newspaper for the definite purpose of reading the ads to find the best buys. If your advertising does not appear regularly in your newspaper, it is a tip off that you have no special prices or services to offer the buying public.

The buying habits of people today are either non existence or change so rapidly that merchants must be on their toes like never before. It is not unusual for people to drive many miles just to shop at a business establishment that is having a special sale event. Yet those same items may be just as good a buy in their own hometown stores, if the public only knew about them.

The businessman who stays abreast of changing attitudes and buying trends, through the use of logical, well written and regular newspaper advertising, will be many sales ahead of the die hear who keeps telling himself he has been around long enough that everyone knows where he is and what he sells.

Some good points in advertising for the merchant are:

Buy enough space in the newspaper so that your ad will attract readers.

Be honest in your advertising so your customers will know they will get fair treatment from you.

Offer genuine bargains or service. Set an advertising goal or budget to provide continuity with customers.

Advertise every week week after week and the customers will begin looking for your ad in the newspaper, and your store when they shop.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, November 13th

The planetary aspects indicate some bad weather for the week ahead, cold, freezing, and rainy, and I hope I am wrong in my interpretations, if you have any trees or shrubs that need pruning, trimming or transplanting any time today would be right for getting the job done. If you want your hair to grow back fast and thick visit your

Spirit-Toons

by: J. Cleek

MAN is the ONLY animal that lies STAND-ING UP.

You're Right Sherlock! They Lead Right To

Click's Quick

Walton, Ky.
Main Street
at the Stop Light

barber or beautician today but if you want a permanent wait until next Monday or Tuesday and it will still look nice through the holidays.

Friday, November 14th

The moon in Aries today and tomorrow plan to do some home baking either day I understand apples are still plentiful and reasonable in price so if you make up some apples pies and put them in the freezer you won't have so much to do over Thanksgiving and Christmas and if you make a fruit cake now it should be just right for Thanksgiving. I expect pumpkins are a little cheaper since Halloween is over and homemade pumpkin pie is a lot cheaper and tastier than the commercial assemble line products sold in the stores.

Saturday, November 15th

The aspects indicate you will be in full of ambition during the morning hours so if you start in on the house cleaning it won't take long to get the job done and you will have the rest of the day for shopping and visiting this is a safe day for traveling so you might want to visit some distant friends, give them a call before you leave and you will probably be invited for the weekend. If you are buying real estate finish the deal next Monday or Tuesday if you want to keep the property a long time.

Sunday, November 16th

A day of hope and self reflection and a few words from Archbishop Fenelon may help you have a better insight with your reflections, "Never let us be discouraged with ourselves. It is not when we are

CRITTER column

Does Your Dog "Speak"?

By: Sue Johnson

Did you know that dogs have a language all their own? Because the dog is so dependent on us, we are obligated to try and understand him.

Fido learns our language more readily than we learn his. He is more patient and observant.

When he speaks to you with his voice, his meaning is usually pretty clear. The mournful howl hardly needs an interpreter. He is grieving for someone, or telling you he is lonely.

A dog's high, sharp yips, wagging tail and quick squats flat to the ground say he wants to play and is ready for a romp.

But beware of a growling dog, for he is warning you to "stay back." Every hunter is familiar with the game dog's speech. While on the chase, his voice is an excited, rumbling war cry. But once he treads his quarry, it changes to a series of short, deep yowls.

The dog also conveys messages with his tail. A wagging tail signifies a happy, contented mood. When his tail sinks between his legs, you have a depressed canine on your hands. A frightened dog's tail clings to his stomach.

The dog's eyes, being quite expressive, probably tell us the most about his mood. Who can resist any pooch when he stares up with dark, liquid-soft eyes!

Some dogs actually seem to show a sense of humor by grinning.

Examine your pet more closely and pay attention to him.

You will discover that his many individual personality traits and expressions will help you to understand him more thoroughly.

conscious of our faults that we are

the most wicked; on the contrary, we are less so. We see by a brighter light; and let us remember for our consolations, that we never perceive our sins until we begin to cure them."

Monday, November 17th

If you made an appointment with your beautician for today or tomorrow you can get that long lasting permanent wave that will look nice all through the holiday season. Weather permitting this is the right time, pour concrete, set fence posts, or do any painting either inside or out, if you stretch any wire fence at this time it will have a tendency to sag so best wait until December 6th

Tuesday, November 18th

This is the day to start any project requiring a lot of self discipline, think over some of the bad habits you have acquired like eating too much of the wrong food such as snacks, candy, and cokes, smoking too much from habit and really not enjoying the taste or sipping of beer when you are thirsty, when you know water would be healthier and cheaper, Samuel Johnson once said, the chains of habit are generally too small to be felt and until they are too strong to be broken.

Wednesday, November 19th

The moon entered the air sign, Gemini early this morning so this is the kind of a day to reflect on your friendships, if you have some older friends nearby just drop in for a friendly hello and make the day a little brighter for them spend the afternoon or evening writing some letters, once you start writing you will remember plenty of interesting news and maybe send a few clippings from the Advertiser to let a one time resident know what is going on in the old community, things we take for granted would probably give them a great surprise.

Model Train Exhibit

The Cincinnati Gas & Electric Company's 30th annual Christmas model train exhibit will open December 1st.

The trains will be on display in CG&E's Fourth and Main Streets lobby from 8 a.m. until 5 p.m. Mondays through Saturdays, through the month of December except on Christmas Day.

More than three million persons have seen the holiday exhibit since it was established in 1946. The trains have traveled over 30,000 actual miles in that time.

The largest portable model train layout in the world, measuring 20 feet by 45 feet, the exhibit simulates the "Magnolia Cut Off" of the Chessie System's Cumberland Division.

The steam locomotives are patterned after the standard Chessie System trains, on the scale of one quarter inch to the foot. Also included in the display are stations, section houses, coal tipples, turntable, roundhouse, sand bins, water tanks and signal towers.

Mini Workshops On Maxi Problems

Called a mini workshop on a maxi problem, Northern Kentucky Comprehensive Care will sponsor a workshop on sex offenders at Thomas More College, Saturday, December 6th.

The program, beginning at 8:30 a.m. with registration, will have discussion and lecture leaders Sister M. Benita, Vincent Fallis, Jerry Weber, and Drs. Karen Lozano, Maria Pinho and Joan Lee. Case histories of a rapist, an exhibitionist, and incest will be presented in addition to discussion of a rape crisis center.

Dr. J.E. Willett, executive director of Comprehensive Care, will summarize the discussions at a closing session.

Further information may be obtained at the Comp Care office, 207 Garrard Street, 431-3052.

December Meeting Simon Kenton PTA

Mrs. Joseph Gadd, president of the Simon Kenton High School PTA, has announced the December meeting will be on Thursday, December 4th at 7:30 p.m. in the cafeteria.

Mr. Crowe, director of the chorus and Mr. Dan Daniels, band director will be in charge of the program. This will be mostly Christmas music, so come out to your PTA and enjoy this program.

November 24th Walton Verona PTA

The Walton Verona PTA will meet in the band room of the Walton Verona High School at 7:30 p.m. on Monday, November 24th.

Carol Roland's class from the Methodist Church will be in charge of the worship.

Mr. Bill Mathis will speak on "Crime Prevention." Mrs. Lee will give us some information concerning her work as a Guidance Counselor.

Awards will be presented to winners in the poster contest. This should be a very interesting and informative meeting.

Please plan to attend.

Fish Fry & Bar-B-Que

The Union Volunteer Fire Department will be holding a fish fry and bar-b-que on Friday, November 21st in order to raise money for the Building Fund.

A carry out will be furnished with homemade bake goods and items of different varieties.

A bargain table will be set up for you to browse around and buy with a turkey being given away for a door prize.

This dinner will start at 4:00 p.m. and will end when the people do.

Come out and support the building fund and the fire department.

Toy Safety Meeting

The December meeting of Concerned Consumers will be on Toy Safety. A buyer from a local department store will discuss various aspects of safety and toys. The meeting is Tuesday, December 2nd at 7:30 p.m. in the community room of the Union Light, Heat and Power Company, Covington, Ky. Free transportation is available call 491-4444.

Independence Town Meeting

By Luellen Wolsing, Reporter

Independence held a regular town council meeting on November 13th at the county courthouse. The city clerk read the minutes from the previous meeting and they were approved by the council. Those members attending were Mrs. Richardson, Mr. Tillett, Mr. Warren, Mr. Pennington and Mayor Schadler.

The first item discussed was the recreation field at intersection of Madison Pike and Sylvan Drive. It was decided that more fill was needed and this would be put on the field weather permitting.

Information concerning street lights were given to the council by Mr. Warren and Mr. Pennington. Lights will be put on Persimmon Drive although this will take from two to three months. Most of the planned lights on Cox Road and Oliver Road will not be placed until members of the council talk with citizens who do not want the lights. A light was requested at the intersection of Sylvan Drive and the new street recently built in the subdivision.

Mayor Schadler told the council that he had contacted the proper authorities about requested street signs on Independence Station and Bristow Road. He also said that more signs would be placed on Due Victor. The city had also contacted authorities about several bad drop offs on Taylor Mill and were informed that these would be fixed.

A complaint was made to council about weeds on a section of Marilyn Drive. It was discussed that weeds on other city streets were even worse and the city was not ready to purchase the necessary equipment yet.

The next item was the bills and these were accepted. The city attorney then informed the council that he had sent the mortgage papers to the fire department's lawyer and all that was needed was a signature.

Mayor Schadler brought up that incoming tax money could be applied to the outstanding debt to reduce interest payments. Mr. Tillett made motion to this effect and it was carried. Mayor Schadler also asked council to consider the possibility of paying the \$10,000 revenue sharing payment a month earlier to the fire department to save a month's interest. A motion concerning this was made and carried.

The council was asked by Mr. Schadler if the city wanted to place dumpsters at points in the city as they had done previously. A discussion was held and Mr. Schadler said he would check on prices for the dumpsters for the next meeting. A motion was made and carried that the city would advertise for bids for garbage collection although the incoming council would decide on the selection of a company.

A complaint was made about a business operated out of a home and this was referred to the building inspector. There was also discussion about placing load limits on city streets but this was referred to the new council.

Mr. Warner Cox then made a report on the progress of fire house number three. The deed had been signed and registered. Both the city and NKAC had approved the site. Plans for the building which will include a community hall should be ready in January. A separate ledger was requested for the money that the city had loaned the fire department. The council was informed that one was already made. Also it was decided that a new column would be placed on the monthly financial report concerning transactions with the fire department. There was some discussion about the air conditioner to be placed in the city office. After this the meeting was adjourned.

March of Dimes

Arthur Tanner, Jr.

Arthur Tanner, Jr., First Vice President of the Florence Deposit Bank, in Florence, has been appointed Treasurer for the March of Dimes in Boone County for this year's March of Dimes fund raising drive.

"We want to make everyone aware of the serious problem of birth defects," says Mr. Tanner. "And we hope they will join us in the fight that may one day save future generations from the threat of congenital mental and physical handicaps."

As treasurer, Mr. Tanner will assist in the fund raising activities such as the January Mothers March and special youth activities.

"Boone County residents can contribute to other ways than giving money," stated Mr. Tanner. "They can volunteer their time and energies to making the campaign a success."

Mr. Tanner is married and has two children and has been a resident of Florence for 51 years. He has been with the bank for 27 years.

Places Second

By Luellen Wolsing, Reporter

November 15th was the day of the finals of the NKIAC Tournament held at Walton Verona's Gymnasium. The game between St. Henry and Walton. Each of these teams had defeated two other teams in the conference before reaching the finals. St. Henry defeated Augusta in the first game and Bishop Brossart in the semi finals. Walton Verona had defeated Gallatin County and St. Thomas in the semi finals.

Before the final game there was a consolation game between Brossart and St. Thomas with St. Thomas defeating Brossart with a score of 78 to 63.

The starting line up for Walton Verona Beacrats were: Seniors, Lenny Spicer, Sam Mosley, Dan Dixon and Fred Leicht, A Junior, Jeff Afterkirk also started. The first quarter started with the Beacrats getting the tip off but the first points were put on the board by St. Henry. At the end of the first quarter Walton Verona led the Crusaders by one point with score of 11 to 10.

Again in the second quarter Walton Verona got the tip off and kept the lead. At half time the score was 25-23. St. Henry tied the game in the third quarter but at the end of the third the Beacrats still had the lead by three points.

In the fourth quarter St. Henry got the tip off. Then the Crusaders tied the game up 45 to 45 with seventeen seconds left in the game. Neither team was able to score and the game went into overtime. The score at the end of the overtime was St. Henry 52 and the Beacrats 50.

During the game, Dan Dixon scored over 20 points and Lenny Spicer scored over 10 points. Other players that participated in the game were seniors: Rick Sargent and Geoffrey Coyle, Sophomore, Dave Rumsey and Freshman, Reggie Johnson.

After the game, awards were given and the NKIAC Conference Allstar Team was named.

The fourth place team, Bishop Brossart was given the game ball, a third place trophy was given to St. Thomas, the runner up trophy to Walton Verona Beacrats and the first place trophy to St. Henry.

Dan Dixon and Lenny Spicer received trophies for being named to the NKIAC Allstar Team.

Congratulations boys on being selected to the team.

Just A Reminder!

The Ham Dinner will be served from 4 to 8:00 p.m. on Friday, November 21st at the Walton Methodist Church.

Baked: Kahn's Ham, parsley potatoes, green beans, homemade yeast bread, iced tea or coffee and pumpkin pie will be served for a delicious meal. There will also be a crafts and handmade gifts table for any one browsing to buy.

Give your entire family a treat and buy your tickets to the Ham Dinner.

Turkey Shoot

The Walton Lions Club is sponsoring a Turkey Shoot on Sunday, November 23rd at Barrell Lake in Walton from 1:00 p.m. until dusk.

The public is invited to come on out and join the fun.

Social Scene

Mr. and Mrs. Jack Berkshire, Danny, Sandy and Ed were last Friday night dinner guests of Mr. and Mrs. Chester Sturgeon.

Mr. and Mrs. Clifford Stephenson of Verona and Mr. and Mrs. Chester Sturgeon spent last week in Kansas City at the American Royal Stock Show and Rodeo.

Mrs. Georgia Greene and Mrs. Rita Harper entertained on Sunday for their husband's birthdays, at the home of Mrs. Greene, where they all enjoyed a delicious turkey dinner. Those who enjoyed the occasion were Mr. and Mrs. Jim Ellis and boys of Erlanger, Mr. and Mrs. Larry Greene and family of Florence, Mr. and Mrs. Ron Harper of Walton and Mr. Woodrow Greene.

Mrs. Georgia Greene spent last Thursday with Mrs. George Henry of Warsaw, Ky. in the afternoon they visited with Mrs. Greene's niece at Kings Daughter Hospital in Madison, Indiana.

Mr. Wesley Burgess is a patient at Booth Hospital.

Mrs. Pam Ramsey and Mrs. Lenora Korte held a bridal shower at the home of Mrs. Ramsey's mother on Beaver Grade for Miss Patty Raybourne. She received many nice gifts and the shower was enjoyed by all her friends and relatives.

50th Wedding Anniversary

Mr. and Mrs. Virgil Perry, of Little Cruise Creek Pike, Morningview, Kentucky, will celebrate their 50th Wedding Anniversary on November 23rd at Latonia Lakes Club House from 1:30 until 6:00 p.m.

Friends and relatives are cordially invited to attend.

They have three sons, Virgil Jr., Donald and John, one daughter, Ruby Baumgarden, twenty grandchildren, and four great grandchildren.

Happy Anniversary, Mr. and Mrs. Perry and may you have many more.

Card of Thanks

We wish to thank every one who helped in any way during the illness and death of our loved one.

The Walton Life Squad, the nurses and doctors at St. Elizabeth Hospital and all our friends, neighbors that called at home and phone calls.

All donations of foods and flowers.

The Hamilton Funeral Home for the beautiful music and services and Bro. Kennady for beautiful words at the services.

It will always be remembered by the family of Conley Lee Leek.

The Family

Receives Award

The Walton Advertiser has been awarded the Heart Fund Citation, with recognition and appreciation of outstanding service in advancing the heart program and stimulating public support toward the conquest of diseases of the heart and circulation by State Campaign Chairman, Jesse Stewart and President, H. B. McWhorter, M.D.

Walton Homemakers Thanks Miss McMillian

The Walton Homemakers would like to thank Miss Cindy McMillian for taking time out to demonstrate the art of scarf tying and giving a few fashion tips at the regular monthly meeting held at the Methodist Church on November 14th. Cindy, a 1975 Morehead State University Graduate, is the daughter of Mr. and Mrs. Donald McMillian of Walton. She is now employed as a 4-H Staff Assistant in Burlington.

President, Mrs. Donald McMillian, opened the business session by leading members in reading the Homemakers' Creed. The devotion was given by Mrs. Leo Flynn, referring to Psalms 19:1 and Psalms 21:1 and reminding us to count our blessings.

It was announced that the Christmas Party will be at Boone Tavern in Berea on December 12th leaving Walton at 9:30 a.m. It was also decided that instead of exchanging gifts this year we would use this money for a more worthy cause.

Following lunch, served by hostesses, Mrs. Don Rice and Mrs. Paul Beighle, members had a plant exchange.

Mrs. Gayle McElroy, Mrs. Gaines Huey, and Mrs. R.C. Hinsdale presented the program on "Interior Landscaping" to the following members: Mesdames Paul Beighle, James Burden, Leo Flynn, William Gibson, Harry Henson, Tom Hodge, Don McMillian, Frank Penick, Nelson Popham, Don Rice, Walt Ryan, John Woods, Miss Rachel Acree, and we are happy to welcome Mrs. John Grubbs as a new member.

Completion Of Gunnery Tests

Army Private William P. Hines, 19 son of Mr. and Mrs. William F. Hines of Independence, Ky., completed annual tank gunnery tests in Gratenwohr, Germany, October 24th and he is a tank driver in Company A, 4th Battalion, 69th Armor, 1st Brigade of the 8th Infantry Division in Mainz.

The exercise measured the unit's ability to detect and destroy targets in simulated combat.

Pvt. Hines entered the Army last February and completed basic training at Ft. Knox, Ky.

He is a 1974 graduate of Simon Kenton High School.

Baptist "M" Night

"We hold these truths" is the theme for the annual "Mobilization" event. The Baptist churches of the Ten Mile Association announce that the "M" Night gathering will be at the Pleasant Home Baptist Church at 7:30 p.m. on Monday the 24th of November.

Dr. Dwayne Conner, pastor of the Erlanger Baptist Church, will be speaking on "The Baptist Contribution to Religious Liberty." Today, Baptist can be proud of the early Baptist settlers who stood up against the establishment of the state church system in our country's thirteen original colonies. Within our changing nation of today, dedicated Baptist have many opportunities to contribute to Christian citizenship, religious freedom and personal liberty.

A brief drama entitled "Truth, Freedom and Church the Sunday Night Place" will be featured by the Oakland Baptist Church. The program will also include special music presented by the Vine Run Baptist Church Choir and New Bethel Baptist Church Children's Choir.

Everyone is cordially invited to enjoy a meaningful spiritual experience.

"Old Town" Covington

The Park & Shop Corporation of Covington announced the Grand Opening of Downtown Covington's new Plaza Parking Lot at Pike and Washington Streets in downtown Covington. The opening of the lot set the stage for the revitalization of central Covington based on the 1890 "Old Town" theme. This new Plaza Parking Lot provides 125 spaces available to customers shopping at participating merchant's stores.

To celebrate the Grand Opening a ceremony at 12 noon on Friday, November 14th included a brief concert by the Holmes High School Band together with the formal dedication ceremony. The parking lot is a cooperative effort of CURE, the City of Covington, Retail Merchants and the Park & Shop Corp. To further celebrate the opening, events were planned for Saturday with events including an Antique Car Show and an old time Flea Market in the 7th. Street Right of Way between Madison and Washington.

Tied in with the events was a strolling Barber Shop Quartet which will entertain shoppers in the downtown area.

The new Plaza Parking Lot reflects the proposed "Old Town" theme to be introduced throughout downtown Covington during 1976. This includes brick sidewalk treatment, cobblestone driveways, old time lamps, landscaping, and other amenities. The total cost of the lot is \$250,000. The Covington "Old Town" Plaza has been designed and the construction contract will be awarded early in 1976 for completion by September of '76.

Pastoral Atmosphere At Kenton County

The pastoral atmosphere will be preserved when the new Kenton County High School is built in the northern part of Taylor Mill City.

Robert Ehmet Hayes, Architect for the county's third high school told the Kenton County Board of Education that he would leave untouched a woodland area a few hundred yards from the school.

"Some of the trees have spreads of 80 feet," he informed the board when he was outlining the tentative master plan and ask for board member recommendations.

In planning the new school of two floors, he said that room would be left for a middle school and an elementary school on the same tract. Utility lines and service roads would be available to all three schools if and when they are built.

The high school would have, under the Hayes plan, a lecture hall theater, a cafeteria which could be used for meetings and school dances and a gym with a seating capacity of 1500.

A football field, practice field, areas for softball and baseball, a track and tennis courts also are included.

The board instructed Supt. Robert Barnes to go ahead with the purchase of 78.5 acres for \$235,731.

Pastoral Atmosphere At Kenton County

The pastoral atmosphere will be preserved when the new Kenton County High School is built in the northern part of Taylor Mill City.

Robert Ehmet Hayes, Architect for the county's third high school told the Kenton County Board of Education that he would leave untouched a woodland area a few hundred yards from the school.

"Some of the trees have spreads of 80 feet," he informed the board when he was outlining the tentative master plan and ask for board member recommendations.

In planning the new school of two floors, he said that room would be left for a middle school and an elementary school on the same tract. Utility lines and service roads would be available to all three schools if and when they are built.

Bicentennial Celebration & Open House

The Piner PTA will meet on Thursday, November 20th at 7:30 p.m.

The program will consist of our Bicentennial Celebration with a fashion show for any child who would like to participate.

Prizes will be awarded to those who are in the most authentic dress. We would also like to invite parents to dress for the evening.

Miss Berna's choir will present music for the evening and we will have open house.

Refreshments will be served after the meeting so please try to attend for an evening of fun.

Kenton County Homemakers

The concerted efforts of 42 Kenton County Homemakers Clubs were most effective in bringing a preview of Christmas to many hundreds of visitors.

The homemakers annual display took place recently at Immanuel Methodist Church, Edgewood.

In colonial dress Mrs. Anna Myers, County Extension Agent, in Home Economics, Mrs. Debbie Delaney, Asst. County Extension Agent in Home Economics, and Mrs. Richard Gibson, President of Kenton County Homemakers, greeted visitors and giving our information on all levels of the homemakers organization.

"As You Like It" was the theme and each club exhibit had a hint of international flavor in honor of this first year of the Elsie Matchett International Scholarship award. Many bicentennial ideas were also shown to celebrate the anniversary of our country.

The Forest Hills Club took the prize for the most popular exhibit and the main attraction was a beautiful doll house created by Mrs. Rose Weinrich. The exhibits were voted on by visitors and the pennies collected from the voting will be used for the Elsie Matchett International Scholarship award which has been set up to aid foreign student in the study of home economics.

A wonderland of gifts and decorations were fashioned from milk cartons, egg cartons, stain glass, medicine bottles, spools, cotton balls and marshmallows, etc.

They were also made from all types of weeds, nuts, pine cones, all types of handwork and bread dough.

Patchwork was very popular this year with wreaths, stockings, and center pieces created from patchwork.

The display could have been titled "Ideas Unlimited" and this year the public responded with note book and pencils in hand as they filed through the fellowship hall to view the displays.

Two ladies from each club were on hand at each exhibit to tell visitors what each item was made from and recipes, patterns and instructions for doing the different crafts were also given to interested guests.

This annual free display, is to illustrate the hundreds of clever, original and beautiful gifts and decorations of our community so that they may plan for a happier, more creative Christmas.

The display is presented each year as a public service by the Kenton County Homemakers Association and Mrs. Howard Stafford served as chairman.

General Motors Reports Happenings

A car of the size of the current Chevrolet Vega would be the largest you could buy ten years from now if legislation before Congress is approved, the Covington Chamber of Commerce Breakfast Meeting was told today by a General Motors executive.

"Approval of the proposed 28 miles per gallon average for 1985 automobiles could result in exactly that situation," said J.C. Green, Assistant General Sales Manager, Eastern Region, Chevrolet Motor Division.

"Such mandatory fuel economy legislation could, in addition, cause serious dislocation in our industry and increased unemployment among people in it and those dependent upon it."

"We need no greater incentive than offered by the changing demands of the marketplace to improve the fuel efficiency of our products," Green continued. "In fact, the 1976 GM car line, compared car to car will average five percent more miles to the gallon than this year's."

"The increased rises to about nine percent if the greater number of small cars GM expects to sell is included," He added, "and that's on top of the 15 percent gain registered by the 1975's over the 1974's."

GM's 1976 models will be placed by the Chevrolet Chevette to be introduced in September.

"The most economical models of the Chevette will get around 40 miles to the gallon on the Environmental Protection Agency highway test and up to 30 miles to the gallon on the city test," Green said.

General Motors is underway with a multibillion dollar program "the most ambitious and costly in our peacetime history" to produce increasing numbers of more efficient family size cars.

Weight is a most important factor in determining fuel economy," Green explained.

"In the next five year, our larger cars will shed more than 1,000 pounds in many cases."

"The regular cars of the future will be more the size of the 1955 models than our 1975's but they will have ample interior room for 5 to 6 adults and their luggage."

Improved design efficiency and substitution of lighter materials in components is helping to reduce weight. For instance, Green said, GM has developed a transmission which will save 35 pounds per car and aluminum rather than steel bumper reinforcement bars which cut weight in half with no loss in effectiveness.

Green said GM will keep its commitment to improve fuel economy of its cars by 53 percent between 1974 and 1980 from 12.2 to at least 18.7 miles per gallon.

Cooperative Club Holds Meeting

The Cooperative Homemakers Club met at the home of Mrs. Wilma Porterfield on Garver Avenue, Erlanger on the 11th of November.

The club opened by singing "Onward Ever Onward" and this was followed by the Kentucky Homemaker's Creed. Mrs. Veron Porterfield led the devotion, she read eight verses of the fifth chapter of Thes. The lesson was on "Clothing and How To Improve Your Wardrobe."

The twelve members who attended were Mrs. Anna Mae Jones, Mrs. Charles Alexander, Mrs. Acie Davis, Mrs. William Smith, Mrs. Fred Kirtley, Mrs. Veron Porterfield, Mrs. Kenneth Kennedy, Mrs. Charles Spriggs, Mrs. James Riddell, Mrs. Walter Sleet, Mrs. Charles Vance and the hostess, Mrs. Evert Porterfield. A nice luncheon was served and enjoyed by all.

"The fuel economy improvements we will be making in the next five years to meet our customers' demands will result in a projected decline in oil consumption of about a half million barrels daily," he said. The catalytic converter was credited by Green with being a major factor in fuel economy improvement because it permitted GM to retune engines for better mileage and performance by disposing of pollutants after the combustion process.

The nation's car buyers will continue to dictate the size and type of vehicles they want consistent with energy availability, just as they always have, Green said.

"Actually," Green said, "of all the major consuming sectors in this country, auto travel is the only one I know of that is projecting a decrease in energy use in the next few years, but inappropriate fuel economy legislation and emission regulations could reverse that trend."

"Despite our ambitious programs and all the money we're going to spend, much of the improvements in fuel economy we expect to make could be wiped out by tougher emissions standards."

Sermon

**Esteeming Others
Better Than Ourselves**
Genesis 44:18-23, 30-34

Henry Ward Beecher observed that "our gifts and attainments are not only to be light and warmth in our own dwellings, but are to shine through the windows, into the dark night, to guide and cheer bewildered travelers on the road."

Emerson declared that "the selfish man suffers more from his selfishness than he from whom that selfishness withholds some important benefit."

The Note of Uncertainty
Genesis 44: 18-23

These chapters in Genesis (43-44) are still concerned with the providence of God as demonstrated in the life of Joseph.

You will recall that Joseph demanded of his brothers that they bring their younger brother, Benjamin back to Egypt with them. After a period of great reluctance Jacob finally agreed for Benjamin to return with the others to Egypt. It was Jacob's son Judah who laid his life on the line for Benjamin's protection.

The story is familiar how Joseph's silver cup was placed in Benjamin's sack. The brothers were so sure of their innocence that they agreed that whoever among them had taken the cup should die. The cup was found in Benjamin's sack. We turn now to the focal passage. There is obvious note of uncertainty of Judah approaches Joseph and pleads for the life of Benjamin. Judah recounts the details of what had taken place concerning Benjamin's presence. He carefully reminded Joseph that it was therein the first place.

Uncertainly not knowing what will happen next is often an unbearable punishment. From the note of uncertainty we turn to that of selfishness.

The Note of Unselfishness
Genesis 44: 30-33

There is an urgent concern in the plea of Judah as he tries to envision their return without Benjamin. These are the thoughts and words of one who has come to know how one life can become wrapped up in the life of another.

MOUNTAIN MOMENTS

Cumberland Gap Cannonballs No. 2

One Sunday afternoon a few weeks ago, my son, Michael and I went for a hike on part of the Wilderness Road Trail.

Michael had broken his collar bone the week before and we had to take the hike rather slowly, but this slow pace helped me keep up with him!

This wasn't the first time I had traveled this particular path, because as a growing boy I made the trip several times. And to keep a promise about a story on cannonballs, let me tell you about one of them.

When I was about 15 years old my brother and I hiked from our home in Middlesboro to the point where the old Wilderness Road crosses U.S. 25 E. We left the highway and got on

the trail into the woods.

Not far from the intersection is a rock marker built in the shape of a pyramid. A plaque reads "Daniel Boone's Trail from North Carolina to Kentucky, 1775. Erected by the Kentucky Daughter of the American Revolution, 1915."

Key and I climbed on the huge marker, yelled like Indians, and continued our walk.

Our destination was the old iron furnace in Cumberland Gap, which is no more than half a mile away from the Boone marker. Since our hike t here nearly 20 years ago, the old furnace has been put in tip top shape and is visited by thousands of tourists each year.

The furnace was fired with charcoal and reached its peak production in 1877 and only three short years later was destined to become cold and idle due to new techniques being developed at Birmingham, Alabama and some northern cities.

After exploring the iron furnace, we began our trip back home, but decided to take a shortcut through the woods. We ran and played in the leaves until both of us were

exhausted and we then lay down to catch our breath.

When I fell down I hit what I thought was a rock, but upon closer examination I discovered a small cannonball at least a round ball of iron. We examined it carefully and took it back with us.

For years the object was kept in my bedroom where I showed it to friends who visited us on occasion. I don't know what happened to the "cannonball" but I suppose it has gone the way of so many other priceless objects.

It seems that we cannot really appreciate some things until they are lost or taken away, and there must be a lesson here for us.

Let's not lose those things that are important: friends, ideals, customs too precious to cast aside, and the most important one: faith in God.

Well, when Michael and I returned to the car from our trip, we sat down to rest. He looked up to the pinnacle and at the soft white clouds drifting by, and at the beautiful blue sky, and

said, "Boy, Daddy, that sure is pretty!"

The real meaning of it all was then captured in the simple statement of a 10 year old child.

Our Service Is Immediate

Nightingale of the playroom

Ever notice how often it is the occupations or professions of SERVICE TO OTHERS that excite the imagination of our children? We should learn something from that!

Boys and girls see themselves as amateur adults. Through their imagination they often show us the world they would like to live in.

Their hopes can become a reality if we support our churches with our faith and our families. After all, it was the Founder of Christianity who insisted that He came not to be ministered unto, but to minister.

Nine Lives - But No Tail

By Sue Johnson

MANX

One of the more unusual breeds of cats is the Manx, or "Rumpy" as he is sometimes called. The name, Manx, originated because it is believed that this type of cat came from the Isle of Man. Legend has it that the first manx appeared on the Island after the wreck of a Galleon from the Spanish Aramoa, close to the coast.

Being the only tailless breed of cat, some Manx's have a dimple where the tail ought to be. The vertebrae there, and do not continue down the tail as with all other breeds. But, often, stumpy or normal length tails do occur in any given litter, though these cats are not considered true Manx.

This unique cat hops about with his round rump held high, rabbit like, because his hind legs are much shorter than his front legs. The Manx should have a large head with broad cheeks. The ears should be

wide at the base and slightly pointed at the ends.

Another characteristic of the Manx is the double coat, which consists of a soft top coat and a thick undercoat. Today, Manx cats seem to fail on this point. It is also essential that the coat be short. As far as the actual color is concerned, all colors and markings are acceptable.

Manx are difficult to breed. In order that the breed should not die out, the Isle of Man has established a cattery on the Island, and there is also a growing number of breeders in this country.

The lack of a tail seems to make no difference in the Manx's coordination. They are intelligent, and make amusing pets, for they climb, leap, jump, and play just like other cats.

The Home Helper

Convert a kitchen drawer to an "emergency" drawer. Stock it with such items as a flashlight, candles, fuses, matches, screwdriver, hammer, pliers, scissors, tape, first aid kit and small telephone pad listed with important numbers. The drawer will eliminate the need to search for such items if an emergency arises.

Simple saving system. If you find it difficult to save money out of the family budget, you're not alone. Here's one system, though, that works surprisingly easy: every time you shop - save 10 percent of the bill. In other words, for every dollar spent, save a dime and put the money aside, and watch it grow.

You'll be amazed at how fast your savings grow - and how "painless" the system becomes.

When washing large items - such as sheets and tablecloths, etc., try to "balance" the load with small items such as pillowcases and towels. Mixed loads make for better handling in both the washer and dryer. . . Wax a dustpan and dirt will slide right off. (You can use the same trick with snow shovels. Sticky snow won't cling.)

Plan ahead plan: Casseroles of cooked dry beans freeze well to provide winter "quickie" meals. Freezing softens beans somewhat so cook the beans until barely tender for the best quality frozen product, say home economists of the U.S. Department of Agriculture.

Next time your carpeting needs cleaning, consider this: 90 percent of the professional carpet cleaners now do the job by hot water extraction - often referred to as "steam cleaning". This is how the system works, hot water and detergent are injected into the carpeting under pressure and removed in a fraction of a second by a powerful vacuum along with ground in soil and dirt.

Dirt is removed to the depth of the pile, say researchers at the Earl Grissmer Company - the leading marketer off rental cleaning equipment. Carpeting is usually ready for use in a couple of hours.

Keen Teen Tip: If short on cash and what teenager isn't? You have to give a gift, give a gift of your time, ten hours of free babysitting or house cleaning chores, etc. And, a gift of yourself often means more!

Will News Media Help?

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

Will news media help end freedom of the press by ignoring communist activity? The press is no less a target for Communist infiltration than is government, the unions, business, college faculties, civic organizations, the churches, in fact, every segment of American society, without exception. The Communists seek to influence every person and group they can do favor the Marxist way of life, or at least to neutralize them so they will not stand as

obstacles to the Red's drive for world conquest.

Last week I said that one of this year's most amazing news stories was one that wasn't written! The news media has kept an amazing silence over senator Barry Goldwater's September 30th revelation that the Rockefeller Commission investigation CIA found evidence that seven or more U.S. Senator's staffs had been infiltrated by Soviet agents. That radio and TV newsmen and commentators ignored the story, and the newspapers didn't even publish it, no less editorialize on it even though the United Press wire services reported it to every newsroom as frightening as a penetration of Congress by agents of a foreign power. It indicates a gross delinquency in forming the public, and a suicidal ignorance in the media that freedom of the press would vanish in a Communist American.

The few newsmen who are not blind deserve our commendation. Among them is Edward Hunter, the man who gave us the word "brainwashing," writing several books on the subject. He did much to clean Communists out of the American Newspaper Guild at one time. Now the publisher of the monthly news analysis, TACTICS,

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

No Direct Subsidy

The issue of whether the federal government should step in and bail out financially-troubled New York City raises some very basic questions about the direction government is taking in the country and about the way all levels of governments handle their financial affairs.

I am opposed to any direct federal aid or subsidy. By that I mean a direct federal grant of money without any provisions for repayment or requirements for putting the city's financial house in order. That would constitute a "bail out" in the worst sense of the word.

I see three things wrong with this approach:

(1) It sets a terrible precedent for other cities which may face financial problems. Rather than correct their own problems, they

would be encouraged to follow the example of New York City and go to the federal government with their hands out.

(2) It provides no incentive for New York City or any other community to put their fiscal house in order and all governmental units must learn to live within their means and curb excessive spending. And the realization that the federal government will not subsidize them when they get in trouble would encourage corrective action.

(3) A federal bail out would do damage to traditional federal state relationships and could result in a weakening of local government. Logic dictates that what the federal government finances it will also control, at least to some extent.

That's why I would oppose any direct subsidy or federal aid to New York City.

What then can be done? I would be willing to consider some form of federal guarantees or loans to New York City conditioned on full repayment and stringent requirements about eliminating waste and inefficiency and excessive spending.

But if the government gives New York City aid without any contingencies, it will be inviting serious trouble for a long time to come.

Has Arrived

Falling leaves are ushering in Kentucky's annual fall fire season.

As Harry Nadler, director of the division of Forestry in the Kentucky Department for Natural Resources and Environmental Protection, points out, "The bright orange and red leaves of autumn are falling to the ground, turning brown and drying out. Unfortunately, some of those same colors will be reborn in orange-red flames of forest fires that will feed on the newly fallen leaves."

Nadler said this fall the division of forestry is extending its use of airplanes in forest fires detection to two additional districts. The six county eastern district with headquarters at Prestonsburg and the 12 counties of the Green river district headquartered at Madisonville have been selected for the expanded aerial detection system this fall.

According to Nadler, the system has been used successfully in the western and northeastern districts for several years. Nadler said the airplanes permit forestry officials spot fires quicker and with more accuracy. The airplanes are very helpful to the ground crews in providing directions for the shortest route into a fire. This should be particularly useful in the heavily forested eastern district.

Nadler said use of the aerial detection system does not mean the forestry division is abandoning its system of fire lookout towers. Several key lookouts will be operated in the eastern and Green River districts to aid in communications. The remaining towers will be used in emergencies.

This fall the division will start receiving fire weather forecasts from the National Weather Service in Louisville, rather than Cincinnati as had been done in the past. These forecasts, combined with information the division receives from local weather stations, helps the fire control people predict both the likelihood of fires starting and how rapidly they might burn if they do start.

Nadler said that this past spring Kentucky had its least destructive fire season, with 945 fires burning 9,452 acres. "If everyone exercises reasonable care this fall," said Nadler, "1975 will be the best year that Kentucky has ever had."

Consumer Comment

Have you bought land in Kentucky or out-of-state that isn't what you thought it was? If so, you may be taken again by dishonest salesmen.

There are people who know about the land you bought and how much you paid for it. This information may be used by these people in an effort to convince you that they can sell the property for you. Don't be taken in.

In one, a salesman contacts you saying he has a buyer waiting to purchase your land. It will cost you several hundred dollars to have the land sold, but this money according to the salesman, is applied to closing costs and attorney's fees. The money will be required in advance. If he gets your money, chances are good that you won't see him or the money again.

The other sales gambit is asking you to "list" your land for sale. The price to list the land is several hundred dollars for the first listing and additional money for listings thereafter. Again many Kentucky consumers have paid their money

and never had the property listed or sold, since no real listing service exists as represented.

Beware of land salesmen that come to your door or call you on the phone. Check their reliability. Don't be taken the second time.

If you have a complaint about a land salesman or any other matter, write to the Attorney General's Division of Consumer Protection, The Capitol, Room 34, Frankfort, Ky. 40601, or call toll-free on the consumer hotline: 1-800-3722960.

Rural Zoning

By
Darwin Foley
Kenton County
Extension Agent

Making the best use of our available land is one of the most important continuing decisions people of Kenton County have to make and at the Kenton County Farm Bureau's Annual Meeting guests speakers from Northern Kentucky Area Planning mentioned that NKAPC had been asked by our Fiscal Court to draft a zoning ordinance for the parts of Kenton County not in city limits. NKAPC will ask representatives of the rural

sector for recommendations while drawing up the ordinances.

Zoning is a public regulatory power. It may be used to only safeguard or promote public health, safety, morals, or the general welfare. Lack of zoning often encourages waste of land, water, recreation, tax resources, and may foreclose forever the opportunity to realize the community's best growth potential.

Why zone an area that is primarily agricultural? Mainly to protect the farmer from harmful land uses. Without zoning any neighbor can become a dumping ground for activities that are prohibited elsewhere. Farms used for disposal of garbage or junk are examples of some activities prohibited in some rural neighborhoods.

Lack of zoning permits a widespread scattering of nonfarm residences and subdivisions all over the farm countryside. Sooner or later this unguided urban invasion creates problems for both the farmer and the nonfarm resident.

Changes such as I-275 in Kenton, Campbell, and Boone Counties are causing population shifts to occur in Northern Kentucky. The impact of these shifting populations was the subject of a recent series of seminars sponsored by the county Extension Councils of the three counties. Shifting population is the primary reason for a zoning ordinance being prepared for rural Kenton County. If you were unable to attend these programs call our office and we'll be glad to send you a copy of the proceedings of these seminars when printed.

Toy Price Comparison

Concerned Consumers is conducting its annual Toy Price Comparison, surveying prices in 15 area toy department and toy stores. Over 400 items have been included.

The Comparison will be released November 21st. Concerned Consumers' members will receive the survey with their onthly newsletter. Interested parties can receive a Toy Price Comparison, free of charge, by calling Concerned Consumers 491-4444.

County Agent's 1/2 Acre by: Joe Claxon

several jobs done whole you have each cow restrained, working all the cows in your herd through the holding chute (or however you restrain them for close examination) involves a good deal of work. During the veterinarian's visit, have each cow checked thoroughly and needed blood samples taken to avoid extra trips, "through the chute" for your herd.

There are several conditions to check that will help you cull "free loading" cows from your herd. These same check points should be used in choosing brood cows to buy. They are: Pregnancy, Age, Eyes, Udders, Feet and Infectious Diseases.

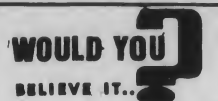

May cattlemen seem to fear testing for brucellosis more than they fear the disease but the effects on cattle of this reproductive disease are just as costly as ever. Brucellosis is now found in less than one percent of the nation's herds (down from 11 percent in 1934), but the infection rate is rising again.

A complete herd test every year, combined with calfhood vaccination, is one of the best safeguards against brucellosis becoming established in a herd. Cows that test positive for brucellosis must be sold, since no cure has been found for this disease and since the rest of the herd can easily become infected.

Leptospirosis has caused unnecessary sale of cows for slaughter because the owner thought they had brucellosis. Unlike brucellosis, however, leptospirosis can be treated with antibiotics. Several distinct strains of

leptospirosis exist, and vaccines are available against five of the most common ones. An annual test may detect leptospirosis in a herd in time to prevent serious economic loss.

Anaplasmosis is spread by the transfer of fresh blood from and infected animal to one that is susceptible to the disease. This may be done by horseflies, mosquitoes, knives, dehorners, vaccination needles, or examination gloves. Infected animals revealed by a herd test should be culled or treated with antibiotics.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, November 20th

If you didn't have time yesterday for your visiting and letter writing there is plenty of time today to finish up, also a good day to catch up on your sewing and mending and replace a few missing buttons to keep the cold air out. Why not look over the clothes, some of the kids

have outgrown and maybe a few that are too big for you since your diet and give them to the Good Will or Salvation Army or some other good charity, a lot of people have been having a hard time lately and would appreciate some warm clothing and as a reward you will get a good night's sleep with pleasant dreams.

Friday, November 21st

The Moon enters Cancer at mid morning so plan on doing your home baking today or tomorrow while the yeast dough will rise high and the oven will brown to perfection make some apple turnovers and surprise yourself and family with your unknown talents and remember Thanksgiving is next Thursday so if you make some extra goodies now and put them in the freezer you will have more time to enjoy the holiday.

Saturday, November 22nd

This is a good day for all sporting activities and I might mention that the fish will be biting after lunch but I doubt if anyone will be interested, it would take a true sportsman to set in a boat this time of year even to make a record catch. Friendly calls and home entertaining seems the most practical thing we can do today if you followed by advice and did some home baking you will have a real treat for your guests.

Sunday, November 23rd

The aspects indicate that our thoughts will turn to pleasure today but before we get too involved let's give some serious thought to the words of William Simmn, "Pleasure

Questions & Answers

Q. Are all women veterans going to get a special bonus from the VA?

A. No, women veterans who were married and who trained under the GI Bill between June 1, 1966 and October 24, 1972, may be eligible for about \$30 for each month they were in training under the GI Bill while they were married. The retroactive payment equalizes benefits with male veterans who received a GI Bill allowance for their wives.

Q. How were veteran's benefits affected by President Ford's proclamation ending the Vietnam era on May 7, 1975?

A. Potential eligibility for persons entering service after May 7th was terminated for such wartime benefits as nonservice connected disability pensions for veterans, burial allowances and nonservice connected death pensions for widows and surviving children of veterans. Unaffected was GI Bill educational training for which eligibility is linked to service dates established by Congress.

Q. I have been in school since the beginning of the enrollment period and have yet to receive an educational assistance check. Can you help me?

A. You helped yourself with the inquiry. It was the VA's first knowledge of your new address.

is one of those commodities which are sold at a thousand shops, and bought by a thousand customers, but of which nobody ever fairly finds possession. Either they know not well how to use, or the commodity will not keep, for no one has yet appeared to be satisfied with his bargain. It is too subtle for transition, though sufficiently solid for sale."

Monday, November 24th

If you haven't planned your Thanksgiving activities start thinking about them this morning and make out your shopping list, check your pantry for spices, sage, and seasonings, Thursday mornings will be too late to run to the store, you know the local merchants also deserve a holiday. With the holiday spirit you will probably be able to get some bargains this afternoon or tomorrow and if you figure the price of gasoline and the aggravation of crowds you will probably be ahead by patronizing the local merchants, and common sense tells us that the more we buy from the local merchants the more he buys in quantity thereby getting a greater discount which he can pass on to us in promotion sales.

Tuesday, November 25th

No use rushing this morning if you planned to shop locally, you will have an extra couple hours that you usually spend driving to and from Florence and Erlanger and then waiting in line also you will have a couple extra dollars you won't have to spend at the gas station so anticipate a pleasant day, just meander around and take your time and find out how friendly the local folks are, and don't forget to buy an extra treat out of the gas money.

Wednesday, November 26th

The aspect indicate the next few days to be a safe time for traveling so if you plan a trip over the Holiday take you car down to the local station and have it checked over for battery water and a good look at the water hoses and don't forget the spare tires, if you have your snow grips put on now you will be prepared for the rest of the winter and might save you losing a days work on in season.

LOOKING BACK

20 Years Ago

November 10, 1955

Mr. and Mrs. Rel Wayman announce the engagement of their daughter, Mae Frances to Mr. James Mattingly, the wedding will take place on December 17th.

Simon Kenton Holds Country Music Show

By Luellen Wolsing, Reporter

Pictured above are Mr. Dwight Searcy, Pam Gadd, Mr. Daniels, band director and Margie Morgan.

Pictured are from left to right, Minnie Pearl (Mrs. Margie Morgan) introducing Mr. Dwight Searcy, a teacher Simon Kenton.

Simon Kenton's Music Department sponsored a Country Music Concert on November 20th. The concert was held in Simon Kenton's gymnasium and lasted from seven o'clock to after ten o'clock with over seven hundred people attending.

The money earned will be used for the various expenses that the band has, one of these is the annual band banquet.

The show started off with a Western square dancing group with the calling done by Mr. Wesselman. The group also danced before intermission and after the show. The first solo of the night was done by a teacher at Simon Kenton, Mr. Dwight Searcy, he sang "Kiss A Angel Good Morning". Mr. Searcy also sang three other songs during the concert. Other people who performed during the night were Denise Soden, "Happiest Girl in the U.S.A.", Pam Gadd who sang several songs, and also played the banjo, Teacher Steve Smith also sang, Patty Glaza, Steve Bray, and Steve Mueller sang several songs, and Margie Elliott.

Other performers were Mr. Jim Spaw, Gerald Liestener, Mark Cormican, Mike Riley, Jeff Wesselman, Lisa Bush, Joe Rankin, Jeff Hughes, Mike McCord, and Mr. Eichelbergers. A group called Misty Creek Break Down and Simon Kenton's Band also preformed.

Walton Over Latin

Friday, November 21st, Walton Verona Bearcats won over the Covington Latin Trojans with a score of 71 to 60.

Fred Leicht with 23 points for the night was high point man with Danny Dixon following behind with 11 points and Dave Ramsey with 14.

O'Conner had 25 points for the losers with Schmidt and Borger helping tossed in 15 and 11 respectively.

At the end of the first quarter, Walton was down by 6 points but soon regained the lead and kept it throughout the ballgame.

This was their second seasonal game played but their first one that they had won besides the tournament.

Independence

Life Squad

November 17th	Eva Mason, Frontier Drive, Independence to St. Elizabeth.
November 18th	Mike Asbury, Madison Pike, Independence to St. Elizabeth.
November 20th	Mike Collins, Florence to St. Elizabeth. Kenny Roberts, Canterbury Drive, Florence to St. Elizabeth. Shannon Loombs, Elmwood Court, Beechgrove, to St. Elizabeth.

Attention High School Students

The Health Careers Association of Greater Cincinnati will present a Health Careers Program for Northern Kentucky high school students at Dixie Heights High School, Ft. Mitchell, Kentucky, on Thursday, December 4, 1975, from 7:30 until 9:30 p.m.

Health professionals representing twenty-five (25) health careers will discuss many aspects of their careers with interested students.

All sophomore, junior and senior high school students and their parents are invited to attend this program.

There will be an opportunity to learn about at least two careers during the evening. Questions are encouraged.

Mrs. Edna Caywood, Executive Director of the Health Careers Association of Greater Cincinnati, has provided an outstanding list of Health Professionals to serve as consultants.

For additional information contact the Guidance Office at Dixie Heights High School.

All Interested Poetry Contest

A \$1500 grand prize will be awarded in the current Poetry Contest sponsored by the World of Poetry a monthly newsletter for poets.

Poems of all styles and on any subject are eligible to compete for the grand prize or for 49 other cash or merchandise awards. Second place is \$500.

Joseph Mellon, contest director, said, "The initial response is gratifying. Even poets who never publish are sending their work." Each winning poem will be included in the prestigious World of Poetry Anthology.

Rules and official entry forms are available by writing to: World of Poetry, 801 Portola Drive, Dept. 211, San Francisco California 94127.

St. Cecilia Holds Square Dance

The Mother's Club of St. Cecilia School, Independence, Ky. are sponsoring a square dance on Saturday, November 29th in the school hall from 9 p.m. till 1 a.m.

Admission is \$7.00 per couple which includes refreshments. No reservations needed. Public is cordially invited.

Caller for the night will be Herb Borchering.

Walton Life

Squad Runs

November 14th	Luther Barton, Rt. 2 Crittenden to St. Elizabeth.
November 15th	James Reid, Jeffersontown to St. Elizabeth.
November 17th	Robert Caldwell, Ft. 2 Walton to St. Elizabeth. Dan Roberts, Walton to Hamilton Funeral Home.
November 18th	Sam Black, Green Road, Walton DOA.
November 19th	Oscar Thompson, Union to St. Elizabeth.

Morehead State Spring Semester

Separate schedules for campus classes and those to be offered at 25 off campus locations may be obtained from the Office of School Relations, MSU, Morehead, Ky. MSU's spring term opens January 5th.

Annual Holiday Ball

On Saturday, December 13th is the annual Holiday Ball sponsored jointly by the Kentucky Firemen's Association and the Fire Marshall's Office. This event will be held again this year at the Capitol Plaza in Frankfort. Make your plans now to attend.

Dan J. Roberts Dies At 64

Dan J. Roberts

Dan J. Roberts, who represented Boone and Gallatin Counties during the four sessions of the Kentucky General Assembly, died late Monday at his Walton home at the age of 64 years old.

Mr. Roberts served in the Kentucky House in the 1960, 62, 66, and 70 sessions of the legislature. A former Walton mayor and city councilman and school board members, he was a democrat.

He was active in numerous civic organizations and was a Mason and district deputy grand master.

A member and past resident of the Walton Lions Club and belonging to the Walton Businessmen's Association, the Boone County Planning Commission and the Education Commission of the Sttes.

Hestarted work as a stock boy for the Kroger Company and later with his wife, Blanche, he operated a grocery in Walton until 1940 which later started him selling insurance, working at the Union Terminal as a train "caller" and finally into business for himself.

Mr. Roberts leaves his wife, Blanche; two sons, Charles Darien, Conn., and Dr. Gayle, Mobile, Alabama; a daughter, Mrs. Phillip Lipscomb, Walton; two sisters, Mrs. Nannie Siekman, Hebron and Mrs. Annie Penn, Walton; three brothers, Bill, Walton, John, Florence, Gene, Erlanger; eight grandchildren and two step grand children.

Services were held on Thursday at the Hamilton Funeral and Walton Methodist Church.

Christmas Dance

Eagle Creek Country Club will hold their Annual Christmas Dance December 13th, at the Country Club with music by the "J-T-J Trio". Admission is \$8.00 per couple for members and \$10.00 for guests.

For reservations call: Sue Flege 824-5175, Dorothy Breeden 356-2391, or Dorothy Vallandingham 428-1343.

Toured Main Plant

JOHN ROMES,—Ryan Implement, Walton, Kentucky recently returned from a special tour of Hesston Corporation at Hesston, Kansas.

During his one-day visit, John toured the company's main office and plant facilities, talked with top management and viewed Hesston farm equipment in the manufacturing process. He had the opportunity to view and discuss the newest Hesston machinery, including windrowers, forage harvesters, StakHand hay handling machines and other products with various product managers and engineers. The trip was part of a series of fly-in and drive-in visits sponsored by Hesston Corporation to acquaint its dealers firsthand with the company they represent.

Hesston Corporation distributes a complete line of specialized farm equipment through dealers across the U. S. and Canada, and through the company's overseas sales organization.

Rent-A-Santa

With the Christmas season fast approaching, the Boone County Jaycees are once again getting ready to pay Santa Claus for the community. For the fifth straight year, the Jaycees will run their Rent-A-Santa project. Money derived from this project is used by the Jaycees for their many projects including the Needy Kids Christmas Party and the Elderly Assistance Programs.

The Santa are available from December 8th to the 24th for 15 minutes each visit between 7:00 and 10:00 each night. The Santa will also be available during the day on Saturdays and Sundays. Rates for the rental are \$5 per family with each additional family \$1 from December 8th-19th. December 20th-23rd the rent will be \$8.00 per family with \$2.00 for each additional family. And on Christmas Eve the rental is \$10.00 per family with \$2.00 for each additional family.

Party rates are available. So, if you want Santa to show up at your house for the Christmas season, call now at 384-3002 for Dale or Glynda Fisher and 331-4107 for Don Hamilton.

Boone Jaycees Christmas Dance

The Boone County Jaycees are sponsoring their annual Christmas Dance, Saturday, December 13th, between the hours of 9:00 p.m. and 1:00 a.m.

The dance will be held at St. Barbara's Church, 4042 Turkeyfoot Road, Erlanger, Kentucky.

Price per couple is \$10.00 which includes beer and set ups. The proceeds from the dance will help fund our annual Needy Kids Christmas Party and Elderly Assistance Programs.

Music will be provided by Salt Rock II. Door prizes will also be awarded.

For reservations please call 283-2997.

Spirit of Christmas

On Sunday afternoon of December 7th the Boone County Jaycees will present the 3rd annual Spirit of Christmas parade, in Florence, Ky.

People will line both sides of U. S. 42 from Jerry's Restaurant, west to the Ramada Inn to see the annual Christmas parade. The parade, which is the opening of the Spirit of Christmas events, will feature school bands, clowns, floats, and antique cars and the famous "Ronald McDonald". The parade will begin at 2:00 p.m. at U.S. 42 and Turfway Road.

The Boone County Jaycees hope to express to our young children that the meaning of Christmas is not simply a red suit and white beard but a more profound reason, with birth of Christ. After the parade, there will be a tree lighting ceremony and manger dedication and of course the grand opening of Santa Land. The Christmas Tree is a 30 foot live Spruce, and since it is a community tree, interested people and organizations are asked to make ornaments. Families interested in supplying an ornament should call Mike Bryant, 371-0027. The rustic manger scene will consist of a stable like building and religious figures. Christmas music and live animals will also complete the scene.

The youngsters will not want to miss Santa Land located next to the manger scene, as Santa will appear with his elves to receive Christmas requests. Santa Claus will remain in residence at Santa Land for 9 days until Christmas. Times are as follows: Sunday, December 7th, 2-8 p.m.; Friday, December 12th, 7-9 p.m.; Saturday, December 13th, 1-9 p.m.; Sunday, December 14th, 1-4 p.m.; Friday, December 19th, 7-9 p.m.; Saturday, December 20th, 11-6 p.m.; Sunday, December 21st, 1-4 p.m.; Monday, December 22nd, 2-9 p.m.; Tuesday, December 23rd, 7-9 p.m.

What a great time of the year for community involvement with things like children's laughter and the excitement of Christmas. All Northern Kentucky youngsters are invited to be on hand to greet Santa.

THANKSGIVING offer prayerful thanks in Church

Social Scene
Sympathy is extended to Rev. and Mrs. Robert Sheffield in the death of her uncle of Indianapolis, Indiana. Congratulations to Mr. and Mrs. Darrell Foley, nee Patty Raybourne, who were united in marriage on Saturday evening the twenty second of November at the All Saints Church.
Bill Faulkner recently appeared in the play "Woyzeck" at the University of Kentucky.
He is a 1975 graduate of Simon Kenton High School and is the son of Mr. and Mrs. William Faulkner of Walton, Kentucky.
Sympathy is extended to the families of Mr. Dan J. Roberts who recently passed away.

The Methodist Church served a delicious ham dinner on Friday, November 21st with everyone seeming to enjoy themselves.
Mr. Gayle Roberts of Mobile, Alabama and Mr. Charles Roberts of Conn., have both returned home after attending the funeral of their father, Dan Roberts.
Mr. and Mrs. John E. Ryan entertained on Sunday with a dinner in honor of two wedding anniversaries of Mr. and Mrs. Richard Howard who celebrated their 58th wedding anniversary and Mr. and Mrs. John Ryan Jr., who celebrated their 4th anniversary. Congratulations!

Mrs. Ida Tackett of Verona is a patient of St. Elizabeth Hospital.
Kay Clifton and Missy and Karen Collins of Florence were Sunday dinner guests of their grandmother, Mrs. Icy Collins of Glenco. Later in the afternoon they visited Mrs. Virgie Beach of Warsaw, Ky.
A large group from Walton attended the Petticoats and Parfait at the courthouse in Burlington, Ky. Everyone seemed to enjoy themselves with the show, afterward cake and ice cream was served to the attending crowd.
Mr. Chick Worthington is a patient in St. Elizabeth Hospital.

Beechgrove Homemakers
Our ancestors made much of the First Thanksgiving and we have a lot to be thankful for if we will just take stock of our blessings all around us. This was the thought for the day when the Beechgrove Homemakers held their November meeting at the home of Mrs. Edward Andrews. She was assisted in her hospitality by Mrs. Virgil Kelly. We had the pleasure of having the new Home Economics Agent, Mrs. Anna Meyers to the meeting and being briefed on her ideas for the clubs. Being a very windy and gloomy day, it was brightened by a variety of plants in keeping with the Lesson "Indoor Landscaping" given by Mrs. William Skelton and Mrs. Thomas Ellis. Plans for the Christmas party was finalized. It is to be held at 11:30 a.m. at the Town and Country Restaurant. Secret Sisters for the past year were revealed and new ones picked. This is always a source of enjoyment for the members. A vote was taken to purchase a new copying machine for the Office in Independence.
Other members attending were: Mesdames William Blakson, Ervin Dewald, Raymond Dickson, Garry Kelly, Leroy Kumlir, William Letcher, Raymond McHale, John Mutch, Tony Schneider, Lloyd Spegal, Tony Sterbling, Faye Powers and William Wolsing. Mrs. Wilson Hall presided and gave a report on the Christmas Exhibit. She is the County Treasurer.
Beechgrove Homemakers members wish everyone a very Happy Thanksgiving and a very Happy Christmas and a Prosperous New Year.

Women's Day Meet At Church
The Women's Day Missionary Society met at the Walton First Baptist Church on Thursday with the president, Mrs. Mary Rector presiding over the business meeting. Those enjoying the program on "Missions in the Far East" were, Betty Roland and son, Gwen Soden, Judy Arlinghaus and son, Christine Poinsett, Leona Jump, Effie Chandler, Gaynelle Flynn, and Margaret Wilson.
Mrs. Judy Arlinghaus was chosen as Mission Action Chairman for the group.

Card of Thanks
We would like to take this opportunity to thank all who helped and supported our dinner, bazaar and white elephant sale to Make it the great success it was.
We hope you enjoyed the food and fellowship as much as we enjoyed serving you. May God bless you all.
Walton United Methodist Church

In Memory
Services for Harold Darghy, 65 of Walton were held on Friday at the Chambers & Grubbs Funeral Home, Walton.
Mr. Darghy, a truck driver for the Arkansas Best Freight System, Cincinnati died Tuesday at Veterans Hospital, Cincinnati.
He was a member of Teamster Local 100 and the Post Johnson-McElroy No. 277 American Legion.
He is survived by his wife, Pennie; son, Edward L., Walton; and sister, Mrs. Mabel Drummond.

Fireplace Device Harnesses the Heat

General Products Corp. has introduced a self-contained portable unit to trap fireplace heat and feed it back into room, instead of up the chimney. "Forced convection overcomes chimney draw to convert the fireplace into a heat producing system," according to John Wagner Heating (331-6343), local distributor for Northern Ky.
"Convect-O-Heater" is the name of the product. Several different models, including the "deluxe" pictured here, are available. Each unit is merely inserted in the fireplace. Prices start at \$129.95.

Beginnings Of A Club

Big Bone Chapter, Daughters of the American Colonists, a patriotic and genealogical Society devoted to

God and Country was organized on November 30, 1974 with a luncheon meeting at the Ramada Inn, Florence, with Mrs. Roy Nestor as Organizing Regent. The name of Big

Bone was chosen honoring the salt springs which has existed for thousands of years in the Northern Arch of Kentucky and is the graveyard of the mammoth, artie elephant, giant tapir and other prehistoric animals.

Following the luncheon, Mrs. Walter Coleman, State Regent and Mrs. Wilburn Walker, State Registrar, both of Lexington, delivered the organizing Ritual and installed the following officers: Mrs. Roy Nestor, Regent; Mrs. Charles Allphin, First Vice Regent; Mrs. Francis Sayre, Second Vice Regent; Mrs. Helen Collins, Chaplain; Mrs. Robert Woodward, Recording Secretary; Mrs. Earl Metcalfe, Corresponding Secretary; Mrs. Gladys Anderson, Registrar; Mrs. Harold Kohl, Assistant Registrar; Mrs. Frances Berkshire, Treasurer; Mrs. Zada Clore, Historian; Mrs. Bernard Scott, Librarian; Mrs. Robert Hume, Parliamentarian. Text and drawing by Kentucky Heritage Artist Robert A. Powell

Fort Harrod Mercer County

The early history of Kentucky is more closely identified with the name of Daniel Boone—explorer, trailblazer and Indian fighter—than with any other man. Boone showed to an eminent degree those qualities of initiative, courage, native shrewdness and cool self-possession in moments of emergency that inspired confidence.

Col. Richard Henderson purchased a large tract of land on the Kentucky River from the Cherokee Indians and induced Boone to build Boonesborough as the capital of Transylvania, the name he had chosen for his new colony. The fort was started on April 5, 1775, and Henderson called a convention of the settlers from St. Asaph, Harrodsburg, Boiling Springs and Boonesborough, upon reaching the scene in late April of that year.

Angered by the attempt of these intruders to take over, the settlers at Harrodsburg sent George Rogers Clark and John Gabriel Jones to the Virginia Assembly to have Henderson's claims denounced and establish the area as a part of Virginia.

The Virginia Assembly rejected Henderson's claim to the land and, to reimburse him for the money he had paid the Indians, granted Henderson 200,000 acres which now bears his name as a county in western Kentucky.

Harrodsburg was the first permanent white settlement in Kentucky. Governor Dimmore of Virginia sent surveyors into the territory to survey public land to be given to veterans of the French and Indian War. James Harrod selected his area and laid out the first settlement on June 16, 1774. Indian troubles caused the men to flee from the settlement for some time and a second encounter caused them to build a palisaded village on the hill for protection.

Throughout the Revolutionary War, Harrodsburg was the seat of Kentucky County, which was organized in December 1776.

In Fort Harrod, Anne McGinty operated the first spinning wheel in the West, the first white child was born in Kentucky; and George Rogers Clark prepared to march to the Northwest Territory.

of town members were Mrs. Edward England and Mrs. Bruce Stuart of California. Mrs. Elvin Faust, Mrs. Charles Moran and Miss Patricia Moran of Louisville. These officers and member will be known as Organizing members.

Prospective members attending were Miss Laura Dickerson, Miss Margaret Goodridge, Mesdames William Conrad, Mrs. Floyd Roberts, Mrs. Droege, Mrs. William Wilkerson, Mrs. Proctor Brothers, Mrs. Ivan Clements, and Mrs. Elbert Baker. At a recent meeting on Saturday, October 18th, Big Bone Chapter again assembled for a luncheon meeting at Ramada Inn, Florence. Mrs. Roy Nestor, Regent, presided. The pledge to the flag of the United States of America was led by Mrs. Charles Z. Allphin, Mrs. Helen Collins, Chaplain, offered scripture and prayer.

Mrs. Nestor presented items of information necessary to a newly formed Chapter. State stated that Mrs. Roland James, President

General, is a native of Kentucky who now makes her home in Arizona. Mrs. James' theme is "Maintain Good Works" taken from Titus 3:8 and her special project is "Fans" which is scholarships for Indian girls. Since the emblem of the National Society is the oak leaf because of its strength, junior members, ages 18 to 35 years are known as Golden Acorns.

The colonial Courier is the name of the National DAC Magazine. Mrs. Nestor stated that application papers presented prior to December 1, 1975 when accepted will be charter members of the Big Bone Chapter. Mrs. Charles Allphin read the description of the Motto, Emblem, Colors, and Seal.

Mrs. Nestor announced with pleasure presentation of application papers from Mesdames Proctor Brothers, William Conrad, Floyd Roberts, James Riffe, and William Wilkerson.

Guest speakers were Mr. and Mrs. Ashlin Logan, prominent Boone Countians who brought a most interesting and informative program of narrated colored slides of England and Scotland which were made by them while attending a seminar of Oxford University in England.

Members and prospective members attending were Mesdames O.A. Fields, Proctor Brothers, Henry Dye, William Conrad, Bernard Scott, Floyd Roberts, Zada Clore, Ivan Clements, Roy Nestor, Charles Allphin, Earl Metcalfe, Mrs. James Riffe, William Wilkerson, Helen Collins, Gladys Anderson, Lee Droege, Robert Hume and the guest speakers, Mr. and Mrs. Ashlin Logan.

Good News! You and your family can enjoy an easily digestible, high quality, complete protein source containing vitamins A, D, E and K; and the B complex; iron, copper, sulfur, magnesium and phosphorus. It's self-contained in its own pure, fit in the hand package and it can be prepared a variety of ways.

No, it's not a new synthetic food created in a laboratory for astronauts or anyone else; instead, it's one of man's oldest edibles: The Egg.

Scientists have found that a single whole egg usually provides between 10 and 15 percent of an adult's minimum daily requirements for protein, needed fat and vitamins.

In addition to their nutritional value, eggs are also one of the better bargains at the checkout counter. Compared with today's meat, fish and chicken prices, eggs stand out as a great buy for homemakers looking for both economy and quality. If they're carried home in molded cardboard cartons that provide stronger, better protection, they arrive whole and uncracked to help a family guard its health.

Nutritionists recommend that you have eggs every morning, since mid morning fatigue often results from an insufficient breakfast, low in animal protein. They say it's desirable for at least one third of your daily protein intake to be derived from animal sources such as eggs, and that some high quality protein, from eggs, and other animal products, should be included in every meal. Your tissues must have all of the essential amino acids at one time for cell synthesis and eggs have all of those elements of protein.

The human metabolic system can't store protein as it can fats and starches. Generally, 10 to 15 of every 100 calories you take in should be from protein foods.

And eggs, which are about 12 percent protein, seem to have something good for everyone naturally.

Fancy That!

The first settlers in the United States picked up a pleasurable pastime from the Indians. Chewing the gumlike resin from the bark of spruce trees. In fact, industrious New Englanders soon created a trade by selling lumps of spruce gum.

What really got the gum industry moving in America was the use of Chicle, a gummy substance Mexicans had been extracting from Sapote Trees and munching on for thousands of years.

Since 1945, chewing gum use has doubled. Why? It's fun and relaxing.

Did You Know?

Among the Iroquois it was the young man's mother who chose his wife.

Jersey is a corruption of "Caesar's eye," meaning Caesar's island.

The ancients believed that a stone taken from the eye of a hyena and held under the tongue would give them the gift of prophecy.

Use fresh chilled poultry within two days.

The ancient Greeks believed that rainbow brought bad luck.

One 19th century "philosopher" believed that the moon and planets were just reflections of the sun and earth. It was all done with mirrors!

about your Social Security

Working people under 72 who are getting social security payments should report any changes in their 1975 earnings estimates as soon as possible according to John Walter, social security district manager in Covington.

"Social security payments to people 72 and over aren't affected by their earnings; Walter noted. But earnings can effect payments to people under 72. They should report any change in their work or earnings on the post card sent to all people who work and get social security checks."

If the post card is lost, the report can be taken care of by a visit or phone call to any social security office, according to Walter.

"People who find they are earning less than they originally estimated may get additional social security payments during 1975 if they report the change," he said. "But people earning more than they originally estimated who don't report the change may get social security payments not due them and have to pay back some at the end of the year."

Social security payments are not affected by earnings of 2,520 or less for the year. Payments are reduced \$1.00 for each \$2.00 earned over \$2,520.

"But no matter how much people earn in a year," Walter said, "they can get their full social security payment for any month they neither earn over \$210 nor do substantial work in their own business."

Did You Know?

In 1776 the first cocktail was supposedly made by Betsy Flanagan.

The ancient Assyrians treated goiters with a burnt sponge and iodine concoction.

The Spanish Inquisition lasted until 1820.

Journal is from the Latin diurnal: A day, and refers to a daily occurrence, such as the daily paper.

Put stuffing loosely in turkey.

Stuffing swells as the turkey cooks. Never use a stain remover until you test the cloth for the remover's effect on color.

It is said of a well in England that if a bride drinks of it first, who will rule the house, if her husband does, he will.

Plan Ahead For Winter Repairs

With crops in the bin and fall work about finished, its time to plan ahead for next year. But you can do more than plan. Right now, while tractors are still operating or have just finished, put together a performance checklist on each one.

Why? Because it'll pay off by helping you to plan service needs in advance.

If your tractors are losing power, missing, show unusual smoke signs, are hard to start, show a sudden increase in oil consumption, or shows other unusual performance, it's time to check the problems.

Just call Ryan Implement Company for an appointment. Have those tractors ready for service.

Sermon

Reconciliation Realized

Genesis 45:4-8; 15; 50:15-21

"His heart was as great as the world, but there was no room in it to hold the memory of a wrong." Thus spoke Emerson, and although he was not speaking of Joseph, we may apply those words to him.

And Herbert spoke what Joseph must have already known that, "He

that cannot forgive others, breaks the bridge over which he himself must pass if he would ever reach heaven; for every one has need to be forgiven."

Forgiveness is essential in reconciliation! Because of Joseph's spirit of forgiveness his brothers were reconciled to him. Joseph demonstrates wisdom from God in his relations to his brothers.

Spiritual Wisdom
Genesis 45:4-8

Joseph's warm words of welcome to his brothers reveal clearly that there was no hatred or resentment in his heart toward them. They had surely wronged him greatly. He did not deny their wrong. He reminded them that they sold him into Egypt. But Joseph had a wisdom born of God. What did this spiritual wisdom do for Joseph?

It enabled him to have the right attitude toward God. He knew that God was in charge of retribution. He did not feel compelled to take matters into his own hands.

Joseph saw that what his brothers had meant to be evil to him had attributed to his and their good. God had been able to overrule everything. What they had done to Joseph was simply to kick him upstairs! God did not cause all of those evil things to happen to Joseph, but He was at work for them for good!

It is a grand and glorious faith that enables one to see God at work in all things for good to those who love him.

Sincere Weeping
Genesis 45:15

Those past weeks of pretending to be a stranger to his brothers were almost too much for Joseph and he loved his brothers. He loved his family. Only their good made him withhold his identity from them. Once he had revealed himself to them there was no more pretension. His weeping was for real.

MOUNTAIN MOMENTS

And Somebody Told A Joke

Sherry's Do-Nut Shop in Selmer is the gathering place for many business and professional people who want an early morning cup of coffee.

I recently spoke in a World Missions' Conference in Selmer, Tennessee, as a representative of the Home Mission Board of the Southern Baptist Convention. Selmer is in McNairy County which was made famous when the movie "Walking Tall" was released. Buford Pusser was a native of Adamsville, a small town near Selmer, and was sheriff of McNairy County. In fact, his parents will live there. My host for the week was Selmer's First Baptist Church although I spoke in a different church each day. W. Matt Tomlin is pastor of the First Baptist Church. Matt recently received his Doctor of Ministry degree from the Southern

Baptist Theological Seminary in Louisville, Ky. and is affectionately called Dr. Tomlin by about everyone he meets now.

Matt picked me up at my motel early Monday morning and we had coffee and donuts at Sherry's. I should say, I had coffee and donuts. Matt had coffee, two biscuits with sausage, and mustard! Now I had never heard of anyone eating mustard on biscuits, maybe it's good, but mustard doesn't sound very edible that time of day.

Several businessmen set around the table and the conversation moved rapidly from one subject to another. An automobile salesman told about a good deal he could offer on a car, and someone suggested that he not have his picture made with the car! And then somebody told a joke.

An insurance representative asked about directions to a part of the county and received five or six different routes to try to get there. By the time every one finished giving instructions the poor man was so confused he just drank his coffee and walked out. And then somebody told a joke.

Love Thy Neighbor

Let your neighbor park his parking problem in your driveway. When he's planning a party and you're not using your car, offer the space for company.

Give your neighbors a chance to read. Look through your books and see if any should be returned to the library.

The elevator isn't a smoking car, so observe the no smoking rule. "No butts about it."

When someone you know is in the hospital, sending flowers can help your florist to "please FTD it" you're availing yourself of the Florists' Transworld Delivery network of "extra touch" florists - and it costs no more.

Offer your bus or train seat to someone who looks as if he or she needs it more than you do.

Acknowledgement of wrongdoing on their part had been made. Joseph had put them to the test. He was ready to disclose his identity and did. The last part of verse 15 says "and after that his brethren talked with him." Genuine fellowship had to wait until everything had been brought out into the open. It is interesting how ill feelings, animosities, resentments, and wrong attitudes, then exposed, simply die a natural death! Remember that I John 1:7 says, "But if we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ His Son cleanseth us from all sin."

Sublime Working
Genesis 50:15-21

Did the brothers of Joseph fail to discern the sincerity of his forgiveness? Did they suppose Joseph might change his attitude now that their father had died? We cannot be certain. They sent to Joseph a messenger reminding him of their father's instructions concerning forgiveness.

This caused Joseph to weep again. Why? Did he weep because they doubted his sincerity? Joseph reassures them and rebuked them: "for am I in the place of God?" Joseph has already resisted the temptation to play God. He had refused the opportunities to take things into his own hands. God was at work in all of the events regarding Joseph and his brothers.

Joseph's rewards had already been many and more rewards would come to him. His people had been preserved from famine. Their sojourn in Egypt would expose them to a different culture. They would not have had the Exodus experience had it not been for God's providential care of Joseph and his brothers. We would not have had such a marvelous example of forgiveness and reconciliation had it not been for Joseph's example!

Several people walked by our table stopping to say hello to Dr. Tomlin who introduced me to a number of them. In a matter of minutes the occupants at our table changed several times which kept the conversation moving rapidly. Someone from the Methodist Church compared his Sunday School attendance with Dr. Tomlin's and then somebody told a joke!

A fresh pot of coffee was brought out and quickly a line formed for a refill. For some reason coffee tastes better early in the morning and in a crowd like the one at Sherry's. The donuts were good and the coffee was hot, and somebody told another joke!

We finished and left, after inviting the fellows to come to our conference, and before we could get out the door, a man stopped us to tell another funny story he thought we couldn't live without.

So if you ever pass through the little West Tennessee town of

Selmer, I am sure you will find a lot of happy people. The reason they're so jolly is because they have been to Sherry's Do-Nut Shop early in the morning!

SHE NEEDS HELP

Her brother realizes that. And so do my wife and I . . . most of the time. But sometimes Sunday mornings mean a ride in the country . . . sleeping late . . . receiving guests. Something, every Sunday. Then one day, watching her trying to read, I realized that filling her mind and heart and soul is a continuous process. It can't be restricted to days of the week. So Sundays in church have become part of our life style. We all are finding new insights, strengthening our faith, discovering ourselves and God. Our little girl needs help. To this Christian family that's the understatement of the year!

First In Name - First In Service

For Immediate Release
January 25, 1972

Statement by Rep. Gerald R. Ford

I have today signed the discharge petition which would take H. J. Res. 620, the anti busing constitutional amendment, out of the hands of the House Judiciary Committee and bring it to the House Floor for a vote. Ordinarily I do not sign discharge petitions as a matter of principle. However, I have made an exception in the case of H. J. Res. 620, because of the extreme urgency of the question involved.

On October 28, 1971, the Michigan Legislature adopted Senate Concurrent Resolution No. 172, which applies to the Congress for a convention to propose as an amendment to the Constitution of the United States the following article:

"No student shall be assigned to nor compelled to attend any particular public school on account of race, religion, color or national origin."

H. J. Res. 620, introduced by Rep. Norman F. Lent, R.N.Y., reads as follows:

Senator Dee Huddleston

Senator Walter Dee Huddleston said today he is encouraged that hearings by the Senate Judiciary Committee "will help lead this country away from court ordered busing."

Huddleston, who requested the hearings on proposed constitutional amendments against busing, said the testimony presented by Louisville and Kentucky officials

Announcement Of Federal Funds

Governor Julian Carroll and Leslie Dawson, secretary of the Department of Human Resources, have announced federal funds in the amount of \$366,488 to the Licking Valley Community Action Program, Inc., Flemingsburg.

The grant will provide a full year, part day Head Start Program. It

"Section 1. No public school student shall, because of his race, creed, or color, be assigned to or required to attend a particular school."

I subscribe to the language of the Lent Amendment and the Michigan Legislature's Senate Concurrent Resolution No. 172.

My view on school segregation is that we should act to end dual school systems wherever possible but there should be no forced busing of school children great distances from their homes to achieve racial balance. I believe in the concept of the neighborhood school.

Our concern should be with quality education, not with forced busing to achieve racial balance. Instead of spending huge sums to transport students to a distant school, we should concentrate on upgrading our disadvantaged schools for the benefit of disadvantaged students. I believe taxpayers would be willing to pay to do that although they are unalterably opposed to expensive plans involving forced busing.

We should attack school segregation vigorously by various legal and voluntary means but without forced busing.

"clearly showed the problems, disruptions, and even bitterness generated by such busing."

The Kentucky Senator in his testimony described the results of busing as follows:

"It has created danger to life and property; it has fomented racial strife where none existed before; it has inflamed emotions that will impede the advance of true

includes a supplement of \$25,000, which will allow the agency to include handicapped children in the program.

Community Action Agencies are local administrative units which operate on a regional basis and deliver services geared to the needs of the local people. They are an outgrowth of the former Offices of Economics Opportunity and were established in 1965.

Head Start programs provide pre school training for children from low income families. Under CAA guidelines, these programs also provide nutritional, medical, social and dental services the children might require.

The funds are awarded under the Head Start, Economic Opportunity and Community Partnership Act of 1974.

Health Facilities

During the November meeting of the Certificate of Need and Licensure Board, applications the board approved 27, disapproved two, and deferred two and approved two with a stipulation.

Madonna Manor Inc., Ludlow was approved to add one personal care bed to the present 24 intermediate care and 13 personal care bed facility.

In addition, reviewing 33 health services and facilities, the board took the following actions:

Denied the licensure application from Boian Personal Care Home, Irvine, for 16 personal care beds based on the numerous deficiencies noted in the course of licensure inspection and failure of the operator to submit a plan to correction;

Revoked the certificate of the Linda Kay Wells Family Care Home, Hustonville, at the request of the applicant;

Revoked the certificate of the Carnes Family Care Home, Lexington, at the request of the applicant.

Clara Seebree Family Care Home, Hopkinsville, was referred to the Licensing Review Committee to write the applicant asking for a statement of her intention to continue operation of the facility.

Army Issues New Regulations

The U. S. Army Corps of Engineers issued new regulations which will insure a more balanced consideration of environmental and economic values in planning of future water resources projects.

Victor V. Veysey, Assistant Secretary of the Army for Civil Works, stated that the regulations published in the Federal Register are a major milestone in the efforts of the Army Engineers to be fully responsive to public concerns, particularly ecological and social values.

"National economic development and environmental quality must be given equal consideration in federal water and related land planning programs," Veysey said.

He added that the new regulations represent a two year effort by the Corps of Engineers to formulate guidelines to implement the new principles and standards of the water resources council. The regulations also implement recent federal statutes which require assessment and consideration of the environmental and social impacts of water projects. These include the National Environmental Policy Act of 1969, Section 122 of the River and Harbor Act of 1970, the Federal Water Pollution Control Act Amendments of 1972, and the Water Resources Development Act of 1974.

Veysey said that the new regulations require development and assessment of alternative solutions to water resources problems, including the "no development" alternative. The regulations emphasize an interdisciplinary approach to planning projects, the development of creative alternative plans, including the consideration of nonstructural alternatives, and active public involvement in all phases of the process. Mr. Veysey highlighted these as essential to the Corps ability to be responsive to the public interest.

The Corps of Engineers is soliciting comments on its new regulations during the next twelve months. Revisions will then be made, where needed, in response to comments received Veysey said.

integration and brotherhood for years to come; it has placed great strain on the financial capacity of already hard pressed school districts; and it has diverted the effort of those districts from improving the quality of their educational offerings to an almost total preoccupation with pupil assignment, transportation and safety."

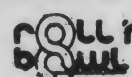

Huddleston pointed out that additional hearings on the constitutional amendments would be held this week, centering on Boston and Massachusetts.

"As we further examine this issue, I think the courts and the Congress and the American People will grow to realize that this particular tool used by the courts to force a racial balance has proved to be no remedy at all," Huddleston added.

Winterize Your Cattle

By
Darwin Foley
Kenton County
Extension Agent

You winterize your car and your house, why not your cattle. Failure to do so could result in weight loss or death. I know of several cattlemen who lost cattle last winter even though the winter wasn't that bad.

Cattle being wintered should be wormed to decreased the concentration of internal parasites that rob the animal of needed nutrients for rapid and efficient growth as well as render the animal more susceptible to weight loss and death depending on the severity of infection. Good management, sanitation and proper use of approved medications will help prevent parasites problems. Drugs are available to remove internal parasites and may be administered in at least one of the following ways: Bolus, drench, feed additives, or injectable solution. Consult VET-2 which is available by calling or visiting my office.

Cattle should have already been treated with systemic insecticides for cattle grub control. If they have not been treated, do not do so at this time in order to avoid possible complications from host parasite reaction. If grub insecticide was used, control of adult and nymphal lice that were on the cattle at that time will also be achieved. However, grub insecticide would not affect lice eggs, therefore a heavy lice infestation could develop on cattle by January, February, or March. If haircoats look rough and the skin is scaly and cattle are doing a lot of rubbing, suspect lice. However, it will be necessary to closely examine the animals to be sure they are lice infested.

Don't retire the dust bags and back rubbers just because the flies are gone. These devices will also help reduce the lice population. Lice may also be controlled with insecticide sprays or pour ons. To completely rid the cattle of lice, treat the entire herd with sprays or pour ons, repeating the treatment in two or three weeks to kill young lice that have hatched from eggs since the first treatment. Do not add untreated cattle to the herd without first treating for lice control.

To obtain a list of recommended insecticides for lice control, contact our office in the Independence Courthouse and ask for publication ENT-11.

Questions & Answers

Q. What does VA provide the spinal cord injured veteran who wants to drive?

A. A veteran whose disabling injury is service connected is eligible for a one time grant of up to \$3,300 toward purchase of an automobile; installation, maintenance, and replacement of adaptive equipment; training in operating vehicle on which adaptive equipment has been installed.

Q. Does the receipt of unemployment compensation have any effect upon a veteran's educational allowance?

A. Income is not considered in the payment of educational allowance. Rates of payment are based generally on hours of attendance or cost of courses.

County Agent's ½ Acre by: Joe Claxon

Americans have shown a healthy craving for vegetables since the day the Pilgrims sat down with their Indian neighbors and heartily consumed the fruits of harvest.

Since that legendary day more than 350 years ago, small pioneer garden plots have grown into millions of acres of vegetable crops in the 1970's.

Moreover, America's culinary love affair with vegetables shows no signs of abating with individual consumption expected to reach even higher levels by 1980.

A study of the vegetable industry projects that the average American will eat 5 pounds of vegetables more in 1980 than in 1974, reaching an annual rate of 225 pounds per person.

1975 Outstanding Young Farmer

Three young farmers have emerged as finalists in Kentucky Farm Bureau's 1975 Outstanding Young Farmer Competition.

The three are Terry Bay, Bracken County; Donald Brame, Christian County; and Firmon Cook, Trigg County.

One of the three will be named Outstanding Young Farmer of Kentucky during the 56th Kentucky Farm Bureau Convention in Louisville, December 12. The winner will be presented a 1975 Ford pick-up truck and will travel to St. Louis in January to compete in Farm Bureau's national OYF finals.

The Outstanding Young Farmer program is conducted annually by Kentucky Farm Bureau, and is open to any Farm Bureau member family engaged in active farming, if the husband is 30 or under.

Participants are judged on farm management, farm improvements, net worth of the operation and production efficiency. In addition, leadership activities of both husband and wife are considered.

This year's three finalists were selected from eight district winners from across the state. The other nominees were: Thomas E. Diebel, Oldham County; Dwight Easley, Butler County; Michael Langfels, Bourbon County; Frank Penn, Jr., Fayette County; and James T. Stearman, Green County.

And the American consumer will continue to enjoy the selection of produce forms that the Pilgrims never dreamed of: The vegetable will come fresh, frozen, canned, or prepared in new convenience forms.

Although the consumer may be primarily concerned with price, availability, and convenience packaging, the vegetable industry is expected to do far more than meet supply needs. Among key projections for 1980 are:

Increased use of canned vegetables, which have usually experienced price hikes at a slower pace than fresh and frozen forms. A slight increase in frozen vegetable use is also expected, as fresh vegetable use remains stable.

New processing techniques may affect the market. Aseptic barreling and continuous process freeze drying are the most significant new preparation methods on the horizon.

The vegetable industry will become more tightly organized and many of the agreements which now exist between major buyers and suppliers will become even more formalized.

But the consumer will still have the last word in determining what the vegetable industry will produce.

In recent years, the consumer has "ordered" a production increase as population swelled and per capita consumption headed uphill.

Overall, per capita use steadily climbed from an average of 200 pounds per year from 1947 to 1949, to 220 pounds in 1974. In raw volume the increase was from an annual average of 29 million pounds in 1947 to 49 to 46 million pounds last year.

Researcher stress that vegetable consumption may be generally tied to the economy. Vegetable consumption goes up with personal income.

However, vegetables may be used as "meal stretchers" as high meat

prices force many families to switch to casseroles. Tomato based products are also often use in budget meals.

This relationship between the economy and vegetable use is seen in an abnormal occurrence in 1973. Many Americans hoarded canned goods in anticipation of rising food costs, so that may have inflated consumption figures for that year to high levels.

Besides flashing production signals to the industry, consumers ship the forms in which the vegetable are to be supplied.

**WOULD YOU
BELIEVE IT..?**

CHICK CHAT

By: Sandy

Customer: I'd like to buy a pair of those stretch slacks please.

Saleslady: Yes ma'am. They come in three sizes, small medium and don't bend over.

Women fishing: Have you got another cork dear. This one keeps sinking.

Would you believe all you have to do to cut your tire cost in half, is to buy your tires here at G & G TIRES. It's that simple.

**Let's Enjoy
Christmas**

**Anna Myers
Home Economics Agent
Kenton County**

The celebration of Christ's birthday is meant to be happy joyous season, with a spirit of giving and sharing with family members as well as those less fortunate than others.

Too often, we find ourselves so pressed for time we become over tired, short tempered and comprise on gift giving by "writing checks" and buying cookies and candy instead of making it ourself. We miss the meaning of Christmas completely by these pressured last minutes decisions.

Now that we are eating turkey leftovers, our thoughts now turn to the preparation for Christmas. Let's look at some ways to make it a Happy not a Burdensome Christmas.

First of all; make out a schedule of events for your entire family. When are your Church programs, choir practices, school activities, club meetings, Christmas bazaars, musical programs and other regularly scheduled and special events?

Then put into the dates remaining time for addressing Christmas cards, shopping baking cookies, and make candy, decorating your home, wrapping presents, and entertaining friends. When possible make these events a family affair, even the youngest member of the family enjoys getting in on the fun! Of course, some of these activities need to be done early in the month and others can be done a day or two ahead of Christmas Day. Addressing and mailing of Christmas Cards should be number one on your list. Next will come baking and shopping.

Most of the Christmas Cookies can be made ahead of time and frozen already baked or freeze the raw dough and bake as needed. They also stay fresh for several weeks if stored in an airtight tin. Remember to store each recipe separately. If you store a spice cookie with a sugar cookie, for instance, the sugar cookies will absorb the flavor of the spice ones. Candy, also can be made ahead and store in flat card board boxes with a sheet of foil or waxed paper separating the layers.

When you think of shopping, the very first thing to do is to make out a list of those you want to buy for and approximately how much you can afford to spend for each. Don't forget to include that lonely shut in down

the street, the orphan at the county home and the needy family whose bread winner is out of work!

Next, think of possible gifts suitable for each person and jot ideas next to names, along with sizes needed if purchasing clothing items. It is helpful to look at various newspaper ads and catalogues to know average cost of various items. Then, you will know if a "sale" item is really a bargain.

Now, head for the favorite store, go directly to the department selling the specific item you are looking for, and after the purchase write by each name, the item chosen and cost, and where purchased. In addition to accurate records of this aids in making any needed exchanged.

Lastly, make this a Merry Christmas for your family budget by knowing what you can spend and staying to the guideline you have set. Remember those easy payment, long term payment plans cost you about 20 percent or more in interest and will resent that costly expenditure before the last payment is made.

Cancer Society Meets

The Boone County Unit of the American Cancer Society met on November 19th at the Boone County Health Building at 1:15 p.m. with the following people present: Messdames Frank Trego, Harry Daugherty, Reed Hopke, Vernon Anderson, Lucy Alphin, Mary Cress, Pat Hume, Carrie Martin, Buena Fox and Mr. Bill Griffith, Area Chairman.

The final figure for the Cancer Crusade was \$4,814.67 and it is now time to prepare for April 1976 Crusade. If you are interested in being county chairman or an area chairman please contact one of the above mentioned people. Everyone is important and needed, so by combining our efforts we can more effectively combat this dread disease. Ask yourself where you fit into the picture and what you can do to help.

Mary Cress, Boone County Health Nurse, reported 65 women came to the Health Building for the Pap Test Clinic. The next one will be on Tuesday, January 27th.

Please note that our next meeting time was changed from the third Wednesday to the second Thursday so the next meeting will be January 8th at the Health Building at 1:15 p.m. and you are invited to attend.

Breakfast With St. Nick

The alumni board of Thomas More College presents "Breakfast with St. Nick" Saturday, December 6th at 10 a.m. in Seiler Commons, Thomas More College. Alumni of the College, their children and friends are invited to attend.

Along with breakfast, the children will be treated to an "Alumni Players" skit telling the story of old St. Nicholas. Max Howard creator and star of the new WKRC-TV Show "Max Be Nimble" is scheduled to come as one of his charming characters.

And of course, this is one breakfast that Santa Claus won't miss.

Barbara Beimesch is coordinating the "Breakfast" activities, along with her committee.

Tickets are \$2.00 per person (Adult or Child).

Terms Used By Horsemen

"The Piebald Stallion with the baldface and the three stockings is approximately 16:1 hands high." If you are not familiar with the terms used by Horsemen, this sentence could be as confusing as foreign language. Below are some terms and definitions used by Equestrians. Maybe they will help you become familiar with the "language."

Aids - The legs, hands, weight and voice used by a rider in controlling a horse.

Appaloosa - A breed of horse characterized by leopard - spot markings, usually concentrated over the hind quarters.

Baldface - A horse which has white over most of the flat surface of the face.

Canter - A three beat gait, a collected gallop.

Chestnut - A basically red horse.

Cold Blooded - A horse with ancestry from the draft breeds.

Colt - A young male horse.

Dam - The female parent of a horse.

Dappled - A horse with darker spots imprinted on his coat.

Dressage - Advanced exercises and training in horsemanship.

Far Side - The right side of a horse.

Filly - A female horse under three years old.

Stud - A place where stallions are kept for breeding.

Trot - A rapid, two beat, diagonal gait.

Weanling - A weaned foal.

\$137,909 In Federal Funds

Julian Carroll and Leslie Dawson, secretary of the Department of Human Resources, have announced federal funds in the amount of \$137,909 to two Northern Kentucky Community Action Agencies to continue programs already in operation.

CAA's are local administrative units which operate on a regional basis and deliver services geared to the needs of the local people. They are an outgrowth of the former office of Economic Opportunity and were established in 1965.

CAA's provide Head Start programs, emergency food and medical services, energy crisis funds and training programs for poverty level youth.

Continuation funding was awarded to the following CAA's pending their compliance with certain regulations of the Federal community Services Administration.

Licking Valley Community Action Agency, Flemingsburg, \$21,576; Northern Kentucky Community Action Commission, Newport, \$116,333.

Cub Scouts Meet At Expo Center

Cincinnati area Cub Scouts will be getting together for their Bicentennial Cub-O-Rama from 1:00 p.m. to 9:00 p.m., Saturday, December 6, at the Cincinnati Exposition Center.

More than 5,000 Cub Scouts from the Dan Beard Council, representing Cub Scouts Packs from an eleven county area in Ohio and Kentucky, will present a panoramic display of our country and its achievements at the Cub-O-Rama.

Special attractions at the Cub-O-Rama include 200 booths with live demonstrations by Cub Scouts; mountain climbing for everyone on a 20 foot high man-made mountain; a Cub Scout Midway of games and sideshow attractions; an Indian Village; a physical fitness challenge area; and a huge stage show.

Tickets for the Bicentennial Cub-O-Rama are \$1.00 and are available now from Cub Scouts throughout the Cincinnati and Northern Kentucky area, or will be available at the door. Proceeds from the Cub-O-Rama will be used to support the Cub Scouts program of the participating packs.

Chairman of this year's Cub-O-Rama is Robert Weigand, television Vice President for Taft Broadcasting Corporation.

Get In The Christmas Spirit

Want to see some new ways to save money on Christmas gifts, decorations and goodies? You will have an opportunity to see inexpensive Christmas ideas collected from all over Northern Kentucky.

The University of Kentucky - Kentucky State University Mobile Unit will be visiting six Northern Kentucky Area counties for the first week of December. It will be in Boone County, Monday, December 1st from 10:00 a.m. to 4:00 p.m. You will find it parked in Rink's Department Store, Price Pike and Turfway, Florence Kentucky.

The Boone County Cooperative Extensive Service Staff will provide you with literature to explain how to make the things you see and to host your through the mobile unit. The tour and literature is free and open to the public. Be sure to stop by and see this exciting collection!

"If You Have Anything To Sell—Call Us"

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, November 27th

This is our 355th Thanksgiving Day since Governor Bradford proclaimed the first one in Plymouth Colony in 1621 and we have a lot to be thankful for, this Thanksgiving we are not at war, but lets not forget the war in Vietnam will never be over for a lot of our families until all the MIA's are accounted for so lets say a special prayer for the soldiers and their families before we enjoy our repast and remember what

Izaak Walton said, "God has two dwellings, one in Heaven, and the other one in a meek and thankful heart."

Friday, November 28th

We probably won't be to hungry this morning after all the elbow bending exercise we had yesterday but it will be a nice day for taking care of business matters while everyone is in a thankful mood, also a good day to visit your family doctor and get a complete checkup

and see what vitamins you need to keep you in good health until spring. Vitamins are a lot cheaper than medicine and, a lot more pleasant to take and regardless of what the FDA says about them not being necessary we all know that we do not eat a balanced diet always to get the needed vitamins from our food.

Saturday, November 29th

All friendly vibrations today and a good time to finish up all those little projects you have been putting off, still a good time to visit your doctor and if you have any legal matters pending get them out of the way, also a good time for visiting and entertaining but if you prefer a quiet day at home try to catch up on your correspondence and you may be surprised at the amount of news you think of after you start writing.

Sunday, November 30th

As you pick up your Bible and get ready for church today, give some thought to the words of Daniel Webster and maybe the Bibles meaning will be clearer to you. "I believe that the Bible is to be understood and received in the plain and obvious meaning of its passages; for I cannot persuade myself that a book intended for the instruction and conversion of the whole world should cover its true meaning in any such mystery and doubt that none but critics and philosophers can discover it."

Monday, December 1st

The moon in the water sign, Scorpio get your old newspapers out and them on the table then start watering your houseplants also a good time to do any repotting or to take a few cuttings and if you don't have any liquid fertilizer make a note on your shopping list, plants like any other thing need nutrition to be healthy. I often wondered if a few vitamins tablets dissolved in water would be good for flowers and vegetables plants, if you have ever experimented let us know the results and we will pass your opinions on to the other readers.

Tuesday, December 2nd

We have the new moon in Sagittarius tonight and according to my calculations there are 22 more shopping days until Christmas, the

Hold Bazaar

The Walton Methodist Church will have a Bazaar on Saturday, December 6th at the Walton IGA starting at 9:00 a.m.
There will be handmade items for Christmas gifts and homemade candy.

Seedlings Available

Urban and rural dwellers alike are being given again this year the opportunity to purchase trees to improve their Northern Kentucky homesites and farmsteads.

William Bryant, Chairman of the Kenton County Conservation District, announced today that orders are being taken now.

Property owners are encouraged to plant trees for windbreaks, noise abatement buffers, shade and beautification, and for lessening air pollution, Bryant said.

Lots of 50 tree and 26 tree seedlings are offered. Each group contains five varieties.

The 50 seedling lot of \$15.00 includes 25 Scotch Pines, 10 American Red Pine, 5 Pink Tartarian Honeysuckle, 5 Stuart Pecan and 5 Chinese Chestnut.

The 26 seedling lot at \$8.00 contains 15 Scotch Pine, 5 American Red Pine, 2 Pink Tartarian Honeysuckle, 2 Stuart Pecan and 2 Chinese Chestnut.

Please mail your check to the Kenton County Conservation District, 8671 Dixie Highway, Florence, Kentucky 41042.

Mark Up Win For Bearcats!!

With Lenny Spicer on the sidelines with a knee injury, Walton Verona won another game on Tuesday night, November 25th against the Bishop Brossart Mustangs.

Dan Dixon with 23 points and Fred Leicht with 20 points, the Bearcats were hot on the trail to win over the Mustangs and to win their second seasonal game. Schepers was glad to see them win not only because they are good, but to show that if one team member is out that the rest of the team tries that much harder to fill in for him and they proved this on Tuesday night.

Spicer, senior, might be out for the rest of the season due to torn ligaments, but he will know Friday whether he will play the rest of the year.

Walton led in the first quarter but fell behind by the end of the second quarter by four points. But soon regained the lead to win the game with three points over the Mustangs.

The final score of 70 to 67 was tossed in by Sam Mosley with 12; Sargent with 6; Afterkirk with 3; and Ramsey with 6.

Twenhofel PTA To Meet

The Twenhofel Jr. High School PTA will meet Monday, December 8, at 7:30 p.m. in the school gym.

The ninth grade band under the direction of Mr. George will present the program.

"The Entertainer"

Pictured above is Jay Hellmann, son of Mary and Carl Hellmann of Independence. He was the recent Kenton County 4-H Variety Show champion in the specialty act division with his act called "The Entertainer". Also the Briarcrest Bridliders 4-H Club came in first in the club act division with their act called "Salute To Early America". Both acts performed at the Area 4-H Variety Show on November 22nd at Florence, with eight counties participating. Jay was again selected champion and the Briarcrest Club act received third and blue ribbons. Jay will now be eligible to perform at the 1976 Kentucky State Fair 4-H Variety Show in August.

Exercise REFORGER

Army Sergeant Fred McNay, whose wife, Candy lives at 7518 Sussex Drive, Florence, recently participated in Exercise REFORGER in Germany.

Sgt. McNay is regularly assigned as a legal clerk in the 1st Infantry Division's 573rd Supply and Service Company in Goppingen.

The purpose of the annual exercise was to sharpen techniques for receiving, equipping, assembling, and deploying dual based units. This year the exercise was incorporated in a broader, coordinated series of NATO and national exercises known as the "Autumn Forge 75 Exercise Series." The broad objective of the series was to improve the capability of NATO forces.

The U.S. Air Force Military Airlift Command flew approximately 10,000 US based soldiers and their equipment to Germany to participate in the exercise.

Sgt. McNay entered the Army in July 1970 and was last stationed at Ft. Hood, Texas.

The sergeant is a 1968 graduate of Simon Kenton High School, Independence and before entering the army, he was employed at Hagin Buick in Cincinnati, Ohio as a mechanic.

Revival

Rev. Carl Morton

First Baptist Church, 5708 Madison Pike, Independence, will hold revival services the week of December 8th to the 13th at 7:30 p.m. each evening with Rev. Carl Morton as the evangelist.

There will be special music each evening with the "Calvary Crusaders" of Richmond, Ky. being featured on Friday evening, December 12th.

Pastor Rev. Edward Kittle extends a cordial invitation to all. Nursery will be provided each evening.

Breakfast With Santa

St. Cecilia's Mother's Club will hold a "Breakfast With Santa" on December 13th at 10 a.m. at the St. Cecilia's School basement in Independence, Ky.

Pancakes and a beverage will be served and Santa will be there in all his glory, to talk with the little ones.

For more information call Mrs. Staley at 356-9324 or Mrs. Meiman at 356-7375.

Music, Business, Pleasure A Way Of Life

Dan Daniels, holding trophy.

Music is a way of life for Dan Daniels, band director of Simon Kenton High School and for six years a member of the Kenton County School system.

He remembers his grandfather playing the trombone. A brother is band director at Montgomery County High School, Mt. Sterling, and a sister directs the junior band at Danville.

Many members of his eastern Kentucky family were self taught he said. He himself received both his graduate and undergraduate degree at Morehead.

During the past football season his marching Pioneers, 138 strong, captured two prestige events. Now his musicians move indoors and he is working, along with assistant, Dennis Crowe, with two concert bands. In addition, he teaches music to three sixth grade classes.

He doesn't fool his students about making a living as professionals. Too few openings, he explains. But music, he believes, is a life long love affair, everything from rock to the classics.

Until recently he played in the Beverly Hills band but left to devote full time to teaching.

School's Christmas Program

The Walton Verona Schools Community Christmas Program will be held on Thursday evening, December 11th at 7:30 p.m. in the Walton Verona High School Music and P.E. Building.

This traditional program of Christmas music will feature songs

sung by all of the elementary grades. A selection of carols will be performed by the elementary, junior and senior bands. The Walton Verona Majorettes and Drill Team will also take part. Do not miss this beautiful program. The public is invited.

To Receive Figures

The Kenton County Board of Education at its Wednesday meeting may receive a report from the State Department of Education on figures for financing the proposed new high school.

The board, acting on the recommendation of its fiscal agent, notified the state agency that \$6.2 million may be available for construction of the school to be located in the northern part of the city of Taylor Mill.

However, Supt. Robert Barnes, expressed hope that the structure may be built for a lesser sum.

In the meantime, school officials have taken possession of the 78.5 acre tract after delivering a check of Charles Williams, the owner, for \$235,731.

Free Welding Clinic

Everyone interested is invited to a free short course in how modern welding equipment can save them valuable time and money on repair jobs... complete with a welding demonstration covering all procedures and techniques.

Those who attend will be invited to try the modern welding equipment. Learn overhead and vertical welding in one evening. Coffee and doughnuts will be served and there will also be a drawing for door prizes.

The free welding clinic is being sponsored by the Boone County Farm Supply, one mile south of Walton on U.S. 25 at 7:30 p.m. on December 18th in cooperation with the Twentieth Century Mfg. Co., who will provide equipment from its improved new line of welders designed for farm, shop and home use.

Announce Wedding

Miss Carolyn Kay Knechtly

Mr. and Mrs. Louis E. Knechtly Sr., announce the engagement of their daughter, Carolyn Kay to Richard S. Clements, son of Mr. and Mrs. Lloyd E. Clements.

The wedding will take place on January 10th at the Mt. Washington Baptist Church.

Big Honor

The Walton Verona Marching Bearcat Band has been invited to perform in the Inauguration Day Parade of Governor Julian Carroll in Frankfort Tuesday, December 9th.

Kids Paint Christmas

KENTUCKY 1975

Kids want sparkling white Christmases. Not polluted snowflakes, they want fun on skis and snowy hills. Not crippled lungs. They want joy and cheer for everyone. What kids want and how they see their world is on full display in this year's Christmas Seals, designed by children themselves.

This year there are 54 seals, created by children in the elementary grades from each state in the country, plus four US Territories. There are sprinkling of smiling snowmen and jolly Santas. Doves of peace. Tropical fishes from Hawaii. Indian dancers in New Mexico and the spirit of Christmas takes very special shapes.

There are no images of

unhappiness and disease. But they're there in the real world. Every year thousands of children under five 29,000 in fact die from respiratory diseases. Not a pretty picture. Contributions to Christmas Seals help paint a brighter one.

Kids don't exactly hate missing school, but they don't like being sick either. And acute respiratory disease accounts for more than half of all school absenteeism. Among adults, about 47 million suffer from one of more long term respiratory diseases.

Contributions to Christmas Seals help fight some of the causes of lung disease in children and adults. They sponsor child centered antismoking programs and also help protect nonsmokers from second hand smoke. They provide films, printed material and assistance to teachers.

Children want a healthier world year round for people of all ages. Answer your Christmas Seal letter today. It's a Matter of Life and Breath.

Breaking Ground

The Florence Baptist Temple, 760 Burlington Pike, Florence, Ky., broke ground Sunday for a new 600 seat auditorium. The exciting, 29 month old independent Baptist Temple has averaged approximately 300 in attendance for the month of November. The \$150,000, 76' x 82' structure will have padded pews and will be fully carpeted.

Pictured left to right at the ground breaking services are Ted Stevens, Riley Fultz, Howard Smith, Randy Wright, youth pastor, Gary Swinford, music director, and Wayne Cox, pastor.

Request For Highway Design Approval

Pursuant to the authority issued under the Federal Aid Highway Program Manual, Volume 7, Chapter 7, Section 5, and the Kentucky Department of Transportation Action Plan, a request has been made by the Kentucky Bureau of Highways to the State Highway Engineer for design approval of:

The improvement of KY 14 and 16, SP 8-2050-4L; S 749 (1) from U.S. 25 to a point on Stephenson Mill Road approximately 400 feet West of KY 1292 a distance of 0.8 miles.

Plans for this project as shown on the map accompanying this notice provide for the grade, drain and high type surface for a proposed four lane connector between U.S. 25 and I-75. The project is a partially controlled access highway and entrances will be allowed only where specifically indicated on the plans. The final Environmental Impact Statement has been adopted by the Federal Highway Administration. A Design Public Hearing was held on September 11, 1975. Maps, plans, as well as other information in support of this request, are available for public viewing at the Bureau of Highways District Office, I-75 and Buttermilk Pike, Crescent Park, Kentucky.

Constitution Square

Boyle County

As Kentucky became more settled and Indian skirmishes became less frequent, the settlers soon began to consider becoming a separate state. Since the Virginia Supreme Court had established Danville as the seat of government for Kentucky County, the first convention was called here on December 27th, 1784 bringing together the most noted of Kentucky's pioneers to discuss independence. Conventions were called on almost a year to year basis until a constitution was framed and adopted and Kentucky was admitted to the Union as the 15th state on June 1st, 1792.

Some people demanded Kentucky become an independent state and have nothing to do with the Union, some wished to be a part of the Spanish Empire, some wanted to remain a part of Virginia and others wanted recognition as one of the states of the Union.

It took ten conventions in nearly as many years; but the long bitter struggle finally ended with Kentucky being admitted to the Union. The new government was inaugurated June 4th, 1792, in Lexington. General Isaac Shelby, by common consent, was chosen to be the first Governor of Kentucky. As the first task of the Legislature Frankfort was designated as the

permanent site for the State Capital on December 8th, 1792.

Constitution Square is located near the center of Danville as a shrine to Kentucky statehood. There are three replicas (courthouse, first Presbyterian Church in Kentucky and jail) of the buildings which stood on the public square when the Constitutional Conventions were held.

The fourth building in the park is original; it is the first post office west of the Alleghenies.

Through the years the other original buildings on the square have disappeared. Around 1880 the land was purchased by John Weisiger, whose sister, Miss Emma Weisiger, donated the land for the park. The post offices were moved there and the replicas were created as early as possible to the original buildings.

Company Coming?

Some people say that if you pour a glass of water and it's full of bubbles, company's coming.

Some people say that if you eat peas on New Year's Day you will have good luck all year long.

Some people believe that if the bottoms of your feet itch, you are going to take a trip.

The ancient Greeks believed that they would acquire inspiration by sleeping with laurel leaves under their pillows.

Some people believe that if you sleep with your closet door open, it is bad luck.

The Greene Sheet

A Pro-Life Report

By Robert F. Greene

In a recent article I encouraged pro life people to get involved in party politics. I wrote with a feeling of confidence in the American political system and in the firm belief that there is widespread concern about human life issues. I said this concern must be communicated to party leaders and those who are to have a hand in shaping the platforms of both major political parties. My resolve in this matter has not weakened. However,

recent events have badly shaken my confidence in the ability of our political system to effectively come to grips with these difficult issues.

One of the recent events which so disturbed me was the National Democratic Issues Convention held in Louisville on November 21-23rd sponsored by the Democratic Forum. I was there on behalf of the National Right to Life Committee on the invitation of Congresswoman Barbara Jordan, one of the three national co chairpersons of this convention. The others were Senator Philip Hart and Leonard Woodcock, President of U.A.W. The theme of the convention "Beyond The New Deal: Democrats Look to the Future." I looked forward to this convention with excitement and enthusiasm. Such a convention was a new idea and was meant to bring together elected officials, party leaders, policy makers and grassroots Democrats. The announcement of the convention suggested four basic objectives. They were (1) to examine the

premises that have guided past Democratic policy and to offer new and relevant ideas and programs for the '70's and '80's; (2) to begin preliminary discussion of a party platform for 1976; (3) to raise the importance of issues in the 1976 Presidential campaign and to provide a forum where Democratic Presidential candidates can declare and define their positions on national policy issues; and (4) to provide an opportunity for grassroots Democrats from around the country to voice concerns on national issues.

My excitement mounted as I read through the printed programs containing the names of eminent historians, authors, university professors, party officials, present and former governors, members of congress and several Presidential candidates. Key parts of the meeting were three Presidential Candidates Forums on such issues as energy and growth; law, order and justice; and post Vietnam foreign policy. Following each of these forums the Presidential candidates responded to questions from the delegates who lined up behind two microphones out on the convention floor.

I first became apprehensive when I began to observe the delegates who had come to Louisville from all parts of the United States to participate in this convention. There were not too many there the first day, but the number did increase and I suppose there may have been as many as fifteen hundred there when some of

the more popular Presidential candidates were on the platform. Geography played an important part in attendance. Senator Birch Bayh from nearby Indiana was able to show more strength in numbers than the other candidates who appeared. Most of the delegates were retrained Vietnam war protesters who divided their time between the convention floor and the adjacent exhibition rooms where candidates and special interest groups manned make shift booths and distributed tons of printed material. The women's liberation and the gay liberation groups were there along with Planned Parenthood World Population and another group passing out bumper stickers which say "Keep Abortion Legal and Safe."

Philosophically the group was somewhere left of Fidel Castro and enthusiastically demanded federally guaranteed jobs or federally guaranteed incomes, federally funded housing, federally funded health care, federally funded education, federally funded legal assistance, federal guarantees of municipal indebtedness, federally funded economic security for everyone, unconditional amnesty, abortion on demand, and a host of other benefits. These programs are to be made available within a budget balanced by a huge reduction in defense spending and increased tax revenues obtained by plugging loopholes available to corporations and wealthy people. As a life long Democrat, more moderate than conservation, I felt totally alienated from my party and totally alienated from these people. It was disappointing to see the Presidential candidates striving to exceed each other in the capacity to accommodate their views to agree with the mood of this very liberal assembly.

If this convention was a preview of what lies "Beyond The New Deal," I do not want to go! This convention was a stacked deck and the only deal available there on human life issues was a raw deal. Some have predicted that the Democratic party will be the party of abortion. It will be unless pro life Democrats get busy right now and make themselves heard in the selection of delegates for the real Democratic National Convention.

Card of Thanks

To Our Many Friends:

Your kindness and beautiful expressions of sympathy have been a great consolation to us during our period of bereavement, and have served to ease some of the pain of our loss.

Especially, we wish to thank J.M. Huey, M.D. and the Walton Life Squad for their valiant efforts and their comforting support at the time of our loved one's departure.

We sincerely appreciate all concern.

The Family of Daniel J. Roberts

Oak Ridge Homemakers Meet

The November meeting of the Oak Ridge Homemakers was held at the home of Mrs. Dorothea Cummins with co hostess Mrs. Charlene Harney.

Giving the lesson were Mrs. Sina Kennedy and Mrs. Charlene Harney. The theme was "Plant Power". They instructed the ladies as to where in the home, it would be suitable to put plants and this it was expalined can be done in almost any room.

The lesson was made more enjoyable and interesting by showing pictures and giving examples of what was meant. A pamphlet on making terrariums, what kinds of containers, soil and fertilizer to be used was made available.

A discussion of the upcoming Christmas Party and arrangements to be made, concluded the meeting. Members in attendance were: Lulu Slaughter, Bernice Finnell, Theresa Willenborg, Frances Gauck, Cyndi Willenborg, Rose Thompson, Sina Kennedy, Shirley Tallent, Ellen Monson, Janet Bilz, Charlene Harney, Tonya Jones, Sharon Kemper, Dorothea Cummins, and Lorraine Setter.

Card of Thanks

We wish to express our thanks to our friends and neighbors for their acts of kindness and prayers through the death of our father and husband, Sam Black.

A special thanks to Gerry Sallee, Nick Trapp, Clarence Munson, Cecil Munson, Walton Life Squad, Jimmie Grubbs and Rev. Hooten.

God Bless You

Sunday

Sermon

The Gospel According to Matthew

Matthew 9:9-13; 1:1, 17; 4:23-25

For the next 20 weeks we will be studying the Gospel of Matthew. We will conclude this unit of study Easter Sunday, 1976! These studies provide an excellent opportunity to learn more about Jesus, the unique Son of God and our Savior. Now would be an excellent time for you to

find a local church of your choice and attend Sunday School where the Bible is studied in a group. You will profit greatly from an intensive study of this one book in the Bible. Daniel Webster said, "My heart has always assured me that the gospel of Christ must be a Divine reality. The Sermon on the Mount cannot be merely a human production. This belief enters into the very depth of my conscience. The world history of man proves it."

His Answer Matthew 9:9-13

This passage gives the account of Matthew's call to follow Jesus and Jesus' answer to a perplexing question of the Pharisees.

Matthew himself tells of Jesus passing by one day and seeing him sitting in the customs house collecting taxes. Very likely Jesus and Matthew had met before. The simple but most meaningful call from Jesus was "Follow Me." The simple, sane, and sudden response of Matthew is pointedly stated: "And he arose, and followed him."

Matthew did more than merely follow Jesus. He prepared a meal for Jesus and invited his own friends and fellow tax collectors to the feast. Matthew's guests, with the exception of Jesus, were not "the nicest people in the community" to say the least. They were tax gatherers and out-and-out sinners, social outcasts. Matthew's guests had little respect for the religion practiced and taught by the scribes and Pharisees of that day.

Uninvited guests were permitted to attend such a feast and stand outside and look on. The Pharisees were there to observe and criticize Jesus. They asked his disciples a question: "Why does your Teacher eat with publicans and sinners?" Jesus supplied the answer. The Pharisees felt they were righteous. They knew the guests of Matthew were sinners. Jesus took the matter

MOUNTAIN MOMENTS

A Saturday Night Bath

Before the days of central heating, when houses were not insulated and were heated by grates, fireplaces, and coal stoves, most families took a bath once a week.

To some of you who never had the pleasure of a Saturday Night Bath,

where they saw it and said to them, "If you are whole you do not need me, but you say these are sinners; so why don't you let me help them?" Jesus knew the Pharisees were self righteous so He suggested they go back to their studies and learn what His saying meant. They had received the answer to their question, but rather than heed the instruction of Jesus, they seemed in their anger until they succeeded in having Him crucified.

His Ancestry Matthew 1:1, 17

Verse 1 calls our attention to the special drift of Matthew's gospel. Matthew writes of the relation between Jesus and David, and between Jesus and Abraham. Matthew especially presents Jesus as "the Son of David."

Genealogy was very important to the people of that day. Great stress was laid upon one's ancient tribe. This was used of God to prove to His people that Jesus of Bethlehem and Nazareth was the long promised Messiah.

His Ability Matthew 4:23-25

What Jesus was able to do through the power of God convinced open minded men (of ancient times and today) He was God's unique Son. He preached, taught, and healed with tremendous success. His fame spread throughout the country and the world. The sick, demon possessed, insane and paralytic were brought to Him. He healed them.

The Gospel of Matthew is the good news of Jesus Christ. It is the news that God's rule in the human heart is available. Those from all walks of life may come to Jesus and be healed by Him.

Wilmington Baptist Women Meet

The Baptist Women of the Wilmington Baptist Church met at the home of Mrs. Isadore Childers Thursday November 6, at 7:45.

The meeting was called to order by President, Mrs. Lyle Spillman.

Mrs. Childers had the devotional reading Gen. 37:29-36. She read the names of the Missionaries who had birthdays that day. Prayer was held by Mrs. Marion Collins.

The sick and those who had lost loved ones were remembered in prayer by Mrs. Wendell Bridges.

Minutes were read and approved, the treasures report was read. We had \$196.27 for our State Missions. The roll call was answered with something interesting or something to be thankful for.

After a short business meeting the meeting was turned over to leader Mrs. B.N. Spegal, who gave some highlights on the Royal Service. Each officer gave a report on their duties of the Baptist Women's Handbook. Mrs. Spillman on committed to a cause, Mrs. Burkhart on how the Organization works, Mrs. Spegal on learning about Missions, and Mrs. Bridges on being a Member. The meeting was closed with prayer by Mrs. Bridges.

Refreshments were served to the following, Mrs. Sherry Burkhart, Mrs. Wendell Bridges, Mrs. Marion Collins, Mrs. B.N. Spegal, Mrs. Lyle Spillman, Mrs. Minnie Mae Mann and the hostess Mrs. Isadore Childers.

The next meeting is to be December 4, at 7:45 with Mrs. David Wolfe, all ladies of the church are invited and visitors are welcome.

wash tub, which Mom used for washing clothes, was brought in from the back porch where it hung when not in use.

It was filled with water warmed from the hot tea kettles which were refilled and put on the stove again.

The warm water felt good, but when I first stepped in the tub those sides sure were cold and it took a few minutes to warm up.

Tubs are round and boy's legs are long and somehow it seemed impossible to wash good, but it could be done. Mom saw to it that we washed our elbows, necks, feet and ears. She meant for us to scrub them, until they were clean.

When they turned red, they were clean!

Drying off was a chore. We stood as close to the warm kitchen stove as possible using the big towel Mom gave us.

Clean bedclothes were put on and sometimes we sat by the stove until each of the children were bathed. Usually we read a book or listened to

the radio or both.

Somehow, it seemed that I slept better on Saturday night than any other and now that I look back on it, I think Saturday night bath wore me out!

LITTLE BOY

Somehow men never quite seem able to get over being little boys. They can handle responsibility, but sometimes their spirits sink.

Cares can overtake a man. That's when he reverts into an unhappy, discouraged little boy. At times like these, his wife must strive to help, to understand.

A wise wife knows that the Church offers an answer to their problems. At church hope and faith are common, and friends abound.

There is something in regularly going to church that gives a person perspective, strength and faith.

A Dangerous Insect

By Sue Johnson

The mosquito has been called man's worst insect enemy. It has killed many people by infecting them with such deadly diseases as yellow fever and malaria.

Because mosquito's easily adapt to most environments, they are difficult to control. Large numbers of mosquito exist in the Arctic Circle,

while others swarm in the tropics. They spend their winters frozen in ice, as larvae, eggs, or adults, depending on the species. Before the mosquito eggs can develop, the female must suck the blood of a warm blooded animal. The mosquito is well equipped for this, for they have intricately built mouths. After sucking the blood, the mosquito then flies off carrying twice it's normal weight, to do this, it beats it wings over 300 times a second. The males are not able to sting or buzz.

Of the many species of mosquito's, the anopheles mosquito is notorious as the carrier of Malaria.

Card of Thanks

Thanks to my many good friends who sent beautiful cards, delicious food and many lovely gifts and a special thanks to the girls who helped make my birthday one of the most happy ones.

God bless each one in a special way.

Cecil Mastin

Kenton Garden Club

Enjoys Program

Mrs. Leontine Stephens was the gracious hostess for the November 20th meeting of the Kenton County Garden Club and Mrs. Inez Straw, president, took charge of the usual business sessions.

Members answered roll call by completing "I am thankful for—"

Spiritual Guidance was given by Mrs. Straw on "Thanksgiving" and her scripture selection was Psalms 100.

Mrs. Lucille Hall reported on the recent workshops on picture frames and decoupage conducted by Mr. Eugene Keith for the club at his Simon Kenton Industrial Arts Shop on November 10th, 12th and 13th.

Plans are finalized for the club's annual Christmas Luncheon, it will be at noon, December 13th at the home of Mrs. Straw, Independence.

The guests speaker, Miss Doris Wicklund, "Miller and Wicklund" Florists, Independence was introduced and she demonstrated the making corsages and Christmas arrangements of 'Mums' and greens. She exhibited handmade Christmas tree ornaments.

Members, and guests present were: Mmes, L.A. Cole, Margaret Dickson, Kathryn Guttridge, Lucille Hall, Dora Pennington, Leontine Stephens, Inez Straw, Terry Polley, Gayle Webster and Misses Margaret Stephens and Elma Taylor.

The hostess served refreshments during the social hour which followed the meeting.

Boone County

Garden Club Meets

The Boone County Garden Club will meet on Tuesday, December 9th at 12:30 p.m. at Ramada Inn, Florence for a luncheon Christmas Party.

The program will be a Christmas Flower Show with the following classes:

1. The Littlest Angel, a miniature not to exceed 5".

2. The Little Drummer Boy, small table arrangement for end or coffee table.

3. We Wish You A Merry Christmas, center dining table arrangement.

4. Deck The Halls, an arrangement to hang on your door.

Foliage material must be used in all classes, accessories and bases may be used. Prizes to be given.

NOTICE

The sewer project is rapidly nearing completion, and the City of Walton must receive notification in writing of all claims against Schweitzer Construction and Beckman Construction for property damage and personal injury, which have occurred as the direct result of project construction, for delivery to the contractors, project engineers, and liability insurance carriers.

All claims must be filed on forms available at the City Building, North Main and Church Street, Walton, and for consideration must be returned to the City Clerk, not later than the close of business on December 23, 1975. NO TELEPHONE COMPLAINTS CAN BE ACCEPTED.

ANNA MAE SIMPSON, City Clerk

Ford, Reagan... And Rockefeller?

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

On November 20th the Nation learned for certain there would be a

horse race for the 1976 Republican presidential nomination. The people should welcome Governor Ronald Reagan's entry whether they are Republicans, Democrats or Independents, for he gives them another choice. Though the party organizations determine the two finalists, each knows that to win, it must put up a candidate with strong appeal to voters outside its

Senator Dee Huddleston

SENATOR TO THE PEOPLE OF KENTUCKY

American Intelligence Agencies

The work of the Senate's select committee on intelligence activities, of which I am a member, will draw to a close in February. Its work to date was highlighted last week with the release of the so-called "assassination report," detailing involvement of the C.I.A. and other government agencies in plots to assassinate foreign leaders.

As our work comes to a close, I thought I might share with the people of Kentucky some of my views about the C.I.A. and our foreign intelligence operations.

I approached my assignment of this committee with several key principles, which have been underscored by what I have learned. They include my commitment to a strong, efficient, well organized intelligence community as an essential of our national security, my concern that intelligence agencies be put above the level of suspicion raised by many reports, and the belief that we must constantly strive to keep the information available and our activities in perspective.

The committee conducted all of its proceedings concerning the subject of assassinations in executive session. This was done out of a

unanimous understanding and appreciation of the need to be responsible. We have had access to the most sensitive information which nations can possess. We heard from individuals whose very lives were in balance because of their past involvement in these activities.

All committee members felt a deep sense of personal responsibility for the actions of the committee, and on the whole we met that challenge by establishing what I consider to be a

remarkable record of security during our deliberations.

After having participated in these extensive investigations, my commitment to a strong and effective intelligence capability is stronger than ever. Threats to our national security remain, and as long as they do we must have the best intelligence gathering possible.

But those agencies charged with that responsibility must be operated within the law and within specific authorizations granted to them by the President and Congress.

Both Presidents and Congress in the past have been negligent in overseeing these agencies, and as a result some actions got out of hand. But I am extremely confident that we can correct the abuses that have occurred and still have the best intelligence apparatus in the world.

President's moves. Rockefeller's withdrawal from the number two spot in 1976 was followed by his subsequent refusal to rule himself out as a possible Presidential candidate later on. In answer to reporters, he said, "no one can tell what happen." He said he is backing Ford.

Rocy's openness about a potential candidacy suggest that the earlier announcement by Maryland's little known, liberal Senator Charles Mathias, that he might be a presidential candidate, "because Gerald Ford has moved so far to the right," is part of the Rockefeller strategy with Mathias his stalking horse to organize a team for a future Rockefeller campaign.

I Ford falters in the early GOP primaries against Reagan, he'd see the handwriting on the wall, and like Lyndon B. Johnson before him, pull out of the race. Rocky would be free to plunge into the fray with the ready made, Rockefeller or pented organization Mathias would turn over to him as he too stepped aside. The Vice President would no doubt get Ford's support in trying to hold on to the Ford supporters while gathering together the GOP liberals and so called moderates who have always looked to Rockefeller as their spokesman and standard bearer. Maybe the GOP will provide more excitement than the Democrats in 1976.

Buy Some Candy

Mrs. Pat Waymeyer, Learning Disabilities Teacher, presented the program at the November meeting at the Kenton Elementary PTA. A film on educationally handicapped children was shown.

Mrs. Lucien Roysse introduced the room mothers, and discussed the part they would play in the candy sales which will begin the first week of December.

own ranks. The people can only benefit from a broader airing of the problem facing the Nation, and their possible solutions. Reagan represents another set of views, and his California record is open to the scrutiny of the voters as to how he implemented some of those views.

Whatever we may think about any party's candidates or their opinions, we owe them our gratitude for offering themselves to the people's judgment. Though Section 4 of Article IV of the Constitution states, "The United States shall guarantee to every state in this union a Republican form of government," that guarantee is only possible as long as individuals in every state are willing to chance losing a race for public office at all levels of government. We'd be a stronger Nation if more men and women of deep conviction were willing to enter politics and run for public or party positions.

President Ford's Cabinet shuffle was overshadowed by his Vice

Winterizing Beef Cows

By
Darwin Foley
Kenton County
Extension Agent

cows with calves on them. A dry cow requires only about 60 percent of the energy and protein of a nursing cow of comparable size. The nursing cow that needs the most energy and protein is the one that is ready to breed to produce another calf.

To further refine the requirements of wintering the cow herd, consideration must be given to the size and milking ability of the cow. Dairy beef crosses that give more milk are an example of cows that need more feed.

Wintering an open cow is an expensive and profit reducing practice. Researchers from the University of Tennessee concluded that when a cow is open, replace her with a heifer as long as she will sell for more dollars than the heifer calf.

When feeding the forage you have grown, give the best quality forage to the young growing animals and the cows that are nursing calves. The dry cows can get by on poorer quality hay. If excellent quality hay is not available for the nursing cows you may have to supplement the ration with grain and protein

supplement. I can help you with forage testing and a recommended ration.

Provide a free choice mineral mix at all times. A good one contains two parts magnesium oxide and one part each of steamed bone meal, plain salt and trace mineral salt. Cows will probably consume about one ounce per day of this mixture. Vitamin A premix should also be added to the mineral mix so that each cow gets about 30,000 international units daily.

Stockpiled pastures can be most helpful in reducing winter feeding cost. If you put nitrogen on your fescue pasture last August and held your cattle off till frost, you'll find you have excellent forage because the sugar content of fescue doubled after freezing temperatures hit.

So far efficient wintering, have a good herd health program, sort, cull and feed properly. We have work sheets for estimating your forage needs this winter so call our office if we can be of help.

Kentucky Has . .

Kentucky has 1,143 widows, wives of totally and permanently disabled veterans and their children who draw monthly checks from the Veterans Administration for attendance at colleges and other schools. Of these, 998 are enrolled in college.

Their checks from VA generally are \$270 per month for full time training. Included are wives of prisoners of war and missing in action.

To attend school or take job training with VA financial help a son or daughter must be between 8 and 26 years of age, although in some instances it is possible to begin earlier and continue later . . . Marriage of a child is not a bar to this VA benefit.

Eligible dependents may receive up to 36 months of education or training with VA help, but their program must be aimed toward a definite educational or vocational goal. There are special restorative programs for the physically or mentally handicapped. These may begin as early as age 14. Special vocational training is also available.

Information and application forms are available at the VA regional office 600 Federal Place, Louisville, Ky. 40202. Veterans Service Organization can assist eligible applicants.

Simon Kenton Future Farmers

Simon Kenton Future Farmers of America held their November meeting at the Agriculture Shop behind Simon Kenton. There were 34 members, 2 guests and Mr. John Gray, advisor.

Reports were given by committees and a special report was given regarding the planning of a FFA Christmas Party for FFA Members and their guests.

The first and second hour classes have finished stripping the tobacco crop raised by the Simon Kenton Chapter. Credit is due them for part of this year's funds for the FFA. Emergency First Aid Kits have also been sold by the FFA to raise funds.

County Agent's

½ Acre by: Joe Claxon

The final report card for American farmers in 1975 will be better than expected. At mid year, economists figured net farm income in the ball park of \$20 to \$25 billion. The higher number now appears more likely. Though off from 1974's \$27.7 billion, net farm income this year will still rank third largest in history.

Key indicators are favorable to farmers: the 1975 grain harvest will shatter all records . . . farm exports are sailing at a fast clip . . . domestically, demand for farm products is being whetted by the economic recovery.

On the average, farm prices have advanced from a year ago. Prices farmers apy to run their operations keep escalating too, but the incline is not as steep as in recent years.

Tidings are equally good for first half 1976 as the big 1975 harvest moves to market and livestock production picks up. Meat output this year sagged from 1974 levels, mainly due to major cut backs in pork. But hog producers are planning to up production in 1976. Prospects for larger gains in poultry output also are promising. And bigger supplies of cattle will be heading to slaughterhouses in the next 6 to 9 months.

The strong showing of livestock products in first half 1976 combined with heavy grain marketings should boost total farm cash receipts well above a year earlier. At the same time, the swell of grain supplies will help keep the lid on

rises in production expenses for livestock men.

There should be less griping from shoppers next year about hikes in food prices. Retail prices will nose up, to be sure, but the rates of increase will slacken, based on current indicators. ERS sees retail prices advancing about 4 percent on an annual basis in first half 1976.

This year, incidentally wasn't as bad as 1973-74, as food prices go. Retail price increases are expected to round out to about 9 percent for all of 1975, versus jumps of around 14 percent in both 1973 and 1974. This year's price spurt is largely blamed on reduced supplies of meat since June.

Veterans Release

One out of every five among the 214 million Americans changes his address by moving each year, and at least half of these moves are potential problems for the Veterans Administration.

Almost half these people are veterans, their dependents or their survivors, and the continuing migration can produce massive headaches at Veterans Administration records centers.

To avoid delays in benefits checks and confusion in other veterans records, VA urges all veterans or others entitled to VA benefits to notify it promptly of any change of address.

Even if a veteran is not presently receiving benefits, VA pointed out that it will save time and eliminate possible error should they be sought in the future if the veteran's records always reflect his correct address.

With files on more than 29 million living veterans, duplications of thousands of names are common and incorrect address only serves to increase the possibility of error or delay in processing claims, the VA said. There are 407,000 veterans in Kentucky.

In the case of veterans currently receiving benefits, the new address and the date of the move should be provided VA as far in advance as possible, the agency said.

Facts & Figures

How much coffee do Americans drink every day? To get some idea, imagine standard six ounce cups of coffee lined up, edge to edge, for the day's drinking. They would stretch for some 18 thousands miles.

In all, Americans enjoy more than 380 million cups of coffee daily, or 140 billion every year. And according to the National Coffee Association, each cup is still a bargain costing only about 3 cents per cup when served at home.

Plan Ahead For Winter Repairs

With crops in the bin and fall work about finished, its time to plan ahead for next year. But you can do more than plan. Right now, while tractors are still operating or have just finished, put together a performance checklist on each one.

Why? Because it'll pay off by helping you to plan service needs in advance.

If your tractors are losing power, missing, show unusual smoke signs, are hard to start, show a sudden increase in oil consumption, or shows other unusual performance, it's time to check the problems.

Just call Ryan Implement Company for an appointment. Have those tractors ready for service.

FEARLESS FORECAST

By: R. W. Lancaster

Thursday, December 4th

The moon in Sagittarius with all good aspects, you are going to be mentally alert today so you may as well get out your pencil and paper and start on that shopping list if you have been putting it off, make a quick list of the family and friends you need a present for then concentrate a few minutes as you come to their name visualize their image and the right present will come to your mind, if you get bogged down on a tough one, go on to the

next name and before you get through the list you will think of the right present for everyone, also a good time to make out your grocery shopping list and check your vitamin supply.

Friday, December 5th

The moon increasing in Capricorn today and tomorrow is the right time to do your home baking especially anything that has yeast as the professional bakers have claimed that their bread and rolls usually turn out better this time of the month, so why not give it a try, if the

first batch surprises you, make up another one for the freezer and if you haven't baked your Christmas Fruit Cake, as yet get your recipe out and start mixing while the oven is hot, let the kids help with the cookies and gingerbread men and think back to your own childhood, how proud you were when you passed the cookies to your dad and said have one of my homemade cookies.

Saturday, December 6th

The planetary aspects indicate a gloomy day outside so it might be best to plan a cheerful day inside, finish up your home baking if you didn't get it done yesterday and then start making plans for your Christmas decorations, discuss where you are going to put the tree this year and it might be a good idea to get the decorations out of the attic and do a little repair work, maybe a touch of paint of a dab of glue on some of the old decorations that have a lot of sentimental value, and take a good look at the lights and make sure there are no bare wires and see how many new bulbs you will need and don't forget to write down the color while it is fresh in your mind.

Sunday, December 7th

This is the 35th anniversary of the sneak attack on Pearl Harbor and reflecting back to the war years and the happenings since it seems to our Nation has unknowingly been following the thinking of the 17th century Spanish Author, Fernando Rojas, "To love an enemy is the distinguished characteristic of a religion which is not of man but of God. It could be delivered as a precept, only by him who lived and died to establish it by his example. It is the enemy whom we do not suspect who is the most dangerous."

Monday, December 8th

The moon in Aquarius making good aspects to Mercury and Mars you will wake up mentally alert and be full of ambition all day, if you are connected with sales work or merchandising you can expect some record sales and profits and look forward to serving some congenial customers for a change, have a little extra patience with the grandparents and explain some of the newer toys, they probably don't watch the kiddie shows on television so won't know the latest fad, they might think the Biotic man is a disease instead of a toy.

Tuesday, December 9th

The moon moved in to the water sign Pisces last night so if you haven't taken care of your house plants lately this would be an excellent time, mix a little liquid fertilizer in some tepid water and give them a good drink and a feeding at the same time, and if you want to take any cuttings or do any transplanting or repotting do it today or tomorrow and they should show some quick growth without any setback if you have any extra plants give one to a good friend and then look forward to a good night's sleep with pleasant dreams.

Wednesday, December 10th

The moon in a water sign squaring the Sun at 9 a.m. will make the fish bite and since it is a little cold for most of us to wet a line why not try to experiment and put some feed in your aquarium at mid morning and see how fast the fish gobble it up then next spring remember that the fish bite best when the moon is in a water sign and especially when it changes quarters and if you don't have an almanac just look in the Walton Advertiser before you start digging bait, and while your mind is on fishing think of some sportsman in your family or friends and fish around for what kind of tackle he or she would like for a Christmas Present.

LOOKING BACK

20 Years Ago

Thursday, November 24, 1955

Verona Homemaker's met at the home of Mrs. Birgie Adams for their monthly meeting. American Legion Auxiliary will hold a bake sale on December 3rd at Ryan's.

Rel Wayman and sons held a successful auction on Saturday at the home of Mr. and Mrs. Herman Arens.

Kathleen Flynn, Carolyn Armstrong and Shiela Hopperton were guests of Sandy Downing.

Did You Know?

In Wales, it was believed that a girl who walked backwards on Halloween, to the leeks of the garden and placed a knife among them, would see a vision of her future husband pick up the knife and throw it into the garden.

One 19th century philosopher believed that the moon and planets were just reflections of the sun and earth. It was all done with mirrors!

The ancients believed that a stone taken from the eye of a hyena and held under the tongue would give them the gift of prophecy.

Jersey is a corruption of "Caesar's eye," meaning Caesar's island.

Phobophobia is the fear of fear itself.

The world's shortest river probably has the shortest name. It's the 440 foot D River in Oregon.

A Little Wiser

Don't wash potatoes before you store them. Dampness increases the livelihoood of decay.

Ancient Greeks believed that rainbows brought bad luck.

Use fresh chilled poultry within two days.

Among the Iroquois it was the young man's mother who chose his wife.

The Spanish Inquisition lasted until 1820.

"Idiot" originally meant a private person, one not engaged in any public office.

The word "Chopsticks" comes from a Chinese word meaning "The quick ones."

According to legend there were 150 knights of the Round Table!

Classified ads should be in the Walton Advertiser's Office no later than 12:00 noon on Monday.

Mr. and Mrs. Stanley Allen and children were Sunday guests of Mr. and Mrs. Jimmy Collins of Covington.

Traffic Was Terrific . . .
Going To

Believe it

Whether you believe there is an oil problem or not, every-one understands that the demand for coal will increase as industries follow the President's recommendations to switch from oil to coal.

Coal is used to generate most electric energy in Kentucky. And while coal prices dropped at the beginning of 1975, they remain 300% higher than they were two years ago. If the demand increases, you can bet your nearest light switch that coal prices will climb even higher.

Somebody's making a ton of money on the sale of coal. And it's not your consumer owned electric cooperative. Our rates are controlled by the Public Service Commission. No agency controls coal prices. If electric bills grow so high that you no longer can afford electricity...remember it's the fault of coal prices as you sit at home in the blackness of night.

Social Scene

Mr. and Mrs. James Fields of Wichita, Kansas are spending a few days with his brother and sister, John Fields of Dry Ridge and Mrs. Stanley Allen of Walton.

Mr. and Mrs. Stanley Allen and Mr. and Mrs. James Fields went to the Masonic Home last week to visit with Granny Fields.

Mr. and Mrs. Jimmy Gibson, Mr. and Mrs. Sennette Humphrey, and Mr. and Mrs. Floyd Humphrey enjoyed Sunday afternoon in Butler, Ky.

Mr. and Mrs. Russell Groger and Mr. and Mrs. Gilbert Groger attended the Opera Land U.S.A. in Nashville, Tenn. over the weekend.

Mr. and Mrs. Stanley Allen entertained Sunday for dinner for the following people: Mr. and Mrs. James Fields, Mr. and Mrs. Will Hoefler, James Collins and Vickie, Mr. and Mrs. Robert Collins, Kathy and Travis, Mrs. Esther Fields, Perry, Genie, Julie, Darin and Barbara, Mr. and Mrs. Ray Sanders and Eline, Mrs. Johnny Knox, Johnny and Jennifer, Mr. and Mrs. Ray Allen, and Mr. and Mrs. James Stone, Jim, Kim and Tim.

Guest in the home of Mr. and Mrs. Gilbert Groger Sunday before the Thanksgiving were Rev. and Mrs. Randolph White of Lexington, Mrs. Mary Pertell of Cincinnati, Mrs. Virgie Mulhern, Mrs. Edith Mosby, Mr. Howard Groger all of Covington, Mr. and Mrs. Russell Groger, Mr. and Mrs. Elmer Groger, Mr. and Mrs. Ronnie Keller, and Kristin, and Mrs. Carol Gamble, Eric and Craig.

Mr. and Mrs. Edward Foley attended a dinner at the Windjammer on Saturday evening in honor of National Transit.

Mrs. Walter Whitson was the weekend guest of her son, Mr. and Mrs. James L. Whitson, of Cleveland, Ohio. She attended the wedding of her grandson, Johnny Whitson, Saturday afternoon.

Mrs. Guy St. Clair is at home suffering from a sprained ankle. Mrs. Noley Goldsberry is recovering from surgery in Booth Hospital.

Sympathy is extended to the family of Mr. Glen Cox, who passed away Dec. 6.

Mr. and Mrs. Raymond Hatton and family were guests of Mr. and Mrs. Preston Hedges over Thanksgiving Holidays.

Congratulations to Mr. and Mrs. Preston Hedges, who were presented Kentucky Colonships by attorney Willie Mathis, on Dec. 8.

To Share Vows

Deborah Lynn Godsey

Mr. and Mrs. Boh Godsey of Reuelo, Ky., wish to announce the engagement and the forth coming marriage of their daughter, Deborah Lynn to Timothy Joe Edwards of Verona.

He is the son of Mr. and Mrs. Jesse Edwards also of Verona.

Edwards is a student at Southern Baptist Theological Seminary in Louisville. The wedding date is set for December 20th, 1975 at 2:00 in the afternoon.

The ceremony will be performed at Stearns First Baptist Church, Stearns, Kentucky.

Goshen Ladies Enjoy Christmas Program

The Goshen Christian Missionary Ladies Group met in the church luncheon room for their December 3rd meeting and Christmas Program.

The meeting was called to order by the president, Mrs. Goldie Glenn. Roll Call was answered by thirteen ladies reading a verse of scripture pertaining to Christmas.

The Sunshine Report showed that 52 cards had been sent out and 19 visits made to the sick.

The ladies group assisted with the church Turkey Supper which was held on November 21st and our annual Christmas Project is to send out Christmas Books of Inspirational verses to the shut ins of our church and community and other group projects are the mailbox for the church members Christmas cards, napkins, cards, and a new project is sponsoring a party each month for boys and girls (age group twelve and under). Two missionary ladies are in charge of it each month. Mrs. Mary Forhan and Mrs. Ruth Worthington was in charge of the November party. There were 18 children and 8 adults present. Mrs. Darlene Thornberry and Mrs. Goldie Glenn will be in charge of the December party. The parties consist of Bible Study, Bible Stories, Games

and Refreshments.

At the noon hour, a very nice luncheon was served by Mrs. Darlene Thornberry.

The program consisted of all ladies reading something about Christmas and exchanging of gifts.

Those enjoying the day of fellowship were Mrs. Hazel Mullins, Mrs. Goldie Glenn, Mrs. Mary Cook, Mrs. Rachel Daniels, Mrs. Faye

Bray, Mrs. Ruth Worthington, Mrs. Nannie Cliff Fisk, Mrs. Darlene Thornberry, Mrs. Georgie Cornelius, Mrs. Esther Glenn, Miss Ruth Piner, Miss Lillian Elliott and Mrs. Elva LaFollette.

Hostess for January will be Mrs. Mary Cook, program leader, Mrs. Ruth Worthington and the word for roll call will be "Free".

Talents Combined At Boone County

Gary Griesser, Assistant Principal at Boone County High School, Florence, Ky., and Music Director at Hebron Baptist Church, Hebron, Ky., has completed his second album of sacred music.

Mary Amanda Moore, a well known Boone County Artist, created the Album cover. Both the cover and the music depict the Birth, Death, Resurrection, and Return of Christ.

The album is entitled "Let There Be Peace On Earth" and contains the following songs in addition to the title song: "I Wonder As I Wander," "Do You Hear What I Hear," "O Holy Night," "I Walked Today Where Jesus Walked," "I Should Have Been Crucified," "The Holy City," "Why Me, Lord," and "My Tribute."

This new album and the first album are available at Faith Bookstore in Erlanger, A & J Frame Shop in Florence, Hebron Baptist Church, Hickory Grove Baptist Church, Burlington Baptist Church, or by writing Gary Griesser, Box 325, Burlington, Ky.

The first album is also available on 8-track tape.

Staffordsburg Homemakers Meet

The Staffordsburg Homemakers Club held their meeting on Tuesday, December 2nd at the REC Building.

Our President Mrs. Ballinger presided, opening the meeting with a beautiful prayer followed by the pledge to the flag.

The Cultural Arts Chairman, Mrs. Mann had charge of the devotional, giving that for the month and the Christmas worship service including carols, of Joy to the World and Peace on Earth.

Twenty two members answered roll call and we were delighted to have a visitor, Mrs. Mildred Bolus, Arnold's friend to most of us. She now lives in Phoenix, Arizona.

After our usual noon dinner of whipped topping on pumpkin, pecan, and mince pie, we enjoyed a reading by Mrs. Ballinger.

"The Three Symbols of Christmas". The cradle, the cross, and the crown by Billy Graham and a reading by Marie Rich "Keeping Christ in Christmas". Next an exchanging of gifts, serval games, and the singing of carols.

Those present were Lyda Rees, Carol Bales, Kathryn Schwaler, Eiko Tashiro, Lena Fjnnell, Edna Coppage, Georgia Rapp, Opal Shaw, Elizabeth Faulkner, Genlive Nitschke, Cleona Binder, Ozella Perry, Mary Porter, Ethal Mann, Bessie Hill, Evelyn Harvey, Shirley, Damico, Katherine Wharton, Marie Rich.

For Sale: Poinsettia

Mr. Davis, the agriculture teacher and advisor, holding two of the poinsettias.

The Walton Verona Chapter of Future Farmers of America has about 200 poinsettias which are ready for sale Right Now!! These beautiful plants have been carefully grown and will grow easily for anyone. When you buy your poinsettia this year, you may keep it all summer and it will bloom again next Christmas. These plants are of the Anette Hegg variety which is one of Ball Seed Co.'s best poinsettias. The plants have been graded according to quality and size, and then priced accordingly.

If you brought a poinsettia of this quality at a commercial greenhouse, it would cost about \$12.00. Our plants have been given equal care, but we are selling them for only \$1.50 to \$4.50. Please help support the FFA and get yourself a nice Christmas Poinsettia at the same time.

Our greenhouse will open for the Christmas Season on Thursday, December 11th. We will be open during school hours and after school from 3:15 until 5 p.m. and on Saturday from 9 to 5 p.m.

If you come during school hours, ask for Mr. Davis in the Ag. Shop, beside the greenhouse. We will be selling poinsettias, begonias, and coleus. Buy a poinsettias and get in the Christmas Spirit.

The Greene Sheet

A Pro-Life Report

By Robert F. Greene

On September 17th, 1975 Senator Birch Bayh introduced several bills before the Senate to provide alternatives to abortion. He proposes five programs: (1) A national network of life support centers; (2) legislation prohibiting sex or marital status discrimination by health insurers; (3) support for an extended federal role in child care; (4) support for flexible working hours; and (5) support and adequate

funding for existing federal programs that have an impact on the needs of teenage mothers. He argues that by extending our support to the nation's young mothers and their children we can truly provide them with a real alternative to abortion and give them the opportunity most of us have been fortunate enough to experience... the chance to bear and raise our children as strong independent individuals.

In a statement printed in the Congressional Record the Senator recites his thorough exploration of the implications of all proposed constitutional amendments designed to prevent abortion and that the experience has caused him to be concerned about the unmet needs of the hundreds of thousands of women who must deal with an unintended pregnancy, often in the least promising of circumstances. He says their needs will continue to exist regardless of how the legal

status of abortion is resolved and despite the current availability of legal, relatively inexpensive and safe abortions there are still countless women who reject abortion as an answer to their problem. He quotes a national survey which reveals that while a majority of the nation's teenagers support a woman's right to an abortion in cases of danger to the woman's health, rape or possible deformity of the child, a majority do not believe that being young and unmarried is sufficient reason for having an abortion. His statement contains some impressive statistics. This year one out of ten girls, seventeen or under, or 220,000 adolescents will give birth to a child. It is expected that one out of every seven girls between the ages of twelve and seventeen will give birth to a child next year. In some states the proportion will be closer to one out of every five girls.

Approximately forty percent of these girls will give birth out of wedlock and this percentage, which has increased dramatically over the last decade, is expected to rise still further in the next decade. Of the sixty percent of teenage mothers who currently marry by the time they give birth, two out of three will be divorced within five years. Most alarming of all is the increase in pregnancies in the under fifteen age group.

His statement continues to catalog health risks associated with teenage pregnancy, not only for the mother but for the child, with particular emphasis on nutritional needs; educational risks such as expulsion from school due to pregnancy; employment risks as a consequence of incomplete education resulting in welfare dependency; and social risks such as peer rejection, pressure for marriage, and a high proportion of infants who eventually end up in foster care, often as abused or neglected children.

Senator Bayh recognizes this society, the richest and most medically advanced in the world has committed only an infinitesimal fraction of its resources to providing satisfactory alternatives to abortion for our young people. He rightly observes that federal policies to be unfocused and ill-suited to meet the problems. He concludes that this is the time for a focused program of action and it is difficult to disagree with these positive aspects of Senator Bayh's proposals.

There are some parts of his statement which should cause those who are pro life some concern even though they may want to support real alternatives to abortion. His desire to make a free choice of abortion a reality for all pregnant women suggest the possibility that under the guise of providing alternatives we could be providing more funds and more opportunities for the federal government to pay for more abortions. In every social program there is always a legitimate concern for those who fall through the cracks in the program and for some reason or other are ineligible to participate when their needs are just as great, or even greater, than those who are supported by the program. Senator Bayh's proposals if adopted, could bring much needed assistance to teenage mothers and their children. Both born and unborn; but we must guard against any further attempts to help these teenage mothers kill their children by abortion. Alternative legislation is very appealing and difficult to oppose. It is also uncomfortable to be suspicious of the Senator's motives. I would like to believe that his concern is genuine, but his proposals and positive statements could be an effort to defuse the opposition of pro life voters to his candidacy for president... or even worse, a trick to funnel more money into the hands of the death peddlers. We must look at his proposals very carefully.

VA Operates

The Veterans Administration operates the largest health care system in the United States. Included are 171 hospitals and more than 200 outpatient clinics.

The VA has developed two way television in Maine to train family physicians in sparsely populated areas.

Toll free telephone service is available to Veterans Administration regional offices from 312 cities in 45 states.

Health Care

The Veterans Administration's dental training center has produced 230 films for use by dentists and allied personnel throughout the United States.

The Veterans Administration treated about one million patients in its 171 hospitals last year. Another 12 million received outpatient treatment.

Our Population

Almost 100 million Americans, nearly half of the nation's population, are potentially eligible for Veterans Administration benefits and services.

The nation's veterans populations is expected to peak at 29.7 million in fiscal year 1979, according to the Veterans Administration.

... about your Social Security

People must be told why they are asked to give information to the social security administration and other federal agencies under a law that became effective in September.

The intent of the law—the federal privacy act—is to safeguard information about individuals kept in government records and to inform people of their rights when they are asked to give information, according to John Walte, social security district manager in Covington.

Social security routinely gets information from people in administering retirement, survivors, and disability insurance, medicare, the supplemental security income program and black lung benefits.

Under the privacy act, Walter said, "people asked for information must be told the statutory authority for the request, whether giving information is voluntary or mandatory, why the information is needed, how it will be used, and the effects of not providing it."

A fact sheet explaining the law generally is given to people before starting an interview in social security offices, he said.

The privacy act restricts government use of social security numbers. Any federal, state, or local agency that asks for an individual's social security number must cite its authority for the request, say whether giving the number is voluntary or mandatory, and tell how the number will be used, according to Walter.

The law also assures people of greater access to government records of information about themselves, he said.

Questions & Answers

Q. My mother receives Veterans Administration Dependency and Indemnity Compensation (DIC) based on the service connected death of my father during World War II. Is she eligible for extra financial benefits since she is ill and requires almost constant attention?

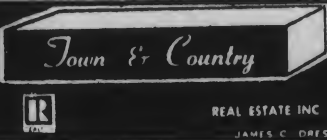

A. She would be eligible for an additional amount of DIC if she is shown to be helpless or so nearly helpless as to require the regular aid and attendance of another person or nursing home care.

Sermon

Messiah Has Come

Matthew 4: 13-16; 12: 15-21; 21:1-5

Pressense said of Christ: "He who was foretold and foreshadowed by the holy religion of Judea, which was designed to free the universal aspiration of mankind from every impure element, he has come to instruct, to obey, to love, to die, and by dying to save mankind."

Our study of the book of Matthew affords us the opportunity to see Jesus as the fulfillment of Old Testament prophecies. This study also presents a method of interpretation not familiar to many of us. Matthew saw and gave new meanings to many Old Testament passages. This is known as "scripture of double reference." The writer of the Old Testament passage was writing of some immediate situation. The interpreter did not ignore the original meaning but he was able to see a further reference in the passage.

Blindness Matthew 4: 13-16

Luke 4: 16-31 supplies the details of Jesus' rejection at Nazareth and why He left His hometown. Capernaum was located on the shore of the Sea of Galilee. Here Jesus was to have His headquarters for His Galilean ministry.

Zabulon and Nephthalim was the territory spoken of by the prophet Isaiah in Isaiah 9:1-2. This was also known as Galilee of the Gentiles. It is of great interest that Matthew should bring in prophecy concerning the Gentiles this early in his book. Is this early in his book. Is this in preparation for the last chapter and Jesus' commission to disciple "all nations?"

"The people which sat in darkness was a reference to political darkness when Isaiah said it. Matthew saw the truth of spiritual blindness. The Messiah was to bring light to a world sitting in spiritual darkness. He was to bring life to the spiritually dead. It is evident that Jesus of Nazareth was the long promised Messiah because He did bring light and life to a dark and dead world."

Behavior Matthew 12:15-21

The Messiah had come, but not as the religious leaders had expected.

An American Tradition

Before Thanksgiving I noticed that several small towns had already put up Christmas

On Tour

The month of December has been set for tour of Boone County Churches.

Many of the churches have responded and already have their dates scheduled. Each church will have a music program, give a history of the church, some will serve refreshments, and some of the chairman will be in Bicentennial costumes.

The tour is free and is open to the public, and all are welcome.

The general chairman is Mrs. Helen Collins, assisting are Bicentennial chairman, Patrick Raverty and co chairman Mrs. Lee Schafstall, Ms. Mary Nell Sutherland and members of the churches on tour.

Apartment list includes these dates. December 14th, Bellevue Church of Christ, 2:00 p.m.; Richmond Presbyterian Church, 4:00 p.m.; and Florence Christian Church, 7:00 p.m. who will have a living nativity scene.

On December 16th the First Church of Christ, December 21st, Hopeful Lutheran Church, 3:30 p.m.; Zion Baptist Church, 7:30 p.m.; and Florence Christian Church, 8:00 p.m. All will present a beautiful music program.

December 24th, Florence Christian Church; Christmas Candlelight Service, 8:00 and 11:00 p.m.

December 28th, Immaculate Heart of Mary Church, 2:00 p.m. Music, History and Refreshments.

Everyone is welcome to attend this wonderful tour of churches.

His whole manner of life was in sharp contrast to the expectation of the people. They expected a political Messiah. He came to bring deliverance from the bondage of sin. They expected the Messiah to come as a conquering general, not as a suffering servant. Jesus came meek, humble, lowly, unwilling to force himself upon anyone. He was God's chosen servant, God's beloved Son, God's anointed One.

His behavior would be very opposite of outward show and far from crushing all who got in His way. He would be quiet and gentle. He would come healing the wounded rather than crushing them. He would fan every spark of faith into a flame rather than putting it out.

In His name the Gentiles would come to trust. If Jesus of Nazareth has not fulfilled these prophecies concerning the behavior of the Messiah, who will ever do it any better?

Belief

Matthew 21:1-5

Jesus offered himself as king but He was not the kind of king they wanted. What use would one have for a king who would soon die a Roman Cross? They wanted a king who could and would the Roman Empire under his and their feet!

What kind of a king do we want today? What kind of Messiah do we look for today? One who can bring us out of our economic or political uncertainty, or One who can bring light to our moral and spiritual darkness?

"Behold the King cometh unto thee..."

decorations, so I knew that the First Santa Claus parade was not far away. And sure-nuff, the Saturday before Thanksgiving I went to a parade!

Our oldest son, David, spent the night with a friend and the rest of us slept late on Saturday. We had not planned to see the parade, but my sister-in-law called at 10:00 o'clock and said, "Have you heard? The Six Million Dollar Man is going to be in the Santa Claus parade!"

Although it was a rumor, Michael, our 10 year old, went into hysterics and we hurriedly dressed to go. We had 45 minutes and the three of us ended up in our small bathroom clamoring for space. Lee Majors, the Six Million Dollar Man, is one of Michael's heroes so we couldn't pass up the chance to see him! Or at least that's what Michael said.

Joyce commented, "Why, we probably won't get a parking place," which made Michael mad. I didn't have time to shave, and Michael's hair needed washing but we left some things undone and hurriedly left the house.

A helicopter carrying Santa Claus flew over announcing to the

spectators that the parade was about to begin.

After we found a good parking space, we saw David on the other side of the street, Michael and Joyce yelled at him and he practically ignored us. I think he was embarrassed by all the yelling, especially since a couple of girls were with him!

Then came the parade! Police and sheriffs' cars led the way followed by marching bands from several high schools, floats, built by some local firms, Scouts, Brownie Troops, fire trucks, tractors, old cars, and some unidentified marchers and floats.

Santa Claus didn't throw any candy to the crowd which he did when I was a child but two youngsters carrying signs as they followed his truck perhaps summed up the reason why. One sign said, "Don't frown" and the other advised, "Help stop litter."

By this time we had decided the Six Million Dollar Man wasn't coming and we left.

After we got home Joyce prepared a hot breakfast of eggs, biscuits, gravy, bacon, and coffee, but I think Michael would gladly have gone without food all day if he could have met the Six Million Dollar Man!

When the front page makes you happy

Sunday Luke 18:9-13
Monday Psalms 6:1-4
Tuesday Psalms 32:1-5
Wednesday Psalms 130:1-4
Thursday John 1:6-9
Friday Matthew 11:2-6
Saturday Philippians 4:4-7

He was a retired editor and a wise one. But he was a realist—as a newspaperman must be. One of his sayings became legendary in that busy pressroom:

When the front page makes you happy — it's been a great day!

I'm one who has noticed that the great days seem farther apart. Nor can I blame on my ulcer the headlines that don't make anyone happy. Someone else said: men make the news; reporters only write it.

It's time to give thought to the roots of happiness. After all, what happens every day is simply the fruit of a million vines. Down at the roots is where the fateful choices are made which inevitably bring forth their fruit.

This is a mighty fine newspaper whose service to the community is to tell us what news men have made today. We also have some mighty fine churches. Their service to the community is to mold the faith and character of the men who will make the news tomorrow.

Our churches are working at the roots of happiness!

Picketing Means More Industrial Turmoil

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

Last July I voted against H.R. 5900 when it passed the House 230-178. On November 19th the Senate passed the bill by a 52 to 45 vote. The two versions must be resolved by a House-Senate conference committee, with each house then taking up the compromise version that will OK

situs picketing at construction jobs. Consumers and that, of course, includes union or non union workmen and their families will all pay higher costs brought on by labor stoppages in the construction industry which will be encouraged by this legislation.

Labor strife in our country's history has not been wimited to conflict between workers and employers over working conditions, wages, and fringe benefits and the like. There has been continuing conflict within the labor force itself. There has been the running controversy between union and non union partisans. There has been many a bloody battle between unions in what have been called jurisdictional disputes, such as the present fight for control of farm workers. Affiliates of national labor organizations have fought independent unions.

In all these conflicts you, the consumer, end up paying the cost of the strife in the higher prices of things produced by the striking workers. You really pay for the things not produced when the workers are engaged in their slowdowns or work stoppages. The

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Coal Conversion

Several developments in the coal area have occurred in recent weeks in Washington, and they bode well for Kentucky and the coal industry.

Perhaps most important has been the steady movement toward the passage of the coal conversion and energy conservation bill, which I am co sponsoring along with Senators Henry Jackson, Warren Magnuson, and Jennings Randolph.

This legislation would require that by January 1, 1985 all electric powerplants and major industrial installations to the extent possible utilize coal as their primary energy source of boiler fuel. As those of us in Kentucky know, there is an ample supply of coal if the nation makes a firm commitment to coal utilization, as envisioned in this legislation.

Hearings on this bill have been held by the Public Works Committee

employers still must pay their other overhead costs even if no wages are paid during the strike. Those costs can be met only out of sales, and obviously cannot be covered by sales of things never produced. Having to meet costs out of sales of items actually produced, the prices of those items have to be raised. The longer a strike involving less production or no production at all, the more critical are the losses to the employer, and the more pressure on him to raise his prices still higher. The consumer who buys the product, pays more in proportion to the length of the conflict.

The situpicketing bill is one that labor unions in the construction industry have sought for 24 years. It overturns a decision by the Supreme Court in 1951 that made it illegal for a union engaged in a labor dispute with one subcontractor at a construction site, to picket the entire site.

Senator James Buckley of New York offered an amendment that would have prevented employees of any subcontractor on a construction job from picketing any other employer on that job to force that employer to recognize or bargain with any labor organization. Another Senator opposed Buckley's move, saying "This is the guts of the bill." The amendment lost 37 to 61. This shows we can expect fights over union organizing to drive up costs of housing and other construction from now on, if President signs the bills.

and a final mark up should come sometime soon. Once that happens, I am optimistic that we can secure final passage by the Senate.

This bill will be a good complement to the Energy Supply and Environmental Coordination Act of 1974, under which the Federal Energy Administration (FEA) has identified 80 powerplants currently burning oil and gas that have the capability to burn coal. If these 80 plants converted to coal, it would save about 850,000 barrels of oil a day. FEA has already ordered 74 of these plants to cease burning oil and gas. And if we can pass the coal conversion bill, the oil savings could exceed 3 million barrels a day by 1985.

Also of interest to Kentucky, the Senate has approved my request for a \$300,000 appropriation to establish a coal mine health and safety center to be located in Lexington and although we are the nation's top coal producer, we do not now have such a facility.

With 42 mining deaths already reported in Kentucky this year, we desperately need additional safety instructors to provide training for

... about your Social Security

People can get information about the quality of care furnished by hospitals, skilled nursing facilities, and other providers of Medicare services by visiting the Covington social security office at 309 Garrard Street.

Available information includes deficiencies noted by the latest Frankfort surveys as well as the providers' plans for corrective action, according to John Walter, social security district manager.

The surveys are made from time to time to see if providers are meeting Medicare health and safety standards. Providers surveyed also include home and health agencies and independent laboratories.

The survey information is open for public inspection under the United States Freedom of Information Act. Medicare helps pay for the health care expenses of people over 65 and of disabled people under 65 who have been entitled to social security disability benefits for at least 24 consecutive months, and of many people with permanent kidney failure.

Kentucky's 270,000 miners.

Safety results from strong enforcement and good education and the new mine training center should give us adequate training personnel.

In still another area, the Senate Appropriations Committee and the full Senate adopted language I offered directing the Interior Department to upgrade the Madisonville office of the Mine Enforcement and Safety Administration to a full district office.

Interior has resisted all attempts up until now to upgrade that office, despite an earlier public commitment to do so, but I am optimistic that Interior will heed the direction of the Senate.

Big Hay Packages

By
Darwin Foley
 Kenton County
 Extension Agent

Those big round bales and square stacks of hay are being seen more and more. If you own a big package baler and plan to feed hay from it for the first time read this before starting.

A major conclusion drawn from research, as well as from farmers using a big package system, is that unrestricted animal access to large round bales will result in a large amount of wasted hay. The secret to reducing this waste is to place some kind of barrier between the hay and the animals. This barrier can be devices such as electric wires, feeding racks, panels, feed wagons or gates.

Feeding racks are now available in a variety of shapes, sizes and prices or you can make your own. Blue print plans of feeding racks can be ordered through our plan service for a matter of a few cents.

County Agent's

1/2 Acre by: Joe Claxon

Christmas time is nearing and many of you are busy with the many preparations necessary for a delightful holiday. The mention of plants at this time of year brings immediate thoughts of Christmas trees and their ornaments, along with the cheerful poinsettia. To insure that these plants provide satisfactions, the following points on their care are given.

Selecting a poinsettia for your home or for a gift should not be a haphazard event. Look carefully at the available plants to be sure the foliage is clean and free of disease and insects. The plant should be in balance with the size of pot which contains it. The plant should be compact, with uniform flower

Feeding racks will pay for themselves many times over. Purdue research has shown that where no racks were used around big hay packages, that 22.6 to 38.6 percent more hay was required to feed livestock.

Feeding losses will exceed weathering losses on big package hay if livestock are not restricted with racks or other barriers. Wasted hay from poor feeding practices means more cost per head of livestock. It may also result in the need to buy more hay before winter is over.

The big package hay system can and will work on many farms, but like any system it requires management. To make the big package system a success on your farm, start with high quality hay and make sure your packages are firm and compact to shed water. Store them on a well drained site and most important of all restrict animal access while feeding.

heights and size. Avoid selecting plants that tend to be one sided.

Once you have made the purchase of a poinsettia or any other Christmas plant, care must be taken to avoid chilling it. Most plants will suffer severely from only short periods of cold temperatures. If the outside temperature is below 45 degrees, it is advisable to wrap the plant in paper before transporting it outdoors. Even then, exposure should only be a brief walk to a warm car. Severe cold stresses may not kill a poinsettia but could lead to defoliation. Now that we know how to get the plant home, let's take care of it properly. Poinsettia plants require a few hours of direct sunlight for their best performance at home. Placing the plant near a east or south window would be best. Avoid drafts of cold air over the plant and do not allow the leaves to touch the cold glass, since this could discolor them. The soil should be dry to the touch between thorough waterings. Excessive moisture caused by frequent heavy watering, or excessively dry soil, can shorten the peak appearance of your plant. These excesses will cause the lower leaves to yellow and drop off, leaving a scraggly appearing plant. Given proper care, many of today's poinsettias will stay in bloom 4 to 6 weeks.

Of course, Christmas holidays would not be right without the Christmas tree. Always select a tree that will fit your home, making sure it is uniform and compact. Avoid putting the tree up too early if it may begin to drop its needles well before the holidays end. Should you purchase a tree early, store in a cool spot protected from the bright sun and wind until you are ready to put it up.

It is best to recut the base of the tree and stand it in water since the tree can pick up some moisture, helping to prolong its beauty. Avoid placing the tree near warm areas of the house, such as radiators or warm air registers. Be sure to keep the tree base covered with water while it is in the house. Don't delay removal of the Christmas tree after the holiday season, since cut trees do not last forever, and can become a fire hazard.

The Pampered Breed

By Sue Johnson

One of the most popular breed of dogs today is undoubtedly the poodle. Being a fine companion, guard and show dog, they also have strong sporting instincts. Their popularity is due to these qualities and the fact that they are so attractive.

The three varieties of poodles are the Standard, the Miniature and the Toy.

The Standard poodle measures about twenty three inches in height. Because of his large size and the great amount of care his coat requires, he is the least popular of the three varieties. The Standard poodle is bold but affectionate, and in him is combined all the qualities of many of the other breeds.

The Miniature poodle must not be over 13 inches or under 11 inches. According to the Kennel Club, the Miniature poodle was at one time the second most popular dog. In 1965, the Kennel Club registered no less than 11,377 Miniature poodles.

The smallest type is the Toy poodle, measuring 11 inches or less. These tiny dogs are the most difficult to breed correctly, but are just as intelligent and sound as the larger poodles.

Today, poodles can be shown in a puppy clip until a year old (only the face and feet are shaved) after that, either the continental or english saddle clip must be used.

Coming in solid colors only, poodles can be white, black, chocolate, apricot and silver.

Since this is such a desirable pet, many people will probably be pleasantly surprised Christmas morning to find one of these adorable creatures under the tree.

The Sky Is The Limit

That will be the theme of the Career Day Program to be presented at Northern Kentucky State College on December 16th from 10 a.m. to 2 p.m.

The purpose of the program is to acquaint high school students with possible careers in Home Economics through college or vocational training. There will be representatives from the following areas of Home Economics: Family Life; Clothing and textiles; Foods and nutrition; Consumer education; Housing; etc.

Luncheon will be served to the students. It will be sponsored by the First Kentucky PProduction Credit Association.

All high school sophomores, juniors and seniors are invited to attend this program. For more information contact your area high school home economics teachers or Anna L. Myers your county cooperative extension service home economist at 356-3155.

Free Gifts From Cincinnati Zoo

Free gifts for youngsters will highlight the Cincinnati Zoo's "Holiday Visit With The Animals" in the Cincinnati Zoo from Saturday, December 13th through Sunday, January 4th. Cincinnati's only reindeer pair of yearling and Santa's sleigh will be on display.

Santa himself will be at the Zoo on Saturday and Sunday, December 13th and 14th and December 20th through the 24th. He will be assisted by elves.

All youngsters who visit the display between December 13th and January 4th will receive a free color 23 x 34" poster of the Zoo's famous Bengal white tiger when they were cubs, three Christmas Cards from Gibson Greeting Cards, Inc., candy canes, and a poster of the Zoo's sharks.

A section of the display will be devoted to winners of a holiday artwork contest sponsored by Gibson and coordinated by Don Sowell of the Cincinnati Board of Education.

Visitors are urged to bring cameras and take pictures with Santa, the sleigh, or in front of four giant sized animal holiday cards from Gibson. The Children's Zoo is open from 11 a.m. to 4 p.m.

The Cincinnati Zoo is open every day of the year from 9 a.m. to 5 p.m.

Kenton Council Meets

The November meeting of the Kenton County 4-H Advisory Council was called to order by the president, Mrs. Carl Hellmann.

Miss Diana Schneider, our 4-H Agent gave a report on the County and Area Variety Shows. The Briarcrest Bridlliers 4-H Club came in first place with their act, "Salute to Early America". The St. Cecilia 4-H Pledgers came in second place. In the speciality act division, Jay

Hellmann came in first place with his act called, "The Entertainer". Second place went to the three Waymeyer Sisters. At the Area Show, Jay Hellmann was one of the two winners in the speciality acts. The Bridlliers came in third place.

The 4-H Project Books should be in the office by December 5th to be judged.

The president thanked everyone who helped with the county Variety Show and those who donated bakery goods for the Bake Sale.

Mr. Pat Staton, our Assistant 4-H Agent reported that there were two new after school clubs. They are Piner School and Blessed Sacrament. Also one new community club, The Entertainers 4-H Club. The Council welcomes all new clubs and their members and leaders.

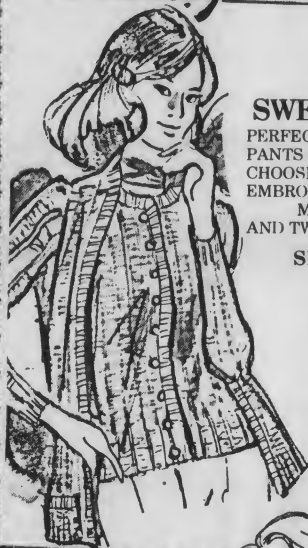

The Award of Excellence were won by Tamera Piercefield, first place (girls age group 16 to 19) Tara Kenner, first place (girls age group 13 to 15) and Tanny Ward, first place

(girls age group 9 to 12). Stace Keeney, first place (boys age group 9 to 12), Jeff Kinney, first place (boys age group 13 to 15).

Area events coming up are Area Record Judging: Jan. 24th at Ludlow Jr. Achievement, Feb. 7th at Carroll County. Area Sr. Achievement: Feb. 26th at Grant County. Area Demonstration Day: March 27th at Campbell County and Area Talk Meet: April 30th at Kenton County.

Pilot For 47 Years!

"Doc" Webster with his pride and joy of a plane.

By Luellen Wolsing, Reporter

One of the longest flying pilots in Kentucky lives right on Walton Nicholson Road. He is Mr. Lewis "Doc" Webster. Mr. Webster started taking flying lessons soon after he graduated from high school, the date, March 8, 1928.

He learned to fly at Lunken Airport in a bi-plane. Mr. Webster did not own a plane until 1951 since then Mr. Webster has had three planes and his present plane is a 13 year old Aeronca Champion.

The plane must be inspected every year and if the outer covering (skin) does not meet the standards a new one must be put on. It cost about \$2,000.00. As Mrs. Webster jokingly stated, "I don't have a new dress but the plane will get a new skin". Mr. Webster must have a medical exam every two years in order to fly.

Mr. Webster retired on August 1, 1973 from Webster's Radio and Television Shop, located in Walton but he still flies about 200 hours a year. One reason he doesn't fly more is the cost of fuel. It costs about 75 cents per gallon although his 1,000 lb. gets about 18 miles a gallon.

Over the years, Mr. Webster has flown over 300 people their first ride and this reporter was one of them. Mrs. Webster said they used to keep count of all the people but there was just so many of them they they stopped counting. Mr. Webster always makes this guarantee to his riders, "If I get back alright you will too." He has had five dead motors in his career and each time he has landed his plane safely.

What made him take up flying at a time it was so dangerous, Mr. Webster summed it all up when he said, "The first plane I ever saw I fell in love with."

or egg beater to make suds like a thick meringue. There is no scientific formula - just add more soap or water as needed. This "snow" is an inexpensive Christmas decoration and convenient because a supply of detergent is always available.

Applying a snowfall of suds on Christmas tree branches and wreaths is an activity children love. Give them spatulas or long handled spoons and let them drift thick suds over the greens to make little peaks of snow. These will adhere like glue and stay in place indefinitely. Then trimming a tree, work the top down and from the trunk outward. For an extra festive touch, sprinkle glitter over the suds as this will glisten like new fallen snow.

Another idea with our snow is to let each child paint Christmas designs on windowpanes or mirrors. A Santa Claus, angels, etc. can be outlined on the glass with a sliver of soap and then filled in with a faint brush and thick suds. Colored pictures can be created by adding food coloring as the suds are whipped. As a finishing touch, drift white snow around the edges of the window panes. Every trace of art will disappear later with the wipe of wet cloth, cleaning the glass at the same time. Snow decorating is easy and fun for the entire family to enjoy!

Debbie DeLacey
Economics Assistant
Kenton County

A Recipe For A White Christmas

Santa without snow is like a bell without a jingle. So don't depend on the weather to give St. Nick a snowy welcome this Christmas. Just make your own "Snow" from soap or detergent - and drift the home with sparkling decorations! Once this snow hardens, it will remain for weeks.

Suds - snow decorating is so easy that even children can enjoy it, and mothers can wipe away mistakes with a damp cloth. There is no mess and cleaning up involves only washing the decor down the drain.

To make snow: Stir in a handful of detergent with a little warm water in a bowl. Whip with an electric mixer

FEARLESS FORECAST

By: R. W. Lancaster
Thursday, December 11th

The moon moves in to the Cardinal fire sign, Aries at mid morning and stays until late Saturday evening so you have three whole days to catch up on your home baking and think how good your stomach will feel if you put some bread and baked goods in it that is

Spirit-Toons

• Cleave •

GOING to a party with your WIFE, is like GOING on a hunting trip with the GAME WARDEN.

Ole Spot Just Keeps... Pointing To

Click's Quick

12 Pk.
Wiedemann, \$2.15
Walton, Ky.
Main Street
at the stop light

not loaded with preservatives, if you sometimes feel a knot in your stomach and don't know why, just for an experiment take a slice of the so called wonder white bread from the store and keep rolling it between your palms, in a few minutes will have a tough dough ball even a fish wouldn't eat, then you will know what that knot in your stomach is after a few sandwiches.

Friday, December 12th

Your moodiness will disappear before lunch so drink an extra cup of coffee this morning and concentrate on something pleasant, think of all the blessings you have experienced over the past months, no draft, no war, no immediate worry if you have a son turning nineteen and we know the worst of the business slump is over and with the elections next year the economy will show a steady improvement maybe the dollar isn't worth as much but most people have more of them, so finish your coffee and smile then get out this weeks paper and make your shopping list, don't groan about the present prices just be thankful the product is

available and you can afford to buy it.

Saturday, December 13th

The planetary aspects indicate a pleasant weekend weather wise so it should be a good weekend for outdoor sports so if you plan on doing any hunting don't forget to get your license first so you can spend all your time looking for game instead of the game warden, the next consideration should be the land owner or farmer, I have found that as a general rule farmers don't mind some hunters on their land if they are approached in the right manner, don't block his road or driveway, don't shoot close to his house, or buildings, don't leave this gates open, don't climb and break down his fences, be polite and act like a guest which you are, then offer him some game when you are ready to leave and maybe he will invite you back for another time.

Sunday, December 14th

After church and a good dinner sit back and reflect on some of the friends you were talking to today and see if they meet Sir Walter Raleigh's standards "If thy friends be of better quality than thyself,

LOOKING BACK

20 Years Ago

December 1, 1955

R. M. Daniels and Calvin Sturgeon sold their tobacco Tuesday at Brite Lite Warehouse No. 1 in Carrollton for an average of \$59.22.

Walter Green, 17, Walton was shot in the leg hunting near his home with a friend.

Walton Verona Bearcats won over the Beechgrove Tigers, on Tuesday with a score of 48 to 40.

Misses Pauline and Beatrice Flynn were guests on Thanksgiving Day of Mr. and Mrs. Richard Ryan and family.

Mr. and Mrs. Layne Cheesman of Louisville are now located in the Rouse Apartment on Bending Avenue.

Mr. and Mrs. Otis Readnour

thou mayest be sure of two things: The first, they will be more careful to keep thy counsel, because they have more to lose than thou hast; The second, they will esteem thee for thyself, and not for that which thou dost possess.

Monday, December 15th

If you buy any new clothes today you will be well pleased with your purchases and you will be inclined to buy for good wearing qualities as well as style and fit, take a look at some of the brighter colors and if they go good with your skin shade and hair color they will do much to brighten up a dull day and you may get a complimentary whistle as you stroll along, don't forget to take your shopping list and maybe if you don't know the right size for a friend you could pick up a nice scarf or some other item where the size doesn't matter.

Tuesday, December 16th

The Moon moves in to the friendly air sign, Gemini at mid morning and makes a sextile to Saturn about lunch so give some thoughts to some of your older relatives or friends today and maybe take one or more to lunch, this time of year the better eating places seem to outdo themselves with a variety of hot soups to wet ones appetite and if you have an older guest you will probably hear some good stories about the great depression and how good bean soup and cornbread tasted and personally I think it still tastes good on a cold day.

Wednesday, December 17th

This is the day before a full moon so look over the house and check your locks if you need safety chains on the doors or locks on your windows drop by your local hardware store and tell your local merchant your needs, he can advise you on the best kind of for your particular use and also supply any extra screws or other mounting hardware and the installation will only take a few minutes, you probably live in a good neighborhood and don't worry much about crime but it is not the good neighbors you have to worry about but the lunatic fringe that starts wandering from its regular lowly habit like an alley cat when the moon turns full, ask your local police on the statistics for violent crime and rape during the full moon and you may be surprised.

WOULD YOU

BELIEVE IT..?

CHICK CHAT

By: Sandy

DOCTOR: How's the man who swallowed the spoon?
NURSE: He can hardly stir.

SON: Dad, may I borrow the car tonight?

DAD: No. What do you think you have two feet for?

SON: One's for the gas pedal and the others for the brake.

Have you heard about the dog who kept running around in circles? He was a watch dog and kept winding himself up.

It doesn't matter if you drive a sports car, luxury car or economy car. At G&G TIRES we have tires for all makes cars and at prices even you can afford.

4-H Camp For Gift

Want to give your child a unique and lasting memory for a Christmas present? Well call your County Extension Office (in Kenton County 356-3155) to get your child a Gift Certificate for 4-H Camp this summer. The cost is only \$23.00 for an entire week of fun and educational activities. Payment can be made between now and June '76 but get your Certificate now for "a promise" of the fun ahead.

The camp is for ages 9 to 14 and is held at North Central 4-H Camp in Nicholas County, Kentucky from July 19th to the 23rd. Transportation is included and skilled adults teach swimming, boating, crafts, archery, etc. There are also all sorts of fun activities, ranging from Sadie Hawkins Olympics and a Variety Show to Camp Fires and Dancing. Call now for a Certificate to 4-H Camp, for "A Merry Christmas".

Walton Verona Hosts

On December 26th and 27th Walton Verona High School will host its 2nd Annual Basketball Tournament.

On Friday, December 26th the first game will see the Highlands Bluebirds, coached by Ken Shields playing Simon Kenton at 7:00 p.m.

The second game will have host Walton Verona Bearcats playing Erlanger Lloyd under the direction of new Coach Bill Code.

Saturday will see two games being played, the consolation game at 7:00 p.m. and the Championship game at 8:30 p.m.

Admission to the game are \$1.50 for adults and \$1.00 for students.

Bearcats, 62 - 59

The Walton Verona Bearcats did it again as they won another game over the Williamstown Demons on Friday night, December 12th. Sammy Mosley led the Bearcats with 15 points and Spicer leading close behind with 14.

It was a tug of war type of game with the Bearcats leading with one point at the end of the first quarter and then falling behind by four points at the end of the half time buzzer.

Soon jumping far ahead by twelve points and keeping that lead, Dixon, Leicht, Afterkirk, and Sargent helped toss in a few points to help the Bearcats win the game with a final score of 62 to 59.

Popham was high point man for the Demons with 21 points to add to their final score.

Dixon..... 5-1-11
Spicer..... 7-0-14
Afterkirk..... 2-0-4
Mosley..... 7-1-15
Leicht..... 5-2-12
Sargent..... 1-4-6

Covington Trust Gives Promotion

The Board of Directors of the Covington Trust and Banking Company recently announced the promotion of Thomas Jordan as Vice President of installment loans and Robert Dickey as Assistant Vice President within the branch system. Also promoted were Peggy Kennedy, Assistant Operations Officer; Julie Lynch, Assistant Loan Officer; and Martha McClure as Assistant Trust Officer.

Jordan, 28 who resides in Edgewood, joined the bank as a part time employee in 1965 and has held positions of Assistant Secretary and assistant Vice President prior to his recent promotion.

Dickey, 25 of Lakeview joined the bank in 1970 and served as assistant branch manager of Ft. Mitchell and branch manager at Beechgrove before assuming his present duties at Ft. Wright.

McClure, 32 of Taylor Mill joined in 1965 and previously has been supervisor in the trust department. Kennedy, 32 of Newport and Lynch of Cincinnati have been associated with the bank since 1969 and Kennedy has been associated with the bank's Customer Relations Department and Lynch will remain in charge of the Master Charge Department.

Christmas Musical At Kenton P.T.A.

Miss Rebecca Berna will present a Christmas Musical at the December meeting of the Kenton Elementary P.T.A. on Thursday, December 18th at 7:30 p.m.

A visit from a jolly old fellow in a red suit is anticipated. A Bake Table featuring homemade candies and cookies will also be featured.

Annual Christmas Show

The Walton Lions Club 4th Annual Christmas Show for the kids, will be held Sunday, December 21st, at the Walton Verona High School Gym in Walton, Kentucky. Doors will open at 1:30 p.m. and a color cartoon carnival will start at 2:15 p.m. Santa Claus promised to arrive at 3:30 to give away six bikes, and many other Christmas toys, games, and dolls. As all of the children, ages 15 and under leave, they will receive an apple, orange and candy cane.

The 4th Annual Walton Lions Club Show for the Kid, ages 15 and under is entirely "FREE". This is not a Walton Lions Club Fund Raising Project.

All money for this FREE Christmas Show, food, and prizes is derived from advertisements in our "Christmas Show Program," \$10.00 each, from all of the local businessmen in the Walton, Verona, Richwood, Crittenden, Piner, Bracht and surrounding areas. Money is also raised from our Walton Lions Club, "\$100.00 DOLL BABY RAFFLE." Raffle tickets are \$.50 each from any Walton Lions Club Members. The "\$100.00 Doll Baby" will be given away the same day of the "Christmas Show for the Kids" and the winner will be notified.

Santa Claus's Chief Helper, and Annual Christmas Show for the Kids Chariman, Lion David N. Welte, invites all the kids 15 and under, to come to the Walton Verona High School Gym on Sunday afternoon, December 21st for a fun filled afternoon. It is all "FREE" and parents should pick up their children between 4:30 and 5:00 p.m.

Lion Stanley E. Jones, will be our master of ceremonies. We wish to thank all of our good friends for supporting this our favorite project, to show all of our kids, that we love them, and wish all a very "Merry Christmas" and a prosperous and "Happy New Year."

Signed,
The 29 Members of the Walton Lions Club
Walton, Kentucky

Bell Carolliers Start Caroling Monday

Beginning Monday, December 15th and every weekday through December 24th, the Cincinnati Bell Carolliers choral group will sing traditional Christmas music in the lobby of the Company's Headquarters Building at 225 East Fourth Street, from 1:45 a.m. to 12:45 p.m. December 23rd will feature contemporary Christmas songs highlighted by a special performance of "Frosty the Snowman."

The Carolliers is composed of 20 voices of Cincinnati Bell employees who combine their talents to observe the Christmas season. Mrs. Monte Gradolf once again will direct the group. She is the choir director of the Hyde Park Baptist Church and is in her twelfth season as Carollier director. Mrs. Kathy Thomas, organist and choir director of the United Church of Christ of Oakley, will accompany the singers.

The Carolliers will also help spread the Christmas spirit by singing at various hospitals, nursing homes, and senior citizens centers throughout the Greater Cincinnati and Northern Kentucky area.

Approves For Financing

The Kentucky Department of Education, Frankfort has approved the proposal by Kenton County Board of Education for financing construction of the new county high school.

Supt. Robert Barnes notified the board that with the department's okay it can finance \$7.2 million worth of bonds.

However, Robert Barnes also said that money for actual construction will be much less.

The school, third one in the county, will be located in the northern part of Taylor Mill City.

White's Tower P.T.A. To Hold Meet

The White's Tower P.T.A. will meet Thursday, December 18th at 7:30 p.m. in the school. The sixth grade class will present a musical program entitled "History of the Celebration of Christmas", written by Mrs. Pat Klein, music teacher for the school. The sixth graders will be acting out their stories along with the singing of their Christmas Carols.

Babysitting will be available for all pre schoolers.

Will Present Christmas Cantata

The choir of Richwood Presbyterian Church will present a cantata, "The Joyous News of Christmas" by Joe E. Parks during 11 a.m. worship service on December 21st. The choir is under the direction of Royallen Wiley.

The youth choir, directed by Linda Gearhardt, will sing three Christmas songs during this service. A fellowship period with refreshments will follow the service. Everyone is cordially invited to worship with us in this special Christmas service.

Open House

Open House and the 40th anniversary of Mr. and Mrs. Woodrow Greene of 115 South Main Street, Walton will be held on December 28th from 2 p.m. to 4 p.m.

We invite you to visit and share the happiness of this day with them, from Mr. and Mrs. Larry Greene, and Mrs. Ron Harper (nee Rheda Greene), Mr. and Mrs. James Ellis (nee Kaye Greene) and their 12 grandchildren.

Baptist Temple Holds Christmas Services

Special Christmas Services will be held on Sunday Morning, December 21st at 9:30 and 10:30 a.m. at the Florence Baptist Temple.

The "Stepping Stones" will be the guest musicians in the morning services. In the 10:30 a.m. service, Pastor Wayne Cox will be speaking on the subject "Wise Men Still Seek Him". This is a Sunday School Class for every age.

December 28th the "Singing Brown Family" will sing in the morning services. There will be a New Year's Eve Watch Nite Service beginning at 7:30 p.m. until 12:01 Wednesday, December 31st.

Construction has begun on the 29 month old church's new 600 seat auditorium which should be completed by Baptist Temple's 3rd Anniversary on June 27th. The church has had over 100 baptisms since January of 1975.

The public is invited to these special services and for information you may call 586-6090. The Florence Baptist Temple is located just 3 miles West on (old) KY. 18 off I-75.

Honors Retirement With Open House

An Open House will be held on Saturday, December 20th from 4 p.m. to 7 p.m. at the home of Sherry and Pat Burkhardt in honor of Brother and Mrs. William McGibney. The McGibney's will be retiring from the ministry.

February 1, 1976 all friends and acquaintance of the McGibney's are invited to stop by and visit with them for long, or as short a time as possible and they are looking forward to seeing their many friends in this area.

Just A Reminder!

Vehicle license plates are expiring at the end of December. Cars have until March 1, 1976 and truck plates are expiring on April 1, 1976 and due on the truck by April 1st.

The clerks office will be open daily from 9 a.m. until 4:30 p.m. and every Friday evening during the month of February until 7 p.m.

Prices of the license plate decal will be \$12.50.

Christmas Program At Piner P.T.A.

The Piner P.T.A. will meet on December 18th at 7:30 p.m. The program will be the Christmas Program by the children. Each room will be participating this year since the teachers and children are presenting the program. Please try to attend and see the many talents our children have.

We are sponsoring the White Christmas again this. If you have any clothing, toys, or food please send them to school.

Free Clinic For Welders

Everyone interested is invited to a free short course in how modern welding equipment can save them valuable time and money on repair jobs... complete with a welding demonstration covering all procedures and techniques.

Those who attend will be invited to try the modern welding equipment. Learn overhead and vertical welding in one evening. Coffee and doughnuts will be served and there will also be a drawing for door prizes.

The free welding clinic is being sponsored by Boone County Farm Supply, one and one half miles south of Walton on U.S. 25 on December 18th at 7:30 p.m.

This is in cooperation with the Twentieth Century Mfg. Co., who will provide equipment from its improved new line of welders designed for farm, shop, and home use.

You really can't miss this one!!

4-H Winners

Boone County 4-Hers recently completed their 4-H Project year by competition in 4-H Project Records. The winning 4-Hers will now compete on Area and State levels trying ultimately for trips to National 4-H Congress and National Awards of College Scholarships.

Beef - Jr. - John Benton, Walton; Sr. - Susan Hetterman, Walton.
Food Preservation - Sr. - Mary Kahmann, Union.

Electric - Jr. - David Kasomos, Florence.
Home Management - Sr. - Elizabeth Kahmann, Union.

Horse - Jr. - John Benton, Walton; Sr. - Cathy Holaday, Hebron.

Council Gathers In Independence

Luellen Wolsing, Reporter

Independence held a town council meeting on December 13th with Mr. Tillet, Mr. Pennington, Mrs. Richardson, Mr. Warren and Mayor Schaller attending. The minutes were read and accepted. The first matter of the night was the recreation field at the intersection of Madison Pike and Sylvan Drive. Mr. Warren informed the council that nothing had been done on the field since the last meeting.

The council then discussed street lights. Mr. Pennington reported that all lights would be put up on Cox Road and on Oliver the lights were up. Mr. Pennington said he had also turned in the light on Sylvan Drive although he did not know if it was up. Mr. Warren said a representative of Union Light had met with a fireman concerning the light in front of the firehouse but nothing had been decided.

Mayor Schaller informed council that there would be an OKI meeting on December 18th that would concern city finance. A sewer planning meeting was also set up for January 29th. The garbage company had been contacted and the company agreed to put three dumpsters in the city without cost until the dumpsters were full. The dates the dumpsters would be put in the city would be in the paper. Mayor Schaller told the council that a notice about garbage bids had been placed in the paper.

The building inspector spoke to council about a business being run in a residential district and that he was checking into the matter. He informed the council about possible development of 32 lots on Carrie Way although the development must be approved by the Area Planning Commission and the city.

The mayor asked the city attorney if he had learned anything about weights limits on city streets. Attorney Bridges told the council that the weight restriction could not be under 18,000 pound gross. Mr. Tillet suggested that this be given more consideration. The city bills were discussed and accepted.

The next issue discussed was the sanding of city streets. A bid was submitted by Latonia Blacktop Company. A representative of the company said they could not stockpile sand because of this it wouldn't be possible to sand before 8 a.m. unless the city could provide the sand. A suggestion was made that perhaps the city could stockpile sand at the Independence Cemetery. The council decided to look in to this. A motion was made to accept a bid of 15 dollars per hour to sand the streets with the city providing the sand and the motion was carried. Mr. Cox told the council that the fire department sometimes caused street hazards when it was necessary to

drain the engine. The council asked Mr. Cox if some sand could be kept in the firehouse and used when needed. Mr. Cox said that it was possible.

It was brought to the attention of council that the Revenue Sharing Bill was coming before the legislature. Mr. Tillet made a motion that a letter be written to the senators and representatives expressing the views of the city. The motion was passed.

The mayor read a letter about increasing telephone rates from the telephone company. He then read a letter from the city of Covington

asking Independence help in fight the rate increases. Mr. Tillet made a motion that a letter be sent to Covington approving such action but offering no financial assistance.

The motion was passed. Mayor Schaller read a letter from Simon Kenton High School thanking the policemen for their assistance during athletic events and another from the Municipal Government League. This letter told of a meeting on December 16th where the council could talk with other city governments and after this the meeting was then adjourned.

The Walton Advertiser will not be published next week. This is our "Vacation Week." News may be sent in anytime for our next issue - January 1, 1976

It is a privilege always to serve you.
Have a Happy Holiday and Merry Christmas To All!

The Greene Sheet

A Pro-Life Report

By Robert F. Greene

One of Senator Birch Say's proposals in his alternatives to abortion package is the Life Support Centers Act of 1975. This is a proposal for a grant program providing matching funds for both prenatal and postnatal health care and social services for pregnant teenagers. The legislation authorizes \$30,000,000 a year for three years for the purpose of establishing or extending and improving medical and social services for pregnant teenagers. These funds would be available to provide up to 75 percent of the costs of any such life support center and the grants would be made to state or local health agencies or other appropriate non profit organizations.

The senator has outlined a variety of services which the life support centers would have to provide in order to eligible for these federal funds. They are health care for teenage mothers and their children, family planning services, and a coordinated program of social services such as educational, vocational, legal, Counseling and referral services including nutrition and adoption counseling. He suggests that agencies receiving the grants will be encouraged to develop innovative programs and outreach programs specifically designed for pregnant teenagers. Suggested innovative programs are day care services for children of adolescent mothers, outreach programs to provide seminars for teenagers on sex education and family planning, educational programs to provide alternative education for pregnant girls and instructional program on parenting. Senator Bayh visualizes that the pregnant teenager would work with a counselor for the duration of her pregnancy and for as long after childbirth as the counselor deemed necessary. He sees the need for cooperation between these life support centers

and other federal, state or local health, welfare and educational programs in an attempt to focus all available resources on solving the problems of the young people.

This bill which is S. 2360 has been referred to the Subcommittee on Health chaired by Senator Ted Kennedy. His brother in law, Sargent Shriver, is looking to an alternatives package to take some of the heat away from his proabortion position in opposition to human life amendment. He may ask Senator Kennedy who is also trying to hide behind an alternatives package to put on some kind of a show to make this strategy work.

There is nothing really wrong with Birch Bayh's proposal for life support centers. It is essentially an extension of the maternal and child health program which began in 1964 and now helps to support 56 projects established in areas with inadequate health services for low income mothers and their children. Some of these projects have included services for pregnant teenagers and a few even emphasize them. In fiscal year 1973 the projects absorbed 133,200 new maternity admissions and of these 47.8 percent were unmarried pregnant women, mostly teenagers.

The problem is not in the stated purpose of the act, but in the way it is likely to be administered based on the past performance of HEW. In their approach, providing necessary health care to prospective adolescent mothers means prescribing an abortion and using

the counseling resources to persuade the pregnant teenager that this is the best solution to her problem. There is a provision of the act to provide screening, diagnosis and treatment of all prenatal and postnatal conditions. In far to many cases the treatment will be abortion. Provisions in the act for appropriate referrals to other agencies will be interpreted to authorize a program of death selection for those with

serious genetic birth disorders.

The "I am personally opposed to abortion but . . ." position has no credibility with pro life people. The Life Support Centers Act of 1975 contains no prohibition against spending the \$30,000,000 for abortions and therefore has no credibility with pro life people as a true alternative to abortion . . . and sadly, the senator himself has no credibility with pro life people.

Robert Lee Hall

Walton Native Takes Court Bench

Boone County Trial Commissioner Robert Hall was sworn in Monday as judge of the Boone County Juvenile Court, effective on January 1st after succeeding Mike Collins, who will resign his office.

The 42-year-old, Florence Attorney will continue to serve as trial commissioner of the Boone County Court as well as act as Boone County judge pro tem, in the absence of Judge Bruce Ferguson.

Hall, a native of Walton and 1951 graduate of Walton Verona has been trial commissioner and judge for about two years. His parents, Mr. and Mrs. Russell Hall still reside in Walton.

An attorney for 13 years, Hall is a graduate of the University of Kentucky and the Chase College of Law.

"In keeping with the spirit of Kentucky's Judicial Reform Amendment which will go into effect on January of 1978", a juvenile court judge was appointed now.

After the law goes into effect, the county judge's office will no longer be responsible for the operation of the juvenile court.

This move will increase Hall's responsibilities in criminal matters, while giving the county judge more opportunity to carry out the administrative duties of his office.

Hall said Monday that he is "definitely interested" in being a candidate for the office of district judge.

The new judge and his wife, Lillian and their two daughters reside at 14 Sycamore Drive, Florence.

"Have A Dairy Christmas"

TWAS THE NIGHT BEFORE CHRISTMAS... and Lee Smither was well prepared with cookies, cheese canapes and milk for a visit from Miss Santa Claus... Kentucky's State Dairy Princess Venedia McKee. (And so was Kelly the Cat.)

CHOCOLATE-WALNUT DROPS

Cream 1/2 cup butter, gradually beating in:
1/2 cup brown sugar
1/2 cup white sugar
1 egg
1/2 teaspoon vanilla
Stir in:

1 cup (full) sifted all-purpose flour
1/2 teaspoon salt
1/2 teaspoon soda
1/2 cup chopped walnuts
1/2 cup semi-sweet chocolate bits

Drop batter from teaspoon on well-buttered cookie sheet. Bake at 375° for ten minutes. Makes about forty-five.

GINGER BUTTER COOKIES

24 small cookies or 12 ginger Santas
Preheated 350° oven
2 1/4 cups sifted flour
1/2 teaspoon soda
1/2 teaspoon ginger
1/2 teaspoon cinnamon
1/2 teaspoon salt
1/2 teaspoon cloves
1/2 cup (1 stick) butter
1/2 cup firmly packed brown sugar
1/2 cup dark molasses
1 egg, beaten
1 teaspoon hot water
1 teaspoon vinegar

Sift flour with rest of the dry ingredients. Cream butter and sugar. Add molasses, egg and beat until smooth. Fold in sifted dry ingredients. Add water, vinegar and blend. Cover dough and chill for at least 2 hours. Roll out on lightly floured board to 1/4-inch thickness and cut with cookie cutters. Excellent for Christmas shapes. Place on buttered cookie sheets and bake 15-20 minutes. Remove from oven. Transfer cookies to cake racks to cool. Frost or decorate as desired.

FLORENTINES

Mix thoroughly:
1/2 cup whipping cream
3 tablespoons sugar
Stir in:
1/2 cup slivered almonds
1/4 cup grated orange peel
1/4 cup all-purpose flour

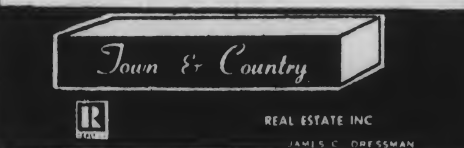

Spread cookie sheet with unsalted butter. Drop batter from teaspoon well apart. Bake until brown—about 10 to 15 minutes. Watch carefully. When cool, dip in melted semi-sweet chocolate by placing cookies on picks. Makes about 30 very thin 3-inch cookies. Bake at 350°

Card of Thanks

Thanks to all my good friends, neighbors and those who sent flowers, cards, visits and prayers.

Which have helped me during my illness and loss of my beloved brother, Dan Roberts.

To the fire department ambulance and their quick efficient service, thanks.

To all my doctors, Huey, King, Rolfe, Ammon and Markberry and the nurses at St. Elizabeth Hospital, thanks for their dedicated services.

Thanks to all the clergy from the different churches for their visits, prayers and which really lifted me to the great physician, God bless all of you.

Ann Penn

Card of Thanks

Thanks to all who helped in any way during my recent stay in St. Elizabeth Hospital and since my return home. Thanks for your prayers, cards, visits and flowers. A special thanks to Drs. Huey, Herringer and Mersch and the nurses and aides.

Thanks also to my deputies who so efficiently kept my office open during my absence. My special thanks to Rev. Curry and Father Collins. Also our deep appreciation to Linda Green and the other neighbors who helped to take care of the children while my wife was at the hospital with me. Your kindness will never be forgotten.

Joe Ryan

Did You Know!

Pet rabbits should not be lifted by the ears; it hurts them.

If the pipes in your house clank, you can install flexible rubber couplings on the radiator return pipes. This dampens the vibrations before they enter a room, and may muffle them completely.

In China, the crane is a symbol of longevity.

Don't forget to feed our feathered friends this winter.

The Jerusalem artichoke is a kind of sunflower and has nothing to do with either Jerusalem or artichokes.

Bicentennial Winners

The Piner P.T.A. Bicentennial Fashion Show winners were Charlie Bishop, Connie Hart and Paula Mullins.

The meeting was held on November 20th celebrating the Bicentennial and Open House and we were glad to see so many that dressed for our fashion show both children and parents.

Miss Berna's choir gave a music program which was enjoyed by all who attended this event.

... about your Social Security

People under 72 can work and earn more and still get their social security benefits starting in January, according to John Walter, social security district manager in Covington.

"In 1976 people can earn as much as \$2,760 and get their full social security retirement or survivors benefits," Walter said. "The yearly earnings limit for 1975 was \$2,520. The increase keeps the amount in line with increases in general average wages."

For earnings over \$2,760 in 1976 social security benefits will be reduced by \$1 for every \$2 earned. "But no matter how much people earn for the year," Walter said, "they can get their full social security benefit for any month in which they neither earn over \$230 nor do substantial work in their own business." The 1975 monthly earnings limit was \$210.

Different rules apply to disabled people who are getting social security disability benefits. "And people 72 and over will continue to get their full social security benefits regardless of earnings," Walter said. The \$2,520 figure applies to earnings for 1975. People who earn over \$2,520 and get benefits must send a report of 1975 earnings to social security by April 15th.

The social security contributions rate remains the same in 1976 5.85 percent of covered wages contributed by employees and employers; 7.9 percent of covered self employment income.

The earnings and contributions base the amount of which social security contributions are made will be the first \$15,300 of covered earnings for the year, starting in January. The 1975 base was \$14,000.

Since benefits amounts are based on average earnings covered by social security, the increase in the wage base means that people working now will be entitled to higher payments later.

Social security pays over \$5½ billion a month in retirement, disability, and survivors benefits to over 31 million people. The Social Security Administration is an agency of the U.S. Department of Health, Education, and Welfare.

Questions & Answers

Q. Will the veterans administration pay transportation charges in addition to the \$800 burial allowance for a service connected death of a veteran in a VA facility?

A. Yes. In addition to the amount payable for the funeral transportation costs may be paid when death occurs in a VA Hospital.

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

Ford-Huddleston DST Proposal

In December 1973 the Congress enacted, at the urging of the Department of Transportation, two years of year-round Daylight Savings Time (DST) on the promise that it would save energy. As that two year period draws to a close, hearings are being held before the Senate Commerce Committee on proposals for the future.

The Department of Transportation wants Congress to continue its experiment by enacting DST for eight months over each of the next two years. Another proposal would extend it for nine months annually. Senator Ford and I have a far better proposal one that would permit only five months of DST, from the first of May to the end of September.

In recommending a continuation of eight months of DST, the Department of Transportation said it is necessary to do further analyses of the energy saving potential and to study public acceptance of the idea.

On the former, I said at the time year-round DST was enacted that it would not save any appreciable amount of energy, and even the department's own study showed that the use of daylight saving time may encourage the use of additional energy in certain cases as workers get up in the coldest part of the day, as the parents drive their children to school rather than permit them to walk along dark roads or take the bus or as a person decides to drive rather than wait in the dark for public transportation.

As far as public acceptance is concerned, I can sure the government that there is none at all in Kentucky. Our people do not like extended DST and the inconvenience is ridiculous when you consider that even the government admits that it has not produced any significant results.

Winter time daylight saving time has disrupted the working day of our farmers, forcing them to labor additional hours in the dark and making their daily routine more difficult. It has imposed

immeasurable anxiety on parents forced to send their children to school in darkness. It has hindered commerce and inconvenienced the public in general.

Letters

BY
M. GENE SNYDER
U.S. CONGRESSMAN
4th District, Kentucky

Congressman Gene Snyder today released the text of a letter he sent to Representative Gilbert Gude of Maryland who on Monday introduced legislation to remove the name of J. Edgar Hoover from the new F.B.I. Building in Washington.

December 5, 1975

The Honorable Gilbert Gude
104 Cannon House Office
Washington, D.C.

Dear Congressman Gude:
I have taken note of the legislation you introduced on December 1st to remove the designation of the F.B.I. headquarters as the "J. Edgar Hoover F.B.I. Building," and replaced it with a simple designation, "The F.B.I. Building."

I note also your statement, which I quote in part:

"I have taken this action out of profound shock and dismay at the recent revelations concerning the unwarranted intrusions into the privacy of American Citizens directed by the late J. Edgar Hoover."

"The unseemly attack on the moral character and reputation of the late Reverend Dr. Martin Luther King, Jr., directed by Mr. Hoover is a very dark chapter in the history of this nation."

"Removing the designation of the F.B.I. Building can in no way fully compensate the King family . . . but it will represent a concrete expression of our commitment that such actions have no place in a democracy."

I cannot support your proposal. However in view of the subsequent revelation by the Church Committee in the Senate that former Attorney

Questions & Answers

Q. I am a retired school teacher interested in finding some way to help veterans.

A. You could be a valuable assistance as a volunteer in a Veterans Administration hospital. Call the one nearest your home and talk to the person in charge of Voluntary Service.

General Robert Kennedy was the actual authority for the action Mr. Hoover took, I believe it is incumbent upon you to reconsider your proposal.

In light of the clear truth of the matter as fully revealed, I respectfully suggest that you either drop your proposal, or couple it with the additional proposal to forthwith strip the sports arena in the Nation's Capital of its designation as the Robert F. Kennedy Memorial

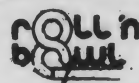

Stadium and restore its original name, D.C. Stadium.

Sincerely,
Gene Snyder

The Entertainers
4-H Club

On December 2, 1975, the Entertainers 4-H Club met at the home of Mrs. Hellman. Eleven members answered the roll call, naming their favorite animal. We are a newly organized club and have thirteen members. We hope to entertain at hospitals, rest homes, etc. and thus we selected "The Entertainers" as our club name. Officers are: President Jay Hellman, Vice President Greg Brown, Secretary Paula Baldwin, Reporter Chawn Blanton.

We participated in the county variety show on November 15, we had two blue ribbon specialty acts and... the champion specialty

act. Our Club act won third and a blue ribbon. Our winning specialty act, Jay Hellman's piano solo, was also named area champion.

On Sunday, November 30, 1975, our club entertained at Little Sister of the Poor in Cincinnati. We really enjoyed entertaining for these elderly people.

After our meeting on December 2, we went Christmas caroling at the Independence Baptist Home and took candy canes to be distributed to the residents. We decided to do this instead of exchanging gifts in our club.

In January we are planning to entertain for the children at Good Samaritan Hospital. Record books are being completed. Our next meeting will be January 6, 1976.

Ode To A Christmas Puppy...

If you've been a-wondering just what's the right gift
To give your lil' Jennie that big Christmas lift
Ask her to write Santa, then you take a peek
My dimes to your doughnuts a dog's what she'll seek

A new Christmas puppy's the most popular gift
For boys and for girls on near all Christmas lists
But though they're so cute and so fun and so dear
There are a number of things you need to take care

Skippy Dog Food's Dick Covington says for one you
must note
When outside it's wet be sure and dry your dog's coat
Be careful when feeding, watch out for small bones
They can lodge in Ralph's throat and cause more than
just moans

Those goodies at Christmas we all love so well
Will rot your dog's teeth and cause things that aren't
swell
His stomach could ache and your floor look a mess
For sick dogs will vomit more often than less

Above all be patient be tolerant be kind
Give your pet love in return you will find
That kindness to pets is rewarded with same
Even if it's just how you say his new name

Tricks like handshaking and sitting and such
Teach much needed discipline and add a nice touch
Above all remember that dogs will provide
A gift that keeps giving both in and outside

When no one's at home but lil' Jennie or Sam
Ralph will always be there to hold their small hand
And when it is raining, there's no one to play
Ralph will be with them whether it's night or day

Let's not overlook though that one day you too
Will be all alone without Jennie or Lou
And when you need cheerin' or just an old friend
Ralph will still be there, your troubles to mend.

NOTICE

The sewer project is rapidly nearing completion, and the City of Walton must receive notification in writing of all claims against Schweitzer Construction and Beckman Construction for property damage and personal injury, which have occurred as the direct result of project construction, for delivery to the contractors, project engineers, and liability insurance carriers.

All claims must be filed on forms available at the City Building, North Main and Church Street, Walton, and for consideration must be returned to the City Clerk, not later than the close of business on December 23, 1975. NO TELEPHONE COMPLAINTS CAN BE ACCEPTED.

ANNA MAE SIMPSON, City Clerk

Would You Believe . .
It's the Alaska man who's most apt to get hurt in an accident, the Connecticut man who is least apt to. The average 6 year old boy in Japan today is three inches taller than was such a lad there 35 years ago.

In sunglasses, the most difficult tint to manufacture is gray, but vision experts say it's the best for your eyes.

The Home Game
Lucky Leftovers - The last of the turkey is almost as good as the first in this holiday casserole. Heat two cans cream of celery soup with ¾ cup milk. Stir in one cup cooked peas, one cup tiny cooked onions and three cups cut up cooked turkey. Pour into casserole and garnish with slices of cranberry sauce. Bake uncovered for 20 minutes and serve with hot biscuits.

Skillet Brightener - If your electric skillet has accumulated a dark film, boil 2 teaspoons cream of tartar to a quart of water in the skillet, letting it cover the entire darkened area.

Baked Cranapples - Join two great flavors by using your leftover cranberry sauce for baked apples. Fill the cored apples with the sauce, sprinkle with sugar and bake as usual.

Hoop-De-Do - An embroidery hoop is a handy gadget to have in your laundry area. Why? Working on stubborn spots is so much easier when the area is held by the hoop!

Second Day Bird - For great open face turkey sandwiches combine and heat one can chicken giblet gravy, ¼ cup chopped apple and ¼ teaspoon caraway seed. Place leftover turkey slices on bread and drench with the sauce. Delicious!

Who Was That?
In 1634 a woman came to the Massachusetts colony to live. Because she dissented from many of the Puritan preachings Sunday mornings, she began holding her own meetings Sunday afternoons. She often drew crowds of some 80 people, mostly woman, and this became a threat to the religious establishment of the community. In 1637 this deeply religious woman, who differed with the church principally on the notion that only ordained ministers could know the "truth" was tried and banished from the colony. Her name? Anne Hutchinson.

Death Causes
Premature deaths from cigarette caused diseases total 300,000 yearly. The Kentucky Lung Association advises: give the money you save by not smoking to Christmas Seals, to help prevent and control lung disease.

The number of deaths from emphysema, bronchitis and asthma quadrupled between 1950 and 1970, making respiratory diseases the nation's fourth largest killer, without including lung cancer. In Kentucky emphysema alone was the 10th worst killer, but for white males it was sixth. But women are catching up, with the greatest relative increase from 1969 to 73. ("You've come a long way, Baby"). Christmas Seal donations fight these killers through research, education, patient care and other services in your community.

Have you heard of the perfect marriage? He snores and she's deaf.

Best wishes for the very best holiday ever. Thanks for letting us serve you.

Plan Ahead For Christmas Meals

Anna Myers
Home Economics Agent
Kenton County

Christmas should be a day of sharing in fun activities for all the family members. Too often, the wife finds herself in the kitchen for the majority of the day preparing for and cleaning up after the traditional Christmas dinner.

By planning the menu carefully and doing much of the preparation ahead of time, a delicious meal can still be served, but with a small amount of time and effort required on Christmas Day.

The first step is to plan your menu. Start with your choice of meat; add potatoes or substitute; a green or yellow vegetable; fruit salad; hot bread; choice of beverages; and a light dessert. Consider family tradition and favorites; a balance of rich, filling foods with less filling foods; and a variety of colors, flavors, and textures. Choose foods that are easy to prepare and some that may be prepared ahead of time.

The next step is to make out your grocery list and check against your menu to be sure all necessary ingredients are purchased.

Plan what can be prepared ahead and schedule time ahead of Christmas day for preparation.

Bake your homemade rolls to brown and serve stage, freeze in foil wrap, uncover and complete browning when ready to serve.

Make frozen fruit salads and take out of freezer when ready to serve as a salad or a light dessert.

Combine ingredients for dressing the night before except the broth. Add broth and bake in small quantities on day needed. Do Not Stuff Turkey and bake together.

Combine ingredients for casseroles such as candied sweet potatoes and corn pudding ahead of time, chill until ready to serve.

Ham and roast beef can be baked ahead of time, kept refrigerated, and sliced to be served cold and with hot gravy.

Even your turkey could be baked ahead, sliced, wrapped in heavy foil,

and thawed out in oven ahead of serving.

Remember, if you bake Custard type of pies ahead of time, they must be kept in the refrigerator.

Have a very happy and relaxed Christmas!

Feeling Sick?

If you suddenly begin suffering from headache, nausea, abdominal pain and a feeling of fatigue for no apparent reason, you may have a form of carbon monoxide intoxication.

The symptoms can mimic an upset stomach or a heart attack, and the inflection can be fatal. Because carbon monoxide is odorless, tasteless and invisible, you may not know why you are ill.

The Greater Cincinnati Carbon Monoxide Safety Committee cautions that this is the time of year when carbon monoxide poisoning is most prevalent.

The Committee suggests you check to be sure space heaters and furnaces are properly vented and chimneys are clean and free of debris. Don't run your automobile or other internal combustion engine in an enclosed area and don't use a cook stove for room heating.

A professional examination of your heating system is available by calling your heating contractor.

Taylor Mill Citizens Have Christmas Spirit

The Taylor Mill Area Senior Citizens met on December 9th at the Brucewood Presbyterian Church. Mrs. Hilda Griffith welcomed the members and Mrs. Ballinger recognized the birthdays for the month.

The Annual Christmas dinner was enjoyed by all and Mrs. Harry May Jr. led the singing of Christmas Carols with Mrs. Marvin Hocker at the piano.

Rev. Mike Mills from the First Presbyterian Church of Covington gave the devotional to those present: Marion Hocker, Lillian Bridges, Ruby Armstrong, Ethel Gabbard, Mr. and Mrs. C. Ballinger, Sylvia Greenwalt, Alma Yates, Margaret Stephens, Mae Dorman, Alice Dorman, Allie Dorman, Ruth Fenton, Clara Lewis, Lydia Rees, Marie Rich, Georgias Rapp, Ethel Mann, Elizabeth Faulkner, Cleona Binder, Mary Porter, Ozella Perry, Mr. and Mrs. Ray Richardson, Elizabeth Barberick, Margaret Rector, Leontine Stephens, Elma Taylor, Mr. and Mrs. Harry May, Ethel Wiehe, Walter Wolf, Mr. and Mrs. John Bruce, Orvan Douglas, K. L. Galloway, Bryan Armstrong, Stella Lloyd and Hilda Griffith.

ORDINANCE 1975 No. 22

AN ORDINANCE RELATING TO A PROPOSED HIGHWAY PROJECT WITHIN THE CITY LIMITS OF WALTON, KENTUCKY, PERTAINING TO A TRAFFIC AGREEMENT BETWEEN THE CITY OF WALTON AND THE COMMONWEALTH.

WHEREAS, the Kentucky Department of Transportation, Bureau of Highways (hereinafter referred to as "Department") has made a survey and prepared plans on Highway Project, SP 8-2050-4L: S 749 (1), in the City of Walton, (hereinafter referred to as "City") and described as follows: Beginning at a point 400 feet west of Ky 1292 on Stephenson Mill Road; thence proceeding eastwardly to the intersection of U.S. 25 at Welch Ave. including modifications to School Road, Service Road (Old Ky 16), Beatrice Ave., Welch Ave., Johnson Street, U.S. 25 and portions of Ky 14 and 16. Including therein all of the right, title and interest held by the City in the approaches to all other city street crossed by said project.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY

That the following be ratified and approved by this Board:

Section I. That the City recognizes that certain traffic regulations will be required by the construction of the project within the city limits and hereby grants to the Mayor authority to enter into a contract (designated as TD 11-39) on behalf of the City with the Department putting into effect the provisions of this section.

Section II. Any ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

Section III. This Ordinance shall be introduced and considered by the City Council with relation to pertinent Kentucky Statutes, and ordinances of Walton, Kentucky.

Sam Gamble
MAYOR

Agreement Between Kentucky Department of Transportation,
Bureau of Highways and Walton City. Regarding Traffic and
Safety Regulation on I-75 Project.
U.S. 25 - Connector

WHEREAS the Department of Transportation, Bureau of Highways of the Commonwealth of Kentucky, hereinafter referred to as the "Bureau" contemplates the construction of Connector Road, more specifically described as SP 8-2050-4L, a street project-urban area-in the City of Walton, hereinafter referred to as the "City"; and

WHEREAS the City and the Bureau wish to assure the preferential, safe and efficient movement of traffic on the completed street and prevent local speed restrictions not in keeping with the through traffic service to be provided by the highway project; and

WHEREAS the Commissioner of Highways has directed all employees of the Bureau of Highways with administrative responsibility regarding traffic on public highways to comply with the Manual on Uniform Traffic Control Devices for the regulation of traffic on streets and highways as such may be amended from time to time.

NOW THEREFORE, in consideration of the benefits to be derived by the City and the Commonwealth from the proposed improvement, it is hereby agreed by and between the parties:

- (1) Specific regulations, Off street parking will not be provided as a part of this project by the Kentucky Bureau of Highways.
- (2) One way traffic only shall be permitted between the following designated points: (See attached map) None
- (3) Parking within the limits of the project shall: (not be allowed within the following designated areas) Parking will be prohibited on U.S. 25 at all times between Verona Road (Needmore Street) and Chambers Ave. (See attached maps) Parking will not be permitted on the proposed project from beginning to end as described on form TD 11-48
- (4) The Bureau and the City agree that when the project is completed and open to traffic no traffic control device such as, but not limited to, signals, signs, islands and pavement markings, nor a sign of any sort shall be located within the right of way of the subject project except by the Bureau or by authority of the Bureau and that the Bureau shall have the right to locate, install and maintain all such devices.
- (5) The City agrees to prescribe by Ordinance pursuant to paragraph 8, fines and other reasonable sanctions for violation of parking regulatory signs and other traffic control devices as may be installed by the Highway Department or upon authority of the Highway Department.
- (6) The City agrees through its own forces including peace officers and other personnel to enforce compliance of the traffic control.

Simon Kenton FFA

The Simon Kenton Chapter of the Future Farmers of America held their regular monthly meeting on Thursday, December 4th at the Agriculture Shop behind Simon Kenton.

The National FFA Convention held November 14th thru 17th at Kansas City, Missouri was the main topic of this meeting. Reports were given by representatives who attended, from the Simon Kenton Chapter. They were Chris Parkers, Wayne Cooper, Tim Smith and Peggy Collins. Mrs. Alice Cheesman was chaperone. They also attended the American National Livestock Show. Guest speakers at the National Convention were Johnny Bench, Colonel Sanders, Vice President Rockefeller and Jerry Clower. There were 20,400 FFA Members and advisors attending. Fifty states and Puerto Rico were represented. The new National FFA President for 1976 is Mike Tucker from Texas.

Donations from the Simon Kenton FFA Chapter members were sent to the Kenton County Tuberculosis Center as a Christmas Gift.

It has been decided that Tim Smith, President be Simon Kenton FFA Chapter Star Farmer.

The Chapter has a supply of Bicentennial Books produced by the Wisconsin FFA Chapter entitled "Growing in America, 200 years of America Agriculture." To purchase the Book contact any Simon Kenton FFA Member.

Did You Know

Did you know that it was a Medieval Saint, St. Bernard (not the one dogs are named after), who first used the expression "Love me Love my dog." It occurred in his first sermon.

Is Your Subscription Paid?

(7) The City agrees it will enact no Ordinances to abrogate the provisions of this agreement until and unless such proposed Ordinance has been submitted to the Department and approved by it with the concurrence of the United States Bureau of Public Roads.

(8) It is understood by the parties hereto that all Ordinances necessary to effect the before listed procedures will be enacted prior to the initiation of this project and be effective when the project is completed and open to traffic.

In witness whereof the parties hereto have caused this agreement to be executed the year, month and day below written by the proper officers.

The City: Walton, Kentucky

Sam Gamble the 9 day of December, 1975.
Mayor of Walton, Kentucky

I, Anna Mae Simpson, City Clerk of the City of Walton, Kentucky, to hereby certify that the Mayor of Walton, Kentucky, whose signature appears above, was authorized to execute this agreement by action of the City legislative body on the day of December 9, 1975, as appears in the official records of the City legislative body of Walton, Kentucky.

as: Anna Mae Simpson

County Agent's
½ Acre by: Joe Claxon

heavy infestation you might even see dark patches on the hide which are actually colonies of lice.

There are several ways to control lice. First of all don't retire your dust bags and backrubbers just because the flies have all disappeared. These devices will help keep lice populations down. Insecticide sprays are also effective in controlling lice but may be impractical and detrimental to cattle in cold weather. There are several pour on insecticides available for both lice and cattle grub control and there is one pour on formulation specifically designed for lice control. Cattle grub chemicals kill lice on the cattle when you treat for cattle grubs in the late summer and fall, but they don't kill the eggs. Therefore, it is a good idea to check animals later on in the winter for the possible recurrences of lice.

When controlling lice it is important that you treat all the animals in the herd because lice are readily transferred from infested to uninfested animals. Also treat any untreated cattle before allowing them to join your treated herd. If you want completely clean your cattle of lice, retreatment three to four weeks after the initial treatment will kill the young lice that hatched from eggs.

For information on recommended chemicals see publication ENT 11 and ENT 12 available from your County Extension Office in Burlington, Ky. Phone 586-6101, ext. 17

U.S. 42
Florence, Kentucky

Text and drawing by Kentucky Heritage Artist Robert A. Powell

Old Southern Bank
Logan County

Standing at the southwest corner of Sixth and Main streets in Russellville is this two-story brick structure which was at one time the largest bank in Kentucky.

In 1810, William Harrison purchased the lot from Presly Edwards and erected this handsome residence. The doorway which abuts on the sidewalk has an elaborately carved frame.

George W. Norton acquired the property in 1837 and used a part of it as his residence. The Southern Bank of Kentucky was chartered in 1839, with Norton as its first president.

Russellville was at one time the third largest city in Kentucky and this was the largest bank. In 1863, the bank was liquidated by Kentucky statute and became the Nimrod Long and Company Bank.

In 1868, Jesse James and a group of five companions arrived in town posing as a group of cattle buyers. On the afternoon of March 20, they shocked the townspeople by

robbing the bank of \$9,000 and wounding its president before fleeing into Tennessee. One of the bank robbers, George Shepherd, was later captured and sentenced to three years' imprisonment.

The story is told by C. G. Morehead of Owensboro that Jesse's father had recieved a loan from this very bank which had enabled him to attend Georgetown College to become a Baptist minister.

The James boys continued an infamous life of crime. They are reported to have robbed many times, including the Deposit Bank at Columbia (killing the cashier, R. C. Martin) and the Mammoth Cave stagecoach near Cave City.

Jesse James was shot in the back and killed by Robert Ford, a member of his gang, at St. Joseph, Missouri, in April 1882. Frank James was later pardoned and was elected state auditor of Missouri (1907-1911).

The old Southern Bank Building is now used as the Logan County Public Library.

Questions & Answers

Q. I have been on active duty for the last 10 years and have a year of obligated service remaining. If I start my college career in 1977, my four years of learning would extend into the 1980s. Would my veterans benefits under the GI Bill finance this education?

A. Yes. For individuals still on

active duty the present law provides for educational assistance up to 10 years following the last honorable discharge or release from active duty.

Q. Are there enough women veterans to form one national women veterans organization that could make its voice heard in veterans affairs? What sates have the largest number of women veterans?

A. There are 562,000 living women veterans of the U.S. armed forces, of whom 13,000 are in the World War I age group. Relatively large numbers in the younger age group live in California, New York, Ohio, Pennsylvania, Illinois, Michigan and Texas.

shredded the cabbage and put it up in fruit jars covered but not sealed instead of using a crock which sounds like a good idea and if I had any cabbage I would try it. You still have five more shopping days before Christmas Eve so go over your shopping list and start substituting for some of the things you couldn't find at the right price and remember its the thoughts and good will behind the giving that really counts.

Saturday, December 20th

A good day to do many things, home baking will be at its best today the yeast dough will rise high and brown to perfection and if you make any cookies or cakes for the holidays you will have a tastier and more healthy treat than if you go to the store and buy a commercial product that has been on the shelf loaded with perservatives to keep it fresh, also save some of your hard earned money to buy something you have been wanting but thought you couldn't afford, also a good morning to collect outstanding debts, with tobacco selling at a good price and some workers getting Christmas bonuses money should be a little more plentiful so don't be bashful about asking for what is rightfully yours.

Sunday, December 21st

With the Christmas Spirit in the air today read a few words quoted by Henry Ward Beecher and do some reflecting on your personal life if they apply to you maybe you can change for the better, "There's not much practical christianity in the man or woman who lives on better terms with angels and seraphs, than with his children, servants and neighbors."

Monday, December 22nd

LOOKING BACK

20 Years Ago

Thursday, December 8, 1955

Robert Linton, 17, son of Mr. and Mrs. A.M. Linton and James Burdine, 18, son of Mr. and Mrs. Arthur Burdine have enlisted in the United States Army for Ft. Leonard Wood, Missouri.

Mrs. Lloyd Bone and son, Douglas have joined her husband in Paris, France at the Mountainbleau Air Force Base and she will be gone for three years.

PFC Donald Fornash, 21, son of Mr. and Mrs. Porter Fornash, has spent a week's leave in Tokyo. He is

If you want your hair to look nice through the holidays and be slow growing back visit your barber or beautician any time today, also a good day to visit your dentist if you need fillings or plate impressions but a poor time for extractions. I almost forgot to mention that this is officially the first day of winter the Sun enters Capricorn early this morning and the lanetary aspects indicate a beautiful day for this time of year but the kids needn't worry they will have plenty of opportunity for sled riding before school starts again in January.

Tuesday, December 23rd

This will be a good day for shopping especially for groceries, fruits and vegetables and you may get an especially good bargain about noon so keep your eyes open and don't forget to put some candy making ingredients on your shopping list, after looking at the price of candy this year I am sure anyone can make their own with a little better taste and a lot less cost also pick up a bag of corn to pop and the kids will probably like it better to munch on than potato chips while they are watching the Christmas Programs.

Wednesday, December 24th

Well this is it the day before Christmas and if you don't have all your shopping done slip around early this morning to one of the local stores and get what you need and stay away from the shopping centers, about all you would get in that mad crowd would be your toes stepped on and your purse snatched so who wants to spend the holiest of days in a bad temper. If you are driving be very careful about 10 a.m. and if you are going on a trip start about noon and you should have a pleasant and safe journey.

With this great holiday, we express deep appreciation for friendships, old and new.
Peace be with you.

a jeep drive and a mail clerk in the 7th Infantry.
Mrs. Andy Jarmen is a patient at St. Elizabeth Hospital.
Mr. and Mrs. Ralph Carpenter had as dinner guests, Mr. and Mrs. Buddy Readnour and little son.
Mr. and Mrs. Gene Roberts (Lucy Wilson) are receiving congratulations on the arrival of a baby daughter on December 2nd.
Mr. and Mrs. W.P. Collins were guests of Mr. and Mrs. W.W. Rouse on Sunday.

Questions & Answers

Q. A veteran is enrolled in an approved adult education course, to obtain a high school diploma. May he receive tutorial assistance?
A. No. A veteran pursuing a post secondary education program on a half time or more basis at an educational institution may receive tutorial assistance. Veterans pursuing a high school program are not considered to be pursuing a post secondary educational program.

Better Eating . . . From The Start

Prepare your favorite Waldorf Salad. Break crisp, plain oatmeal cookies in to pieces and sprinkle over the salad for c-r-u-n-c-h!!!

Wise consumers know that the highest priced items at the grocery store are those at eye level. It's a smart shopper who looks above and below the high priced items without touching the eye level item. Research show that once a shopper picks up the item, it's likely to end up in the grocery cart.

Leftover egg whites can be used in cakes, meringues and souffles. Potatoes bruise easily. Handle them with care at home and at the store.

Queen Elizabeth I owned three forks, it's reported but she used her fingers when fork and knife would not suffice.

Young peas can be cooked in their pods and eaten pod and all (as Chinese eat snow peas).

Beer was popular in the colonies and even children drank it with their meals - breakfast, lunch and dinner - until about 1825.

After you boil vegetables save the leftover water for sauces, gravies, or soup. It's full of nutrients.

Leftover Cooked Potatoes are delicious in meat or potato patties, meat pie topping, potatoes in cheese sauce, salads, soups, stews or chowders.

Winter Tips

"Winter can be dangerous to your health." But fortunately there are steps to minimize the chances of winter health problems.

Do keep up your resistance. Do make sure the air in your home is properly humidified to avoid all kinds of respiratory illnesses. You will also feel more comfortable.

Do keep your sinuses clear by avoiding heavy nose blowing.

Do hold something over your mouth and nose and breathe through your nose when the temperature is well below freezing. Do wear warm clothing - especially gloves and a hat.

Don't expect throat lozenges or commercial mouthwash to fight cold or sorethroat germs.

Don't vaporize a sick room with medicated mist; it just makes the air smell medicated and may clog your vaporizer.

Don't use nose drops frequently and don't expect extra vitamins to reduce colds.

Don't wear tight shoes or clothing that restrict the circulation.

Don't keep after your doctor to give you an antibiotic. None are effective against the viruses that cause upperrespiratory infections.

Do enjoy the winter season and you will if these simple health tips are followed.

1-Boy's 27" 10 speed (with extras)
Very Nice \$30.00
1-Boys 26" 10 speed
Looks like new \$40.00
1-Boys 26" 3 speed
Nice Bike \$23.00
Games-Masterpiece, Sorry, etc.
Like New \$2.50 each.
Nice enough for Xmas!

Card of Thanks

Sincere thanks to all my friends for cards, calls, and visits while I was in the hospital for surgery and since coming home.

Thanks again,
Chick Worthington

Card of Thanks

The family of Glenn Cox want to express our gratitude and thanks to those who helped us recently in the passing our loved one. We wish to thank the life squad for all they did, the men who helped before the squad arrived, these men were his dearest friends (Karl, Don, Bud, Bill, Tom Jr.).

We wish also to thank St. Elizabeth for all they did to help. Thank you Jim Grubbs for your kind words and help during this time. We want to thank Dr. Waller for all the care he gave during the past months. We wish to thank Bro. Bob and Mrs. Sheffield for their visits and comforting words.

Thank you goes out to all our friends and neighbors for those we may have forgotten, thank you and God be with each and everyone.

In His Loving Memory
Julia Cox
Glenda Wood & Family
Donna Ward & Family
Bill Cox & Family
Ron Cox & Family

To The Editor:

Dear Maynard,
I want to take this opportunity to thank you for the tremendous assistance given the Department of Public Information in developing our new tourism theme.

It might be of interest for you to know that we have received thousands of entries in the contest. The promotion itself was successful, but at the same time allowed us the opportunity to impress upon the public how important the tourism industry is. On all counts, we have been successful thanks to you.

I am convinced that over the next four years, while other states are suffering economic woes, tourism in our state will be on the upswing.

Let me know if there is any personal favor I might be able to do for you to repay your kindness.

Sincerely,
James Vernon
Commissioner

Christmas Plant Care

Flowering pot plants are becoming more popular each year for home decoration at Christmas as

well as for gifts for that special friend or neighbor. The addition of a bright, colorful azalea or a gaily decorated poinsettia or cyclamen to the other decorations in the home lends a more festive air to the holiday season.

These Christmas plants can be enjoyed after the holidays too as they will remain attractive far into January and even February, if properly cared for. The care of Christmas plants, whether a colorful cyclamen, a long lasting kalanchoe, or a cheerful Christmas begonia is easy. Faithful attention will add days and even weeks of life to these popular Christmas plants.

Temperature has an important influence on the time a flowering house plant remains attractive. The poinsettia is especially sensitive to chilling, and a prolonged chill will cause it to lose its leaves. The plant should be placed in the coolest part of the room, but not a cold draft. Keep the plant from other sources of heat. A temperature of 65 degrees at night is satisfactory, but 60 degrees is still better for all of the flowering potted plants.

Many times the method of watering determines the life of a plant. Many people drown their plants by watering at regular intervals, not considering whether the plants need it. Plant roots need air as well as water, and excessive amounts of water do not allow a place for air in the soil. Over watering literally smothers the plant roots. Proper watering calls for thoughtfulness and restraint. Water should be applied in sufficient quantities to thoroughly soak the soil in the pot, and no more given until the soil approaches dryness again. Plants should be checked for dryness daily, but not watered if the soil is still moist.

Flowering plants should have as much light as possible, and they will remain attractive longer if placed in a cool, sunny window. During the winter months a south or south west window is always brightest. A dark, dull corner is not the place for these plants. They are grown in sunny greenhouses and will do best if these conditions can be maintained as closely as possible in the house.

By
Darwin Foley
Kenton County
Extension Agent

We Offer Do It Yourself Education

Maybe you have read the statement "Extension is for everyone" or "Extension helps people help themselves." They apply to you and to every resident in Kenton County, Northern Kentucky and America.

Extension agents work in every county of the nation. The Cooperative Extension Service gets its name from the fact that the federal, state and county government are cooperating to bring a continuing education program to all people regardless of race, color, sex or national origin.

We offer continuing education programs and special services in agriculture, 4-H home economics, and community development that you can use whether you are a farmer, homemaker or youth. They are yours for the asking.

This past year our agriculture program in Kenton County offered classes in farm management, home gardening and landscape management. This spring we'll be offering agriculture classes in estate planning, home gardening and crop production to name a few.

In addition to these classes are our agricultural and home owner services. There is soil testing for lawns, gardens, greenhouses and farm crops. There's forage testing for the livestock producer. Farm record books are offered at cost. A farm building and home blueprint plan service is available for a small fee. A computerized record keeping system for the dairy farmer and the beef farmer is also available. Free publications about livestock and crop production and insect and disease control are also available.

Space does not allow a similar explanation of the home economics, 4-H or development programs. All programs are designed to meet the educational needs of people. These needs are determined through consultation with members of our County Extension Council, Homemakers Council, 4-H Council and other community leaders. Programs are then planned for the county on an annual and long term basis. Why not stop by our office in the Independence Courthouse or give us a call to find out more about what's available to you.

Farm For Sale

Approximately 200 acres, Ky. river bottom farm, has 7830 basic pounds of tobacco quota, 165 acres of crop land, approximately one half mile of river frontage, plenty grass and water, good fence, all bottom land, has modern cattle feed barn with 500 ton silo with electric feed auger, barn has concrete floor with 5 Thermall electric water fountains, also combination feed and tobacco barn, large tobacco barn, has deep well pump with water pipe to feed barns, large tool shed, 36 ft. x 48 ft. Old house, 3 bedroom mobile home. Also 2 room cabin with screened in porch. Land is of good productive quality. This farm is located on state highway No. 355, 2 miles south of Worthville, Ky. and approximately 7 miles from Carrollton and Worthville exit of Interstate I-71 and approximately 5 miles from Perry Park of Glenwood Hall. May be seen by appointment.

NKADD Helps

If a company manufactured cornflakes and wanted to make them better, the smart thing would be to ask consumers what would improve the product. Such an approach might improve services to the elderly provided by many

agencies throughout the Northern Kentucky Area Development District.

"For many year, social service agencies serving the elderly were forced to assume broad planning responsibilities which put additional unfair burdens upon them," said Mordon Mullins, Executive Director of the Northern

Kentucky Area Development District. "The district also serve as the Area Agency on Aging and therefore must provide a planned direction for elderly services," he added.

Direction for the next few years is to be based upon a needs assessment of the elderly undertaken by NKADD's staff with assistance from the Behavioral Science Lab of the University of Cincinnati. The assessment will be based on telephone interviews with people over the age of sixty.

Debbeye Mariner, a new staff addition to the NKADD is responsible for the mechanics of the assessment. After the assessment is complete, the results will be analyzed and conveyed to the NKADD Council of Aging which is staffed by Deanna Skees who will assist the group in using the information to make decisions about FY 77 Title III funds normally used to finance outreach, information and related services.

"We anticipate that the survey will give us a formal, unbiased perception of what people 60 and older really feel are their essential needs," said Ms. Mariner. All of us have made assumptions but what older people need, usually based upon what our grandparents or others close older friends need. But perhaps those people do not represent the norm. One good way to determine people needs is to ask them."

The asking requires approximately 6,000 phone calls since many calls will result in no elderly residents or one who cannot or will not be interviewed. Ms. Mariner stated that each interview is to be performed by a professional interviewer trained to ask approximately 35 questions which will take about 20 minutes.

Judge Bruce Ferguson, Chairman of NKADD pointed out the importance of the endeavor. "In this age of mistrust and need for privacy, it will be difficult to get 600 responses throughout the 8 counties of the district. However, we urge people to take a few minutes to answer some very important questions which will be absolutely confidential. In fact, the interviews will not ask the name of the respondent. The point is with a little help from the public the planning for future services to the elderly, will be greatly enhanced."

Interviews are expected to begin January 7th and end January 16th.

Any question about the survey can be answered by Debbeye Mariner at the ADD Office in Florence.

Q. I am a 20 year old student attending college under the Veterans Administration's program for orphans of deceased veterans. Now that I am married, will my \$270 monthly allowance be increased.

A. No. The law makes no provision for payment of increased allowance for dependents of eligible persons training under the War Orphans' and Widows' Educational Assistance program.

USDA Announces

The U.S. Department of Agriculture (USDA) has announced an \$85 million 1976 Agricultural Conservation Program (ACP) designed to encourage the application of enduring soil and water conservation practices on the Nation's farms. The objective is to obtain needed conservation on farmlands beyond that which the farmer would accomplish with his own resources.

The 1976 ACP will share with farmers a percent of the total cost for carrying out an approved soil, water, or woodland conservation practice. (The cost shared is usually around 50 percent). The Agricultural Stabilization and Conservation Service (ASCS) is the agency responsible for administering the program, which is done through the local farmer elected county committee.

The 1976 ACP will be very similar to the program administered during 1975, which included both annual and long term contracts. Eligible practices will be those eligible for the 1975 ACP. The general policies and regulations applicable for the 1975 program will also be required in administering the 1976 program.

Program details will be available soon from the local county ASCS office. All ASCS program are administered without regard to race, color, sex, or National origin.

Devon Landscaping Cultivates New Sprout

Steven Conner and his wife, Ann of 139 Patti Court, Florence were blessed with the arrival of a baby boy on November 19th.

They also have a daughter, Christine, One and half years old. Mr. Conner is the son of Mr. Ray Conner, owner of Devon Landscaping on U.S. 25.

Auctioneers Gather

The meeting of the North Central Auctioneers Association took place on December 7th where the election of the new officers were held for 1976.

The new officers are as follows: President - Jim Kannady; Vice President - Nathan Elliott; Secretary - Bill Lillard; Directors - Pat Staton, Felix Wade, Colston Altman, Jewell Vice, Jim Simpson and Frank Bishop.

Tips On Trips For Women

Whether you're going alone or taking the family, it's of primary importance for the women on the go to plan ahead.

Get any shots you need and pack prescriptions for pills you plan to take. If you wear contacts or glasses, bring an extra pair.

Learn all you can about the places you'll visit, and arrange for your room in advance. When you stay at a Holiday Inn, you can get American as well as local foods. You can call for reservations, so you'll soon be settled wherever you go.

Pack few clothes in basic colors with accessories that can mix and match with them. Break in new shoes before you go and take several pairs so you can change them often.

To stay in good repair, pack a sewing kit, spot remover and soap packets.

Carry a large purse that holds basic grooming aids, an extra pair of stockings and a few dollars in the currency of your first destination.

These tips could help you find traveling something you really go for.

Did You Know

Did you know that the largest work force of a civilian organization belongs to the United States Post Office which employs over 696,000 hard-working postal workers. Ever try and figure out how many miles our dedicated letter carriers have walked on their daily rounds since the Post Office was established in 1792 so that our mail arrives safely on time?

Mini Banks

Covington Trust announces the establishment of a nationwide first by opening mini banks and joining Central Trust in a network to allow its customers to make cash withdrawals in 19 locations in the metropolitan area.

Twenty four hour banking 365 days a year if to be offered at Covington Trust's Edgewood Office and two mini banks in Krogers Ft. Mitchell and Latonia stores provide banking convenience 7 days a week during Kroger's extended hours.

The formation of a regional network of banks which will utilize automated teller facilities for the convenience of customers in their common trade area was announced by David Herriman, President of the Covington Trust and Banking Company, Covington, Kentucky, and Oliver Birkhead, President and Chief Executive Officer of the Central Trust Company, N.A., Cincinnati. The bank network, first of its kind in the country, will allow customers of participating banks to withdraw funds from their checking accounts or secure cash advances against their Master Charge accounts electronically through the automated tellers. While these functions are now possible through traditional banking procedures, the electronic transfer allows customer access 24 hours a day, 7 days a week versus traditional banking hours. Covington Trust and Central Trust will initiate the interchange in mid-October, when Covington Trust's first three automated tellers become operative. Other banks in the regional trade area will announce participation on the network in the near future, furthering the development of a regional electronic funds transfer system (EFTS).

With the inception of the network Central Trust's 12 automated tellers, each offering a complete range of banking services to Central Trust customers will also be available to customers of Covington Trust through their soon to be issued BANK KEY card and their personal identification numbers. Likewise, Covington Trust's three automatic tellers terminals, providing their own customers with full teller service, will also allow customers of other network banks to withdraw cash from their own accounts.

To facilitate recognition of available terminals by customers of

the various banks, all automatic tellers in the network will be called DAY AND NIGHT BANKS, as Central Trust's automated facilities have been known since their introduction in February, 1973. The stylized owl which heretofore symbolized Day and Night Banks will become the symbol of the interchange and will be prominently displayed on the automatic tellers. All debit or combination debit cards issued by participating banks to operate the machines will also display the Day and Night Bank Owl.

Mr. Herriman notes that many Northern Kentucky bank customers work, shop, dine, and are entertained in Cincinnati. "Lifestyles have changed, and financial services must keep pace with today's increasingly mobile society. We want to allow our customers access to their money where and when it is convenient to them, rather than to the bank. This was our purpose in providing three full service automated tellers, and the networks enables us to immediately extend cash withdrawal service to 12 additional locations in Hamilton County."

Covington Trust's automatic tellers will be located at the bank's Edgewood Office and inside Kroger stores in Expressway Plaza and the Latonia Shopping Center. Central Trust's automated facilities are located in Central Trust banking centers.

Sermon

Where Is The King? (Matthew 2:1-12)

Ambrose said of Christ: "As the print of the seal on the wax is the express image of the seal itself, so Christ is the express image - the perfect representation of God."

Curiosity
Matthew 2:1-2

The first ten or fifteen words of this passage give expression to the greatest event known to man. Volumes have been written concerning the birth of Jesus. "Now when Jesus was born in Bethlehem" means that there was a moment in the history of man when God sent His Son into the world. It means that God's Son became man who would experience every temptation, deprivation, and difficulty known to man.

Jesus was born at a certain place, at a definite time, and under certain circumstances. His birth brought wise men from the east to Jerusalem. We know only that these men came from the east. We know they were men of wisdom. They had seen what they called "his star" in the east and had to come to worship him.

These men set an example for men of all ages. Burke said, "The first and simplest emotion which we discover in the human mind, is curiosity."

These men were wise so they responded to the excited curiosity immediately. Had they hesitated and lingered they would have remained in ignorance concerning earth's most glorious event.

Many people even in Bethlehem were untouched and unmoved by this great event simply because they were indifferent to it. It is so today. Multitudes go through life unconcerned about eternal issues. Nicodemus learned the great truth that a man could be born again because he was curious. Zaccheus was saved and had Jesus as a guest in his home because he wanted to see this man Jesus.

If there was a person who was born of a virgin and the angels announced his birth and all of the other facts we read about Him, don't you want to know Him? We are called upon to seek the Lord while He may be found.

MOUNTAIN MOMENTS

The Christmas Past

Whenever I taste a candied orange slice or smell new clothes, I think of Christmas. And without exception I relive almost each Christmas of my childhood. Why does a candied orange slice and the smell of new clothes cause this to happen? Because these two items were always present during Christmas. My father wanted his 6 children to

receive something useful at Christmas and what is more useful than something to wear and something to eat?

We always had plenty of food at Christmas. Not that we were hungry at other times, but at the Christmas season there was more selection. There was a lot of fruit oranges, apples, grapes, and more. Dad always provided an assortment of candies, rock candy, chocolates, and of course, orangeslices in huge bags.

Most of the children, especially those who were in school, received a new garment or maybe a pair of shoes. The clothes were practical, usually something we needed.

Around December 1st excitement began to grow. With each passing day, I felt that Christmas would never come. The radio stations played Christmas carols and songs, and the Salvation Army always had a booth placed downtown where they received contributions to make others happy December 25th.

The town put up decorations, and the local merchants participated by placing Christmas trees in their windows.

At school we sang Christmas carols, exchanged names, and

looked forward to two weeks school was dismissed.

Some neighborhood churches planned a Christmas contact or program. Others put up a Christmas tree and provided fruit baskets to distribute the Sunday or Wednesday before the big day.

I haven't mentioned the tree Mom put up about a week before Christmas. Dad brought in a big Cedar tree which we adorned with ornaments we used year after year. A small manger scene with Mary, Joseph, baby Jesus in the manger, angels, shepherds, and some animals, occupied a prominent place beneath the tree. When the lights were turned on, the little manger seemed to come alive, especially when the tire was burning in the crackling room fireplace. The crackling fire added a warmth to the room that we enjoyed most of all on Christmas Eve.

The toys we found under the tree on Christmas morning always excited us beyond words! And for

several years, I got a cowboy suit. Well, this year I'll enjoy Christmas again, but I can relive all the Christmases past by eating a candy orangeslice or smelling a new shirt.

Counsel Matthew 23:4

These things disturbed the mind of Herod the Great. Not only was he troubled, but all Jerusalem with him. Herod would have felt threatened by any mention of a king. All of Jerusalem would be troubled by what Herod would do under such circumstances.

Herod gathered all of the chief priests and scribes of the people together. These would be the professional students and teachers of the Old Testament Scriptures. He then demanded of them where the promised and expected Christ (Messiah) should be born. There would be in the position to know above all others.

Conviction Matthew 2:5-12

The Old Testament supplied the answer to Herod's question. The Bible still has the answer to the big question of life and eternity. The Scripture had spoken.

Herod was hypocritical and had cruel intention. When the wise men found the King in Bethlehem they rejoiced with exceeding great joy. They knew beyond the shadow of a doubt that this was the King.

When men come to Jesus Christ today, they know with great certainty that He is the anointed one of God. It cannot be proven or demonstrated to those who have rejected the King, but it is true none the less. They were so convinced they defied the Kings demand. Conviction enables one to be his own man!

Counseling & Services They Do Help!

The Small Business Administration's business loans and counseling services have helped thousands of small firms originate, expand, and prosper. Prospective new business owners, as well as persons already in business, will have the opportunity to find out about assistance available from SBA on the third Tuesday of each month.

An SBA representative will be at the Agency's part time office at the City County Building, Room 804 at 301 Court Street, Covington, Kentucky, Tuesday, December 16th from 9:30 a.m. to 12:30 p.m.

Services provided by SBA in addition to business loans will include counseling and training to upgrade management skills. However, anyone interested in establishing a new business is encouraged to consult with this representative, as well as other businessmen who are in need of financial advice or assistance.

Current financial records, when available will assist the SBA representative in advising you. Additional information may be obtained by calling 684-1771.

Seeking Peace

Not much is written about the wise men. We know they came from the east to Jerusalem, following a star. They came bearing gifts, and when the star stopped at Bethlehem, they went in and knelt before a tiny child and offered him their treasure.

Why? Certainly not because it was "the thing to do." Rather, because there burned in them an ancient thirst to find the Christ and worship Him.

Today, as all over the world men foment turbulence and strife, let us seek the Prince of Peace. If each of us, as we celebrate the season, would radiate His presence, His star could light the world with peace!

Your church is the cornerstone of faith. Worship there, and satisfy the longing all men have — to know their God.

Walton Womans Club Meets

The Christmas Luncheon at Walton Christian Church on Wednesday, December 3rd given by the Walton Womans Club, was enjoyed by 27 members and 14 guests.

The tables and hall were beautiful with lavish Christmas decorations. Young women of the Christian Church who served and prepared and prepared the food, made it a masterpiece of perfection.

Mrs. James Lee Cobb, president of the club welcomed guests. She voiced the thoughts of all present as she thanked the committees who had made the scene so enchanting.

Grace before the luncheon was given by Mrs. Welby Patton, a guest. Spiritual Guidance led by Mrs. Dan Bedinger, reading the Christmas story from the second chapter of Luke, then in own words told a most moving, impressive outline of Christ's life on earth and victory over death.

Mrs. Claude Thompson, program chairman presented the speaker of the day, Mrs. Clinton Berkshire, "Sire" as she is known, chose as her subject "Christmas Decor."

The many boxes of original and handmade decorations which she brought with her contained breath taking beautiful Christmas wreaths, packages decorations and really lovely ideas for all seasons.

One of the interesting of many demonstrations she gave was how to make a big ribbon bow. Mrs. Berkshire has a shop in her home at Florence called The Separator Room. The name from the days when milk from the farm was separated in that room.

She is full of ideas for using most anything about the home on landscape and turning it into a thing of useful beauty. By appointment or on Saturdays, she shows and sells some of these exquisite articles.

The gift exchange created a lot of fun and noise.

At the last Mrs. Cobb was able to calm the excitement associated with opening gifts.

An atmosphere of Christmas magic prevailed as Mrs. Cobb led the group in singing carols.

Those present were: Mesdames Welby Patton, Wadsworth Latimer, James Lawrence, John Grubbs, Reuben Hinadale, Grover Young, Harry Daugherty, Reuben Conner, Dwight Maddox, Clinton Berkshire, David Houston, and Edna Hamilton. Misses Helen Richardson, and Virginia Beverly. Members include Mesdames Leo

Flynn, Gayle McElroy, Melvin Moore, David Lusby, John Hetteman, Alan Gaines, Jack Farrell and Dan Bedinger. Misses Elma Taylor, Louise Conrad, and Rachel Acre. Mesdames Sam Sleet, Claude Thompson, James Lee Cobb, W.W. Rouse, Cameron Brakefield, Tom Neal, Emma Johnson, Wallace Grubbs, W.H. Presser, Clifton Mayhugh, Zayda Clore, Charles Allphin, William Brown, W.R. Belcher, L.R. Richardson and Miss Mary West.

ASC Election

Results of the December 1st election of ASC Community committeemen for 1976 were announced today by W.W. Worthington, chairman of the Kenton County Agricultural Stabilization and Conservation (ASCS) committee.

Farmers elected to the committees in this order, Chairman, Vice Chairman, Regular Member, 1st Alternate, and 2nd Alternate were:

A
Norbert List, Ted Gripshover Jr., Bryan Armstrong, Ed Bach, Wesley Johnson.

B
Robert Northeast, Clarence Schuerman, Robert Rose, T.L. Bl'd, Morris Cheesman.

C
Bernard Cavanaugh, D.B. Vanlandingham, Jerry Jackson, C.J. Blau, Gilbert Beck.

D
Basil Lunsford, Joseph Neumeister, Cecil Cummins, Charles Northcutt, Al Reed.

E
Janet Cooper, Leatha Woods, Elbert Menefee, Ed Helmer, Orville Menefee.

Mr. Worthington also announced the county ASC convention to be held on December 16th at 10:30 a.m. at the Kenton County ASCS Office. At this time there will be an election to fill one position on the county committee. Delegates will also elect a county chairman, vice chairman, and two alternates to the committee for the coming year.

The recently elected ASC community committee chairman, vice chairman and regular members automatically become delegates to the county convention.

TRANQUILITY

Tranquility - what a peaceful word
And that's just what it means
Anything that is tranquil
Is peaceful, calm and serene.
It's a walk out in the country
Close to nature, near the sod
Surrounded by beauty
And very near to God.

It's a sunny Sunday morning
Coming home from Sunday school
Where you've just heard a lesson
About the Golden Rule.
"Do unto others. . ."
That's the way it starts
And we should learn to live it
From the bottom of our hearts.

The world is full of trouble
There's turmoil and there's strife
If we could learn to live together
We'd have a better life.
I'm sure if we would all truly say
"I'll do others like I want them to do me,"
That this great wide wonderful world,
Could be a world of Tranquility.

"Daddy, Who Is Santa Claus?"

By: Bob Fonde
One evening, long ago, when I was a little boy, I sat on my daddy's knee and asked him a explain to me who Santa Claus really was.

I wanted to know how he was able to be everywhere, all over the world, visiting all the good little boys and girls in just one night.

To this day I have found no better answer to that question than the one Dad gave me then.

This was my Dad's answer:

Santa may be a bright shining star, Or a song that fills the air, He's the white when it snows, He's the North wind that blows, Santa can be everywhere.

He's the joy in the face of a little child, He's a present wrapped carefully with love, He's the carols we sing, He's the Church bells that ring, He's the wish came true from above.

So you see my son, you must understand, That Santa and

Christmas are one, Believe while you can, He's more than a man, He's the spirit, of love, hope, and fun.

Select Safe Christmas Toys

Make the Christmas season happier for children by making it safer, parents were urged by the Cincinnati Area Red Cross today. They were advised to shop carefully for toys for their small daughters and sons, to insure that these playthings will not injure them.

"Many children are injured by unsafe toys each year," "while few such injuries are fatal, all are painful. And it is a shattering experience for parents whose children suffer a serious injury from misused or defective toys."

There are many toys with features that are potentially dangerous, one thing to look out for is whether the toy is covered with lead based paint. The child who licks it could be poisoned.

"Another most important consideration in choosing a toy for a child is its construction and size," he added. "It should be so durably be large enough so they cannot be swallowed. A safe criterion is that the toy or its detachable parts be larger than a child's fist."

We wish for our friends and neighbors all the good things of Christmas—the very best of holidays.

I'm Coming Home - It's Christmas

Turkey and the fixin's
And homemade pumpkin pie
The smell of mincemeat coming through the air.
Mom's in the kitchen cooking
And kids are everywhere
And me, I'm coming home
It's Christmas.

The presents are all wrapped
The tree is shining bright
The colored lights are twinkling everywhere.
The house is full of laughter and music fills the air
And me, I'm coming home
It's Christmas.

I'm waiting for the train
Alone, but in a crowd
The snow is falling softly to the ground.
It's not like the big city
But it's my home town.
And me, I'm coming home
It's Christmas.

Home for Christmas
That's for me
No matter where I roam
Tolks can travel near or far
But me, I'm coming home
It's Christmas.

Santa Gets
Helping Hand

Through the efforts of Cincinnati Area Red Cross and their youth and adult volunteers, Santa Claus is getting a helping hand to brighten the holidays for hospitalized veterans and servicemen, community centers, other institutions, fire victims and Service to Military clients and their children.

Christmas activities began this week with the filling of Christmas stockings, made by Red Cross sewing volunteers, for children of Military Family clients. They are filled with crayons, coloring books, candy canes, small balls, erasers, rulers, harmonicas and other items purchased by contributions from the Red Cross School Youth Fund.

Colorful holiday decorations including tray favors, centerpieces and handmade ornaments, made by Red Cross youth in area schools, are being packed by volunteers for delivery to residents of area nursing

homes, VA hospitals, community centers and other institutions.

Red Cross staff members, in lieu of sending Christmas cards, donated money for toys, so Santa would have enough for children of SMP clients and disaster victims.

Facts To Remember

Children under nine need the equivalent of two to three eight-ounce glasses of milk each day. Teenagers need four or more.

It was a medieval saint, St. Bernard (Not the one the dogs are named after), who first used the expression "love me, love my dog". It occurred in his first sermon.

Cooks in the original colonies had been preparing meals for about 150 years before William Parks of Virginia, published a Cookbook for colonists in 1742.

In some parts of the world, dusk is known as Owl Light!

Befana is the name of the good fairy of Italian children, who is supposed to fill their stockings with toys when they go to bed on the Twelfth Night.

Christmas From The Heart

I took Jimmy Christmas shopping
Just like I do,
He like to go from store to store
And look around.
He's always talked to Santa Claus
And told him what to bring
And picked out present from the
Many toys he found.
But this year it was different
The interest wasn't there!
I'd show him toys I thought he'd like,
But he just didn't seem to care.
He led me to a shoe store
And showed me what to get,
We argued 'cause I didn't understand,
I knew he didn't need them.
But I got the shoes for him
And he walked out with them tightly in his hand
When I asked him for a reason,
He looked up so seriously
And said "Give my gift to Tommy, he needs
It more than me."
That night I lay and racked my brain
Who could Tommy be?
I knew all his little friends and there's
None in the family.
But all that I could think of and all that
I could see
Were his sad eyes looking up
as he told me seriously.
"Give my gift to Tommy, he need it
more than me."
The next day I went back to town
As Christmas shoppers will
In all the traffic and the noise
The car was strangely still.
Till Jimmy pointed up ahead and yelled
"There's Tommy, See? Give my gift to Tommy.
He needs it more than me."
I looked up and when I saw
what I'd been forced to see
It made me mighty proud of a little boy
And mighty ashamed of me.
There on a billboard was Tommy
In ragged clothes, on bended knee
"Won't someone please help me?"
The tears rolled down my face
And I really didn't care
For when my eyes went to Tommy's feet
Tommy's feet were bare.

Doris Taylor

As the angels
sang that first
Christmas, let
joy and peace
abound this season.

Take Tea And Ski

After an afternoon spent schussing the slopes or trekking cross-country, nothing will be more welcome to a bunch of winter sports fans than a hot spiced tea drink. It'll warm them down to the tips of their tingling toes, and the inviting aroma of the apices will bring them back for seconds and thirds. Serve the tea in mugs or in glasses set in holders.

For nibbling while sipping, slices of pound cake taste good. Make a cake from a mix and give it a special touch with a glazed topping made by dissolving three teaspoons of lemon-flavored instant tea in five teaspoons of water; then blend in one and a quarter cups of sifted confectioners' sugar.

Skiers' Special
2 quarts boiling water
12 teabags or ½ cup
loose tea
1 teas. cracked fennel seeds
1 teas. ground ginger
1 teas. whole cloves
Grated rind of 2 lemons
1 c. sugar
1½ teas. rum extract

Pour boiling water over tea, fennel, ginger, cloves, and lemon rind. Cover and let stand for 5 minutes. Strain into hot teapot, chafing dish or serving container. Add sugar and stir until dissolved. Stir in rum extract.

Buying A Tree

Keep the home fires burning at Yuletide, but only in the right places, the Cincinnati Area Red Cross advised householders today.

"One locale where unwanted fires should be guarded against especially is the Christmas tree," James D. ... First Aid Program chairman of the Cincinnati Area Red Cross Chapter, said.

The Christmas tree is one fire hazard that can turn holiday merrymaking into ... Mr. Horney said. He listed these precautions that should be taken to prevent a tree from becoming a flaming pyre that can kill or maim:

1. When buying a tree make sure it is fresh. If the needles fall off at the touch, the tree is too dry. Keep the tree fresh by making a new diagonal cut in the trunk about two inches from a bottom and placing the tree in a stand with a water-filled container. Replace the water as it evaporates. This will make the tree more fire-resistant.

2. Set the tree up well away from fireplace, stove, radiator or wall.

3. Use non-flammable decorations on the tree and throughout the house. Never use lighted candles on the tree.

4. Before decorating the tree, check all electrical decorations for frayed, cracked, or worn insulation,

and inspect the plug for possible damage. Electrical fixtures should carry the approval label of the Underwriters Laboratory. Be sure not to overload electrical circuits. Disconnect tree lights before leaving the house or retiring at night.

5. The Red Cross also has words of advice about other live Christmas decorations. "The berries of holly, mistletoe, yew, and ... cherry, and the leaves of poinsettia can cause serious illness if chewed or swallowed. In a home with small children, artificial greenery is recommended," Mr. Horney said.

Did You Know?

On December 31, 1962, the worst blizzard in a decade hit New England, and winds were clocked at 80 MPH.

A coast guard boat became stuck in the ice near Buffalo, New York while trying to rescue two hunters marooned on the Niagara River. Helicopters then had to rescue everybody.

Drifts piled as high as 20 feet in Bangor, Maine and the Daily News failed to publish a morning edition for the first time since 1899.

In Worcester, Mass. people who braved sub-zero temperatures to pick up their unemployment compensation checks were disappointed when the check writing machine was unusable because it had frozen overnight.

And a very special word
of appreciation to
our friends and customers.
